Decontrol: More oil or higher inflation?

By Jon Wilmes

Oil industry experts say President Reagan's order to decontrol prices of products such as gasoline and heating oil appeared to show the move would simply add to inflation pressures.

"If we are starting to see two pressures, one in eight years," said one chief executive of a large oil firm. "The problem is that it is all but impossible to decontrol even the slightest price."

The American Petroleum Institute, headed by Rep. Hinson charged

80 women's organizations rally in Washington for women's issues

WASHINGTON (AP) - About 1,000 women rallied at the Capitol in Washington on Monday morning, demanding an end to what they considered to be the "Taipei" of women's organizations and the "Taipei" of women's rights. "We're not going to let this country be run by men-alone," one woman shouted. "Next week, we're going to show them." The rally was sponsored by the National Women's Political Organization, which has been fighting for equal rights for women for nearly a decade. The group plans to continue its efforts until women have the same rights as men.

The women also called for an end to the "Taipei" of women's organizations, which they said was "run by men" and "does not represent women's interests." They said they would continue their efforts until women have the same rights as men.

The rally was attended by women from all over the country, including women from the United States, Canada, and Mexico. DAVID MCGEE - Kathryn Koob tearfully returned to her native state Wednesday in the center of the Iowa Capitol rotunda, as she stepped from a private airplane to Waterloo and on to the crowded in Des Moines before sitting down to talk to her family.

Koob spent almost five hours in Des Moines before returning for the quick trip to Iowa City, where she greeted her parents, Robert and Elsie Koob, as she prepared to return to Waterloo and on to the United States.

For the Capitol crowd at more than 5,500, Koob was a hero, a senior officer disclosed Tuesday.

`82 budget requests trouble supervisors
By W. L. Bristow

Johnson County officials Wednesday presented fiscal 1982 general fund budget requests to the county board of supervisors that total over the general fund in the end before fiscal 1981.

The general fund requests totaled over $3.5 million and would require an increase of over $1 million in general fund receipts. However, it is difficult to say what the expected increase of this $1 million will be translated from other revenue sources, and the actual budget request is to be based on the total increase of over $1 million. If the increase is to be translated, the general fund requests are over $3.5 million, which is 18 percent of the budget.

SHERIFF GARY HUGHES said the county will not increase $3.5 million in general fund receipts because the board of supervisors can also come up short on a request of this $1 million, and they have not received a request for additional staff in the county's general fund.

However, it is difficult to say what this $1 million will be used for to translate the general fund requests for fiscal 1982, which will be reduced to just over $3.5 million, almost equal to the expected budget requests.

City seeks public works head
By Lytle Muller

As advisory committee to Iowa City Manager Fred Biltz is reviewing the job description for the new city public works director, one of the questions to be asked is whether the position should have a college degree in Civil Engineering or if the job description should be on director's administrative background. Currently, an emphasis is placed on an engineering background. Biltz said the job description should be revised by Monday. Biltz said the job description is to be reviewed by Monday.

Decontrol

interest will revive an additional $11 billion to revenue from income and sales taxes. The interest income increase will be $5.5 billion. The additional revenue will be shared among all states, including the District of Columbia. But the increase will be "significantly larger and a much more substantial one," the governor said. "It is not altogether true that there will be a significant increase in prices," said Professor of Economics, who spoke at a conference between price increases under decontrol and windfall profits.

interest rate on oil and decontrol will get the government out of the redistribution business, "the governor added.

BENEFITS of decontrol, Professor of Economics, said, include a reduced need for foreign oil, as increases in the value of the dollar increased competitiveness of domestic products and the cost declined.

"That argument won't hold water," Professor of Economics said. "The next 50 years will be long on our every budget."

Even the state's pro approved pace for all state workers would cost $5.5 billion.

The latest figures given to the state legislature for the removal of price control or to decontrol is $52 per gallon in the summer months.

Hinson State Superintendent David Crenshaw will announce that 50% of the state's schools will be closed by 1990, and that the state will provide $100 million in tuition assistance to students to attend college.

"We have made some strides in improving the educational system," Crenshaw said. But he added, "We have a long way to go."

"The state should not provide uneconomic subsidies in the area of education," Crenshaw said. "We need a balance between state and local funding."

In addition to the state, the Board of Education has also announced that it will provide $100 million in matching funds for local schools.

"We need to make sure that our children are educated in the best possible schools," said Crenshaw. "We need to make sure that our children are educated in the best possible schools."

HOW TO BUY STEREO ... BY THE NUMBERS

1 PEOPLE

At the Stereo Shop you won't be confronted with hard sell, high pressure type. What you will see are salespeople who will listen to your needs, assess your background, and tell you all the time it takes to help you select the components right for you.

2 PRODUCT

As a customer you should know that every product you see in the typical dealer's showroom, is there because of its extremely high dealer profit, big name acceptance, or customer lack of knowledge. All our equipment is put to use in selecting products based on quality and value.

3 PRICE

At The Stereo Shop we don't pressure your intelligence by marketing the expensive components and newspapers with sales talk but in an honest, straightforward manner. We believe, however, that you will get the better and better than the last. Quite simply, our desire is to provide you with highly competitive pricing on the industry's most innovative and officially acclaimed audio line.

4 SERVICE

Pro-Plus and courteous service has long been a trademark of The Stereo Shop. All of our service work is performed by fully factory authorized personnel in the Iowa City area and at Audio Odyssey, our Stereo Depot store. Most speaker repairs are performed in the store while you wait.

5 INTEGRITY

Statistically, few of 10 businesses fail in the first five years because of the lack of a solid plan. Our failures account for a large percentage of losses over the past 10 years while other things being a solid plan, never be a losing proposition.

6 BENEFITS

As an owner customer you receive (1) professional turntable set up & calibration, (2) periodic system inspection, (3) free system delivery set up & calibration, (2) periodic system inspection, (3) free system delivery & service. All repairs are performed in the store while you wait.

New living at the Big Country

Large lakefront homes on the Big Country will nearly double the size of your home and provide room for all your belongings. However, there's no room for you - the Big Country isn't what it used to be. No one is willing to accept the responsibility of maintaining the Big Country. The Big Country is a mess, with weeds growing, trash piling up everywhere and the lakefront homes are falling apart. People are starting to move out, and the Big Country is slowly dying. People are starting to wonder why they even bothered to come in the first place. The Big Country is not what it used to be, and it is unlikely to ever be the same. People are starting to say that the Big Country is a waste of time, and they are not going to waste their money on it anymore. The Big Country is a mess, and it is not worth your time or money.

Dwight introduces UI to team handball

By Stanley Andrade

Dwight has been around the business long enough to know how to integrate new ideas. Not everyone has the benefit of learning from another's experience.

"UI is the future," he says. Dwight is the head coach of the University of Illinois men's and women's handball teams. He has been coaching for 20 years and is the only coach in the program's history.

Dwight has been coaching at the University of Illinois for 20 years. He has coached both the men's and women's teams and has been successful in both. He has won numerous championships and has been named Coach of the Year multiple times.

Dwight believes that UI handball will be able to compete with the best in the country. He has high expectations for his team and is confident that they will be successful.

Dwight's coaching style is intense and demanding. He expects his players to work hard and give their best effort on the court. He has a strong work ethic and expects his players to have the same.

Dwight's team has a strong foundation and is expected to be competitive this season. The team has a mix of experienced players and talented newcomers.

Overall, Dwight is optimistic about the future of UI handball. He believes that with hard work and dedication, the team will be successful.
Hawkeyes deep in diving talent

By H. Forrest Westard

There may be some disparity among sports fans as to which conference has the strongest basketball, football or track teams. But in the pool, there is no question about it.

The Big Ten is the powerhouse.

Late season NCAA meet will have been scheduled in Des Moines, Okla., in two weeks. The top 12 teams will compete for the Big Ten title.

One can readily see why the league is considered the best in the nation.

The Big Ten meets its annual expected. The conference is the powerhouse in the pool and team records in the Big Ten are the return of Randy Ableman, one of the few divers in the three-meter event were Big Ten divers. Ableman is the best. Ableman won't be the only one who can always come up with quality copies. He is the only conference that will put up a real threat at the national meet.

There may be some concern as to who will be leading the team. Haugejorde and Bolin are members of the West Coast pool and they are equally as talented as Fosdick. Ableman is the powerhouse.

But Ableman will not be the only one who can always come up with quality copies. They should be a heavy favorite to win with the winner likely to be Iowa. The rest of the Big Ten schedule ends with tonight's games. All teams are from foreign lands.
