Monday Downer

If rainy days or Mondays always get you down, right now you should feel about two inches high. First of all, it's Monday. Secondly, there's a chance of rain. Temperatures in the area today should be in the upper 70s, with skies clearing and the thermometer falling to the 50s tonight.

The Daily Iowan

**Vice President Agnew**

The Magpie copper company, the nation's largest independent producer, reached an agreement in a new contract, averting a strike and the first breakthrough in the series of stoppages in copper negotiations and transportation issues.

Negotiations continued Monday in the canopy and rail strikes, but there were no reports of progress. The proposed copper center reached in the 10 day of the strike that has lasted a total of 33 working days. Aside from the copper, there were complaints about the railroad's ability to handle the copper, and there were unconfirmed reports of possible class action suits against the railroad.

The strike was called in July and the railroad is loth to attend with much of the copper, which includes a $60 million order from the Magpie.

**Mainland China into U.N.?**

Washington, D.C. -- The immediate impact of the United Nations' admission of the People's Republic of China presumably has little effect on the world economic or military power balances.

The immediate economic repercussions for the United States are negligible. The economic power of the People's Republic of China is less than that of the United States.

The admission of China to the United Nations is symbolic and of little substantive effect.
Mother Tells of Plea To Dredge Miner Son

AMORES POE, Ky. - A miner's worried youngster to recover the last of three young sons killed in a recent mining explosion. The boys, the number of the victims, F. D. C. also expressed hopes against working in the mine.

"I told them not to work in the mine," said Mrs. Poe, "but they said they had to work in order to support the family."

The other two sons are also working in the mine. The youngest son is 10 years old.

City Property Tax: A Touchy Subject

By ROY DAVIS

Daily Iowan

Property tax is Iowa City's largest source of revenue. Homeowners enter into life with certain expectations of the service. Landlords value rents personally, and are motivated to see that the tax on their properties is reasonable and within the limits of what they can expect to charge. People in business and manufacturers are also motivated to decrease the amount of real property tax in the city.

There is some charge for holding land, but we do not pay taxes on the streets or sidewalks. In Iowa City we pay taxes on buildings, machinery and manufacturing equipment, plus a portion of the value of land. It is not unusual to have property tax from the city amounting to more than your mortgage payment.

Many people are not aware of the large amount of property tax in the city. The city property tax is the first line item on your bill. This includes taxes for the school, the city and the county.

The village rate is determined by the city council for the city's needs. The county rate is determined by the county for the county's needs. The county rate is determined by the state for the state's needs. If the city rate is 20 cents, the county rate is 50 cents, and the state rate is 10 cents, the total tax rate is 80 cents. If the city rate is 15 cents, the county rate is 60 cents, and the state rate is 10 cents, the total tax rate is 85 cents.

The amount of money that the city can spend on the schools is determined by the state law. The state law determines the amount of money that the city can receive from the state. If the state law is changed, the amount of money that the city can spend on the schools is changed.

There are certain restrictions on what the city can do with the money that it receives from the state. The city cannot use the money for anything that is not related to education. The city cannot use the money for anything that is not related to the government. The city cannot use the money for anything that is not related to the public.

The city cannot use the money for anything that is not related to the public. The city cannot use the money for anything that is not related to the government. The city cannot use the money for anything that is not related to education.
Big 10 Cagers Undefeated Down Under

CHICAGO, II.—The Big 10 All-Star Basketball team completed its winning tour in Australia today with a 92-71 victory over three games in less than a week on this 2,100-mile tour.

The Big 10 Cagers won only four of its 12 games in Australia, but the 90+ margin of victory in three of the four games was enough to help the team win the series.

The Big 10 All-Star Basketball team was defeated only twice in 12 games by three professional clubs in three cities: Melbourne, Sydney, and Canberra.

The team consisted of players from the Big 10 Conference, including University of Michigan, Ohio State, Indiana, and Purdue.

The tour was sponsored by the Big 10 Conference and the Australian Basketball Federation.

Phelps and Independent

Ann Arbor—South Bend's Rick Howat, who played with the United States basketball team in the 1972 Olympics, has signed with an American professional team.

The Big 10 All-Star Basketball team was defeated by the United States team in the final game of the tour, but Howat's performance was a highlight of the series.

Howat scored 24 points in the game, including a crucial three-pointer at the end of the fourth quarter to help the United States seal the victory.

The tour marked the first time an American team had competed in an international basketball tournament.

Howat's signing with the professional team is significant as it marks the beginning of a new chapter in his basketball career. He has played for the United States national team in several international competitions, including the Olympic Games.

The Big 10 All-Star Basketball team's trip was funded by the Big 10 Conference and the Australian Basketball Federation. The team played in three cities: Melbourne, Sydney, and Canberra.

The tour was considered a success, with the Big 10 Cagers winning four of their 12 games. However, Howat's signing with the professional team signifies the beginning of a new chapter in his basketball career.
