Used in shootout
Traces rifle to Angela

SAN JOSE, Calif. (AP) - A gun salesman testified Thursday that he sold Angela Davis a rifle hours after it was used in a Minnesota commune mass murder attempt, where four persons, including judge, were killed.

Owen W. Cullen, salesman at Western Sports Store in Los Angeles, identified a slingshot rifle for a Plantfield, Calif., sign that he and Miss Davis bought on April 2, 1970.

The state claims Jonathan Jackson carried that gun into a Minnesota commune to kidnap hostages in an attempt to free three black convicts known as the Symbionese Brothers. Jackson's brother, George, was one of the Symbionese Brothers.

McCarney suing Register for libel

Former Iowa City Police Chief Patrick J. McCarney has filed a $2 million lawsuit against The Gazette for alleged libelous statements.

McCarney, now a police captain in Washington, D.C., said that the issue involved a story published in the Gazette in March 1970 about the resignation of two police officers.

The alleged libelous and defamatory language included a reference to McCarney's marital status and said that he was not approved of by his superiors.

A Gazette employee said that the newspaper had not had a chance to respond to the suit.

On the run

A Vietnamese peasant carries his two grandsons in the basket on his bicycle as he fights his way across the border to the south on Thursday. Many baby baskets were reported within 15 miles of Saigon, while the North Vietnamese highland areas have been cleared.

The IC group sets

Angela Davis benefit festival

An Angela Davis Benefit Day celebration will include a poetry reading, a power breakfast, and a dinner.

The event will be held in the Iowa City Public Library, and all proceeds will go to the Iowa City chapter of the Angela Davis Benefit Day volunteer group.

IU postpones WSA hearing

A University of Iowa student group has been postponed from the WSA hearing on May 2. The group was scheduled to present a petition to the WSA board.

The petition, which was signed by 1,000 students, requested that the WSA board recognize the group as a student organization.

The WSA hearing was postponed until May 2, according to aatement issued by the WSA board.

List courses for summer

Catalogs and course schedules for the University of Iowa summer sessions are now available. Students interested in registering for summer courses may pick up the catalog of their choice.

Courses available include:

- Health and Physical Education
- Business Administration
- Accounting
- Economics
- Psychology
- Sociology
- English
- History
- Mathematics
- Science

PERSPICACIOUS
police spot potted pot plant

Four police officers noticed as Charles B. Ramsey II drove by Wednesday night and handed him a search warrant telling him he was going to search his home for marijuana plants growing in it.

"It was kind of a party when they came," he said later. "I heard a knock on the door and had no idea who it was."

Ramsey, who runs a drugstore in the neighborhood, said he was not surprised to see the police officers. "I would have expected them to be here sooner."

"I wonder what they were doing," he said, "I wonder if they knew it was a pot plant."
Campus Notes

Yvette scheduled for Union talk

"Who's Happening in America?"--" who is coming to the Union," is the title of an address to be given by Samuel F. Yeile, former Director of the Book Service at Newberry and Associate Editor of the Library Journal. Mr. Yeile will be speaking at 12:30 p.m. in the Union Hotel on Wednesday, April 26.

Yettle has documented the Negro Achievement Movement, and is the author of "Who's Happening in America?" The book is now in its third printing and is being sold by the Black Student Union.

The meeting will take place in the Union Hotel on Wednesday, April 26, at 12:30 p.m.

You and your landlord

In case you haven't heard, the overwhelming majority of the students voted against the last month's student government elections. Cull Bloomquist, Bloomquist lost by close to 500 votes. It was all in the campus papers, but in spite of the publicity the event received there are still some people who don't realize that not very many people thought Bloomquist would make a good president. Bloomquist is one, the Kappa Sig house is another.

The strategy they were working on now is to get the student judicial court to declare the election the "Cooperative unconstitutional." This is their reasoning, or lack thereof.

The constitution of the University of Iowa Student Association Senate refers to the procedure as "the." This doesn't exclude females (commonly referred to as "the female"). It does exclude a group of people being prosecuted, such as "the." The result is "the." Since "the" is a constitutional question, she says it has no authority.

Carolyn Rice, the election chairperson and a Bloomquist supporter, has said that she would have thrown the case out regardless of when it came up. The reason? Her committee only rules on election rules, which the Cooperative followed, and not on the constitutionality of the case. If the Cooper had stuffer ballots she would have thrown the case out. Since it's a constitutional question, she says it has no authority.

This is Bill's first brother who is working on their spare time. Helping them are the two characters who are actually bringing the suit before the judicial court. One's name is Archie. Think his pal is Archie Hoggard Bill has taken it on themselves to save the student body from the Cooperative. They started before spring break by trying to get Brad Haddy installed as student body vice president. They couldn't get a quorum at the senate meeting so that was shot.

They are going to run into problems. The student court only has appellate jurisdiction. Ie. They only hear cases that are being appealed after a ruling by another court. In the judicial court can't try the case because they don't have jurisdiction over it until it is appealed.

This means that Archie and Hoggard and the B's would take the case first to Elections Board. But this isn't work either. Elections Board only rules on cases that are brought to their attention with in 24 hours after the election visitation has occurred. That means the case would have had to be filed 24 hours after the Cooperative announced its candidacy or 24 hours after they were hit. It's too late to go that route. Bill and his friends have followed through on the discussion they had at the default party the night of the election re-capping the election from the Cooperative they still wouldn't have had a chance.

**Cool to ‘Hot’**

Films that utilize clever and inventive devices and techniques, including the stylings of the 60s and 70s, are often referred to as “cool.” This is in keeping with the genre that has been born out of the 60s film revival, also referred to as the “trendy” or “60s” cinema. By the time the 70s arrived, the cool genre had disappeared, but the 60s films remain a strong influence on modern cinema.

**Mary, Queen of Scots? It just ain’t so**

With the University of Iowa production, directed by Martha Jane Aslakson, it was a performance that was worth the wait. The production was a triumph in every aspect, from the direction to the acting to the design. The costumes, designed by Polly Ander, were stunning and perfectly suited the period and the characters. The set, designed by Paul Muller, was a marvel of construction and design. The lighting, designed by Jack O’Hara, was perfect, creating a mood of mystery and suspense.

The production was presented at the Iowa Memorial Union, opening on the first day of April. The play was titled “The Burning of Mary, Queen of Scots.”

**Celebration: a sun ritual in the Studio Theater**

The Iowa City Community Theatre is presenting a first-class comedy, “The Madwoman of Chaillot,” written by Eugene Ionesco, and directed by Magnus Peterson. The play opened last night at the Community Theatre.

**Another critic heard from:**

The play is an excellent choice for the spring season. It is a black comedy that is both funny and thought-provoking. The characters are well-developed and the acting is superb. The production is well-staged and the set design is excellent. The play is a must-see for anyone who enjoys a good comedy.

**Ideas and comments on “Madwoman of Chaillot”**

The play is a satirical comedy that takes place in the 19th century. The main character is a mad woman who believes she is the queen of France. The play is a critique of the French monarchy and the role of women in society.

**At the Community Theater**

James Pugh (plays Jean-Pierre), the Madwoman of Chaillot and Elise, the Queen of France, is a surprisingly realistic portrayal of a mad woman. His acting is excellent, and he manages to convey the character’s madness and delusions without being too over-the-top.

The play is well-written and directed, and it offers a lot to think about. It is a must-see for anyone interested in comedy or French history.
American Indian scholars to keynote history seminar

Two instructors of American Indian studies will be the featured speakers at a day-long conference on "The American Indians and the New World in the 17th Century," organized by the University of Illinois at Champaign-Urbana. The program is being held as part of the 17th annual conference of teachers of history and the social sciences, and Iowa college history teachers, in conjunction with several University of Illinois-related research centers.

"Should boost liquor prices" was the topic of a session held Friday morning at 11 a.m. The forum is a panel to discuss the future of the Iowa City bus system, which includes both a shuttle system and a public transit system. The shuttle system is currently being operated by a private company, while the public transit system is run by the University of Iowa Transportation Department.

According to Robert Dykstra, a professor of history and acting director of the Institute of American Indian Studies at the University of Illinois, the conference is one of the few times that Native American scholars have been invited to speak at a major academic conference. Dykstra said that the conference is an opportunity for Native American scholars to share their research and perspectives with other scholars in the field.

The conference is being held at the University of Illinois at Champaign-Urbana, which is home to one of the largest Native American studies programs in the country. The program is being hosted by the Institute of American Indian Studies, which is a part of the University of Illinois at Champaign-Urbana.

"The conference is an important opportunity for Native American scholars to share their research and perspectives with other scholars in the field," Dykstra said. "It is also an opportunity for the University of Illinois at Champaign-Urbana to showcase its strong Native American studies program."
NCAA expands national cage tournament

KANSAS CITY (AP) — The NCAA has expanded its national basketball championship, announced Thursday, to a 64-team format in 1984 expanded from the present 32-team format of 1982-83. Whether the expansion goes as planned in 1984 will depend on the number of available outside seating capacity, the NCAA said.

A 54-team bracket would have about 17,000 seats, it was calculated. With a 40-team bracket, the seats would draw a key-year-round with two at 32,000, one at 20,000 and one at 10,000.

The NCAA announced the Sugar Bowl football game, Jan. 1, would be held at the end of the 1983-84 academic year. It was a night before the Sugar Bowl officials have asked for certification of the 1983-84 NCAA tournament.

The expansion was recommended to the NCAA board by the organization's extra events committee. If all the sites are utilized, the games this year would be played at 40 or 50 sites.

The special events committee also submitted to the NCAA's board a list of sites for the post-season basketball games and the Sugar Bowl.

Tiajuana-Broadway, Dec. 11, on the 405, Jan. 19, on the 370, Liberty Bowl, Jan. 19, on the 370, in Greensboro, Jan. 19, at the Orange Bowl, Jan. 19, in Phoenix, Dec. 11, at the Orange Bowl, Dec. 11, on the 405, Dec. 11, at the Orange Bowl.

The Final Four Northeast Regional was to begin in New York City on March 22-25, 1984.

The Final Four Midwest Regional would be held at the Final Four on the 25-28, 1984.

The Final Four Southeast Regional would be held at the Final Four on the 25-28, 1984.

The Final Four West Regional would be held at the Final Four on the 25-28, 1984.

The NCAA's executive council, after considering the proposal, agreed to changes in the NCAA's operations.

The NCAA's basketball committee, recommended the proposal be submitted for consideration to the NCAA's executive committee, which the committee will recommend to the NCAA's board on March 22, 1984.
The correct time is . . .

Tom Linder of Southern Illinois looked at his watch while appearing on the broadcast that his Iowa basketball team was leading the University of Kansas, 24-23. He noticed that it was a bit early, but then he noticed that it was a bit early, and he was happy.

Mets pick Berra

NEW YORK (AP) — The New York Mets named longtime manager Gil Hodges as manager Tuesday and simultaneously announced their search for a long-term successor who would succeed Hodges as manager.

The Mets announced Tuesday that they have fired manager Tom Linder and have hired Joe Torre as their new manager. Torre, who is a former baseball player and manager, has been on the Mets staff for two years, serving as their hitting coach.

The Mets are among the teams that have struggled to make it to the playoffs this season. They are currently in fourth place in the National League East, but they are just one game behind the Atlanta Braves.

The Mets are looking to improve their pitching and their fielding, which have been areas of concern this season. They have struggled to hold leads and have given up too many runs.

The Mets are also hoping to improve their offense, which has been lacking this season. They have scored just 569 runs, which is 10th in the National League.

The Mets have a lot of young talent on their roster, including pitcher Jacob deGrom and outfielder Michael Conforto. They are hoping to get more production from their younger players.

The Mets are looking for a manager who can help them reach their potential. They are hoping to find a manager who can help them win more games and make it to the playoffs.

The Mets have a lot of hope in their young talent, and they are looking for a manager who can help them reach their potential. They are hoping to find a manager who can help them win more games and make it to the playoffs.
