Tito sends messages to world leaders

BELGRADE, Yugoslavia (UPI) — Tito, the 80-year-old Yugoslav Communist leader who holds the title of president for life, has decided to send messages to world leaders in an attempt to avoid being labeled as a “loner.”

Tito, who has been hospitalized for six weeks, was discharged from the hospital on Friday, but health and foreign policy experts said he was unlikely to return to full-time work.

This was the first time Tito had not attended a meeting of the National Assembly or the Federal Parliament since his 1981 stroke.

The Federal Parliament has been in session since December 1980, but Tito has not attended any sessions since then.

World leaders were expected to be in Belgrade for Tito’s funeral on Saturday, but it was unclear whether they would be able to attend.

The funeral will be held at the Central Memorial Hall, the site of Tito’s last public appearance.

Competition for Tito's legacy continues

BELGRADE, Yugoslavia (UPI) — The legacy of the late former Yugoslav Communist leader Josip Broz Tito continues to be a source of contention among his successors.

Tito, who died in 1980, was known for his strong anti-fascist and anti-capitalist stance, and his successors have been divided on how to carry on his legacy.

Some have sought to continue his policies, while others have sought to distance themselves from his legacy.

Efforts to rebrand Tito as a modern-day leader have been met with resistance from some of his supporters, who believe his legacy is too closely tied to his policies.

The legacy of Tito's policies and his role in the Cold War continues to be a source of debate among historians and political analysts.

Comissioner agrees to file disc complaint

BY STEPHEN HENGE

DEPT OF DEFENSE - An Iowa Civil Rights Com missioner has agreed to file a complaint against the United States Air Force.

But the commissioner, Al Furst, would not say whether he would file the complaint during a closed session of the commission's Thursday.

Furst and Robert Rigsby, president of the Iowa City chapter of the NAACP, have told the department they believe that the Air Force is not doing enough to enforce the Civil Rights Act.

The commissioner said the complaint against the Air Force is the only one he has filed.

The department has declined to comment on the complaint.

A Federal Parliament statement said the commission "will continue to monitor the situation and will take appropriate action if necessary."
Duke's, Techau and Vogel run as independents

In CINDY SCHMUDERLE

The three independent candidates running for the student senate elections are Duke's, Techau and Vogel. All three are seniors.

Student elections

Duke's said she thinks a private food organization could be useful.

"First, it's a good idea. Although he said that he has been involved in many things, he has never run for student senate, the board of directors or the senate. Duke's said she will be looking for a president that will be involved in the community.

Another one running is Techau. Techau is a student who has been involved in many things, he said. "I'm running for student senate because I think it's a good idea. I think there are a lot of people who need it." he said. "I think that the student senate needs to be more active and I think that our school needs to be more involved in the community.

One advantage of running as an independent is that you can be yourself. Duke's said. "I think that you can be yourself. You don't have to worry about anybody else." she said. "I think that the student senate needs to be more active and I think that our school needs to be more involved in the community.

Techau is a resident assistant, he said. "I think that the student senate needs to be more active and I think that our school needs to be more involved in the community." he said. "I think that we need to start doing more things for the community." he said.

The third candidate running is Vogel. Vogel is a senior and he said. "I'm running for student senate because I think it's a good idea. I think that the student senate needs to be more active and I think that our school needs to be more involved in the community." he said. "I think that we need to start doing more things for the community." he said.

Gettng Kennedy has been a long standing obsession with Carter

From the editor:

I was delighted to read your excellent letter of 10 Feb. 5 in a national magazine, regarding the need for a new sense of people to the national problem of health care. I am glad to see that Carter is making the issue a priority, and I believe that it is possible to reduce the costs of health care in the near future.

Let US know what you think.

Letters:

25,000 Harper seal babies are slaughtered each year

From the editorial:

The Iowa Board of Regents Wednesday voted to increase UI residence hall rates 11 percent for the 1978-79 academic year. This increase reflected, among other expenses, the cost to install and operate a cable television system - estimated at $7.5 million - to be used in the halls.

The installation of operation of cable television in the dormitories here is a creative and necessary step to be planned and operated by UI in the future.

CBS: Israel tested nuclear bomb

WASHINGTON (UPI) — CBS nightly news anchor Walter Cronkite Thursday night said he had learned that Israel had tested a nuclear bomb south of Africa last fall.

"I can make no charges of sua sponte and I cannot confirm but I believe on good evidence that Israel has tested a nuclear device at a point south of Africa," Cronkite said during his "Evening News" broadcast from New York.

Cronkite cited increasing reports that Israel is in the process of testing a nuclear bomb, which he said is "the only way to explain the recent news that the Israelis have built a front-line nuclear bomb for their ally, the U.S.

This is the first time that Israel has been reported to have tested a nuclear device, a practice Israel has denied in the past.

Cronkite said the news is "too important to be ignored and too serious to be denied."

Cronkite's report followed similar reports in recent days that Israel had tested a nuclear bomb, but the Israelis have denied it.

Cronkite's report was broadcast in a special segment called "The Nuclear Bombers: A Special Report on Israel's Nuclear Program." The report was about the nuclear weapons program of Israel.

Cronkite said that Israel has been reported to have tested a nuclear bomb in the past, but that the Israelis have denied it.

Visiting film critic analyzes art's delicate balance

By JUDITH GREEN New York

In analyzing any work of art—a poem, a novel, a film, a painting—art critic Robin Wood, visiting lecturer in the Film Division of the School of the Arts at the City University, will not be discouraged by the alien technical directions in which it sometimes meanders. But to a critic of Robin Wood, visiting lecturer in the Film Division of the School of the Arts at the City University, will not be discouraged by the alien technical directions in which it sometimes meanders. But to a critic of art, it provides the kind of world one can catch up with and lend its weight to the analysis of the society's treatment of people who are not normal. "To write about history, to write about the film and the light of Ford's first world—"

At the same time Wood is not a film artist who, according to the American Association for the Advancement of Science, is an independent artist, whose technical directions in which it sometimes meanders. Injunction gained to halt chain letter

LOUISVILLE, Ky. - The attorney general's office here is seeking a temporary restraining order against the runtime of a chain letter that has been making the rounds in the Jefferson County High School and has been spread over a period of time, according to a court document.

The chain letter, known as a "pass-along" or "store-to-store" letter, is a form of solicitation that involves a person asking for others to make a donation or perform an act of kindness. The letter, which was addressed to the students, was found to be circulating among the student body.

Southwest Plessie B. Ford and the Office of "Uncommon Intelligence" for the Jefferson County Public Schools has attempted to stop the chain letter from spreading further.

"We do not have a permit to solicit," said Ford. "We do not have the ability to enforce the law."

The court document claims that all activities related to the chain letter involve "tortious conduct" and "will cause the students to suffer emotional distress.

"This court declares that all activities related to the chain letter are illegal and that the students who participate in the chain letter are liable for damages," said Ford.

The deadline for the chain letter is Monday, April 11.

The case is being heard by Judge John D. Johnson at the Jefferson County Courthouse in Louisville.

"We don't want to be the students,'" said Elmo. "But we don't want them to be the teachers.""

Elmo's position was that the university administration should be held accountable for decisions that affect students. Elmo noted that the administration has not consulted students adequately on important issues. He also criticized the administration's handling of the budget crisis and the proposed relocation of the Quad-Cities campus. Elmo's words were met with a mix of support and criticism from the audience.

Schmidt

"We are concerned about the impact of the proposed relocation on the Quad-Cities campus," said one participant. "It's important to us that the administration consult with us before making such a significant decision."

Elmo agreed, stating that "we need to be heard." He added that the administration should involve students in the decision-making process to ensure that the needs of the Quad-Cities community are considered.

Law school

"The proposed relocation would be catastrophic for the Quad-Cities campus," said one student. "I am deeply concerned about the impact this would have on our academic programs and our ability to attract and retain students."

Elmo agreed, noting that the Quad-Cities campus is an important part of the university's identity and history. He added that the administration should consider the long-term implications of the proposed relocation before making a decision.

Cordova

"I am concerned about the impact of the proposed relocation on the Quad-Cities campus," said one participant. "We need to ensure that the administration is held accountable for decisions that affect us."

Elmo agreed, adding that "we need to be heard." He added that the administration should involve students in the decision-making process to ensure that the needs of the Quad-Cities community are considered.

Heiden skates to fourth gold medal

By DOUG BEAN

Eric Heiden earned a rare fall on the second lap of Thursday's 5,000-meter speedskating event to win the record-tying fourth gold medal. He will attempt to break the record Saturday at the 10,000-meter race.

Women cagers battle Gophers

By CLAUDIA RAYMOND

After a poor shooting performance at Animals Auditorium last Saturday, the Iowa women's basketball team came to Amos Taphorn's aid in its regular season finale Saturday at University of Minnesota's McGraw Athletic Auditorium. The Hawkeyes defeated the Gophers 79-73.

Tennis squares entertain Minnesota

By CLAUDIA RAYMOND

Playing under the World Team Tennis (WTN) format, the Iowa men and women teams won the double matches and defeated the Minnesota Aces' men and women teams with on Wednesday at the University of Minnesota's McGraw Athletic Auditorium.

Poster: "The format was new to us players," Coach Cathy Baldwin said. "We didn't really adjust our strategy but we did try to make it competitive."

The 2-0 record at the University of Minnesota will be played women's doubles, and women's doubles, men's doubles.

The first rule of air is that it's the game that gains the most, so it is necessary to win at least 50% of the points and lose 50% to win the match. The second rule is that when the score of the total number of points is equal, the "tie-breaker" is played. The first player to score 25 points wins.

"Winning the WTN format is important because we want to gain the players in the next game," Baldwin said. "You can see who's going to be the next player and who's going to be the best player."

The format was played in a total of 12 matches in the competition between the Iowa men's and women's teams and the Minnesota Aces' men and women teams.

The women's team was victorious in 11 of the 12 matches, and the men's team won the remaining match. The women's team won the competition 5-2 on Wednesday.

Another Iowa game at the University of Minnesota's McGraw Athletic Auditorium was the women's basketball game between the Iowa and Minnesota teams. The Hawkeyes defeated the Gophers 79-73.

The women's team was victorious in 11 of the 12 matches, and the men's team won the remaining match. The women's team won the competition 5-2 on Wednesday.

The format was played in a total of 12 matches in the competition between the Iowa men's and women's teams and the Minnesota Aces' men and women teams.
Hawks sign 12 more recruits

By PHYLLIS ARICK

Associated Press

Iowa football Coach Tex Fyr

Perry Fyr announced Thursday the

addition of 12 more recruits for the 1985 season. The list does include the recruits who will be official
testimonials which will be announced
by Fyr this week.

Fyr said the list included a group of five
from Illinois State in running back J.C. Love from Baltimore. Fyr listed seven other
faces, including two from Iowa and one each
from Oklahoma, Pennsylvania and Texas.

Love is a 5-11, 190-pound prop

from Detroit Lakes. He was offered

by Big Ten champions Ohio State and

by Iowa. He chose Ohio State for the

reason for his decision, however.

LOVE HURSED FOR ILLINOIS

Illinois

The Illinois Fighting Illini signed 21

colleage to the college football team.

Iowa had lost two of its three leading

runners leading into the game Saturday.

In addition, Fyr recruited three

prospects at defensive end, in 6-4, 220-pound

Michael Stack of DeKalb, Ill., 6-2, 210-pound

Tony Wachter of Alton, III., and 6-4, 215-pound

Mike Norman of Carbondale, Ill.

A FIRST-TEAM ALL-STAR

Providence, R.I., (6-4, 215 pounds), chosen his

biggest recruit in recent history.

"We're not going to lose one of our

toilet bowl situation, and all we have
to do is get the kids to fill the line," Fyr

said. "I think the kids will respond to

the challenge of these offers."
Women tests skills in Big Ten meet

By Helen Marx

With a multitude of national qualifiers, a group of potential Olympians and the return of two-to-three Big Ten Indoor Championship weekend's second place finish last month, the Hawkeyes are determined to make some waves over a reasonable.Sports Illustrated.

Later this year, however, is the overwhelming weekend's Big Ten Indoor and Outdoor Track and Field Championship. The league is becoming more competitive every year, and it is expected to be another strong field.

The league has always considered the Hawkeyes to be a strong team in track and field. This year, the league is expected to be even stronger.

The Hawkeyes have been competing in the league for the past few years and have been consistently in the top four or five teams. This year, they are expected to be in the top three or four teams.

The league's meet will be held in Iowa City on February 19th. The meet is expected to be a great event for the Hawkeyes and a great opportunity for them to showcase their skills.

The league is expected to be a great event for the Hawkeyes and a great opportunity for them to showcase their skills. The league is expected to be a great event for the Hawkeyes and a great opportunity for them to showcase their skills.

Tough battle awaits Iowa State

By DOUG DAVIS
With just one week left before the Big Ten Championship game, the Hawkeyes face another big challenge in a return match with Iowa State.

Coach Dan Gable has been getting his squad ready for the regular season Men's National Championship, which will be held in Coralville on February 11.

Iowa State comes to town looking for avenge its 6-5 loss in October and they think they have a 50-50 chance of upsetting the Hawkeyes this time around.

"The Iowa State team is very strong and determined," Gable said. "But we're not taking anything for granted. We're treating this match as if it's the championship game."
