t mars tball final

Intramurals

After both teams scored four runs in the first inning and none in the second, Club Muscatine unleashed a three-run attack in the third.

Then the slap-hitting, aggressiverunning Art Majors struck for their big inning - five runs in the third. They strung together three singles, a double and a triple in the inning.

But a three-run fifth inning, and then a single run in the seventh buried Club

CLUB MUSCATINE came into the final with a 5-2 record, if the semifinal win over Contenders is counted. According to catcher Rick Spear, the team's "organizational base" is where four of the team members live, at 1924

Muscatine Ave., in Iowa City.

To get into the finals, they laid a 122 knot on the Contenders' heads. After a five-run second inning, where the flood gates were opened by throwing errors on third baseman Moskowitz and the Contenders shortstop, Club Muscatine scored five more in the third. All those runs came with two outs.

Art Majors were organized last spring. They play as both a coed and a men's team. According to team captain Dean Bunting, Art Majors made the men's quarterfinals in the spring and won the coed tourney in the spring. Asked if he knew that Contender had filed a protest against Club

Muscatine, Bunting said: "Somebody said something about that, but the umpires told us there would be no way that game would be forfeited. As far as I'm concerned, we won the cham-

If the protest is upheld, the Contenders will meet the Art Majors at a time and date yet to be decided.

Increase in cable rate is advised

By Merwyn Grote Staff Writer

The Iowa City Broadband Telecommunications Commission Thursday unanimously approved a recommendation to allow Hawkeve Cablevision to increase its basic monthly sub-

scription rate by 95 cents.

The recommendation will go to the Iowa City Council next week. After allowing 30 days for public discussion, the council will probably act on the recommendation in September. If approved by the council, Cablevision could put the increase into effect by October or November.

The recommendation to allow Cablevision to increase its rates by 95 cents came as a result of an 11.9 percent increase in operational and administrative expenses experienced by the company between 1981 and 1982. Cablevision had originally requested a monthly increase of \$2, or roughly 25 percent, so the company would gain a "fair rate of return" on its investment. The commission rejected the arguments concerning Cablevision's low rate of return because the company's brief financial history was insufficient to support that claim, Commission Chairman William Terry said.

A TIE VOTE Tuesday stalled the recommendation to base an increase on the company's increased operational costs. The 2-2 split in the commission's vote came because two of the commissioners wanted to study the

In approving the recommendation, Terry and Commissioners Flo Beth Ehninger, Mike Sigrin and Jen Madsen voted to also recommend that in the future the commission should be given more time to adequately study rate increase requests.

The commission also suggested that a third, independent party should be brought in to provide "counsel" on any future rate increases.

The statement said that while Cablevision had been lax in supplying some services like a weather channel, a health channel and a foreign language channel, it has peformed "far above See Cable, page 6

\$8.5 million loan prevents NPR collapse

Trustees given equipment title

WASHINGTON (UPI) - National Public Radio and the Corporation for Public Broadcasting agreed Thursday on an \$8.5 million government loan and other steps to avert financial collapse of the radio network.

The "letter of intent" between NPR and the corporation, which distributes federal funds to public radio and television stations, was the result of weeks of negotiations.

NPR Chairman Donald Mullally acknowledged the compromise "does represent a restructuring of NPR to some degree."

But it ensures that NPR, struggling with a \$9.5 million deficit, will meet its payroll today. Telephone and rent bills for the network's plush downtown Washington headquarters are also

The network, which offers such pop-

ular programs as "Morning Edition" and "All Things Considered," provides programs for 281 non-commercial radio stations in 47 states, the District of Columbia and Puerto Rico and claims 7.8 million listeners.

MULLALLY AND chief operating officer Ronald Bornstein announced the agreement to the network's member stations, saying, "We believe we have reached agreement with the CPB regarding a loan and a more secure future for NPR and your program ser-

Sharon Percy Rockefeller, CPB board chairman, said the agreement calls for a loan of up to \$8.5 million to NPR. The corporation advanced \$500,000 to NPR so the network can meet its payroll.

Under the agreement, title to the transmitting equipment now held by NPR will be transferred to three trustees. Rockefeller did not identify

NPR rejected an earlier proposal by the corporation to turn ownership of ber stations.

"I am gratified that we have managed to preserve the excellent programming of NPR, to secure the interconnection systems and to continue without interruption the excellent public radio system for the American people," Rockefeller.

NPR, WHICH HAS a current annual budget if \$23 million, receives operating money from the CPB and corporate and private donations. Planned profit-making ventures to take the place of shrinking federal revenue have not yielded results.

Bornstein replaced Frank Mankiewicz, who resigned as president after the network disclosed a \$2.8 million deficit in March. Over subsequent weeks, the deficit grew to what is projected to be \$9.1 million by Sept.

Mankiewicz, credited with improving the quality of NPR's programs and doubling the audience since his appointment in 1977, has been charged by

Iowa affiliates relieved by plan NPR's distribution system, which the CPB wants to transfer to a group of

Officials at Iowa radio stations affiliated with National Public Radio breathed a collective sigh of relief Thursday as the service announced a tentative agreement for a financial

"This has been a giant source of concern for the (seven) Iowa stations served by NPR. We're very pleased and relieved," said Jons Olsson, spokesman for KHKE-FM and KUNI-FM. educational stations at the University of Northern Iowa in Cedar Falls.

NPR executives meeting in Washington announced the tentative loan agreement Thursday with the Corfor the service if it folded. poration for Public Broadcasting. Two Iowans - George Klingler of WSUI Forsling of WOI AM-FM in Ames were among the NPR representatives Community College.

hammering out the agreement. Iowa broadcasters said they were most concerned about the protection of

語

However, details about whether NPR had surrendered title to its satellite equipment were not immediately disclosed pending consideration by the NPR and CPB boards.

selected stations.

"I'm very anxious to find out the details," said Frank Baker, general manager of KWIT-FM in Sioux City. "The (distribution system) issue is the primary source of contention in this meeting.

Rich Gross, telecommunications director for KCCK-FM in Cedar Rapids, said the nation's 281 noncommercial NPR affiliates would be "hard-pressed" to find a replacement

"NPR is second-to-none in the quality and scope of its public affairs and KSUI-FM in Iowa City and Don programs," said Gross, whose educational station serves Kirkwood

Briefly

Latins hold talks in Panama

Latin American foreign ministers gathered in Panama City Thursday for crucial talks on peace efforts in Central America. Ministers from El Salvador, Nicaragua and Honduras

were among them. Venezuelan Foreign Minister Jose Alberto Zambrano criticized both the Soviet ships reported to be carrying war materiel to Nicaragua and the American naval flotilla already off Nicaragua's Pacific coast. "All these acts, in one sense or another, are harming the fundamental orientation of the search for peace," he said.

Armenians threaten embassy

PARIS - Armenian terrorists Thursday threatened a rocket attack against the French Embassy in Tehran within 48 hours unless France releases 21 Armenians who are being held by French police after the July 15 bombing at Orly airport in Paris in which seven people died and 55 others were injured.

The threat came a day after the seizure of the Turkish Embassy in Lisbon in which five Armenian terrorists and two others died.

Soviet buoy sought in fjord

GRONNEDAL, Greenland - A second Soviet submarine communications buoy was discovered off Greenland in Danish territorial waters 10 days after a search for an intruding foreign submarine was called off, a Danish military spokesman said Thursday.

The Danish Greenland Command called the search for the first submarines after numerous civilian reports of submarine sightings in Disco Bay and Tasermuit Fjord.

House repeals interest tax

WASHINGTON - Congress voted Thursday to kill tax witholding on interest and dividends. and Republican leaders said they were assured by the White House that President Reagan will sign the repeal legislation.

The Senate and House, voting against the controversial tax program in overwhelming numbers, acted just one week before the Treasury Department's deadline for putting it into effect. The House approved the compromise legislation 392-18 and the Senate

U.S., Israel agree in talks

WASHINGTON - The United States accepted Israel's plans to redeploy its forces in Lebanon Thursday, but received an assurance from the Jewish state that the move will be a step toward total withdrawal.

Secretary of State George Shultz said Israel has promised that its redeployment plans are a "step in the direction of total withdrawal." But Arens said Israel did not give, nor was it asked to give, any specific commitment to withdraw totally.

County documents to be microfilmed

By John Tieszen

A Hiawatha-based company was granted a contract by the Johnson County Board of Supervisors Thursday to microfilm all of the Johnson County Clerk of Court's records.

Crest Microfilm will receive \$36,600 for microfilming an estimated 1.4 million documents dating back to 1850 in the clerk's office.

According to Jay Johnson, executive vice president of the firm, the filming process will take "anywhere between three and nine months, and it's not going to be an easy task.

Johnson said the process would be difficult because of the age and condition of some of the documents.

There were three bids brought before Clerk of Court Mary Conklin and the board. One of those bids was thrown out because "the company is just not capable of doing my project," Conklin said in a letter to the board. The other company that submitted a bid was Jorm Microlab of Cedar Rapids.

Supervisor Dennis Langenberg said: "Both (Crest and Jorm) are good, professional, competent companies. I chose Crest because it was \$4,000 cheaper and it employs Goodwill peo-

CREST HAS BEEN using Goodwill people for eight months, Johnson said.

"We will use at least five Goodwill people on this job. They will take out staples and prepare the documents for our photographers. We have been very successful in using them."

According to Johnson, Crest has been in business for a year and a half. It is the successor to a company previously known as Micro-Tech, which went bankrupt.

The board voted unanimously for Crest to receive the contract. Supervisor Dick Myers said he voted for Crest because of its "rather innovative approach" to microfilming.

Johnson said the microfilming of the documents will save the clerk's office valuable storage space. "We will use 350 rolls of film for all of the records. Each roll will be put into a cartridge that measures 4 inches by 4 inches by 1 inch," he said.

Many of the county's older records are now stored in a county garage.
Since 1982 Crest has filmed old newspapers for the Iowa State Historical Society. Crest has also provided services for Rockwell International Corporation of Cedar Rapids and the Maytag Corporation of Newton, Johnson said.

Myers said that it is time the county started to microfilm its records. "With more and more records and more and more documents, it's time to get into

Rehire fired employee, grievance panel advises

By John Tieszen

A former Johnson County Clerk of Court employee, fired for "excessive" absences, should be reinstated "immediately," a grievance panel recom-

But the final decision whether to reinstate the emloyee, Linda Turner, now rests in the hands of the person who fired her - Clerk of Court Mary

The county Grievance Review Board's recommendation came following a closed session of the board at the office of Iowa City attorney Patricia Kamath, a review board member. The letter drafted by the board states

in part: "While the (county) handbook appears to give some discretion to department heads in taking disciplinary action, we believe that the procedures outlined in the handbook section "Discipline and Discharge" were not followed."

THE LETTER also states: "The absences of Linda Turner, while necessary, have caused difficulty in the efficient operation of the clerk's office and Mary Conklin has been tolerant and understanding of the situa-

Conklin had told the board Turner was fired because she took excessive sick leave. The panel's letter, though, says the county employee handbook does not state explicitly what con-

stitutes "excessive sick leave." The board recommended that the

and the department heads of each county office "expand the handbook to define excessive sick leave." They also asked that a clear policy be made 'available to each employee before their employment is jeopordized."

Neither Conklin or Turner could be reached for comment Thursday.

In her grievance, Turner asked to be reinstated to her job as magistrate bookkeeper and also be awarded back pay from May 2 to the present with 10 percent interest. Turner also asked that Johnson County pay her attorney

The board, however, said in its letter it has no authority to act on those

Not a drop to drink

Iowa City residents trying to endure another hot summer evening had to wait longer for a cool drink or a cold shower Thursday.

Iowa City water supplies were reduced when a power line on a transformer located on Madison Street blew out at about 5:30 p.m., according to Iowa City Water Department Supervisor Cleo Kron. The whole city was affected by the blow-out, Kron said. "We had low pressure all over."

Kron said although the situation was fixed by 7:30 p.m., he was "hoping they'll (people) hold off till morning to return to normal water use. Kron said City Manager Neal Berlin went on both television and radio to ask city Johnson County Board of Supervisors residents to conserve water.

Board drafts list of ways to fix airport funding woes

By Mark Leonard

Noting that the Federal Aviation Administration appears "quite disturbed" about residential developments in the clear zone of the Iowa City Airport, the city's Airport Commission is now preparing a list of alternatives for FAA officials on how the city could solve the problem.

'What we need to do is work with the FAA ... in order to regain that status of compliance," Commissioner Russ Schmeiser said at Thursday's meeting.

The FAA informed city officials by letter Monday that a \$295,322 grant to make improvements at the Iowa City Airport had been withdrawn. In addition, FAA officials said no more federal funds will even be considered for Iowa City until the residential developments in the clear zone are "taken care of."

SCHMEISER SAID the FAA not only objects to a 37-unit apartment complex being developed

tures that are also in the clear zone of the airport. "The problem is not just the Ranshaw pro-

Until Airport Commission members and Airport Manager Fred Zehr are able to determine the scope of the problem the FAA wants solved, the situation will remain unchanged.

City Manager Neal Berlin said the city now needs some help from its elected officials in Washington, D.C.

"I think everything sure would go a little faster if our people up in Washington knew there wasn't chaos down here," he said. "We know what has to be done and we know we have to solve the problem. We also know it will take federal money to get the job done out at the air-

TERRY MIKELSON, press secretary for Congressman Cooper Evans, said Iowa City officials have told Evans they will contact him as soon as they know what direction they want to take in the matter.

UI satellite-builder launches retirement

pecial to The Daily Iowan

During the 34 years that Robert Markee has worked in the machine shop at the UI Physics Department, he has "seen the unmanned space

Markee, who will retire in August, came to the UI in 1949 when the space program was working with "large balloons" that were launched from a field south of the UI Hospitals. Since then he has helped build six satellites.

"Iowa is the only university that makes whole satellites in-house,"

Markee said the UI Physics Department is "known worldwide. Especially Dr. Van Allen," but many people in the state are unaware of it.

James Van Allen, for whom the Physics building is named, is "common as an old shoe," Markee said. The building was called the Physics Research Center when it was completed in 1965 but was renamed the Physics Department in the late 60's when "research became a dirty word. The building was a target of protest." The building was renamed Van Allen Hall two years ago.

Markee said that when he began working in the shop "you worked into the trade just by working into it." Now it is necessary to know how to operate a computer because industry is computer-controlled, he said.

"There's no more menial labor. Everything is pure mechanics and sophisticated machinery. We have five machines here in the shop that are computer controlled. They're really

MARKEE SAID that the standards of the machine shop are high. "When you're a student you can get B's and C's, but here it has to be straight A's. You do satisfactory work or work he said

Robert Markee

The machine shop is responsible for making research equipment for graduate students and professors. Markee said he has often made objects without a blueprint.

'People will come to us and they can see clearly in their mind's eye what they want. If they can put it on paper, we can build it," he said.

Each of the six workers in the shop "is his own boss," he said. Complicated drawings are often submitted to the shop for design, but sometimes a professor may simply hand them an object and say, "I need two more of these.

Cost is not a factor in the shop, he said. "If they ask for it, we make it."

Markee said that he will be glad to get away from the day-to-day pressure of his job, but he will also miss his "interesting" work in the Physics Department. "Some of the things we made in this shop are gone forever into space,"

The Iowa Black Alumni Association will honor a Pennsylvania judge by placing her picture in the UI Hall of Honor at its 20th anniversary celebration today at the Highlander Inn in **Iowa City**

Judge Juanita Kidd Stout, who presides in the Philadelphia Court of Common Pleas, will have her portrait hung near the portraits of Estella Louise Ferguson, Helen Lemme, Frederick Wayman Slater and Emlen Lewis Tunnel, already in the Hall of Honor in the Terrace Lounge of the U-

Stout is a native of Oklahoma who received her undergraduate degree in music at the UI and her law degree from the University of Indiana. She has also been placed in the Oklahoma Hall of Fame and received an award from the UI Alumni Association.

'Judge Stout is an individual inspiration to black students at the university," said Board Member JoEllen Liggins-Leme, from Riverdale, Ill. The honor and notoriety she has been able to obtain is a reflection of what she was able to get at the University of

The BAA started in 1963 when some UI black graduates formed the group. We got together first on an informal basis," Leme said. "Most of the people in the association attended the university in the 50's or 60's."

THE ASSOCIATION is trying to make the UI aware of prominent blacks who have given outstanding service or achievement to the Iowa City community or who had outstanding careers at the UI.

'We appreciate the progress the university has made in recognizing blacks, but want to make a special effort to do it ourselves, also," Leme

The association honors outstanding black students at the UI as well as alumni. Its scholarship board works with the UI Alumni Association to choose a student they feel has made a significant contribution to the UI.

The recipient of the scholarship award will be announced today during the association's celebration at the Highlander Inn.

'Not all of the members in the Hall of Honor have attended the UI," said Leme. "We get a lot of nominations from people, and those that we think have made the greatest contributions

place a plate in the Hall of Honor with an on-going list of the names of individuals who are considered to have made some contributions to the UI.

"I was a little star-struck, overwhelmed" clerk Kathy Roberts

Earlier this month Kansas University was abuzz with the news that movie stars Jack Nicholson and Timothy Hutton had visited the student union bookstore. The actors were in town scouting possible locations for an upcoming movie.

Roberts said Nicholson asked her for help "and then he began piling clothes into my arms. Clothes were being piled so fast into my arms that I didn't know what Nicholson was buying or what Hutton was buying.

She did recall that Nicholson bought a floor mat that had the university's Jayhawk mascot on it. "He kept saying how much he liked it," Roberts said. He also bought several sweat shirts, T-shirts and two hats. His bill came to \$200.88. Roberts said, "He paid cash: two \$100 bills and 88 cents in change."

Another clerk, Juana Simons, said Nicholson was dressed in old white jeans and was wearing a wearing a weird-looking straw hat" that was pulled low over his face. He had Walkman earphones around his neck.

She said Hutton looked like he needed

Nicholson enjoyed the attention that eople in the store gave him, Roberts said. "He was trying not too hard to be noticed.

Legged Sheep and Soviet Dissona

Unwanted slogan

This past week Des Moines hairstylist Jerry Feick attempted to snip short a plan by state officials to build a more positive national image of Iowa. At the dark roots of this controversy is the distaste of many Iowans for carrying an unpopular advertising slogan around on their license plates.

The slogan supported by Gov. Terry Branstad and approved by the Iowa Development Commission is the now infamous "A State of Minds." Since an oversight on the part of the commission enabled Feick to apply for trademark registration of that phrase before the state, maybe "A State of Absent-Mindedness" should be considered, too.

Considering the vocal objections to the approved slogan, Feick may have substantial popular support - although a poll conducted a few weeks ago suggested that a majority of Iowans would approve of having a slogan on their license plates if such advertising seems likely to benefit the state. But Iowans cannot seem to ever agree on one particular slogan.

"A State of Minds" was far from the worst suggestion. It is nice to see a state slogan suggesting something to do with intelligence, instead of a blatantly commercial pitch like the abysmal "Quality and Productivity" or hokey sentimentality like "A Place To Grow" (What? Ragweed?). Since any state exists only abstractly, its boundaries more mental than geographic, the slogan offers a

mildly witty and appropriate pun. But considering the legal complications Feick introduced, the general unpopularity of the slogan, and the threats of several state legislators to introduce bills banning the slogan during the next session, Gov. Branstad and the Iowa Development Commission

should reconsider. The best approach might be to let each Iowan choose his own Iowa license plate slogan — and then pay extra for it. That would not only provide a wide variety of entertaining advertising and an additional source of revenue, but also confirm valuable Iowa qualities: as a state of diversity and independent thought.

The real scandal

This summer's news has provided interruptions, distractions and ruses. But if one peeks behind the arras, one sees an even more sordid state of affairs.

While our government is fueling battles in Central America and essentially making ready for war, news distractions have cropped up handily: the Carter debate books, videotapes of closet (or is it Cabinet?) sex acts, congressional sex acts and the sex acts of the "high risk" categories. These have diverted our passionate attention away from the imperialistic fooling around going on in Honduras and off the coast of El Salvador.

And from the casualness of these liaisons. Rightist nations who would hog all the covert aid we would give them are referred to as "our friends." Reagan in one news conference also spoke of "our friends" in Cuba.

Strange bedfellows, these friends. All this makes one think of revolutions other than the Sandinista sort. (Remember the sexual revolution?) Is a president who has incongruously quoted FDR now alluding to Stephen Stills: "Love the one you're with?"

Reagan staffers, political analysts and Democratic heavyweights Jimmy Carter and Tip O'Neill have discussed how the purloined Carter debate book might affect the timing of Reagan's next shot at scoring the presidency. Yet one might wonder more at the timing of launching military maneuvers in Central America before the House votes on a bill to halt covert aid to Nicaraguan insurgents. And more at the timing of these petty scandals before any of these sleazy military moves.

Has some marketing consultant told the administration that the spoils of scandal could mask overt infractions of common sense and morality in our international relations? Of course not. Yet it has provided just this kind of distraction.

Debategate, sexgate, videogate — even Watergate rearing its ugly head again, with the suggestion that Nixon may have made a deal with Ford to obtain a pardon - all swing public attention away from what's sitting on the fence, Humpty-Dumpty-like, latebreaking to release horses and men.

Nanette Secor

Anchorwoman away

The television station KMBC in Kansas City, Mo., told the anchorwoman that viewers thought she was "unattractive, too old and not deferential to men," then fired her. So Christine Craft, a wizened, tottering 38-year-old, has sued KMBC for sex

discrimination. This act shows just how deep sex discrimination runs in this country. The standards for men and women are so different that one could believe they were for different jobs: men running for newsmen and women for beauty queens. The list of non-handsome male reporters at the major networks includes some of the most respected: Ted Koppel, Fred Graham, Irving R. Levine, Jules Bergman, Pierre Salinger. The list of old male reporters, equally well-respected, is equally long: David Brinkley, John Chancellor, Walter Cronkite (old now and when he retired). And Sam Donaldson, Mike Wallace and Dan Rather aren't deferential to

Why then should anyone care whether Craft is old or young, attractive or ugly? And why should she be deferential to men? Perhaps because the media and the public still tend to view women as decorative rather than functional: A reporter's job is to be good at his task unless the reporter is a woman, and then her job is to be a deferential Christie Brinkley.

What that attitude says is that the news is both public service and entertainment. Men provide the service and women the entertainment. Just as male pilots, ugly or not, fly the plane while stewardesses, like geishas, keep the clients happy.

A STATE AND RESERVE AND REAL PROPERTY.

Linda Schuppener

A recovery made for millionaires

URING THE Vietnam War, American officials became skilled at standing figuratively over paddies littered with American casualties and shouting, "We're winning! We're winn-

President Reagan and his disciples are showing the same talent for standing over a landscape littered with the victims of Reaganomics and shouting, "Our policies are working!

Our policies are working!" One of Reagan's sycophants said to me recently: "My recollection is that you expressed doubts that the economic recovery was coming." I did indeed, for two years. What this cheerleader for Reaganomics conveniently forgets is that if you sing "The sun'll come up tomorrow" long enough, the sun is going to come up eventually. But a late-rising sun never wipes out the agony of people who have lost their crops and homes in the rains, the hail storms, the floods that occurred while they were waiting for the sun to break through. President Reagan and the rah-rah boys and girls around him want us to focus on the bright spots of economic recovery and forget that our society is plagued with millions of Americans who in the last few years have lost their homes, their businesses, their farms and/or have gone into bankruptcy.

Carl T. Rowan

THE REAGAN CELEBRANTS want us to forget the many bank failures, and especially the fact that even now some banks are going belly-up.

We are supposed to accept placidly the cliche that "unemployment is the last thing to respond to an economic recovery," after which we say, "So what the hell if 11 million Americans don't have jobs. If I get mine now they'll get theirs later.

"Later" will be tragically too late for millions of Americans. However robust this economic recovery may be, and there is great disagreement among economists on that, it will barely touch millions of those now unemployed. In 1990 we will still have 8 million or more people officially listed as jobless, with perhaps 4 million more out of work but not counted by their government.

How will anyone ever convince them that Reagan's policy of taking from the poor and giving to the rich "is work-

The stock market boom that began last August makes these marvelous times for the 53 Americans whose personal fortunes have risen by more than is not working well. I have an explana \$100 million each. David Packard, cotion that can be understood in Coo founder of Hewlett-Packard, Inc., has gained \$1.2 billion during the great Wall Street bonanza, and surely thinks that Reaganomics is OK.

THE REALITY is that it means nothing to the average farmer or small-time businessman that H. Ross Perot earned another \$412 million since last August, or that 28-year-old Steven Jobs, co-founder of Apple Computer, earned another \$265 million in that period. Farmers in Iowa and coal miners in West Virginia will not live long enough to have any of that money trickle down to them. On "Meet the Press" recently, I

asked economist Alan Greenspan, the man Reagan almost named to replace Paul Volcker as chairman of the Federal Reserve Board, what it means when politicians exult over an economic recovery at a time when unemployment is still a staggering 20.6 percent among blacks. I asked if blacks were doomed to be a permanent economic under-class in this society.

"I hope not," he said, going on to assert that half the black teenagers in America are jobless, which is "utterly intolerable," because "our economy is not working well.'

Greenspan used the eye-glazing terms of an economist to explain why it

tremble, but summer passed by so ulist posturing, deriving solely from a respect for total lack of quality. A to blame no one but myself for this. I'll movie should not mean, but stink, as it

> This is one of the main reasons liked Return of the Jedi. Badly acted, amateurishly plotted, poorly written great effects. Who could ask for more? And with Jabba the Hutt setting the tone, it also featured more saliva, in more vibrant colors, unusual textures and original shapes, than most dentists see in a lifetime. Talk about trash! Simply brilliant.

But for my part, I think wire snares, the crueler the better, should be set for Ewoks. If they wanted cute, why didn't they just use Smurfs? And that final scene, The Day The Teddybears Have Their Picnic (and sing like the Mormon Tabernacle Choir) was laid on even thicker than the drool in Jabba's lair.

is Benito Mussolini's 100th birthday. Bet you forgot to buy a card, hunh? While Germany doesn't do much when Hitler's birthday rolls around besides say "He was Austrian, wasn't he?" Italy is having a few minor celebrations - nothing major, just a requiem mass or two and some t-shirts. There is even some nostalgia for Il Duce these days, whose administration prominently featured oppression of the many by the few, by some who no doubt see themselves as prospective charter members of the next few.

And it should be kept it mind that Mussolini's Fascists didn't do anything very well. The only countries they conquered to make part of the "New Roman Empire" were Albania and Ethiopia, and they just barely conquered those. Anybody who almost loses a war with Albania is better off at home, although that does take all the fun out of being a fascist.

GEORGE BRETT'S BAT: In a game between the peevish Kansas City Royals and noble New York Yankees, what would have been a game winning

MUSSOLINI'S BIRTHDAY: Today home run by George Brett was dis allowed and Brett was called out when New York manager Billy Martin courteously pointed out that Brett's bat had pine tar on it too far up the barrel Brett, with the equanimity and good humor customary of his team, sprinte to the plate and attempted to devour the umpire. The merry mix-up eventually reached the office of American League President Lee MacPhail, who will consult the rule book, past prece dents and the entrails of a goat to reach a decision.

> Those unversed in the finer points baseball might wonder why George Brett had all that smelly pine tar on hi bat, and why anyone cares how much of it there was on said bat. Damn good question. One reason for all the pink tar is to make the ball stick to the bat. I don't know why anyone would want a ball stuck to his bat, but it sounds like something the Royals would think is a good idea. A ball stuck to your bat is handy when you bunt since it makes the bunt harder to field.

Arts and entertainment

Paradox defies musical classification

By Allen Hogg Staff Writer

INCE THE recent demise of the Ones following their farewell performance at the Crow's Nest earlier this month, the title of most-popular Iowa City-based rock band has been left va-

At this point, it would seem the two most likely candidates for the throne would be Landslide and the Buzzards, two veteran groups whose members have been playing around the town for quite some time.

However, there are also a number of younger, up-and-coming bands in Iowa City who are eager and possibly ready to become

One such band is Paradox, a brand-new group that will be giving its debut performances at the Crow's Nest next Monday,

Tuesday and Wednesday.

Paradox was created by the merger of two

local bands that had built up small but enthusiastic followings. Lead guitarist Rob Eckert, bassist Marty Christensen and keyboardist Mark Cassidy were formerly members of Future Tense. Lead singer Rich Webster and percussionist Paul McKay join the group following a stint with Legacy.

CLASSIFYING the band musically is, as their name suggests, paradoxical. In addition to their originals, the group performs a diverse set of covers that should have something for most local rock fans, but may at times alienate some listeners.

They plan to center their performances next week on rock standards (such as the Beatles and the Stones), but forays will also be made into Costello-style new wave, heavy metal, rockabilly, punk and Top 40 pop-rock.

Part of the reason behind the assorted

styles the band performs is the different tastes of the members. Despite the fact that all except Cassidy, a Moline native, grew up in Iowa City, each has a distinct musical background.

Throughout those styles, however, the band hopes to make audience involvement a top priority. "We want the audience to be feeling the music more than watching it," Christen-

"We try to play on the audience's level," agreed Webster, decrying the smugness of some local bar bands, who put on what he calls "all-glitter, no-energy" shows.

IF NOTHING ELSE, the members of Paradox are all talented. Four of the five are music majors here at Iowa. Webster especially has made a name for himself musically at the university. As an underclassman, he was picked to direct the music

for the theater department's productions of The Wizard of Oz and Leave It to Jane.

As could be expected, the band is quite excited about their debut performance. They describe the chemistry between group members in practice sessions as very positive. "It's really amazing, because in two weeks we've done what it takes some bands six months to do," Webster noted.

Although I am admittedly biased, having known a couple of the band members for several years, I believe Paradox has the potential to become a major regional musical force. Their work with previous groups proved they were individually talented; how well they work onstage together obviously remains to be seen.

If nothing else, the current combination should get some people on the dancefloor. With enough determination and savvy, it could prove to be something much more.

Tintypes. A tribute to the song, dance and photography of turn-of-the-century America, featuring the words and music of Irving Berlin and Scott Joplin and the photos of Jacob Riis, among others. 8 tonight and Saturday; 2 and 7 p.m.

The Crow's Nest. Bluesbreaker Son Seals returns to his favorite lowa City venue to talk to y'all with two evenings of hard-rocking blues. Tonight Gabe's. A Certain Crowd brings a certain kind of

old-style Chicago rock here tonight.

Maxwell's. Not to fear: The Peter Z Band will not cause anyone to snore. Trust us. Tonight and

The Mill. Well, for lo these many months we've teased Greg Brown about his fondness for this community. But the teasing now has to end. Like us, Greg has discovered a romance with things Scandinavian, and he's leaving us for a new job in St. Paul with Garrison Keillor and "The Prairie Home Companion." Bid Greg a fond farewell this weekend, as he worms his way out of our hearts

and into the big time. Tonight and Saturday. The Sanctuary. Singer/comic Larry Heagle's mirthful musings supplant those that waft from the

kitchen. Tonight and Saturday.
The Stone City Cabaret and Gallery. This was Stonecutter's not long ago, and the entertainment's the same. Tonight, legendary harp player Corky Siegel returns for a rare personal appearance (for July, this is sure a good entertainment weekend); tomorrow night, it's Alma lowana and some South American folk music: Sunday night, Larry Heagle brings his mirthful musings up here. And don't forget Monday, when guitarist extraordinaire Norman Blake, his wife Nancy and the Rising Fawn Ensemble stop in. Not

10 S. Gilbert. Punk till you clunk with Stiff-Legged Sheep and Soviet Dissonance. 9 p.m.

Weekend television

Friday

More fun on "Dallas" this week, as the Ewing family barbecue is disrupted when the boys in the oil cartel stop by to punch out J.R. (Larry Hagman). Meanwhile, Miss Ellie (Barbara Bel Geddes) decides to go to court to challenge Jock's (the late Jim Davis) will and stop the feuding between J.R. and Bobby (Patrick Duffy). Good luck, Miss Ellie. 8 p.m., KGAN-2,

• Hey! Just what we've all been waiting for! A new rock video show! Wow! "Friday Night Videos" is NBC's initial foray into ripping off MTV. Tonight's premiere features Michael Jackson (yay!), Duran Duran (boo!), David Bowie (yay!), Rod Stewart (boo!) and world premiere videos from Elton John (yawn!) and Styx (boo!). It's almost like being in the front row. Interviews, too, with Ray Manzarek (zzz!) and Rick Springfield (pant!). For this we lose "SCTV?" Boooooo! 11:30 p.m.,

Saturday

We pity the fools who would miss tonight's repeat of "Twilight Theatre." 'Cause it stars Leslie Nielsen and the Rock of Rockefeller Center, Mr. T. Eddie Murphy, kill your landlord with these! Huh! Also appearing is the show creator Steve Martin, offering a tour of his Winnebago. It lasts almost as long as The Man With Two Brains did in movie theaters. Huh! 10:30 p.m., KWWL-7.

• Movie on cable: Richard Pryor visits his old flame and other characters from his past and future in Richard Pryor: Live on the Sunset Strip. Execrably filmed but a laffriot nonetheless, Sunset Strip features Pryor in a bit more pensive mood than he was in his first concert film. Gene Siskel gags us with a Moviola, but we do have to agree with his assessment that this was the last of the wild and crazy Pryor we came to know and love during the 1970s. 9 p.m., Cinemax-13.

Sunday

Look out - they're fast as lightning! This weekend's "Kung Fu Theatre" presentation is called "Kung Fu of the Eight Drunkards," which we assume is about some kung fu masters who go around

fighting cancer.

David Bowie appears tonight at 11:30 on NBC's premiere of "Friday Night Videos."

and tolchock the varblockos off of some sorry bums. The way things have been going lately, we'd better keep our eyes

open. 11 a.m., USA-cable 23. . Oh boy! MTV is two years old this weekend (Aug. 1, to be exact), and Warner-Amex celebrates by rerunning this year's New Year's Eve Party. Special guests: Duran Duran (not again!), A Flock of Seagulls (stupid haircuts), the Producers (we just love their bald keyboard player) and Jack Mack and the Heart Attack (who?). Break out the horns and hats, and pass the aquavit and blackberries. 10 p.m., MTV-cable 1.

· Movie on cable: And Now For

Weekend T

nething Completely Different was Monty Python's first big-screen effort. A compilation of a number of skits from the first year of their TV series, with a few naughty bits thrown in, And Now ... is the funniest, if sporadically so, of their movies. Starring Graham Chapman, John Cleese, Eric Idle, Terry Jones and Michael Palin, with animation by Terry Gilliam. 10:35 p.m., Cinemax-13.

Also: Rocky III (Mr. T, Burgess Meredith, Burt Young). 7 p.m., Cinemax-13. Cat People (Nastassia Kinski, John Heard, Annette O'Toole). 11:30 p.m., HBO-

center will be open from 8 a.m. to 5 p.m. on UI working days.

Cable

Continued from Page 1

average" in supplying public access to

In its request for the increase, the cable company had cited increased expenditures stemming from inflation and the need to lay nearly twice as much cable as had been anticipated. The company had originally planned to lay 111 miles of cable, but has already laid more than 180 miles and expects to lay about 200 miles in Iowa City, Coralville and University Heights before the system is complete.

WILLIAM BLOUGH, Cablevision general manager, said that because HBO is the only cable service "showing black ink," many cable services are financially shaky and more channels, such as MTV and ESPN, will have to become pay services. Cablevision will also have to renegotiate for current channels at higher rates soon,

he said

Hawkeye Cablevision recently increased its rates for pay televison services. HBO rates were raised by \$1 and Cinemax rates were raised by 50 cents. The commission has no control over the fees charged for pay TV services.

At the Tuesday meeting, Mavis Dooley, a financial analyst for American Television and Communications, Hawkeye Cablevision's parent company, said she could not tell the commission how much of the revenue from the pay television increases would remain with the local company. She said the company's contractual agreement with the services prevents those figures from being made public.

Terry said the 3 percent franchise fee the cable company pays to Iowa City will bring about \$3,400 in increased revenues for Iowa City.

Lindsey

Continued from Page 1

ASIDE FROM his work on "Hee Haw" and as spokesman for Getty, Lindsey also does commercial spots for Liberty overalls, an occasional show in the Vegas and Reno houses and has just completed the pilot for a halfnie Ford for the Nashville cable network.

He also said he still has the spiked beanie that was Goober's trademark. "My wife had it bronzed," he said. "So now I have a six-pound Goober cap

hanging on my wall.'

This Weekend at the Mill:

GREG BROWN

in his last lowa appearance

Greg Brown has lived and performed in this area for the last 10

years. During that time he has become a legend throughout Eastern lowa with a career that culminated recently with the

recording of his song 'They All Went Down to Mexico' by Willie

This weekend Greg will be making his final appearances in

lowa before leaving to join Garrison Keelers' Prairie Home

Our congratulations, best wishes and thanks to Greg for nearly

Companion, fulltime.

Before he left the friendly confines of the DI, Lindsey signed autographs and posed for pictures with almost everyone present. One of his autographs went on a photo of him at 1982 Amana VIP. tongue out and wearing the Amana cap backwards.

"Lotta guys can't wear a cap," he laughed as he signed the photo. Especially not a spiked beanie.

Sports

Now a color analyst, Borg would rather be battling with McEnroe

Bjorn Borg's cool composure and Swedish accent have never kept anybody from seeing his intense, competitive side. The Monday announcement that the fivetime Wimbledon champion was considering coming out of his retirement from professional tennis should've come as no

'You never know what will happen in the future," Borg said at a news conference in Munich, West Germany. Borg knew exactly what he wanted his future to hold after he watched Wimbledon '83 from the press box. instead of from the other side of center

ALTHOUGH THE color analyst told his NBC commentators he was perfectly content with being out of the game, I suspect Borg felt quite differently. No successful athlete with any kind of competitive drive feels "content" with watching a champion of his sport seize the limelight he once monopolized.

The New York Magazine story quoted a reported close friend of Borg's as saying, Borg was fed up with the tennis establishment... but now he says he misses the

Roberto Duran and his quest to become the class of his field he once was. Promoters recently announced the Marvelous Marvin Hagler-Roberto Duran title fight - an event said to be the biggest closed-circut fight in the history of boxing.

DURAN'S DEGRADING "no mas" loss to retired Sugar Ray Leonard must have been a deciding factor when he concluded retirement wasn't fulfilling for a competitor. Borg is engaging in a similiar plight, for similar reason Borg's 27-year-old body is still con-

ceivably in competitive shape, and his mind is probably more determined than ever to avenge a Wimbledon loss two years ago to John McEnroe The year before, in the 1980 final, Borg

triumphed to win the fifth set, 8-6, after being part of the famed 34-point tiebreaker what many critics called "the most thrilling 22 minutes of tennis ever."

"The rules are in the

book and we still feel

that the original call

was right," says New

Chicago Rock

The following year, McEnroe avenged his 1980 loss, defeating Borg, 4-6, 7-6, 7-6, 6-4, dethroning the King of Wimbledon. Borg retired at age 26, with reported tennis earnings of \$75 million.

McENROE'S EFFORTLESS straight-set victory over the unseeded New Zealander, Chris Lewis in this year's Wimbledon may have sparked a hidden flame within Borg he thought he had extinguished and forgot-

Borg and his agent deny rumors that he will play in the 1985 Wimbledon, and maintain his only true intention is to play in small tournaments.

I will not be one of the many surprised journalists when Borg makes the headlines, announcing his intentions to compete at Wimbledon. American sports fans love a comeback story - look how quickly Duran's honor and fame has found him

And although the obviously wealthy Swede says he is not getting back into grand slam tennis for the money, his announcement in Munich was reportedly during a promotional tour for a Swedish clothing company in which he will receive 2.5 percent of the net profits. Robert Ryser is a DI staff writer

Continued from page 8

course, we feel the other way. We don't make the rules. The rules are in the book and we still feel that the original call was right.

Royals' officials asked Brett to appear with Manager Dick Howser and General Manager John Schuerholz at a news conference at Royals Stadium Thursday to comment on MacPhail's ruling but he

"This was a very tough decision for me," said MacPhail, who appeared penitent about not supporting McClelland's original call. "Although the umpires are being overruled, it is not the fault of the umpires - rather it is the fault of the official play-

Pine tar decision goes in Brett's favor

Ruling leaves Royals ahead in 9th inning

NEW YORK (UPI) - Addressing one of the stickiest issues in his nineyear tenure as American League president, Lee MacPhail Thursday upheld a protest by the Kansas City Royals and overruled his umpires' decision which nullified George Brett's homer last Sunday for excessive pine tar on his

MacPhail's decision meant Brett's two-run homer against New York will stand and the suspended game will be picked up if it has a bearing on the divisional races with Kansas City ahead of the Yankees 5-4 in the ninth. The Yankees and Royals are not scheduled to play each other again this

MACPHAIL OVERTURNED rookie

umpire Tim McClelland's decision to

call Brett out after Kansas City's All-Star third baseman slammed a dramatic two-out homer in the ninth off Yankee relief ace Rich Gossage to put the Royals ahead 5-4. The Royals officially protested the decision Monday and MacPhail deliberated three days before ruling at a 10:30 a.m., Iowa time, news conference.

"It is the position of this office that the umpires' interpretation, while technically defensible, is not in accord with the intent or spirit of the rules and that the rules do not provide that a hitter be called out for excessive use of pine tar," said MacPhail in a two-page release. "The rules provide instead that the bat be removed from the game. The protest of the Kansas City club is therefore upheld and the home run by Brett is permitted to stand.

"THE SCORE of the game becomes 5-4 Kansas City, with Kansas City at bat and two out in the top of the ninth

Steinbrenner says ruling is 'ridiculous'

Lee MacPhail's ruling on George Brett's pine-tarred bat ranged from the sublime for Kansas City officials to the "ridiculous" for incensed New York Yankees' principal owner George

MacPhail, the American League president, Thursday overturned his umpires' decision to nullify Brett's two-run homer that put the Royals ahead of the Yankees 5-4 in the ninth last Sunday. Rookie umpire Tim McClelland, after consulting with the rest of the four-man umpiring crew, called Brett out for exceeding the 18inch limit of pine tar allowed on the

"WE'RE SURPRISED on the basis of historical precedent, but not surprised by the evidence and facts as we saw them," said jubilant Royals' General Manager John Schuerholz. "I had hoped and felt in my heart that based on the evidence we shipped to the American League office, the league would rule in our favor. We felt a strict interpretation of the intent and spirt of the rules would bear us out. I'm delighted."

Umpire Joe Brinkman, the crew chief in Sunday's game, accepted the decision stoically.

"I don't like the ruling, but there's nothing I can do about it," he said. "The league president has the final say that's his prerogative. The league champion shouldn't be decided on a thing like this and I can understand his feeling about that. You can interpret that rulebook differently and I feel we

BUT STEINBRENNER claims the

made the right interpretation."

"If the Yankees should lose the Eastern Division race on the ruling of MacPhail, I would not want to be Lee living in New York City," was Steinbrenner's opening salvo. "Perhaps he should start house-hunting in Missouri. Naturally, we are very disappointed in the league office ruling but I can say honestly I predicted it. As much as I hate to admit it, I figured he would do just that. If you're asking for one word to describe the decision and the rationale behind that decision, it would be ridiculous.

"His explanation was that the pine tar did not have an effect on the home runs. He is certainly not a scientist and in no position I feel to make such a judgment. Nor would I be, nor any of my staff or his. That opened up Pandora's Box. One of our troubles in baseball is that we have an awful lot of rules written in black and white in our

Super Bowl edges Krauts for IM crown

By Thomas W. Jargo

Today's intramural softball players

are tomorrow's lawyers. Sugar Bowl International, which con-

sists mainly of undergraduate law students, won the summer coed intramural softball championship with a 4-3 victory over Krauts at the Complex Thursday night. Sugar Bowl International earned a

spot in the championship game with a 7-2 semifinal win over Final Four. Moments after Sugar Bowl's win on the Complex 2 diamond, Krauts notched a close 6-5 semifinal victory over Mid American Erectors on Complex 1. With its semifinal victory, Krauts en-

tered the championship with a flawless 6-0 record. Sugar Bowl International had only one loss in seven outings.

Intramurals

pionship were highlighted by fine pitching performances by Denny Garvis of Sugar Bowl International and Krauts' Sheri Winters. With the game scoreless through three and a half innings, Krauts broke on top with a single run in the bottom of the fourth.

Krauts' right fielder Doug Carano singled to lead off the fourth and scored all the way from first base on an errant throw by Sugar Bowl International's third baseman Lori Koop. Koop fielded a ground ball off the bat of Krauts' Mary Jones and subsequently threw the ball down the right field line for an error, scoring Carano.

But Sugar Bowl International broke THE FIRST five innings of the cham- on top with a four-run sixth inning off

Winters and were never headed. MARK McMANIGAL led off the

sixth for the champions and scored on a one-out triple by Garvis. Garvis then scored on an error by Krauts' shortstop ing with a two-run, inside the park home run, scoring Koop ahead of him. Kings line drive to right-center field was misjudged by the Krauts' Laurie Hammes. The ball sailed over Hammes' head and rolled all the way to the wall as Koop and King rounded the bases. King scored just ahead of the throw to the plate.

"She (Winters) was pitching high, so competitive. Everybody wanted I just backed up on the plate," King said of his home run drive. "I was just running; I was too tired to think.'

KRAUTS SCORED two runs in the seventh and final inning to pull within a run, 4-3. But a two-out mental error on a potential game-ending grounder back to Garvis on the mound put the tying run on third base. But Garvis rebounded from the mental lapse to get Hammes to ground out and clinch the

Univers All kinds of people come to the UI

Firm is fined \$480 for fall incident

By Mike Heffern

A fall that critically injured a constuction worker at the UI's comnunications facility work site has resulted in a \$480 fine against the general contractor in charge of the project, but the contractor filed a notice contesting the charge Tuesday.

Story Construction Co. of Ames was ssued a "citation of penalty" by the Occupational Safety and Health Administration following a three-day in spection of the work site, located at the corner of Madison and Washington streets. The inspection was conducted because of an accident July 12 that critically injured Jeff Shank, 35, of

Shank was injured in a 40-foot fall from one of the columns that are a part of the building's overall framework. He was climbing to the top of one of the olumns to help pour concrete into the

The citation states, "Employee(s) were not protected against falls of more than 25 feet by the use of safety nets, ladders, scaffolds, catch platforms, temporary floors, safety belts or other appropriate personal protec-

THE CITATION further states, "Fall protection was not provided for ployees when required to climb nn forms approximately 30 to 45

feet above the adjacent ground level.' "The safety belts that they made available didn't fit me," Shank said in an interview Monday. "I told them several times that I couldn't use it' because he said his waist is too small

In the fall, Shank suffered several broken ribs, a collapsed lung, back and hip injuries, a broken ankle and several ernal injuries. Now that he is out of the hospital, he said he is "definitely considering" legal action against his ormer employer.

Iowa OSHA official Mary Bryant said Tuesday that "while they (workers) were climbing up and down the forms they didn't have anything to

Dick Johnson, general manager and executive vice president for Story, said Monday, "There is a question of whether we were in compliance or not." The firm has not paid the fine. Bryant said Tuesday the OSHA office had received a notice contesting the

"PROBABLY WHAT will happen now is that one of the attorneys for the ureau of Labor will contact Story Construction to see if the citation can be resolved," Bryant said. "If it cannot be resolved, it will be set for hearing before the OSHA review commission. She said the fine "was the result of our inspection that observed the violation." The type of violation the fall was See Accident, page 9
