Balkan Soviet intrusive leaves the Krem­lin Tuesday with a member of the Communist Party Central Committee or the government. The proposal, advanced by West German Foreign Minister Hans-Dietrich Genscher, was only half-endorsed, even though the two countries have had close ties.

Continued odors from oil factories have Jacksonville residents fuming.

Jacksonville, Fla. (AP) - The news came without any help from the local system, but a grand jury report tells residents what they already knew: Jacksonville stinks.

The grand jury heard the report on June 14, 1983, but it had been sealed as two paper mills and two chemical plants criticized in the report.

Four companies say they have opened expensive tests to eliminate odors.

Judge: Media will not affect Cheathing trial

Kathy Davis

The Daily Iowan

Frank Cheathing's application to delay public access to a potential settlement hearing and to keep his name confidential was denied Monday by a judge.

Cheathing, 45, of Bellevue, Ill., was charged with negligent homicide in the 1993 death of his 32-year-old wife, Donna, who was killed in a car crash near her home.

A grand jury returned an indictment against Cheathing Aug. 9.

The judge denied Cheathing's request for an order to seal the case.

Parental leave

Council awaits parental task force review

By LILA CALLISON

The Daily Iowan

The council is waiting for the results of the state's first parental leave task force, which is expected to report this week.

The council and the state have both encouraged employees to take parental leave in order to support their families.

In 2006, the council passed a resolution encouraging employees to take up to 12 weeks of unpaid leave to care for family members.

The state's task force began its work last year and is expected to report its findings this week.

The council is waiting to see what recommendations the task force makes before making any decisions on parental leave policy.

The council has also discussed the possibility of implementing a parental leave policy for faculty members.

"We're looking at what other institutions are doing and what works best for our institution," said Council Chair Jane Smith.

The council has already discussed the possibility of implementing a parental leave policy for faculty members.

House passes controversial 'motor voter' bill to combine voter, driver's license registration

WASHINGTON—The House passed legislation Tuesday making it easier for Americans to register to vote by establishing automatic driver's license and voter registration procedures.

The measure, HR 1182, would make it easier for Americans to register to vote by linking their driver's license and voter registration. It was passed by a vote of 318-102. Republican Rep. D-Wis., a sponsor of the bill, said the legislation would make it easier for Americans to register to vote by linking their driver's license and voter registration.

Aoun's soldiers take Beirut suburb

BEIRUT, Lebanon - Gen. Michel Aoun's soldiers drove scores of Islamic guerrillas from a strategic hillside overlooking Beirut on Monday, adding yet another chapter to their years-long struggle against the Israelis.

The fighting continued for a second consecutive day, with the guerrillas launching a new offensive early Monday. The guerrillas declared a cease-fire late Monday, but Aoun's forces continued their advance.

The fighting comes as Lebanon enters its second year of civil war, with the government and its allies battling for control of the country.

The conflict has drawn international attention, with the United States and France sending military aid to help the government forces.

Los Angeles, CA - The Los Angeles County Board of Education has decided to implement a year-round school schedule in the school district.

The decision was made after a series of public meetings and discussions, with input from parents, teachers, and students. The year-round schedule will begin in the fall of 1992.

This move is part of a broader effort to improve the quality of education in Los Angeles, which has long struggled with high dropout rates and low test scores.

The year-round schedule will also help to address the issue of overcrowding in many schools.

The Front offers candidacy in Romania's elections

HURSAVITZI, Romania (AP) — Prime Minister Ion Iliescu said on Tuesday that his party will run a presidential candidate in Romania's elections, which are expected to be held in May. The Front, led by Iliescu, a former Communist official, is one of the major political parties in Romania.

Iliescu, a long-time opposition leader, has announced that his party will present a candidate for the presidency. He said the Front has been working on this decision for several months and that the candidacy will be announced in the next few days.

The Front, which was dissolved in 1990, was re-established last year with the aim of running in the presidential elections. Iliescu has been a controversial figure in Romanian politics, having been in power for most of the country's post-communist history.

President George Bush is neglecting the need to act in response to global warming. In his recent State of the Environment address, the chief of his environmental group, Bob, said America is "committed to aggressive and very tough measures" to reduce greenhouse gases. Yet he made no recommendations on what should be done other than research alone.

Drake hoop players want their side told

The Daily Iowa (AP) — Drake University basketball players believe they were the victims of an entire series of false accusations leading up to the school's decision to cut the program. The players have released an open letter outlining their side of the story.

"The biggest question is when are we going to resume the正常 operations," said Mike Mahon, Drake sports information director. "I think you're going to have a lot of questions answered."

The team met Monday night with Coach Tom Bateman and administration officials about the situation. The players said they would not play unless their concerns were addressed.

"We're going to meet with Drake's basketball team and they have been talking with Drake officials, Michael Ferrer and other school officials before coming to Drake," said Mike Mahon. "But we need to know when the team is going to meet with the committee.

"The team is not going to play unless they meet with the committee."

Kantorei tour to Soviet Union fosters international relations

Martha Brookway
The Daily Break

In order to promote East-West relations, gain cultural experiences and encourage new friendships, the UI Kantorei will present a concert tour this spring throughout many cities in the Soviet Union. To raise money for the trip, Kantorei will perform a concert on February 23 in Clapp Recital Hall.

Kantorei, the UI's elaborate organ of a premier mixed choral ensemble, is made up of 100 skilled singers, most of whom are graduate music majors. Kantorei has retained a reputation as an outstanding, professional ensemble because of its numerous concerts each year, high musical standards, and successful tours. Kantorei has been under the leadership of William Hatcher, who has directed the ensemble since 1971.

The tour will consist of 15 concerts in 16 cities, with three concerts in Estonia. The Kantorei tour will be sponsored by the UI Foundation and funded by private donations and corporate sponsors.

The Kantorei tour will feature a variety of choral literature, ranging from traditional hymns to contemporary works by British, Russian, and American composers. The tour will conclude with a concert in Moscow, the capital of the Soviet Union.

The Kantorei tour will provide an opportunity for UI students to experience the rich cultural heritage of the Soviet Union and to establish new friendships with students from Russian universities.
