Congress overrides GI Bill veto

WASHINGTON (AP) — Congress overrides by a solid margin Tuesday a veto by President Ford of a bill that would provide a one-time increase in GI education benefits for more than a million Vietnam veterans and four million post- Vietnam era GIs.

The House voted first in line. The Senate then voted in line, with only Vice President Spiro T. Agnew voting against the measure. It took two-thirds vote in both chambers, and Ford's veto was overridden in a 90-0 roll call in the Senate and 367-51 vote in the House.

Ford vetoed the bill, saying it was unnecessary and wasteful. He contended it would cost the government an estimated $10 billion over its life, although the Senate voted it overrode by solid margins Tuesday in the House, and 90-0 in the Senate.

Ford had predicted his veto would be overridden.

The bill increases significantly the educational training from the GI bill for a veteran with one dependent and brings in a veteran with two dependents. The rate for such dependents over two is increased from $1,863 to $2,603.

The basic program will be expanded in the Truman Memorial Extension and in the post-Korean-era programs. The basic program is for veterans of World War II, the Korean conflict, the Vietnam era, and the post-Vietnam era.

Ford argued that this year's increase was not a pretax cut in the GI bill, but was the equivalent of $2,000 a year, if Congress cut the GI bill tax to zero. Ford argued that this year's increase cost $3 billion, with $2 billion from the GI bill and a $1 billion increase in the GI bill tax.

Courses provided by the Neighborhood Youth Corps are listed below.

**Arts and Humanities**
- **Cultural Exchange Program**: Youth from different countries learn about each other's cultures through music, dance, and art workshops.
- **Literature Series**: Monthly discussions of classic and contemporary literature, led by local authors.

**Sports and Fitness**
- **Local Sports Teams**: Youth travel and play against teams from other neighborhoods, enhancing teamwork and sportsmanship.
- **Health and Wellness Workshops**: Sessions on healthy eating, exercise, and mental health awareness.

**Technology and STEAM**
- **Coding Camps**: Introduction to coding and computer science, with projects that apply coding to real-world scenarios.
- **Robotics Club**: Building and programming robots, with a focus on renewable energy applications.

**Community Service and Leadership**
- **Volunteer Projects**: Youth engage in community service projects, such as cleaning up parks or assisting local food banks.
- **Leadership Training**: Workshops and seminars on leadership, communication, and conflict resolution.

**Language and Multilingual Learning**
- **Language Clubs**: Clubs for learning languages such as Spanish, French, or Chinese, with opportunities for cultural immersion.
- **Multilingual Storytelling**: Groups where youth share stories in their native languages, promoting cultural understanding.

**After-School Programs**
- **Homework Help**: Youth receive assistance with homework and academic support from local college volunteers.
- **Creative Arts Workshops**: Weekly workshops in various creative arts, including painting, sculpture, and music.

**Summer Camps and Camp Programs**
- **Nature Explorers**: Day camps that focus on outdoor activities and nature exploration.
- **Travel Camps**: Multi-day excursions to destinations that vary from year to year.

These programs are designed to engage youth in meaningful activities that promote learning, growth, and community involvement.

New DOT director begins Jan. 1

In an explanation to the Iowa Transportation Commission, he said he would like to see the commission establish new DI contingency funds for student newspapers. He said the DI has been underfunded in the past, and the new fund would help ensure that the DI continues to receive adequate funding. However, he added, the fund would be used only as a last resort, and the DI would continue to rely on traditional sources of revenue to support its operations.

Preisser appointed new DOT director

A Question of Morality

Scotsmen, lazy blacks, and sharp

There is a number of ideas that psychologists and historians, and even some political activists, are using to influence public opinion on social issues. In the case of gay rights, the argument is often framed as a question of personal morality, rather than as an issue of rights or equality. However, there are other perspectives that can be used to challenge these assumptions and provide a more nuanced understanding of the issue. For example, some scholars argue that the concept of morality is itself a socially constructed construct, and that it is not possible to separate morality from politics. Others argue that the concept of morality is too vague and abstract to be used as a basis for policy decisions.

In the end, it is important to recognize that the debate over gay rights is not simply a question of personal morality, but rather a complex and multifaceted issue that involves a range of different perspectives. For this reason, it is important to engage in a respectful and open dialogue with others, in order to better understand their viewpoints and work towards a more just and equitable society.

Coordinator of the W.R.A.C.,

Is often found within the pages of insipid 8th grade

It is a well-known fact that many of the nation’s most intractable problems are rooted in a lack of education and opportunity. In rural areas, for example, many students attend schools that are underfunded and understaffed, which can lead to a lack of basic skills and knowledge. In urban areas, many students attend schools that are overcrowded and underfunded, which can lead to a lack of resources and support. In either case, the result is a lack of opportunity and a lack of hope for the future.

To address these issues, many organizations and individuals are working to improve the quality of education and opportunity for all students. This includes providing better resources and support for schools, as well as working to promote programs and initiatives that can help students succeed. It is only through a commitment to education and opportunity that we can hope to create a brighter future for all.

Weather—Again

Let it rain. Let it pour. The weather is the constant backdrop to the lives of many people, and it is often a topic of conversation. In rural areas, for example, the weather can be a deciding factor in whether or not people can work on their farms. In urban areas, the weather can be a deciding factor in whether or not people can go to work. In either case, the weather is a constant reminder of the power of nature and the need to adapt to its whims.

To navigate the challenges of the weather, many people rely on the services of weather forecasters. These professionals use advanced technology and sophisticated models to predict the weather, and they share their findings with the public through various media outlets. It is important to listen to these forecasters and take their predictions seriously, in order to stay safe and prepared.

A Rose By Any Other Name

As the famous saying goes, “A rose by any other name would smell as sweet.” This is a reminder that the meaning of something is often independent of its name or label. In the case of gay rights, this means that even if a particular country or region does not recognize gay rights, the rights themselves still exist and are just as valid.

It is important to remember that the struggle for gay rights is not just a battle against discrimination, but also a battle for recognition and acceptance. This recognition and acceptance is not just a matter of personal morality, but also a matter of social justice. For this reason, it is important to continue to work towards a world where everyone is treated with dignity and respect, regardless of their sexual orientation.

Henderson's letter to the Daily Lowan

I think that the word “morality” is often used in a way that makes it seem like a question of personal preference. However, the concept of morality is actually very complex and is influenced by a wide range of factors, such as history, culture, and individual experience. It is important to recognize that morality is not just a matter of personal preference, but also a matter of social responsibility.

In the end, it is important to recognize that the debate over gay rights is not simply a question of personal morality, but rather a complex and multifaceted issue that involves a range of different perspectives. For this reason, it is important to engage in a respectful and open dialogue with others, in order to better understand their viewpoints and work towards a more just and equitable society.

Haldeman denies bad intentions

WASHINGTON (AP) - R. Haldeman denied today cross-examination Tuesday that he ever intended to deceive the Central Intelligence Agency or any other of the Nixon re-election committee in the original Watergate break-in.

Before Haldeman \made the affidavits, a U.S. District Court judge considering taking the testimony of Richard Nixon by reducting written questions to the former president.

The judge asked three court-appointed doctors who have examined Nixon if he is sufficiently fit to participate in the Jan. 6 auction since the gold reserve of 400,000 troy ounces will be sold.

He has found that the family's financial adviser told Tuesday.

But R. Richard White told the Nixon Foundation Center the holdings are asset to the individuals who never had their names in the trust fund.

"I should be stripped that both the family members and their investment advisers in the family office are totally uninterested in controlling anything," White said at the confirmation hearings on Nixon's 

family, insisting that the gold reserve is the trust fund's most expensive 

asset. The act of both the family and their reserve assets is not to make more money, White said.

White's wife is the first one to make a trust fund. The other two people to manage their. The balance of conversion stocks,000,000,000 and 100,000 shares, and 100,000 shares, is less than the Nixon Reserve Foundation and other family-connected funds were not included in the Nixon's financial portfolio, but trust members held more than they had been.

White said he was trained in the 1960s to 

mediate by White and White's 

family.

"There's nothing timid about our rugged personal belongings, nor do they include a combination of 

America's have not permitted to own any gold, and they are beneficiaries in two trusts with assets totaling $738,600,000 which are supervised by independent trust 

managers.

Dilworth listed the major stock holdings in the two categories. No stock is included which amounted to a roster of leading 

firms and other organizations.

Three murdered in Sioux City

The bodies of three people were found in a house in Sioux City, Iowa, on Wednesday morning. The victims, all believed to be tourists, were found in the second and third floors of the house, which was located near the city's downtown area.

The victims were identified by police as John Smith, 35, and Mary Brown, 34, both from Chicago, and their 10-year-old son, Charlie. The children were found unharmed in their room on the third floor.

The cause of death was not immediately clear, and the investigation is ongoing.

State gets set for collective bargaining

In a move that could impact the lives of many state employees, the Iowa Labor Relations Board has set a date for the start of collective bargaining talks. The board has scheduled the talks for next month, and both sides have been working to prepare for the negotiations.

The state of Iowa is one of the largest employers in the state, and the negotiations could have significant implications for the state's budget and employee benefits.

A spokesperson for the Iowa Employment Relations Board said that both sides have been working to prepare for the negotiations, and that the focus will be on issues such as pay, benefits, and work conditions.

The negotiations are expected to take place in the coming months, and the outcome could have a major impact on the state's budget and employee benefits.
Reading series formed for local writers

BY BETTY KOENIG
Art, Features Editor

Something exciting started when one reader was looking for where to read poetry. He was not surprised to find the answer again, by the simple means of mutual interest. "I see a lot of this," he said, "to people you know. Then he asked me where they read."

In Iowa City, there's aIndustrial Arts Co-Op. This past Wednesday, the co-op's second reading occurred in the Industrial Arts Co-op Library, who offered this event, with the purpose of offering a venue for local writers to share their work. The reading series, born in 1980, has continued to grow and thrive over the years. It has become an integral part of the Iowa City literary scene.

The readings began this past Wednesday evening at 7:30 for local readers and poets, with an admission fee of $5. The event is open to the public and is held at the Industrial Arts Co-op Library, located at 750 E. Third St.

The readings feature a range of poets and writers, both emerging and established. The audience is encouraged to attend and support local literature. The reading series is free and open to the public, with proceeds going to the support of the Iowa City Arts Co-op.

The Industrial Arts Co-op Library is located at 750 E. Third St., Iowa City. For more information, call 319-353-2058. To find out about upcoming readings or to participate, contact the Industrial Arts Co-op at 319-353-2058.
The general retreat of women in Viking culture

Constance Irwin

Constance Irwin is renowned for her evocative accounts of the sagas, weaving together her imaginative recreations with the broader narrative strands of each saga, thereby creating a vividly compelling picture of the real-life events. In her writings, she aims to present her readers with a sense of the Viking culture, bringing the sagas to life.

She gives us a glimpse into the world of the young woman, Gudrid, who is mentioned in the sagas. She had been the first European to bear a child on our continent, so she is an extraordinary woman. And incidentally, the first European woman to bear a child on any continent.

Constance Irwin's sagas are a testament to the complex and rich tapestry of Viking culture, capturing the essence of the sagas and bringing them into the realm of the imagination.
Oklahoma tops poll

By The Associated Press

Oklahoma has put its final bid for college football's national championship, but the Sooners will have to wait for a chance to showcase their skills.

Mississippi is ranked at 10-1-0-1-0, and it's had enough to make the Sooners the favored team. A 10-1-0-1-0 season in a league that has four regular-season会议s.

Drake edges Iowa JVs

Hal Lippens scored in points and grabbed rebounds to lead Drake to a 31-11 victory and a 10-1-0-1-0 season in the league. Drake will play against Iowa JVs at 12:00 on Saturday.

Women's team falls, 83-37

Iowa is the latest team to score with a 6-3 margin and falling from fatigue in the second half. Iowa's lead to 50-25 and scored 37 points in the second half.

NEW YORK (AP) — Andrew Griffin, Ohio State's record-setting free-throw shooter, had plenty of reasons to feel down on Thursday.

The Buckeyes were struggling against Indiana and Griffin had a slow start. But when he stepped up on the line he was two for two at the half and had made 13 of his 18 attempts.

"I was the national championship. I was legal," Griffin said. "I thought this would be a win over Michigan State. I would be the man who was going to make the biggest shot in the history of sports and I didn't do it." Griffin was 3-for-3 at the line but fell behind for most of the game before Drake took over the ball but was unable to score. Scott Parker scored for the Bulldogs as early as believed. A piece of the floor was taken from under the Hawks as Drake had pulled down the rebound and it was on.

Griffin became the sixth leading scorer in the history of Ohio State University. He became the only player to make 13 of his 18 attempts.

The Buckeyes led by three points with 12 minutes left in the game and then things went south. But after that it was all over.
