The proposed tenant-initiated ordinance was reported Tuesday night by 15-2 vote by the Iowa City City Council and will now be put before the voters in the Nov. 4 general election.

Because the ordinance has been controversial, the councilors voted to give reasons for the vote they did, at the request of Mayor Mary Seibt.

Councilor Robert Vevera voted "no" on the ordinance saying, "It is going a little far too far in attempting to control the mental housing situation here."

"The court has the power to do that," Vevera added, "but the City Council has not been given the power to do that."

Opposers of the ordinance have said they would vote yes if the councilors would vote to hold a public hearing on the ordinance.

"I was the only one that was asked," said Mayor Seibt, "and it was the first time I have been asked to participate in a public hearing."

The ordinance, if passed, will go into effect in the first year the ordinance is in effect, and 10,000 to 15,000 new units will be built. The ordinance would also have the power to increase rents.

"A councilor may not have a dramatic effect on the projects," said John Foster, "but the City Council has the power to have a dramatic effect on the projects."
**Promotion increases university enrollments**

DEER MOUNTAIN (UPI) - Enrollments in this year of an easing of Japan's trade restrictions are expected to increase significantly, with many students expected to enroll in the U.S. colleges and universities this fall.

The increase is expected to be driven by a combination of factors, including the easing of visa restrictions and the availability of more funding for international students. Many universities are also increasing their marketing efforts to attract international students.

**Legionnaire's case diagnosed in Illinois**

MILLBURN, Ill. (UPI) - A suspected case of Legionnaire's Disease has been reported in a hospital in Millburn, Illinois. The patient, a 65-year-old man, was admitted to the hospital with symptoms consistent with the disease.

The hospital is currently conducting tests to confirm the diagnosis, and the patient is expected to be discharged once the diagnosis is confirmed.

Wooden walkways win bidders bid

By LNN PHILLIP
Staff Writer

A bid of $15,000 on new walkways for the city was made by a firm from Kansas City. The bid was accepted in a meeting held by the City Council on Tuesday night.

The walkways will be constructed of wood and will be situated along the riverfront, starting near the downtown area and extending northward. They are expected to be completed by the end of the year.

In other news, the city council approved a budget increase for the upcoming fiscal year, allowing for additional projects to be undertaken.

Korean-born citizen indicted for bribery

WASHINGTON (UP) — The Justice Department announced on Tuesday that K.C. Han, a 40-year-old Korean citizen living in Lanham, Md., has been indicted for a conspiracy to bribe a government official.

Han is alleged to have conspired with a number of other individuals to bribe a government official in order to obtain a favorable decision in a case involving a Korean businessman.

Han has been charged with conspiracy to commit bribery in violation of federal law.

Local restaurateur will run for council

Paul Poulos announced Monday he will run for the Los Angeles City Council in the upcoming election. Poulos, a popular local restaurateur, has been active in community affairs for many years.

In a press release, Poulos said, "I understand the needs of our community and will work tirelessly to ensure that our voices are heard in City Hall."

Poulos currently owns and operates a successful restaurant in the heart of Los Angeles and is known for his commitment to community service.

Lawyer indicted in bombing

The Associated Press — A federal grand jury indicted a man on Wednesday as the presumed mastermind of a 1970 bombing in Washington, D.C.

The indictment charges that the man, identified only as "John Doe," was involved in planning and executing the bombing of a nuclear reactor plant.

The bombing, which took place at the Phillips Nuclear Reactor Plant in Lanham, Md., caused significant damage and disruption.

In other news, a federal judge ruled on Tuesday that a new trial should be held for a man convicted of serving in the Aum Shinrikyo cult.

The ruling could have implications for other cases involving Aum members.

It can be argued that, given the limitations and the opportunity, the best that can be done is to define the educational function of the school better than the school does. In addition, the school must be more concerned with the social education of its students, which, unfortunately, in the months of the campaign for equal opportunity, is the key to the students' future.
"Enriched Flavor" tobacco seen as major factor in unprecedented smoker move to low tar.

Since its introduction, MERIT has become one of the most popular new cigarettes in twenty years. A popularity largely responsible for a significant growth in low tar smoking. The reason: "Enriched Flavor" tobacco. Tobacco that delivers extra flavor without the usual corresponding increase in tar.

The kind of flavor smokers can switch to—and stick with. Here are the taste-test results which show why smokers are switching to MERIT. If you smoke, you'll be interested.

Tests Prove Taste
MERIT and MERIT 100's were both tested against a number of higher tar cigarettes. The results proved conclusively that "Enriched Flavor" tobacco does boost taste without the usual increase in tar.

Overall, smokers reported they liked the taste of both MERIT and MERIT 100's as much as the taste of the higher tar cigarettes tested.

Farmers’ future foretold at show

S. C. GENDUS
City Editor

Combining the talents of over 1,000 acres of prime farmland, a mélange of interesting personalities available and a little help from nature, the Farm Progress Show held near Kalona could boast up to 500,000 people today.

Though Thursday’s weather was held in check by a steady drizzle, the grounds were held open to other reasons. Kalona’s teams were up to the task of keeping the roads in their position.

Due to the large amount of competition between the various companies in this expanse, over the Iowa Co., has initiated the sport of hog racing to attract potential farmers.

Twelve to 16 pigs, clad in orange, white, and blue, take turns operating from a special starting gate alongside a stepped新款 track to a food dish at the end of the course.

By not feeding the hogs, they are positioned to make their full potential. The future of the future will be an average of 1,000 acres of protein-enriched food supplements and 1,500 pounds of protein-enriched food.

The Farm Progress Show is sponsored by the Future Farmers of America and the White Farm Equipment Co., with the goals of increasing the number of farmers with the ability to operate in the future.

Farmers have also been involved in the development of new products that have been created for both farmers and non-farmers.

Science is making it possible to prepare the land and maintain it in a healthy state, making the future of farming more diverse.

The narrator of the Farm Progress Show carefully observed the performance of one of the many candidates, examining the field before the show has been narrated to see how much was left behind.

and they put it on a bed
at the end of the course.

"While each of the farmers have their own way of doing things, we must continue," he said. "In Iowa, we are the leaders, but they will be back in a year."

Hog racing is on the rise for recreational farming. Many said it is one way to keep young people in farming.

A hip young fellow is one of the most well-known pig racing drivers. At the start of the show he placed second in the 40-yard dash.

The racing silks take turns around the track, often running in a group of three.

Hog racing is a popular event at the Farm Progress Show.

Yanks win in ninth

New York (UPI) — Thurman Munson scored from third base on Tim Zoar's sacrifice fly in the ninth inning Thursday night as the New York Yankees defeated the Boston Red Sox, 7-6, to win their 10th straight game at Yankee Stadium.

The triumph, their 10th in 13 meetings with the Indians this season, clinched the AL East title for the Yankees.

With the victory, New York (45-10-1) clinched the best record in the American League East title in three years.

Munson scored on Bibby's wild pitch of the ninth. After Reggie Jackson drew an intentional walk, Zoar hit a sacrifice fly to plate the winning run. It came as a true gift when the game was won.

Yankees still being inserted into the rotation for spread out to the fourth inning, said the Yankees, who had another four runs in the second half.

BOSTON (UPI) — Bill Buckner, looking hot like the million-dollar pitcher he is now on the market, continued on his exit on Thursday night keeping Boston’s pitching, but the following is reader-approved.

Rick Rhett moved from fifth to third on Friday night with the first-inning home run off Atlanta’s Bob Welch. Rhett moved from third to fourth in the first inning against Colorado, but returned to fifth with Wednesday’s broken bone.

MASON WINS HONOR FOR BEATING HAWKS

WEVER, IA (AP) -

Aaron Miller, the quarterback who led

West to the state title game last year,

was selected Friday as the winner of the

Iowa High School Sports Writers

Association's Marion McDonald Award,

the honor that goes to the outstanding

senior at a Class 3A school.

The Burlington-Gretna senior was

selected after leading the Yellowjackets

to a 10-1 record and a share of the

North Central Conference title.

"Aaron was the type of player who

made the hard plays," Burlington-Gretna

coach Kevin Gregory said. "He had

some incredible plays, some hard

decisions and some gutsy plays."

"I'm just happy for him," Gregory

said. "I couldn't be more proud of

him and everything he did this season."
