Israelis will pursue secret peace initiative

Under the dam

Due to the increased amount of melting snow in the Iowa River basin, the U.S. Army Corps of Engineers has reduced the water release from the reservoir to about 4,100 cubic feet per second. The maximum outflow allowed for this time of year is 5,000 cubic feet per second. In April, the corps increased the release to 5,000 cubic feet per second, and Tharpe said he does not anticipate the need to reduce the outflow at that time.

Tharpe said the corps is monitoring the flow, but he said it is not expected to be a major concern. The Iowa River is expected to peak in mid-April, and the corps is prepared to take action if necessary.

The corps is also monitoring the flow of the Illinois River, which is expected to peak in late April or early May. The corps has increased the release from the reservoir to 5,000 cubic feet per second, and Tharpe said he does not anticipate the need to reduce the outflow at that time.

Tharpe said the corps is monitoring the flow, but he said it is not expected to be a major concern. The Illinois River is expected to peak in late April or early May. The corps has increased the release from the reservoir to 5,000 cubic feet per second, and Tharpe said he does not anticipate the need to reduce the outflow at that time.
Nathanal Jones, general counsel for the National Association for the Advancement of Colored People, said it was more likely that the case would be appealed rather than settled.

"There is no question that the case will be appealed," Jones said. "I think it would be unwise for the court to settle this case, given the importance of the issues involved."
Gushing tanker may be blown up

PORTSALL, France (AP) — Police said Empain, a multimillionaire industrialist who was shot and released unharmed following an April 11 police shootout to a spot where his husband told her to go to complete the cleanup operation.

More than 1.5 million gallons of crude oil already have spilled from the British tanker, and authorities are studying options for getting it out of the sea and harbors and concentrating on the cleanup, which is all under study.

The spring tide is to reach for the cold, refreshing Busch Premium Beer.

An introduction to Busch Beer.

OK, the first step is easy. As a very famous one once said, "Reach for the top." The natural way to do this is to reach for the cold refreshing mountains of Busch Premium Beer.

Second step: Grasp the can or bottle in the left hand. (A lesser known Eastern technique would be to hold the can in the right hand.) And now, with the right hand, pop a mountain top! It's an exhilarating feeling, isn't it?

Now, the third step is widely recognized as the most enjoyable. Pop a mountain top! Relish all those good natural ingredients we put into Busch. The natural aging.

Head for the mountains. Busch Premium Beer.

The natural carbonation. Enjoy that smooth, refreshing taste that pours out. You have reached the heights.

Now that you have the technique down, practice is essential. So while the uniformed are merely opening a beer, pop a mountain top!
Cultivating a sublime appreciation for deviance

Guns

The U.S. Treasury Department announced last week a proposal that would declare the identification number imprinted on firearms. The proposal, which also includes regulations concerning the sale of firearms to convicted criminals, sought to put in place a system by which an attempt to sell a firearm was identified under federal law. The information, it is claimed, would be used to prevent criminals from obtaining firearms.

The primary destinations of guns that are found to be in the possession of convicted criminals, and a crime involving the use of a firearm occurs once in every 10 years.

We believe that guns "are" the problem, not some other animal. No interim proposal, no well-debated, only to fall into quiet whimpering and then admit willingness to use it in the way that only seems right. The amoeba, we think, is cloned; it is also likely, we kill them and ate them.

The custom of regulation for presidents and nations, local and state... We must find the One North Pole, the day in which we can render to others, as a whole the most reasonable good. It is easy to understand that the aim is to render the most reasonable good to others, as a whole, by the most reasonable good to others.

The grass isn't so green on the other side...

If it weren't for the 18th Amendment, we might go to the movies, a show, or a dance instead of drinking. We might also engage in some less public activities that we do not want to discuss.

Terrorists don't just go away when the prohibition has been lifted. It would be nice if they did.

"Thanks for getting rid of the weed. I'll see you again next year. Don't take these matrices and don't destroy plants. That's not our job. Instead, the plants are only "harvested," the same narcotic that warranted the next year's crops.

On the whole, I think I can live in a country filled with green grass and blue skies. They may constitute somewhere of a basis behind the wheel, but then they shouldn't be there in the first place.

For the part, though, most people don't bother me. In fact, they usually say the best forecasting is about taking tests. For a screening interview call 353-4884 by March 30. Space limited.

Matt Snell
Former All-Pro Fullback

It's just the same old thing again--
another brilliant and totally different album by McCoy Tyner.

If you're a keyboard artist who proudly stands by his natural instrument (no synthesizers, no electronics—just a simple nine-fret Grand), it helps to be an unschooled, inventive, highly original player and composer. McCoy Tyner, the latest addition to Tyner's long list of Milestone masterpieces, makes no secret of his origins and orthodoxy-plus a notable supporting cast that includes Ron Carter, Jackie McLean, Joe Henderson, Barlough, Shadow and propeller by the pianist of course.

New Tokyo airport damaged

Moro 'trial' spurs Italy police

By 'radicals'

Tokyo (UPI) — Radical terrorists in Italy quoted an Italian government official as saying Wednesday the airport at Tokyo's new international airport damaged by Tuesday's blast was opened Thursday opening a large break in an airport wall. The official said the damage was caused by a bomb placed by terrorists who had been arrested Tuesday evening.

The government said it would make an effort to repair the damaged equipment in the quickest possible time. However, some aviation officials expressed doubt it could be done in time.

Prime Minister Trudeau of Canada said virtually the whole of the airport's communication instruments were destroyed. Electric wires for the communications equipment were torn apart and due to this damage, listening at the airport was broken. The damage estimate was not given.

Reporting that a group of engineers and maintenance people were already working to repair the damage, Trudeau said the work was expected to be completed within a few hours. The government said the airport would be reopened after the damage repairs were completed.

The protesters claim the airport was damaged by a bomb placed by terrorists who had been arrested Tuesday evening. The government said it would make an effort to repair the damaged equipment in the quickest possible time. However, some aviation officials expressed doubt it could be done in time.

Late rally boosts Green

ST. LOUIS (UPI) - Under-mediated by itself, the University of St. Louis women's basketball team was not expected to make any noise this season.

But a rally against No. 10 Missouri Saturday afternoon helped the Billikens knock off the Tigers, 68-64.

St. Louis, which had been struggling all season, pulled ahead in the final minutes of the game to win.

The victory, the Billikens' second in a row, came after they had been down by as many as 12 points.

Coach Marvin Baker, the only coach with a winning record in the history of the program, said the win was a result of the team's hard work and dedication.

"We had a couple of key players step up and make big shots," Baker said.

"It was a team effort, and I'm proud of them."
Hawkeye prophecy comes true in ’78

By NICK CHAMELY

COLLEGE PARK, MD — It’s a bold statement, perhaps even a bit presumptuous, but it’s one that can’t be denied. The Hawkeyes had swept the field in four years, a remarkable feat in the NCAA wrestling championships. And it proved to be their year when Walsh suffered a second-round loss against Interstate 80, fashioned after an Iowa classic with the Hawkeyes keeping pace. When Walsh lost 2-0, it was a twisted knee in round three, a backup judge high in the east stands.

The tournament started with a bang on Thursday morning with a second-round upset. Iowa’s Dan Goles lost a second-round upsurge over Blue, followed by a second-round win over Iowa’s Marty Cohen. The Hawkeye first round upset was set up by advancing into the second round, but lost against Iowa’s Paul Light in the first round.

The tournament started with a bang on Thursday morning with a second-round upset. Iowa’s Dan Goles lost a second-round upsurge over Blue, followed by a second-round win over Iowa’s Marty Cohen. The Hawkeye first round upset was set up by advancing into the second round, but lost against Iowa’s Paul Light.

**Camacho leads swim effort**

Camacho, an American swimmer, was honored at the NCAA meet with an 11th place finish in the 3-meter diving event. Camacho is a better individual, making him a better team member for the Universtity of California. Camacho leads the team won when Auburn finished in 7th place in the A. Aubes finished at the 5th place in the individual medley, a better individual, which was considered the best heat. Camacho compiled his best heat of 1:41.1 as well as anchoring the 3:07.10, 1st place in the 4x100 yard relay.

- **Auburn**
  - finished at the 5th place in the individual medley.
  - finished 1st place in the 4x100 yard relay.
- **Iowa**
  - finished 1st place in the 4x100 yard relay.

**Trackmen lose at Auburn**

Track and field teams lost their first dual meet of the season to Auburn. They lost one individual event to the Florida Bluebirds in the track and field meet. The Florida Bluebirds finished with 124 points, outscoring the 2nd place team by 17 points. The Iowa State relay was the only individual event they won.

- **Individual winner**
  - Iowa State's Charlie Jones in the long jump.

**Swimmers' coach resigns**

Coyer, the head swimming coach at Iowa, has resigned. Coyer is a former assistant coach at the University of California. Coyer's resignation comes at a time when the head coach at his alma mater, Kentucky, has also resigned. Coyer's resignation comes as a surprise to the Florida Bluebirds, who are still recovering from the loss of their head coach.

- **Florida Bluebirds**
  - are recovering from the loss of their head coach.
