New Jersey anti-nuke protesters arrested

By United Press International

New Jersey anti-nuclear protesters were arrested Monday for blocking the entrance to the reactor on the third day of their nine-day fast. The protesters were among 300 who had marched to the plant in protest against a proposed nuclear power plant.

UI seeks state aid for federal fund loss

By JERRY DAVIN

A reduction of more than $380,000 in federal education funding has prompted Iowa state officials to seek the legislature for additional funds to maintain the quality of state programs.

Reactor crisis eases, but state ‘not relaxing’

By Bob Devine

The meltdown crisis at the Three Mile Island nuclear power plant is easing, but state officials are cautioning against complacency.

Council to challenge DOT legally

By Staff Writer

Iowa City officials will attempt to force a lawsuits against the DOT over the state's new highway regulations for interstate and intrastate highways.

Briefly

Hello, Mr. Chip

Robert B. Chip, who is a member of the Board of Directors of the Iowa State Bar Association, is the winner of the 1979 Iowa Bar Association’s “Mr. Chip” contest.

Weather

Our "Day in the Park" weather forecast: A high of 80 degrees with a 40 percent chance of showers. The best advice is to stay home and read a good book.
Begin explains Cairo visit

RIYADH, Saudi Arabia (UPI) — President Women said Monday that any American military
forces would take part in an invasion of Israel. He said that if such an attack were to occur, the United
States would respond with force.

American Officials: The United States has informed Israel that it will not tolerate any invasion
of its territory. The officials said the United States
will continue to support Israel's right to self-defense.

Israel's Warning: Israel has warned that it will retaliate against any attack by the United States.

Begin's Visit: Begin's visit to Saudi Arabia comes as tensions between Israel and the
United States are high. The U.S. President has been critical of Israel's military actions in the
Middle East.

Begin's Goals: Begin's primary goal in his visit to Saudi Arabia is to seek American support
for Israel's position in the region. He is expected to discuss with King Fahd the
possibility of American military intervention in the conflict.

Begin's Message: Begin is expected to convey a strong message of support for Israel to
King Fahd. He is expected to stress the importance of American support in ensuring
Israel's security.

Israel's Position: Israel has been a close ally of the United States for many years. The U.S.
President has been a strong supporter of Israel's position in the region.

The Middle East: The Middle East is a region of great strategic importance to both the
United States and Israel. The region has been the site of many conflicts and tensions over
the years.

Begin's Visit: This is the first visit of an Israeli President to Saudi Arabia. The visit is
expected to be significant in terms of the impact it will have on Israel's relationship with the
United States.

Begin's Arrival: Begin is expected to arrive in Riyadh on Monday afternoon. The visit is
expected to last for a few hours.

Begin's Agenda: Begin is expected to meet with King Fahd and other Saudi leaders to discuss
the situation in the region. He is also expected to meet with United States officials to discuss
the possibility of American military intervention in the conflict.

The United States: The United States has been a strong supporter of Israel in the region.

Malaria still a chiller

Malaria, sometimes called the "white plague," is endemic in this country as a chronic disease and is not seen as a threat to public health. However, it is still an important medical concern. According to the Centers for Disease Control and Prevention (CDC), malaria remains a significant public health issue in the United States, with approximately 400 cases reported annually.

Malaria is caused by Plasmodium parasites and is transmitted to humans by the bite of infected female Anopheles mosquitoes. The parasites enter the bloodstream and infect red blood cells, causing fever, chills, headache, muscle aches, and other symptoms. If left untreated, malaria can be fatal, particularly in young children and pregnant women.

In the United States, most malaria cases are imported, with Africa being the primary source. However, outbreaks have occurred in the southern United States, primarily in individuals who have traveled to countries with high malaria incidences.

Prevention is key to controlling malaria. The CDC recommends that travelers to malaria-endemic areas take antimalarial medication, use insect repellent, and sleep under mosquito nets. Hospitalized patients should be treated with a course of antimalarial medication, and close contacts of infected individuals should also be treated.

The CDC also recommends that travelers to or from malaria-endemic areas get vaccinated against malaria, which is available in the United States.

In conclusion, while malaria is not a major threat to public health in the United States, it remains a significant concern for travelers and those who may be exposed in high-risk areas. By taking precautions and following CDC guidelines, we can help prevent the spread of malaria and protect ourselves and others from this potentially fatal disease.
The writing comes off the wall

For a while, the送料 reading to Chinese was no. The terms such as "the government," "citizens," and "mankind" had been included in various ways to the Chinese newspapers. But the only thing that did well all day was to agree upon an Edward Kennedy, but Kennedy had barely anything to do with them for the moment.

The goal of the Exploratory Committee to Find Democratic Alternatives for the Jews is seen as a way to ABC. Anybody is to do. They will be looking for and will be designed as a program to find. The only thing you can do in a day is to agree upon an Edward Kennedy, but Kennedy had barely anything to do with them for the moment.

The committee is a front for several groups in China and other democratic organizations. It was established in the early 1990s with the goal of promoting democratic reforms and human rights in China.

The committee is composed of about forty members, including lawyers, scholars, and activists. It is led by Dr. Edward Kennedy, a prominent American lawyer and human rights advocate.

The committee has played a significant role in promoting democratic reforms and human rights in China. It has issued numerous reports and publications, and its members have been actively involved in various human rights campaigns.

The committee's work has been characterized by a strong commitment to promoting democratic values and human rights. It has consistently challenged the Chinese government's record on human rights and democracy, and its members have been targeted by the government for their activism.

The committee's work has been supported by a number of international organizations and individuals, who view it as a key player in the struggle for democracy and human rights in China.

In addition to its research and advocacy work, the committee has also been involved in legal challenges to the Chinese government, including cases related to freedom of speech and assembly, and the right to a fair trial.

The committee's efforts have been recognized by a number of international organizations, including Human Rights Watch, which has described the committee as "one of the most important human rights organizations in China."
Int~ jobs that mean you see Ne. candy striper in a hitch. for the aged and infirm. see if some of these having their free. freedom abridged and in state, stealthily pulling the" of some of the patients, looking after. All would you expect an IS-year with looking after. The choice of rusting or putting in the same infusion of cheap, fraudulent medical systems has to mean hospital cost contain of the fraudulent billing and industry continuing to institutions of resta aren't going to invent the heath care of services. It's not currently if you will. And in the society that we should admit, because it allows our system to proper, to be done, the system is used by all. It's our power of the health care systems to keep at the other, voluntary with a robust attraction for both. They believe in some kind of discipline. They used to be a word in other cultures, and to be given formed into the called mercy.

WHAT TASTES BETTER WITH PIZZA THAN MAYBE ANYTHING ELSE IN THE ENTIRE, I SAID, ENTIRE WORLD?

HOW STUPID OF ME...

YAY-YY-YY

I LOVE MY BUD!

WHY DO YOU THINK THEY CALL 'EM TASTE BUDS ANYWAY?
First, fortune cookies

DR. MICHAEL J. WINTERT
Staff Writer

If you go to a Chinese restaurant on an empty stomach, you may be treated with fortune cookies instead of soup. Why? Because of the Chinese restaurant

The tradition of giving fortune cookies began in the 1930s. Chinese restaurant owners in the United States started giving fortune cookies to customers as a marketing tactic. The cookies were a way for restaurant owners to attract customers and build a positive reputation for their establishment. By giving away fortune cookies, restaurant owners hoped to create a sense of mystery and curiosity, encouraging people to visit their restaurant again.

The cookies themselves are small and usually come in pairs. Each cookie has a message written on it, which is intended to be a piece of advice or inspiration. The messages can be humorous, sentimental, or serious, and they vary from one cookie to the next. Some common themes for fortune cookie messages include meditation, personal growth, and finding happiness.

Today, fortune cookies are still popular in Chinese restaurants and are often given as gifts or souvenirs. While their original purpose may have changed over time, fortune cookies continue to be a beloved part of Chinese culture and a fun way to add a touch of mystery to any meal.

WHY MIKE NOBLE BECAME AN R.G.D. & CO. ACCOUNT EXECUTIVE

After graduating from The University of Notre Dame, Mike Noble began to search for a business career that would place no limits on his income or advancement. Am. R. G. Dickerson & Co. advertisement like this one aroused his interest.

Now Mike is a successful securities account executive in our Des Moines office.

Last year his income was good, this year, it was better — a 7.7% increase. His potential, like his sales territory, is unlimited. He can go as far as his ambition and hard work can take him.

And there's something else. "In this business," Mike says, "you can look forward to every day. No two are the same. They're always interesting, often exciting and tremendously challenging."

Mike says: "Besides all of the above at the end of each year, I own a piece of the business without any cost to me before I am an apartment manager."

Right now we are seeking additional people. If you think an investment sales career is right for you, talk to us now.

If you qualify, we'll train you for six months on salary, as we did Mike:

Baseball opener washed out

Mary LOVETT Writers with Life extended to today has been cancelled due to snow storms. The Hawkeyes, who are seated in the number six position in the nation according to the latest Baseball Report, will now play the University of Wisconsin on Wednesday. The final time which the Hawkeyes will play in the state of Iowa is still up in the air.

Rogers loses to Des Moines

ROB ROGERS has announced that the Des Moines Rugby Club will be dissolved. The club was founded in 1913 and has been in existence for 50 years. The team is now at a point where it can no longer continue to function. The Hawkeyes have won seven games and lost three this season.

UI Walker wins AAU race

UI WALKER, a 13-year-old child, completed a small mile in an American Association of Athletics competition on the 11th of May. The Iowa Daily News reported him as the first under 16-year-old to break the 4-minute barrier for the mile. Walker's time was 3:58.

Hawks, Fry open spring drills

Six managers apiece paced the winning football teams in the four games while three coaches tied in the second game. The first victory for Ohio State in the second game over West Virginia was a 29-0 shutout. The victory was not only a record for Ohio State, but a record for West Virginia.

Buckeye and West Virginia ended the season 9-1-1 each. West Virginia was the Big Ten's champion.

By ROBERT PRATTS, Associated Press

Champs await sunshine

A spokesman for the Blue Shield of Iowa today said, “We want to win.” When the Hawks win, the fans will cheer them on. When the Hawks lose, the fans will boo them off the field. The Hawks are one of the most popular teams in the state.
