Space shuttle Discovery lands safely, ends secret mission

EDWARD A. FORBES NASH - Cape Canaveral (AP) — Space shuttle Discovery低调地回到其位于这个地区航天港的基地，标志着它成功地执行了最近的航天任务。据官方消息，航天员们在轨道上度过了大约90次环绕，然后在佛罗里达州卡纳维拉尔角的肯尼迪航天中心成功着陆。

这个任务被称为秘密任务，因为它没有对外公开。然而，一些航天专家和当地居民表示，他们注意到异常的保密措施和任务的低调方式。

任务的执行日期是2021年7月17日，当时正值夏季，天气晴朗。

Millions of Czechs continue to protest

PRAHRA, Czech Republic (AP) — Millions of people ignore government calls to end their protests against austerity measures and to support the upcoming presidential election in this central European country.

Demonstrations continued in Prague and other cities Wednesday and Thursday despite a government call for them to end.

The protests, which have been going on since March, are led by a coalition of leftist groups and trade unions.

Smiley released early from 2-year probation sentence

KATY, Texas (AP) — Former Houston Rockets guard Earvin "Magic" Johnson was released early from a two-year probation sentence he was serving in connection with his conviction for driving while impaired.

Johnson's probation officer recommended that he be released because he had "made substantial progress" toward his rehabilitation, according to a Houston police department bulletin.

Johnson was sentenced to five years in prison in 1986 after he was arrested for driving under the influence of alcohol.

CAC councilors vote to postpone impeachment trial of McKinsey

DENVER (AP) — A Colorado state legislative panel voted Thursday to postpone the impeachment trial of former state Sen. John Hickenlooper, who is facing charges in a criminal investigation.

Hickenlooper was arrested in November 2020 for driving while under the influence of alcohol.

The vote came after the panel heard from witnesses who testified about the case.

Coye's claims 'Extraditables' bombed jet, killing 107

BOGOTA, Colombia (AP) — A Colombian politician claimed that a group of former government officials had launched a bombing attack on a jet carrying the exiled former President Alvaro Uribe.

The attack, which occurred on the outskirts of Bogota, reportedly killed 107 people and injured dozens more.

The group called itself "Extraditables," and said it had been formed to defend the rights of people who had been unjustly persecuted by the government.

The Colombian government has not commented on the claims.

UI probe builds for Legionella

Ventilation-related disease suspected

SALT LAKE CITY (AP) — A possible link between Legionnaires’ disease and an ongoing outbreak of Legionella pneumophila in Utah has been identified by health officials.

The disease is caused by a type of bacteria that can be found in water systems and can cause severe respiratory infections.

The outbreak has been linked to a water treatment plant.

Several people have been hospitalized with symptoms of Legionnaires’ disease, including fever, cough, and shortness of breath.

The investigation is ongoing, and officials are urging people to avoid contact with the affected water sources.

Legionella is a common waterborne disease, and outbreaks have been reported in other parts of the country.

Between April 1 and June 30, there were 10 reports of Legionnaires’ disease in Utah, according to the Utah Department of Health.

The department has advised people to avoid contact with the affected water sources, and to consult a doctor if they experience symptoms of the disease.

The investigation is ongoing, and officials are urging people to avoid contact with the affected water sources.

Reflections on the 1980s: The Prague Spring

"Praha 80" remembers its impact

BANGKOK (AP) — The "Praha 80" movement, a group of Czech intellectuals and students who called for democratic reforms in the late 1980s, is marking the 30th anniversary of its founding.

The movement was instrumental in bringing down the Iron Curtain and paving the way for the collapse of communism in Eastern Europe.

The movement is considered a key factor in the fall of the Berlin Wall and the end of the Cold War.

The movement's leaders, including Vaclav Havel and Vaclav Klaus, later became presidents of the Czech Republic.

For more information, please visit the website of the "Praha 80" movement.
Residents come home to waterlogged Mayflower

In Brief

Briefs

Iowa City's time card system is being upgraded to eliminate the error of employees clocking in more than once. It will also automate the process of collecting and reporting employee time cards. The new system will replace the current manual method, which involves an employee punching in and out on a time card. The new system will use an electronic time clock, which will automatically record the employee's hours worked and generate reports. Employees will be required to swipe their employee ID cards at the time clock, which will then record their time. The new system is expected to be implemented within the next few weeks.

Waste dilemma

Early next year, the United States will begin producing radium-doped glass for use in health-care related applications. According to a new report, the plant will be built at a cost of $5 billion. The plant will produce radium-doped glass for use in medical applications.

Pundit lambasting process of era

Pundits have been quick to critique the process of the era. Many have expressed concern about the lack of transparency and accountability in the decision-making process. The process has been described as "opaque and opaque." Critics argue that the process is not open to public scrutiny and that decisions are made behind closed doors.

Letters

Witch hunt?

The problem of the witch hunt is a well-known issue. It involves the persecution of individuals who are believed to be witches or who are accused of witchcraft. The witch hunt has been described as a "terror of the era." It is characterized by a climate of fear and anxiety, as well as a lack of due process and fair trial. The witch hunt is a serious violation of human rights.

Hollywood's women are no role models

Hollywood's women are often portrayed as role models, but they are no role models. Many of them use illegal substances, and some even engage in prostitution. The image of Hollywood's women is often distorted, and it can be harmful to young girls. The media should be more responsible in their portrayal of women in Hollywood.

Betsy Hickok

Betsy Hickok is a well-known journalist who has written on the issue of Hollywood's women. In her article, she points out that Hollywood's women are often depicted in a positive light, but this is not always the case. Many of them engage in unsavory behavior, and some even use illegal substances.

Stalinskosaurs

In a recent article, "Stalinskosaurs" has pointed out the absurdity of Hollywood's portrayal of women. The author argues that Hollywood's women are often depicted as strong, independent, and confident, but this is not always the case. Many of them are portrayed as weak and helpless, and this is damaging to young girls.

Summit to address El Salvador

Bush condemns Soviet's missile shipment earmarked to leftists

WASHINGTON - President Bush will use the summit meeting with Soviet President Mikhail Gorbachev this week to press the Kremlin to halt a shipment of Soviet-built SA-5 missile systems that are designed to be used to down U.S. planes in El Salvador, officials said Monday.

Soviet Premier Andropov previously approved the secret shipment of SA-5s to Salvadoran communists. This week's meeting is seen as a major test of the Gorbachev initiative to improve trade and technology transfers with the U.S.

But U.S. officials said Monday the president wants to use the summit to press Gorbachev for agreement to halt the shipment. The officials said Bush will tell Andropov that the missiles could lead to an escalatory arms race with the U.S.

An administration official said Bush would press the Kremlin "to take action to ensure that these arms do not arrive in El Salvador."

The official said the president will caution Gorbachev that the missiles could increase the likelihood that U.S. or Soviet forces might be shot down in action. The official said Bush will make a new appeal to the Kremlin to stop all arms transfers to El Salvador.

The missiles are a major test of the U.S. administration's efforts to improve relations with the Soviet Union. They also come as Gorbachev tries to determine Soviet policy toward Central America in general and El Salvador in particular.

Soviet officials have said that the U.S. personnel mistakenly identified the missiles as being of U.S. origin.

The officials said the administration wants to ensure that the missiles do not reach Salvadoran guerrillas, who are fighting a civil war with U.S.-backed, right-wing regimes in the region.

Briefly

Bush threatens to suspend support of U.N. - WASHINGTON — The Bush administration threatened Monday to suspend all U.N. financial support for the United Nations if the General Assembly recognizes Palestine as a state. State Department spokesman Margaret Tutwiler said there is "real doubt" whether the U.N. General Assembly will vote to recognize the Palestinians as a state. She added that the U.S. "is committed to discussing the matter." Tutwiler also said the U.S. must look at whether the U.N. is a "friendly" or "hostile" organization.

Indian president dissolves Parliament - NEW DELHI, India — The president dissolved Parliament on Monday, January 1, setting the stage for a general election in a country that has been ruled by the Communist Party for nearly 30 years. The party has been in power since 1947, but voters in the world's most populous democracy took it to the polls to elect a new government.

Baltic states win economic independence - MOSCOW — Legislators approved major reforms Wednesday in the three former Soviet republics of Estonia, Latvia and Lithuania, moving to establish these states as independent nations.

Hungrarians vote to delay elections - BUDDHIST - Bangkok, Thailand — A referendum Monday on whether to hold general elections in the former Communist country of Thailand failed by a narrow margin, delaying plans for a transition to democracy.

Bush threatens to take action against UN - Washington, D.C. — President Bush threatened Monday to suspend all U.N. financial support for the United Nations if the General Assembly votes to recognize Palestine as a state. The U.S. is said to be considering a formal resolution to suspend funding for the U.N. if the assembly votes in favor of Palestinian statehood. The U.S. is the largest contributor to the U.N. budget, paying $1.1 billion annually.

Aoun rejects ultimatum to 'clear out' - BAABDAD, Lebanon — Christian army commander Leon Aoun refused an ultimatum by the presidency and threatened to "clear out" any troops remaining in the presidential palace, which he took over as his headquarters.

Christian leader Gen. Michel Aoun rejected an ultimatum on Monday that postponed the presidential election, saying he would not withdraw his forces from the palace until the president's term was over. Aoun was a strong contender in the presidential race and was squeezed out of it at the last minute by the generals who control the army and the presidential palace.

Six Hawks named to all-America team

The Daily Iowan

Junior sweeper and field hockey player were named to the College Field Hockey Coaches Association National Tournament All-American team for the 1989 season.

The six include seniors Carla Fridkis, Erin Richards and John Herson and freshmen Erin Cheeseman, Matthew Herson and Samantha Raese.

The seniors were named to the All-American team for the third time, while the freshmen were named to the second team.

Wilson signs two-year deal

TORONTO (AP) - Mandy Wilson, who sparked Toronto's drive to the American League (AL) West title after being acquired in August, is returning to the Blue Jays for at least two more years.

Wilson, who had been a free agent after the New York Mets left him agent, on Monday signed a two-year contract with the Blue Jays for $1.5 million in 1990 and $1.75 million in 1991.

"It's great," said the right-handed pitcher. "I'll sure be glad to stay with the Blue Jays for at least two more years."

The Blue Jays, who had an aggressive program with Wilson, are keeping one of their key free agents.

U.S. ban on North is lifted

WASHINGTON - An American ban on trade and travel with North Korea was lifted on Monday, as part of a summit agreement to take steps toward ending the 1950-53 war.

In Washington, Treasury Secretary Nicholas F. Brady and Commerce Secretary Ronald H. Reagan announced that the ban will be lifted immediately.

The ban applies to North Korea and Hong Kong, where Americans have been banned since 1950.

They also said that the North Koreans had agreed to allow the United States to open a trade office in North Korea.

"It is the right time to move forward," Reagan said.

Tigers win Classic in Stewart's return

LAUGHLIN, Nev. — While Stewart Stewart's return brought the Tigers a much-needed victory, it also set off a series of events that would ultimately lead to the championship.

The Tigers, under the guidance of their new head coach, took the field with renewed energy and determination. Stewart's presence on the court was a testament to his dedication and love for the game, motivating his teammates to give their all in every play.

Stewart's return was not only a win for the team but also a victory for the community, as it demonstrated the power of perseverance and resilience. The Tigers' victory, especially in the final round, was a testament to their hard work and the support they received from their fans.

This win not only solidified the Tigers' place at the top of the league but also set the stage for a bright future. The team is now well-equipped to face any challenge that comes their way, with Stewart's leadership and the unity of the team.

As the season progresses, the Tigers continue to grow, both on and off the court. Their victory in the Classic is just the beginning of what promises to be an exciting and successful season.
Hawks to face experienced Bulldogs

Bryan Miller
The Daily Iowan

Round two of the 1989-90 Iowa basketball season has the same separate in the center.

The Hawks return to the spotlight this week, looking to continue their winning streak. They have won their last two games, including a 102-79 victory over Missouri State last Saturday.

The Hawks are currently ranked 13th in the nation, and their next game will be against the University of Kentucky, ranked 4th.

Coach Lute Olson said, "We are excited to face Kentucky. They are a very talented team with a lot of experience."
