More Riders Found Guilty

JACKSON, Miss. (AP) — Thirteen more "Freedom Riders" were convicted in Municipal Court Monday on breach of peace charges for their efforts to integrate bus terminal facilities in Mississippi's capital city.

Judge James Spencer handed each a \$200 fine and a 60-day suspended sentence. The group included six whites and seven Negroes who rode to Jackson in two groups last Friday from Atlanta, Ga.

The riders joined 52 other integrationists who had previously been convicted on the same charges. Of the 65, 18 have either posted appeal bonds or paid fines. The other 47, including 13 convicted Monday, remained in jail, choosing to work out their fines at the rate of \$3 per day.

Among those found guilty Monday was the Rev. Richard Gleason, 24, a Baptist minister from Chicago, who severed connections with the riders earlier in the day on grounds they were not "high-caliber" people.

Another was Elizabeth Wycoff, 45, New York freelance writer — the first white woman to be arrested in the integration demonstrations here.

At Trinity, N. C., a white youth who refused service to a group of Negro boys at a grill was missing Monday night after a fight between whites and Negroes.

State highway patrolmen from several counties rushed here to aid Randolph County deputies in heading off a threatened race riot.

Dominican Republic To Be Investigated

WASHINGTON (AP) — The Dominican Republic Monday invited investigation by its fellow republics, and the Organization of American States promptly voted to send a mission to the turbulent country.

A seven-nation OAS committee voted to send representatives of five nations to the Dominican Republic next Wednesday or Thursday to learn what's happening there since the assassination of dictator Rafael Leonidas Trujillo last week.

The principal objective of the fact-finding group will be to determine whether the new Dominican Government still is the threat to hemisphere peace that the old dictatorship was held to be. If it is found not to be, the special committee would recommend lifting of diplomatic and economic sanctions imposed last year.

The Dominican Republic's foreign minister not only welcomed the visit by the OAS group, but also extended an invitation that it come to the island. Foreign Minister Porfirio Herrera Baez made a hurried trip to Washington to extend a welcome to the committee.

The OAS last August condemned the Trujillo regime as a menace to the hemisphere peace. General breaking of diplomatic relations followed this action. And the Dominican Republic at that time refused to allow an OAS mission to come to the country.

Latin American diplomats said the Dominican Government's move Monday is both encouraging and shrewd. As for the assurances last weekend by Dominican leaders that a new era of democracy is in the making there, they said they prefer to wait and see.

Opposition to the entry of the special mission of inquiry could have brought new diplomatic and economic problems to the still uncertain new Dominican regime. So most diplomats tended to view Monday's conciliatory gesture as a smart and expedient move. And they await further evidence that the dictatorship pattern actually is changing.

A son of the old dictator, also named Rafael, and now 32, has emerged as a key figure in the Government after assassination of his father. U.S. officials have said that young Trujillo and some others

Summit Fails To Influence Laos Talks

GENEVA (AP) — Soviet Deputy Foreign Minister Georgi Pushkin turned down Monday Western attempts to strengthen the ceasefire in Laos, despite the hopeful statement about it that emerged from the weekend summit talks of President Kennedy and Premier Khrushchev.

In another hall in this same city, the three-power conference negotiating a treaty to ban nuclear weapons tests met for the 314th time and wound up still in deadlock.

Delegates at the 14-nation conference on Laos predicted results of whatever was agreed to in the Vienna summit talks would take days to filter down to the meeting here, and Westerners informed about the nuclear negotiations said nothing had been heard there from Vienna.

At the Laotian conference Pushkin called the Vienna meeting "an event of historic importance, the favorable influence of which on the international situation is difficult to overestimate."

But he gave no sign it had produced any new orders for him. Instead, he cast doubt on the motives of countries that want to strengthen the truce teams in Laos.

"This is an attempt, he said, to give the teams 'the widest opportunities for unhindered interference in the internal affairs of Laos.'"

Pushkin called on the delegates to talk about long-term arrangements for making Laos a neutral country, the avowed purpose of the conference. The Russians want an agreement that would give them increased power to veto investigations of any breach of Laotian neutrality.

But Western nations insist they came to Geneva only on condition of an effective cease-fire. Until they get that, they say, they will not talk about anything else.

Pushkin did not mention the United States, but a delegate from Communist Poland, Jerzy Michalowski, accused the American delegation of trying to avoid "all concrete discussion." It concentrated, he said, on "true or alleged military incidents which are but the consequences and not the cause of the war in Laos."

U.S. Ambassador W. Averell Harriman was accused of having "painfully selected" items from the truce reports.

Delegates were looking to a "little summit" to break the conference deadlock. If the Laotians get together on a coalition government to keep the country neutral, that support could make a strong bid for regime from both Communist and anti-Communist countries.

Plans Report On Summit Meet Tonight

LONDON (AP) — President Kennedy winged homeward today after his Paris-Vienna-London summit missions and prepared to public tonight on his critical talks with Premier Khrushchev.

The President Monday advised the British government confidentially on what to anticipate in East-West relations.

He spent 3 hours 20 minutes with Prime Minister Harold Macmillan, filling in the Commonwealth leader on his private weekend conference with the Soviet premier at Vienna, Austria.

Afterward Kennedy and Macmillan issued a communique emphasizing their close agreement in pursuing common objectives. They also expressed satisfaction with Khrushchev's support of international arrangements to guarantee the neutrality and independence of Laos.

The statement by Kennedy and Khrushchev on Laos was the most specific result of the Vienna meeting, which enabled the two men to feel out and get to know each other but apparently feared no easy solution to issues separating the Western and Communist worlds.

Immediate details were lacking in the two key areas of East-West negotiation at Geneva—the 14-nation conference on the future of Laos and the Big Three talks on a nuclear test ban treaty.

The Kennedy-Macmillan communique was written in broad terms that produced nothing new. The President possibly will give more of a personal accounting of his conversations with Khrushchev and his estimates of them when he addresses the United States Tuesday night.

Kennedy will speak over all TV and radio networks at 5 p.m. (CST) from his office in the White House. Pierre Salinger, his press secretary, said the President will give a half-hour report to the nation on his conferences with Khrushchev and French President Charles de Gaulle.

Kennedy carried out two missions — official and personal — on his day in London.

He briefed Macmillan on his informal but significant talks with the Soviet leader, then became the godfather of a 9-month-old niece at the infant's christening.

Queen Elizabeth II and Prince Philip gave a dinner for President Kennedy and his wife in the majestic home of British royalty. Rarely have U.S. presidents attended private functions at the palace.

Mrs. Kennedy is remaining in London for a short visit with her younger sister, Princess Caroline Lee Radziwill, the wife of Polish Prince Stanislas Radziwill.

Kennedy and Macmillan conferred alone for most of their conference. Lord Home, the British foreign secretary, and McGeorge Bundy, White House adviser on matters of national security, were called in for 40 minutes. The meeting was broken only for lunch. The Prime Minister and his wife were hosts to the President and First Lady and 16 others.

Regarding Laos, the communique said:

"The President and prime minister noted with satisfaction the agreement in Vienna on the need for an effective cease-fire which in their opinion should lead to progress in Geneva toward an agreement permitting the establishment of a neutral and independent Laos."

On the problem of Berlin, surrounded by Communist-controlled East Germany, Kennedy and Macmillan voiced "full agreement on the necessity of maintaining the rights and obligations of the Allied governments" in the German metropolis.

Supreme Court Deals Blow to Communists

WASHINGTON (AP) — The Supreme Court Monday dealt a hard one-two punch to the American Communist party.

By identical 5-4 votes, the court upheld constitutionality of:

1. The 1950 Subversive Activities Control Act under which the U.S. Communist party has been ordered to register with the Justice Department as a tool of Moscow, list its officers and members, and give an annual financial accounting.
2. The "knowing membership" clause of the 1940 Smith Anti-Communist Act. This makes it a crime to be a Communist with awareness the party advocates overthrow of the government by force and violence.

Speaking for the majority in the registration case, Justice Felix Frankfurter rejected all constitutional arguments raised by the party's lawyers.

"The purpose of the Subversive Activities Control Act is said to be to prevent the worldwide Communist conspiracy from accomplishing its purpose in this country," Frankfurter wrote.

"It is not for the courts to re-examine the validity of these legislative findings and reject them. They are the product of extensive investigations by committees of Congress over more than a decade and a half."

"We certainly cannot dismiss them as unfounded or irrational imaginings."

Communist Party headquarters in New York said the party will "fight vigorously for its legal rights and existence," but it did not make clear what it plans to do in the face of the decision.

While upholding constitutionality of the Smith Act's knowing membership clause in affirming conviction of Julius Irving Scales, the court gave run-of-the-mill Communists little cause to worry about being jailed.

Justice John M. Harlan, who spoke for the majority, commented: "We have also held that prescribed membership must be

Dyed, Decorated, Autographed—Blast Jacket Craze Hits SUI

Those wrinkled white blots roaming the campus this spring are in reality SUIowns clad in SUI's latest fad — "blast jackets." Just why they are called "blast jackets" is indeterminate except to say that they are invariably worn on "blasts" — of some sort or another. But they have many other uses as well.

Students have been known to use them as shorty bath robes, fishing and water skiing attire, beach coats, table cloths on picnics — ad infinitum.

The distinctive styling of the jackets (incidentally they come in but one size — huge) makes skinny people look fat and fat people look fatter.

To make up for this lack of selection, the jacket comes equipped with draw string hood, draw string wrists, and draw string bottom.

To give the garb some sort of personality, students dye them, draw pictures or cartoons on them, or use them as autograph hounds.

Still others have written their student numbers on the left front pocket giving SUI a prison-like atmosphere. Many coeds have written the name of their sorority across the front. Another popular insignia is "Sigma Epsilon Chi." Where can you buy these latest creations for campus wear? Why, at your local Army Surplus Store. Where else?

Since Iowa City has no such establishment, Lubin's Drug Store has taken up the cause and in the past two weeks has sold "several hundred" of them, according to Max Cohen, manager. He refused to give an exact figure, quipping it is "a policy of drug stores not to reveal the number of blast jackets sold."

To the Army the "blast jacket" is a parka. According to the assistant supply officer, they are used to camouflage ski troops and paratroopers during the winter.

He said they were seldom used for practice maneuvers except in war time since they make it too hard to find the soldiers.

Cohen said he had heard they were originally designed to protect soldiers who were involved with atomic testing from the heat and blast. He said the artillery men use them also to protect themselves from the blasts of heat from weapons.

It is also rumored that the Navy uses them for sea burials. In fact one student has written "Burial Shroud, U. S. Navy, Type 46L" across the back of his "blast jacket."

Joining the "blast jacket" craze are SUIowns (from left) Carolyn Rabe, A1, Manchester; Gary Fingert, A2, Des Moines; Pat Teyro, A1, Park Ridge, Ill.; Dick Lazero, A2, Merrick, N.Y.; and Nan Johnson, A1, Park Ridge, Ill.

Fire Destroys Empty House

Fire of an undetermined origin virtually destroyed a windowless deserted house in the 800 block of South Clinton last night. The interior of the house was completely gutted by flames, leaving only a scorched shell standing.

Eight firemen with two pumper trucks fought the blaze for nearly an hour before bringing it under control. A passerby reported the fire at 5:30 p.m.

Investigations into the cause of the fire are being conducted today by fire officials.

The unoccupied house belongs to Mrs. Mary Stinson who now lives with her granddaughter's family. Mr. and Mrs. Louis Cox, RFD 4, They moved out of the house on South Clinton three years ago. Mrs. Cox said the house was of little value. Mrs. Stinson, a pensioner, is 99 years old.

Fire department officials said they had recently been trying to get the city to tear down the house which they considered a fire hazard. They said it was often used by transients as a shelter in bad weather. It is located just a block south of the Rock Island tracks. Fire Department officials predicted the house would now be condemned and torn down.

Get Your Hawkeye

Students who have not picked up their 1961 Hawkeye yearbook should do so before they leave school for the summer. The books are available at the main entrance to the Communications Center from 8:30 a.m. to 4:30 p.m. today and Wednesday.

Students who purchased Hawkeyes last fall and seniors entitled to receive a free book may identify them by presenting their identification at the distribution table.

A few books are available for those who neglected to reserve a yearbook last fall. The price of the 1961 Hawkeye is \$6.

Say Peace Corps Would Help Image

WASHINGTON (AP) — Seven young Americans returning from overseas assignments said Monday the Peace Corps could do much to correct what they called a distorted and blurred image of America abroad.

The seven were part of an international farm youth exchange program sponsored by the National 4-H club Foundation. This privately financed program has been suggested as a model for the Peace Corps project.

RUMORS OF PLOT

TOKYO (HTNS) — Reports circulated in the Japanese Monday night that the Tokyo army recently frustrated a plot by about a dozen lieutenants to overthrow the Government.

Court Orders
Goldfine Held

BOSTON (AP) — Ailing industrialist Bernard Goldfine, 70, who liked to give expensive presents to men high in government, was sentenced to a year and a day in prison and fined \$110,000 Monday for evasion of nearly \$800,000 in income taxes.

And U.S. Dist. Judge George C. Sweeney ordered Goldfine to tell the government what happened to more than \$600,000 in cash siphoned out of his textile empire.

The elderly textile man was put on probation for five years, with disclosure a condition of the probation.

Goldfine's gifts to men in public life even found their way to the highest echelons of government and led to the resignation of Sherman Adams, special assistant to former President Dwight D. Eisenhower.

Goldfine, who left a hospital bed to come to court, was fined \$10,000 on each of 11 counts of tax evasion totaling \$790,000. He pleaded guilty May 15 and lost a last-ditch effort to withdraw the plea.

Goldfine's blonde secretary, Mildred Paperman, 43, stood beside her boss and was sentenced to three years' probation for evasion of corporate income taxes. She also got an indeterminate suspended sentence.

Former SUlowan Westfall Testing for Moon Flight

SAN ANTONIO, Tex. (AP) — Two veteran Air Force pilots were sealed into a steel tank Monday for a 17-day, make-believe flight into space. Clad in loose green surgical suits, Capt. Louis C. Gang and Bernard L. Westfall stepped into the simulated space cabin at the School of Aerospace Medicine at 11:15 a.m.

When they come out June 22, they will have spent enough time

in the cabin for a round trip to the moon.

The test is to give scientists a better idea of how men will be able to perform under space conditions.

Pressure in the cabin will be kept at about 3.71 pounds per square inch, equal to the pressure of the atmosphere at 33,500 feet.

Air inside the cabin will be about 96 per cent oxygen, with small amounts of nitrogen, carbon dioxide, water vapor and various inert gases. Dr. Billy Welch said:

"Normal air contains about 21 per cent oxygen.

Asked whether they would be interested in making a real trip to the moon and back, Westfall, of Iowa City, Iowa, said "absolutely," and Gang said "I certainly would."

Gang, 38, and Westfall, 30, will

work in shifts 20 hours a day at the controls of a device to test their alertness and problem-solving abilities. The other four hours will be devoted to medical tests on themselves and each other.

They will eat pre-cooked dehydrated food. The simulator has a basic water supply that will be replenished with fluids drawn from the air and the body wastes of the men, purified within the cabin.

Westfall plans to study elementary Spanish and make money in the stock market.

Westfall also worked about the fictional works "Andersonville" and "War and Peace."

Westfall, a former captain of the gymnastics team at SU, is the son of Coyt Westfall of Lone Tree, Iowa.

SUlowans Tapped for Awards

More than 125 SUlowans will be named for honors and awards June 9 during the spring commencement program.

The honors and awards will be listed in the official university commencement program, and are based on scholarship and participation in campus activities covering most fields of study in the SU colleges of Liberal Arts, Nursing, Law, Engineering, Business Administration and the Graduate College. Some of the awards were presented earlier in the year.

Awards for students in medicine, dentistry and pharmacy will be presented during the special medical and dental convocations and the pharmacy senior dinner the evening before commencement. They will also be listed in the Commencement program.

Those who will receive awards are:

Larry Vickrey, L2, Albia, Law Club Constant plaque for participation in Junior Arguments; James Kelly, L4, Algona, Order of the Coif for high scholarship in law; James McMahon, L2, Algona, Law Club Constant plaque for participation in Junior Arguments.

Jon Pierson, A4, Ames, Briggs Award for highest four-year grade-point average achieved by a male student; Johnson Memorial Prize to Liberal Arts students for highest scholastic standing; David Shrader, A4, Ames, Band Service Key; James Fowler, A4, Atlantic, Forensic Association Award and Lowden Prize in debate; Bruno Torres, A4, Avoca, Cedar Rapids News Photograph Award and Certificate in Journalism; Daldeen Obrecht, A2, Belmond, Band Service Key; Pirages, Forensic Association Award; Suelen Werner, A1, Forensic Association Award; Duane Beekun, B4, Britt, Delta Sigma Pi Key to senior man ranking highest scholastic standing in college of business administration; Junella Thimmesch, B4, Burlington, American Marketing Association Award; Melvin Gasper, E4, Calamus, Collins Radio Scholarship of \$1,500 to an outstanding engineering student; James Drahovzal, G, Lowden Prize in geology; Philip Montgomery, B4, Phillips, Say Photography Award to senior ranking in the upper ten per cent of his class; James Van Scoy, E2, Fred Stebler, outstanding engineering students, all of Cedar Rapids; Laura Ervin, A3, Charles City, Band Service Key; Charles Kime, E3, Eta Kappa Nu Award to junior in electrical engineering making highest scholastic record; Fred Stebler Scholarship to outstanding engineering students and Texas Scholarship to outstanding Forensic Association Award and Hatcher Prize in oratory; Harry Smith, A4, Robert L. 18 Get Honors Status

Eighteen additional high school seniors have now been notified that they will be eligible for Honors status when they enroll at SU in September.

Students whose scores on ACT tests indicate that they will rank at the top of the entering freshman class are granted Honors status at SU, according to Rhodes Dunlap, director of the SU Honors Program. They must maintain a "B" average at the University to continue in the program.

The ACT tests, a four-hour battery covering work in English, mathematics, social studies and natural sciences, are designed to provide comparable intellectual data on high school seniors seeking entrance to colleges. Test answer sheets are sent to the headquarters of the American College Testing program at SU for scoring.

Yankees Win Pair From Minnesotans

NEW YORK (AP) — The New York Yankees came from behind in both games for a 6-2 and 6-1 two-night doubleheader sweep over Minnesota Monday night, tagging the Twins with an 11-game losing streak while setting an American League home-run record for 14 consecutive games.

A three-run homer by pinch hitter John Blanchard broke up a two-hit shutout by winless right-hander Don Lee in the seventh inning of the opener. Mickey Mantle then belted his 15th home run, regaining a tie for the AL lead, with a man on in a three-run eighth. In the nightcap, rookie Roland Sheldon squared his record at 2-2 with a two-run single, his first major league hit, as the Yankees scored three in the fifth off losing lefty Chuck Stobbs (0-2).

Tony Kubek, who doubled in the opener, extended his hitting streak through 14 games with a two-run homer in the seventh inning, giving the Yankees 28 home runs for 14 games. The old 14-game record was 26, held by the 1941 Yankees.

Tigers Lose 8-0 As Baumann Bats, Pitches to Victory

CHICAGO (AP) — Frank Baumann became the first left-hander this season to go the distance against Detroit, pitching and batting the Chicago White Sox to an 8-0 victory over the league-leading Tigers Monday night.

The loss whittled Detroit's first-place margin to one game over the surging Cleveland Indians who downed Washington 7-5. Baumann, who aided his own cause with three hits and three runs batted in, limited the Tigers to seven hits, six of them coming in the first five innings. Rookie Jake Wood collected three of Detroit's hits.

Jim Landis was the Sox hitting hero. He rapped out four singles, drove in two runs and scored three. Baumann evened his record at 4-4. Detroit starter Phil Regan was charged with his second loss against five wins.

Athletics Win, Lose; Siebern Has Big Day

BOSTON (AP) — Relief specialist Mike Fioresi, making his first start in three years, pitched Boston to a 6-2 victory over Kansas City Monday, but the visitors salvaged a doubleheader split 10-6 in the antics of Norm Siebern.

Siebern reached base safely eight straight times after grounding out in his first appearance of the day. The Athletics' left-fielder singled and scored during a five-run fifth inning in the nightcap, then tagged a solo homer the next frame.

Siebern totaled four singles, a homer and three walks in his stretch. He also contributed a spectacular leaping catch against the scoreboard to end a bases-loaded Red Sox threat.

Fioresi, tremendous in relief a year ago but battered freely in that capacity so far this campaign, was given his first start to bolster his confidence. The Cuban right-hander responded by going the route, scattering 10 hits.

FIRST GAME

Kluszewski Homer Dumps Baltimore

BALTIMORE (AP) — Lefty Ron Moeller and Ted Kluszewski led the Los Angeles Angels to a 3-0 victory over the Baltimore Orioles Monday night.

Kluszewski hit a two-run homer off Baltimore starter Hal Brown in the first inning. The big first baseman has made six hits — all homers — in five games against the Orioles — to drive in 11 runs.

Moeller, 22, a rookie originally signed by the Orioles as a bonus player, allowed six singles, walked four and struck out nine. It was his first major league victory.

Four of the strikeouts choked off budding Baltimore rallies in the fifth and sixth innings. After that, the Orioles made only one hit.

LOS ANGELES 200 001 000 — 3 3 0
Baltimore 000 000 000 — 0 6 0
Moeller and Sadowski; Brown, Hyde (7) and Triandou. W — Moeller (1-1). L — Brown (5-2).
Home run — Los Angeles, Kluszewski (40).

Phils Beat Giants 3-2; Roberts Wins 1st Game

SAN FRANCISCO (AP) — Veteran Robin Roberts of Philadelphia won his first game of the season Monday, beating San Francisco 3-2 on six hits. Roberts had lost seven straight.

Pancho Herrera's sixth home run of the season, a three-run blast in the third inning, beat southpaw Mike McCormick and dropped the Giants to third place in the National League.

The crowd was 4,881, smallest in the two-year history of Candlestick Park.

PHILADELPHIA 003 000 000 — 3 6 0
San Francisco 002 000 000 — 2 6 1

Trackmen Shine at Meet

Four Iowa trackmen turned in strong performances at the Central Collegiate track and field meet at Marquette University in Milwaukee Saturday.

Ralph Trimble and Gary Fischer found themselves the strongest of competition in their respective 880-yard heats and both failed to qualify for the finals.

Ironically, Trimble and Fischer both ran 1:53.4, personal highs for both men. Fischer holds the Iowa indoor 880 record with 1:54.9.

Trimble was fifth in the mile with a 4:18 clocking. The race was won by Kansas' Dotson in 4:06.

Iowa's other competitor in the running events was Don Gardner who took fourth in the 220-yard low hurdles with a :24.7 time.

In the discus throw Cloyd Webb placed second with a throw of 153 feet. Webb holds the Iowa record with a 162-3 heave launched here May 13 against Ohio State.

The day's stellar performance was turned in by Jon Bork of Western Michigan, who blazed the 880 distance in 1:49, the third best half mile in the United States this year.

Tucker, Mawe Elected Captains

Bill Mawe, half-miler from Manchester, was elected next year's track captain and Jim Tucker, stellar mile and two mile man, was chosen as cross-country captain in a meeting of track and cross-country teams Monday.

Mawe also ran a 440 lap on Iowa's strong mile relay foursome this spring. His best time was :43.8. In the half mile Mawe has done 1:53. He is also a member of the cross-country team. He will be a senior.

Tucker who will be a senior, has twice been selected to the All-American Cross-country team. His best time in the mile was 4:11.9 in the Big Ten track meet May 20. Tucker's fastest two mile time was 9:14 run an hour and five minutes after his personal high in the mile.

Zimmer Injured

ST. LOUIS (AP) — Second baseman Don Zimmer of the Chicago Cubs will be out of action two or three days with a badly bruised instep, the club's trainer said Monday.

Zimmer hit a foul tip off his left instep Sunday in the second game of a doubleheader at Cincinnati.

Indians Beat Nats As Piersall Stars

WASHINGTON (AP) — The red-hot Cleveland Indians won their seventh straight game Monday night, outslugging the Washington Senators for a 7-5 victory.

Jimmy Piersall cracked out four hits, including a triple, in leading the 15-hit attack. Relief pitcher Barry Latman shut out the Senators on two hits in the final four innings, gaining his fourth victory. He has lost none.

The victory was No. 19 for the rampaging Indians in their last 23 games.

The Senators kept pace against starter Johnny Antonelli and Bobby Locke, twice coming from behind to tie the score.

But the Indians went ahead to stay on two unearned runs in the seventh.

Cards Beat Cubs; Bill White Blasts Jackpot 4-Bagger

ST. LOUIS (AP) — Bill White hit a grand-slam homer and Carl Sawatski homered with a man on, both in the seventh inning, as the St. Louis Cardinals out-slugged the Chicago Cubs 10-8 Monday night.

It was White's third homer of the year and the third grand slammer of his career. Sawatski's was his second round tripper of the year.

The Cardinals banged out 17 hits to the Cubs' 14.

The winner was Mickey McDermott in relief. It was his first victory of the season against no losses. The loser was Joe Schaffert, also in relief. He has an 0-3 record.

The Cubs paraded five pitchers to the mound and the Cardinals four, with McDermott, the last, entering in the eighth.

The Cubs rallied for three runs in the eighth on an Ernie Banks homer, his 10th, three singles and two walks.

Reds Beat Braves 5-3

CINCINNATI (AP) — An eight-inning home run by Frank Robinson with Vada Pinson aboard, chased starter Lew Burdette and powered the Cincinnati Reds to a 5-3 victory over the Milwaukee Braves Monday night.

Burdette, who had scattered 11 hits before serving up the home run to Robinson, allowed the Reds but two runs in the second inning before being chased in the eighth.

Milwaukee had jumped off to a three-run lead in the first inning when Joey Jay walked Lee Maye and then threw home run pitches to Ed Mathews and Joe Adcock.

MILWAUKEE 300 000 000 — 3 7 0
Cincinnati 020 000 030 — 5 13 1

Lower U. Loan Term

WASHINGTON (AP) — The Treasury Department notified Monday the Senate Finance Committee that it plans to offer loan guarantees to developing countries of the Soviet Union even if this means an interest at all.

He told the Senate Finance Committee that the cases in which some would pay only a small charge.

Dillon testified in President Kennedy's development loan program.

He estimated that 80 percent of the economic assistance program will be spent on goods and services that would have no adverse effect on the U.S. balance of payments.

Dillon concentrated emphasis on the development fund for which Kennedy had authorized \$500 million for the starting July 1, plus \$300 million additional repayments on prior loans.

While all the loans payable in dollars or convertible currencies of other nations, Dillon said, every effort will be made to make the loans repayable in dollars or to accept them.

Lower U.S. Loan Terms

WASHINGTON (AP) - Secretary of the Treasury Douglas Dillon testified Monday the Administration plans to offer loans to underdeveloped countries on terms as liberal as the Soviet Union offers - even if this means charging no interest at all.

He told the Senate Foreign Relations Committee there might be cases in which some countries would pay only a small service charge.

Dillon testified in support of President Kennedy's \$4.8-billion development loan program for poorer countries.

He estimated that 80 per cent of the economic assistance under the program will be spent for U.S. goods and services and that it would have no adverse impact on the U.S. balance of payments position.

Dillon concentrated most of his emphasis on the development loan program for which Kennedy is asking \$600 million for the fiscal year starting July 1, plus authority to use \$300 million additional from repayments on prior loans abroad.

While all the loans will be repayable in dollars rather than soft currencies of borrowing nations, Dillon said, every effort will be made to make the terms easy enough to permit poorer countries to accept them.

175 Students, Advisers Register for Workshop

Some 175 high school journalism students and advisers have now made reservations to attend the Iowa High School Publications Workshop at SUI June 12-16. Applications are still being accepted.

So far, reservations have been received from schools in Illinois, Wisconsin, Minnesota, Pennsylvania and Nebraska, as well as from Iowa schools. Inquiries have also come from schools as far away as California and Florida.

Some 90 scholarships for the workshop are being provided by Iowa weekly and daily newspapers.

The week-long conference, sponsored by the SUI School of Journalism, will feature instruction for newspaper and yearbook personnel. In the newspaper field, there will be special sections on letterpress, offset, school page and mimeographed papers and advanced instruction.

In addition to presenting veteran high school journalism teachers, the program will feature talks by Al Grady, sports editor of the Iowa City Press Citizen; Tait Cummins, WMT sports director; June Herman, editor of "Scholastic Roto"; Lester Benz, executive secretary of Quill and Scroll, international honor organization for high school journalists, who will discuss his view behind the Iron Curtain; and members of the SUI School of Journalism faculty.

Inquiries may be addressed to: Workshop Director, School of Journalism, The State University of Iowa, Iowa City.

Kefauver said the record adds up to "some what of a corporate disgrace."

Cordiner would not accept that description and argued that GE has made too many contributions to be called a disgrace.

The executive protested also the range of Kefauver's questions. In its five weeks of hearings, Cordiner said, the subcommittee has investigated the events that led to the recent federal price-fixing case.

In that case, a U.S. District Court judge fined 29 electrical equipment manufacturers, including GE, and 45 company officials nearly \$2 million on charges of meeting illegally to fix prices.

And now, Cordiner said, Kefauver was questioning him about a long list of other cases, dating back to 1911.

Kefauver replied that Cordiner obviously hadn't followed the hearings closely. Mark W. Cresap Jr., president of Westinghouse Electric Corp., had been asked similar questions, Kefauver said.

Other witnesses may have been questioned in less detail, the chairman continued, but their companies have not been involved in as many antitrust cases as General Electric has.

"I can't help but come to the conclusion that it is a pretty sorry antitrust record GE has had over the years," Kefauver said.

Company Head 'Not Proud' Of GE Record

WASHINGTON (AP) - Ralph J. Cordiner, board chairman and president of the General Electric Co., reviewed the antitrust record of his giant company Monday and testified: "We are not proud of it."

But his views of GE's troubles with the Justice Department since 1911 didn't suit Sen. Estes Kefauver (D-Tenn.) chairman of the Senate antitrust and monopoly subcommittee.

Kefauver said the record adds up to "some what of a corporate disgrace."

Cordiner would not accept that description and argued that GE has made too many contributions to be called a disgrace.

The executive protested also the range of Kefauver's questions. In its five weeks of hearings, Cordiner said, the subcommittee has investigated the events that led to the recent federal price-fixing case.

In that case, a U.S. District Court judge fined 29 electrical equipment manufacturers, including GE, and 45 company officials nearly \$2 million on charges of meeting illegally to fix prices.

Kefauver replied that Cordiner obviously hadn't followed the hearings closely. Mark W. Cresap Jr., president of Westinghouse Electric Corp., had been asked similar questions, Kefauver said.

Other witnesses may have been questioned in less detail, the chairman continued, but their companies have not been involved in as many antitrust cases as General Electric has.

"I can't help but come to the conclusion that it is a pretty sorry antitrust record GE has had over the years," Kefauver said.

"I am deeply grieved and concerned" about it, Cordiner said, adding: "We are trying to do something about it."

Industrial Tax Exemption Bill Vetted by Erbe

DES MOINES (AP) - Gov. Norman Erbe Monday vetoed a bill that would have exempted certain industrial materials from the state's two per cent use tax.

The veto was the Governor's seventh veto of acts passed by the 1961 Iowa Legislature.

In his veto message, Erbe said he was in accord with the principle of the bill "but I find it impossible to implement at this time due to the reduction in revenue that would occur." He estimated it would cost the state about \$1 billion a year.

The measure would have exempted industrial materials used, consumed or depleted directly in the manufacture or production of other tangible personal property.

The language of the bill was so broad, Erbe said, that it could well have resulted in exemptions far beyond the intent of the Legislature.

Alum Named To Board

IOWA CITY (AP) - The appointment of Leo Fitzgibbons, Estherville attorney, to the SUI Board in Control of Athletics was announced Monday by SUI President Virgil Hancher.

Hancher said Fitzgibbons will serve as one of two alumni representatives on the 14-member board. The appointment is for six years, starting July 1.

Fitzgibbons will succeed Dr. Wayne J. Foster of Cedar Rapids, who has served on the board for 25 years.

Terms on the board now are six years under University regulations approved by the State Board of Regents last year.

Fitzgibbons received his B.A. degree from SUI in 1937, and his law degree there two years later. He was nominated for the board post by the SUI Alumni Association.

The board controls the SUI athletic program required for membership in the Big Ten Conference. Twelve of the board members represent the school faculty.

Studying Takes Many Forms During SUU's Final Week

'It's That Time Again'

That scourge of the semester is upon campus again as SUU bears down during finals week. Here two students check the final examination schedule in The Daily Iowan to find when, where and how many.

'Above the Din ...'

Many students simply stay in their rooms to study where there is peace and quiet. Not so here though. With the chatter of a card game in the same room, the studious one pores over his books in vain. There must be a better way to do this.

On the Banks

Maybe there isn't a better way, but at least there is a better place, and Nora Null, A1, Parkersburg, W. Va., has

found it. A breeze rustling the leaves and waves lapping against the shore make the riverbank a perfect place for studying.

Daily Iowan Photofeature

By
Jim Seda

'Intent Stroll'

It's just a little late maybe, but sometimes a last minute glance on the way to the exam may help to fill in the blank spots. Harold Hatfield, A4, Bedford, gets in a little of that last minute studying as he strolls past the University Library.

'Lazy Man's Way'

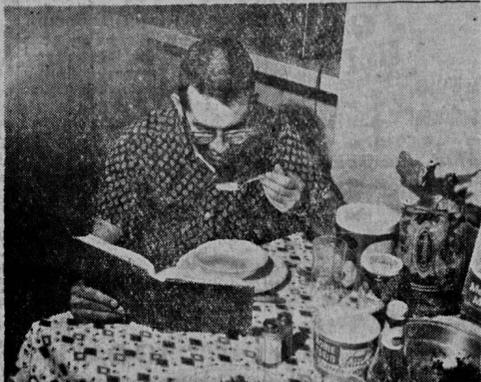

Ever try studying in bed? It's hard to find a comfortable position, but Jim Young, G, Traer, seems to have solved the problem by laying the book on the floor and leaning over the edge of

the bed. A magazine and golf clubs standing idle in the corner may prove to be too much of a temptation though.

'Still Time for a Chat'

Still a couple days to go, so the pressure to study is still not too great. In between reading, there still is time to pause and chat. These three students—(from left) Patty Herzoff, A2, Sioux City; Jerry Cohen, A3, Sioux City; and Dick Lewis, B4, Chicago—do just that in the Terrace Lounge of the Iowa Memorial Union.

'In Between Bites'

About four days into final week, it sometimes becomes necessary to study even at meal time. Here, Lee Tucker, E4, Burlington, crams in a little more knowledge as he eats dessert.

'Breaktime'

Studying too long can become exhausting. When that happens, try this: Lie down on the riverbank, place your notebook over your head for shade, fold your hands, and begin dreaming about June 7 — when all finals will be over for the semester.

SO YOU'RE THE ONE THAT MADE MILWAUKEE FAMOUS!

Well, I helped a heap. You're famous for flavor, aren't you? Those in the know say so. Distinctive flavor. Unmistakable? Schlitz is in a class by itself. Great on a date! What's your secret? Deep, cool, kiss-of-the-hops flavor. Tastes different? Definitely! And only Schlitz has it. Wait! Why rush off? Sorry! A B.M.O.C. just ordered a pizza—and two more of The Beer That Made Milwaukee Famous. Lucky you! What a golden opportunity!
