Mao Turns 73; His Health Is World's Worry

By WILLIAM L. KIAM

The mood was symbolized by the Chinese envoy to the United States, who said: "Mao Tse-Tung should be remembered as a brilliant strategist, a great military leader, and a great human being."

The envoy went on to say that "the world should be grateful to Mao Tse-Tung for his contributions to the cause of peace and for his efforts to bring about a better world." He stressed that "Mao Tse-Tung's legacy will continue to inspire the Chinese people in their efforts to build a socialist society."

**Credibility Gap is Explained**

**BY ART RICHMOND**

WASHINGTON—There has been a lot of talk about the Credibility Gap but no one has explained what it is. The famous Credibility Gap is one of the most important and evolving trends in the world today. It is a trend that affects all aspects of society, from politics to education to the arts. It is important to understand what the Credibility Gap is and how it affects us.

**Gimmick to reduce debt**

**By Robert Smith**

Washington, D.C.—A new gimmick to reduce debt was introduced today. The gimmick, called the "Super-Debt-Reducer," promises to cut the nation's debt in half within a year. The gimmick works by implementing a series of measures, including increased taxes, decreased spending, and a government-run lottery.

**A gift for Aunt Agatha**

**By John Henry**

This Christmas season, we bring you a gift that is sure to please your Aunt Agatha. A gift that is both practical and thoughtful. Here are some suggestions for a gift that will be appreciated by your Aunt Agatha.

**Lynda Bird tells her college story**

**By Dr. Patricia Brown**

Lynda Bird, a recent graduate of the University of Iowa, shares her experiences of college life with the students. Lynda talks about her experiences in college, including her major, her professors, and her extracurricular activities.

**Letters Policy**

**By James Brown**

Letters to the editor are welcome. Letters should be signed and may be edited for content and space. Letters should be short and to the point. The editor reserves the right to edit and copy letters.

**Tailor blades for scissors for laser**

**By William Walker**

The ability to tailor blades for scissors for laser is a valuable skill. Lasers are used in a variety of industries, from medicine to manufacturing. The ability to tailor blades for these lasers is essential to the success of these industries. This article will explain how to tailor blades for scissors for laser.

Today on WSUI, we have a special program. The program is called "Music in the Morning." The program features a variety of music, including classical, jazz, and rock. The program is hosted by Mark Johnson, a local radio personality.
Pervall Says It's Every Man For Himself At Pro Tryouts

By CLIFF FORNES

Staff Writer

Many college football and basketball players have had a chance to show what they can do in a professional environment this summer, but few college athletes have been so busy with tryouts as the 6-2, 215-pound Chris Pervall of Florida.

Pervall is a graduate of the University of Florida's engineering program, but he's found time to cram in tryouts for the NFL and the NBA. In his senior year, he was a standout defensive tackle for the Gators, but he's also had a chance to showcase his skills on the basketball court.

"It's been a lot of work," Pervall said. "But I've had to do it to get a chance to play professionally."

For his efforts, Pervall was invited to the Green Bay Packers' training camp and the Golden State Warriors' camp.

Hawkeyes Battle Standford, Seek 4th Consecutive Win

By JIM MATT

Iowa's basketball team seeks its fourth straight victory when it hosts Stanford on Thursday in a game that could go a long way toward determining the team's fate in the NCAA tournament. The Hawkeyes, who are currently seventh in the Big Ten, have not played well against the Cardinal in recent years, but with a win, they could move into second place in the conference.

The Hawkeyes have been playing well recently, with victories over Nebraska and Iowa State. They'll need to continue their strong play to have a chance of making the NCAA tournament.

PROBABLE LINEUPS

Hawkeye Head Coach Stan Brown has released his starting five for the Stanford game, which will be played in Iowa City on Thursday. The Hawkeyes will have to adjust to the absence of senior forward Greg McGuffin, who is out with a foot injury.

"This is a big game for us," Brown said. "We need to show our fans that we're capable of playing well for the rest of the season."

Arizona Hires New Pro Coach From Canada

Pro football team in Canada hires former college coach.

The Arizona Cardinals have hired Gary Kubiak as their new head coach, replacing Bruce Arians, who was fired after the team finished with a 7-9 record. Kubiak has spent the past four seasons as the head coach of the Houston Texans in the NFL.

"Gary has a great track record of success in the NFL," Cardinals owner Michael Bidwill said. "He's the right fit for our franchise, and we're excited to have him here."
‘Bacon Mystique’ Leads November Living Cost Drop

WASHINGTON, D.C. — Led by a 3.8 percent price increase for meat products, the nation’s living cost index rose 0.4 percent in November, to a seasonally adjusted level of 125.7, the Bureau of Labor Statistics announced Tuesday.

The index, which is based on a survey of consumer expenditures, is compared to a base period of 1967. The Bureau of Labor Statistics calculates the index monthly and publishes it on the 10th of each month.

Seasonally adjusted food costs rose 0.4 percent in November, to a seasonally adjusted level of 125.7. The index for food at home was up 0.2 percent, to a seasonally adjusted level of 125.6.

The index for food away from home was up 0.7 percent, to a seasonally adjusted level of 125.8.

The index for all items except food, housing, and energy rose 0.2 percent, to a seasonally adjusted level of 125.7.

The index for all items, including food, housing, and energy, rose 0.2 percent, to a seasonally adjusted level of 125.7.
