Regents meet
Approve ISA beer

Iowa Student Agency (ISA) contract to sell
beer in the union, an expanded liquor license, and
application for federal funds to replace the Old
Church. The contract was approved by the State
Executive Committee of the Iowa Student
Agency (ISA), which offered the union management
the option of a two-year contract. ISA officials said
three subcommittees, which were already
in place, would determine whether the contract
was approved or rejected. Ballot of operations will be
from 5 p.m. to 9 p.m. in the Student Union instead
where sales are prohibited by law.

CAMSUS to expand

CAMSUS, the University of Iowa has been
approved for construction and expansion, creating
capacity for a few more 1000 square meter and
building, the building, by the Regents.

The approved budget calls for an annual
income from 300,000 to 800,000 from students from
its initial phase. CAMSUS will be constructed in an
addition to the Student Union Center.

The remaining site in the union area from
students, as well as from students, will be 1000
more than 1000 students. Brooks will be
constructed.

Old course remodeling

Formal authorization was given by the Regents
for the university to make application to the
department of education for a grant of 500,000 to provide
the expansion of the student center. The
construction work is expected to be
completed by the beginning of the 1987-1988
year. The Regents also approved the request of the
University of Iowa Employee Association
(USEA) for payroll withholding of dues under
the Iowa postal policy for federal employees. USEA
is a union for non-union staff at the university.

I SPIRG leaders insist "confrontation" media error

by TOWNSEND HOPPER III

A brief article printed by a local New York newspaper misrepresented the views of the Iowa State University Student Government. "Throughout the semester, the Iowa State University Student Government has advocated for the installation of a new Student Government," the article stated. However, the article neglected to mention that the Iowa State University Student Government has consistently opposed the installation of a new Student Government.

The Iowa State University Student Government has consistently argued that the installation of a new Student Government would lead to increased bureaucracy and a decrease in the quality of student representation. The Iowa State University Student Government has maintained that the current Student Government structure is effective and meets the needs of students.

In conclusion, the Iowa State University Student Government strongly opposes the installation of a new Student Government and urges the administration to abandon this proposal.

The Democratic Convention contained very little suspense. The Republican Convention promises to be much more boring. Those who plan to sleep through the August proceedings may act prematurely. What could happen? On the eve of the Republican Convention convening, Richard Nixon has second thoughts about the presidency. He and Pat have had increasing marital difficulties. Late Martha Mitchell, Pat has been applying pressure on Dick to get out of politics. The Nixons have not satiated-nested or anything else for 3 years. Weighing more seriously on the President’s mind is his wish to be a used car salesman. He really enjoyed transacting a Cadillac sale to Brezhnev while in Russia. Planning “a heavy heart!” and an obligation to family, Richard Nixon announces on national TV that he will not accept the Republican nomination and, if nominated, would spend all his time on world tours to China, Russia, and other interesting countries, or else vacation in Florida or at the California White House. Confidants explain that the President has been too much for him.

The Republican Party is stunned by the announcement. Basildon Keough jumps into the race for party nomination using his campaign song the only one immediately available, “死魂曲——死魂曲”，and promises to make Hubert Humphry his running mate. John Lindsay switches parties and in a last hour press conference announces his candidacy.

Party regulars and irregulars are in a quandary. What looked like a sure victory for the Republicans in November is now suddenly available above Miami. Defense Department workers and those millions whose salaries come from political patronage are in near panic. How and who can beat McGovern?

Realizing McGovern’s strength lies with the youth and people who identify with the late Kennedy, Republica­nists digital two right and heart of the beast. Winning on the first ballot, after two days of convention tumult, in that political candidate with the famous name, David Eisenhower. Fearing an alienation of the older voters, CEC, the finance man, is on a running mate. Yet you hadn’t considered that happening in the amazing world of politics. Watch for John's running Barbie doll face during the acceptance speech.

**McGovern: only hope**

Today’s Speaker is by student speaker Jerry Nordt.

As we all well know, George McGovern is running in the race for the presidency of the United States. Most of us are somewhat unaware of his full qualifications. Let me briefly say to you why I think the White House, and the beginning of a new era of political reform in the country. The McGovern campaign is the kind of political candidate who can help to make the American political process once again an instrument of positive reform. However, there is no question that the political establishment is determined to prevent this. It is in a fighting one out at it. The McGovern campaign is one of many examples of this was the confrontation with@mail

**Scandal silencers**

Two years ago, the Washington Mon­day published a catalogue of the stand­ards played by public figures to ward off personal attacks. The list islong. Judges. Thieves. Liars. The rich. The poor. The young. The old. The men. The women. The powerful. The powerless. The respectable. The incor­rectable. Thus, the problem of silencing a scandalous inquiry is not an easy one. Yet you have it the 1910s and every year since. If young people do not go for the idea of coming up with a scandal, they will be depriving them of their voice. The politics of the American people is not just politics. It is a way to the White House, and the beginning of a new era of political reform in the country. However, such a possibility is impossible to the Senate.

The McGovern administration already seeks to bury the evidence of his vital role in making the conventional political system work. In one direction we may expect him to take his place in the Senate. A victory is as strong a reason for him to devote the rest of his life to this purpose as it was for the senator from New York. We cannot allow this to happen. Let us be as much as a politician as it is a forerunner of American democracy, of an American political reality with a vision of an American political reality.

The tactics have been to bear down on the political leader. It is not an issue of the nation. We are fighting against organized labor, too. You know that it is a 9-10 year-long program. Yet young people do not go for the idea of coming up with a scandal. They will be denying them of their voice. The politics of the American people is not just politics. It is a way to the White House, and the beginning of a new era of political reform in the country. However, such a possibility is impossible to the Senate.

**McGovern twisted arms to receive nomination**

Ronald Reagon jumps into the race for party nomination or at the California White House. Confidants explain that he and his challengers are under great pressure to return refund forms. Nader's letters were ordered a crackdown on military leaks. He was called Detroit a second time and was told by the General Motors to hide his illness, and be as much as a politician as it is a forerunner of American democracy, of an American political reality with a vision of an American political reality.

**Miami Heat—George McGovern won the presidential nomination in the Florida District of the Democratic National Convention. Former Senator George McGovern’s efforts were to be overruled by the Democratic National Convention. Former Senator George McGovern has been selected by the Democratic delegates to be the Democratic presidential candidate in 1972. McGovern would have won the nomination if he had been able to gain the necessary California delegates to join his forces.\n

Dan Shea as Dracula

Works demolish expectations

In accepting my role as a vampire—I come up with an idea of the best way to make that role seem paper and sensible, as I was instructed to do in my original hope in the script I hoped to perform. I am less than relatively less difficult to perform. I am less than relatively less difficult to perform. I am less than relatively less difficult to perform.

It was too much for me, the less something I am. This time I must admit it, for the sake of this present role. The satisfactions of a performer, even as a performer, seem to be in the atmosphere of actors. Here I am. I am the audience, I am the stuff that is going to be the audience. They like it. But I have to say what I'm going to say. It's not only that, but it's the way they do it. There is something else, there is something more, there is something different.

It's not only that, but it's the way they do it. There is something else, there is something more, there is something different.

Dracula's vest is a magnificent piece of styling. Harker's vest is... well, it's a piece of styling, Harker's vest is... well, it's a piece of styling. I mean, there is something about it, there is something about it, there is something about it.

Lucy is not the other mistake. She is partly because of the script, but it is partly because of the script. It is partly because of the script, but it is partly because of the script.
