## House committee votes financial aid cuts

#### By Jackie Baylor Staff Writer

College students from families which earn more than \$25,000 a year will no onger be able to receive Guaranteed Student Loans after Oct. 1 if a proposal approved Wednesday by the House Education and Labor Committee passes the Congress.

The House committee also cut \$542 million in spending for Pell Grants, formerly called Basic Educational Opportunity Grants, by requiring a family

to contribute more toward a college student's education, said John Dean, senior legislative associate for the

House committee. The maximum amount of money that a student can receive from a Pell Grant would be reduced \$100, he said. Currently college students can receive up to \$1,900 a year from the grant program.

At least 50 percent of the students in Iowa's post-secondary schools who have received a GSL in the past would no longer qualify for the popular Wolff, executive director of the Iowa College Aid Commission.

Rep. Peter A. Peyser, D-Westchester, N.Y., said that as many as one million students out of the current three and a half million GSL recipients would become ineligible for the loan under the House committee's proposal.

PEYSER SAID Wednesday is "a date that will be remembered by students as being similar to Pearl Harbor

federally insured loan, said Willis A. in that torpedos are being thrown at them.

College students will not have enough money for an education and will not know where to go, he said.

But the Senate Committee on Labor and Human Resources made a proposal Wednesday that asks that the GSLs be given to students from families earning more than \$25,000 if the student can demonstrate actual need, said Ken Ruberg, an aid to Iowa 1st District Rep. Jim Leach. Both the Senate and House commit-

students receiving GSLs to save the money required by President Reagan's budget cuts, Ruberg said. The reduction in GSLs will save the

federal government \$504 million in the fiscal year beginning Oct. 1, Dean said.

tees proposed cuts in the number of

**CURRENTLY** students from all family income levels are eligible for the GSLs and can borrow up to \$2,500 a year, he said.

Interest on the GSL is paid by the federal government while the student

is in school. The student begins paying the interest and principal of the loan after leaving school

Dean said the House committee's proposal would force 100,000 to 200,000 students nationwide to change their educational plans.

'They would either have to choose a lower costing institution or drop out," he said.

Wolff said the House proposal would hit Iowa students "very heavily" and it would be "more difficult to find See Aid, page 6

**Rape connected** to fight in downtown I.C. By Michael Leon taff Writer A fight among a large group of juveniles in the 200 block of Washington Street after midnight Wednesday has been connected to the rape

of a 17-year-old female. The white female reported she was assaulted sometime that night by a black male, according to Iowa City Police Capt. Donald Strand.

The female, a Cedar Rapids resident, drove to St. Luke's Methodist Hospital in that city where she was treated. Hospital officials reported the incident to Iowa City police. Information on her condition could not be obtained.

No charges have been filed in connection with the rape. Iowa City Police

Thursday. Police said the crowd dispersed when officers arrived.

The officers followed some of the crowd members to the Governor Lucas Square in the downtown pedestrian mall, Strand said, and a 17-year-old male was seen hitting and breaking a display window at the Lenoch & Cilek hardware store.

Jerry Sullivan, manager of the hardware store, said, "I was called at about 2 o'clock and told I had a window to replace.'

Sullivan said, "It had a large hole in it" and was completely cracked.

The youth received a deep cut to his forearm when the glass shattered, Strand said. He was taken by ambulance to Mercy Hospital where he was treated. No further information on condition could be obtained. The juvenile was charged with third-degree criminal mischief. No other charges were filed in connection with the disturbance.

They would Under the plan that the club owners wanted to institute regarding free like to meet again Friday morning at 10:15 EDT and we will have an apagent compensation, the top 50 percent propriate contingent, but I will not be

MILLER SAID that the Players Relation Committee, representing the owners, had refused his request to allow his players to attend the

negotiating sessions but that from now on any player would be allowed to sit on negotiations.

Miller said that Don Sutton and Joe Niekro of the Houston Astros and possibly a few others, would attend Friday's negotiating session. The strike by the players, caused by an inability of the two sides to reach agreement on free agent compensation, is third one in major-league history. In 1972, the players struck the first 13 days of the season with a loss of 86 games. Last year, they walked out for the final

eight days of spring training resulting

of major-league players would be con-sidered "ranking." For batters, the criteria would be number of plate appearances and for pitchers the criteria would be number of game appearances.

A fireman searches near a flooded house along Williamson Creek in Austin, Texas, where some 20 dwellings were soaked by up to four feet of water.

**RAY GREBEY**, chief spokesman for the Players Relations Committee, said that officially that the strike deadline wasn't until 2:00 p.m. EDT Friday and he hoped that some progress could be made at the Friday morning negotiating session.

However, the fact that players had been instructed to return home could prevent games from being played Friday regardless.

'We made some moves that didn't work," said Grebey, referring to the negotiating sessions. "Right now, things don't look too good but we will

progress had been made, the two sides are still far apart regarding the number and quality of players which would constitute adequate compensation.

THE PLAYERS ASSOCIATION proposed that each team which drafted a free agent be required to put a player into a compensation pool. The players put into the pool were to come from the team's 40-man spring roster and not the 25-man regular-season roster. However, the owners feel this plan is unacceptable.

Don Fehr, an assistant to Miller, said that even if the two sides should somehow miraculously reach an agreement Friday morning, it would be impossible for any games to be played Friday since all the teams have been instructed to go home.

per went t Rapids Thursday to interview the victim

Police report the fight appeared to involve a group of whites and blacks and police are investigating a possible link between the fight and the assault.

THE DISTURBANCE, which occurred outside Woodfield's, was reported to police shortly after 1:30 a.m.

"WE WERE simply too shorthanded" to adequately control the disturbance, Strand said. "We were interested mainly in seeing the crowd See Fight, page 6

## Woodfield's owner wants compromise

By Cherann Davidson and Michael Leon Staff Writers

Woodfield's owner Harry Ambrose is ready to call a truce after battling the city for nearly two years. He has offered to drop his lawsuit against the city if the city gives up its legal hold on

Ambrose is asking the city to withdraw a 36-day suspension remaining from a 1979 judgment against the bar and to drop charges of serving liquor after 2 a.m. He said he wants to sell the bar, but "nobody is going to buy it unless the charges are dropped."

Woodfield's liquor license was suspended in the summer of 1979 after charges were made that doormen at Woodfield's required more identification for proof of age from blacks entering the bar than from whites.

The Iowa City Council suspended the bar's license for 120 days beginning Aug. 1, 1979 after the Iowa City Human Rights Commission ruled that Ambrose "knowingly and recklessly tolerated" discriminatory identification procedures against blacks.

AMBROSE and co-owner Daniel Lovetinsky appealed the council's deci-sion to the Iowa Beer and Liguor Control Department and received a temporary stay on the suspension in the fall of 1979 with 36 days remaining on the suspension.

Ambrose has also been charged with serving liquor after hours.

Even two years after facing suspension for discriminating against blacks, Woodfield's remains popular - but not with black students.

Woodfield's is "not a place blacks feel is a popular place to go," said Tom Mikelson, vice-president of the Iowa City chapter of the NAACP. According to Mikelson, the bar's history makes it unattractive to the black community. Mike Freeman, Black Student Union member, said Woodfield's last year adopted a Country Western image which doesn't appeal to blacks.

FREEMAN said Ambrose "still got a better deal" after the affair because the suspension did not make up for "flagrantly" violating human rights. Ambrose said he built up business af-See Woodfields, page 6

### 'Jungle warfare squirrel' defeats man Inside

#### **By Val Roskens** Staff Writer

One Iowa City man wants to nurture a thriving garden instead of a hungry squirrel, but local authorities are siding with the rodent.

Steve O'Donnell, 2224 Arizona Ave., received a citation from the Iowa City Animal Shelter because he caught a squirrel in a flat metal leg trap in his

garden where sweet corn is planted. O'Donnell said since the beginning of May he has planted the sweet corn three times and has used all his seed. All the corn is disappearing because the squirrels keep invading his garden. "I want sweet corn. I don't want squirrel," he said. O'Donnell said he contacted the

hurt the animal. THE BOX TRAP, which is the

'humane'' method, can be rented from the shelter for \$1 a day, said Beverly Horton, the supervisor of the shelter. She said the shelter has three traps to rent

The shelter had rented out all three traps, O'Donnell said, but he is "next on the list" to get one. O'Donnell said he tried every safe

way possible to get rid of the squirrels, including reflectors and moth balls, but nothing worked. Since a box trap was not available, he used a flat metal leg trap.

animal shelter to find out how to solve It effectively caught the squirrel, but also got him a citation for breaking a the problem. He said he was told to use a box trap, which traps but does not city ordinance. According to the ordinance, which has an open-ended fine, it is illegal to use a leg trap within the city limits. For a misdemeanor, the maximum fine and sentence is \$100 and 30 days in jail.

"I really didn't know I was breaking the law," O'Donnell said. He added that the trap was made of flat metal. with no jagged teeth, and catches the animal without killing it. It is possible an animal's leg could be broken, but could not injure a person, he said.

THE TRAP CAUGHT a squirrel Saturday when O'Donnell was not at home. A neighbor called the shelter to ask what to do with the squirrel.

Shelter employees came and released the squirrel from the trap.

"The jungle warfare squirrel eluded the white trapper," he said with a laugh. "It is still coming back for the

nightly munching of my corn." He said he has seen the freed squirrel several times since Saturday.

As a last resort, a frustrated O'Donnell Thursday night posted his dog near the garden to bark at the pesky squirrel. The plan seemed to be a success, although it proved to be shortlived. Shortly after 10 p.m., O'Donnell received a visit from Animal Shelter employees. He was told a complaint had been registered about the barking, and the dog would have to be quieted or it would be removed.

Horton said this problem with

squirrels is a "real strange case" and is not a complaint the shelter commonly receives.

WHEN ASKED what O'Donnell should do, she said, "Plant a couple of extra rows of corn.

O'Donnell said he does not think the citation is fair and plans to fight the charge. He has to take time off from work to see his lawyer and to appear in court June 29.

He said one of the shelter employees told him, "The squirrels were there before you were, so learn to live with

O'Donnell said he has nothing against squirrels. "Some of my best friends are squirrels. I wouldn't hurt See Squirrel page 6

## **Briefly**

### Navy missing \$39 million

NORFOLK (UPI) — The U.S. Navy Supply Center was unable to account for more than \$39 million worth of goods in 1980, a Norfolk newspaper reported Thursday.

Auditors and investigators contend thieves walked away with a large portion of the goods. Supply center officials countered that the missing materials are only lost on paper and would eventually be traced to bookkeeping errors.

### Prof: clergy misunderstood

HOUSTON (UPI) - A sociology professor Thursday said clergymen have misunderstood her finding that a mother's fundamentalist religious orientation can have a negative impact on a child's IQ.

Dr. Zena Blau of the University of Houston said the mother's religious orientation is one of many factors influencing a child's IQ Others are parents' economic status, occupational achievement and educational attainment.

#### **Construction talks resume**

WASHINGTON (UPI) - Negotiations resumed Thursday in an effort to end a strike by 11,000 mine construction workers whose picketing has prevented nearly 80,000 soft coal miners from returning to work following their 72-day walkout.

United Mine Workers officials and leaders of the Association of Bituminous Contractors returned to the bargaining table after a twoday lapse in negotiations.

#### Social Security limits told

WASHINGTON (UPI) - Sen. Paul Laxalt. R-Nev., President Reagan's closest friend and Capitol Hill confidant, said Thursday Congress may have to limit cost-of-living increases to bail out Social Security.

Laxalt, who was Reagan's campaign manager, said the \$17 billion price tag on inflation adjustments this year makes it an obvious candidate for potential cuts.

#### **Clean Air Act extensions**

WASHINGTON (UPI) - The Senate passed Thursday a bill to help steelmaking plants get three extra years to comply with the Clean Air Act

The bill passed without debate and went to the House, where a similar bill has been passed

The Senate bill does not directly grant extensions. It lets steel plants ask the Environmental Protection Agency for a change in required installation of pollution control devices.

The deadline would be extended from Dec. 31, 1982, to Dec. 31, 1985.

## **Committee recommends 3 for city attorney vacancy**

#### By M. L. Myers

Three Iowa City attorneys have been recommended to the Iowa City Council for consideration as the new City Attorney.

The City Attorney Selection Committee recommended Emmit J. George Jr., Robert W. Jansen and L. Jay Stein to succeed John Hayek.

"We recommended the three (candidates) equally and there was no ranking," said Robert Ogesen, committee chairman: "We were instructed to return two to five names to the council. We thought there

were three qualified people." The city received 13 applications, said Anne Carroll, Iowa City Human Relations director. The committee interviewed eight people for the position. The council will discuss the recommendations at its Monday informal meeting, Carroll said. The city

council plans to select the new city attorney during June, she said. Councilor Mary Neuhauser said two possible subjects to be discussed by the council will be the city

attorney's legal fees and the actual selection for the

THE COUNCIL may have to review the salary, Neuhauser said. She said that a major project for the new city attorney will be to review the city's proposed zoning ordinance. It may be in the city's

> hour, she said. Hayek is employed on a part-time basis and is paid \$43.60 an hour for legal work and \$48.90 an hour for litigation. The city allocated \$30,000 for Hayek's

> best interest to hire the city attorney on a retainer

basis rather than paying for legal services by the

legal fees in fiscal year 1981. Assistant city attorneys are employed on a fulltime basis and their pay ranged from \$18,630 to \$24,020 this year.

The city is retaining Hayek's services for pending cases which include negotiations over two undeveloped land parcels that are a part of the city's urban renewal project, the harassment suit of former Iowa City firefighter Linda Eaton and the discrimination suit of former Iowa City Human Relations Director Patricia Brown.

## Cedar Rapids company files suit against local partnership

#### By Val Roskens Staff Writer

A Cedar Rapids corporation filed suit totaling almost \$88,000 Thursday in Johnson County District Court against a partnership of two corporations and two Iowa City residents.

According to the three-count suit, Pearson Wall Systems, Inc., claims: that Old Capitol Center Partners (Hieron, Inc., Investments, Inc., Meadow Link, Inc.), Wilfreda Hieronymus and Jay C. Oehler executed a promissory note "in payment of a portion of the labor and materials" which has not yet been paid.

The promissory note was due June 1 and Pearson Wall Systems is asking that the balance owed on the \$74,650.89 note, plus interest at the rate of 22 percent per annum, be awarded along with court costs and attorney fees.

Pearson Wall Systems is also requesting \$13,290.10 "actual and reasonable prices and values for labor and material provided."

Also in District Court Thursday, an Iowa City woman was charged with false use of a financial instrument in connection with fraudulent use of a Visa Card.

leaving through a side door.

### **Police beat**

stores in Iowa City in excess of \$900."

The incidents occurred June 10 and 11.

Courts

#### **Tavern burglarized**

Twelve bottles of liquor and a small amount of change was stolen from a local tavern Thursday morning

The thief apparently was injured during the incident at the Gilbert Street Tap, 1134 S. Gilbert St., and left behind a trail of blood.

"There was blood inside and outside the broken window," said Todd Skay, 4001/2 Kirkwood Ave. Skay, a bartender at the tavern, discovered the broken window and reported the burglary at 7:31 Thursday morning

Skav said the burglar took about 12 bottles of liquor and loose change from the cash register. "We leave the empty cash register open and there was just a little change left," Skay said.

Police reports show that the burglar, believed to be cut badly from the broken window, opened three bottles of beer and walked to the men's room before

## Distinguished alumni to be awarded

#### **By Rochelle Bozman** aff Writer

The Distinguished Alumni Award, the UI's highest honor, will be given to nine UI alumni and one non-graduate Saturday to conclude the Alumni Association's Reunion Weekend. A two-day itinerary has been prepared for the expected 500-600 alumni who will honor the classes of 1956, 1941, 1931 and earlier

a swot with e work - Post St and with

Because the UI does not present honorary degrees, the Distinguished Alumni Award is the UI's highest honor. Awards are given in four categories. Alumni selected by the Iowa

Alumni Association to receive the Distinguished Alumni Achievement Awards are: · Edwin B. Lancaster of Mount Kisco,

N.Y., who received a bachelor's degree in mathematics from the UI in 1938. • Lloyd Rogler Canino of Dobbs Ferry, N.Y., who received a bachelor's degree in philosophy in 1951, a master's in 1952, and a doctorate in sociology in 1957, all from the

UL • Robert E. Moyers of Ann Arbor, Mich., who received a bachelor's degree and a D.D.S. in 1942, an M.S. in orthodontics in 1947 and a doctorate in physiology and biophysics in 1949, all from the UI.

· Adolph L. Sahs of Iowa City, who received a master's degree from the UI in 1931 and was head of the Department of Neurology of the UI College of Medicine until 1974

• Wallace E. Stenger of Los Altos Hills, Calif., who received a master's degree in 1932 and a doctorate in English in 1935. He won the Pulitzer Prize in 1972.

WINNERS OF THE Distinguished Alumni Service Awards are:

• Donald J. Galagan of Lakeview, Ark. who received a D.D.S. from the UI in 1937 and was dean of the UI College of Dentistry

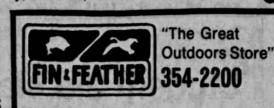

• Reynold P. Jurgensen of Clinton, Iowa, who received a bachelor's degree in 1931 and a master's degree in 1932, both in chemistry, from the UI.

· Henry B. Tippie of Austin, Texas, who received a B.S.C. in accounting from the UI in 1949.

Leonardo Lasansky of St. Paul, Minn., will receive the Distinguished Young Alumni Award. He received a bachelor's degree in 1971, and a master's and an M.F.A. in art in 1972, all from the UI.

Florence H. Boone of Glencoe, Ill., will receive the Friend of the University Award.

## Payment for Dick Gregory lecture improperly cashed under his name

#### **By Scott Kilman** Metro Editor

A \$2,500 UI check originally written to a booking agency representing civil rights activist Dick Gregory was honored under his name by an East Coast bank, an agency spokesman said.

According to Marc Minnis, executive director of International Lectures and Theatrics, Gregory's booking agency, Gregory was given the \$2,500 check in payment for an April 17 lecture in Macbride Auditorium.

Student representatives handed the check to Gregory shortly after his lecture, Minnis said Wednesday during a telephone inter-

The check should have been sent to the agency and should not have been given to

Gregory, Minnis said.

Associates of Gregory are now working to "clear it up" with the East Coast bank, Minnis said A MICROFILM COPY of the check shows

Gregory's name typed on the check above the name and address of International Lectures. The UI issued the check to International Lectures, and had not included Gregory's name on the check, said Cindy Thrapp, UI student organizations auditor.

Gregory's name was written on the back of the check along with a bank account number.

Gregory could not be reached to comment on whether he had typed his name on the check or had endorsed it. The UI Lecture Series, the UI Student

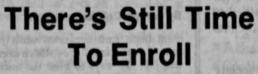

Senate and the UI Black Student Union sponsored the lecture.

**INTERNATIONAL LECTURES** contacted the UI when a check for the speaking engagement failed to arrive, Minnis said. The agency asked the UI to stop payment on the check already issued and requested that a new \$2,500 check be sent to its office in Independence, Mo., Thrapp said.

The UI sent the stop payment order, but an East Coast bank had already honored the check, Minnis said.

Thrapp said that the UI did not intend for Gregory to be able to use the check.

Neither Iowa State Bank & Trust Co. which handled the UI account, nor the UI lost any money, but the East Coast bank must recover the \$2,500 it lost for honoring the worthless check.

## **Ray: redistricting proposal** 'much better' than first plan

#### **By Tamara Henry** nited Press International

DES MOINES - Although he withheld his support until further analysis, Gov. Robert Ray Thursday said the second plan to remap Iowa's legislative and congressional districts is much better than the initial proposal.

'We haven't been able to totally analyze it," Ray told reporters. "I think this is a much better plan than the first one. It proves that there wasn't just one plan that could be made available for legislators to pass judgment on.'

The reapportionment plan, released Wednesday by the Legislative Service Bureau, would keep all congressmen in separate districts but throw 57 lawmakers into the same districts. The first plan, to the dismay of nearly every Republican, paired Republican congressmen Tom Tauke and Jim Leach. Democrats had contended the first plan would be the fairest and free from politics. THE NEW plan shifts 36 of Iowa's 99 counties to balance the population in the six congressional dis- it's a better plan than the first. Maybe there can be a

neshiek, Fayette and Clinton. But the districts are more compact with more equitable populations. Ray described the second plan as having "more

compactness" with congressional districts being 'pure in population." He also favored the plan's proposal to group into the 2nd Congressional District ohnson and Benton counties.

Having Johnson County in the 2nd District is 'more relevant," Ray said, than transferring Leach's home Scott County into Tauke's 2nd District as the first plan did. However, Ray would not explain his reasoning.

The governor also would not comment on negative reactions by Leach, who described it as gerrymandering, or Tim Hyde, executive director of the State Republican Party, who said the plan "stinks."

"I THINK everyone who has any criticisms or any statements that are favorable ought to be heard," Ray said. "Perhaps he (Hyde) analyzed it more

## Student aid slashed

"Today may be remembered by hundreds of thousands of students around the country as the Pearl Harbor Day of education in the United States," Representative Peter Peyser told the House Education and Labor Committee as the panel cut federal funds for education

The cuts were deep, and if passed by the full House and Senate will affect all major programs for college students. Perhaps a million students of the three million now receiving aid would be ineligible for federally guaranteed loans. Only those whose families

" 'Today may be remembered by hundreds of thousands of students around the country as the Pearl Harbor Day of education in the United States.'

earn less than \$25,000 would be eligible. The House proposal would reduce the loan volume from \$7.9 billion to \$3.6 billion.

The House also cut \$542 million from the Pell Grants, formerly called Basic Educational Opportunity Grants. The work-study program faces cuts of about \$50 million. A program which provided about \$77 million a year to states in matching funds for state grants to students was eliminated by the House panel.

The Reagan administration, the House and the Senate have worked hard to cut programs for the people and fund programs for the military. Aside from the immorality of cutting social programs to pay for increased military spending and tax cuts which mainly help the rich, the stupidity of the act is astounding.

It is difficult to understand how national security will be increased by such poor priorities. Those new sophisticated weapons need intelligent, well-educated people to build, repair and use them.

Well-educated people are needed for the scientific research which improves human health, increases crop yields, develops more energy-efficient cars. An educated population is needed to teach children how to read, write and think, so that they become thoughtful, humane and competent members of society.

Education is not a luxury. It is a necessity for survival. A society which does not educate its young is bent on self-destruction. If it does not teach its children to think, to challenge, to investigate and to understand, it will within a few generations be a dying society.

As education costs continue to rise, more and more students will be unable to attend school without financial help. If that help is being cut as costs rise the impact will be devastating. All students but the very richest will be affected - if not this year then in a few years. They should write to their Congressmen and demand that funds for all educational levels be restored.

At last, an answer to the abortion problem

The continuing dispute between antiabortionists and pro-choice advocates has resulted in a rancorous polarity The two sides are now so diametrically opposed that there appears to be no middle ground on which to compromise

Clearly the time has come for an incisive thinker to present a balanced logical solution. This plan's formulator

Hoyt Olsen

LET'S SEE IF I'VE GOT THIS DEAL STRAIGHT, MR. PRESIDENT ... FOR EVERY BARREL OF MEXICAN OIL WE BUY, WE GET ONE FREE BARREL OF MEXICAN NATIONALS? must be so reasonable, so insightful, so ingenious, that even extremists will applaud his wisdom.

Because of my natural modesty, this acclaim will cause me considerable embarrassment. Fortunately, my reluctance to thrust myself into the spotlight does not outweigh my sense of civic duty.

Actually, the most suprising aspect is that a solution should be so obvious. The crux of the dispute is simple: right-to-lifers assert that a fetus has a natural moral right to be born, while pro-choice groups maintain that a woman has a natural moral right to full control of her own body and life, including the prevention of an unwanted child.

EACH SIDE calculates the inception of human life emotionally - antiabortionists conclude that human life begins with conception, pro-choice groups reason that human life begins at birth. Both sides thus ignore recent experimental data which conclusively demonstrates that the onset of human life occurs sometime after the freshman year in college.

In view of this discovery, it should be only a matter of time before America legalizes the post-natal abortion. An advantage of this option is that mimmediate deadline exists. A parent may iths or even years we

### Limiting arm sales

In the aftermath of the Israeli bombing of the French-built nuclear plant in Baghdad, the United States is trying to determine its posture on future weapons sales to the Israelis.

and all all all all

Embarrassed because the Israelis used American-made F-16s and F-15s, which were to be deployed only for "defense," the Reagan administration has suspended the delivery of four more F-

"The Israelis have shown that 'defense' is a twoedged word as well as sword."

16s to Israel. The administration is also looking for the right words to reduce any hint of American support suggested by the use of the F-16s. But words are not needed as much as a re-examination of American arms sales policy.

The Israelis have shown that "defense" is a two-edged word as well as sword. Not only can a nation defend itself by resisting attack, it can mount a defense by launching an attack. The best defense becomes an aggressive offense. In either case, the word cannot be used to detoxify arms sales.

This is particularly important to understand now that the United States has sold F-16s to the Saudi Arabians as well as the Israelis. But the problem is not limited to the Middle East. The Reagan administration has announced plans to sell F-16s to Argentina, the world's leading human rights violator after the Soviet Union. The Argentines occasionally feud with their Brazilian neighbors, who have a West German nuclear reactor.

Those who support U.S. arms sales abroad argue that if they don't buy the weapons from us, they'll only get them somewhere else. That is specious reasoning. The United States is one of the major arms producers and exporters.

We need to establish and adhere to some clear-cut and morally defensible criteria for the sale of weapons. We should limit the arms we sell and produce to the minimum needed for self-defense, and we should not make sales to countries guilty of major human rights violations.

ulent, or the service more stately

The recent Daily Iowan article concerning an evaluation of the UI Department of Residence Services unfortunately serves mainly to reinforce several negative opinions and misconceptions of the function and capabilities of Resident Assistants. Having read the committee's report, we found many quotes to have been taken out of context, and the general tone of the article tended to direct much of the criticism towards R.A.s and R.A. training. As R.A.s, we feel this to be an ill-presented view, and would like to clarify the situation. In the first place, very few people other than R.A.s have an accurate concept of how an R.A. performs her or his job on a daily basis. An R.A. is not a policeman, a surrogate parent or a Scoutmaster. The DI article seemed to lay much of the blame for lax discipline in the R.A.s lap. In particular, the first paragraph grabbed the reader with "...enforcement of the (residence) halls drug policy." The fact is R.A.s have no residence hall drug policy to enforce. R.A.s are most definitely not law enforcement officials nor should they be given that kind of authority.

Also, the article implies that R.A. "reporting of policy violations and incidents of violence was also questioned." The article goes on to quote the report: "Most sudents have little or no fear of the reporting system or the discipline procedures. While fear may not be appropriate, a healthy

#### DOONESBURY

I JUST COULDN'T BE MORE WHY PLEASED ABOUT YOU TWO. I WOUDN'T REEL LIKE I ALREADY KNOW HE AN-RICK, ROM ALL SWER THE THE TIMESHE'S PHONE

HER WOMEN'S LIB

To the editor: Several letters last spring have stated that the passage of the human life statute would lead to the restriction of birth control methods. It is true that the use of the intrauterine device would probably be restricted

because it functions after fertilization, but I am very concerned about the generalizations about birth control pills. Paula Klein states that "certain low-estrogen birth control pills" would probably be restricted. She makes no attempt to quantify this type of pill, and quickly generalizes to all birth control pills as she states "birth control methods (will be) nearly unobtainable." I strongly object to the use of this tactic which switches the primary issue from the right of a child

right to birth control. Further distortion occurs when she states that "the availability of all methods of birth control are under attack by those seeking to outlaw abortion." This allegation is untrue. As a nurse I have spoken at many high schools in an attempt to help young people make responsible choices about their sexuality. It is essential for women to make an informed choice concerning birth control in order to avoid the ultimate decision concerning abortion. When dealing with an unwanted pregnancy there are no choices which could be considered "ideal."

I strongly believe once a human life begins at conception it must be protected by society and the law. However, the claim that a restriction on abortion will greatly reduce the availability of birth control is unsubstantiated and a clever diversion from the true issue.

> THIS ALTERNATIVE would also allow couples uncertain about total parenthood to experiment leisurely and securely. While many would lovingly welcome a child that is bright but tractable, fear of reproducing an uncontrollable little psychopath or drooling vegetable inhibits many adults.

The post-natal abortion would maintain the best of the species, while undesirable elements - delinquents, anarchists, smart asses, bed wetterswould be returned to their general point of origin.

Although post-natal abortions are obtainable at various Mexican clinics. U.S. legalization is still imperative Many Mexican clinics lag far behind stringent U.S. health standards, and cases have been documented where mallets and piano wire were not even to be born to the issue of the individual sterilized from one operation to the next. So-called back-alley post-natal abortions are even more risky, as evidenced by a recent local case; the woman's left index finger was bitten off as she attempted to garrote her seven-year-old son.

> FOR HUMANITARIAN reasons only professionals should perform post natals. These men and women would need to be unwavering even in the face of extreme suffering. Recruits could be enlisted from employees in related fields, including terrorists, hardened criminals, and dental students.

My plan is admittedly not without trivial flaws. Still, pro-choice advocates would be given a far greater range of choice, and right-to-lifers, who seem more preoccupied with nativity than the quality of life which follows, would be given their sought after births.

Olsen is a UI graduate student. His colum appears every Friday.

supermarkets, said vender Jim Walters. "We either have to compete by being lower in price or better in quality.

"The food is generally fresher because it's picked the day you buy it," Walters said. "I usually try to price my produce 5 to 10 percent below the supermarket price if not more." The first hour the market is open is

especially busy. Walters estimated he'll sell 75 percent of his produce in the first half hour. "I usually leave by 9:30 on a Saturday morning because I've sold out." he said.

> Venders can buy seasonal or daily permits through the parks and recreation department office or from the market manager.

## Turner nominated for U.S. attorney

DES MOINES (UPI) - The man who once sued the United States to block the Panama Canal Treaties has been nominated by the Iowa Republican congressional delegation to become U.S. Attorney for the southern district of Iowa.

Former state Attorney General Richard Turner was nominated in a letfer from the five GOP congressmen to Attorney General William French Smith, aides to Sen, Roger Jepsen said Thursday.

The letter nominates Turner for the prosecutor's job and two other men for posts as U.S. marshals. Turner, 53, a Republican, would

replace Roxanne Conlin, a Democrat appointed by former President Carter. in the U.S. attorney's office in Des Moines

WHILE DECLINING to comment on the nomination until the appointment is either confirmed or denied, Turner said he did not actively seek the appointment. He said Jepsen first approached him about the post.

Nominations by congressional delegations usually are heeded. Jepsen aides said it was impossible to estimate when the nomination would be approved.

"He is a very qualified man," said Jepsen, head of the delegation. "He's served the state of Iowa for many vears.

Turner, a native of Avoca, served as an assistant county attorney in Pottawattamie County in the late 1950s before being elected state senator and serving two terms between 1961 and 1964. He was later elected Iowa attorney general. He currently practices law in West Des Moines.

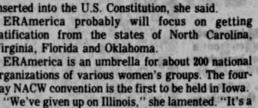

TURNER SERVED as attorney general from 1966 until 1978 when he was defeated. He was elected five

times to that post, and served more than twice as long as anyone else.

Turner once sued the United States to block the Panama Canal treaties and sent state agents to raid a church bingo party.

A nomination for U.S. attorney in the northern district, which has headquar-ters in Cedar Rapids and now held by Democrat James Reynolds, has not been made.

Some Senate Republicans favor former U.S. Attorney Evan Hultman, a Republican, for the Cedar Rapids job. Others reportedly support Reynolds for retention in that district.

can of worms politically in Illinois. No one knows what's coming out of the can."

### Friday, June 12, 1981 - Iowa City, Iowa 5 Milliken urges ERA support

DES MOINES - Helen Milliken Thursday urged delegates to the National Association of Commissions for Women to intensify efforts to win ratification of the Equal Rights Amendment, noting supporters have invested too much time and money to allow defeat of the issue.

"We have nothing to lose but our rights," said Ms. Milliken, co-chair of ERAmerica and wife of DAILY Michigan Gov. William G. Milliken. "If each of us wear last year's 'dress for success' suit and CLASSIFIEDS contribute the money, then we'll have something for

which to dress. Ms. Milliken said \$5 million must be raised before the end of the year to help finance an intense lobbying effort across the country. Thirty-eight states already have ratified the ERA and support from three more states is needed before it can be inserted into the U.S. Constitution, she said.

ratification from the states of North Carolina Virginia, Florida and Oklahoma.

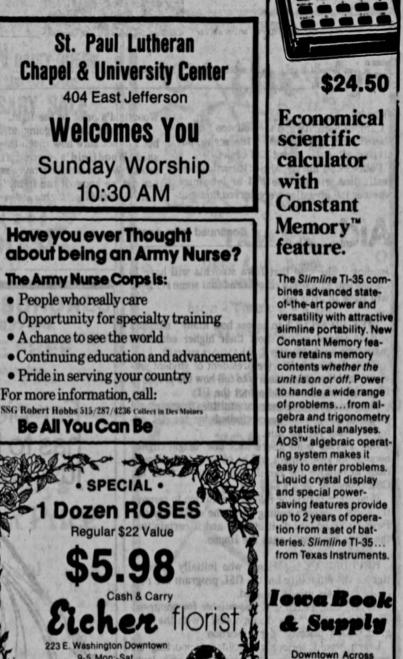

organizations of various women's groups. The fourday NACW convention is the first to be held in Iowa. 'We've given up on Illinois," she lamented. "It's a

## Court sets stage for RTA's end

#### By Marcella S. Kreiter **United Press International**

CHICAGO - The Illinois Supreme Court, without explanation, Thursday in effect gave the Regional Transportation Authority permission to go out of business, shutting down mass transit for 1.25 million commuters.

And a federal judge refused Thursday to block the shutdown of commuter service by the Milwaukee Road, a move that could trigger the collapse of commuter rail service for 285,000 commuters.

The high court issued an order vacating a writ of mandamus issued last week by Cook County Circuit Judge Arthur Dunne, which directed the RTA to keep the transit system going no matter what.

The RTA had no immediate com-Commission to decide whether to stop ment on Thursday's ruling. the railroads from shutting down.

James C. Munson, who presented the The Chicago & North Western has RTA's appeal to the court, argued threatened to suspend commuter ser-Dunne's order should be reversed vice to avoid what railroad officials because the RTA's problems can be call "unsafe" conditions that would be solved only by Springfield, not by raiscaused by an influx of commuters who ing fares and cutting service. normally ride the Milwaukee.

Western and Rock Island - were ex-Weaver argued, however, that the pected to follow suit. Only the South RTA's refusal to take any action has Shore and Burlington Northern "brought the transit system to the railroads were expected to continue operating. U.S. District Judge Thomas R.

About 285,000 of the 1.25 million people who use the RTA carriers every day would be affected by a rail shutdown

RYAN SAID he would introduce legislation to raise fares on suburban railroads to cover 100 percent of their operating costs. In the meantime, he

said, he would trust the ICC to prevent a shutdown.

The financially ailing RTA is \$90 million in debt and Gov. James R. Thompson has refused to release \$21.6 million in sales tax receipts due the RTA until he gets an accounting of where the money will go.

Mayor Jane M. Byrne says she plans to seize control of the Chicago Transit Authority, which carries 800,000 persons, and run it as a city agency. A hearing on that legislation is scheduled for Monday in City Hall.

Suburban members of the RTA board had hoped a vote to raise fares on its carriers 25 percent would be the good faith action needed to convince Thompson to release the funds and the Legislature to approve a funding solution. But the proposal failed Wednesday on a 6-6 vote.

 Pride in serving your country For more information, call:

THIS ALTERNATIVE would also allow couples uncertain about total parenthood to experiment leisurely and securely. While many would lovingly welcome a child that is bright but tractable, fear of reproducing an uncontrollable little psychopath or drooling vegetable inhibits many adults.

The post-natal abortion would maintain the best of the species, while undesirable elements - delinquents, anarchists, smart asses, bed wetterswould be returned to their general point of origin.

Although post-natal abortions are obtainable at various Mexican clinics. U.S. legalization is still imperative. Many Mexican clinics lag far behind stringent U.S. health standards, and cases have been documented where mallets and piano wire were not even sterilized from one operation to the next. So-called back-alley post-natal abortions are even more risky, as evidenced by a recent local case; the woman's left index finger was bitten off as she attempted to garrote her seven-year-old son.

FOR HUMANITARIAN reasons. only professionals should perform postnatals. These men and women would need to be unwavering even in the face of extreme suffering. Recruits could be enlisted from employees in related fields, including terrorists, hardened criminals, and dental students.

My plan is admittedly not without trivial flaws. Still, pro-choice adlife vocates would be given a far greater be range of choice, and right-to-lifers, law who seem more preoccupied with tion nativity than the quality of life which the follows, would be given their sought aflis ter births. sion

The source works with the city's investigative team and asked that his name not be used, but confirmed earlier reports that some fibers taken from the home of Wayne Williams, 23, last week match those SONYAUTOSOU

found on the bodies of several victims. "It would be good evidence if you had something else," the source said, adding that officials are working to gather more evidence against Williams. "A whole lot is being done," he said.

ATLANTA (UPI) - Fibers taken from the home

The source said officials are "suspicious" of Williams but added there is no absolute proof of guilt at this point.

ADDING to that suspicion is the fact that Williams was stopped near a bridge spanning the Chattahoochee River in the predawn hours of May 22, two days before the body of the 28th victim was found in the water near the same overpass.

Williams was stopped after officers on a stakeout of the bridge heard a loud splash in the river.

But sources said Thursday that Williams had a history of being out in the early morning hours, indicating that such circumstantial evidence might be torn apart by defense lawyers in court.

The bizzarre situation that has developed since Williams' questioning - heavy and open sur-veillance by police and FBI agents at his home, which has generated a massive media stakeout provoked a legal response Thursday.

Attorney Jim White said Thursday he would seek a federal injunction against police and the news media Monday to stop "prejudicial publicity" about Williams

WHITE said he and his law partner, Mary Welcome, would file an injunction naming a total of 50 police officials and news organizations, including United Press International.

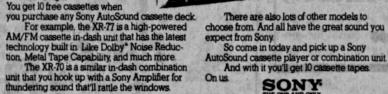

White declined to name the other news organizations or police officials that would be named in the **Petition** 

White said U.S. District Court Judge Marvin Shoob had scheduled a hearing on the injunction in his chambers at 9:30 a.m. Monday.

White said Williams was seeking injunctive relief to "stop certain types of prejudicial publicity."

Although police have not publicly called Williams a suspect, there was a flurry of activity late Wednesday when he briefly eluded officers staking out his home and was later charged with a series of traffic violation

WILLIAMS left his home undetected by those on watch - apparently by lying on the floorboard of a car driven by his father, a police spokesman said. Police later located his father, who told them he did not know where his son was.

Robert Hedley, the new professor-in-charge of University Theaters and director of the UI Playwrights Workshop, realized he had discovered something extraordinary the minute he walked into an Iowa City bar. "I found people arguing about poetry and I knew this was the place."

The Canadian-born Hedley assumes his position in late August. and brings to it a wealth of professional experience as a director and champion of new playwrights. In 1974, with the support of theater impresario Joseph Papp, Hedley founded the Philadelphia Company, a critically and popularly-acclaimed group devoted to the work of new playwrights. Though he has directed plays both on and off Broadway, Hedley says he has little interest in the commercial theater. Rather, his passion lies in the untried and new. It was this which clinched his decision to come to the UI.

"PLAYWRIGHTING was to be the center of the department, Hedley said, "so I couldn't ask for a better arrangement. It's the only program I've heard of that has chosen to place playwrighting a the center. Nobody, frankly, is bold enough to take that step anywhere else. Playwrighting combines the traditional academic pursuits with a need for production excellence. It's an ideal axis for a theater

gress's "low priority" for education

the amendment will pass the House.

changing their minds, he said.

Leach would seriously consider supporting an amendment to remove the family income level restrictions on the House committee's GSL proposal, he said.

Dean said an alternative proposal made by Republican legislators may be introduced on the floor as an amendment to the House committee's proposal.

Eligility for the GSL would be based on need under the Republican proposal, he said. Both the Senate and House committees voted to re-

quire GSL borrowers to pay an initial fee to obtain the loan, Dean said. The Senate committee voted to require a 5 percent fee, while the House committee voted to require a 3.5 percent fee.

Both the Senate and House committees also voted to raise the interest rate to 14 percent on loans that parents of college students can receive, he said. Currently the parental loans, which constitute a separate aid program for students, has an interest rate of 9 percent.

## Woodfields

Continued from page 1 ter the suit by offering low prices on mixed drinks

and beer with no cover charge. Woodfield's clientele is mainly "younger stu-

dents" - freshmen and sophomores - Ambrose said, but older non-students are also patrons. Some minority group members go to Woodfield's because of the music and the low prices, he said.

Ambrose said he did not conduct special promotions to attract minority patrons.

"Cowboy" nights, which began last year, helped build business "a lot," Ambrose said. The cowboy promotion was dropped after four or five months because it was "dying," Ambrose said.

"COWBOY music was just a joke in a sense" and is not the primary music played at Woodfield's, he said

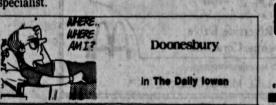

That "cowboy" image included advertisements in The Daily Iowan promoting female patrons as "Woodfield's Cowgirls." "Anti-disco nights" promising to "bring out the redneck in you" were also advertised

Five complaints were filed with the Iowa Civil Rights Commission between Feb. 11 and 22, 1980 alleging that Ambrose promoted "redneck advertis-

The complaints were resolved May 20, 1980 when Ambrose agreed for nine months to include the following statement in written advertisements in the DI: "All people regardless of race, creed, color, sex, national origin, religion or disability are welcome.

AMBROSE was also required to publish that statement in the public information section of the DI once a week for six weeks. He also promised not to use the word "redneck" and the phrase "We'll bring out the redneck in you" in future advertisements

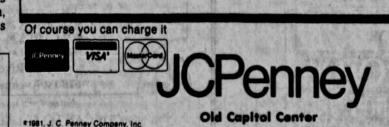

On Nov. 21, 1980 the complainants were advised Ambrose had met the requirements and the case was closed by the Iowa City Civil Rights Commission, said Phyllis Williams, Iowa City civil rights

## God said to enter plea of guilty, says Chapman

NEW YORK (UPI) - Mark David Chapman, accused killer of John Lennon, says God visited him in his jail cell and told him to plead guilty to the crime, an official close to the case said Thursday.

Chapman called his lawyer three days ago and told him about the religious experience that persuaded him to ask to change his plea from not guilty, the official, who asked that his name not be disclosed, said.

Chapman's attorney, Jonathan Marks, was believed to have submitted a sealed request for a new competency hearing to determine if Chapman is still capable of understanding the charges against him.

Chapman is scheduled to go to trial June 22 for the Dec. 8, 1980, shooting. He has pleaded innocent by reason of insanity.

"I talk to Mr. Chapman a lot - I've never been there when God has been there," Marks said.

The officials said Chapman had talked about pleading guilty in the past, but had never persisted with the idea until "God talked to him" in his Rikers Island jail cell earlier this week

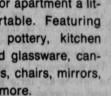

If Chapman changed his plea to guilty, there would be no trial. Prosecuting attorney Allen Sullivan said there had been no plea bargaining in the case. "If he pleads guilty, he pleads guilty," Sullivan said. The defendant could be sentenced to up to 25 years

to life in prison if a guilty plea were accepted.

Chapman appeared in state Supreme Court Thursday for a pretrial hearing on jury selection procedures.

His alleged change of heart was not discussed in court, but Marks presented a sealed motion to competency to stand trial.

> THE STORY fits the music's theme perfectly, showing that the poor are tired of their condition but too peaceful to revolt with violence. Instead, they revolt with music. Wallace travels around selling his records to undercut the Mafia. When he takes a friend to

**Films** 

the beach to discuss his problems, the friend sings him a song as they smoke marijuana, an important part of their culture.

Rasta Patois, the language of the Jamaican culture, is a bastard English, so the film is subtitled. It still presents a problem, however, since the subtitles are not translated into standard English. For example, "I-man" means me, "the-I" means you, "feel (almost interchangable terms) of the no way" means don't get mad, and so West Kingston ghetto of Jamaica, the on. But once you grasp a few of the language gimmicks, it's easy to understand

> **NEW YORKER** Theodores Bafaloukos became interested in reggae music, and after a visit to Jamaica, decided to write and direct the film. His professional direction never overpowers the easygoing culture and music. As he says, "I wanted to make a film that would be a vehicle of expression for the musicians and their music, to portray them as they saw themselves."

Rating - \*\*\*

Rockers is showing at the Bijou at 8:45 p.m. today and 7 p.m. Saturday

Perhaps the best-known film of postrevolutionary Cuba, Solas' epic depicts the machismo Latin culture which has long relegated women to a second-class status. It illustrates the changing role of women during three periods of the Cuban struggle for

**DETROIT** - Unbeaten Larry Holmes will be defending his World Boxing Council heavyweight title against ex-champion Leon Spinks Friday night and the way he's talking, you might expect it to be just a workout. But don't try telling that to Leon Spinks.

Holmes, who is 37-0 with 27 knockouts, will make his 10th title defense in a program which officially dedicates the two-year-old Joe Louis Arena. He has spent the last week of training scoffing at Spinks, an Olympic gold medalist in 1976 who shocked the boxing world by dethroning Muhammad Ali in February, 1978, in only his eighth pro fight.

SPINKS LOST the title right back to Ali in September, 1978 and in his next fight hit rock bottom in a first round knockout loss to Gerrie Coetzee. But somehow, he has struggled to gain another shot at the title, setting it up by stopping top-ranked Bernardo Mercado of Colombia last October.

But Holmes, eyeing a possible mammoth payday just down the road

against unbeaten Gerry Cooney, scoffs at Spinks, who has only 14 pro fights. Spinks is 10-2-2

'Who's he ever beaten?," Holmes said. "He caught Ali on an off night and won a decision and then Ali got in shape and cleaned up on him in the rematch. He got himself knocked out and he's beaten nobody since then. If I hit him as many times as Mercado did in their fight, they'd have to carry him out of the ring.

Spinks, whose wild night life and legal problems over his driving habits brought him the nickname of "Neon Leon" during his brief 7-month reign as champion, knows this may well be his last shot. He'll be 28 next month and there are several up-and-coming young heavyweights who almost certainly will move ahead of him in stature.

"I THINK I'm a different person now," Spinks said. "Everybody changes and I think that goes for Leon Spinks, too. I've been lucky. I was way down at the bottom but I was a household name because of the Olympics and I got a second chance. You don't have to be no genius to figure out that this is it for me."

Holmes, who will have a 12-pound

Wrigley Field, the Chicago Cubs:

it's not half as fun as it use to be

weight advantage at 212 1/4 pounds and nearly a 3-inch height advantage, is a 4-I favorite. He will receive \$1.5 million for the fight while Spinks will get \$500,000.

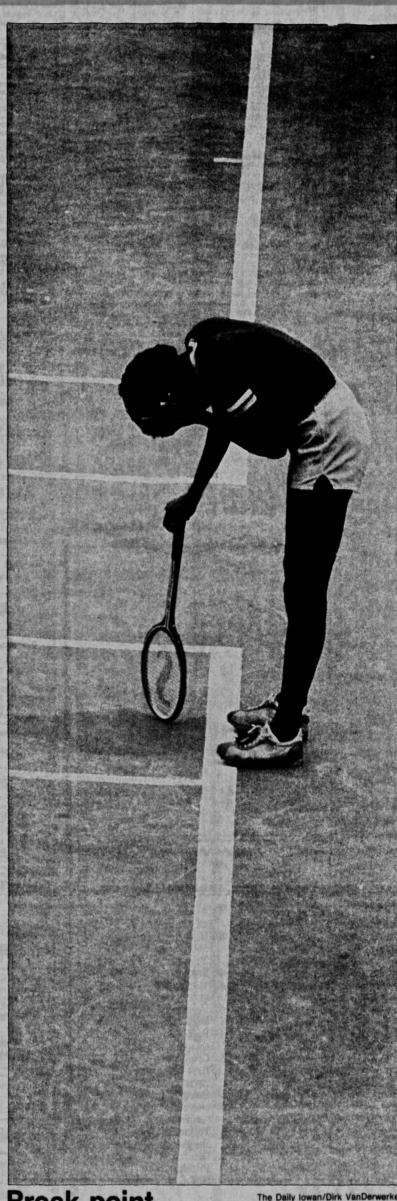

The fight will be televised nationally by ABC from 9-11 p.m. EDT.

Spinks' only real chance seems to be to crowd Holmes, who likes to fight at a distance, and try to punish him in-side. Holmes will be looking to hold off the relentless Spinks with his stinging left jab.

"LEON IS MADE to order for Larry Holmes," said Holmes. "My manager wishes all my fights were against Leon Spinks. I should look like a million dollars against Leon. He's going to have his chin up - and I'm going to nail it

"I hope the fight don't go eight or nine rounds before the knockout. I hope it goes four, five or six and then the knockout comes. If it goes eight or nine, Leon's going to get hurt, because he's going to take a beating."

The bout is the first heavyweight title fight ever to be held in Detroit and promoter Don King could be taking a beating. Tickets, scaled from \$500 to \$50, were moving slowly-

Sunday

By Joseph St. Amant United Press International

LOS ANGELES - Al Davis fired a charge of "falsehood" Thursday at a National Football League attorney and also gave testimony intended to prove other club owners conspired against him in secret to destroy his attempt to move the Oakland Raiders to a more

In his third day on the witness stand the NFL, Davis related how the other Dallas and at Palm Springs, Calif.

Raiders' projected move to Los Angeles and then, without his prior knowledge, had an injunction suit filed against the proposed transfer of the Oakland franchise in Alameda Superior Court at Oakland.

A subsequent Superior Court injunction threw the issue into federal court for the current antitrust trial and forced the Raiders to withdraw some em Angeles.

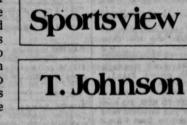

During questioning by Raider attorney Joseph Alioto, Davis was asked about a statement made in court by NFL attorney Patrick Lynch to the effect that the Raiders "trumped up" the purported oral contract on permission

DAVIS STATED, "It's a falsehood." Alioto returned to the subject later and again Davis said it was a falsehood.

Davis committed himself and the club to the southward trek when he signed a memorandum of agreement with the Los Angeles Colisem Commis-sion that provided a \$16-17 million

When we waked into Wrigley field i was almost spooky. It was like the sound of that big place where they had the party for my grandmothers funeral. Me and Billy and Sam, who was a White Sox fan but we took him along anyway because we wanted to show him what fun at a ballpark was like. You can't have any fun with the

All the way up on the elevated Sam and Billy was going at it and, I got to admit, Sam was sort of getting the upper hand. He kept talking about Carlton

Brickhouse couldn't figure out much nice to say about them and he could find a ray of sunshine, when it comes to the Cubs, in a cesspool. All old Jack, who looks kind of like a radiation vic-

or five baseballs from the big hitters if it's not too crowded. But today not one was hit out by a Cub. One got about ten feet from the wall, but the rest went foul or into the ground or something. Sam was having a great time with that. He was talking about how even the worst hitters on the White Sox could hit the ball over the fence during batting practice, and I just sort of sunk down low and didn't say anything. Even Billy had to shut up about that.

THERE WASN'T hardly anyone at the game. There were just some kids in profitable venue in Los Angeles.

at the trial of antitrust charges against league members excluded him from so-called "privileged meetings" of the NFL executive committee in 1980 at

THE MEMBERS voted against the

ployees who had set up temporary offices near the L.A. Coliseum and were taking season ticket orders in Los

to move without a vote.

qualify for the popular federally

million to move club offices and for moving expenses for some club employees. The deal included improvements to the Coliseum, a practice field and construction of luxury boxes from which the Raiders would get large revenue

risk and Gre a. Billy just k saying stuff about the vines on the walls at Wrigley, and how you can park your car in that neighborhood without worrying about it which just killed me because Billy doesn't even have a car.

I FIGURED SAM was getting the upper hand because we were going to see a baseball game, not a neighborhood plant show. Somehow Barry Foote just doesn't compare to Fisk no matter how much Billy yelled, and Leon Durham just isn't as good a hitter as Luzinski.

I was keeping quiet because it was my first game of the year and I wasn't expecting much. I'd been watching on WGN after school, usually from about the fourth inning on because I get out kind of late and have to walk my little sister home and she walks real slow. Anyway, I figured the Cubs wasn't

doing so well because even Jack

tim or something, could think of to talk about was the friendly confines of Wrigley Field. And when Billy was saying the same sort of thing on the train I kind of wished we weren't going at all, or at least that we hadn't brought Sam.

WE GOT OFF at the Wrigley station and stopped at the candy store down underneath there. We sit out in the left field bleachers and Billy always has to get some jellybeans to drop on the other team's players in case there's a deep fly ball. He dropped a whole handfull on George Foster one time and that really got him mad. There were ushers and cops and everything crawling all over the bleachers and Billy just sort of smiled and acted all innocent. It was really neat.

We got out into the bleachers nice and early so we could watch batting practice. Sometimes you can get four neighborhood.

the bleachers and a whole bunch more in big groups that came on buses from the suburbs back behind home plate. They're so dumb. They sit under the screen where they'll never get a ball. The Cubs lost by six runs or something like that. I don't know. I just remember Billy and Sam going at it all the way back home, arguing about who was worse, the Cubs or the Mets their first year. That Sam thinks he's so

smart sometimes. The el was about empty. I don't know why no one goes to the games. They went last year and the Cubs were't any good then either. It was fun then. It's no fun now. I don't know what it is. Sam wanted Billy and me to go down to White Sox Park with him tomorrow, to see some real baseball, he said. I think Billy's gonna go but I don't think I will. The Sox are in a lousy

## **Break point**

Chris Hall, a UI student, takes a breather from her match on the library courts.

The Los Angeles County Board of Supervisors agreed to provide a \$2 million down payment to Davis and Supervisor Kenneth Hahn had planned to present a check for him in that amount at the NFL annual meeting in Palm Springs March 3.

Davis charged, however, that NFL Commissioner Pete Rozelle and the other club owners agreed in secret to file the injunction action in Oakland to destroy the whole plan.

Davis has insisted he had league approval to move without asking for a vote. He said he was given an oral contract to that effect in October 1978.

ing school, he said. Moore said he has been waiting since January for Congress to reach a decision on cuts in federal financial aid programs for college students.

"WE WANT TO get the show on the road and get the uncertainties out of the way. We know its going to be cut, there's no doubt about it," he said.

The proposed GSL cuts 'almost fall right in line with what Reagan proposed," Moore said

He said it is "speculative at this point" how many federal financial aid dollars would be lost by UI students because of the House and Senate committee

"We probably won't know until the report goes to the full

Students who have applied for financial aid for next fall will not

#### **Foreign adjustment**

What may seem normal to most UI students is not so common to foreign students attending the UI

The radar's still out of service. Let's say thunderstorms likely this morning with highs in the low 80s today. You can't get a repair person on the weekend.
