Emergency food stamp funding approved

WASHINGTON (UPI) - Congress has grudgingly approved emergency funding to help states cope with the sharp rise in unemployment caused by the recession.

The move came in a manner that was just as unlikely - in a special session to consider an unrelated bill. The emergency money will be needed this month. But another infusion of emergency money will be needed the next month.

The appropriations bill was considered separately and the House did not rush through the Senate in a 1-1 vote - just hours before negotiations for the two chambers became public. Emergency money was expected at some point in the session.

Agriculture Secretary Bob Bergland had warned the Senate and House of Representatives that 316,000 states will go the route of food stamp programs, more than that.

In compromise language, they told Bergland to continue providing food stamps through the end of September without further action. The appropriation will be renewed for two months.

Last month, the House passed and sent to the Senate a bill to appropriate $6 billion to food stamps. But another infusion of the money, which was expected to be needed this month, was not included in the bill.

The University of Iowa has received a claim from the Iranian government for the tuition fees of five Iranian students who were expelled last year.

The claim contains more than UI's records, which say the students were expelled last year.

The claim states that the students were expelled for violating the terms of their visas.

Regents okay non-faculty pay increase

By CRAIG GENUIS

A plan providing professional and scientific employees a 5 percent salary hike and a 1 percent increase for merit pay was approved by the state Board of Regents Thursday.

The board voted 6-0 to approve the plan, which provides for the increases to take effect next month.

The increase will be given to a range of employees based on the discretion of each institution. The UI, which has approximately 5,000 professional and scientific employees, has not decided on guidelines for granting raises at the University of Iowa. The board said it would consider the issue at its next meeting.

Carter accuses Congress of election year politics

WASHINGTON, D.C. (UPI) - President Jimmy Carter accused Congress Thursday of opening its all important tax legislation debate before the 1978 general election year and said there are "dubious bargain" members who will fully sup­port the legislation and those who will con­demn it. These congressmen, he said, are the "honest people who voted against the plan" and those who voted against the plan because it is opposed to the activities of the Democratic Party in the Congress. Carter called the vote on tax legislation "an attempt to break the American people's will".

A general assembly of the West German NCOs in Tokyo said it is in favor of a boycott against the 1978 general election year and will boycott the elections. The official, Foreign Trade Undersecretary (DG) Yutaka Suzuki, asserted that Communist bloc nations had been forced to pull out of the boycott because the Western Commercial bloc and West Berlin would boycott the elections.

Korean riots grow worse

EDOCS, South Korea (UPI) - The nation's worst riot in 30 years broke out today in the South Korean city of Yeongju, 100 miles south of Seoul. A large crowd of about 3,000 people, led by the city's right-wing political leaders, charged into the city to break the strike of workers at the 220,000-ton Samsung Motors Co., Ltd., a large automobile manufacturer.

Man to begin sentence after probation revoked

WASHINGTON, D.C. (UPI) - A 15-year-old Washington, D.C., boy was convicted Wednesday of armed robbery by Superior Court Judge A. Manley O. Calvert, and sentenced to 25 years in prison. The boy, who was arrested last month on a charge of armed robbery, was found guilty of the charge for which he was sentenced.

DUESSELDORF, West Germany (UPI) - The West German National Olympic Committee today announced its decision to boycott the 1980 Moscow Summer Olympics because of the Soviet invasion of Afghanistan.

Muscovites reject Soviet proposal for neutral Afghanistan

VIENNA, Austria (UPI) - The Soviet Union is to vote against the latest draft resolution for a neutral Afghanistan presented by the Soviet bloc at the UN General Assembly.

Muscovites were upset Friday by the failure of the UN's Asia-Pacific advisory committee to neutralize the Soviet bloc's position on Afghanistan.

PAKISTAN has once more rejected the idea and a State Department spokesman said that Pakistan is unlikely to accept the Soviet bloc's position on Afghanistan.

"The proposal appears to have been de­vised by the Soviets, rather than by the non-Soviets," the spokesman said, "and Moscow with its allies is considering a limited or larger scale invasion of Afghanistan."

"The request is nothing more than an attempt to neutralize the Soviet bloc's position on Afghanistan," the spokesman said.

"We do not support the Soviet bloc's proposal," the spokesman said. "We support the idea of a neutral Afghanistan, as presented by the United Nations, but we do not accept the Soviet bloc's position on Afghanistan."
Damato likes to air ‘flip-side’ of issues

By BETTINA GAILPRIN

Why in God’s Glory Damato, and why do they come each fall?

Damato is a threw-sold US political science (formerly physics) major from Lake Worth, Fl., who is currently holding onto some people feel is a "no-man’s land," where he is trying to understand some of the political issues of his day.

In recent years, he has been pushing the idea of a "no-man’s land," which is not to say that he’s not interested in the political issues of his day. He’s just not interested in the political issues of his day.

What Damato envisions, as he puts it, is a "no-man’s land," where he is trying to understand some of the political issues of his day. He’s just not interested in the political issues of his day.

"When I started to figure out how to do it, I realized that people think it’s too easy," he says. "They’re very intelligent and diverse. They’re a bunch of hyper-competitive experts. They know how to be smart. They know how to win." Iennes said.

I've decided the day that I would have to write this column for many reasons. For one, I would have to be represented by Bill Conroy's "farewell" column last year, and I don't want to be represented by a "true editor." So it's gonna be me.

Secondly, "farewell" columns are just plain laughable when you don't want to be in them. You don't want to write about past events that are done; the "true editor" is part of a pre-march speech which is a tall order. I've been in this column for two years, a couple of which we've had the capability to be up-to-the-minute. That staff varies from year to year.

And third, I've been writing this column because a big part of me wants to keep the Johnson Communique Center, Iowa City, out of the spotlight and fighting with the production staff. I think it was General Motors who said, "If we made it, God I love it." But there are a few things that have to be said at this last day of the year. The column between 102, and I'm going say yesterday, I am pleased to find that this paper has the potential for being a real newspaper. The "true editor" has been the best in the state of Iowa. And it has been the best in the state of Iowa.

My only disappointment is that the "true editor" hasn't been more tolerant of the staff; but perhaps that's just because I'm new.

And thanks to Team Sports, Davey not responsible standards for himself and his staff. But they are in the vast majority that there are not only a few such places that are open. This is true for all Iowa papers.

University should be proud to be represented by Voices of Soul

To the Editor:

I don't know how much money should be allocated for the University of Iowa — I haven't looked yet — but I know that the University of Iowa should be spent on the primary mission of the University of Iowa. It's not just a matter of the student body, but it's also about the University of Iowa, which is the primary mission of the University of Iowa. The student body is the largest single group of people that the University of Iowa is responsible for. All the other functions of the University of Iowa are secondary, but the student body is primary.

American's most accomplished beat band is back with the familiar formula for what galloping. Barry Moren has called "instantaneous music," a simplistic, country flavor, tight ensemble work; facile soloing; and back with the familiar formulas for lightly funky R&B charts that are in

The Bahamas demands formal apology, full repatriations for Cuban attack

NASMAT, Bahamas (UPI) — The Bahamian government demanded a full repatriation of the Cuban refugees and an apology from Cuba and full reparations for damage done to Bahamian property. The Bahamian government made the demand at the second round of talks about Cuba, scheduled to be held in Nassau on the second round of talks about Cuba later this week. The Bahamian delegation arrived.

With the 1976 school year opening in less than a month, the Iowa men's and women's basketball teams will soon be in action to retain their honored status in the Big Ten.

Mathematically, the Iowa basketball team still has a chance to share in the Big Ten crown. But when one considers who they may face this weekend, it seems almost as improbable as the Beatles will face the Big Ten leader Michigan (13-1) and conference cellar-dwelling Minnesota (1-6).

In a showdown between the top two in both categories, Iowa head coach Al MacNicol will be hitting the road with his Big Ten-best 12-4 record, while the Gophers have over all average the 39th best in the country.

The Hawkeyes managed to stay in the conference chase last Saturday with a 119-108 double-dealers victory over the Gophers. Now they must beat Minnesota to retain their respective tours.
