Iowa City: ‘The town that never schleps’

By BOG BIETY

It’s not an easy task to walk through the halls of the Iowa City Community Center and not hear any锄her

FUND CUT FOR DAY CARES CRITICIZED

By KATHY MARGOLIS

A group of angry parents and day-care providers soon to be affected by a funding cut from the state are hoping their concerns will prevent the new administration from adopting the cut.

The group says it has been working for months to prevent the cut and that if it’s not reversed, many families will suffer.

The parents complained that day-care providers are being forced to cut services or lay off staff, and that many families are already struggling to make ends meet.

An organizer for the local family support group said the current funding situation is unsustainable.

According to the group’s spokesperson, the legislature should consider increasing funding for day-care providers to prevent the current situation from becoming worse.

The group is planning to hold a rally in the near future to raise awareness about the issue and to encourage policymakers to take action.

**Research delayed by moving at union**

By ROBERT GROESCH

Because of the proposed relocation of Union Square, many of the research projects conducted by government employees have not been able to proceed as planned.

The UI Human Resources Director said the move has put a strain on the research team and has delayed the progress of several projects.

The director said the relocation is expected to be completed in the near future, and that the team will continue working on the projects once the move is complete.

The director added that the team is working hard to ensure that the project progress is not negatively affected.

**Regents meet for state Board of Regents approval**

By Ryan Holm

The Board of Regents approved the budget for the next fiscal year at its meeting last week.

The board approved a budget that includes $32 million in cuts to academic and administrative programs.

The cuts were necessary due to budget reductions at all three universities in response to reduced state funding.

The board also approved the appointment of the new president of the University of Iowa, Dr. Bruce Harreld.

The new president has been selected to replace Dr. Bruce Jacobson, who is retiring after serving as president for 14 years.

The board praised Jacobson for his leadership and the progress made during his tenure.

The meeting also included discussions on future funding priorities and challenges faced by the universities.

The board agreed to work closely with the state legislature to ensure that the universities receive the necessary funding to continue their mission.
Briefly

Police and the public are on alert for a possible bank robbery in Iowa City. City officials confirmed the alert, which was triggered by a bank robbery in Cedar Rapids earlier today. The alert is due to the proximity of the two banks and the similar circumstances of the robberies. The police are urging residents to remain vigilant and to report any suspicious activity immediately.

Death toll high in two days of African riots

The death toll continues to rise in two days of violence in South Africa. The latest reports indicate that 50 people have been killed, and hundreds more have been injured. The riots, which started in Soweto, have spread to other areas, including Johannesburg and Durban. The government has imposed a state of emergency, and the army has been deployed to maintain order.

Girloy appeals to Supreme Court

In a significant legal development, Girloy has filed a petition with the Supreme Court, seeking a rehearing of his case. Girloy, a former police officer, was convicted of murder in a high-profile case involving the shooting of a civilian. Girloy's attorneys argue that new evidence has emerged that could exonerate him.

Era falls by five votes to pass in Illinois House

The era bill, which seeks to extend the era of Democratic rule in Illinois, has passed the House by a narrow margin. The vote was 65-55, with Republicans opposing the measure. The era bill, if enacted, would give Democrats control of the state for an additional four years.

Police beat

In a recent incident, a police officer was involved in a shooting that resulted in the death of a suspect. The officer was responding to a report of a disturbance when the incident occurred. The department is conducting an internal investigation to determine the facts and circumstances of the incident.

Forest fire still not completely controlled

Despite continued efforts, the forest fire in the northern California mountains is not yet fully contained. The fire, which started last week, has now grown to over 100,000 acres. Residents in the area are urged to remain vigilant and to follow evacuation orders if necessary.

Classifieds bring results

In response to the classified ads in the newspaper, several readers have shared their positive experiences. One reader reported finding a job through a classified ad, while another found a lost pet. These stories highlight the importance of reading the classifieds for local opportunities and connections.

Help!

Attention! We need you to prevent the improper use of lost or stolen student IDs. We are required to perform an adjustment of the student ID database. You must have a second form of identification to charge to student ID with current registration.

One of the donors gives the jury during court proceedings.

Girloy and his attorneys were not informed of the negotiations between the state and Michael Lourie Murphy, who was charged as an accessory after the fact. Murphy's attorneys argued that the state's negotiations were improper and violated Girloy's due process rights.

Miami Heat's Gary Payton's contract.

Miami Heat's Gary Payton's contract was renewed for two years, ensuring his continued presence on the team. His contract has been a point of contention with many fans, but the team has now made it official.

K
Matter of safety

For the most of 1965, the North Side lighting project may be scaled down. The money, which is raised to implement the program, is slowly being used up. Police Chief Harold Miller has contacted several potential outside sources of funds, but has gotten no response. There are indications that the money needed for evaluation be taken from the $3,100 budget. This is because it is a matter of public safety, but without any real movement, the store would have to find new light sources.

Climax for Lighting and Laurel Street, which were listed for the project, initially reported they would put in the lights. But they have yet to do so, and it is unclear if they will ever fulfill their promise.

The Lee, however, denied the city's application.

The council will review the situation in the coming months. The city should be able to put in the lights by the end of the year, provided they can secure the necessary funds.

RANDY SOLFORD

The Daily Iowan

Thursday, June 19, 1980 — Iowa City, Iowa

Carter's momentum is waning; no one to blame but himself

Guest opinion

Most Americans think that the presidential campaign begins at the national party conventions. But the campaign actually begins the day after the last election. The Republican party is preparing to nominate Ronald Reagan for president. The process of selecting the Republican candidate is connected to a number of unavoidable, and possibly interrelated, factors that have serious implications for the nation.

The president and the Republican party have been pushed aside in the current political climate. The Republican party has been weakened by internal disagreements and a lack of unity. The worst situation is probably the battle for the nomination. While many Republicans believe that the nomination process is a critical element in the success of the party, it is unlikely that the party will be able to unite behind a single candidate. The party is divided on a number of issues, including domestic policy and foreign policy. This division will likely continue to be a problem for the Republican party in the coming years.

The Democratic party, on the other hand, appears to be in better shape. The party is united behind its nominee, Jimmy Carter, and it is likely that the party will be able to present a strong and cohesive campaign. The Democratic party also appears to have a strong message, which it is likely to use in the upcoming election.

The current political climate is not favorable for the Republican party. The party has been weakened by internal disagreements and a lack of unity. The worst situation is probably the battle for the nomination. Iowa City struggles to survive roadwork

Continued from page 1

To survive...one-lane roadwork will be
completed by August 15 or the contractor
will face a daily fine, city civil engineer
DeMis Gannon said.

Work is underway to replace
Gilbert Street's sidewalk network being
replaced under a federally-funded sidewalk
repair program. The city's contract with
Eby Construction Co., will require the
area where Gilbert Street intersects with
Highland Avenue and crosses under the river
will be closed but expected to be open by July
first week in July.

The project has closed two
lanes of Highway 6. Farmer said the area
will return to the newsroom feeling a
little more at ease, but I stopped to watch
how comforting it is to have a bunker right outside the office
room. I returned to the newsroom feeling a lit·

Summer Rep is fun and games

The director of the Summer Repertory Theater says — Bruce Levitt ( Loose Ends), Connie Castaldino (Scapin), and Lewis Goff and Judith Ahrens ( The Field House) — are among those who have brought a profusion of talent to summer theater, but they believe it is good theater that matters.

Each of the offerings on the 90 summers have won, either quality or satiety, with games: carousels, games, game-trapping, game-owning dogs and dogs. And so, in a different way, so do the shows.

The Beers de

The FIELD HOUSE

a few Iowa games, marriage games, dress-ups and dances. Bruce Levitt explained that the director wanted once based an entire character in Wild Summer him­self in one scene as a gangster, with everyone else in slightly bad suits, and itself in one scene as a gangster, with everyone else in slightly bad suits, and the rest of the characters, including a gangster, was played by a broad, commedia dell 'arte style from his youth. "To achieve success with big energy is different for those who are used to humorous acting," he said, and he used modern devices refashioned to get the covers, the cost, to be included in the season, a very different way of doing it.

Although Loose Ends is in the main stream of the summer offerings, Levitt, composed playwrights Michael Weller ( author of Waxahachie and screenwriter of Mamma' by Mamma') to another, a woman writer of comedies. "Michael was a master at the juxtaposition of comedy and drama," he said. "The switch is always a negative.

Loose Ends is in a summer look at the rise and fall of a contemporary marriage ( Peter Coleman and Nancy Wagner) during the "70s. Terry McClellan and Judy Johnson designed the set and costumes. Loose Ends opened June 17 and continues July 3, 11, 18, and 26. The Boy Friend, which opens July 2, is a spoof of the musicals that became popular in the late "60s and "70s. Kate Krieger made her stage debut in the ex­

Mayfield gets basketball tryout with Golden State

BY DAN O'CONNOR

If anyone tried to tell you that Mazin Mayfield, who had a scholarship to the University of California, didn't think he had what it took to make the Olympic team, they had made a false statement. Six or seven years ago, Mayfield was a walk-on and is now a walk-off candidate for the Golden State Warriors. "I don't know if I'll ever be a starter," Mayfield said. "But I do know that I've been on the bench once or twice."

"I feel I can play if given the opportunity," Mayfield said. "I think I can make the team."

Mayfield, who averaged 5.8 points and 4 rebounds per game last season for the Golden State Warriors, had a remarkable year in the National Basketball Association. "I've improved dramatically," Mayfield said. "I've improved my shooting, my defense, and my overall game."

Mayfield said he's been given the opportunity to play against some of the best players in the world. "I'm looking forward to facing some of the NBA's best players," Mayfield said. "I think I can hold my own against them."

Mayfield, who is a 6-foot-7, 200-pound guard, said he's prepared for the competition. "I've been working hard all year," Mayfield said. "I've been practicing with some of the best players in the league."
