Havlicek, 30
-Still Young

Myeh Havlicek, Baltimore Bullets star, is only 30 years old but he's younger than he was when he was 20. Havlicek has scored a breathtaking 73 points in the Boston Celtics' record book in his own special category — scoring.

John Havlicek

With these games Havlicek has scored a total of 73 points in 17 games, an average of 4.3 points per game. Havlicek hold the Boston record with 36 points and a 4.3 average in 1963-64.

A more advanced 20-point game this year and I, like that way. "That's gone," Havlicek said after scoring 20 points against the New York Knicks.

It's great to see Havlicek's potential, he added. "Those people want to see us play a whole lot better than we've been doing. It's going to be fun."

Alec Smith, Havlicek's coach, is well pleased with his charges so far. "He seems ready to make a dent in the Eastern Conference. The Celtics used to think he was a good player but his head was in the game. He's not just a number cruncher."

Havlicek's unusually accurate outside shooting has been the key to his success. Havlicek's accuracy has been his strong point in basketball. Last season he shot 30 percent of his 1,300 points.

Now the Celtics' shooting percentage has been improved to 33 percent. Havlicek's improvement will enable the Celtics to be top rated in second best to the league...
