## Rookie Pitches, Bats Giants Past Pirates

SAN FRANCISCO (AP) — Rookie reliever Jim Duffalo pitched and batted the San Francisco Giants to 6-5 victory over the Pittsburgh Pirates in 12 innings of a see-saw baseball game Thursday.

The Giants came from behind three times in the 3-hour, 38-minute game and finally won it after Duffalo led off the 12th with a double into the right field corner.

Ernie Bowman ran for Duffalo and moved to third on Felipe Alou's single. Harvey Kuenn broke up the ball game with a line drive over Bob Skinner's head in left field.

A crowd of 12,747, including 1,837 ladies day guests, saw Duffalo walk in what appeared to be the winning Pirate run in the 11th inning before striking out Skinner to end the frame.

## Reds Defeat Cubs on Hit By Lynch

CINCINNATI (AP) — Jerry Lynch, who specializes in pinch hits, came up with a home run in the last of the eighth Thursday that drove in three runs and brought the Cincinnati Reds a 5-2 victory over the Chicago Cubs.

The left-handed swinging Lynch was batting for second baseman Jim Baumer and walloped his homer off southpaw Jim Brewer who had been rushed in to relieve Joe Schaffernoth.

The Reds wasted a lot of hits off starter Dick Ellsworth and Schaffernoth before getting their game-winning runs. They had only two runs on their first dozen hits.

## Iowa Nine Faces Unbeaten Bradley At Home Today

By JERRY ELSEA  
 Staff Writer

Iowa's baseball nine will face a tough Bradley University team on the Iowa Diamond this afternoon at 3:30.

Iowa Coach Otto Vogel has picked Ron Reifert (2-2) to hurl the opener of the three game set with the Braves. The teams will square off in a doubleheader Saturday at 1:30.

The series will be the last "tune up" for the Hawks before the Big Ten opener at Michigan State next Friday.

Bradley enters the series boasting a 5-0 record on wins over service teams in Texas. The Braves are batting .265 as a team, with Ted Brunting hitting at a .400 clip. The top Bradley pitcher is Bernie Dwyer who beat Iowa once last season and now has a 2-0 record.

The always tough Braves own a nine game winning streak over the Hawks during the past three years, sweeping a three game series in each of the seasons.

The Hawks are 2-7 for the season but have won two out of three against midwestern teams after losing six straight in Arizona.

Last week the Hawkeyes tumbled Luther 8-4 and split a pair with Western Illinois.

"Too many errors are being made and the fielding needs a lot of drill to smooth it up," Vogel said. "However, our hitting for this early in the season is fairly good."

The team batting average is .256 with center-fielder and first baseman Paul Bonstead leading the hitting with .381. Other players who have been at bat 20 or more times are Howard Kennedy, .333; Dennis Henning, .306; Captain Jack Leabo, .292; Charles Conway, .272; Jerry Mauren, .243; Joe Reddington, .226; and Ron Isler, .161.

Leabo leads the RBI parade with nine, followed by Henning with seven; and Bonstead and Isler, six each. Hawks batsmen have blasted out six homers, divided among six players.

In comparison with this year's home run output, the 1960 Hawkeye squad hit only five four baggers in 24 games.

Matt Szykowny, Iowa's No. 2 quarterback and high scoring basketball guard, has joined the squad and may see limited pitching duty this weekend, said Vogel.

Other pitchers slated for action are Howie Friend, Bob Bleakley and Bruce Butters.

## Simpson Cager Named NAIA All-American

KANSAS CITY (AP) — Bud Tidgren, 6 foot 4 inch senior from Simpson College, was named to the second unit of the National Association of Intercollegiate Athletics All-American basketball team Thursday.

## McDaniel Walk Lets Braves Top Cards, 3-2

MILWAUKEE (AP) — The Milwaukee Braves ended an 11-inning struggle by pushing across a run as St. Louis relief specialist Lindy McDaniel walked Mel Roach with the bases loaded Thursday for a 5-4 marathon victory.

McDaniel walked Roach on a 3-2 count to force home Frank Bolling with the decisive run.

Bolling led off the 11th with a single and moved to third as Joe Adcock singled. McDaniel then hit Roy McMillin with a pitch to fill the bases.

Southpaw Seth Moorehead got the victory with a brilliant relief performance. Moorehead came in with St. Louis runners on first and third and one out in the 10th and retired five straight batters.

Ten teams in the American league bowed to the dictates of the weather Thursday as all scheduled games were canceled.

Wet grounds and cold weather forced the postponement of the Chicago-Washington game in Washington. In nearby Baltimore the Orioles and Los Angeles Angels were idled by rain.

Rain and snow in Boston, the league's northernmost city, canceled the Kansas City-Red Sox game. The Minnesota's Twins and New York Yankees were rained out at Yankee Stadium. And in Detroit, the Tigers and Cleveland Indians remained idle because of wet grounds and cold.

## 'New' Iowa Netmen To Open Season

By PHIL CURRIE  
Sports Editor

Iowa will pin its 1961 tennis hopes on a single letterman and a flock of rookies as it opens the season today and Saturday at Kansas City, Mo., in dual meets with Kansas, Kansas State and Southern Illinois.

Coach Don Klotz's team lacks any seasoned performers. The top four men on the squad were graduated last spring and two top lettermen who were expected to return failed to make their grades. That left Klotz with his current squad. The only letterwinner back is Mike Schrier, a junior from Fort Madison who will play in the No. 2 position. Schrier was the No. 7 man last season and saw only limited action. However, Klotz credits Schrier with developing fast for Iowa.

"When Mike was playing four years ago in Fort Madison, he could hardly hit the ball back over the net," Klotz said. "But he spent nearly all his time working on tennis and now he's playing very well."

The top man on the Hawkeye team is sophomore Steve Wilkinson from Sioux City. "Wilkinson is the most promising sophomore we have," Klotz said. "He could beat anyone that we had on last year's squad."

Other's opening in the meet today are sophomores Lester Pearl of Des Moines, the No. 3 man; Herb Hoffman of Chicago, No. 4; and R. G. Walker of Fort Dodge, No. 5.

Bernie Cahin of Davenport, the only other junior on the team, will be in the No. 6 position.

At Kansas City, the Iowa team will play a dual and a half each day. After the first dual is completed today, the singles events

for the second will be played. Saturday the doubles competition in the second affair will be completed and the third dual played. "This is going to be a rebuilding year or whatever you want to call it," Klotz said. "I'm afraid we're in for a long season."

"I think that Wilkinson will give anyone in the conference a rough time, but we lack overall depth," Klotz explained.

Klotz had been counting on Dave Nairn and Larry Halpin, both junior lettermen last year, to provide the Hawks with a veteran nucleus this season. However, both are ineligible.

Nairn, along with John Nadig, who was graduate last spring, won 12 straight matches and took the No. 3 doubles title in the Big Ten Tournament last year. Halpin, who was the No. 5 man last season, had a 3-7 singles mark and a 4-6 doubles record.

Also lost from last year are No. 1 man Bob Stoy, Bill Voxman and Henry Uley. All were graduated. Uley, who played in the No. 2 spot, finished as the runner-up in his singles division of the conference meet.

Klotz picked Michigan to repeat as the top team in the Big Ten this season. The Wolverines, defending conference champs, have won the title two straight years. Michigan State had a strong dual record last season and should give the Wolverines trouble.

Today's opener will mark the 14th season for Klotz as head coach. He has been a member of the Iowa staff since 1947 and in the spring of 1948, he coached his first tennis team. In his 13 seasons, Hawkeye teams have won 85 and lost 54 dual meets.

The Iowa squad gained a Big Ten championship under Klotz in 1958.

## Top Colt Still Questionable For Derby

NEW YORK (AP) — Carry Back, who beat everything in Florida to emerge the favorite for the Kentucky Derby, still is a big question mark for the 3-year-old horse racing classic at Louisville, his trainer said Thursday.

The Florida-bred colt was flown from Miami to New York late Wednesday.

His next objective is the \$75,000-added Wood Memorial at Aqueduct April 22, two weeks before the Derby at Churchill Downs.

"Whether we go to Louisville for the derby depends on how he comes out of the Wood, and he doesn't have to win that race either," said trainer Jack Price.

"In other words, he can win the Wood and still not run in the Derby, and he can lose here — even finish last — and go to Kentucky. Right now, I feel he was never in better shape. He has raced six times this year, and has come back after each one better than he went into it."

The 1 1/8 mile Wood is the final major Eastern test for the Derby, and Carry Back will be meeting some new opposition.

Price said Ambioise, winner of the Gotham at Aqueduct last Saturday, "is the only horse I'm worried about in the Wood."

Carry Back beat Ambioise last fall.

"We beat him again, by about a length, in the Remsen at Aqueduct 10 days later, and my horse had 120 pounds. 7 more than Ambioise," said Price. "So perhaps we can do it again."

7 VIE FOR \$37,600

ALBANY, Calif. (AP) — Seven 3-year-olds, including six eligible for the Kentucky Derby, will race at Golden Gate Fields Saturday in the historic California Derby.

If all seven go, the gross purse reaches \$60,100 with \$37,600 to the winner.

## Negro Golfer Cracks Par, Color Line

GREENSBORO, N.C. (AP) — Charlie Sifford, Negro professional from Los Angeles, cracked golf's color line Thursday by using 68 strokes and five cigars to take the first-round lead in the \$22,500 Greater Greensboro Open Tournament.

The 38-year-old Charlotte, N.C., native, marked the first appearance of a member of his race in a major PGA event in the South by putting together a pair of 34s in a three-under-par performance that gave him a one-shot lead over Billy Maxwell of Dallas, Texas.

Sifford, noted more for his booming tee shots, used finesse around the greens to take the lead. He had 12 one-putt greens and needed 24 putts in all.

Mike Souchak of Grossinger, N.Y., missed a chance to tie Sifford when he took a double bogey six on No. 17 and finished with 70 to tie Greensboro amateur Bill Harvey for third place.

Six men tied at par 71 in the field of 115 who tested the 7,000-yard Sedgfield Country Club course.

Heading the 71 group was Sam Snead, the defending champion and seven-time GGO winner from White Sulphur Springs, W.Va.

## Cage Fix Gambler Indicted on Bribe

NEW YORK (AP) — Aaron Wagman, one of two gambling figures arrested on charges of bribing basketball players, was indicted Thursday on three counts accusing him of trying to bribe a detective.

Dist. Atty. Frank S. Hogan said the indictment was limited to accusations that Wagman sought to bribe one of Hogan's men. However, the grand jury still is investigating charges that Wagman and another man bribed basketball players.

Specifically, Wagman, 28, of New York, is charged with trying to bribe Detective David E. Campbell in return for information about the district attorney's investigation into basketball bribery.

## Two Des Moines Pros To Golf Against Palmer

DES MOINES (AP) — Two Des Moines professionals were named Thursday as opponents for Arnold Palmer in his exhibition golf match at the Waveland course here June 11.

Joe Brown, Des Moines Golf and Country Club pro, and Jack Hall of the Hyperion Field Club will oppose the 1960 Masters and U.S. Open champion.

The event is sponsored by the Waveland Golf Association.

## Hawk Thinclads Duel Indiana In Opening Meet Saturday

Iowa's relay foursome will be Ken Fearing, Ralph Trimble, Don Greenlee and Gary Fischer. All but Fearing were in the quartet that finished second in the Texas Relays.

Coach Francis Cretzmeyer this week added to his squad Don Nelson, Iowa's All Big Ten basketball star. Nelson will join Wes Sidney and George Frohwein in the high jump.

Another Hawkeye cager, Tom Purcell, reserve guard has been throwing the discus, said Cretzmeyer but will not make the trip. However, he will compete against Minnesota here next week.

Iowa's No. 1 distance man, Jim Tucker, sidelined the past two weeks with a foot injury, will make the trip and probably will run a leg in the mile relay instead of his usual mile run.

The Hawks' sophomore high jump star Wes Sidney will meet, for the second time, a tough performer — Reggie Sheppard — who cleared 6-9 1/2 at the Milwaukee Journal Invitational indoor meet last month.

Sidney's best showing was in February when he cleared 6-8 1/4 for an Iowa record. However, he hasn't reached that height since.

## Angels Trade Again

BALTIMORE (AP) — General Manager Fred Haney of the Los Angeles Angels made his fifth trade within 12 days Thursday, sending outfielder Lou Johnson to Toronto in exchange for Leon Wagner, who batted .265 at Rochester last season.

Iowa's relay foursome will be Ken Fearing, Ralph Trimble, Don Greenlee and Gary Fischer. All but Fearing were in the quartet that finished second in the Texas Relays.

Coach Francis Cretzmeyer this week added to his squad Don Nelson, Iowa's All Big Ten basketball star. Nelson will join Wes Sidney and George Frohwein in the high jump.

## Why worry about April Showers?

### Get an automatic gas clothes dryer!

Rainy weather blues are gone forever when you can dry clothes softly, sweetly in the dependable, automatic "sunshine" of your gas clothes dryer. Wash any day, any time, in any weather. Modern automatic gas clothes dryers have a sixth sense about drying - just right! They can be used to "fresh-up" draperies and clothing without washing, too.

Why go on lugging wet clothes to a clothesline? Save yourself that thankless drudgery. For mere pennies a load, you can own the appliance that weatherproofs your washdays - an automatic gas clothes dryer.

# Expect \$40 Billion in Income Tax Wealthy Americans To Pay by Monday

By JERRY ELSEA  
Staff Writer

Will Rogers once said that the Russians are lucky because they have no income tax, but, he added, they also have no income.

People in the United States, however, make plenty of money. Perhaps you don't but others make up for the hole you leave in the national product.

Every-year personal income taxes swell the government coffers with about \$40 billion and by tax deadline time, which this year is Monday, practically everyone has taken a beating.

Taxpayers lose money, tax accountants lose sleep and tax dodgers lose their freedom if they can't find a place to hide.

Even some students, particularly year-round employees, can expect to pay as much as 20 per cent of their income. But students escape rather easily compared to some famous "big people."

Take for instance the case of Al Capone, Chicago's bootleg king, Chicago police, and even the Untouchables themselves couldn't hang a rap on Capone until the Government sent "Scarface" up the river on a tax evasion charge. The penalty for willful tax eva-

sion is \$10,000 fine or ten years' imprisonment, or both.

More common than the tax dodger is the person who falls behind on payments. Perhaps the most famous victim is former heavyweight boxing champion Joe Louis.

Louis, who held the championship from 1937 until 1948, defeating all comers, was dealt a knockout punch from the Government in 1955.

The "Brown Bomber" found that he owed Uncle Sam about \$100,000 in back taxes. Since unpaid taxes increase at the rate of 6 per cent every year, the retired Louis was in trouble, and still is.

"If the Government says I owe money, then I owe money," said the ex-champ without anger. Louis cannot pay his debts because the more he earns, the larger his current taxes become.

Another fighter with tax troubles is former heavyweight champ Ingemar Johansson. Earlier this year the Government canvassed back over the Swede's tax record and found that he owes about a million dollars in taxes, about one half the amount for his 1960 fight and the other half for this year's second place purse. The case is

still undecided although Johansson has been permitted to return to Europe.

Perhaps you are saying "This could never happen to me," but picture this. In a sudden flash of brilliance you are suddenly sweepstakes winner in some contest of skill and find yourself surrounded with refrigerators, waffle irons and hi-fi sets. Unless you have a good deal of money in the first place, the only way to pay off the tremendous tax would be to sell most of the prizes.

If you couldn't raise the money, you too could find yourself in debt.

Perhaps the biggest tax headache of all is suffered by the Government which collects and must allocate funds to the many needs—highway improvement, education, and most of all defense appropriations for winning the cold war.

Since personal income taxes approximately equal the annual \$40 billion plus spent on defense, one sane suggestion would be to take all the tax money and convert it directly into bombers and missiles for our protection.

Bob Hope, however, offered another suggestion. The comedian proposed that instead of converting all that wealth into arms, why not just take the money and drop it on Moscow. The result would be devastating.

## Orientation Committee Chairmen Announced

The new orientation committee chairmen have been announced by Donna Anderson, A3, Des Moines, and Mark Schantz, A2, Wellsburg, general chairmen of orientation for 1961.

Carole Midgard, A2, Maywood, Ill., and Ralph Hillman, A3, Essex, will conduct the training school for orientation leaders; Gray, A3, Denison, and Rhodes Lawton, A3, Rockford, Ill., are in charge of Recreation Night; and Betty Butsch, A2, Anamosa, and Allan Penningroth, B3, Ottumwa, will organize the mass meeting for

new students.

Co-chairmen of the information booth committee are Sue Higley, A3, Cedar Rapids, and Dick Leazer, B2, Fairfield. President Hancher's open house will be planned by Maralynn Torode, A2, Des Moines, and Robbin Burns, P3, Burlington. Activities open house will be organized by Lynette Murdy, A2, Newton, and Chuck Coulter, A3, Webster City.

A new committee, publicity, will be headed by Margaret Thompson, N2, Ames, and Larry Seufferer, A2, Elkhardt. In recent years publicity has been handled by each committee individually.

Applications for orientation leaders are due today in the Office of Student Affairs. From these applications, 100 men and 100 women will be selected to lead orientation groups this fall.

## 30 To Attend GOP Meeting

Thirty SUI Young Republicans will attend the Midwest Federation of College Republican Clubs annual convention at St. Paul, Minn., today and Saturday according to Lee Theisen, A2, Sioux City, president of the SUI Young GOPs.

The convention will be at the Hotel Lawry in St. Paul. The purpose of the annual meeting is to discuss policies and platforms of the midwest college clubs, said Theisen. Regional and midwest officers will be elected.

About 650 delegates are expected to attend, representing 12 Iowa colleges and 13 midwestern states.

Theisen said that SUI, which has the third largest Young Republican Club in the midwest, exerts a great deal of influence in the midwest organization. He will serve as party whip for the 12 Iowa colleges.

Governor Elmer L. Anderson of Minnesota will speak at the convention banquet Saturday afternoon.

Other officers of the SUI GOPs attending will be Maralynn Torode, A2, Des Moines, co-chairman; Helen Holmes, N2, Galesburg, Ill., secretary; and Tom Hansen, A3, Cedar Falls, treasurer.

## Classics Authority Will Speak Here

Francis R. Walton, head of the classics department at Florida State University, will speak on "Greek Religion and Greek Art" Thursday at 8 p.m. in the Senate Chamber of Old Capitol.

Walton's illustrated talk will show the close interrelationship of religion and art in ancient Greece. Presently a visiting lecturer at Cornell University, Walton will leave his FSU post next year for a position as librarian of the Genadius Library at the American School in Athens.

Walton's lecture at SUI is sponsored by the Iowa Society of the Archeological Institute of America and the SUI Graduate College.

# Electric Firms Probe Delayed

WASHINGTON (AP) — Sen. Estes Kefauver (D-Tenn.) overruled a Republican effort Thursday to suspend a Senate investigation of price fixing in the electrical equipment industry. He denied that the hearings would become a three-ring circus at the expense of an already punished industry.

But the argument which arose between Kefauver, chairman of the Senate Judiciary Antitrust subcommittee, and Sen. Alexander Wiley (R-Wis.) delayed until Friday the start of testimony by officials of several big electrical corporations.

Wiley objected that fresh "notoriety" from the hearing would prejudice the electrical companies' defense against multimil-

lion-dollar civil damage suits pending in the courts. He said the committee should postpone its hearing to avoid "a national pre-judgment" of the damage suits. Or else, he said, it should hold executive sessions and release the testimony after the courts have ruled in the damage suits.

Kefauver retorted that the guilt of 29 leading companies and 44 individual executives was established when they pleaded guilty or no contest recently in a Philadelphia federal court to charges of bid rigging and price fixing. The fines totaled nearly \$2 million.

Kefauver said the hearings must go forward to determine what leg-

islation is needed to "prevent a recurrence of this shameful business" in the electrical or other industries.

"I deeply resent the inference that he (Wiley) thinks this is going to be a three-ring circus," Kefauver said.

In his opening statement Kefauver noted that the subcommittee had expected to obtain from the grand jury and court records the information needed.

The facts were not forthcoming, he said, because public trial was avoided when the companies entered guilty or no contest pleas and the grand jury elected to keep its minutes confidential.

### SENTENCED

James T. Scoggins, 25, Cedar Rapids, was given a 60-day suspended sentence in District Court here Thursday for driving while his license was under suspension.

He was arrested August 23, 1960, by the Highway Patrol in Iowa City.

# Space—

(Continued from Page 1)

is what you are searching for, is at Cape Canaveral, and that is on a three-shift basis."

This was in reply to questions on why the Huntsville, Ala., space rocket center is not operating on an around-the-clock basis. Dryden said, "Huntsville does not need three shifts for its part in the Mercury man-in-space program."

Time and again, committee members — Republican and Democratic — asked if the space program had enough money. Dryden said, "Money is not a complete substitute for time."

Neither witness gave in to committee suggestions that the Mercury timetable should be speeded up. The target date for an American in orbit, he said, is still late this year, or even early next year.

Several committee members have shown intense interest lately in solid-fuel space vehicles. The now-developing Saturn booster, which will generate 1½ million pounds of thrust, is liquid fueled. Webb said, "If we want a par-

allel program with the Saturn program we will have to have a dual schedule with the expense involved."

Dryden did say the United States had started four years behind the Soviet Union. But Fulton asked if it wasn't true "there has been a pattern in both the Truman and the Eisenhower administrations that it — space research — has been popular and then not so popular?"

"There have been fluctuations," Dryden replied. "Then you can't point to any one period and say that's where the fault lies, can you?" persisted Fulton.

"No, sir, you cannot," said Dryden.

## Ellison to Writers: 'Wake Up America'

By DIANNE GROSSETT  
Staff Writer

Americans have been pushed into the position of Rip Van Winkle — and it is the responsibility of the American fiction writer to awaken them, author Ralph Ellison said in a talk Wednesday evening.

"I don't feel that writers have an obligation to write social knowledge," Ellison said. "I do feel that they have a responsibility to subject the imagination to as much of the reality of our American life — including the changes, the clashes, the turmoils — as possible."

"The American age is one of anxiety," Ellison said, "and the fashionable attitude of today's writer is that the pretension and turmoil, noise and clamor, are peculiarly new."

Labeling himself "an American Negro nationalist in fiction," Ellison found nothing alarming new in America today. "It has always been this way," he asserted, "loud and raw and slightly tainted and immoral."

"Fiction," Ellison said, "has always tried to make this type of chaos significant, and if society suffers, it is because the novelist

hasn't been diligent enough in writing about society."

Author Ellison received the National Book Award in 1953 for his "Invisible Man." He has been a lecturer at the Salzburg Seminar in American Studies and in 1957 joined the English faculty at Bard College, Annandale, N. Y.

Tracing the evolution of national literature from the early colonial period, Ellison pointed out that Americans carry a two-fold responsibility. We are saddled with a burden of conscience and consciousness which runs hauntingly

through "our fiction, our foreign policy, every facet of our lives."

Coupled with this consciousness is the continuing search for the American identity, Ellison said, and the problem is to "build up the American image in ways that do not do damage to the total picture."

"The only thing that fiction can describe reality — all that happens do," Ellison concluded. "It is to describe reality — all that happens to the human heart, nerves, muscles. It is in this we have the talent that is called catharsis — and we need that very much."
