

# 'Hands Off Cuba' -- Kennedy

## Rebels Battle Against Castro's Red Tanks and Planes

### Chou En-lai Backs Cuba's 'Just Struggle'

#### Castro Forces Claim Recapture of Town, But Admit Ship Sunk

Rebel invasion forces were reported battling against the high odds of Prime Minister Fidel Castro's Soviet-supplied tanks and jet planes in central Cuba Tuesday.

The Cuban army radio reported the recapture of Mavari, a town of about 5,000 on the north coast of easternmost Oriente Province, which apparently had been taken by guerrilla infiltrators. The town is on Nipe Bay near the formerly U.S.-owned Mao Bay Mining Co.

The Castro embassy in London admitted a Cuban navy cutter had been sunk in action "against mercenaries."

While rebel strategists nervously awaited hard news on their do-or-die anti-Castro revolution, threats and counterthreats flew between Moscow and Washington.

President Kennedy warned Soviet Premier Khrushchev against intervening on behalf of Castro.

While the Communist bloc in the United Nations pressed for action to support Khrushchev's request to Kennedy, Mexico proposed a resolution calling on all countries to bar their territory and resources to promoting "civil war" in Cuba.

From Peiping, Red China's Premier Chou En-lai promised "resolutely to support the Cuban people's just struggle."

While Cuban diplomats in several capitals claimed five rebel planes had been shot down and four invaders' ships sunk, the Cuban Revolutionary Council in New York reported its "Freedom Fighters" had been attacked by Castro's Soviet-made tanks and MIGs. The rebels said they had lost large amounts of equipment and medical supplies.

This was on the central front where the rebels apparently made their main thrust from a landing point somewhere in the area of Cochinos Bay's swampy shore on the south coast.

A CBS correspondent reported in Miami that there were indications the rebels had penetrated as far as Jaguay Grande, about 20 miles inland from the northern tip of the bay.

### Regents' Requests Denied; SUI Tuition Might Double

DES MOINES (AP) — The Senate Appropriations Committee Tuesday voted an annual operating budget of \$40.3 million for the State Board of Regents. It was nearly \$4 million a year more than the last record budget but far less than the Board wanted.

However, the separate budget bill for the Regents, including the three collegiate institutions they supervise, followed the recom-

mendation of Gov. Norman Erbe and was sent out for floor action. The Board, forewarned that the Senate committee would not exceed Erbe's proposed budget, was prepared with statistics and statements before the committee acted. Concerning the effect on SUI the Board said:

"New enrollment will have to be cut below the number we expect will be knocking at our doors and our only means of avoiding a catastrophic deterioration in our personnel and programs would be a massive increase in tuition of at least 100 per cent."

Similar dire results were predicted for ISU and ISTC.

The Regents had asked for an annual appropriation of \$49,765,480. Joint Senate and House subcommittees had settled on a figure of a little more than \$43 million which the Regents said they would accept without protest. But the Senate Appropriations Committee held to the line set by the Governor.

The Board said the recommended budget would leave SUI at the "bottom of the Big Ten" in academic salaries.

The Regents said that in addition to the predicted loss of top teaching personnel at SUI, a great exodus of staff members could be expected at ISU and ISTC will not be able to offer desirable salaries. Student enrollment will have to be curtailed this coming school year at ISTC, the Board said.

Earlier Tuesday, the Committee sent out two other major appropriations bills as it increased activity in hopes of speeding up legislative adjournment.

Legislative leaders have set April 28 as the tentative target date for the end of the session. The committee recommended for passage a bill giving \$21,604,820 a year in operational funds to the State Board of Control, and \$17,933,000 to the State Department of Social Welfare.

The proposed allocation to the

Regents is a \$3,792,278 increase over the present annual appropriation. The Regents had asked for \$49,765,480 annually in salary, support and maintenance funds.

In addition to the regular appropriation, the Committee adopted an amendment that would permit Board of Regents institutions to retain part of their unspent funds to make salary adjustments.

The amendment, proposed by Sen. William Stuart (R-Chariton), would let the Regent's institutions keep a total of \$632,500 in unspent money, instead of returning it back to the State's general fund.

SUI and ISU each would be permitted to keep \$200,000 of their unspent money, and ISTC would be permitted to keep \$50,000 for salaries. The other Regents' institutions would be permitted to keep lesser amounts. The question of teachers' salaries sparked most of the discussion on the Regents' appropriation.

Sen. D. C. Nolan (R-Iowa City) unsuccessfully sought to add an additional \$1 million a year to the Regents budget solely for teacher salaries. This was opposed on the grounds it would boost the budget above the Governor's recommendations.

Board of Regents appropriations recommended by the committee and its present annual funds include:

SUI \$13,276,000 and \$11,818,570; University Hospitals, \$5,708,000 and \$5,275,312; Phippsopathic Hospital, \$976,000 and \$870,343; Bacteriological Laboratory, \$354,000 and \$321,377; Hospital School, \$649,000 and \$565,802;

ISU \$9,265,900 and \$8,509,196; Agricultural Experimental Station, \$2,292,660 and \$2,054,752; Extension Service, \$1,528,440 and \$1,323,119;

ISTC \$3,820,000 and \$3,488,667; Iowa Braille and Sight Saving School, \$473,000 and \$434,884; School for the Deaf, \$847,000 and \$776,876; State Sanatorium, \$1,163,000 and \$1,063,924.

### Romulo Talk Is Postponed

The lecture scheduled for this evening by General Carlos P. Romulo, Philippine ambassador to the United States, at SUI has been postponed due to illness of the ambassador.

Depending upon when General Romulo recovers from the illness, a virus infection, the lecture may be given later this semester, according to Prof. Orville A. Hitchcock, chairman of the University committee on lecturers and vespers.

The Romulo lecture was to have been the closing talk of the 1960-61 University Lecture Course. General Romulo spoke at SUI during the summer of 1957 to a capacity crowd.

### New Cabinet Post For Urban Affairs Asked by Kennedy

WASHINGTON (AP) — President Kennedy formally asked Congress Tuesday to create a Cabinet-rank Department of Urban Affairs and Housing to help cities deal with their growing problems.

The new department would simply take over the functions now assigned to the federal Housing and Home Finance Agency and its satellite offices.

Sen. Joseph S. Clark, (D-Pa.), who introduced Kennedy's legislation in the Senate, said it would add no new programs or operations to the housing agency's present role. He added that others may be tackled on in the future by legislation or reorganization plans.

Kennedy thus left open the controversial questions of which federal agency should take over the problems of helping cities with mass transportation and preservation of open spaces for parks.

### Prosecution: Eichmann Not Forced to Talk

JERUSALEM, Israel (AP) — Spectators broke down Tuesday as the prosecution detailed a history of horror in the days when Adolf Eichmann served Hitler as the chief executor of the Jews.

Then the first prosecution wit-

nesses told the court the former Gestapo colonel discussed his own role readily with Israeli authorities after he was seized in Argentina and brought here last year. The object was to strike down the defense contention Eichmann talked under duress.

Israeli Police Captain Avner Less testified that Eichmann was asked if he understood there was no compulsion being exerted to force him to make a declaration and answered yes.

Eichmann's defense counsel, Robert Servatius, indicated he will reserve the right to cross-examine on those statements if they are accepted as evidence by the court.

"Adolf Eichmann's guilt lies in the planning, initiation, organization and execution of the crimes as charged in the indictment," Atty. Gen. Gideon Hausner said.

### Commies in Iowa? Ask Investigation

DES MOINES (AP) — Four state senators filed a resolution Tuesday asking creation of a five-member commission to investigate alleged Communist activities in Iowa.

The resolution, sponsored by Republicans Sens. Joe Flatt of Winterset, J. Kendall Lynes of Plainfield, Frank Hoxie of Shenandoah and Clifford Nystrom of Boone asked that the commission be comprised of a Senate member, a member of the House and three persons appointed by Gov. Norman Erbe.

The Commission would function until July 1, 1963, then make a report to the Governor. It would have authority to accept gifts and donations to use in an anti-Communism program.

### Russia Asks Condemnation Of U.S. as Aggressor in U.N.

UNITED NATIONS, N.Y. (AP) — The Soviet Union Tuesday night formally demanded that the United Nations condemn the United States as an aggressor in connection with the invasion of Cuba by anti-Castro forces.

Adlai E. Stevenson, chief U.S. delegate, had just finished accusing Cuban Prime Minister Fidel Castro of using half-thrusts and deceit in an effort to prove that the United States was behind the invading forces.

UNITED NATIONS, N.Y. (AP) — Communist countries pressed for quick action Tuesday on Soviet Premier Khrushchev's demand that President Kennedy call a halt to the fighting in Cuba.

Valerian A. Zorin, Soviet deputy foreign minister, read to the U.N. Political Committee a note from Khrushchev to President Kennedy warning that the Soviet Union would provide all necessary aid to keep Prime Minister Fidel Castro in power.

The 99-nation committee also had a proposal from Mexico that the United Nations appeal to all countries to bar use of their territories or resources "to promote civil war."

The resolution took note of statements by representatives of the United States and Guatemala, but it did not repeat their vigorous denials of Communist and Cuban charges that those two countries had provided bases and weapons for Cubans invading their home-

land to seek Castro's downfall.

The resolution called for efforts to seek a peaceful solution of the Cuban problem "in keeping with the spirit of the U.N. Charter."

Zorin put before the committee also an official Soviet government statement demanding that the U.N. General Assembly "consider at once the question of aggressive actions of the United States which prepared and started the armed intervention against Cuba."

The statement contained a threat of Soviet retaliation directly against the United States.

In words reminiscent of previous

reminders that the Soviet Union had rocket power to use in support of Cuba, the statement declared the safety of the population of the United States itself was at stake.

U.S. Ambassador Adlai E. Stevenson replied that he hoped to make Kennedy's answer to Khrushchev available soon to the committee.

He said he agreed personally with Khrushchev's view that Cuba was no danger to the United States, but added that the Soviet leader disregarded the feeling of many Cubans who believe Castro's regime endangers Cuba's future.

### Need Hop, Skip, Jump, 2-Point To Lead Cheers

Can you perform a cartwheel and a round-off? If you can, and if you have a G.P.A. of at least 2.0 then you are eligible for the 1961-62 SUI cheerleaders.

The second instruction and practice session for cheerleading positions is set for today from 2:30 to 5 p.m. in Macbride Auditorium. Don't worry if you missed the first session held Monday: there's no penalty.

The third and final session for

tryouts will be held Friday, same time and place as the other sessions.

Selection of next year's cheerleaders will be at 2:30 p.m. Monday in Macbride Auditorium. The board of judges is composed of four members from the Pop Club Council and two from this year's cheerleaders.

The board will select four women and four men as regulars and one woman and one man as alternates to the 1961-62 cheerleaders.

### Pro-Castro Mob Riots in Moscow

MOSCOW (HTNS) — Thousands of pro-Castro demonstrators, led by teen-agers throwing rocks and ink bottles, churned outside the United States Embassy in Moscow, for about six hours Tuesday — more or less controlled by some 1,500 Soviet soldiers and militiamen.

The commotion started at 2:35 p.m., soon after Soviet Premier Khrushchev's message for President Kennedy — calling on him to stop aggression in Cuba before it leads the world to "military catastrophe" — had been delivered to U.S. Minister Counselor Edward L. Freers, who was in charge of the embassy. Ambassador Llewellyn E. Thompson Jr. had flown to West Germany Tuesday morning as previously planned for a vacation of a week or more.

Many of them from Lummaba Friendship University, barged past a handful of militiamen to hang placards and banners on the high iron fenceposts fronting the embassy.

University Edition Editors

Jerry Parker, A4, Ottumwa (left) and Judy Holschlag, A3, New Hampton, have been appointed editor and assistant editor of The Daily Iowan University Edition by Student Publications, Inc. The University Edition is the world's largest college newspaper, and is distributed free to new students entering SUI next fall. It will be published Aug. 21. —Daily Iowan Photo by Tom Mosler

### We'll Protect Hemisphere, Russia Told

#### U.S. Endorses Rebel Efforts, But Denies We're Helping Them

WASHINGTON (AP) — President Kennedy Tuesday night endorsed the effort to overthrow Cuban Prime Minister Fidel Castro and told Soviet Premier Khrushchev this country will take action if the Russians interfere militarily in Cuba.

"In the event of any military intervention by outside force, we will immediately honor our obligations under the inter-American system to protect this hemisphere against external aggression," Kennedy told Khrushchev.

Kennedy pledged anew that the United States will not intervene with force in the battle between Castro's forces and those seeking to overthrow him, but he said Americans do not conceal their admiration for those who wish to see democracy re-established.

"The United States government can take no action to stifle the spirit of liberty," he said.

Kennedy, replying to a note from the Soviet premier, at the same time appealed to Khrushchev not to use the situation in Cuba as a pretext "to inflame other areas of the world."

"What your government believes is its own business," the President said. "What it does in the world is the world's business. The great revolution in the history of man, past, present and future, is the revolution of those determined to be free."

Kennedy said it should be no surprise that refugees from that Castro-dominated nation off the U.S. coast have been using whatever means are available to return and "support their countrymen in the continuing struggle for freedom."

"Where people are denied the right of choice, recourse to such struggle is the only means of achieving their liberties," the President added.

Kennedy repeated his declaration of last week that Americans would not be involved in any military intervention in Cuba.

With that statement, Kennedy rejected Khrushchev's charge that the United States was supporting the invasion by Cuban forces seeking to overthrow Castro.

In his message, Khrushchev also threatened to give the Castro regime "all necessary assistance" in resisting the invasion.

Kennedy called the Castro regime "alien-dominated." He said there are unmistakable signs that Cubans find the denial of democratic liberties and the betrayal of Castro's original revolutionary principles intolerable.

The White House made public Kennedy's message at the same time Secretary of State Dean Rusk handed it to Soviet Ambassador Mikhail Menshikov at the State Department. Rusk had called Menshikov to his office to receive the reply.

### CPC Applications Are Due at 5 p.m.

Today is the deadline for applications for all undergraduate students nominated for Central Party Committee by housing units or petitions. They should be turned in at the New Information Desk of the Union by 5 p.m.

An applicant need not be nominated by a housing unit, according to David McGee, A2, Mason City. Any student undergraduate may apply by submitting a petition with his application signed by 20 members of his class.

Applications are available at the information desk of the Union, at the CPC office in the Union, or from any CPC member.

### PEP CLUB APPLICATIONS

Applications for Pep Club Council and sub-committees are due at 5 p.m. Friday at the New Information desk in the Union. Any SUI student may apply for a position. Applications may be obtained in housing units and at the Union. Applicants will be notified for an interview on April 27.

### Personality Profile—

## DI Editor Disappointed With Student Complacency

By JUDY KLEMESRUD  
Staff Writer

Ray Burdick, A4, Sioux City, says his biggest disappointments as editor of The Daily Iowan are when he and his staff "can't get students worked up about issues such as lowering college costs."

has been a lot more action on the part of the students, but I feel this action has largely been without direction," he added.

versy, the status quo would never change. That's why I often run controversial articles on the editorial page that give a radical and unpopular approach to an issue.

### Profile—

(Continued on page 6)

The Daily Iowan is written and edited by students and is governed by a board of five student trustees elected by the student body and four trustees appointed by the president of the University.

The Co-op Movement

(See first of series at right.)

Last week a movement was begun that has as its final goal the establishment of a system of cooperative stores in Iowa City. The action was instituted by a group which calls itself "the Cooperative Society," under the chairmanship of William Bunge, associate professor of geography at SUI, in conjunction with the Student Council, although the council is not directly involved.

The specific act that kicked off the movement was a visit from James F. Long, general manager of the Oberlin College Consumers Cooperative of Ohio. The Oberlin co-op is one of the most successful in the nation. Long was brought to Iowa City to study the local situation and make recommendations on the feasibility of setting up a similar system here.

Long is not a utopian or a dreamer. He did not overplay the advantages of an Iowa City co-op set-up, but what he did say, in realistic terms, indicates that a cooperative system of stores in Iowa City would be a very desirable thing, offering many advantages to University and townspeople alike.

The immediate goal of the fair prices group is the establishment of a co-op book store. Long said that such a store would result in small but not overwhelming savings for students, but he stressed that a book store is a good way to get the co-op movement started. At Oberlin, a book store eventually led to the setting up of a food store, a coffee shop, a kiddie shop and two cooperative dormitories. The dorms, Long said, save residents as much as \$200 a year or 25 to 50 per cent - no small sum. Substantial savings through lower prices were realized in the other areas too.

Furthermore, Long emphasized, that the system at Oberlin had given people working in the co-ops a new sense of community spirit. It had also done much to break down the traditional "town-gown" barriers between university and community.

The SUI group has the same goals in mind, but they will need support from students, faculty and townspeople alike. They face problems certainly. They will need to acquire capital, locations, and managers for such stores, but progress has already been made. For example, one Board of Regents member, Mrs. Joseph Rosenfield, has pledged her support of the group by becoming official sponsor and offering a considerable loan. Mrs. Rosenfield has always been against rising college costs.

With this sort of support the problems can be easily overcome. In light of the many obvious advantages to a co-op system in Iowa City, we strongly urge that it be given that support and made a reality in the near future.

Self-Aid Private Regulation Are Goals of Cooperation

By LYMAN B. POWELL

Special to The DI (Editor's note: Mr. Powell's purpose is to present a brief informal exposition of the subject of college cooperative stores, a new and growing branch of the cooperative movement in the United States. The impetus for this work was a seminar in Cooperative Law at the University of Utah College of Law, and materials were obtained primarily from a large number of questionnaires sent to college and university cooperative organizations across the country. This is the first of a series.)

The struggle between the powerful forces of Communism and Capitalism and the hostility of the latter to encroachments by Socialism have tended to obscure the emergence of a new type of economic experimentation which, in its limited sphere, may eventually mitigate the shortcomings of the major systems.

This new type of experiment is usually entitled Cooperation. It dispenses with the totalitarian techniques found necessary in Communism - in fact its very name suggests that its results are achieved by friendly association and democratic action.

While Socialism envisages the preemption of government in key industries, Cooperation stands for the principle of self-help and private regulation by groups of consumers or producers. Under Capitalism the bulk of private investment is made by the more wealthy class of citizens, whereas through an appropriate type of cooperative enterprise even the smallest producer or the most impecunious consumer can partake of substantial economic benefits for a modest or nominal expenditure.

It is not submitted that Capitalism should be replaced by the Cooperative movement, since the latter system is suitable for only a fraction of the economy. What is suggested is that Capitalism should not be dogmatically exclusive, and that in areas particularly suited for it Cooperation may open a whole new vista on the economic horizon. It has already had startling success in the form

of farmers cooperatives, and also in the booming field of credit unions.

If any area could be ripe for the Cooperative Experiment, it would appear that merchandising on college and university campuses fills the bill. The enterprises necessary for supplying student wants are ordinarily small businesses requiring moderate initial capital and relatively non-technical administration, and they tend somewhat to monopolize because of location and specialized clientele.

The students, particularly at the numerous state universities, are most concerned in reducing the burdensome costs of their education. It is not surprising therefore that students and faculty at institutions of learning early discovered and put to use the principle of Cooperation through the inauguration of college cooperative stores which are owned by the consumers themselves.

It has often been stated that the prime motive force for the cooperative housing movement was the need of poor students during the depression to reduce their living costs. Although this may be true of cooperative housing, it apparently was not the

prime incentive for the development of cooperative student stores.

Instead of pressing economic necessities, the early cooperative stores must have been created due to an acquaintance with the experiment at Rochdale, the inquisitive and adventurous nature of the founders, and an awareness of the economic advantages which could be achieved. Professor Gras in his interesting book "Harvard Co-operative Society, Past and Present" (1942) notes that the co-op store at Harvard reduced the cost of textbooks five to 15 percent and law books ten per cent and forced down the price of bookstore competitors.

The original pioneering has been followed by the creation of many new student cooperative stores, some of them primarily bookstores and others which approach in scope and size large department stores. Today there are probably a half-hundred such stores providing goods and services to students efficiently and at substantial savings to their educational pocketbooks.

The Cooperative idea may aptly be described as the original "do it yourself" movement. In

farm producers' cooperatives, for example, farmers have organized together to establish processing and marketing enterprises which eliminate the costly middlemen. In the student housing field, the students jointly purchase their residences and then maintain them by doing the domestic chores themselves.

The startling thing about the student Cooperative movement is that almost without exception the particular enterprise involved is established originally by individuals or private groups without the aid of professional supervision or governmental bureaucracy.

Individual students took part in the founding of the college cooperative in 60 per cent of 10 different cases and faculty members took the sole initiative in 30 per cent. The only "outsiders" or organizations to assist in the founding were either student government or alumni members. Ambitious individuals who may become inspired to attempt to organize a cooperative at their own school would do well to note that assistance from faculty members appears to be very helpful if not a necessity.

On Other Campuses

By GARY G. GERLACH Assistant Managing Editor

THE SOCIAL SITUATION AT IOWA STATE IS SAD, SAD, SAD.

For some weeks now we have been following a somewhat amusing discussion in the Iowa State Daily over ISU's present social situation. Accusations have been flying high and mean. Here's how the situation has evolved up to this point:

To begin with, overshadowing the whole social problem is a complex that takes its form in a lively male-female antagonism. Women feel that men at ISU still have the "farm on their shoes," while males insist that there just aren't any good-looking coeds on campus. With the ratio nearly 4:1 stacked against them, we can see why the fellas have their qualms.

But while the boys outnumber the girls situation isn't the real issue, it serves to cloud and complicate the already existing ills of the ISU social set up.

THE REAL ILL IS THAT ISU STUDENTS don't have any drink and dance establishment handy. Because of an Ames city ordinance they don't have a Hawk, or Lighthouse, or Airliner where they can get their socializing done. This lack of the ideal hang-out that affords the ideal elements (beer, whisky, beer, booze, etc.) for a good time is the main facet of the multi-faceted problem.

Serving to complicate the mess even more, the Cardinal Guild (ISU's student council) has been in some minor scuffles with the administration over college switchboard hours (that means leaving the university phone system in operation longer in the evening - so boy has more chance to gab with girl, the registering of social events, and that eternal bother on all campuses: sign out).

SO THE ISU SOCIAL SITUATION IN A NUTSHELL looks like this:

If a fellow wants a date he has two and a half strikes against him in the first place, because of the lack of good-looking dates. Further, once he gets a date, there are reams and reams of administrative red tape to grapple with (so they reason) like signing out and curfews; and once he does get a partner there is no place to take her - except the Union. And unfortunately, ISU doesn't sell beer in the Union as does Wisconsin. So goes the argument at ISU.

ISU is hung up on a hook, and it is no laughing matter. So the search goes on for a panacea (a booze and dance establishment most say) that will bring the dawn of a long awaited, joyous social millennium.

SWITCHING FROM ONE "SOCIAL PROBLEM" to another, ISU students continue to make the news.

The other "social problem" entails how ISU's Meeker House is raising money to support a war orphan under the foster parent plan.

Two sophomores, representing Meeker House, pulled a coaster wagon 38 miles from Ames to Des Moines and back for 50 cents a mile. The 13-mile jaunt was all a stunt to inspire donations for Meeker House's war orphan.

CLOSING NOTE: President Kennedy has accepted an invitation to give the commencement address at West Virginia University.

The President said he accepted because "It was in West Virginia where I was elected to the presidency."

AFRICAN CHRISTIANS NEW YORK (AP) - Christians in Africa now number 44 million, or about 20 per cent of the total 224 million population, the Catholic Digest notes.

LET'S FACE IT: Some people just don't like good music. (We occasionally report favorable comments, so... ) A lady (?) in Cedar Rapids just wrote to say, "Please do NOT send me your program guide for Serious Music, as I'm NOT interested." Oddly enough, our records do not show her as a subscriber; however, we are doing everything within our power to see to it that she is spared further annoyance (and the considerable saving effected thereby will be plowed back into the operation).

Cuba Crucial To Halting Of Communism

By DAROLD POWERS

The significance of the Cuban counter-revolution becomes clearer with Tuesday's column by Walter Lippman reporting his discussion with Nikita Khrushchev on the inevitability of the revolutionary movement toward Communism.

Despite Cuba's proximity to our shores, there are no signs that Russia will actually launch an invasion from that land or set up rocket bases there. Cuba's economic "war" with the United States will hardly be felt by us at all. The veering of Castro and Cuba toward Communism endangers democracy not so much militarily or economically - though perhaps these, too, in Central America - as it does ideologically. Cuba can be used as a dramatic symbol of the inevitability of Communist revolution throughout the globe.

An American in Southeast Asia a few years back wrote that people there felt it paramount that they be on the "right side" in the next war, as they were not when Japan invaded. The significance of Laos is like that of Cuba in this respect - the more small countries which fall to Communism, the more likely it is that people of other like nations feel it inevitable that they either accept the Communist tide or succumb to it. This attitude endangers democracy whether it engenders last-ditch war, or passive acceptance of a non-military take-over.

For many, the significance of the battle to recognize Red China, which is poised ominously above Indochina, and seat it in the United Nations also revolves around its import as a symbol of the massive inevitability of world-wide Communism. For instance, I've a friend who is a very dedicated enemy of Communism - once a high official in the Chinese Nationalist government and who recently immigrated to the United States - who felt this so strongly that he refused to consider immigration to any country which recognized Red China because he was convinced that such recognition would cause anti-Communist forces throughout Southeast Asia to lose heart for the fight.

Lippman writes that Khrushchev believes completely in the ineluctable movement of history toward Communism in each country. This belief must also possess his cadres working among the nationals of a hundred countries. If these nationals find support for the word of the cadres in the actual fall of countries such as Iran, Laos and Cuba to Communism, then they must feel pressure to share belief in the inevitability of Communism - with consequences in their country inimical to the counter attempts of the Western alliance to encourage essentially conservative democratic liberal reforms by peaceful means.

If the counter-revolutionary invasion of Cuba is successful and Cuba is returned to the governance of men whose philosophies are not essentially Communist, then pause will have been given the ostensibly inevitable Communist revolution, and its opponents may be able to take heart, however briefly, that the democratic and liberal view of man lives on and still pits its brawn against the avalanche.

ATTENTION GETTER The roar of Victoria Falls on Africa's Zambesi River can be heard 20 miles. Its great plume of water vapor is visible for 7 miles.

VIRTUE From Lyons Le Progres

The city hall in Pouzin was robbed of records, archives, \$100, and a revolver. The robbers also drank all the soft drinks in the building but didn't touch a barrel of very excellent wine.

Toys in the Attic

Good Listening-

Today On WSUI

IF THE WORLD BLOWS UP, you'll want to know why; that's the reasoning behind WSUI's various news background programs. Today at 12:45 p.m. and at 5:45 there are press reviews from West Germany and Japan, respectively, which may well shed some light on the somewhat shadowy substance of contemporary world affairs.

OUR PROMISE, one week ago, that you would be able to hear a pre-Easter program by the SUI Chamber Singers was like so many we make: it never came true. But tonight at 8, barring the unscheduled appearance of a very distinguished group of strolling musicians, you will (w-i-l-l) hear the Chamber Singers or our name isn't KXIC. Originally recorded on March 5, the program

included Mass (1948) by Igor Stravinsky and a group of lesser works. Conductor Daniel Moe, Scarlatti (Alessandro), Victoria and Schutz were among the composers represented. Soloists for the occasion were Herald Stark, David Lloyd, Patricia Barendsen, Virginia Linn and Richard Grace. The Stravinsky Mass is a sufficiently unusual work to require special attention and frequent hearing if it is to be properly digested; with a modicum of luck, WSUI will fulfill its earlier promise of an airing - tonight at 8 p.m.

A STERO CONCERT, beginning at 7 p.m., will precede the appearance of the Chamber Singers and will have the Beethoven Symphony No. 3 (Eroica) as its principal work. (Symphonic works, in particular, seem to benefit from binaural presentation; an inexpensive FM receiver added to your present AM rig can do wonders for your listening pleasure.)

LET'S FACE IT: Some people just don't like good music. (We occasionally report favorable comments, so... ) A lady (?) in Cedar Rapids just wrote to say, "Please do NOT send me your program guide for Serious Music, as I'm NOT interested." Oddly enough, our records do not show her as a subscriber; however, we are doing everything within our power to see to it that she is spared further annoyance (and the considerable saving effected thereby will be plowed back into the operation).

University Bulletin Board

University Bulletin Board notices must be received at The Daily Iowan office, Room 201, Communications Center, by noon of the day before publication. They must be typed and signed by an adviser or officer of the organization being publicized. Purely social functions are not eligible for this section.

MATHEMATICS COLLOQUIUM, 4 p.m., Thursday, April 20, 311 Physics Building. Speaker: James F. Jakobsen, "Some Remarks on Orbits." Coffee in 301 Physics Building at 5:30 p.m.

ZOOLOGY SEMINAR, 4 p.m., Friday, April 21, 201 Zoology Building. Speaker: Professor Sears Crowell, Department of Zoology, University of Indiana, "Growth Patterns in Hydrozoa: Analysis and Significance."

DEPARTMENT OF SPEECH AND DRAMATIC ART FILMS, 8 p.m., Tuesday, April 25, Macbride Auditorium. "Long Pants" (1927), directed by Frank Capra, with Harry Langdon and "Loony Tom - The Happy Lover" (1931), directed and photographed by James Broughton, with Kermit Sheets and Gertrude Harris, music by Ralph Gilbert. No admission charge.

1960 List Now Available—

# Top Books in SUI Library

By JUDY HOLSCHLAG  
Society Editor

"A Selected List of Notable Books of 1960" is available in the Browning Room and lobby of the University Library, in honor of National Book Week, April 16-22.

Of the 46 books on the list, prepared by the Notable Books Council of the American Library Association, 45 are now available at the University Library or in departmental libraries of SUI.

Thirty-six libraries from all sections of the United States assisted in compiling the list. Their selections were based on the books' "contribution to literature and general knowledge."

Choices available in the University Library Browning Room are: "This Is the American Earth," Ansel E. Adams and Nancy Newhall; "Born Free: A Lioness of Two Worlds," Joy Adamson; "Picture History of the Civil War," American Heritage; "The Public Years," Bernard M. Baruch; "The Forrest and the Sea," Marston Bates; "The Passionate Sightseer," Bernard Berenson; "The Master Builders," Peter Blake; "A Time in Rome," Elizabeth Bowen.

"Copland on Music," Aaron Copland; "Clea," Lawrence Durrell; "Goodbye to a River," John Graves; "The Child Buyer," John Hersey; "On Thermo-nuclear War," Herman Kahn; "A Separate Peace," John Knowles; "The Leopard," Giuseppe Lampedusa; "To Kill a Mockingbird," Harper Lee; "Times Three," Phyllis McGinley; "The Son of Man," Francois Mauriac.

"Thomas Wolfe," Elizabeth Nowell; "Literature and Western Man," John B. Priestley; "The Last

of the Just," Andre Schwarz-Bart; "In Defense of Ignorance," Karl J. Shapiro; "The Affair," Sir Charles P. Snow; "Journey into Summer," Edwin W. Teale; "Walk Egypt," Vinnie Williams.

In the general library are: "Grant Moves South," Bruce Catton; "Dr. Schweitzer of Lambarene," Norman Cousins; "The Firmament of Time," Loren C. Eiseley; "Felix Frankfurter Reminisces," Felix Frankfurter; "The Future as History," Robert L. Heilbroner; "The Four Loves," C. S. Lewis; "Turmoil and Tradition: A Study of the Life and Times of Henry L. Stimson," Elting Elmore Morison.

"Queen Mary: 1867-1953," James Pope-Hennessy; "Lord Burghley and Queen Elizabeth," Conyers Read; "Stages of Economic Growth," Walt W. Rostow; "The Politics of Upheaval," Arthur M. Schlesinger Jr.; "The Rise and Fall of the Third Reich," William L. Shirer; "The Two Cultures and the Scientific Revolution," Sir Charles P. Snow; "Robert Frost: The Trial by Existence," Elizabeth S. Sergeant.

Departmental library offerings include: "The Intelligent Man's Guide to Science," Isaac Asimov, zoology; "Sculpture of This Century," Ferdinand L. Berckelaers, and "Art and Illusion," E. H. J. Gombrich, art; "History of Western Music," Donald J. Grout, music; "Education and the Human Quest," Herbert A. Thelen, education; "The Reluctant Surgeon: A Biography of John Hunter," John Kobler, medical library.

"An American Dialogue," Robert M. Brown and Gustave Weigel, is on order and will be in soon.

## SUI Sounds Off—

### Does Youth Feel Guilty About Elders?

"One of the reasons given for the popularity of the Peace Corps is the fact that American youth feel guilty about the actions of their elders. Do you feel guilty about anything? What?"

(Answers obtained in Gold Feather Room)

**George Keithley, G. Iowa City:** "I think most of us feel guilty about a foreign policy which has been based on buying friendship for motives of political power. The originators of the Peace Corps and

the people volunteering to serve in it are trying to extend understanding around the world, without requiring that those whom they help must agree with any one nation's political ambitions.

**Carolyn McCormick, A2, Bloomfield:** "The only things I feel guilty about are the actions of my elders, in that many of them are too complacent when it comes to taking a stand on any issue — either domestic or foreign."

**Duane Beenken, B4, Britt:** "To me, the basis of the past only points forward to the trend of the future. We must not place blame on our ancestors for the efforts they put forth. A comparable basis perhaps could be used. The Model T Ford is not efficient as the new high-powered automobile. The same can be said for our foreign policy. We have gone from

a strict policy of isolation to one of constant participation in international affairs. I feel the Peace Corps is one element of evolution in this process.

**Allen Greenough, A2, Sioux City:** "I don't believe that American youth as a whole feels guilty about anything at all. Regardless of any patriotic, altruistic, or similar reasons youth may give for joining the Peace Corps, I'm afraid that their own welfare is their first concern. There is no reason to feel guilty about the actions of our elders anyway, since every generation profits from the mistakes of their parents."

**Erbe Nominates 4 To Top Positions**  
DES MOINES (AP) — Three Republican state senators and a former GOP legislator were nominated by Gov. Norman Erbe Tuesday for top state administrative posts.

The governor named Senators X. T. Prentiss, 65, Mount Ayr, Lawrence Putney, 62, Gladbrook, and Carroll Price, 51, Knoxville, and former Rep. J. C. Colburn, 68, Harlan.

All appointments were for six-year terms, effective July 1. They are subject to Senate confirmation. Prentiss was nominated to the Tax Commission, succeeding Leon Miller (D-Knoxville).

## Marshall Scholarships To Britain Available

Twenty-four Marshall Scholarships, for two or more years of study in a British university, are again available to students who are or will be graduates of an accredited U.S. college or university by October, 1962, according to information received by the SUI Graduate College. The program was established in 1953 as an expression of British gratitude for Marshall Aid.

Applicants, whether men or women, must be U.S. citizens who will be under 26 years of age on Oct. 1, 1962, except that in unusual circumstances, people up to age 28 will be accepted.

A Marshall scholar receives 550 pounds (about \$1,500) a year and approved tuition fees. There is also a small allowance for books and local travel. A married man's scholarship may be increased by 200 pounds a year. The fare for travel between the student's U.S. home and the United Kingdom university will be paid.

Selection of scholars is based on distinction of intellect and character as evidenced both by scholastic attainment and by other activities and achievements. Preference is given to candidates who combine high academic ability with the capacity to play an active part in the United Kingdom university to which they go.

There are five regional committees in the U.S. Iowans are in the Midwestern region. Interested persons should contact the British Consulate-General, 200 S. Michigan Ave., Chicago 4. They should not write to the United Kingdom for scholarship information.

Candidates may apply in one region only. This may be the area in which they live or work or in which they have received at least two years of college training. Four scholarships are awarded

in each of the five regions, with four more awarded at the discretion of the advisory council and the Marshall Aid Commemoration Commission in London.

Applications for awards to be taken up in 1962 should be in the hands of the appropriate regional committee by Oct. 15, 1961.

Every effort is made to place a scholar at the university of his choice. Once placed, he is required to take a degree there. Students are also expected to spend a reasonable part of their vacations in the United Kingdom.

Professor Mark Hale, director of the SUI School of Social Work, will give a paper on "School-Agency Cooperation in Training Public Welfare Personnel." Others attending are Mildred Snider and Katherine Kruse, both assistant professors in the School of Social Work.

Reservations should be made by calling Ed Hickman, assistant professor of business, x4822, University Hall.

## Last Social Event For Triangle Club

The Triangle Club, faculty organization at SUI, will hold its last social event of the year Friday from 9 p.m. to midnight in the Triangle ballroom in the Union.

Don Benda will play for dancing and there will be special entertainment by members of the social committee plus a buffet. The ballroom will be decorated to depict an ocean liner the U.S.S. Triangle.

The charge was made by his Atty. F. E. Van Alstine to a U.S. District Court jury.

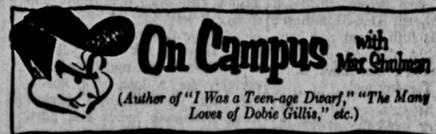

## Firm's Officers Sold Stock Illegally—U.S.

SIoux CITY (AP) — The government said Tuesday it intends to prove the now-bankrupt Northern Biochemical Corp. of Sheldon sold 374,765 shares of common stock to 334 persons in 10 states.

The charge was made by his Atty. F. E. Van Alstine to a U.S. District Court jury.

## TEACHERS WANTED:

## A ROBE BY ANY OTHER NAME

As Commencement Day draws near, the question on everyone's lips is: "How did the different disciplines come to be marked by academic robes with hoods of different colors?" Everybody—but everybody—is asking it. I mean I haven't been able to walk ten feet on any campus in America without somebody grabs my elbow and says, "How did the different disciplines come to be marked by academic robes with hoods of different colors, hey?"

This, I must say, is not the usual question asked by collegians who grab my elbow. Usually they say, "Hey, Shorty, got a Marlboro?" And this is right and proper. After all, are they not collegians, and, therefore, the nation's leaders in intelligence and discernment? And do not intelligence and discernment demand the tastiest in tobacco flavor and smoking pleasure? And does not Marlboro deliver a flavor that is uniquely mellow, a selectrate filter that is easy drawing, a pack that is soft, a box that is hard? You know it!

But I digress. Back to the colored hoods of academic robes. A doctor of philosophy wears blue, a doctor of medicine wears green, a master of arts wears white, a doctor of humanities wears crimson, a master of library science wears lemon yellow. Why? Why, for example, should a master of library science wear lemon yellow?

Well sir, to answer this vexing question, we must go back to March 29, 1844. On that date the first public library in the United States was established by Ulric Sigafos. All of Mr. Sigafos's neighbors were of course wildly grateful—all, that is, except Wrex Todhunter.

Mr. Todhunter had hated Mr. Sigafos since 1822 when both men had wooed the beautiful Melanie Zitt and Melanie had chosen Mr. Sigafos because she was mad for dancing and Mr. Sigafos knew all the latest steps, like the Missouri Compromise Mambo, the Shay's Rebellion Schottische, and the James K. Polk Polka, while Mr. Todhunter, alas, could not dance at all owing to a wound he had received at the Battle of New Orleans. (He was struck by a falling praline.)

Consumed with jealousy at the success of Mr. Sigafos's library, Mr. Todhunter resolved to open a competing library. This he did, but he lured not a single patron away from Mr. Sigafos. "What has Mr. Sigafos got that I haven't got?" Mr. Todhunter kept asking himself, and finally the answer came to him: books.

So Mr. Todhunter stocked his library with lots of dandy books and soon he was doing more business than his hated rival. But Mr. Sigafos struck back. To regain his clientele, he began serving tea free of charge at his library every afternoon. Thereupon, Mr. Todhunter, not to be outdone, began serving tea with sugar. Thereupon, Mr. Sigafos began serving tea with sugar and cream. Thereupon, Mr. Todhunter began serving tea with sugar and cream and lemon.

This, of course, clinched the victory for Mr. Todhunter because he had the only lemon tree in town—in fact, in the entire state of North Dakota—and since that day lemon yellow has of course been the color on the academic robes of library science.

(Incidentally, the defeated Mr. Sigafos packed up his library and moved to California where, alas, he failed once more. There were, to be sure, plenty of lemons to serve with his tea, but, alas, there was no cream because the cow was not introduced to California until 1931 by John Wayne.)

And today Californians, happy among their Guernseys and Holsteins, are discovering a great new cigarette—the unfiltered, king-size Philip Morris Commander—and so are Americans in all fifty states. Welcome aboard!

## SUI Pre-Med Student Gets Ballantyne Award

A 24-year-old pre-med student is this year's winner of the Robert Ballantyne Award at SUI.

Harry (Chuck) Smith, A4, Clinton, received the \$50 grant awarded annually to a senior student "who has made a major contribution to the financing of his own education and at the same time has maintained a satisfactory academic record."

The award was established in memory of Ballantyne, who was manager of SUI student employment service for a number of

years before his death in August, 1955.

A three-time holder of a Drew Scholarship, Smith has maintained an above-average academic record while putting in 25-30 hours a week in various part-time jobs.

Currently Smith is a laboratory assistant to Dr. Robert E. Carter, assistant professor of pediatrics. Carter is conducting studies of bone marrow. (Cancer of the bone marrow and blood-forming tissues in general include various types of leukemia.)

## Grant To Aid Understanding Of Politics

The Iowa Citizenship Clearing House is one of 20 regional affiliates of the national Citizenship Clearing House (CCH) which will benefit from a general support grant of \$600,000 just made to the national organization by the Ford Foundation.

Announcement of the grant was made today by Arthur S. Fleming, chairman of the CCH board of trustees. Fleming said the money will be used to strengthen and continue the regional Clearing House programs in political education.

Activities sponsored by the Iowa CCH to increase the political experience and understanding of Iowa college students include the "Week-in-Washington" program, through which selected students and professors from Iowa colleges and universities are guests of Iowa Congressmen in the national capital.

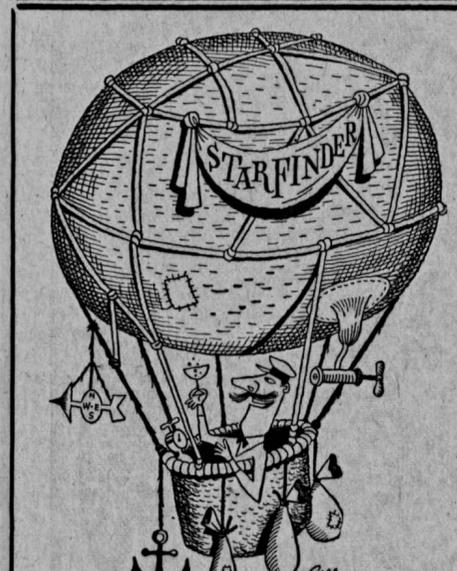

The Iowa CCH also sponsors workshops in politics for students, and internships with political candidates and interest groups. Twenty-six Iowa colleges and universities cooperate in the program of the Iowa CCH, which has headquarters at SUI. Annual budget of the Iowa group is approximately \$7,000. Dean Robert F. Ray of the SUI division of special services, is director of the Iowa CCH.

The 20 regional affiliates of the CCH cover 28 states, coordinating activities on more than 500 American campuses. The new Ford Foundation grant will be given in five annual installments.

Fleming also announced that the national CCH fellowship program is being expanded this year to provide full-time political assignments for five college professors and thirteen graduate students and lawyers in the offices of state and municipal officials. The national fellowship program is supported by a previous grant of \$700,000 from the Ford Foundation.

## Brown Batters Briton In 15-Round Title Bout

LONDON (AP)—Lightweight champion Joe Brown of Baton Rouge, La., cut Dave Charnley's nose in the fifth round and hammered out a decision over the blood-smeared Briton in a 15-round title fight Tuesday night.

It was Brown's second straight title victory over the 25-year-old Londoner and his 10th defense of the 135-pound division crown. The 35-year-old American stopped Charnley on a cut over the right eye in six rounds at Houston, Texas, 16 months ago.

There were no knockdowns although both fell to the canvas after a collision in the first round.

The long-armed American re-

peatedly smashed Charnley's gashed nose with fast rights and snapping left jabs. By the 12th round Charnley was bruised about the eyes, streaming blood from the nose cut and trying desperately for a long shot knock-out. But Brown calmly pecked away with both hands and piled up points.

A sellout crowd of 18,000 in Earls Court Stadium paid about \$112,000 for London's first title bout since light heavyweight champion Archie Moore knocked out Yolande Pompey in the tenth round. Brown earned about \$50,000 and Charnley about \$28,000.

It was the first defeat for Charnley, British and European lightweight champion, since he was stopped by Brown. He had won five straight. His record is 37-7-1.

Brown's victory made his record 83-18-10. Until Brown surpassed it, the great Benny Leonard held the record for lightweight title defense with eight.

## Barbara McIntire Rallies for Victory In Golf Tourney

PINEHURST, N. C. (AP)—Barbara McIntire recovered from the loss of four successive holes on the front nine Tuesday to overtake Mrs. Betty Probasco on the way in and score a 3 and 2 second round victory in the North and South Amateur Golf Tournament.

Miss McIntire, defending champion from Lake Park, Fla., was 4 over par for the second day as she beat the Chattanooga, Tenn., woman who won the national collegiate crown 11 years ago.

Judy Eller of Old Hickory, Tenn., and Judy Bell of Wichita, Kan., advanced, as did Mary Patton Janssen of Charlottesville, Va., and Mrs. Alex Welsh of Rockford, Ill., the opening round giant killers.

Phyllis Preuss, 22-year-old Pompano Beach, Fla., blonde, shot the day's best golf, one under par, in whipping Mrs. Paul Dye of Indianapolis, 7 and 6.

## Co-Managers Still Without Licenses

BOSTON (AP)—The Massachusetts Boxing Commission deferred action Tuesday on applications for licenses by Joe Netto and Johnny De John, co-managers of Carmen Basilio.

De John and Netto were barred by the New York Athletic Commission because of payments to an unlicensed undercover manager.

De John applied for a manager's license and Netto for a second's license in connection with Basilio's middleweight title fight with Paul Pender in Boston Saturday.

De John and Netto were closeted with commissioners Tommy Rawson and Eddie Urbec for about a half hour.

"We hope to have a decision by Thursday or Friday," said Urbec.

## 5 New Directors Added To Titans Front-Office

NEW YORK (AP)—Five new directors, including John A. Roosevelt, youngest son of the late president, have been added to the front-office family of the New York Titans of the American Football League, club president Harry Wismer said Tuesday.

Roosevelt also will serve as vice president. Sen. George Smathers of Florida, formerly a director, has been named executive vice president.

Other new directors are Harry G. Fownes, advertising executive; Dennis J. McMahon, former collector of internal revenue; Charles Alcotte, publisher, and Edward J. McDonough, attorney.

## Hero-Worshippers Plan Gala Homecoming for No. 1 Twins

ST. PAUL-MINNEAPOLIS (AP)—The Minnesota Twins, flashing early season power in the American League, come home Thursday to a royal welcome.

If the fans are making a premature down payment on hero-worship you can hardly blame them.

The Twins have been in sole possession of first place in the league since winning three out of four from Baltimore last week-end. Tuesday, they extended their mark to 5-1 with a 3-2 victory over Boston. They play the Red Sox in the second game of the series today.

The former Washington Senators, transplanted by president Cal Griffith last October, will fly in tonight for their first home game Friday, against the new Washington club.

No elaborate ceremonies are planned at Wald-Chamberlain Field, but the cities, usually bitter rivals in sports and everything else, will link arms in new-found friendship to toast the team Thursday.

St. Paul gets the first chance with a breakfast at a downtown hotel and a musical salute from the police band. Then the 36-car motorcade, with officials and players waving from convertibles, will wind through city streets and across the Mississippi River to Minneapolis.

Among those in the party will be American League President Joe Cronin, Gov. Elmer L. Andersen, Manager Cookie Lavagetto and Griffith.

League Chairman William Harridge will be on hand later in the day and Baseball Commissioner Ford C. Frick is expected for the opening game.

With a 10-mile route between the cities, thousands of fans will get their first chance to see the likes of slugger Harmon Killebrew, Bob Allison, Pedro Ramos and Zoilo Versalles.

It shapes up now as a probable sellout crowd for Friday's 1:30 p.m. game. Ticket manager Charlie Lavender said there are about 3,000 tickets left, out of the Metropolitan Stadium's 30,627 seating capacity.

Those fans who keep one eye on the schedule and the other on the weather could fill the stands under fair skies on opening day. But the weather bureau's forecast is for possible rain and cooler, maybe in the 50s.

Ground crews have been working into evening hours to spruce up the stadium, a \$4.5 million plant and 5-year-old former home of the American Association Minneapolis Millers.

♦ K 6 3  
♣ 5 4

A defensive play of rare occurrence was executed by West to defeat a slam contract in today's hand.

South's opening bid fully meets with specifications. Including the two points for distribution, it is worth 13 points and has a good rebiddable suit.

North could reasonably have contracted for six spades at once, but to allow for bigger things he chose first to temporize with a "manufactured" jump shift of three diamonds.

South rebid the spades and North then showed the ace of clubs. South showed a preference for diamonds, and North followed it up by acknowledging possession of the ace-of-hearts. In view of the minimum nature of his opening, South merely returned to four spades. At this point, North jumped directly to slam. South, of course, could not be interested in the idea of going any further.

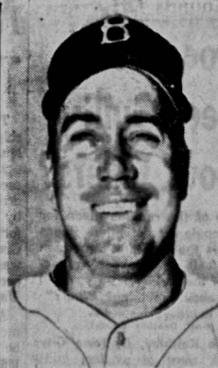

Upon deliberation, he hit upon the lead to unseat declarer, namely the queen of diamonds. South could not now avoid the loss of a trick in that suit. He could win with the ace and if he put thru the ten, East would cover, establishing West's nine.

**3 Unearned Runs Let  
Iowa State Beat Drake**

DES MOINES (AP)—Iowa State's baseball team put across three unearned runs in the eighth inning for a 9-6 victory over Drake Tuesday. Chuck Staudte doubled, and after errors scored two runs. Gary Everist singled home the final one. Dennis Hagen, the fifth Cyclone pitcher, was credited with the victory.

DUKE SNIDER  
Out for Month

## Elbow Injury To Sideline Duke Snider

LOS ANGELES (AP)—Veteran slugger Duke Snider Tuesday was declared out of action for at least a month with a bone fracture in the right elbow, dealing the already slow starting Los Angeles Dodgers a jolt.

Vice President E. J. (Buzzie) Bavasi wired Commissioner Ford Frick to ask that Duke be placed on the disabled list for 30 days.

The 34-year-old Snider was hit by a Bob Gibson pitch at the St. Louis Cardinals beat the Dodgers 9-5 Monday night.

The accident occurred in the fifth inning. On his previous trip to the plate, Snider had sliced a home run over the left field screen. It was No. 370 in the Duke's career and placed him alone in seventh spot in the all-time major league home run derby. He had been tied with Ralph Kiner.

Dr. Robert Kerlan, the club physician, said the right radius bone at the elbow was fractured. The arm will be in a cast for about three weeks.

The injury came as a distinct blow to Snider, who had hoped for a great—if not his last—year with the Dodgers. The club was pre-season favorite for the National League pennant.

Snider has been plagued with a bad knee for the past few years. But it had not bothered him this spring and he checked into spring training camp in what many Dodger old-timers thought was his best condition since 1948.

**WIESENHAHN TO ROYALS**  
CINCINNATI (AP)—The NBA's Cincinnati Royals announced that Bob Wiesenbahn will play with the Royals' next season. He led Cincinnati's 1961 NCAA champs.

## Weather Halts 5 Games—

## Pirates Win Home Opener

PITTSBURGH (AP)—The world champion Pittsburgh Pirates opened their home season Tuesday by scoring two runs in the seventh inning to break a tie and give them a 5-3 victory over the Chicago Cubs.

Despite 42-degree weather, A crowd of 30,781 turned out at Forbes Field.

First baseman Dick Stuart, who had given the Pirates a one-run lead with a booming triple in the fifth inning, drove in what proved to be the winning run with a single in the seventh.

Southpaw Vinegar Bend Mizell, who usually has little trouble with the Cubs, received credit for the victory although the Pirates' ace relief pitcher, Roy Face, hurled the final two innings. It was Mizell's first start of the young season.

Starter Dick Elsworth of the Cubs was removed for a pinch hitter and the defeat was charged

to Mel Wright who gave up both Pirate runs in the seventh. After retiring one man, Wright gave up singles to Dick Groat and Bob Clemente. Stuart dropped a looping single into short right and Groat scored. Clemente going to third. A moment later Clemente scored on a squeeze bunt laid down by Bill Mazerowski.

Chicago 000 200 100—3 7 1  
Pittsburgh 200 010 20X—5 12 0  
Elsworth, Wright (7) and Bertell, Thacker (7); Mizell, Face (8) and Smith, W.—Mizell (1-0), L.—Wright (0-1).

★ ★ ★  
**Twins 3, Boston 2**

BOSTON (AP)—Rookie left-hander Bill Pleis choked off an eighth-inning Boston rally Tuesday and preserved a frigid 3-2 victory for the American League-leading Minnesota Twins and swift young Jim Kaat.

Kaat, a 6-foot-4 southpaw who

owns a jumping fast ball, had allowed only one hit before he ran into trouble in the eighth. A double sliced to right by Pumpsie Green, a pinch single by Rip Repulski, an infield out and a base on balls produced one Boston run and brought on Pleis.

A hit batter and an error let in one more, cut the Twins' lead to one run and had the bases loaded before Kaat got Carl Yastrzemski on a fly ball to end the threat.

Kaat, 22, making his first start of the season, was in complete control until he weakened in the biter cold.

He blew his fast ball past the Red Sox for six strikeouts and walked only two before the Boston uprising.

The crowd of 2,309 shivered in a cold, steady east wind.

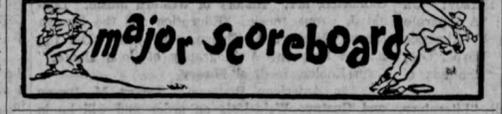

Jim Lemon's solo homer in the sixth inning, his first of the season, blasted into the left field screen in the teeth of the wind, was the difference.

Minnesota 101 001 000—3 11 1  
Boston 000 000 020—2 7 1  
Kaat, Pleis (8) and Batters; Maffett, Hillman (7), Nichols (9) and Pagliaroni, Nixon (4), Gilley (9), W.—Kaat (1-0), L.—Maffett (0-1).  
Home run—Minnesota, Lemon (1).

**MULLOY GAINS NET WIN**  
PARIS (AP)—Gardnar Mulloy of Coral Gables, Fla., won a first round match from Frances's fourth-ranked Bernard Boutbow in the Paris International Tennis Championships Tuesday.

## WIN THE FROODMOBILE

Dr. Frood presented the automobile industry with this magnificent pre-compact. Hurt and disillusioned because the auto industry preferred to develop their own compact, FROOD NOW OFFERS HIS CAR TO SOME LUCKY COLLEGE STUDENT! This is a brand-new, gas-driven, REAL CAR. It features four (4) wheels, genuine foot-power brakes, "fresh-air conditioning," and actual left-right steering mechanism! The economical 7.9 horsepower engine saves you hundreds of dollars in hay and oats! Goes 32 miles per hour, gets up to 65 miles per gallon. The Froodmobile can be licensed in every state except New Jersey. (New Jersey hates Frood.) WIN this beautiful car (with "FROODMOBILE" mounted in brass on the cowl!). Actual value over \$1,000.

**TO ENTER THE LUCKY STRIKE FROODMOBILE CONTEST**, simply finish this sentence in 25 words or less:  
"I need the Froodmobile because..."

Entries will be judged on the basis of humor, originality and style (preferably Froodian). If, in the opinion of our judges, your answer is best, the makers of Lucky Strike will deliver to you, on campus, the Froodmobile. A carton of Luckies will be given to the first 100 runners-up. Along with your entry send your name, return address, college or university, and class. Entries must be postmarked no later than April 15, 1961. All entries become the property of The American Tobacco Company. Send your entry (or entries) to LUCKY STRIKE, P. O. BOX 17A, NEW YORK 10, NEW YORK.

### City Editors' Problems To Be Heard on WSUI

Something unusual for a radio station — presenting an extensive discussion of the problems faced by newspaper editors in reporting news and opinion for their readers — will be broadcast by WSUI from 14 p.m. Saturday.

The broadcast, making up this week's "Saturday Supplement" program, is based largely on the April 6-7 Iowa City Editors' Conference held at Cedar Rapids. A four-man team of WSUI staffers, armed with two tape recorders, attended the conference not only

to record much of the scheduled portions of the conference agenda, but also to make special interviews with individual city editors and speakers for use on the broadcast Saturday.

The broadcast will include the address delivered by John Justin Smith, Chicago Daily News columnist, concerning his ideas about the need for more "crusading" by newspapers; interviews with various Iowa newspaper city editors about editors' ethics, news coverage problems, and editorializing.

### Hamilton Rules "No Negligence"

District Court Judge Claire E. Hamilton ruled Tuesday that Poole Transfer, Inc., and a driver of one of their trucks, Ralph E. Pace, were not negligent in the car-truck accident on July 11, 1958, in which Rolland H. Schilling, Iowa City, was killed.

Elizabeth Ann Schilling, administratrix of Schilling's estate, had filed a \$25,560 damage suit against the trucking firm.

Hamilton said that the plaintiff had failed to establish the necessary burden of proof. He also ordered Mrs. Schilling to pay the trucking firm \$3,312 for damages done to the truck in the accident.

Hamilton heard the case Monday. A jury trial was waived by the parties involved.

### Society's Founder Hits Red 'Appeasement'

HOUSTON, Tex. (AP) — The Houston Chronicle, in a copyright story, today quoted Robert Welch, founder of the John Birch Society, as saying he does not like what he called the "continuing appeasement" of the Communists by the Kennedy Administration.

Welch also was quoted as saying there are more Communist sympathizers in the Federal Government than ever before, including the diplomatic corps.

Saul Friedman, Chronicle reporter, tape recorded the hour and a half interview with Welch in Dallas Monday.

Friedman asked how many Communists or sympathizers are in the diplomatic corps.

"I think it's fairly heavy in the diplomatic corps," Welch replied. "I really do. It's fairly heavy percentage-wise."

"What about Kennedy himself?" Friedman asked. "What classification would you make?"

Welch replied: "Well, I was asked that in a place and I tried to stay out of that argument, but I was asked it in, I guess, Santa Barbara, and I said that I did not think that Kennedy was as much a captive of the Communists

### Japanese Lions Given Film on SUI Eye Bank

At the request of an American serviceman stationed in Japan, the Lions Eye Bank at the SUI Hospitals has presented to the Kanto Lions Club of Tokyo a print of its motion picture "So Others May See."

The film is in color and sound and is about the Eye Bank at SUI. It was produced on the SUI campus in 1956.

In Japan, the film will be shown to the 223 Lions Clubs in the country, with the hope of getting an eye bank started there. The Sight Saving Program is one of the main endeavors of Lions Club International.

SUI's traveling musicians — the Old Gold Singers — will appear in concert in three Iowa cities during the next 10 days.

Directed by Marvin Genuchi, G. Bennet, Neb., the Singers will appear in Des Moines Thursday, in Anamosa April 27, and in Knoxville the following day.

Their Des Moines appearance will be a concert for members of the Iowa Legislature and their wives at Younkers Tea Room at the annual Legislative Wives Tea.

The Anamosa concert will be an hour-long "song-fest" for the parent-Teachers Association. In Knoxville, the group will appear at the Sportsman's Show.

UNION MOVIE ANNOUNCED  
A free Union Board movie, "Inn of the Sixth Happiness," starring Ingrid Bergman, will be shown at 7 p.m. Sunday night in Macbride Auditorium.

### Whitehead Will Speak To Dietetic Association

Professor F. Eugenia Whitehead, chairman of the home economics department at SUI, will speak this evening in Oklahoma City, Okla., at the annual meeting of the Oklahoma Dietetic Association.

### TRAIN DERAILED

PITSEA, England (AP) — Four passengers were killed and 50 injured in the derailment of a train 25 miles east of London Tuesday.

The engine went off the rails near a bridge spanning the main London-Southend highway.

## Profile--

(Continued from Page 1)

even though I may not agree with them personally. Ray said he will not miss his editorship when it expires May 16, but that it "was good experience, and I feel the paper was livelier than in the past, and more oriented toward the students."

An editorial journalism major, Ray presently holds a 3.2 grade average. After graduation, he would like to work on a big city newspaper, "probably not in Iowa." His long-range plans include public relations work in the Washington political arena, and, eventually, free-lance writing.

"One of the reasons I went into newspaper work was to learn about life, meet people, and have different experiences, because in order to be a successful writer, one must have a large reservoir of experience," Ray said.

Last year, Ray applied for membership in Omicron Delta Kappa, men's leadership fraternity, "just to see if I could get it." He was selected, but he hasn't attended any meetings since initiation.

A former president of Beta Theta Pi fraternity, Ray moved to an apartment off campus last spring. "Fraternities are okay, but I outgrew them. Most of the guys are very young and immature," he said. Ray is 23.

Ray graduated from Central High School in Sioux City, where he played center on the "short" basketball team (he's six feet tall), and was TWIRP king for a girl-ask-boy event.

At SUI, he was an orientation leader, DI assistant city editor, city editor, is the present editor, and is also president of the Associated Students of Journalism.

A former member of the Socialist Discussion Club, Ray said: "Now that I'm graduating, my politics are moving further to the right. I may even become a Republican after I graduate. This will help, because I hope to make a lot of money some day," he quipped.

Ray spent his first semester of college at SUI, but received an engineering scholarship at Iowa State University for the spring quarter. He said he applied for the scholarship, as in the ODK case, "just to see if I could get it."

Iowa State was pretty dreary, he said, so he returned to SUI his sophomore year. "SUI is a keen school," he said jokingly, "but I'm glad to be finally getting out."

"Being editor during an election year was quite an experience," Ray said. "It got me interested in politics."

"What I like least about being editor is when people call me in the middle of the night, threaten me, or ask why their letters haven't appeared on the editorial page. Most people know little about the mechanical problems of a paper, for if they did, I'm sure they wouldn't complain about some of the things we do."

Ray said he will not miss his editorship when it expires May 16, but that it "was good experience, and I feel the paper was livelier than in the past, and more oriented toward the students."

## SDC Discusses Co-ops, Cuba, and Discrimination

By BILL GRAHAM  
Staff Writer

The chance of success of a student co-operative bookstore in Iowa City, the American policy on Cuban intervention, and the Negro discrimination problem were topics of discussion at the Socialist Discussion Club (SDC) meeting Monday night.

About 50 students at the meeting in the Iowa Memorial Union heard a tape of an interview with James F. Long, general manager of the Consumers Co-operative at Oberlin College, in Ohio. On the tape, Long said that a co-op book store would work in Iowa City if students were willing. He said little that can be done to stop the organizing of a co-operative.

The possibility of a co-op dormitory was also discussed.

A resolution against U.S. intervention in Cuba was discussed by

the members, but it was decided that such a resolution was against the SDC constitution and would require a constitutional amendment.

Jerry Barrett, G, Iowa City, charged that although Kennedy claims that there has been no U.S. intervention, "We have harbored the anti-Castro rebels, armed them, and built them a base in Guatemala, and it's ridiculous to go on claiming that we have not intervened."

Daniel Rubin, editor of "New Horizons", socialist youth magazine, and member of the executive committee of the "Progressive Youth Organizing Committee", spoke on "Marxism versus Liberalism on Discrimination".

He said the difference between the liberal's views of discrimination and that of the Marxist was by ignorance and prejudice, and a Marxist would not agree.

## Prof's To Discuss Disarmament Plan In Spotlight Series

Unilateral Disarmament will be the topic of the Union Board Spotlight Series Wednesday at 4 p.m. in the Pentacrest Room of the Union.

Guest panelist Richard Hunt, assistant professor of history, will support a policy of unilateral disarmament in the discussion. Regular panel members are Robert Boynton, assistant professor of political science, John Harlow, associate professor of business administration, and H. W. Saunders, professor of sociology.

Free coffee will be served at the program.

## Mom's Day Weekend Packed with Activities

By BARB BUTLER  
Staff Writer

A weekend full of activities has been planned for May 6 and 7 to honor mothers of SUI students.

Parents of all undergraduates were extended an invitation to the activities by SUI President Virgil Hancher in letters sent this week.

The annual Mothers' Day Weekend is sponsored by Associated Women Students (AWS). Reigning over the activities will be the SUI Mother of the Year, to be named next week by the AWS Mothers' Day Committee. Student letters nominating mothers for the honor must be turned in at the Office of Student Affairs by 5 p.m. today.

The SUI Mother will be formally presented at the Mother's Day Luncheon May 6 at 11:45 a.m. in the Iowa Memorial Union. Tickets for the luncheon go on sale April 24 at the old ticket desk in the Union.

Following the luncheon, parents will have a choice of taking one of five campus tours. The tours conducted by faculty members include: the Theatre and Art Building; Library and Womens Physical Education Building; the TV Center; Daily Iowan, and Hawkeye physical plants; the Physics Building satellite area and the Engineering Building including WSUI; the Chemistry Building and Macbride Hall including a special exhibit in the Home Economics Department.

Other activities during the weekend include the synchronized swimming show, "A City at Night," presented by the Seals Club at the SUI Field House pool May 6 and 7.

The University Theatre presentation of Paul Claudel's "Break of Noon" has also been extended to May 6 and 7.

To lure SUI Dads and grads to the weekend of activities the annual Alumni-Varsity football game will be held Saturday afternoon at the Stadium.

Sunday afternoon seven groups will compete for honors in the annual University Sing to be held in the Lounge of the Iowa Memorial Union at 3 p.m.

## Paintings Hung In Erbe's Offices

By JIM SEDA  
Managing Editor

Paintings for Gov. Norman Erbe's offices were selected and were hung last weekend, according to Russell Ross, executive assistant.

Thomas Tibbs of Des Moines has been chosen as State Art Director by Erbe, Ross said. Tibbs is director of the Des Moines Art Center.

Ross said the plan is to change the paintings every two or three months. The first group was selected from the Des Moines Art Center.

Future selections will be obtained from the three state-supported schools — SUI, ISU and ISTC. As State Art Director, Tibbs will coordinate the selection of the paintings, Ross said.

The paintings were hung in the governor's office, in the executive assistant's office, and in the office of the governor's secretary in the State Capitol Building.

## Senate Receives Bill To Reapportion Itself

DES MOINES — A bill to realign the state's 50 senatorial districts was sent out for action Tuesday by the Senate Redistricting Committee.

The measure reapportions the Senate so as to make most of the state's multi-county senatorial districts as nearly equal in population as possible.

## Dean Heads College Group

Ted McCarrel, dean of admissions and registrar at SUI, will become president of the American Association of Collegiate Registrars and Admissions Officers during the group's annual convention at Miami, Fla., this week.

McCarrel was selected as president-elect by the group at last year's convention. Previously, he had served a three-year term as vice-president of the organization.

The SUI dean will take office as president of the national association at a convention session Friday morning.

## Warm Weather Ahead for Iowa

Spring weather finally moved into Iowa Tuesday, with the mercury climbing into the 70s in western sections of the state.

Other afternoon highs ranged down to the low 50s in northeast Iowa.

Even warmer weather is on tap for Wednesday, with highs expected to range from the 60s in northeast Iowa to the 70s in the west.

Southerly winds will gain strength Wednesday, however, averaging 20 to 30 miles an hour and gusting up to 40 miles an hour.

Continued warm weather is predicted for Wednesday night and Thursday but the Weather Bureau said scattered showers and thunderstorms are likely Thursday.

## Checks Are Evidence For Income Tax Deductions!

Start now with a checking account. The check provides evidence of deductible expenditures. You have a permanent record of every transaction.

Why wait any longer. Every day may mean a loss in tax money. Come in today and arrange for a Coralville Bank & Trust Co. checking account.

## Safety rules for Power Tools

Even if do-it-yourself projects are a hobby, have an expert do your workshop wiring to assure you of adequate workpower. Read all instructions on the operation, care and repair of your electric tools, then file them for reference. Inspect tools regularly. Choose portable tools with insulated handles. Make sure all electric tools are properly grounded. Avoid touching electrical equipment when any part of your body is in contact with water or dampness. Remember, you'll enjoy doing a better job if you put safety first.
