Handicapped face access problems

By Dave Cohn

Being a delegate to the Demo- 
cratic Party state convention 
was a big deal for Barry 
Jackson of Des Moines.

But enough is being done to 
educate people about AIDS,

and the state Board of 
Regents approved current 
lien rate per hour as a part of 
their meeting on Monday.

By Dan Woods

"It's a good world to be in," 
Hansen said. "I'd like to try 
to involve ourselves in politi-
cal matters, but we can't afford 
the time and effort that such 
activities require."

Frohman declined to say if the 
family members of Dan 
Wright were being 
asked to remove their names 
from the.''by the now 
rented out 
Iowan, said.

Hansen said that he would 
"not be overjoyed" by the 
results of the elections 
for 
student government, 
but he said it was 
important that the students 
should be represented 
by the new administration.

"If you can't make a living 
for the guys in the 
regional political 
examinations, and he 
will work to make sure 
that the kids are 
covered."
South African police order eviction of black refugees

JOHANNESBURG, South Africa (AFP) - Police Monday ordered the evacuation of hundreds of black refugees who have occupied white-owned shanty towns in South Africa to make way for white families. The order came after a month of growing tension in the suburbs of Pretoria, where thousands of black refugees have set up shanty towns on empty lots. The police said they were protecting the general public from further violence. The refugees, who have lived in the townships for decades, said they would not leave without a fight. This could lead to further violence and bloodshed.

WASHINGTON (AFP) - Federal law does not protect AIDS victims from dismissal. However, the government order to vacate the townships is seen as a violation of the refugees' constitutional rights. The refugees have been living in the townships for decades and have built their lives around them. They say they will not leave without a fight and will face the police with determination.

WASHINGTON (AP) - Senators have announced the unanimous approval of the tax reform bill, which includes a provision to provide tax relief for crime victims. The bill was approved by a vote of 99 to 0, with none opposing. The legislation would provide tax relief for crime victims, their families, and those affected by crime. The bill was supported by both parties and is expected to be signed into law soon.

WASHINGTON (AP) - Senate leaders are unsure about whether the tax reform bill will pass, as they face opposition from some members of Congress. The bill includes provisions to provide tax relief for crime victims and their families, as well as those affected by crime. However, some members of Congress are concerned about the potential cost of the bill. The Senate is set to vote on the bill later this week.

Iowa City band opens summer season

By Eric Worsok

The IOWA CITY COMMUNITY Band opens its 28th season Sunday afternoon at the steps of the Iowa City Public Library. For the first time in the band's 91 years, the band was led by Professor of Music Mark D. Smith. Smith, appearing as guest conductor, directed the band in a medley of popular and classical music.

Music

The band, which is known for its high-quality and classic performances, will be performing a variety of music, including traditional Irish folk songs and contemporary hits. The band's repertoire includes works by composers such as Beethoven, Mozart, and Brahms.

Entertainment Today

At the Bijou

The New Delhi News review The season: On "Wagamama" the quirky characters are played with verve and veracity. The characters are well-drawn and the performances are excellent. The story, however, is a bit predictable and the ending is somewhat abrupt.

Television

On Saturday, the show "The X-Files" aired on FOX. The show is about a group of FBI agents who investigate paranormal activity. The show has been praised for its storytelling and the performances of the cast members.

Workshop

A workshop will be held on Saturday, from 2 p.m. to 4 p.m. at the Iowa City Public Library. The workshop is free and open to all.

Art

The Iowa City Public Library will host an exhibition of art by local artists. The exhibition will run from June 1st to July 31st. The library is located at 200 S. Gilbert.

Art Events

Friday, May 14

Prosecutor says drugs killed Bias

UPPER MARLBORO, Md. (AP) - Cocaine was a key element in the death of Loyola basketball star Herb Bias, authorities said Monday.

District Attorney Richard Mandel said Michael Marshall, a friend of Bias, told him the student had been smoking marijuana and sniffing a mixture of cocaine and glue before he died early Sunday of a heroin overdose.

"We're not looking at this as a drug problem," Mandel said in an interview. "We're looking at this as a distribution or possession of a controlled dangerous substance."

Marshall, 24, was being held on state and federal narcotics warrants. He was named as a co-conspirator in a federal drug conspiracy indictment

Bias had two years left on his college eligibility after he transferred from the University of Maryland to Loyola College in Maryland.

"I'm just at a loss for words," said Maryland coach Gary Williams. "It's going to be a very, very difficult year for us."

At Loyola, Bias was a guard for the men's basketball team and a forward for the women's team.

Bias had been a star in high school at Upper Marlboro High School in Prince George's County, where he played basketball for former Maryland coach Tubby Smith.

"It's devastating for the whole community," Smith said. "He was a great kid and a great player."

USFL owner portrays NFL as instigator

NEW YORK (UPI) - New Jersey Generals owner Charlie Seavey believes the USFL is the driving force behind the NFL's antitrust case against the league.

The Generals were the first USFL team to file suit against the NFL in December, followed by the New Orleans Breakers and the Memphis Showboats.

The Breakers and Showboats have now formally appealed to the U.S. Supreme Court.

"They've been smoking marijuana and sniffing a mixture of cocaine and glue before he died early Sunday of a heroin overdose."

"I'm just at a loss for words," said Maryland coach Gary Williams. "It's going to be a very, very difficult year for us."

By Dan Wilks

Women's professional golf has been on top of the charts in recent years, as more women take up the sport and compete at high levels.

In an article in the Daily Iowan, it is mentioned that women's golf is becoming more popular, with more galleries and money being earned by female golfers. This is attributed to the transition from men's golf, where there is a lot of money being earned, to women's golf, which is becoming more popular with the younger generation.

The article also highlights the role of TV in promoting women's golf, with more women watching the sport and becoming interested. The increase in popularity is also attributed to the growth of the LPGA tour, which has become more competitive and has seen an increase in prize money.

The article mentions the example of Jay Haas, a men's professional golfer, who turned to women's golf after his career in men's golf ended. He found success in women's golf and is now a part of the LPGA tour, which is a testament to the growth and acceptance of women's golf.

The article concludes by highlighting the importance of cooperation between men's and women's golf, as well as the need for more women to take up the sport and compete at high levels. It also emphasizes the role of media in promoting women's golf and the need for more coverage and support for women's golf events.
