**Pharmacy talk**

Dr. Clifford W. Winkler of the U.S. Department of Agriculture will address the University of Iowa College of Pharmacy and Pharmacal Sciences Thursday in the Pharmacy Building. He will be the guest speaker in the fall colloquium series. He will speak on "and implications of B.C.2.," on "Monsanto," and on agriculture students at 4:30 p.m. in Greenow Hall.

He is chief of the USDA fermentation Laboratory at the National Laboratory of the Laboratoire.

He will also discuss a number of professional societies and is widely published in the fields of metabolic soil, agriculture and related fields, and will sign books.

**Recess hours**

University of Iowa students will start a 11:30 to 2:30 recess Monday through Friday, Nov. 1 to 22 through Nov. 28, and 11:30 to 2:30 Wednesday, Nov. 28 through Dec. 15. All university offices will be closed Thursday, Nov. 22, and Friday, Nov. 23.

All students wishing to sell their work may register at any of the 11:30 to 2:30 recesses Monday, Nov. 5; Tuesday, Nov. 6; and Wednesday, Nov. 7; or Fridays, Nov. 10, 17, 24, and 28 at the Student Council of the University of Iowa, and any recess from 11:30 to 2:30 that may be set up at least eight weeks before recess begins. The Student Council is scheduled to meet on the following Sunday, Nov. 15, to hear final recess filed and all interested persons will be welcome.

**A ‘final resort’**

EPC votes to develop grade review board

By CHUCK RAE

Chairman of the EPC, the University of Iowa's governing body of the student body's governing body, is considering a new student government grade review board.

According to the proposal, the new student government grade review board would be created in response to the lack of student involvement in the present grade review board. The new board would be composed of student members and would be responsible for making decisions on student academic standings.

The proposal is currently under consideration by the EPC, and a vote is expected to be taken in the near future.

**ISPIR study suggests legislation to promote efficient use of energy**

By MARY WALTER

Student associations at the University of Iowa are considering a new student association to promote the efficient use of energy. The association would be formed to address the growing concern about energy conservation.

The association would be responsible for organizing events and activities that promote energy efficiency. The proposed legislation would include the establishment of a grade review board, 10 a.m. to 2 p.m. on Friday, Nov. 30.

**Student association amendments reviewed**

By LINDA YOUNG

The Student Association of the University of Iowa has reviewed a number of amendments to its constitution. The amendments are designed to increase the representation of student voices in the association's decision-making processes.

The amendments would allow students to vote on a number of issues, including the establishment of a grade review board. The amendments would also allow students to propose new legislation to the association's executive board.

The amendments will be presented to the Student Association for consideration at its next meeting.
Kennedyites, revisionists vie in forming image

Kennedyites are defenders of the Kennedy mystique while revisionists take a more critical stance.

**Students and workers arrested in Greek anti-government riots**

**Athens (AP)** - Soldiers and troopers round up scores of people and workers in a secret early morning Monday following a last-ditch rally that left at least 11 persons dead and in least 15 persons injured.

These apprehensions — half of them construction workers and many of them living in tents — were taken to the central police station in downtown Athens.

The number of arrests was not established.

The arrests apparently came after students and others at least some support from workers in their last-day-to-work in the army-based regime led by President Constantine Karamanlis.

Army tanks entered into the Ayios Pavlos and Piraeus area of the city as offensive units surrounded the central police station and Greek police and security forces clashed with police, troops and students.

Four construction workers in their 30s were killed after a clash between police and troops when the workers held a last rally for what they said was a march to the Parliament Monday morning.

The construction workers were reportedly shot by police who had the road blocked since they have been known to commit violent acts.

They have been identified as Louis Vichotis, who lives in Athens, and his son, John Stavrinakis, who lives in Piraeus.

The workers marched to the Greek Parliament on Monday morning, some of them carrying banners and placards, and were dispersed by police who used tear gas and rubber bullets.

The Greek government has been under pressure to explain why it is allowing the workers to march, despite a ban on public gatherings.

The workers say they are protesting against the government's policies, which they claim are leading to an increase in unemployment and poverty.

The police say the workers are trying to provoke violence and that they were dispersed to protect public order.

The workers say they are not violence and that they are trying to peacefully express their concerns.

The workers have been arrested and they are being held at the central police station in Athens.

**Kennedyites, revisionists vie in forming image**

Kennedyites are defenders of the Kennedy mystique while revisionists take a more critical stance.

For the Kennedyites, Kennedy's leadership is a model of how to handle crises in a way that is both strong and principled.

For the revisionists, Kennedy's leadership is a model of how to handle crises in a way that is both weak and ineffective.

Kennedyites believe that Kennedy was a strong leader who was able to get things done, even when it was difficult.

Revisionists believe that Kennedy was a weak leader who was unable to get things done, even when it was necessary.

Kennedyites believe that Kennedy was a champion of civil rights and social justice.

Revisionists believe that Kennedy was a champion of civil rights and social justice, but not strong enough.

Those energy crisis blues

Bob Sutton

When I heard President Nixon's ad-
mension that the United States was in-
eting to conserve energy, I stepped in-
side the stream without waiting. I told my-
self I'd be one of the first to do my part.

But I have found that, for the first time in years I have personally conducted a one-man strategy to reduce energy crisis. Several years ago, a television program showed me how to have a long-term beneficial impact on my life. The program advocated a few simple steps: use less hot water, electric light bulbs, and so on. I followed these guidelines for years, and have noticed a definite decrease in my electric bill. I am now able to buy more energy-efficient appliances, and I have even discovered that I can use less energy without sacrificing comfort.

One of the best ways I found to conserve energy is to keep my windows closed during the day. By doing this, I have been able to reduce my need for air conditioning by as much as 30%. In addition, I have found that keeping the curtains closed can help keep the house cooler.

Another way to conserve energy is to use less electricity. For example, I have replaced my incandescent light bulbs with energy-saving fluorescent bulbs. This has reduced my electric bill by 25%.

Conserve Energy - it's a must for everyone. Together, we can save our energy and help ensure a brighter future for our children.
Cambodian palace bombed by Lorn Nol's own plane

The Senate lion, Inc. "Our position is that the Cambodian air force fighter on a bombing run at Phnom Penh's southern perimeter, it was hit during the late hours of the night after dropping two bombs in the area. There was no serious damage to the palace, but the planes returned to Phnom Penh to fill their tanks."

H To the surprise of all, the Cambodian air force fighter was on a bombing run at Phnom Penh's southern perimeter, it was hit during the late hours of the night after dropping two bombs in the area. There was no serious damage to the palace, but the planes returned to Phnom Penh to fill their tanks."

Govtanagan: The court has ruled that the Cambodian palace cannot be bombed by its own parachute or bomb. The palace was ruled to be the possession of the Cambodian government.

The palace is located in the center of the capital and is surrounded by a moat. The palace is a symbol of the ruling monarchy.

Senator Nol said that the palace was the possession of the Cambodian government and that it could not be bombed by its own parachute or bomb.

Wattergate investigator suspended

WASHINGTON (AP) — The Senate Watergate impeachment, often criticized for its lack of evidence, has suspender a staff member of the Senate Watergate Minister for looking into the possibility of a cover-up.

Their executive, Samuel D. said that their source in the Administration for looking into the possibility of a cover-up was the source of some evidence for their report. The source in the Administration had been informed that the Watergate Minister for looking into the possibility of a cover-up had been directed to investigate the possibility of a cover-up.

The source in the Administration had been informed that the Watergate Minister for looking into the possibility of a cover-up had been directed to investigate the possibility of a cover-up.

Kingston Trio still assumes folk stance

by ROD JOHNS

Showman Ken Brame is a bit of a legend. He's been playing one of the golden eras—well, at least one inhabited period—of pop folk music for the Kingston Trio. Now touring around the country as an organizer-producer of the New Kingston Trio, as an offering to Georgia State and Alabama, Brame still holds powerful fame in his name. The STC had some fine performances of the New Kingston Trio, as an offering to Georgia State and Alabama, Brame still holds powerful fame in his name. The STC had some fine performances.

The Trio, featuring Brame on bass, Bill Zorn on lead vocals, and Roger Gamble on lead guitar, continue to perform songs that have been popular for decades. Their sets include covers of classic folk songs such as those by Bob Dylan and Joan Baez, as well as original compositions by Zorn.

Zorn, who was born in New York City, has been a member of the Trio since 1963. He has contributed to the group's success with his high-pitched vocals and skillful playing on the harmonica. Zorn's distinctive sound has become a signature of the Trio's performances.

Gamble, who was born in Fort Wayne, Indiana, joined the Trio in the late 1960s. He has been praised for his creative guitar work and strong singing voice. Gamble's presence on stage brings a unique energy to the Trio's performances.

Kingston Trio's music is characterized by its harmonies and intricate arrangements. The group's sound is a blend of folk, country, and blues influences. Their live performances are an opportunity to experience the magic of their music in person.

Mac’s album ranks high

By DAVE WITZ
Features Writer

"Mystery to Me," in Place Records’ in-house magazine, is the perfect title for Mac’s latest album. It’s a collection of songs that explore different themes, from love and loss to疑惑的 environmental concerns.

The foundation of Famed Mac’s next album is the song structure, and it is strongly reminiscent of the work that the band has done in the past. The music is heavily influenced by the themes and topics of the songs, and it is a testament to the band’s ability to create music that is both introspective and powerful.

The album features a mix of acoustic and electric instrumentation, and it showcases the band’s creativity and versatility as musicians. The result is a collection of songs that are both evocative and memorable, and that leave a lasting impression on the listener.

Some of the standout tracks on the album include "Mystery to Me," "Lost and Found," and "Ride or Rider." Each of these songs explores different themes and emotions, and they are all delivered with a sense of passion and urgency that is impossible to resist.

Overall, "Mystery to Me" is a powerful and thought-provoking album that is sure to resonate with fans of Mac and his music. It is a testament to the band’s talent and dedication to their craft, and it is a true celebration of the power of music to move us and inspire us to think and feel.

But Jets fall short
Joe's back with usual flair

NEW YORK (AP) — Joe Namath returned to the football field Monday, and showed his flair for the dramatic reasserted itself in a new arena.

Relegated to the sidelines for months after the Plainsman played the last game of his career, Namath showed the world that he wasn't through, stopped by the Dolphins' defense and voted off his feet but of a game-turning touch- down throw.

Namath went 14-for-28 for 228 yards and two touchdowns. The Jets won for the fourth straight time, 29-12.

"I got the percentage shot — theory would seem to be the — than we do .

Knicks at Madison Square Garden

When coach Paul Westhead brought the New York Knicks to Milwaukee for the final game of the season, he was basking in the glow of a six-game winning streak.

But later that night, Westhead was left with a sour taste.

The Bucks, who had been struggling for much of the season, scored a 111-108 victory over the Knicks.

Westhead had been on the hot seat for much of the season, but the Knicks' loss put an end to any hopes he had of being retained.

The Knicks' loss also meant that the New York Post, which had been critical of Westhead throughout the season, would not renew his contract.

Westhead was fired, and the Knicks' season came to an end.

Bucks feel 'Garden jinx'

The Milwaukee Bucks are among the busiest teams in the National Basketball Association, but they have not been able to shake the curse that haunts them at Madison Square Garden.

They have lost 11 of their 12 regular-season games in New York to the Knicks, and now the Bucks must face the Knicks in the first-round playoffs.

The Bucks hope to break the jinx when they play the Knicks in the first game of the series on Thursday.

Westhead said he was not concerned about the jinx, but he knows the Bucks will have to be at their best to have any chance of winning.

"It's a tough place to play," Westhead said. "But we have to play well to have a chance.

Women's basketball tournament opens season tonight

The Iowa women's basketball tournament opened today with a game between Willamette College and the University of Wisconsin-Madison.

The game was held in the Field House at 4 p.m. and was expected to be a close contest.

"We're not going to let them win," said Willamette head coach J. Scott Sill. "We're going to give it our all and try to win.

Sportsscripts

Tohill

FORT WORTH, Tex. (AP) — Billy Tohill, the tough Texas Christian offensive tackle, has his last spring in an automobile accident, and The Associated Press.

"They feel that because I wasn't working," Tohill said in an exclusive interview.

The spring is effective Dec. 1, after 1967's final game of the season against Oklahoma State.

The 354-pound Tohill, who stepped into the right tackle job because of an injury to an injured tackle, has been voted player of the week.

Tohill said the AP that Athletic Director Joe Walker would take his place in 1968.

"I don't have a lot of money," Tohill said, "but I have a lot of time on my hands.

Dolphins

MIAMI (AP) — The Miami Dolphins chuckled the American Football Conference East title and a spot in the playoffs, but you couldn't tell it in the dressing rooms.

"That place is like a hell," Dolphins linebacker Nick Buoniconti said of the stadium during a press conference.

Buoniconti and outside linebacker Randy Smith, who were the best nose tackle and outside linebacker, respectively, were not surprised that the game was decided on the field.

"The Dolphins chuckle national champions with a 31-24, and wide receiver Paul Warfield carried out an interview with one of the game's top ten receivers.

"He had a good interview with the Doctor," Warfield said before the game.

The Dolphins' victory over the Dallas Cowboys on Monday night was a huge win for the team.

"We got to bitterenny. We were thinking about Thursday against the Dallas Cowboys," Tohill said after the game.

Barber

"I didn't hear any angry talking," Tohill said, "but I heard some quiet talking.

The Kids lost to the New York Giants, 28-10, on Monday night.

"We're going to have a good season," Tohill said. "We're going to win a lot of games.
