Italy imposes import deposits

ROME (AP) — Italy imposed steep import surcharges on foreign exchange dealings Wednesday night, following up a law that went into effect Friday, and raised the specter of a confrontation between the government and the European Economic Community.

The surcharges, which are to be paid on loans to and from foreign countries, are aimed at deterring imports and are expected to bring about a sharp increase in the cost of imported goods. They are also intended to encourage the development of domestic industries.

The surcharges are set at 50 percent of the value of goods imported from outside the European Economic Community, and are applied to all imports, regardless of their origin.

The surcharges will be applied to all imports, regardless of their origin, and are expected to raise the cost of imported goods by about 20 percent. They are also intended to encourage the development of domestic industries.

Test score problems 'exaggerated'

By JIM MORRIS

Television accounts could be wrong about the
recent test score problems in the public
school system. The latest reports
seem to indicate that the problems were
more widespread than previously
suspected. The superintendent of
the public schools, Dr. Robert
Price, has confirmed that the
problems are indeed real, but
they do not warrant the severe
reaction that has been
suggested by some.

The superintendent said,
"The problems are real, and
we are taking steps to
correct them. However, the
counties that have been
discussed are not the only
ones affected."

The superintendent
added, "We are working
together with the
state Education
Commission to develop
a comprehensive plan
for improvement.

Price also said that
students who have
performed poorly
on recent tests
will be given
additional
opportunities
to demonstrate
their abilities.

The superintendent
concluded, "We are
committed to
providing every student
with the opportunity
to succeed. We will
continue to work
towards that goal.

Ford: ‘Tough race, but we’ll win nomination’

WASHINGTON (AP) — Telling an unusual delegation and infuriated by four successive primary defeats, President Ford urged on Wednesday in Iowa that they must stay the course and not get discouraged.

A conference of conservative and anti- liberal advisers said Ford must continue in the long line of those who have tried to stop him in the primaries and national conventions. Ford has suffered a series of losses that have brought him to the brink of losing his presidential campaign.

Ford’s victory in Iowa was his first in the seven-state primary season. He had expected to follow up his victory in Iowa with victories in the next several primaries, but he failed to do so.

Ford’s campaign has been criticized for its lack of energy and enthusiasm, and for its failure to mobilize voters in key states.

Ford is expected to rely more on his personal appeal in the coming weeks. He has said he will campaign harder in the remaining primaries and will focus on the general election campaign.

NEW COACHES

Both the Iowa men's and women's basketball teams have new coaches this season. Steve Patterson has been named head coach of the men's team after the former assistant coach at Kansas State. He replaces Charlie Swartz, who is now the associate head coach at Missouri.\n

ALL-AMERICAN

A wrestler who joined Iowa's national championship team at mid-season as just "help out," has been named to the All-American team. Steve Patton, a former camper at the national wrestling tournament, has been awarded letters for the season.

The team also announced that 16 swimmers have been awarded letters for the season. This includes the first swimmer signed this year by Northwestern Bell coach Ron Kern, Karl Barker, and Mike McFarland.\n
