## Important Policy Matters Await Hancher Consideration

Three matters of policy which were subjects of great student interest this year are now awaiting consideration by President Virgil M. Hancher. The policies deal with: 1) Reorganization of the Committee on Student Life, guardians of the Code of Student Life, which would presumably increase student representation on the Committee; 2) More lenient hours for undergraduate coeds; and 3) Modification in the Code which

would permit groups other than the Central Party Committee to sponsor campus entertainment for which admission is charged. The recommendations of the Committee on Student Life concerning the three issues are included in a letter from the committee's chairman, Ralph J. Ojemann, professor of child welfare, received by Hancher's office Monday. "The matter of composition of the committee will probably be settled first," Connell said, "and an announcement may be expected within the week."

The proposed alteration of the committee was first raised at a Student Council meeting last fall. The Council passed a resolution calling for more student representation on the committee. Present make-up of the committee is 14 faculty members, appointed by the president, and two student members, who apply through the Student Council. The committee acts in an advisory capacity to the president, dealing specifically with the Code of Student Life which governs the non-academic life of all SU-Iowans. The movement to extend closing hours for SU-I undergraduate women is a result of an extensive study conducted by the Associated Women Students (AWS). An AWS committee presented the results of a survey of women's hours at other colleges and universities to the student life committee last winter. AWS particularly asked that week-night hours be moved back from the present 10:30 p.m. deadline so that coeds would not have to take late leaves to attend week night plays, concerts and lectures. Earlier in the year, the group asked that week-night hours be extended to 11 p.m., but the proposal currently before the president reportedly would make the curfew hour even later. The University's current policy on entertainment came under fire this year when several student groups, among them the Socialist Discussion Club (SDC) and Student Peace Union (SPU) attempted to sponsor pay-to-see entertainment at SU-I.

The Code of Student Life provides that only the Central Party Committee can sponsor such events. The Student Council, at the urging of Young Democrats, Young Republicans, SDC and SPU, called for a change in the policy that would enable financially stable campus groups other than CPC to sponsor entertainments. Another Student Council recommendation, that the minimum age for students living in unapproved off-campus housing be lowered from 23 to 21, is currently under discussion in the committee and, if approved, is expected to be sent to Hancher's office before the end of the semester.

Confederate armies were strong enough to fight for four years; they were large enough to have won the war if they had been handled wisely," he said. "Used piecemeal and wastefully, they were insufficient."

For want of a leader the war was lost, the lecturer implied, suggesting that "the Confederate armies needed better leadership than Jefferson Davis provided."

Editor Denny Rehder has described the 1961 Hawkeyes as "a drastic departure from previous books." "The PE departments have been covered," Rehder said, "and we have one of the largest opening sections in history. "The cover, the division pages and the subdivisions are quite different from previous years, the whole format is more informal and more liberty has been taken with the cutlines," said Rehder. "We've tried to have some fun by keeping this book focused on the student's viewpoint at the expense possibly of some of the departments — ROTC for example," he added. "However, we don't feel that we were unfair, nor do we feel that we were unduly critical."

City Council Rejects Petition to Add Nurse

City Manager Peter F. Roan told the Iowa City Council Monday night that he did not anticipate any tax levy increase in next year's budget. Roan made the statement as part of an argument against hiring another public health nurse. Roan said the city couldn't afford it without forcing the budget, which is expected to be ready in July. Accordingly, the council rejected a petition from the Johnson County Health Council seeking another nurse on the grounds that the present three are not enough.

## Federal Troops Pulled Off Montgomery Duty

### DuPont To Sell G.M. Stock—Court

WASHINGTON (AP) — The U.S. Supreme Court ruled Monday E. I. duPont de Nemours & Co. must get rid of its vast stockholdings in General Motors Corp. — not merely yield the right to vote it. Dividing four to three, the court decreed Du Pont must sell its 23 per cent stock interest in GM — 63 million shares — within 10 years. At current quotations, Du Pont's stake in GM is just under \$3 billion.

### Leaders Lost Conflict: Prof

Civil War authority, Prof. Grady McWhiney, Monday pointed to carelessness, inefficiency and corruption as factors foreshadowing the fall of the Confederacy. A professor of history at Northwestern University, McWhiney gave the last of this season's Humanities Society Lectures in the Senate Chambers of Old Capitol. He is the author of a volume of Civil War history, "The Ordeal of Command: Bragg Before Chickamauga."

McWhiney went on to say "Particularism, dissension, incompetence and corruption all weakened the South."

By 1864, the historian pointed out, most of the people had lost the will to resist. Indicator of their dead spirit was one of the day's most popular tunes — "When This Cruel War Is Over."

Despite many disadvantages, McWhiney believes "The South might have won the Civil War if its leaders had made fewer mistakes."

"Confederate armies were strong enough to fight for four years; they were large enough to have won the war if they had been handled wisely," he said. "Used piecemeal and wastefully, they were insufficient."

Despite many disadvantages, McWhiney believes "The South might have won the Civil War if its leaders had made fewer mistakes."

### Council Votes Paving Plan Over Protest

The Iowa City City Council Monday night unanimously passed the 1961 paving program despite objections from an overwhelming majority of residents on six Iowa City streets.

Total cost of paving will be about \$382,240, of which \$359,341 will be assessed against neighboring property. Altogether, parts of 24 streets will be paved or repaired.

Objectors to the program told councilmen at a public hearing last week that assessments would exceed benefits and bring unnecessary hardships on property owners, especially since six of the streets are little used.

According to the Iowa Code, if 61 per cent or more of residents on a street object to its paving, the City Council can override objections only by unanimous approval.

This council did last night with six streets. Those involved were D, Lucas, and Bloomington streets, and 4th, Miller and Orchard avenues.

Councilmen pointed to dust, mud and drainage problems resulting from unpaved streets and declared that property values would increase with the paving.

The council also unanimously voted to widen West Benton St. and the old county road in southeast Iowa City from 25 to 33 feet. The old county road, yet unnamed officially, is already a thoroughfare and West Benton St. is expected to be shortly.

Property owners on these streets, however, will be assessed only for the 25 feet. The other eight will be paid for by the city through special assessment bonds to go on sale June 13.

### 'Tractor Deal' Is Succeeding

WASHINGTON (HTNS) — Unless Castro changes his mind or tries some diversionary trick, his proposed deal to swap more than 1,200 imprisoned Cuban freedom fighters for 500 American-made tractors is going through.

A committee of prominent Americans, acting privately and not as agents of the United States Government, agreed Monday to underwrite the entire exchange — and it will so notify the Cuban dictator before 1 p.m. Tuesday, the deadline he set.

The "Tractors for Freedom Committee," headed by Walter P. Reuther, Milton S. Eisenhower, and Mrs. Franklin D. Roosevelt, announced its decision following an hour-long session with 10 paroled prisoners.

The 10 prisoners said if the deal fails they and their colleagues face sentences of 25 to 30 years at "hard labor" — "or worse."

The American citizens' group issued a nation-wide appeal for donations to buy tractors. Upward of \$15 million may be needed, said Reuther, president of the auto workers union.

### Two Student Plays Set for Readings

Two plays by SU-I students which won the Wartburg College Iowa Collegiate One-Act Playwriting Contest will be read tonight at 8 in Studio Theatre.

Plays are "The Wager," by Margaret Anne Wise, A3, Lexington, Ky., and "An Agon for Athenians," by James Shields, G, Maryville, Tenn. The public is invited free.

Monday night "The Promise of a Child," by Donald McLean, A3, LaGrange Park, Ill.; "From the Beginning," by Bruce Sweet; and "A Son Goes Forth to War Each Morning," by Marvin Hiemstra, A3, Pella, were read. Miss Wise, Sweet, McLean and Hiemstra are in the beginning playwriting class in the Dramatic Arts Department. Shields is in an advanced class.

### 800 Guardsmen Patrolling Streets

MONTGOMERY, Ala. — Federal authorities pulled U.S. marshals off patrol duty in riot-stricken Montgomery Monday and left battle-trained National Guardsmen to keep order.

Still tense, the city went through its first full day of "qualified martial law" with 800 Alabama National Guard troops patrolling sensitive areas of the city.

The 550 Federal marshals in town, who Sunday kept an eye on the Greyhound Bus Terminal and the home of the Rev. Ralph Abernathy, were not on the streets. They spent the day at Maxwell Air Force Base on the outskirts of town.

The Justice Department announced in Washington that 200 more U.S. marshals were ordered sent here, but Deputy Atty. Gen. Byron R. (Whizzer) White, who is directing their activities, said they will serve merely as replacements for 200 other being sent home.

The department announced also the first FBI arrests in connection with violence against the "Freedom Riders." Four men were taken into custody at Anniston on charges in connection with the burning of a "Freedom Riders" bus several days before the mob outbreak in Montgomery.

Both of these developments came shortly after the Alabama congressional delegation had asked withdrawal of all U.S. marshals from the state. Others in Congress praised dispatch of the Federal officers.

The four men arrested at Anniston were charged with throwing a fire bomb into a bus carrying Negro and white "Freedom Riders."

The bomb destroyed the bus and injured some passengers. Later, a second group of "Freedom Riders" boarded a bus and attempted to travel through Alabama. They were severely beaten by a mob in Montgomery last Saturday morning.

The four men, all charged with damaging a bus traveling in interstate commerce, are Robert Dale Couch, 19, unemployed; Jerry Ronald Eason, 22, employed in a flower shop; Frank B. Johnson, 43, a maintenance man; and

## Testing for 'Injun'

Testing the heat absorbency of the outside surface of SU-I's newest space satellite project, "Injun," is Dr. D. Yankatesan, research associate from India in the Department of Physics and Astronomy. The experiment is being conducted on the lawn west of the Physics Building. The surface is inside the glass cylinder. Yankatesan explained that the instruments inside the satellite will operate properly between 0-60 degrees Centigrade and an outer surface must be developed so that such a temperature may be maintained. —Daily Iowan Photo by Carolyn Gottschalk

# Expect Long Talks In Gas Rate Trial

The long and involved controversy between Iowa-Illinois Gas and Electric Company and the city of Iowa City went to trial Monday in District Court here.

The case is being tried before Judge T. W. Miles, the special judge assigned to hear the case. It began Monday shortly before 10 a. m. and adjourned for the evening at 4:20 p. m. No estimates of the time that the trial will take have been specifically made, but it is expected that the trial will last several weeks, and according to one court official, possibly most of the summer.

Judge Miles said that he did not know of any interruptions of the proceedings that would occur this week, but the trial will be suspended next week for Memorial Day. An Iowa Bar Association meeting later in the month will also most likely halt the proceedings for a short time according to Judge Miles.

Only one witness appeared on the stand in the opening day of the trial. That witness was E. T. Williamson, vice president of Iowa-Illinois and chief of staff. He reviewed in general the company's operations, in many cases referring to relations with Iowa City.

Williamson, under cross-examination by City Atty. William F. Sueppel Monday afternoon stated that his company had signed a contract with SUI to furnish boiler gas to operate SUI's electric generating system; the gas will be used to replace coal which is now used.

Although the contract has been signed, Iowa-Illinois is not yet delivering the gas because the pipe line has not been laid.

Williamson said that SUI will be considered as part of the Iowa City district and that the supplying of SUI's power plant "could effect revenue" from gas sales in Iowa City.

The Iowa-Illinois official also reviewed the history of rate negotiations with Iowa City. This was objected to by Sueppel, but later formed part of Sueppel's questioning.

Williamson said that in 1954 his company asked for an increase of 14.3 per cent from local electric users. This was, according to him, the first in 34 years there had been a request for increase in rates, and during that time there had been eight decreases in rates.

In February, 1955, the city council granted an increase of three per cent in electric rates. In October, 1956, and February, 1958, the company again asked for electric rate increases. A seven per cent increase was granted for electric rates by Iowa City in 1959.

In August, 1955, Iowa-Illinois asked for an increase of gas rates of \$44,000, which Williamson said was ignored. In 1958, the company again asked for a gas rate increase of 12.5 per cent (\$133,000). In 1959 the city council granted an increase of four and one-half per cent.

In the opening statement for the utility company Atty. David M. Elderkin, Cedar Rapids, defined the issues in the case as the value of the property, based on reproduction and original cost, the extent to which the property has depreciated, the present fair value of the property and the proper deduction of certain costs and expenses, especially depreciation expense.

The company seeks to show that the company's contentions concerning rates in Iowa City are proper under Iowa law.

Elderkin declared that the rates under the Iowa City ordinance, passed early this year, granting a five per cent increase in both gas and electric rates, were confiscatory because they did not allow the company a fair rate of return on its investment.

He further contended that Iowa law requires that fair value be considered as the rate base, but City Utility Consultant John Bauer recommended that the city use original cost of service facilities to determine rates.

Williamson will resume the stand again today to continue his testimony.

# Water---But Too Late

A fire of undetermined origin destroyed Johnson County's largest barn, located on the Byron Beecher farm three miles north of Iowa City, Sunday afternoon. The barn, valued near \$25,000, was constructed of wood and cement. A corn crib and small shed were also destroyed before the Coralville and Solon fire departments arrived

on the scene. The fire was discovered about 1:15 p. m. by Mrs. William Benson. She was preparing dinner when she heard a large crack and looked out the window to find the interior of the barn engulfed in flames. The Bensons are tenants on the farm.

# Dean's Awards, Wilson Prize Presented to Undergrads

A freshman and a junior from Iowa City and a Clinton sophomore—all members of the Honors Program at SUI—were named Monday as the first recipients of the Dean's Awards.

Awards of \$100 were given to Eduardo Macagno, A1, Iowa City; Mary Knox, A3, Iowa City; and Judith Wonders, A2, Clinton, after their selection from 58 candidates.

Linda Wilmetth, Iowa City junior, was awarded first prize in the Woodrow Wilson Foundation essay contest, another facet of the varied activities in the Honors Program at SUI.

Funds personally contributed through the SUI Foundation by Dean Dewey B. Stuit of the College of Liberal Arts provided the Dean's Awards. They are given to the freshman, sophomore and junior

students in the Honors Program judged outstanding for their academic accomplishments and promise of future achievement.

Miss Wilmetth's essay on "Pursuing Learning: Advice to a Future Freshman" was awarded a first prize of \$150. James V. Hinrichs, A2, Missouri Valley; David L. Campbell, A2, Oxford; and Mary Lockwood, A2, Rock Rapids, were runners-up and received awards of \$50 each.

Each of the 58 candidates for the Dean's Awards was nominated by an SUI faculty member. The final selection was made by a committee composed of members of the Honors Council, who took into account the students' course schedules, grades, and the recommendations of instructors.

Freshmen awarded honorable mention included Beverly Beers, Coralville; Connie Maxwell, Kewanee, Ill.; Carole Eckels, Lenox; and Jo McConnell and Dennis Briggs, both of Cedar Rapids.

Sophomores awarded honorable mention were Richard Shaw, New Sharon; Rebecca Barelis, Carroll; Kenneth Barber, Waterloo; Judith Sutcliffe, Audubon; James Erb, Floyd; and John Heefner, Anamosa.

Juniors named for honorable mention included Robert Peterson, Olds; Donald D. Brown, Manchester; Jared Tinklenberg, Iowa City; Judith Pfeffer, Wesley.

# ODK Initiates 18, Elects McDermott As New President

Omicron Delta Kappa, SUI's honorary leadership society, initiated 18 men Sunday afternoon at Danforth Chapel.

Following the initiation, new officers were elected for the coming year. Elected were Mike McDermott, L1, Des Moines, president; Bill Hummer, M3, Des Moines, vice president; Mike Carr, A3, Manchester, secretary; and Don Brown, A3, Manchester, treasurer. The new ODK members, who were tapped at the campus-community Leadership Banquet Wednesday at the Union are: Donald L. Greenlee, E4, Pringhar; Robert C. Hawk, B4, Cedar Rapids; Brown; Carr; Jerry T. Cohen, A3, Sioux City; Dennis T. Samuelson, A3, Burlington; Norman Oberstein, A3, Des Moines; Robert D. Ingle, A3, Des Moines; Hummer; William R. Reif, B3, Kalona; Robert E. Benson, A3, Red Oak; Charles D. Jons, A3, Iowa City; Michael Gilles, A3, Mason City; Paul Rohlf, M3, Stockton; Larry Vickery, L2, Albion; John Niemeyer, A4, Elkader; and Rhoades Lawton, B3, Rockford, Ill.

The SUI faculty member initiated into ODK was Allan Vestal, professor of law.

# Intelligent? Ambitious? Take Chinese

Although the Chinese language is composed of some 50,000 characters, students who develop a vocabulary of 3,000 to 4,000 characters can read Chinese newspapers and magazines, a graduate student of the language at SUI has found.

"Most people are overly frightened about the Chinese language," explained Edward Kaplan, G, New York, N. Y. "You have to get used to the notion of writing with ideographs," he said, "but Chinese is as easy to speak as any other language."

A major in Chinese language and civilization was offered at SUI for the first time last fall. The Iowa City campus has one of eleven Chinese centers set up with the help of the Government in U.S. universities. It was made possible, in part, by a federal grant under the National Defense Education Act to establish the Chinese Language and Area Center in SUI.

Although it is one of the smallest departments at SUI, the Chinese Center can boast of having some of the most intelligent students on campus—the majority have a 3.0 grade average or higher.

"Several casual inquirers about the major and Chinese language study have been discouraged for lack of serious purpose," explained Y. P. Mei, professor of Oriental studies. "As a result, the number of students in the Chinese language and civilization programs is not large, but the calibre is superb."

According to Professor Mei, these students should have little difficulty entering the professions they are especially interested in because "China and the Far East are bound to increase in importance in the world situation. In the modern world, training in foreign languages and cultures will make for a decided advantage in a professional career and additional opportunities for leadership in public life," he said.

### SIT-DOWN STRIKE

GENOA, Italy (AP)—About 10,000 metalworkers staged a sit-down strike Friday on the main automobile highway running along the Italian Riviera into France.

## WHY DO I ALWAYS MEET YOU IN ALL THE BEST PLACES?

Simple. Every B.M.O.C. knows Schlitz goes great on a date.

You said a stein-full!

Distinctively different flavor!

Refreshingly different!

No wonder they pour me so proudly!

Schlitz is in a class by itself.

Schlitz keeps you busy, too?

Full time. That deep, cool, kiss-of-the-hops flavor. The most.

No other like it with meals.

Right! From pizza to prime rib.

Well, see you around.

Roger! In all the best places!

# Dixie Classic Dropped, Recruiting Curtailed

## North Carolina De-Emphasizes

**RALEIGH, N. C. (AP)**—Acting to save its scandal-touched basketball program, the consolidated University of North Carolina Monday junked the rich Dixie Classic holiday tournament and imposed strict limits on recruiting outside its conference area.

Almost to a man, trustees stood up to signal approval of the stern de-emphasis measures invoked by President William C. Friday and his administration in the wake of bribery charges involving players at the university of Chapel Hill and State college in Raleigh. Only three or four of the 100 trustees voted against the action.

"Our aim is to save athletics by de-emphasizing certain practices and removing certain influ-

ences which have been detrimental to college sports and taken away from them the very qualities which make them valuable as a part of education," Friday reported to the trustees.

Friday gave no indication that there were direct links between the Dixie Classic tournament and the game-fixing scandals.

He said that holiday tournaments, such as the classic, "exemplify the exploitation for public entertainment or for budgetary and commercial purposes of a sports program which properly exists as an adjunct to collegiate education."

Gov. Terry Sanford, presiding as chairman of the trustees, made

clear his approval. He said the university administration deserved thanks for "a good job well done."

Here is how the actions announced by Friday will affect basketball programs at University and State College.

1. The Dixie Classic, played in Reynolds Coliseum on the State college campus here will be discontinued immediately.

2. To put limits on the number of players recruited from beyond the ACC area, "not more than two athletic grants-in-aid will be awarded at each institution of students from states outside the ACC area."

Over a four-year period, Friday pointed out, this would mean six

varsity players and two freshmen. He said the policy will be effective with the freshman class of 1962.

The ACC states are Maryland, Virginia, North Carolina and South Carolina.

3. An examination of the program of athletic scholarships has shown it to be sound, and grants will be continued for basketball. Merely to discontinue the grants, Friday said, "would be a backward step."

4. Basketball players will be advised that "none is to engage in any organized competition of any kind during the summer months. The penalty for doing so," Friday said, "will be loss of eligibility for the following season."

# Cronin Picks Richards To Pilot A.L. All-Stars

**BOSTON (AP)**—Paul Richards of the Baltimore Orioles Monday was named American League All Star team manager by President Joe Cronin.

The selection of Richards, named Associated Press AL manager of the year in 1960, marks the third time since 1933 that the tradition of picking the previous year's pennant winning pilot has been broken.

The retirement of Casey Stengel, who managed the New York Yankees to the flag a year ago, necessitated the action. Otherwise Stengel would have qualified automatically for the All Star honor.

"I would be proud and pleased to have any one of our present ten managers fill in for Casey," Cronin said. "But I feel Richards

earned the honor through his fine job last season." Richards, 52, a native of Waxahachie, Tex., who blended youth and experience into a surprise second place finish for his Orioles last year, told Cronin he was delighted to take the assignment.

The 1936 and 1940 All Star games were on the only other occasions when the American League's previous pennant winning manager did not serve.

RICHARDS

A hearty "Hello!" is the trademark of Iowa City's friendliest tavern. You're right. It's "Doc" Connell's

# Twins Falter in 15-Inning Test

**ST. PAUL-MINNEAPOLIS (AP)**—The Cleveland Indians scored two runs in the 15th inning Monday to break up a brilliant relief duel and

defeat the Minnesota Twins 7-5. Willie Kirkland's single through the middle pushed over Tito Francona with the tie-breaking run.

Francona led off the 15th with a single to left.

Catcher Valmy Thomas cemented the victory with another single, scoring Woody Helm who had forced Kirkland.

The victory went to Frank Funk, whose brilliant relief work choked off a promising Twins rally in the eighth and checked the losers with two hits the rest of the way.

Held's second and third homers of the season, with a man aboard in the sixth and eighth, pulled the Indians into a tie and cancelled a 5-1 Twins' lead.

Funk was matched for four innings by Don Lee of the Twins, who tired and gave way to Ed Sadowski in the 15th. Sadowski took the loss, his second.

Only bright spot for the Twins was a two-run homer in the first by Harmon Killebrew, his 10th, and Lennie Green's hit in the fourth that drove in a run and extended Green's hitting streak to 19 games.

## Tigers Roll Onward, Batter Athletics 10-2

**KANSAS CITY (AP)**—One big inning was all Detroit needed Monday night to wallop Kansas City 10-2 behind the five-hit pitching of rookie right-hander Phil Regan.

The Tigers exploded against A's starter Norm Bass in the fifth, chasing him with six runs on five hits, one of which came off his relief, Dave Wickersham.

It was Regan's fifth straight victory without a setback and the loss evened Bass' record at 2-2. The only blemish on Regan's performance was a leadoff homer in

the eighth by Don Larsen. The other run against Regan came in the fifth on a fielder's choice. Detroit... 100 100 013—10 12 0  
Kansas City... 100 000 013—2 5 2  
Regan and Brown; Bass, Wickersham (5), Rakow (6), Larsen (9) and Fignatino, W—Regan (3-0), L—Bass (2-2).  
Home run — Detroit, Cash (6), Kansas City, Larsen (1).

## Monbouquette Beats Chi Sox

**BOSTON (AP)**—Bill Monbouquette, nervous Boston right-hander, pitched his way out of a critical bases-loaded plight and into a 4-1 victory over Chicago Monday night.

Focal point of Monbouquette's seven-inning was the sixth when he flanked a Roy Sievers single with a pair of walks. There was none out and frantic Red Sox bullpen activity when the gum-chewing ace ran up a 3-1 count on Sherm Lollar, then whipped two strikes past him.

J. C. Martin hit into a double play for the finishing touch. Chicago... 001 000 000—1 7 0  
Boston... 001 300 003—4 5 0  
Baumann, Kemmerer (5), Pizarro (7), Lown (7), Bud Lollar; Monbouquette and Pagliaroni, W—Monbouquette (3-4), L—Baumann (2-3).

## Bucs Nip Braves On Groat's Homer

**MILWAUKEE (AP)**—Shortstop Dick Groat cracked his first homer of the season in the eighth inning boosting the Pittsburgh Pirates to a 2-1 victory over the Milwaukee Braves Monday night behind the seven-hit pitching of Harvey Haddix.

Haddix registered his third victory without defeat while dazzling the Braves. He struck out seven and walked only one. Pittsburgh... 000 001 010—2 4 0  
Milwaukee... 000 100 000—1 7 1  
Haddix and Burgess; Buhl, McMahon (9), Morehead (9) and Torre, W—Haddix (3-0), L—Buhl (1-4).  
Home run — Pittsburgh, Groat (1), Milwaukee, Bolling (4).

## Dodgers Get Run In 10th, Tip Reds

**CINCINNATI (AP)**—Stan Williams won a tight pitching duel in the 10th inning Monday night when veteran Bob Purkey lost his stuff and Los Angeles won a 2-1 decision over Cincinnati.

It stretched the Dodgers' streak to five games. Purkey, in his 150th major league start, had scattered eight hits up to the 10th. Los Angeles... 100 000 000—2 10 2  
Cincinnati... 100 000 000—1 4 0  
Williams and Kosover; Purkey, Henry (10) and Schmidt, W—Williams (3-2), L—Purkey (4-2).

## Boyer Breaks Up No-Hitter, Then Yanks Win 8-2

**NEW YORK (AP)**—Clete Boyer broke up a perfect game by Baltimore right-hander Jack Fisher with a lead-off single in the sixth inning, then walloped a three-run homer in the eighth that gave the New York Yankees an 8-2 victory over the Orioles Monday night.

Four runs in the seventh inning, interrupted by a rhubarb, wrapped it up for the Yanks with Yogi Berra's single breaking a 1-1 tie as Fisher wound up with his third straight loss. Boyer then sent his second home run of the season into the left field seats for three unearned runs in the eighth.

Elston Howard's sinking liner in the seventh to second baseman Marv Breeding touched off the rhubarb. Breeding, acting as though he had caught the liner, threw to third in an attempt to double up Mickey Mantle, who had run home. Umpire Larry Napp stepped in and ruled Breeding had caught the ball on a hop and all hands were safe. Baltimore... 000 100 010—2 9 2  
New York... 000 001 000—8 2 0  
Fisher and Triandos; Diltar, Coates (4), Arroyo (8) and Berra, Blanchard (3), W—Coates (4-2), L—Fisher (1-3).  
Home run — New York, Boyer (3).

## First-Place Giants Whip Slumping Cardinals 3-1

**ST. LOUIS (AP)**—The first-place San Francisco Giants snapped a three-game losing streak by defeating the St. Louis Cardinals 3-1 Monday night.

Jack Sanford was credited with the victory. Orlando Cepeda belted a solo home run, his 11th of the season, in the eighth to give the Giants an insurance run.

Stanford and Ernie Broglio were hooked up in a scoreless duel for five innings but sloppy fielding by Broglio's teammates gave the Giants two unearned runs in the sixth.

Chuck Hiller and Harvey Kuenn led off with singles and Willie Mays hit a ground ball to Alex Grammas. When Grammas let the ball go through for an error, the runners advanced and when Joe Cunningham bobbled it in the out-

field, Hiller scored, Kuenn took third and Mays second. Hobie Landrith hit a sacrifice fly to bring Kuenn home.

San Francisco... 000 002 010—3 5 0  
St. Louis... 000 001 000—1 9 3  
Sanford, Boin (8), O'Dell (9) and Landrith; Broglio, McDermott (9) and Smith; W—Sanford (3-3), L—Broglio (0-3).  
Home run — San Francisco, Cepeda (11).

## why the blue suit with the gold bars?

You're needed... just as your father and grandfather were. It's an obligation that a lot of qualified college men have to meet... that of serving your country, when and where you are needed.

And the Air Force needs college-trained men as officers. This is caused by the rapidly expanding technology that goes with hypersonic air and space flight. Your four years of college have equipped you to handle complex jobs. You have the potential to profit from advanced training... then put it to work.

There are several ways to become an officer. First there is Air Force ROTC. Another program, relatively new, is Officer Training School. Here the Air Force commissions certain college graduates, both men and women, after three months' training. The navigator training program enables you to win a flying rating and a commission. And, of course, there's the Air Force Academy.

An Air Force officer's starting salary averages out to about what you could expect as a civilian. First there's your base pay. Then add on such things as tax-free rations and quarters allowances, free medical and dental care, retirement provision, perhaps flight pay, and 30 days' vacation per year. It comes to an attractive figure. One thing more. As an officer, you will become eligible for the Air Force Institute of Technology. While on active duty many officers will win graduate degrees at Air Force expense.

Why not contact your local Air Force Recruiter. Or write to **Officer Career Information, Dept. SC15, Box 7608, Washington 4, D.C.**, if you want further information about the navigator training or Officer Training School programs.

**U.S. Air Force**  
There's a place for professional achievement on the Aerospace Team

# Two Gopher Wins Drop Iowa to 8th

By **BILL SHERMAN**  
Staff Writer

The Iowa baseball team ended its season on an unhappy note by dropping both ends of a doubleheader to the Minnesota Gophers by scores of 3-2, and 7-0 Saturday. This lowered the Hawkeyes' conference record to 4-7, good enough for an eighth place Big Ten finish. Their final season's mark is 8-16.

In the opener, surprise starter **Bruce Butters**, who had pitched only five innings all spring, turned in an excellent 14-inning performance. Butters deserved a better fate as his teammates were unable to take full advantage of five opponent fumbles. Iowa stranded 13 baserunners.

The Hawkeyes took the lead in the bottom of the third as they tallied both their runs. They mixed a single by **Jack Leabo** with two errors and passed ball to score their markers.

The visitors fought back to tie the game with single markers in the fourth and fifth frames. Eight scoreless innings then followed before the Gophers' **Wayne Haefner** rifled a triple to deep centerfield to score **Steve Wally** with the game-deciding run.

In the second half of the twin

bill, Minnesota regained its hitting form as it wrapped the game up in the first inning with four singles and two homers.

The Northern sluggers knocked Iowa hurlers **Bob Bleakley** and **Howard Friend** out of the box with a six run barrage before **Tom George** came in and put out the

Purdue	3	11	.214

fire. Hard hitting **Dave Fritz** provided the big blow — a grand-slam home run. It was the big right fielder's third home run and eighth run-batted-in in the three-game series.

With a six run cushion behind him, opposing pitcher **Glen Holzemer** completely handcuffed the Hawkeye hitters as he allowed only four singles.

## Leps Wins, Tucker 2nd

Michigan's **Ergan Leps**, a member of Canada's Olympic team last summer, made it look easy Saturday as he won two distance runs at the Big Ten track meet Saturday at the new Iowa

track. Shown here out-kicking Iowa's **Jim Tucker** for the mile run title, Leps also won the 800. Tucker is fighting off **Dave Martin** of Michigan, the third place finisher. —AP Wirephoto

# Top Individual Efforts Push Iowa to 4th in Big 10 Track

By **JERRY ELSEA**  
Sports Editor

Iowa's track squad didn't share the victory laurels in the Big Ten meet here Friday and Saturday, but the Hawkeyes did score three second places, two third, a fourth and two fifths against some of the nation's best athletes.

In claiming fourth place with 24½ points, the Hawkeyes turned in some of their best efforts of the season. **Jim Tucker** in the mile

and two-mile, **Cloyd Webb** in the discus, **Gary Fischer** and **Ralph Trimble** in the 800, **Capt. Tom Hyde** in the 220, **Don Gardner** in the high hurdles and **Roger Kerr** in the 440 all turned in fine individual performances.

The Hawkeye mile relay, made up of **Don Gardner**, **Capt. Tom Hyde**, **Bill Mawe** and **Roger Kerr** finished third in a tough field with a 3:14.9 clocking.

**Gardner** opened the relay with a :50.2 time, followed by **Mawe's** :48.8, **Hyde's** :48.4, and a blazing :47.5 by **Kerr**. All these times constituted personal bests for each runner.

In the mile run, **Tucker** surpassed his personal mile mark of 4:12 with a 4:11.6 second-place time. Winner was Michigan's **Ergan Leps**, a powerful Canadian who overhauled **Tucker** in the stretch

and beat him to the tape by one-half a second.

An hour later, **Tucker** ran the two-mile and placed third with a 9:14 time — equaling his career best.

**Fischer**, Big Ten 1,000 dash champ indoors, challenged **Leps** in the 800 just as **Tucker** did in the mile, but once again the granite-jawed **Leps** broke away in the stretch. **Fischer** was a respectable second, and teammate **Ralph Trimble** took fifth.

**Trimble** might have finished higher but was boxed on the inside lane in the stretch.

In the 220 **Hyde** took fifth, far behind pace-setting **Tom Robinson** of Michigan but ahead of **Eddie Miles** of Indiana and other, high-scoring athletes. **Hyde** finished 440 in addition to his outstanding anchor on the mile relay.

As expected, Michigan dominated the scoring with 55 1/5 points. Indiana was second with 36 and Illinois third with 27 1/5. Iowa's 24½ could have been more had high jumper **Way Sidney** been able to compete. **Sidney** was sidelined with a bruised heel.

# Iowa Golfers Finish Sixth In Big Ten

By **GARY HICKOK**  
Staff Writer

Iowa's golf team fell victim to inconsistent shooting and finished sixth in the Big Ten golf championships at Bloomington, Ind., over the weekend. The Hawkeyes had 1,565 strokes, 38 more than Ohio State's winning total.

Minnesota, which defeated Iowa twice during the regular season, finished second, nine strokes back. Michigan took third, Purdue fourth and Indiana fifth.

**Jack Rule** led the six-man Hawkeye contingent with a 306 over the 72-hole, par-284 meet. **Rule** tied for seventh in the individual competition after holding down a second at the halfway mark. After 36 holes he was only two over par but then shot two 81s Saturday.

Former National Amateur champion **Jack Nicklaus** led the Buckeyes to the championship by taking individual honors with a one-under par 283. That was 14 strokes ahead of Minnesota's **Rolf Demming**, who placed second.

**Nicklaus** was the first Big Ten golfer to break par on Indiana's rugged, rolling course this year. He shot 18-hole totals of 68, 70, 72 and 73.

Niemeyer, Fowler Awarded Lowden Forensics Prize

John Niemeyer, A3, Elkader, and James F. Fowler, A4, Atlantic, have been awarded the Lowden Prize in Forensics for 1961, Todd Wily, director of forensics at SUI, has announced.

D.M. Carpenters, Contractors Agree

DES MOINES — Negotiating committees of striking Local 106 of the carpenters' union and the Des Moines Construction Council, representing contractors, reached an agreement Monday on terms of a new one-year contract.

Scholarship Applications Must Be In By June 2

Scholarship applications for the 1961-62 school year should be picked up at the Office of Student Affairs within the next week, Charles Mason, coordinator of student affairs, said Monday.

New Award Honors SUI Professor

An award to be known as the Lloyd A. Knowler Scholarship has been established with a gift of \$7,500 just presented to SUI's foundation by the Iowa section of the American Society for Quality Control.

The section has some 120 members, chiefly businessmen in Eastern Iowa.

The gift was made in the name of Prof. Knowler to express gratitude of members of the Iowa section of the SUI faculty member for his contribution and interest in the society.

The first award will be made to an SUI student at the beginning of the 1962-63 academic year. To be given annually, the award will be a full tuition grant, a student may win in successive years.

Prof. Knowler, a member of the SUI faculty since 1939, is now on a year's leave of absence under the U.S. Bureau of the Census. He is a statistical quality control advisor for the bureau and the International Cooperation Administration in Calcutta, India.

Prof. and Mrs. Knowler and their children expect to return to Iowa City during the summer.

SUI Majorette Will Reign Over '61 Band Festival

Jerilyn Oliver, A1, Williamsburg, last year's "Miss Eastern Iowa," will be in Cedar Rapids Saturday to reign over the 1961 Eastern Iowa Band Festival.

Miss Oliver, nominated by Williamsburg high school band at last year's festival, is now drum majorette with the SUI band and recently appeared in the SUI play production of "The Boy Friend."

### Newspapers Right in Protest Of Secrecy, Publisher Says

NEW YORK (HTNS) — The nation's newspapers have been "doubly right" in resisting various Government attempts to "tell the people less," John Hay Whitney, president and publisher of the New York Herald Tribune, said Monday.

Whitney said the newspapers were right for defending the traditional reasons of a free press and "for the more modern reasons that people in a democracy need as never before information and informed opinion to help them hold their heads above the rising waters of utter confusion."

In the keynote address before the 31st national conference of the National Newspaper Promotion Association, Whitney continued: "I sympathize with President Ken-

edy's recent appeal for voluntary censorship, and appeal, incidentally, made by nearly every President before him.

"He wishes, and so would I in his place, that the press would print only what the Government would like it to print without having to be told. Specifically, he wanted editors to ask of each story whether to print it would be in the interest of national security," he said.

"The trouble is that it is really an impossible test. If there were any possible agreement on what is in the interest of security and what is not we should never have had the pressure for censorship, nor on the other hand the constant struggle of newsmen for access to legitimate news."

Whitney said governments tend naturally to confuse official convenience with national security. Newspapers, on the other hand, consider any story they can get by legal and honorable means as printable unless they clearly compromise military secrets, he went on. It was the Government's responsibility to safeguard vital secrets, he said.

"Newspapers have another vital but countervailing task, which is to insure that what a citizen needs to know about his Government in order to keep it honest and progressive gets printed," Whitney said.

Out of this "tug-of-war between newspapers and the Government over what is news," Whitney said, "we come as close as we are ever likely to come to the balance which the President himself wanted between national security and an informed citizenry."

Bernard D. Feld Jr., president of the association and promotion and research manager of the Birmingham (Ala.) News and Post-Herald, introduced Whitney.

### Kappa Alpha Thetas Win 1st Place Derby Trophies

BY TERRY TRAVIS Staff Writer

A group of Kappa Alpha Thetas, led by their first place "limboist," Debbie Hawkins, A2, Iowa City, won first-place traveling and permanent trophies at the Derby Day Saturday afternoon at City Park.

Linda Close, A1, Arlington Heights, Ill., entered by Kappa Kappa Gamma sorority, reigned over the day's activities as Derby Day queen. She was presented with a number of gifts donated by Iowa City stores.

Derby Day is an annual event sponsored by Sigma Chi social fraternity in which women's housing units compete in a series of athletic contests and events. Trophies were awarded on total points accumulated by each house. Approximately 500 coeds attended this year's derby.

One of the highlights during the afternoon was the selection of the best "limboist." The object of the contest is to see which contestant can maintain her balance while passing beneath a wooden bar set parallel to the ground.

After each round of attempts the bar is lowered a few inches. Miss Hawkins was the only person to squeeze beneath the bar set about the three foot level.

Kappa Alpha Theta also won the badge contest and finished in the top three places in seven other events. Runnersup to the Thetas were the Gamma Phi. The Pi Phis were third.

First-place winners in the other Derby Day events were: Poster contest, Delta Delta Delta; 3 legged race and 50 yard sprints, Gamma Phi Beta; four dive, Sigma Delta Tau; hugging contest, Zeta Tau Alpha; "Profile" preview, Clara Daley of Burge Hall; Tug of war, Delta Gamma; Egg toss, Chi Omega; and Pudding feed, Kappa Kappa Gamma.

### 5 ISU Scientists To Attend SUI Medicine Meeting

Five scientists from Iowa State University of Science and Technology will participate today in the monthly meeting of the Iowa section of the Society for Experimental Biology and Medicine at SUI.

The meetings will be held at 7:30 p.m. in room 179 of the Medical Laboratories. A dinner will precede the scientific session.

Presenting papers will be Margaret McKinney, department of food and nutrition; Evelyn Weber, department of biochemistry and biophysics; Lloyd L. Anderson, department of animal husbandry, and W. F. Hollander, department of genetics, all from ISU.

EARLY SUCCESS  
LINCOLN, Ill. — Success arrived for Fred Cutlip in the teaching profession.

Five years ago, at 19, he was the youngest grade school principal in the United States at Lawndale School in Lincoln.

Next year he will be a full-fledged professor on the faculty of Northern Michigan College at Marquette in the mathematics department.

He now is studying towards his master's degree at the University of Illinois on a National Science Foundation fellowship.

### Montgomery Riots Cast Dark Shadow on Foreign Policy

By ROWLAND EVANS JR. Herald Tribune News Service

WASHINGTON — Anti-Negro riots in Alabama cast a long and darkening shadow over American foreign policy at a time when the United States was preaching on "social reform" and political justice in other continents.

Officials were deeply concerned over some of the implications overseas of the bloodshed and violence in Montgomery.

They believed the explosion of racial feeling would not make President Kennedy's job any easier in his conversations with Soviet Premier Khrushchev next week.

Soviet newspapers, according to information reaching here, already had played up pictures of the Alabama riots and purported them to be an accurate portrait of the United States.

But late reports indicated a sudden switch in the Russian line. After having played up the riots as an example of "wild bestial mores in a country pretending to teach others how to live," the Soviet press Monday ignored the whole business, perhaps to avoid friction so close to the President's meeting with Khrushchev in Vienna.

The reaction in the new countries of Africa, where the United States is working hard to make its influence felt, and in Latin America and Southeast Asia, where the United States is promoting reform, is being watched closely by foreign experts in the Kennedy Administration.

As one top official put it: "It could not be worse."

Although concern over foreign policy implications took precedence, the incendiary situation in Alabama had important domestic political implications.

1. Democrats and Republicans demanded that President Kennedy step up his civil rights timetable, on the theory that new legislation might prevent future Montgomerys.

2. A strong concern was mani-

fest in talks with thoughtful politicians of both parties that the "provocation," as more than one put it, of the assault on the group of Negroes and whites might trigger new attempts out of the North to force the issue of equal rights in the South.

3. The violence of the outburst in Montgomery, together with the absence of any police protection at the outset, was regarded by some politicians here as blatant enough to force a strong reaction among Southern moderates. This reaction, it was felt, might pierce the crust of complacency and force a reassessment of techniques used in the Southern struggle against Negro civil liberties.

### Community Theater Meeting Tonight at 8

The Iowa City Community Theatre will meet tonight at 8 at the First Unitarian Society, 10 S. Gilbert St.

Following the business meeting, an election of officers and board members for next year will be held. A discussion will be held. Topics will include the past theatre season, and suggestions for specific changes.

### Graduation or Vacation — both cost MONEY!

Looking back on the 4 tough years of college we are reminded that they demanded a shoestring budget, living from month to month. Wouldn't it have been wonderful if most of those financial worries had been taken care of in advance? Why not plan in advance for your children's college education? A small monthly deposit with us now will provide for an education in the future.

Vacation time means fun, relaxation — getting away from it all. A loan from our bank will help you enjoy that vacation to the fullest! Stop in and discuss your vacation plans with us. We'll be glad to serve you.

### La Belle Chemise!

### Important News for College Men!

When shirts are laundered with a contour finish, you'll be able to tell the difference. No more high-riding collars, broken cuffs or stretched-out shirt bodies for you. Contour finishing keeps your shirt in shape . . . gives it longer life. Treat your shirts to a trip to Paris . . . Paris Cleaners, that is! Remember . . . La Belle Chemise!

### KNEE HIGH NOTES

For men of leisure, or those inclined to active sports, Bermuda shorts are the key to comfort. When travelers years ago discovered this style on the leisurely Isle of Bermuda it became an essential for men who desire to be comfortably cool and sartorially correct.

Cords, checks, solids, Madras and Batik, from 3.95 to 6.95.

30 Day Charge Plan Available
