The abortion issue

Part II

By STEPHEN H. HIRSCH

The abortion issue is one of the most controversial and heated topics in American society today. It involves questions of human rights, individual freedom, and moral values. The issue is complex and multifaceted, and opinions vary widely among people.

The debate over abortion centers on the question of whether or not a woman should have the right to choose whether or not to carry a pregnancy to term. Pro-choice advocates argue that women should have the right to make this decision for themselves, while pro-life advocates argue that abortion is morally wrong and should be illegal.

The history of abortion in the United States is long and complex. In the 19th century, abortion was widely practiced and was considered a medical procedure. However, in 1869, the United States Supreme Court ruled that abortion was illegal in all cases except those in which the mother's life was in danger. This ruling set the precedent for the legal status of abortion in the United States for the next 100 years.

In 1973, the Supreme Court ruled in Roe v. Wade that women have a constitutional right to an abortion. This decision was based on the idea that women have a right to privacy and that the government cannot interfere with this right unless there is a compelling state interest. However, the decision also allowed states to regulate abortion in certain ways, such as by requiring parental consent for minors.

Since the Roe v. Wade decision, the abortion debate has continued to rage. Pro-choice advocates have continued to push for full access to abortion, while pro-life advocates have continued to push for restrictions on abortion.

The consequences of the Roe v. Wade decision have been far-reaching. Abortion rates have declined in states with more restrictive abortion laws, and they have increased in states with more permissive abortion laws. This has led to a significant increase in the number of countries where abortion is illegal, and a decrease in the number of countries where abortion is legal.

The debate over abortion is likely to continue for many years to come. It is a complex issue that involves many different values and beliefs. It is important to continue to have open and honest discussions about this issue in order to find a workable solution.
Politics:

Nixon

Peter B. Welch - Pres. Nixon had to run his re-election campaign without the help of his Democratic opponent. Nixon announced his victory without mentioning his opponent, thereby preventing any possible opposition to his policies. Nixon's victory was more of a landslide than meets the eye. The Democratic Party was divided and weak, which allowed Nixon to win comfortably.

Muskie

Washington - Sen. Edmund Muskie declared his re-election bid, and said he would like to be a candidate for the presidency. Muskie's name was briefly linked to the New Hampshire Republica Party by the state's former governor, Lance M. McAllister. When asked if he would run for the Republican nomination, Muskie said yes.

P.O.W.

North Vietnamese set terms for release

BUILDING ON - The North Vietnamese announced new terms for the release of their prisoners. The terms included the payment of $1 billion to the United States and the granting of the right to use North Vietnam's air space for military purposes.

UI needs new water source, cites growing use by others.

The business manager of the University of Iowa said that the university was in need of a new water source. The university currently uses water from the nearby Des Moines river, but the water is becoming increasingly salty.

The importance of having a new water source was emphasized by the University of Iowa's president, who said that the university was facing a crisis due to the quality of the water.

The university has been using water from the Des Moines river for many years, and the quality of the water is deteriorating. The university is considering options such as desalination or the construction of a new water source.

The university is also facing increased competition for water, as the population of Iowa City is growing.

Future here for Allen

George Allen, named Coach of the Year by the Associated Press for his Raiders last year, will be inducted into the National Football Foundation's Hall of Fame tomorrow afternoon at the Waldorf-Astoria, New York, at 4 o'clock.

The banquet is an annual event of the foundation, whose members are alumni of approximately 250 colleges and universities.

Name Allen 'Coach of Year

NEW YORK — George Allen, who recently coached his Stanford Cardinal to an unbeaten 10-0-0 record, was named Coach of the Year by the Associated Press today. Allen is scheduled to receive the award tomorrow afternoon at 4 o'clock at a banquet in New York City.

Walters, Allen "Coach of the Year"

As Allen was named Coach of the Year by the Associated Press, he was also honored by the Stanford University Board of Trustees, which presented him with the Charles E. Willis Award.

The week's events included a tour of the New York World's Fair, a visit to the United Nations, and a reception at the Waldorf-Astoria Hotel.

Brundage would ban skiing

NEW YORK — Brundage would ban skiing

F. D. R. became the first President to visit the games, and Roosevelt returned the visit by taking the President to the White House.

The difference probably has been the difference of opinion as to the advisability of suspending the school program.

The Associated Press was the only one of the three wires to report the incident, and the Associated Press was the only wire to report the game.
