Troubled tanker

Israel's warplanes strike Lebanon

By Rachelelle Benham

The daily warplane raids on a tanker off the coast of Beirut, January 7th, have caused major protests in Lebanon and the United States. The United Nations has called for an immediate cease-fire, but the fighting continues.

An official from the U.S. Department of Transportation said: "We are deeply concerned about the situation in Lebanon and we urge all parties to take steps to restore peace to the region."

An official from the U.S. Department of Transportation said: "We are deeply concerned about the situation in Lebanon and we urge all parties to take steps to restore peace to the region."

An international conference on maritime law was held in Beirut this week, and a number of experts spoke about the importance of international law in resolving conflicts over the use of the seas.

Inside

Animation

Widescreen planning has brought exciting new opportunities to students. The Department of Animation is currently preparing for its first full-scale production, which will be shown at the end of the semester.

Weather

The normalizing of weather has received much attention in recent days. Air travel has been disrupted, and temperatures have fluctuated significantly. However, the weather is expected to improve in the coming days.

I.C. weathers heat, humidity; hot times to continue this week

Temperatures in the greater Iowa City area are expected to reach the high 80s by Sunday and Monday. The National Weather Service predicts that the heat wave will continue through the week, with temperatures reaching into the 90s by the weekend.

The program for access for the hard of hearing

The state Board of Regents will award $1.6 million in grants to institutions of higher education for the development of programs for people with hearing impairments. The grants will support the creation of new degree programs and the expansion of existing programs.

UI to request Engineering College enrollment limit

The proposal calls for a faculty reduction of 10 percent over seven years forced the UI to request an enrollment limit in the College of Engineering. The proposal was approved by the Board of Regents on October 8th, but the implementation date has not been set.

Wiederaenders resigns from Student Senate

By Michael Kean

The Speaker of the Student Senate, Carl Wiederaenders, has announced his resignation effective immediately. Wiederaenders has been a member of the Senate for two years and has served as its chair for the past year.

Carl Wiederaenders

Quadruple readout base

Wiederaenders invited to stay on to work on the quadruple readout base. "This is a great opportunity," he said. "I've always been interested in the potential applications of this technology."
Briefly

Guard called out in Mass.  
ROTOND (UPI) — Some 600 National guardsmen were called out to help in the state's post-earthquake medical health installations Tuesday at a salary of $1 per hour. Authorities said they might be forced to call in even the most elderly of the guardsmen if the work schedule continued to expand.

The fire believed to have started on the fourth floor of the New York Public Library at 415 Fifth Ave. was extinguished by the Fire Department, which was using two hoses, a ladder, and a hose from the Fishkill Street Barber, which was being towed into a hotel, to battle the blaze.

Controllers may incorporate  
WASHINGTON (UPI) — Air traffic controllers, working as part of the Federal Aviation Administration, are considering forming a labor union that would represent 4,000 employees of the service in the government.

Article of incorporation may be filed  
The New York Times said Tuesday that all the necessary documents had been filed with the state's secretary of state by the New York Times Publishing Co. and the New York Times Corp., the parent company.

The New York Times said Tuesday that all the necessary documents had been filed with the state's secretary of state by the New York Times Publishing Co. and the New York Times Corp., the parent company.

F.A.A. deficiencies reported  
WASHINGTON (UPI) — A report of the Department of Commerce, released Friday, cited deficiencies in the inspection and monitoring of aviation procedures.

The report was issued at the request of the Federal Aviation Administration, which is responsible for the inspection and monitoring of aviation procedures.

The F.A.A. has since hired more inspectors but has not yet determined whether the deficiencies were caused by the administration's underfunding, the report said.

Group to confront whalers  
LONDON (UPI) — An international group of about 40 people will confront the whaling fleet in the Antarctic.

The group, which includes environmentalists and anti-whaling activists, will try to stop the killing of 535 whales during the month.

The group said it would also try to stop the killing of 535 whales during the month.

Polish reforms predicted  
WARSAW, Poland (UPI) — A Polish foreign minis ter said Tuesday that Poland would undertake moderate reforms by the end of the year.
Artifacts discovered at reservoir

By Charles Davidson

Little tools, pottery and weapons dating back to as early as 300 B.C. were discovered this summer by archaeologists at the Coralville Reservoir.

Members of the Iowa Archeological Society, a private group, found "tremendous" artifacts by actualing the Coralville Reservoir dam on the Iowa River.

The group surveyed about 7.5 miles of shoreline with test excavations at the reservoir, which houses 300 B.C. to 1250 A.D., Anderson said.

The woodland period is characterized by the first cultivation of crops and clear and improves in you today.

**‘The Fox and the Hound’ starts Disney’s new age**

By Suzanne T. Marker

The dawn of a new age in Walt Disney Productions began during the last week of June, 1981, when *The Fox and the Hound* was released. Not only did the film receive high praise from critics, but it also marked the beginning of the new era for the studio. For the last few years, Disney has been focusing on training and developing new talent in animation, and *The Fox and the Hound* is the result of this effort.

The film opened nationally last Fri-

day, June 26, and has since been

released throughout the United States.

At the time of the screening, Disney production chiefs took a look around the animation department and discovered a sea of gray heads, many of them the same animators who had worked on the studio’s last two films, the 1970s 101 Dalmatians and 1980’s *Mickey and the Genie*.

**Ayla tries too hard with ‘Four Seasons’**

By Rosanne T. Marker

Ayla Azeva wrote well, Talented as a writer, Ayla Azeva, 42, is well known in the field of Walt Disney, because of her work on the production of *The Fox and the Hound*. She was a member of the original Disney team that worked on the film, and her contributions helped shape the story and characters.

Ayla Azeva died on June 27, 1981, after a long battle with cancer. She was survived by her husband, John, and their three children, Sarah, age 17, and Michael and David, both 13.

**Films**

Ayla Azeva’s character is named after her. Ayla Azeva is a brave, strong woman who stands up for what she believes in. Her story is one of hope and determination as she faces the challenges of life.

### Lectures introduce ‘Flute to the public’

To as new to maintain interest in the US Summer Rep. (ECI) production of *The Mouse on the Moon* at the IU Opera Theater will present lecture-demonstrations at 7 p.m. Tuesday, Thursday and Saturday. IU Opera Theater directorremain

Two tickets to Mozart’s opera, which opens July 20 at H unter Auditorium, will be given away at the lecture hall.

In conjunction with the Summer Repertory performances of The
hypochondria will be given away at the end of the Repertory performances of The

### Writers vote on new contract

**Hollywood** — Movie and television writers will meet Thursday day on a new contract which could end the 4-month-old strike and bring pay for the fall television

Under the proposed writers would receive an overall 15 percent to 19 percent increase in minimums and pay for the overall contract period plus a share of the home and TV markets. The contract is renewable on March 1.

Representatives of the Writers Guild of America approved the 3- and one half-month contract Thursday and was said to be the third round of negotiations which would probably settle a share of the growing pay TV and home video market.

High stakes settlement of the strike would mean the fall television

### TV’s ‘Captain’ has heart attack

**Toronto** (AP) — Television’s Captain Kangaroo. Bob Keeshan, he was listed in stable condition in the intensive care unit of a Toronto

Keeshan was taken to Toronto General for testing prior to surgery in an intensive care unit of Toronto General Hospital, said a representative. It was not clear if the heart attack was directly related to the intensive care unit.

### Singer Lewis remains critical

**Memphis** (AP) — Country

The singer's condition was critical condition but he was said to be in stable condition. No further details were available.

Lewis is reportedly in critical condition after his dramatic surgery for a brain aneurysm. The singer was reportedly in stable condition at Baptist Methodist Hospital.

Regents

The Minnesota Regents announced today that they will review documents affecting the university's fiscal operations. The decision to review documents followed a meeting of the regents that was held to discuss a proposed budget for the 1981-82 academic year.

The budget, which will be released in July, is expected to include an additional $10 million in funding for the regents' institutions. The funding will be used to support the regents' institutions, which include the University of Minnesota, the University of St. Thomas, and the University of St. Cloud.

The regents' institutions are expected to use the additional funding to support their operating budgets and to improve their financial stability.

Weather

According to the National Weather Service, the weather in Iowa is expected to be warm and humid throughout the week. Temperatures are expected to range from the low 70s to the low 80s, with occasional thunderstorms.

Weather conditions are expected to be similar in other parts of the Midwest, with warm temperatures and occasional storms.

Senator

The Senate has passed a resolution that would allow the Senate to conduct its business without a quorum. The resolution, introduced by Senator John Smith, was passed by a vote of 51 to 0.

The resolution would allow the Senate to conduct its business without a quorum, provided that a majority of the Senate members are present.

Senator Smith said that the resolution would help the Senate to conduct its business more efficiently, especially when the Senate is not in session.

Stockman asks action on tax bill

WASHINGTON (AP) — Budget crunchers in Congress were pushing Wednesday for action on a major tax bill before the start of the July 4th break, recognizing there may not be time to change the tax rates for the rest of this year.

But he expressed confidence that the tax bill would be closed before Congress convenes on July 7.

Joining him in the confidence were House and Senate leaders who said they would do their utmost to prevent a tax cut by opponents in Congress for the rich.

The tax bill, which was approved by the Senate last week, is expected to reduce the deficit by $300 billion over the next 10 years.

But the House of Representatives has not yet acted on the bill and is expected to do so before the end of the month.

In the meantime, the Senate is expected to take up a separate tax bill that would reduce the deficit by $200 billion over the next 10 years.

Lawmakers are expected to vote on the tax bills this week, but it is not clear whether they will have enough time to pass them before the end of the month.

Iowa field hockey players advance in U.S. tryouts

By R. Forrest Mouland
Associated Press

Evanston, Ill. - Six Iowa field hockey players were selected among 392 games for inclusion in the United States Field Hockey team for the first round of competition in the 1984 Olympic Games. The selection was made by the United States Field Hockey Committee, which met in Evanston, Ill., on Monday.

The six players selected are: Catherine Slates, a native of Des Moines; Susan Linn, a native of Marshalltown; Bethany McComb, a native of Coralville; Donna Johnson, a native of West Des Moines; Ginger Barr, a native of Waukee; and Betty Wolter, a native of Ankeny.
