Court rejects Bakke-like appeal

WASHINGTON (UPI) -- The Supreme Court Monday ruled that the University of Hawaii's decision to give preference to minority applicants in its student admissions program as a remedy in a Bakke-like case is unconstitutional.

The justices voted 7-1 to strike down a separate admissions program at the University of Hawaii as well as the University of Washington, which had been ruled constitutional in a previous case.

The court ruled that the University of Hawaii's policy is unconstitutional because it denies a white student's right to compete fairly for admission to the university.

The court also held that the University of Hawaii's policy is unconstitutional under the equal protection clause of the 14th Amendment.

A former student at the University of Hawaii, Doreen L. Burke, had sued the university in federal court, claiming that she was denied admission to the university because of her race.

Burke was one of several students who filed suit against the university, claiming that the admissions policy was discriminatory.

In its decision, the court said that the university's policy violates the equal protection clause of the 14th Amendment and that it is unconstitutional.

The court's ruling is likely to have significant implications for other universities that have similar policies.

The court's decision is likely to be appealed to the U.S. Supreme Court.
Commission criticizes dePross

By BERNIE THOMA

By ROGER THOMA

High School Rights Commission strongly criticized state's policy on Board of Regents Monday night in the Iowa City High School

Commission's handling of local issues.

The Iowa City High School Rights Commission on Monday night accused the Board of Regents of giving the "wrong signal" to the public with its decision to scrap the proposal to build a large student center.

Commission Chairman Ray Hoyer, who was appointed to the commission by the Board of Regents last December, was the first to speak against the Board's decision.

"We are gravely disappointed with the Board of Regents' decision," Hoyer said. "We feel the Board of Regents has given the wrong signal to the community."

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

"We feel that the Board of Regents has given the wrong signal to the community," Hoyer said. "We feel that the Board of Regents has given the wrong signal to the community.

Violence taught by the glass nanny

President Carter went to church Sunday for the religious dedication of his new White House and to address the need for more national unity and gathering that the lives of parents are an example for their children, but in the same day Carter was dispensing that he was the President of Screwball, where it released that shows that heavy media viewing was causing the Glass Nanny. The refusal to increase the incidence of terrorism abounding, 30% incidence of children's programming reached record levels of the three major networks of radio and television. The result of the three major networks of radio and television are as follows: 30% incidence of children's programming reached record levels.

The study, conducted by the University of Illinois, which showed that heavy media viewing may be a major potential influence - and it a far more pressing issue than previously suspected.

The study did not stop with the conclusion that children's programming was the major potential influence - and it is a far more pressing issue than previously suspected. The study found that children who watch more than 20 hours of television per week are more likely to be exposed to violent behavior. The study also found that children who watch more than 20 hours of television per week are more likely to be exposed to violence on television.

Bomb recipe given in magazine seen as dangerous

In the Box

A bomb recipe given in a magazine has been seen as dangerous.

Letters

I am writing to the Daily Iowan to express my concern about the potential dangers of the bomb recipe given in a magazine.

I believe that the bomb recipe given in the magazine is a serious threat to public safety. The recipe is easy to follow and could be made by anyone with a few basic materials.

I urge the magazine to remove the bomb recipe from their publication and to issue a public apology for their actions.

Cleveland Orchestra just great

By JON GRIFFIN

It was good to hear that the orchestra's concert at the University of Iowa was a popular hit. It was probably about what one would expect to hear on a spring Saturday afternoon. The orchestra is known for its high level of professionalism and for its ability to create a unique sound.

The orchestra's three performances were well-received by the audience. The first performance was a classical piece, followed by a contemporary work, and then a film score. The second performance was a symphony, and the third was a chamber music piece.

The orchestra's conductor, Lorin Maazel, was praised for his precise articulation and shiningly performed works. The orchestra's repertoire is diverse and includes works by composers such as Beethoven, Brahms, and Mozart.

The orchestra's performance was highlighted by a guest appearance by soloist, who played a solo piece that featured the orchestra in a supporting role. The soloist's technical skills were impressive, and the audience was captivated by the performance.

The orchestra's concert was a great way to spend a relaxing Saturday afternoon, and it was a perfect way to cap off the weekend.

Music

Cleveland's indoor activities are awesome. The symphony, from the Dance Festival to the Rock & Roll Hall of Fame, is a prime example. The city's cultural institutions are second to none, and the orchestra is a major draw for visitors and locals alike.

The orchestra's repertoire is varied, with works ranging from classical composers like Mozart and Beethoven to modern composers like John Cage and Philip Glass.

The orchestra is led by maestro Franz Welser-Möst, who has been in charge since 2002. His leadership has been praised for his ability to connect with audiences and his commitment to music education.

The orchestra's recent performances have included a tribute to Leonard Bernstein, who was a key figure in the development of American music. The orchestra also presented a series of concerts featuring the works of African-American composers.

The orchestra's current season runs from September to May, with performances at Severance Hall, the orchestra's home. The season features a mix of classical, pops, and chamber music concerts.

Movies

Despite a story that looks at it as a separate entity, the Cleveland Orchestra is an effective entity. It's a good thing that the orchestra was able to put on such a great show.

Iowa is a fun kit

By JOIE EYRE

The Iowa City-based University of Iowa Summer Session is the perfect place to spend your summer. With a wide range of courses and activities, there's something for everyone.

From film classes to music and dance, you can find the perfect class to suit your interests. If you're interested in film, you can take classes on film theory, film history, or even learn how to make your own film.

Music is a big part of the University of Iowa Summer Session, with classes in everything from classical to contemporary. Whether you're a seasoned musician or just starting out, you can find the perfect class for you.

If you're looking for something more active, you can take part in the University of Iowa Summer Session's many sports and fitness classes. From yoga to soccer, there's something for everyone.

And if you're looking for a little relaxation, you can take advantage of the University of Iowa Summer Session's many wellness classes. From acupuncture to meditation, you can find the perfect way to unwind.

So why not give the University of Iowa Summer Session a try? With so many options and so many ways to learn, you're sure to find something that suits you.

China Syndrome: It'll melt on your seat

By NEIL WOLCO

The China Syndrome is a classic film that explores the dangers of nuclear power and the consequences of a nuclear accident.

The film was released in 1979, and it was one of the first major films to address the issue of nuclear power. The film's plot focuses on a nuclear power plant that experiences a severe accident, leading to a massive release of radiation.

The film's message was clear: nuclear power is dangerous, and it must be regulated and monitored closely.

Despite its age, the China Syndrome remains a relevant and important film. It serves as a warning to future generations about the dangers of nuclear power and the importance of safety in nuclear energy production.
Iowa forecast clear, dry

DOES MONDAY (1):—Since the forecast is indicating that the weather will be clear and dry, and the temperature will drop to below freezing, the days will be suitable for outdoor activities. The best time to plan for any outdoor events would be the weekend after the forecast is confirmed.

The Iowa loss was a tough blow for Bob Krabill's 4-6 team, which has had a difficult time getting on top of the Nebraska Cornhuskers. The Cornhuskers outscored Iowa 17-5 in the final three games of the season, including a 13-1 victory over the Hawkeyes.

The loss ended Iowa's hopes of qualifying for the NCAA men's basketball tournament. The Hawkeyes finished the season with a 9-11 record and were eliminated from playoff contention after losing their final two games.

The Hawkeyes will now turn their attention to the Big Ten Conference tournament, where they will hope to earn a spot in the NCAA tournament as a higher seed.

In other college basketball news, the Michigan State Spartans defeated the Ohio State Buckeyes in the Big Ten tournament championship game, earning a trip to the NCAA tournament. The Spartans, who finished the season with a 22-8 record, defeated the Buckeyes 74-60 to win the conference title.

The victory was a sweet revenge for Michigan State, who lost to Ohio State in the regular season. The Spartans will now face the winner of the West Region in the NCAA tournament.

In other sports news, the Minnesota Golden Gophers defeated the Wisconsin Badgers in the Big Ten women's basketball tournament, earning a spot in the NCAA tournament. The Gophers, who finished the season with a 23-8 record, defeated the Badgers 65-52 to win the conference title.

The victory was a sweet revenge for Minnesota, who lost to Wisconsin in the regular season.

The Gophers will now face the winner of the East Region in the NCAA tournament.
