The regulation will go into effect on the first day of the new picnic season, which is scheduled to begin on May 1.

The regulation will be enforced by the park police, and violators will be subject to a fine of $25.

The regulation will be reviewed by the city council every year, and changes will be made as necessary.

The regulation was adopted with the support of the city council and the mayor.

I think we should give our students more credit than that. They are human beings, and they deserve to be treated as such.

Dear Mr. Burns,

I am writing to express my disapproval of the recent cuts to the University of Iowa's budget. These cuts have led to the reduction of many valuable programs and services, including the Political Spectrum.

As a member of the University community, I believe that it is crucial that we continue to support the Political Spectrum and other student publications. These publications provide a voice for the students and contribute to the diversity of perspectives on campus.

I urge you to reconsider these cuts and to find alternative ways to fund the Political Spectrum and other important programs.

Sincerely,
