Student Senate hosts debate

Student apathy is problem at UI

Amie Marie Williams

Drug use, student authority and the high cost of state support are
problems that the Student Senate expects to address this
school year.

Williams gave the opening remarks at the Senate's fourth meeting of the year Tuesday.

At the meeting the Senate sippl"ed a resolution of support for a student-run radio station.

A Senate resolution was also adopted calling for a referendum on a student fee.

The Senate also considered the question of a fee for bus service,

and members voted against a resolution calling for a fee for

canine service.

Subway derail; 3 dead

Accident worst in city transportation history

The train derailed after colliding with a pedestrian at the University of

Pennsylvania subway station Wednesday.

The accident was the worst in the city's transportation history.

Office riders were reported to be waiting at the station when

the train derailed.

The accident occurred shortly after the train exited the station.

The train was traveling westbound when it struck the pedestrian

on the tracks.

Emergency workers were in attendance.

Large study confirms French abortion pill's effectiveness

SOPHIE AP - The French abortion pill is 89 percent effective in terminating early pregnancies and works about as well as traditional abortion methods, a large-scale study confirms.

The pill, known in English as RU 486, or mifepristone, is sold only in France, where it is known as a medical abortion. RU 486 was first approved for use in France in 1992.

The study, published in the March 8, 1990 issue of the New England Journal of Medicine, is the largest to date to assess the pill's efficacy and safety.

The pill is given as one pill for two days and is effective for up to 72 hours after unprotected sex.

The pill stops the lining of the uteruses from developing, and the pill is then taken to prevent the embryo from implanting.

About 87 percent of the women taking the pill did not get pregnant, according to the study.

The pill is administered by a doctor, and it is not available without a prescription.

In France the pill is available without a prescription for women who are less than 72 hours pregnant.

The pill is given as a single pill for two days, and it is effective for up to 72 hours after unprotected sex.

The pill stops the lining of the uteruses from developing, and the pill is then taken to prevent the embryo from implanting.

Funds for teaching/research fellowship to be put to better use

Laurie Anderson

The Daily Iowan

The check is ticking on the Teaching Research Fellowship programs that have been put to the test.

Students who hold Teaching Research fellowships will be allowed to try their hand at teaching and research. The programs are being put to the test to see if they will work.

"The Teaching Research Fellowship was a four-year program in which graduate students were paid to conduct research in the fields of their choice and to take the resources and allocate them to different programs," David said.

"We have had a survey of other major research universities to look at their fellowship programs and found that this program was least interestingly competitive," Dave said. "This change allows us to better put the program to the test.

"Teaching Research Fellowships starting Monday will be offered to students who are working on doctoral programs, which excluded students working in a course of fine arts degree," Schulte said.

"The UI Graduate Council came to the conclusion that we might be better off to meet the needs of the university's mission and the needs of the students," Schulte said. "It was ruled to our advantage, the needs of the UI Department had not been met at all.

But this year 800,000 was removed in the Arts Department and the other 600,000 dollars, which are Teaching Research fellowships scholarship will be held by students, according to Dave.

Board unaware action was officially an option

By LINDSAY KENNEDY (AP) - Members of the Iowa Board of Optometry were unaware of a disciplinary action against Monticello optometrist Gary Davis, who was initially declining to discipline Davis, said Hannon, who was appointed as the board member has told legislators.

"The board later decided to hold a reappointment to the Board of Optometry Davis is subject to Senate confirmation this year. Fishy was a consultant about the Parker case, which drew the attention of board members," Hannon said.

"The media had a byline with that particular case and, I believe, violated my constituent's privacy," said王晓辉, who was Field Fisher told the board that he could not, or would not, partly decline to consider them for survivors of the same.

The capacity for each car was limited to 20 people, and there were standing room only.

Abortion

In Perez's suit to rule, the matter of the 120,000 abortions performed yearly.

The board of the Rockefeller Foundation in New York is said by an accompanying editorial that Russia-USSR had withheld distribution of the drug in other countries until the effectiveness and safety have been reviewed in larger studies.

The court ruled that this is in the issue of the journal parade of the new drug, which has been the subject of much discussion in countries where comparable conditions of authorized clinical trials.

The company has proposed selling the drug in the United States. Sagul is about five teaching assistant positions, and all this offer can be available for at least several years.

Subway

The train pulled out of 50th Street station after 8:30 a.m. stop. The station has links with Amtrak trains and commuter trains serving the area.

"People were screaming," said Robert Rogers. "It was an alarming situation. The train had stopped at 220th Street station and there was standing room only.

Kodo's audience capture mediative key to their Hanacher return

The Daily Iowan

Kodo, Japan's community of artistic performers, will return to Hanacher Auditorium at 8 p.m. on Thursday, March 13.

Kodo was invited to return to Iowa after it captivated a Hancher audience in January 1988. After that performance, an Iowa critic wrote, "We see in the beauty of their values shone through every moment. The men perform and live in a state of ecstatic concentration." Kodo was invited to return to Iowa after it captivated a Hancher audience in January 1988. After that performance, an Iowa critic wrote, "We see in the beauty of their values shone through every moment. The men perform and live in a state of ecstatic concentration."

Since 1971, Kodo's drummers have lived an almost monastic existence in the mountains of Japan. In the autumn of 1987, the quintessence of Kodo's communal life began to move to America. In the spring, 12 men and women stepped off the plane in New York City and headed straight for Chicago. They had never been outside Japan before, and they were excited.

Kodo's communal life on Sado Island — their own little society, with its own state of spiritual concentration — would continue in America with a poetic voice so distinctive, confident, and utterly his own. **The Odyssey** rich in sound and sight

Homer's classic tale of adventure and heroism has been a source of inspiration for artists, writers, and filmmakers for centuries. To bring this ancient epic to life, the National Enquirer presents a unique multimedia experience that combines the power of written word with the rich tapestry of visual art. Through this collaboration, we aim to capture the essence of Homer's *The Odyssey* and transport readers into the world of Odysseus, Telemachus, and the myriad challenges they face on their long and perilous journey home.

The story unfolds through a vivid retelling of Homer's narrative, augmented by interviews with the gods, heroes, and mortal inhabitants of Ithaca and beyond. Each page is a canvas, painted with the bold strokes of myth and legend, culminating in a highly illustrated epic that is both accessible and profound.

**My Life as a Dog** recap of horror of junior high

As the play takes place during the Trojan War, Odysseus and his companions face a series of trials and tribulations that test their wits, their courage, and their resolve. The language is often brutal and unflinching, as the men grapple with the inhumanity of war and the devastating impact it has on their lives. Homer's epic is a testament to the human spirit, a reminder of our shared humanity across the ages.

---

**A life of emotional growing pains:**

The mother-son relationship is at the heart of *My Life as a Dog*. Ingemar's story is a poignant testament to the struggle of being a child in a world that often trivializes their experiences. The film captures the essence of Ingemar's life, from the joy of early childhood to the confusion and confusion of his own pain. Through this lens, we see the world as Ingemar sees it, with all its beauty and its flaws, and the enduring bonds of love and friendship that sustain us even in the darkest of times.

---

**Fanny and Alexander**

Bergman, who also refused to sit in on one of this film's screenings, is dealt more than his share of emotional growing pains. To add to sentimentalize children's realities in his own way, he faces an extended visit from Laika, the Russian armast with whose boyish antics distract Ingemar.

---

**Laika launch**

Although Laika's mission was full of excitement, she faced some challenges. Herako's future was uncertain, but she held on to hope, even when faced with potential setbacks.

---

**The National Enquirer-esque communication**

Government wants informative food-labeling

WASHINGTON - A U.S. Senate panel Monday adopted a sweeping food-labeling bill that would require supermarket chains to make an estimated 50 million change to inform shoppers about the percentage of fat in their food.

"It's a real mess," said U.S. Sen. Henry M. Jackson, D-Wash., who said the Food and Drug Administration proposed a "three-phase change in food-labeling regulations. Final regulations will be in place sometime in 1991," he said.

The proposal is praised in the public for being clear and easy to understand. It's given time to comment on them.

"There is no one reason that the department can put the rules into effect. It's a matter of the intent of the proposal, but critical," said Cady, president of the National Association of Independent Retailers.

"We don't know what will happen. We don't know what the Food and Drug Administration will do," she said.

Sen. Gary Hart, D-Colo., and Sen. Tim Wirth, D-Colo., have introduced a resolution that would give the Senate time to act on the proposal. The resolution would require the Senate to act within 30 days of the bill's introduction.

The Food and Drug Administration has not proposed a food-labeling bill in the past three years.

"It's a real mess," said Jackson, who said the Food and Drug Administration proposed a "three-phase change in food-labeling regulations. Final regulations will be in place sometime in 1991," he said.

The proposal is praised in the public for being clear and easy to understand. It's given time to comment on them.
Despite loss, Sandinistas still hold guns

JINOTEGA, Nicaragua (AP) — Sandinista leaders say they will press on with their "armed struggle" even though the Sandinistas lost Sunday’s presidential election.

The Sandinistas are blaming abstentions, low turnout and electoral irregularities for their loss to independent candidate Violeta Barrios de Chamorro, the wife of a former president.

"We have reasons to be satisfied with the struggle," said 52-year-old senior Sandinista official Esteban Bolanos. "The fight isn’t over yet. We will press on in the struggle."

International observers, diplomats and governments from around the world praised the Sandinista regime for conducting an election even though many opposition candidates were blocked from running.

"We are happy with the results," said Chamorro, a lawyer and former senator. "Our country has taken a step toward democracy."

The Sandinistas are expected to stage a series of protests in the days and weeks ahead. They have already promised to contest the election results in court.

Sandinistas say they will continue to fight until they win, even if it means bloodshed.

"The army that tried to topple us on February 25 is going to destroy itself," said Sandinista civilian leader Florencio Meléndez.

The Sandinistas have been in power for 25 years, but they have been under increasing pressure from the international community, which has imposed sanctions on the country.

The Sandinistas have also been facing internal divisions, with some leaders calling for a change in strategy.

Sandinistas say they will continue to resist until they win, even if it means violence.

"We are ready for any sacrifice," said Sandinista military leader Daniel Ortega. "We will fight until we win."

The Sandinistas have been accused of human rights abuses, including the use of violence and the displacement of civilians.

"We condemn the use of force," said Chamorro. "Our country needs peace."

The Sandinistas have also been accused of corruption and mismanagement of the economy.

"We demand transparency," said Chamorro. "We want a country that works for all.

Sikh fire in market, killing 22

CHANDIGARH (India AP) - Masked Sikh extremists opened fire with autos on a crowded market street in Punjab state Wednesday night, killing 22 and wounding 85 others, police said. At least 15 other persons were injured.

A police spokesman in Chandigarh, the state capital, said the men were masked and carrying automatic rifles. There were few details on the attack.

In New Delhi, the capital, a police spokesman said the shooting was a response to police actions in the neighboring northern Indian state of Haryana.

The attack came just days after a Rhodesian warlord was killed by a roadside bomb near Pretoria, the South African capital, and just a few hours after a bomb exploded in a crowded market in the Sudanese capital, Khartoum.

The attack in Chandigarh was the second assault in two days in the Indian state of Punjab, which is home to the country's largest Sikh population.

The attack in Chandigarh also came a day after a group of Sikh activists kidnapped a police chief in Haryana, the neighboring state, and began shooting.

Credit for many in Managua

Nicaraguans demonstrated a resounding preference for democratic elections over violent revolution.

Their ability to advantageously differ­ open avenues for all. A side-by-side analysis of victorious and unseated candidates, Sanpinista and Liberal, revealed that the Nicaraguans' support for revolution was at its lowest in the past.
**U.S. urged to maintain troops in Europe**

WASHINGTON (AP) - Italian Prime Minister Giulio Andreotti on Wednesday accused the United States of trying to force Italy's most powerful political party to remain bound to Europe by keeping troops there.

The Italian leader discussed the future of a united Germany and Europe's need for a united front at a meeting with President George Bush.

"We want to be free to collaborate with the United States in any subject of mutual interest," Andreotti said.

Andreotti, who is facing an upsurge in separatist sentiment, said he would discuss European concerns about the changing face of Europe - one in which Italy and other Western European countries are worried that a united Germany might lay claim to lands they won from the vanquished Nazis.

Andreotti has also voiced concerns that Italy and other NATO allies might be overlooked in the "two-plus-four" approach to German reunification. The "two-plus-four" talks on the two Germanies and the four World War II powers - the United States, Great Britain, France and the Soviet Union.

Andreotti's remarks come a day after he said that new elections were needed in Italy to ensure that the country's democratic governments were not meant to exclude the Italian people.

Andreotti has been especially worried that the Bush administration might be interested in getting rid of Italy's military presence in Europe.

**South Africa**

The Struggle Goes On

South Africa has long been known for its strict apartheid policies, which have been widely condemned by the international community. The struggle against apartheid has been a long and difficult one, with many sacrifices. The fight for freedom and equality continues to this day.

Police kill 7 in South Africa

Homeland unrest might hinder new constitution

JOHANNESBURG, South Africa AP — Seven people were killed in the latest of sporadic outbreaks of violence in black areas of several white-dominated townships in South Africa on Tuesday. Police shot dead the attackers, bringing the total of deaths in the week to 12.

South African President F.W. de Klerk has warned that the violence in the townships could hinder efforts to implement the new constitution that would include the country’s black majority.

Speaking to journalists in Cape Town, de Klerk said he could not begin negotiations with the African National Congress (ANC) and other opposition parties, if the white-dominated government was not respected.

De Klerk, who is about to meet ANC leader Nelson Mandela, said he would not negotiate with the opposition until the violence stopped. He said only the government would be taken into account.

The two sides have been talking since January on constitutional reform but the talks have made little progress. De Klerk has said he wants to eliminate the hated apartheid system, but opposes constitutional changes that would give the black majority a say in government.

The ANC and other opposition parties have made it clear they will not accept a new constitution that does not give them a say in the government.

Meanwhile, several black mayors have called for the release of thousands of ANC prisoners held in white-run prisons.

Group says no release of captives

BEIJING, Lebanon AP — A group of underground prisoners have been held for months in Lebanon, said a source in Beijing, China.

The source was quoted by the Islamic Republic News Agency as saying, "We believe that the hostage situation in Lebanon and the Western world is a result of the hostage crisis that has erupted in Lebanon and the Western world.

The statement was released by the Islamic Republic News Agency just before the Iranian government announced the release of the hostages. The statement warned of serious consequences of the release of the hostages in Beirut.

The source added that the release of the hostages would not mean that the situation in Lebanon and the Western world would be solved. The source said that the release of the hostages would only mean that the situation would be improved, but not solved.

White House spokesman Martin Firestone told NBC News that the hostage situation in Lebanon and the Western world is a result of the hostage crisis that has erupted in Lebanon and the Western world.

The source added that the release of the hostages would only mean that the situation would be improved, but not solved.

Hundreds dead as attempted coup persists in Afghanistan

ULSIKAR, Pakistan AP — The Taliban, a radical religious group, has vowed to continue its fighting against the government in Afghanistan, despite a month-long cease-fire that was agreed to by both sides.

The Taliban, who have been fighting for years, have said they will not agree to a cease-fire because they believe it will lead to a negotiated settlement with the government.

The group has threatened to continue its fighting until the government agrees to their demands, which include the release of political prisoners and the withdrawal of foreign troops.

Congress wants envoy to deal with Lebanon

WASHINGTON, AP — The United States has named a new envoy to deal with the increasingly complex situation in Lebanon, where a political crisis has been ongoing for months.

The envoy will be a high-ranking official, most likely a member of the administration, who will be charged with bringing the parties to the negotiating table.

The official, who will be named by the president, will be expected to work closely with the Lebanese government and opposition groups to find a solution to the crisis.

The envoy will be expected to work closely with the Lebanese government and opposition groups to find a solution to the crisis.

**College basketball recruiting attracting attention**

Concerns create new Iowa position

**Bryan Miller**

The Daily Iowan

The Iowa women's basketball team is struggling to fill a recruiting void that has led to a drop in the team's overall ranking. The Hawkeyes have struggled to fill in spots on the roster, and the team is currently ranked 24th in the nation.

**Tennis team defeats**

Drake, 7-2

**Jen Kearney**

High intensity and feel-up play were the keys to Saturday's victory over Drake Wednesday in the last match of the season.

The Hawkeyes defeated the Bulldogs, 7-2, at the Woodruff Tennis Center. The match was the last of the season for both teams as the Hawkeyes are in the NCAA tournament.

**Mühlengrund leads Panthers to win, NCAA tournament**

CEDAR FALLS, Iowa (AP) -- Northern Iowa coach Ed Miller said he's just had his best recruiting day.

"I had to feel like I had two or three of the best athletes that I've ever seen," Miller said. "I'm glad to have them all." The Hawkeyes are in the NCAA tournament.

**Florida trip means work for Iowa softball team**

**Brian Gratzer**

The Daily Iowan

For most college softball teams, a trip to Florida means one thing: sun, fun and games. But for the Iowa softball team, the trip to the Sunshine State means work, work and more work.

The Hawkeyes are in the NCAA tournament for the first time in 14 years, and they are taking a serious approach to their first game, a championship in the NCAA tournament.

**Softball**

two of those choices have been Iowa City's own, Lauren Davis and Chasen Delano. Chasen started a game for the Hawkeyes on Saturday, and she was the only Iowa City player to contribute to the win.

**Tennis**

Iowa senior Nicky Clasen won the doubles match and teamed up with partner Taylor Irwin to win the final two matches of the day.

The Hawkeyes won both matches to advance to the NCAA tournament.

**Ice 'returns' for ceremony**

Rita Hennessy

The Daily Iowan

Tight before the start of their 3-0 contest with Michigan, the Iowa women's basketball team will play in the Big Ten Conference. But for many of the Hawkeyes, the win was more than just a victory.

The Hawkeyes are in the NCAA tournament for the first time since 1998, and they are looking to make a deep run in the tournament.

2 obstacles remain for Hawks

**Michael Edwards**

At one point early in the game, things looked down for Iowa. The Hawkeyes were trailing by 13 points with 13 minutes left in the game. But Iowa fought back, scoring 11 unanswered points to tie the score at 57-57 with 6:23 remaining.

Up and down scheduling

The Daily Iowan

The Iowa men's basketball schedule is coming together — for now.

The Hawkeyes are already locked into the postseason NIT tournament, and they'll play in the conference tournament. But the Hawkeyes know they could well be sitting in the middle of February without a game for a long time, with waves of minutes between entering tenures and the beginning of the fall sesison.

Iowa hasn't made a decision on whether or not to keep a two-game trip to the Dominican Republic.

Now for the bad:

Big Ten member Pittsburgh, the gem in next season's American Athletic Conference, takes part in the Big East ACC Challenge.

The Creighton Bluejays, who led the Big East in the Big East/ACC Challenge, take part in the Big East ACC Challenge.

During the course of the season, Diakon said that the Hawkeyes continually followed Ohio State on the schedule. Few, players were used to this kind of game.

That was a disadvantage to Iowa because of the similarity in the present. But it was an opportunity more than anything else.

When the Iowa coach was given a copy of the latest schedule for Iowa State, he said that Iowa State left Ohio State — eight of 14 weeks.

Owners make offer

Villanova, Pa.,—The school's owners offered to create a buyout of about $6 million for a two-year period in a way of breaking the scandal in Villanova, Pa., history, but Iowa's powerhouse is willing to make the move.

The offer is made in a one-year negotiating season Villanova said.

Ohio State returned to its offer of $6 million from the school's owner. The school's owner offered $5 million, but Iowa State did not say.

Earlier, George said he would announce his plans at a press conference on the weekend of the Big Ten games, that sport administration director Mike Petersen said that George has no plans to order another contract.

Saters take Atlantic

PHILADELPHIA — Buffalo's John Gascho III led the Big East with 14 assists and 11 assists and Harvey Hawkins scored 20 points for the Big East at the Philadelphia Gridiron Bowl, the 10th time in their last 12 games.

The victory was Buffalo's first, matching the 1982-83 Big East championship.

Joey Newman scored 20 points, Gerald Williams with 23 and Patrick White with 20 led the Buckeyes. The Buckeyes scored four more points.

D'Andrea turned the game into a rout when he scored the last of the points, which gave the Buckeyes a 16-10 lead in the second quarter.

The Buckeyes tied the game on a 21-16 with 6:45 left, but did not score again in the quarter.

State, private attorneys enter buyout talks

RALEIGH, N.C. (AP) — The state attorney general's office and a private lawyer firm have reached an agreement to negotiate a contract settlement with state workers who lost their jobs.

Turpin, 74, a 50-year-old bank executive from Columbus, Ohio, was a former bank executive from the city of Columbus when he was a driving force behind the creation of the Columbus Community Foundation.

The settlement agreement, reached Dec. 22, will settle the case for $6.5 million, according to the firm's spokesperson. The firm has not yet decided whether it will accept the offer.

The firm, serving as a state agency, will receive $6.5 million in state funds to help with the settlement.

Turpin, a former bank executive, was the driving force behind the creation of the Community Foundation and was a key figure in the city's efforts to establish a community foundation.

The settlement agreement is expected to be announced within the next few days.

The firm's spokesperson said the firm was still reviewing the offer.

Turpin's name is the second to be announced in the settlement agreement.

---

Family to sell part of team

MIAMI (AP) — Walter Taittinger, owner of the Miami Dolphins, has agreed to buy 15 percent of the Miami Dolphins' stadium and 10 percent of the team from the team's majority owner, Dan Rose.

Taittinger, who purchased the Dolphins in 1984, will also buy a 5 percent stake in the team's ownership group.

Taittinger said he and Rose agreed to the deal as part of a larger plan to develop the stadium.

This is a significant step in our plan to develop the stadium, and we are excited to be part of it, Taittinger said.

Rose, who purchased the Dolphins in 1996, is the majority owner and will continue to own most of the team.

---

Baseball legend gets new home

TREASO (AP) — The "Double Duty" Rad罴, who gained fame in the 1980s as the top pitcher in the major leagues, has been traded to the New York Mets for a AA contract to play for the Tri-City Tigers.

Rad罴, who is 6-foot-4 and 260 pounds, was 21-2 with a 2.50 ERA in 1982. He was taken in the first round of the 1982 draft by the Detroit Tigers and was traded to the Mets in 1985.

Rad罴 was a dominant pitcher for the Detroit Tigers, and he had a career-high 23 strikeouts in a 1982 game against the Cleveland Indians.

He is the son of the late Detroit Tigers owner Bill Ford and was a key pitcher for the Tigers from 1982 to 1986.
