**Speed limit enforcement investigation**

Several factors could account for the decrease in injury crashes. Among them, the change in the state’s speed limit law, increased traffic enforcement, and improvements in driver behavior.

Sen. Palmer, the chairman of the Senate’s Transportation and Public Safety Committee, said the decrease in injury crashes is significant because it has been achieved without the use of new enforcement technology.

Speed limit contributes to road fatality decline

Highway fatalities are down in 1985. According to Barry Bean, the Iowa Department of Transportation, the joint House-Senate panel, compared with 188 in the same period in 1984.

The following figures represent a comparison of speeding citations issued for the State Patrol in Iowa and two neighboring states. Note: The 35 mph speed limit became effective in these states in 1974.

Flu virus stalks anew

BY JOSEPH O'DONOHUE

When U.S. citizens return to Iowa City from this Thanksgiving vacation, many will be carrying back more than just.[...]

Earthquake 'roars' and fades

ROBERT STONE (AP) - A 3.0-magnitude, shallow earthquake shook a 3,000-square-mile area of north-central Iowa early Friday, shaking some residents out of bed, but apparently doing little damage.

The quake, at 6:18 a.m. CST, was centered about 11 miles northwest of Ossian, near Creston, according to the U.S. Geological Survey.

Residents reported feeling the shake as far distant as Manama, 22 miles west of Creston, and as far away as Emmett in Cline County.

Fallout from the quake was centered about 3 miles south of Creston.

According to the Cline County deputy, who was able to drive onto the road even though it was still dark, there did not seem to be any reports of damage.

The quake was the second to hit the same area this week. The first, which registered a magnitude 3.2, was on Wednesday, Oct. 30.

This earthquake was only the third of the magnitude to hit the area this year.

Library rating still in ninth but on upswing

BY PERCY CONNOLLY

The Iowa Library ranked ninth among Big Ten libraries in faculty salary.

The survey, conducted by the National Association of State Universities and Land-Grant Colleges, is a measure of the library's overall performance.

The library rated ninth among the institution's academic libraries in addition to the main campus library, and in eighth in per cent of their funding through state appropriations. Dunlap said the rest comes from gifts, subscriptions and federal sources.

"We don't think there should be an increase in staff because we're understaffed, but we just don't think we're going to get the increases we need."

The library made up of 13 departmental libraries. With the United States' budget, the library will receive about $2,086,000, the libraries plans to expand and computerize its operations.

"We're now in the bottom of the Big Ten in A preliminary study of the IFM, which ranked its operation in Iowa and in the nation, will be the best steps to take into account the budget."

The survey ranked the library's acquisitions in Iowa and in the nation, will be the best steps to take into account the budget.
A columnist's poutpourri of controversial statements

**IPBN abuses autonomy**

Some government agencies function best as autonomous units, but others would benefit from more internal check and balances. In the case of the Iowa Public Broadcasting Network (IPBN), I believe the network's autonomy is being threatened by an initiative to reshape the governing board, which could radicalize policy-making and cause more friction. It is to be hoped that the new board members will be mindful of this delicate balance.

For years, smokers of longer length cigarettes were limited to brands that needed high tar to deliver full flavor. But no longer.

The MERIT taste science that brought full flavor to low tar smoking has now been applied to a longer length cigarette. The result: a 100mm cigarette that delivers taste way out of proportion to tar.

Low tar MERIT 100’s. Only 12 mg tar. Yet packed with ‘Enriched Flavor’ tobacco for extra flavor—the kind of flavor smokers of longer length cigarettes want, but could never get before at such a low tar level. Taste tests proved it.

Test Data Conclusive

12 mg tar MERIT 100’s were taste-tested against a number of major 100mm brands ranging from 17 mg to 19 mg tar.

Thousands of smokers were tested. The results: overall, they liked the taste of MERIT 100’s as much as the higher tar 100mm brands tested.

MERIT and MERIT Menthol King Size and 100’s. Only one cigarette has ‘Enriched Flavor’ tobacco. And you can taste it.
She's not just putting on arias

HANOVER—Susan Eubanks, acting opera star that she is and a member of the Massachusetts State Opera, is currently appearing in the company's tour of Germany. The opera star has been praised by critics for her singing and acting skills and is known for her ability to portray a variety of roles with ease.

Eubanks was born in the United States and began her career in the opera world at the age of 15. She quickly rose to fame and has since performed in some of the world's most prestigious opera houses, including the Metropolitan Opera in New York City and the Royal Opera House in London.

In addition to her operatic career, Eubanks is also an accomplished actor and has appeared in several films and television shows. She received a Best Actress award at the Cannes Film Festival for her performance in the 2016 film "The Passenger." She is currently working on a new project that she is excited to share with her fans.

For more information on Susan Eubanks and her upcoming performances, visit her official website or follow her on social media.

**POLICE 'HUSTLE':
Rapists Suffer**

SAN JOSE, Calif. (AP) — A dozen prostitutes operated by police have been arrested in a sting operation in the state's capital, according to state attorneys general.

The operation, which was conducted by the San Jose Police Department and the Santa Clara County District Attorney's Office, involved the use of undercover officers.

The prostitutes were caught in various parts of the city, including at a hotel, a restaurant, and a parking lot. They were charged with prostitution and other offenses.

The operation was part of a larger effort to combat the use of prostitution in the area, according to the police and prosecutors.

The defendants were scheduled to appear in court next week. They could face up to 90 days in jail and a $10,000 fine if convicted.

**Wrestlers’ eight edges pins spur record win, 56-0**

By MIKE CHAMLEY

Saturday, Nov. 29, 1979

Before the season began, Iowa Coach Dan Gable said that the 1979 Hawkeye wrestling team would open things up on the mat with a record-setting feat by the product of sharing of points.

A second-half drive to the Field House Friday night, the Hawkeyes had tied the previous record mark in the Old Record, a game for the record of 18-

Second half rally bolsters Cowboys

WASHINGTON (U.P.)—This game is played in two halves," said Bob Sabolich, head coach of the Iowa State football team."The Hawkeyes have a tendency to get off to a strong start, but then fall into a pitiful second half.

Mark Mysnyk, who earlier in the week was a close observer of Hawkeye football, cast a critical eye on the Iowa State team and its game plan. At the University of Iowa football game, the Hawkeyes had scored 18 points in the first half.
