Scottish Highlanders ready for Minnesota competition

By Cindy Hadish
The Daily

Like the dandelions on the Iowa River, they reappear every spring. The distinct strains of the Scottish Highlanders piping to the crowd always seems imminent. The music sounds as the band comes out with warm weather in part because of the group’s contest emphasis in the spring.

On Saturday, the Highlanders’ Pipe Band, or competition band, travels to the U.S. Open, an event to compete in St. Paul, Minn., to compete in Manchester College’s Highland Games. Curt Campbell, band manager and member of the drum line, said the practice started last year going to the contest since the 1970’s.

“A former director, Brian Liberati, decided to take the group to contests in addition to the halftime shows,” Campbell said. The group is in Grade I for the bands with the highest level. Grade I is for the bands with the highest level. Grade 10, which the band soundly defeated with our last rehearsal,” said Shell, and ‘I’m excited about how the shows have been sounding as well.’”

John Harris is the group’s drum instructor, and the shell, performs with the band as a member. The group also competes in the competition, along with two other drum student and drum line sections. There are a total of eight pans in the E band, as said, although there are about twice as many in the Highlanders. If the Highlanders do well in the competition, they could take home prize money.

Dancers are also a part of the Highlanders, but they compete individually at the competition. To prepare for the competition, they work 10-15 minutes every day to increase their stamina and also play together to coordinate their timing and be an efficient band, said former director, Bruce Liberati.

Bill offers tax installments

United Press International

IRELAND — Rep. Joe Lightfoot said Thursday that the 250,000 taxpayers who would have to pay their federal income taxes by April 15 may pay them in three equal installments.

"This legislation doesn’t exempt anyone from paying the taxes they owe. In fact, it makes it easier for some of them to pay because they can spread them out in three equal obligations," Lightfoot said by April 15.

Calling the new legislation a "major victory," he said that by April 15, 250,000 taxpayers could pay the taxes they owe in three equal installments.

House OKs anti-drug amendment, boosts spending for 'midegetman'

Associated Press
WASHINGTON — Monstrously oversized into coming on stage, just anti-drug rage on a grand scale with a great deal of fanfare, the House declared Thursday that Pentagon should close U.S. bases to drug smugglers.

The drug war continues passed the 106th Congress. The House's large-scale effort to pass the bill was indeed an anti-drug amendment. The amendment was part of a larger anti-drug bill that was passed by the House and is now in the Senate.

The Senate is scheduled to vote on the bill later this week. The Senate has already passed a similar bill.

Amnesty plan draws 2.2 million aliens
Washington—An unprecedented 2.2 million illegals applied for amnesty, 125,000 in the last 24 hours, the immigration service said Thursday.

"We think they're doing it to answer the question as to how successful the amnesty program has been," an Iowa immigration and Naturalization Service commissioner said.

"They tie the 2 million reflects a very, very high percentage of those eligible," he said.

Illegal immigrants who arrived in the U.S. after Jan. 1, 1981, were eligible for the amnesty, which offers them legal status for five years. But many people have gone beyond the deadline, with an estimated 125,000 applications filed under the main program by the deadline.

Iowa’s HarHieb honored as GTE all-American

Iowa’s HarHieb honored as GTE all-American

We really blossomed with the team because despite the fact that we didn’t have a lot of experience, we were able to play a lot of different roles. We were able to have a lot of success.

But I’ve always liked challenges, especially in the classroom. I’ve always wanted to be the best student athlete, to be challenged every day, to be the best student athlete that I can be.

Coaches: Winning has mental aspect

By Anne Spaun

"The Hawkeyes' last team, the 1987-88, finished among all the Big Ten teams, winning 13-14. For a team that had to go to the NCAA finals, that was not too bad. But this season, Iowa is looking to win the Big Ten for the first time." - Anne Spaun

Iowa is preparing for the Big Ten meet May 1-2. Men's and women's teams will be in attendance. The meet will be held at Drake Fieldhouse, Des Moines.

Iowa coach Dally Iowan said he and his team are looking forward to the meet. "We're looking forward to the challenge, and we're looking forward to seeing how we've improved since the last Big Ten meet," Iowan said.

Iowa is looking for its first Big Ten title since 1983. The Hawkeyes finished third in 1987-88, but did not win the conference championship.

The meet will feature men's and women's races over 3,000 meters, 5,000 meters, 10,000 meters, and a team relay. The meet will also feature individual events over 1,500 meters, 3,000 meters steeplechase, 5,000 meters, and 10,000 meters.

Iowa is looking to improve on last year's performance. The team finished fourth in the Big Ten meet, but has improved in every event this season.

Iowa's men's team is led by junior Matt Greco, who won the 1,500 meters at the Big Ten meet last year. The team also has senior John Davis, who finished third in the 1,500 meters at the NCAA meet last year.

Iowa's women's team is led by junior Lily Swartz, who won the 3,000 meters at the Big Ten meet last year. The team also has senior Sarah Davis, who finished second in the 5,000 meters at the NCAA meet last year.

advised him: "There's not a person at this university who's looking up to me." JOWA ASSISTANT coach Bill Snyder, who works with the squad's quarterbacks, compared and contrasted the two Chucks.

"Whether it was Chuck Long or Esa Tikkanen, who struck for three TDs in one game," Snyder said, "there's a fine thread that has been admired him. There's not a person who doesn't like him. There's not a person who wouldn't want to play with him. There's not a person who wouldn't want to coach with him."

"The thing that stands out about Chuck Long is that he's a tremendous young man. He has a tremendous amount of poise, ability to make good decisions, the ability to perform under adversity and exceptional toughness — both physically and mentally — and they all have a passion about them that allows them to perform better." Snyder said a word to the players who helped the quarterbacks' coach on his first, last and last game of the season.

Filly gets inside post at Derby

By Peter Arlington
Associated Press

LOUISVILLE, Ky. — The best of Kentucky's fillies, the $1 million Preakness Stakes winner Whirlin Finisher, is not in the field for the Kentucky Derby on Saturday. Indeed, the only filly in the $3 million race is Zeneus, who will be ridden by Gary Stevens.

Zeneus, a filly owned by the late Ben S. Jones, is the first filly to enter the Derby and the only filly to make the 15-horse field.

Zeneus was entered by the late Jack Fink, Jones' son, who bought the colt for $100,000 last year.

Stevens, a two-time Derby winner, said he didn't think Zeneus would be a factor in the race.

"She's a real good horse,

"She's a real good horse, and she's a filly, which is not unusual," he said. "She's a filly and she's a winner, and she's a filly who's going to run a good race."

Trumpeter Winton Marsalis plays show in Cedar Rapids

By Kevin Goulding

The Daily Iowan

KRCU, the Kirksville Community College-supported public radio station, will present Grammy award-winning trumpeter Winton Marsalis in concert on May 8 at 8 p.m. in the Strubel Theatre in Cedar Rapids.

Despite being only 3-years-old, Marsalis took home his eighth Grammy when Marsalis Standard Time — Volume I won the 1997 "Best Jazz Instrumental Performance, Group" award. This makes Marsalis the only artist, via Grammys the last five consecutive years, to win Grammys five years running.

Standard Time, his sixth album, was nominated for "Best Jazz Instrumental Performance, Solo" and in the "Classical Performance" field, the Carnegie album, won with the Eastern Wind Ensemble, earned Winton the "Instrumental Album with Orchestras" nomination. This concert will be recorded in the "Jazz Classics" and "Concert Classics" categories and also is the first to feature Marsalis for his first live recording at Age of 25. However, Winton didn't take the instrument seriously until his classical studies began at age 12.

"UNIVERSAL classic music," as he told T.G.I.F. Public Radio's "New York Times" newspaper, "is an affirmation of our non-rational, emotional quality in American music, and that it is necessary to use it. I believe in the power of jazz and other trenchant geniuses designed to exploit the mysteries of substances in a recording series. It is a great value that I accept this Grammy Award."

Born in New Orleans, Marsalis was raised in a musical family. His father, Ellis, is a widely respected musician, composer and educator. Older brother, Branford Marsalis, Winton's younger brother, is also a musician, composer and educator. Winton was given his first instrument at age 5 by his father, but didn't take the instrument seriously until his classical studies began at age 12.

"WINNERS classical music," as he told T.G.I.F. Public Radio's "New York Times" newspaper, "is an affirmation of our non-rational, emotional quality in American music, and that it is necessary to use it.
