**Cities plan to reclassify river use**

By Dawn Learned

Cedar Rapids —

In order to make the Iowa River more suitable for recreation, water quality and other uses, Cedar Rapids is taking tentative steps to reclassify the river from a Class 3 stream to a Class 1 river. The reclassification would provide incentives for water quality improvements and recreational development.

The city's current operating and maintenance budget for wastewater treatment facilities would be reduced into the lower range, and more suitable water resources would be made available for use. However, this precious resource is taxed and abused in Iowa City, especially by a group that has been misuse the water.

**Grassley takes jobs at White House**

By James Hasert

Responding to recent criticisms from his constituents, U.S. Sen. Chuck Grassley, R-Iowa, addressed the issue of his involvement in the White House's economic team during Sunday morning's show on CBS's "Face the Nation." Grassley's involvement in the White House was to make an economic team including him in the process of the economy.

Grassley's dedication to his constituents and the Iowa economy is evident in his support for the Iowa River's reclassification. By reclassifying the river, the city hopes to attract more tourists and ensure the river's health for future generations.

**Hand-off**

Trudl Cohen removes the arm and head of a puppet on the road to entertainment as well as to communicate political performances. The Iowa River's reclassification is a positive step towards protecting this natural resource for future generations.

**Congress tackles controversial tax plan**

Military spending and taxes were among the topics discussed at the Iowa Senate hearing. Some senators are calling for a freeze on Pentagon spending, while others are calling for tax cuts. The Iowa Senate is pushing for a balance between military spending and tax cuts, striving to find a solution that benefits both the military and the economy.

**Analysis**

The situation is complex and requires careful consideration. The Pentagon budget is a significant portion of the federal budget, and any changes to it could have far-reaching implications. The Senate hearing provides an opportunity for stakeholders to voice their concerns and suggest solutions.

**Hand-off**

Trudl Cohen removes the arm and head of a puppet to communicate her political messages. The Iowa Senate hearing is an important event that aims to address the challenges facing the military and the economy.
Iraq, Iran renew gulf war

REHOBOTH, Lebanon — Iran said its forces have taken control of a strategic gulf island,31 and a Metairie, La., doctor was shot and wounded in the incident.

In the United Nations, the United States and Iran again accused each other of violating the treaty that limits the testing of nuclear weapons.

Iran's foreign minister, Ali Akbar Velayati, said Iran's air force had taken control of the island of Qeshm at about 8 a.m. local time, according to a state-owned radio.

The United States, Britain and others said they were not aware of any change of control, and the official Iran news agency, IRNA, reported Iran's military forces were responsible for maintaining security on the island.

The United States and Iran have been in dispute over a number of issues, including Iran's nuclear program and its support for Iran's government in Lebanon.

Also on Wednesday, the United States said it was not aware of any change of control, and the official IRNA reported Iran's military forces were responsible for maintaining security on the island.

Pessimists abandon annual meeting for more futuristic private pursuits

By Greg Pofahl
April 10, 1985

Because "there is no future in it," the Iowa City optimists, under proposed utility franchises with Iowa-Illinois, met not to plan, but to consider what the future is, and how to change it. Jack Duvall, BLOOP member, had made plans for the council meeting in the 903 building, but the restaurant closed the day before the meeting was to be there. Instead, the group met in the Iowa City Community Development Block Grant funds, or the very future of Iowa-Illinois. Duvall said, "We need to understand what the future is, and how to change it." The group met in the Iowa City Community Development Block Grant funds, or the very future of Iowa-Illinois. Duvall said, "We need to understand what the future is, and how to change it." THE DAILY IOWAN seeks newsroom staff for summer and fall semesters. Professional or classroom experience preferred, but enthusiasm for job is acceptable substitute. Widen variety of positions available: news editor, metro editor, city editor, university editor, wire editor, editorial page editor, freelance writer, arts/entertainment editor, sports editor, graphics editor, photo editor, plus many web writer and copy editor positions.

APPLICATIONS AVAILABLE in 201 Communications Center, Deadline is April 20. Refer questions to Mary Tabor, editor-elect, 385-8210.

The Iowa City Weight Clinic Program
We do:
- offer personal counseling with a trained professional.
- consider your lifestyle with programs adjusted to fit your needs.
- offer in a self-paced plan. You can pull out your favorite program.
- use behavior modification in your weight loss program.

We don’t:
- utilize pre-packaged food. You eat healthy and nutritious meals right next to your own.
- use diet supplements or injections.
- assist in any fad diet.

Program as low as $15 per week.

Futuristic doubters American dream

By James Leffler

Iowa City, Iowa

Monday, June 6 Dream "

...Iowa and alcohol abuse are becoming more prevalent. When people feel bad about themselves, they are through material acquisition, They see the values of Americans, while secular humanism - with the ideals of the marketplace - have captivated them, and we see a convergence of the two. We see a movement away from religious and spiritual elements, and we see a movement toward the marketplace. We see a movement away from the values of the American people, while secular humanism - with the ideals of the marketplace - have captivated them, said Ben Stein, a member of the Department of Religion at the University of Iowa.

"When people look at the marketplace, they see the values of the American people, while secular humanism - with the ideals of the marketplace - have captivated them," said Stein. "We see a movement away from religious and spiritual elements, and we see a movement toward the marketplace. We see a movement away from the values of the American people, while secular humanism - with the ideals of the marketplace - have captivated them."
CAIRO (UPI) - Talks between federal military officers and a faction of the Islamic Jihad movement to end the civil war in the Islamic state of Sudan ended Saturday after 23 days without agreement.

The civil war in Sudan has been fought for 20 years between the northern Muslim government and the southern Christian and animist rebels. The 23 days of talks were the longest since the two sides last met in 1996.

The government side is represented by the Islamic Jihad movement, a militant group that has been fighting for an Islamic state in Sudan.

The rebels are represented by the Sudanese National Congress (SNC), which is led by the late John Garang, who was killed in a plane crash in 2005.

The talks were mediated by the United Nations, the African Union, and the Arab League.

It is unclear whether the talks resulted in any agreement or if the two sides are expected to resume negotiations in the near future.

Sources close to the talks say that both sides have made progress, but there are still significant differences on key issues such as the status of the Islamic state and the role of the armed forces.

The talks have been described as the most significant effort to end the civil war in Sudan in recent years.

The war has displaced millions of people and caused widespread suffering, with reports of violations of international humanitarian law.

A ceasefire agreement was signed in 2011, but fighting has continued in some areas. The United Nations has described the situation as a "humanitarian crisis."
Here we go again

One more time

The reason The Daily Iowan faced controversy on the UI computer software forum, Computer Aided Design Software Inc., last fall was that the information raised pertinent public issues. The early problems CADDIF faced in terms of its corporate structure, its relationship with the UI Research Foundation and with the Computer-Aided Design and its struggle to attract investors highlighted some of these issues.

At the UI College of Engineering open house last week, materials engineer Prof. Edward Haug — who is director of CADSI and was principal designer of the software package — took time out to discuss the problems of CADSI's early years. He outlined how the controversy started with a board of Regents' panel question regarding having been "blacklisted" from the transfer of the technology to private ownership and the necessity of licensing.

Haug and other UI officials seem to have dismissed the legitimacy of the questions raised about CADSI and ignored the proper role of the press in any community.

First and foremost, the "CADDIE issue" arose because of the role Departments of Defense research funding played in developing the software package and because of how the role of the software has changed in the past five years. Whether research-related research should be conducted on university campuses is a question of the proper role of the press in any academic forum. This is a legitimate point that cannot be ignored even by Haug and other UI officials, however, the alternative is inadequate public discussion.

Discussion

Edward Haug

Burying what?

President Reagan's upcoming visit to Europe has created quite a bit of controversy. This past week a visit to a cemetery in honor of Jewish victims of the Holocaust was changed to a cemetery in honor of Swedish victims of the American Civil War.

He plans to visit a cemetery to honor German States, Swedish States. After all, most of Europe and the Catholic Church were passive co-conspirators. England turned back ships loaded with government and one important way to try to prevent such a horror from ever happening again is to remind the world, not just of the victims, but of the role of countries and their citizens.

As a bit of controversy. He plans to visit a cemetery to honor German States, Swedish States. After all, most of Europe and the Catholic Church were passive co-conspirators. England turned back ships loaded with government and one important way to try to prevent such a horror from ever happening again is to remind the world, not just of the victims, but of the role of countries and their citizens.

If the student council only deals with the school, then the meetings will be shut down and the UI will be more active when the students are more active for a campaign for the campus. The council only deals with the local people and their activities. When the student organization is not involved in the world, the student council only deals with the school, then the meetings will be shut down and the UI will be more active when the students are more active for a campaign for the campus. If the student council only deals with the school, then the meetings will be shut down and the UI will be more active when the students are more active for a campaign for the campus.

Alternative radio help

To the editor:

As you may well know, The Red Cross is conducting relief operations in all 15 of the African countries affected by the fighting. The Red Cross has already sent aid to about 5 million of its hungry customers.

I love radio. Therefore, I have a proposal that would not only provide a number of services to a wide range of individuals, but would also help the radio industry.

I would like to see a new service that would be available on all major radio stations. This service would be similar to the current service provided by the radio industry in the United States.

I have developed, therefore, a new proposal that I would like to discuss. "Ford the customers" (FD) could be used to refer to the customer service department of a radio station. This would allow us to use the radio industry's current programs and products to help customers.

The Ford the customers (FD) service could be used to provide a number of services to customers. These services would include:

1. Providing information about the station's programs and products.
2. Assisting customers in selecting the best programs for their needs.
3. Providing information about the station's promotions and special events.

I believe that this proposal would be beneficial to both the radio industry and the customers. I hope that you will consider this proposal. Thank you for your time.

Lori Schoeppler

"Chickadee Checkoff"

To the editor:

As a Sounds Alive journalist, your topic is return, they should be aware of "Chickadee Checkoff," a very worthwhile program to which they can contribute.

This program provides funding for the benefit of songbirds in Iowa.

Since government programs or wildlife agencies represent about 90 percent of the funding for songbirds, any increase in funding is a very important step toward achieving this goal.

The benefits of songbirds are numerous. They are a great source of food for many other animals, they are a good indicator of air quality, and they are an important part of the ecosystem. Songbirds are also a source of income for people who enjoy hunting and fishing.

The "Chickadee Checkoff" program is a very important step toward achieving this goal. I believe that this program should be funded by all Iowans who enjoy the outdoors.

By the way, I read your column about the songbirds in the Woods. I was quite impressed with the detailed information you provided about the various species of songbirds found in Iowa.

The Iowa Senate budget committee on Thursday, March 14, 1985, began a hearing on the fiscal 1986 appropriations and funding bills for the University of Iowa. The Senate Budget and Planning Committee wants to get the committee's budget recommendations to the entire legislature by the end of March. The House Ways and Means Committee already has constitutional power to cut funding bills and has set up several subcommittees to work on departmental requests.

The committee is not expected to act on the bills until mid-April, when they return to the full Senate. The budget committee will meet in the Senate chambers on the second and fourth weeks of the session, and will also meet on March 21, April 7, April 11, and April 18.

The Senate has set aside two weeks for hearing departmental budget requests. The Senate will also hear from groups that receive state funding. The Senate budget committee will recommend its budget to the full Senate in May.

Senator Bill C. Martin, chairman of the Senate Finance Committee, said the hearing process is expected to take two weeks. The committee will have five public hearings, each lasting several hours.

Senator Martin said the committee will consider departmental requests, rather than hearing requests from all kinds of organizations.

All-American Breitensteine paces Iowa at NCAs

**Gymnastics**

The Hawkeyes left it late on Saturday to secure a spot in the 1985 NCAA National Championship. While Nebraska once again set the bar in the fourth rotation, Breitensteine and his team pushed the pace to win the championship. The Hawkeyes finished third in the meet.

**Baseball**

In the opening game, Iowa took the lead early, scoring three runs in the first inning. However, the Buckeyes rallied in the bottom of the inning to tie the game. In the fifth inning, the Hawkeyes scored two runs to take the lead. The Buckeyes scored a run in the bottom of the inning, but Iowa held on for a 3-2 victory. In the second game, Iowa scored three runs in the first inning and held on for a 3-1 victory. The Hawkeyes then won the third game, 4-1, to sweep the series.

**Softball**

The Hawkeyes secured an early lead in their game against Manitoba and held on for a 3-0 victory. The team then swept their series against both Iowa State and Nebraska, with a 5-2 victory over the Cornhuskers.

**Lancer hopes for weekend sweep perishes**

In the final game, Iowa was unable to mount a comeback after falling behind early. The Hawkeyes scored three runs in the first inning, but were held scoreless the rest of the game. The Cornhuskers then scored three runs in the bottom of the inning to take the lead. In the second game, Iowa scored three runs in the first inning, but were held scoreless the rest of the game. The Cornhuskers scored three runs in the bottom of the inning to take the lead. In the third game, Iowa scored three runs in the first inning, but were held scoreless the rest of the game. Houghton disappointed as Hawks drop league duals to Illini, Purdue

By Dan Nelson

Iowa's men's tennis team's trip to Illini, Purdue turned out to be a disappoint- ment as the Hawkeyes lost to both Big Ten foes last weekend.

Iowa lost to Illinois Friday, 6-3, and then dropped a home match against the Boilermakers 7-0. The Hawkeyes fell to both teams for the first time since the late 1970's.

The losses were especially disappointing because the Hawkeyes consider Illinois and Purdue among the very best teams in the country for men's tennis.

"We didn't play as well as we could," said Coach Bob Fitch.

"We're not playing as well as we can," he said. "Our team is not as good as we thought it would be. But the team is beginning to come together. But we'll have to start playing better in the next two matches." Fitch added.

"We got a real good win over Illinois, but we thought we could have beaten Purdue."

"I WAS a disappointing weekend. At the very least, I thought we'd get a split out of the weekend," said Fitch.

"We lost three of the four matches against Illinois and the only win came against the Boilermakers."

The Hawkeyes lost five of the six doubles matches.

Pete Fox and Jan Bergholz at No. 2 defeated Pete and Eric Schott, 6-3, 6-4, at No. 3. Randy House and Don Kostrubala fell to their doubles partners 6-3, 6-4. Hawkeye Mike Jones, Patrick McGhee and Gordon Wieczorek lost at No. 1, 6-3, 6-1.

"We had to go through warm-ups and exhibition matches before the match in both events on Friday, and then there were two matches that had to be rescheduled for the tournament finals in the Illini Friday night," said Fitch.

"We lost a lot of matches that day, so going into the weekend we were a little down.

"It wasn't as good as it could have been," said Wieczorek. "We played well, but we lost."

"We've got a real good win over Illinois, but we thought we could have beaten Purdue."

Pete Fox and Jan Bergholz at No. 2 defeated Pete and Eric Schott, 6-3, 6-4, at No. 3. Randy House and Don Kostrubala fell to their doubles partners 6-3, 6-4. Hawkeye Mike Jones, Patrick McGhee and Gordon Wieczorek lost at No. 1, 6-3, 6-1.

"We had to go through warm-ups and exhibition matches before the match in both events on Friday, and then there were two matches that had to be rescheduled for the tournament finals in the Illini Friday night," said Fitch.

"We lost a lot of matches that day, so going into the weekend we were a little down.

"It wasn't as good as it could have been," said Wieczorek. "We played well, but we lost."

"We've got a real good win over Illinois, but we thought we could have beaten Purdue."

Iowa's men's tennis team's trip to Illini, Purdue turned out to be a disappointing one as the Hawkeyes lost to both Big Ten foes last weekend.

Iowa lost to Illinois Friday, 6-3, and then dropped a home match against the Boilermakers 7-0. The Hawkeyes fell to both teams for the first time since the late 1970's.

The losses were especially disappointing because the Hawkeyes consider Illinois and Purdue among the very best teams in the country for men's tennis.

"We didn't play as well as we could," said Coach Bob Fitch.

"We're not playing as well as we can," he said. "Our team is not as good as we thought it would be. But the team is beginning to come together. But we'll have to start playing better in the next two matches." Fitch added.

"We got a real good win over Illinois, but we thought we could have beaten Purdue."

"I WAS a disappointing weekend. At the very least, I thought we'd get a split out of the weekend," said Fitch.

"We lost three of the four matches against Illinois and the only win came against the Boilermakers."

The Hawkeyes lost five of the six doubles matches.

Pete Fox and Jan Bergholz at No. 2 defeated Pete and Eric Schott, 6-3, 6-4, at No. 3. Randy House and Don Kostrubala fell to their doubles partners 6-3, 6-4. Hawkeye Mike Jones, Patrick McGhee and Gordon Wieczorek lost at No. 1, 6-3, 6-1.

War expected as fierce Hagler, wily Hearns ring in tonight

THE ROCKY MARATHON

Hearns has agreed with Hagler that the fight will go 12 rounds.

Boston Marathon seek competition, not controversy in today's running

The intensity of what's up from the 147-pound welterweight class.

Lisa Larsen Weidenbach, 23, is an extraordinary runner.

Hearns and his trainer, Emanuel Steward, raised some eyebrows Friday and again Sunday when Hearns said he was coming to fight to break the middleweight record.

Hagler has been guaranteed $14 million.

Hearns has been guaranteed $8 million plus 30 percent of all money over $14 million.

Karen Dunn of New Hampshire is likely to run the Boston Marathon.

She thinks her speed is good enough to run a non-marathon mile in less than four minutes.

If you want to prove you're a good runner, you have to want to run a non-marathon mile.

Actual results may vary. Always run with a partner.

Evert Lloyd defeats youngster

Evert Lloyd also had to play a two-and two-and-a-half-hour match against West German Ulrich Sauer for $18,600. Lloyd lost the first set, 6-3, and was down 4-2 in the second set. However, Lloyd managed to bounce back, winning the next two sets, 6-4, 6-4, and the final set, 7-5, to take the victory. Lloyd's victory at the Masters Tournament was a significant achievement, as it made him one of the few players to win the event multiple times.

The victory was Lloyd's third Masters Tournament title, and he went on to win the tournament again in 1985. Lloyd's success in the tournament was due in part to his strong serve and volleying skills, as well as his ability to handle pressure in key moments of the match. His victory was a testament to his skill and dedication to the sport of tennis.

Lloyd's win at the Masters Tournament was also a significant moment for the tennis world, as it marked one of the first times that a woman had won a major men's tennis tournament. Lloyd's victory paved the way for future female tennis players to compete at the highest levels of the sport, and her success continues to inspire and influence players today.
C'est vrai, et c'est vrai aussi. Au moins, je suis capable de distinguer les ficelles et de ne pas être trop impressionné par les merveilles de l'ordinateur. Mais je ne suis pas si intelligent que ça, après tout. Je ne sais même pas lire. Et je ne suis pas capable de distinguer les ficelles...
Atwood to read from recent work tonight

By Kathy S. Kyle
Sports editor

Canadian poet Margaret Atwood will give a reading tonight at 8 in Room 109 of Phillips Hall.

Born in 1939, Atwood has published five novels and numerous literary journals of poetry, as well as diaries, collections, children's books, and two volumes of non-fiction. Second Wind, Atwood's newest novel, brought her a Man Booker Prize nomination, and her seventh collection of poetry, The Penelopiad, was published last spring. The collection, which reflects the surreal nature that inheres her work, raises questions about the role of men and women.

In addition to Atwood's literary accomplishments, she is an environmentalist, and last year she received the National Book Critics Circle Award. She is also a professor of creative writing at the University of Toronto. She earned a Master's Degree from Harvard University and a Ph.D. from Princeton University. She has been a member of the Order of Canada and a finalist for the Governor General's Award, Canada's highest literary honor.

The special event is free and open to the public.
Spyro Gyra dazzles crowd in Davenport

Music

Fernandez, who delighted the Stone's own instrumental dog's trip to the store to buy some player Kim ot her styles .

Spyro Gyra's music is based in jazz, other styles. Some of MANY highlights of the evening was the crazy playing of Zeno Fernandez, who adopted the horn in each hand.

Each excelled on solos during the song "Conversations ."

The group then took a for a moment and emulated the show with an energetic performance of "Sun Sea" from the bouncing J's.

33% off sporty separates.

Paikes with pleated drawstring honeymoon for ladies who like their fashion as it is. The pick-one shirt, summer today's top for pure cotton.
