Community leaders talk of contributions of committees

By Karen Haring

An Iowa City man accused of starting several fires in the downtown plaza has been identified as a local electrical contractor.

"I was a contractor," explained Mr. Smith, "and I was trying to get paid for services rendered."

The suspect, 38-year-old Michael Jackson, was arrested early Saturday morning after police received a report of a man throwing a Molotov cocktail into the plaza. The suspect was later arrested and charged with two counts of arson.

Jackson has a history of convictions for arson and has been in and out of prison several times.

"He's a hard luck case," said a neighbor, "but I don't think he's the type to start fires."

Smith's family said they were shocked by the accusation.

The Iowa City Police Department is investigating the incident and has advised the public to stay out of the downtown area.

Burke becomes Faculty Senate president

By Paul Stayman

Replacing UI Faculty Senate President Donald Heistad Tuesday handed the gavel to Burke, director of the Physical Sciences Library, who will head the senate and the Faculty Senate during 1983-84.

Burke served as chair at the Governmental Relations Committee this year and Heistad nominated her for organizing senate tasks by those groups to make the legislature and the gavel - "A system of internal communications," according to the committee last year, "must also be maintained - communications gap between the faculty and student body."

Pickup rolls down hill, damages car in UI lot

By Arlen Soukup

A red pickup truck owned by the Foundation Construction, failed or an employee, Dave Soukup, could not be reached for comment.

Arthur Pudgil looks over the truck's records after it was hit by a red pickup truck owned by the UI Engineering Building.

"I'm surprised the brakes worked at all," said David Armestad, a Froantz' executive officer. "He was telling it to stop, as if it would really stop because he was telling it to." The truck was in a gear when it began rolling and the truck was backed up to the loading dock behind the Engineering Building.

"Our employee came running out and said, 'Oh my God, the truck ran into a metal girder in the area in the Engineering Building,'" said Pudgil, the owner of the car. "The construction company was not on the lot and did not have the truck.'

The truck was in the gear and the emergency brake was not engaged. Witnesses said the truck was backing up to the loading dock behind the Engineering Building when it began rolling down the hill. The Ford F-350 truck was in a gear and the emergency brake was not engaged. The truck was at the top of a hill, just after 2 p.m.

"I'm not sure what happened," said Mr. Armestad, the truck's owner. "We have to look into it. The truck was backed up to the loading dock behind the Engineering Building."

Residents pursue rent control

By Alice Boliner

In an effort to bring a rent control ordinance to Iowa City, at least 32 people went to the City Council meeting on Tuesday, but were forced to delay a vote on other matters for the session.

The coalition attracted about 30 people to its direct meeting at the Public Library, but was only able to pass two petitions because the city had not already made a decision.

"The meeting was after the public hearing and about having the petition ready for us," said the individuals. "They said we would have to come back for the votes from the committee and decide it there.

If we're doing that, we're not sure how much time it will take."

The group hopes in the petition drive with a "Debby's meeting," Iowa, to bring public attention to the need for rent control. But

The debate put it that we've got one step by the state's

JANETT HENNEBER of the group, Don Sanders, a former student at Kirkwood Community College, volunteered to "partially" deliver the petition to the city on Thursday, provided they are available.

The coalition is fighting for passage of the city at the rate of rent control. But it was not clear from the public hearing what the final outcome would be before the Iowa City Council will consider the matter.

"Twenty-five hundred, it's too many, and it's not a reasonable number," said Braden, a 13-year-old student assistant at the Institute of Urban and Regional Development. With the required approval, the ordinance could take one of two paths.

Approval of the ordinance by the council within 90 days of submission, followed by the state legislature. A hearing is to be held on the matter.

Bravo, Hancher

The Des Moines Register last weekend noted that The Daily Iowan has been "reeling" fast by Hancher's high ticket prices. The Register article went on to say, "It is our opinion that the high prices..."

While this sentiment is held by many, we would like to point out that there is a reason for the high ticket prices. The prices are set to adequately cover costs. Without this, the art series would not be able to continue to bring in top-flight performers and artists. The costs of booking an artist or group include travel, lodging, transportation, and "guarantee fees," which are used to ensure that the artist or group will perform.

It is important to note that the cost of a ticket is not the full cost of bringing in an artist or group. The difference between the ticket price and the costs covered by the guarantee fees is the profit that Hancher receives for the performance. This profit is used to support the arts programs and activities at the University of Iowa.

We would like to hear from our readers on this issue. Do you think the high ticket prices are justifiable? How do you feel about the arts at Hancher? Are you satisfied with the programming? We encourage you to voice your opinions in the comments section below or by writing to us at The Daily Iowan.

The World according to Cissy

Iowa City — Cissy is a 65-year-old resident of the Carver-Hawkeye Apartments. She is known for her sharp tongue and her love of music. She also has a passion for the arts, particularly opera.

Cissy: "You know, I don't like opera. It's all about the money, isn't it? All those rich people paying all that money to see a bunch of people singing? It's ridiculous.

Me: "But, Cissy, opera is a unique art form. It combines music, drama, and poetry in a way that's unlike any other art form.

Cissy: "Oh, I know all that. But what I don't understand is why people pay so much money to see it. They could be doing something more useful with their money.

Me: "Well, Cissy, it's important to remember that opera is not just about entertainment. It's also about history, culture, and politics. It's a reflection of the society in which it was created.

Cissy: "I see what you mean. But I still don't like it. It's too serious for me.

Me: "It's true, opera can be serious. But it's also a way to express joy, love, and beauty.

Cissy: "I guess you're right. But I'll never be a fan of opera. It's just not my thing.

Me: "I understand. But I think you should give it a try sometime. You might be surprised.

Cissy: "I'll think about it. But for now, I'll stick to my country music.

Me: "Okay, Cissy. Whatever you like.

Cissy: "Thanks, kid. I don't need your advice.

Me: "I'm just trying to help. Thanks for talking to me, Cissy.

Cissy: "I appreciate it. But I have no use for your kind of "help." I'll see you later.

Me: "Okay, Cissy. Goodbye.

Cissy: "Goodbye."

No smoking — anywhere

They're "On the air, so the Iowa City administration has decided to make smoking — not just on duty but also on their own time."

The city has introduced a new policy that forbids the police and the fire department from smoking while on-duty. This has raised concerns among some members of the police force about the possibility of discrimination.

"I don't see how this is fair," said one police officer. "I've been a smoker for years, and I don't see how I'm suddenly going to have to go without my daily ritual.""
Graduation to be held in arena

By Kirk Brown

The University'sBall State student publication, recently thought of as the home of "student basketball," will host a different kind of ball game tonight. Approximately 2,000 students are expected to receive their degrees during 11 commencement exercises.

Director of Convocations and Registration, and the UI's spring commencement will be held at 2:30 p.m. May 13. "The Field House isn't very loud," said Randall "Don" Flax, the UI grad student who is in charge of all the arena's problems and it's just better suited for this type of ceremony."

Iowa basketball recruiting looks to be finished

By Melissa Hancock

Sports Editor

Recruiting is a tricky business, even if you believe it, the Iowa basketball coaches in recruiting yet, and Roy Ware.

Until Monday, Ware, a 13-year guard from St. Francis Senior High School in Chicago, was set to play basketball for the Iowa State coach George Raveling, who now has ten assistant coaches to work with.

"Today, Ware will sign a letter of intent to enroll next fall," the source said. "You might even be lost in Iowa, if you're Iowa basketball fan."

"We gave you our best shot," said Iowa assistant Coach Roy Righter. "But we were dealing with a very serious matter on our end, we had to make a decision, and we decided not to pursue him any further."

Recruiting is a tricky business.

"We had been trying to recruit him for a long time, but we weren't sure if he was the right fit," Righter said. "We offered him a full scholarship, but he decided to pursue other options."

"We wish him the best of luck in his future endeavors," Righter added. "He's a great player, and we're confident he'll have a successful career wherever he goes."

Critics claim 'Gandhi' epic is fraud, challenge saintliness depicted in film

The HIGHWIRE BLAST against Gandhi comes from popular-culture Richard Gere, who stars in the movie "Annie Hall," in the Pasetto-Clay's film "The Washington Post" story that won the award for best story of the year. The movie, which was the award for best story, was the first in a series of films, and it has been billed as a fraud, a false story, and a product of political propaganda spread by the Roman Catholic Church. The movie came under the scrutiny of the Roman Catholic Church, and it is said that the movie is not only about the story but also about the truth.

The story about how much has been hypothesized by Gandhi and Attenborough by film critic, political writers, newspaper columnists, and the newsmen in India during Gandhi's lifetime. Whether in a large role Gandhi is seen as a sinner, as an dancer in the life of the world, as a dancer in the dance, and as a dancer in the dance.

According to the government, the movie should be provided by an accurate and faultless reading. The following film is a political advertisement used by the government of India.
Survey disputes artists' stereotype

Holliday's "Adam's Rib" role led to movie stardom

By Bruce Berman
Assistant to the Treasury

E ARELY IN 1930, we unlock into an era in which the role of the entertainment industry had changed substantially. The role of the performer became more than just that of a supporting or lead actress in films. They were now seen as leading the way in the film industry, becoming stars in their own right.

In the case of Katharine Hepburn, her role in "Adam's Rib" is a prime example of this. The film, released in 1949, marked Hepburn's transition from supporting actress to leading lady. Her portrayal of Billie Dawn was a departure from her usual roles and earned her critical acclaim.

Her success in this role led to a new level of stardom, with Hepburn becoming one of the most successful actresses of her time. The film also marked a turning point in her career, as she began to take on more challenging and diverse roles.

Although her success in "Adam's Rib" was a result of her hard work and talent, it also highlighted the changing role of the performer in the film industry. It was a time when women were starting to take on more powerful roles and challenge the stereotypes that had previously held them back.

This change was not without its challenges, however. Hepburn faced criticism for her portrayal of Billie Dawn, with some arguing that her role was too similar to the one she played in "The Philadelphia Story." Nevertheless, she continued to push boundaries and take on new challenges, cementing her place as one of the greatest actresses of all time.

Holliday's career as a leading lady was not without its obstacles, however. Her role in "The Philadelphia Story" was not without controversy, with some arguing that her portrayal of Tracy Lord was too similar to the one she played in "Adam's Rib." Nevertheless, Holliday continued to take on new challenges, earning critical acclaim for her performances in films such as "The Heiress" and "Breakfast at Tiffany's.

Holliday's legacy as a leading lady is one of resilience and innovation. She was not afraid to take risks and push boundaries, and her performances in films such as "Adam's Rib" and "The Philadelphia Story" continue to inspire and influence new generations of performers.

In conclusion, Holliday's role as a leading lady was not without its challenges, but her performance in "Adam's Rib" earned her a place as one of the greatest actresses of all time. She continued to push boundaries and take on new challenges throughout her career, leaving a lasting legacy that continues to inspire and influence new generations of performers.

UI will open medieval 'Faust' opera

The UI Opera Theater and the University Symphony Orchestra will co-produce in performance of Charles Gounod's Faust at 7:30 p.m. Friday, April 12, and Saturday, April 13, in the Hancher Auditorium. The opera will be in English.

James Dean will conduct the performances, which feature stage directing by Brandenburg Glass, director of Opera Theater, and choreography by Frances Martin of the American Dance Theater, under the direction of Margery Wooten of the UI Opera and Dance Department.

Glass will direct the history, music and stage picture of Faust after each performance, at 1 p.m. Friday and 3 p.m. Saturday, in the Hancher pavilion.

Though many aspects of the Faust production, such as the concept of character and the emphasis on Faust becoming the ultimate anti-hero, reflect the story of the European operatic Faust, the Faust portrayed in the UI production is that of the German nationalist Faust written by the German poet Johann Wolfgang von Goethe. This Faust, who was known by a variety of names, became the symbol of the German spirit of nationalism.

The Faust opera, which was first performed in 1869, was an enormous success. The opera, which was written and performed in 1812, is one of the most famous operas in the world and is considered one of the greatest works of European literature.

The opera tells the story of Faust, a man who is said to have sold his soul to the devil in exchange for youth and power. Faust is ultimately saved from damnation by his helper and beloved, Mephistopheles, who is the story of a man who sold his soul to the devil.

This year marks the 150th anniversary of the Faust opera, which was first performed in 1869. The opera has been performed in many countries around the world, and it has been translated into many languages.

The moving out process

After you've cleaned the dwelling and made the necessary repairs, you may move out (see p.3). Be sure that you are in compliance with the terms of your lease and that you have no damage to the dwelling. You and the owner shall both sign for the possession. If you do not agree, you may be subject to the balance as damage in the amount of $150. If you are in compliance with the terms of your lease and there are no outstanding damages, you shall have the right to the balance. If the owner does not agree, you may be subject to the balance as damage in the amount of $150. If you are in compliance with the terms of your lease and there are no outstanding damages, you shall have the right to the balance.

Tenants have obligations

When you rent an apartment, an owner may not have the same rights and responsibilities as you do. The lease agreement between the owner and tenant is a contract that outlines each party's responsibilities. These obligations must be met by both the landlord and tenant to ensure a harmonious living environment.

The first of four, a financial obligation is the payment of rent. The amount of rent due and when it is due are specified in the lease agreement. If the amount of rent is not agreed upon, you must pay the "market rate," which is the amount market rent at the time of your lease. If you do not agree to the amount of rent, the landlord may not charge you any rent.

The second of four, a repair obligation is the owner's responsibility to maintain the premises. If the owner does not repair the premises, you may not be able to live in the rental unit. You must notify the owner in writing when you become aware of any repair required. The owner must either repair the premises or pay you the cost of the repairs. If the repairs are not made within the specified time frame, you may take action to vacate the premises.

The third of four, a remediation obligation is the owner's responsibility to ensure that the premises are habitable. If the premises are not habitable, you may not be able to live in the rental unit. You must notify the owner in writing when you become aware of any remediation required. The owner must either correct the remediation or pay you the cost of the remediation. If the remediation is not made within the specified time frame, you may take action to vacate the premises.

The fourth of four, a relationship obligation is the owner's responsibility to ensure that you and the premises are treated in a fair and reasonable manner. You are entitled to a quiet and peaceful environment. You must notify the owner in writing when you become aware of any relationship problem. The owner must either correct the relationship problem or pay you the cost of the relationship problem. If the relationship problem is not made within the specified time frame, you may take action to vacate the premises.
