Rare "smart" bombs were used by U.S.-N.11a at al-Asad in Iraq to level the oil wells. The strike of over 5,000 tons of ordnance was the third in what one official called a "carpet bombing" of oil facilities in Kuwait.

Oil spills continued Friday, as the U.S. moved to secure the area off the coast of Saudi Arabia.

Satellite photos taken yesterday showed a total of 51 Iraqi ships were 32 miles off 25 at 32 in Iraq.

Police

By Laura Baldwin

According to Iowa City Police Department, 21 people were arrested Wednesday night during a demonstration at 10:30 p.m. People started looking for something to do and decided to protest outside the Johnson County Courthouse.

John Sheby, 18, Powell, Iowa, was arrested Friday at approximately 5:45 p.m. after he refused to leave the Iowa River Bridge. Police stated they deployed pepper spray and tazed the suspect.

A second man was arrested Friday at approximately 6:40 p.m. after he ran from police. Police said he was20 years old and refused to leave the Iowa River Bridge.

The school is located at 100 N. Gilbert St. in Coralville.

University of Iowa students and local residents have been arrested recently on the bridge for the same reason.

Tuesday, March 2, 2021, will mark the start of the Iowa River Bridge 2021 season for pedestrian use. The bridge is open year-round to pedestrians and cyclists, except during high flood stages or other conditions that may make the bridge unsafe for use.

70 Iowa Citizens join D.C. peace rally

By Ann Marie Williams

The Daily Iowan

About 70 Iowa City residents joined thousands of anti-war demonstrators at a national peace rally Saturday in Washington, D.C.

Carlos, the largest demonstration at this year's Peace in the Pines Guild, was organized in response to recent developments in the Persian Gulf and the public's growing concern over the war.

Carlos featured speeches from veteran and peace leader Milt Moore; Raul Hilberg, historian and former Daytonian; Sen. Barbara Mikulski; and woman waruger in the Persian Gulf, Pauline Reiss, and a local Dover mother.

Hispania, the United States' war on terrorism, seemed more than many have expected to worry about government policy. There is no such national rally, according to the Times-News of Iowa.

Many of the demonstrators waved American flags and seemed to carry the message that the best way to support troops in the Persian Gulf and the peace rally is to join the national peace rally.

Doc Mccallum, a member of the World War II Veterans Association, said he was there to show his support for the soldiers fighting in the Persian Gulf and the peace rally is to join the national peace rally.

As a Vietnam veteran, the Times-News of Iowa says that he has learned a lot from the Vietnam experience.

"One thing is that we are,

committing to NATO and Western Euro-

pe, and said, "We want to put that

money elsewhere because we have real

security needs, like reducing the deficit

and fighting economic struggles at home.

When the crisis in the gulf arose, ORS

tried to stop the war before it began,

but now they are hoping the government

will not allow such a substitution.

"We can't allow the most important

issues to be the minor ones, so the

troops are thrown into a costly war.

Friedrich was not involved in politics in his high school years at Iowa City High. In fact, he did not really care about the issues much at all.

"I would sell myself, so if I applied to

graduation with a degree in economics.

I was asked if I was interested in a

political career, and I said yes. Friedrich

has written a report about the war

since the Persian Gulf war began.

Schools help students explore feelings on war

By Walter Pepper

This Daily Iowan

The Daily Iowan

The war in the Middle East has shaken up basketball games and drama practices — life goes on for the average high school. But business as usual in area high schools is not the norm as teachers and students become involved in every activity with the war and the question of continuation surrounding the war.

"It's a case of concern and frustration (in the school)," said West High Principal Jerry Asplen.

The school has increased its meetings, and students are being encouraged to talk about the war.

Tony Austin, an instructor at West High, said students in his Middle Eastern affairs class have watched news media reports and spent a lot of time asking questions about the war and the possible world implications.

"Sure, the school is doing its part, but students are also putting together packages with maps and exercises and quizzes with seminars to help students better understand the region and the people as the war progresses," Austin said.

At City High, instructor Helen Soyster, who teaches Middle Eastern culture, to help the civilians, the students in her class are being encouraged to talk about the war.

"We are looking at ways to restructure the curriculum to help students understand the crisis," she said.

Asae said that while there have been no significant changes in the middle schools, the principal at Northwest Junior High, commented that students have a "high degree of awareness.

Harriet-softer said while there have been no significant changes in the middle schools, the principal at Northwest Junior.

"It is very difficult to talk about the war," said Mulvey.

The Daily Iowan

Activist, Iowa City native, takes economic view of gulf war

By James Arnold

The Daily Iowan

Iowa activist has changed course growing up to Iowa City. He has grown from worrying about the world's problems to worrying about government spending.

Friedrich is a part of Operation Bankruptcy, based in Washington, D.C. ORS is involved in the peace movement, but he said the group is also interested in making changes in the government's spending.

"We are looking at ways to restructure the curriculum to help students understand the crisis," she said.

Gulf oil spill to cause grave danger to sea life, water supply

By John Penwell

The Associated Press

MANAMA, Bahrain — A U.S.

Crew stationed at the world's largest

oil spill may stop crude from

pouring into the Persian Gulf by

using a high-tech "smart"

commander to make targeted

killing shots and immediately

flowing water.

The spill will destroy marine

species, shatter economies and

causing a major shift in the

industry's operations.

Governments in the area have

already ordered off marine

efforts to protect other

protective devices from oil.

The previous record spill was

126,000 gallons in 1979 off the

island in the Gulf of Mexico.

The spill, which started on July 25

when a well in the Persian Gulf

was killed off by automatic

commanders, could last for a

day or more.

The Norwegian "anti-pollution"

tanker was the first to arrive in the

area to help efforts.

Efforts are under way to

protect the Persian Gulf from

flowing oil.

The Year In Photos
The Daily Iowan's Second Annual Photo Contest

You may enter photos in black and white or color. Winning photos will be published in a special Daily Iowan supplement on Friday, April 12, 1991. All published photographers will be awarded a Daily Iowan "if it happens it's news to us" t-shirt. Fifty dollar cash prizes will be awarded to the photographers submitting the best black & white photo and best color photo.
Allen's vision goes awry in dreary 'Alice'

By Steve Cross

"With His Head"
Wendy Allen isn't trying to say that Mindy Brown is "Alice," but she is trying to create an atmosphere of the same way of thinking that Alice did as a character. However, it is not obvious in the film that even Mindy Allen is trying to give a hint of the audience.

Dear Reader,

I hope this message finds you well. I am writing to let you know that I have just published a book on the topic of Alice, and I would be grateful if you could read it. The book is available on Amazon, and I would be very grateful if you could leave a review. Thank you for your time and consideration.

Best regards,

[Your Name]
The human factor

Technology. It's an enigma in our minds with progress, improving our lives and the lives of humanity as a whole. Yet, some of the public have been blinded by the aura of progress and have forgotten in our conflicts in the region will likely remain long marked the war thus far. We must continually be reminded of where; there is much cheerleading, and the commentators reel where; there is much cheerleading, and the commentators reel by the

A cat has happened to me. The positive reaction of this opening sentence reveals how it feels inside to be a cat to me. I am not only a cat, but also a human being. The human being who is not only a cat, but also a human being. The human being who is not only a cat, but also a human being.

Somalian president flees as rebels seize control

NATION WORLD

Haitian officials announced Monday that all of the city is under rebel control and all of the officers who were shot to death in an airport shooting Sunday won apparent control of the president’s mansion and seized light over 5,000 people, including 2 policemen.

The massacre apparently began when the rebels drove into Mogadishu as part of a battle for control of the capital with a multi-party coalition that includes Somali clans. The massacre was said to be part of a battle for control of Mogadishu that began Abeyta’s victory on Abeyta requested by his order on Abeyta.

Giants edge Bills in closest Super Bowl
Field goal attempt fails Buffalo

By Dave Goldberg
The Des Moines Register

Tampa, Fla. — The New York Giants left the Super Bowl field with a sense of satisfaction. Controlling the ball for three-ts of the game, the Giants were their second Super Bowl berth by beating the Buffalo Bills in 26-21, giving Giants owner Wellington "Red" McLean a 3-1 record in his final field goal with 9 seconds left.

Kicker Bill Turner got the start, and gave the Bills a 3-0 lead with a 24-yard field goal with 9:20 left in the game.

But then came the cold. Buffalo was held scoreless for the first 25 minutes after the turn of the clock. For Giants fans, there were several moments when it seemed like the end of the line in the fifth. And Buffalo fans were left wondering what they were trying to accomplish.

Saturday night, the New York Giants opened the game with a field goal, which moved the ball 42 yards in a punt, and held the ball for nearly 10 minutes to start the second half of the Super Bowl 44-21.

The Giants then appeared to be in control, with a second-quarter lead of 21-7. But there it was: Buffalo had come back to tie the game at 21-21 with 3:30 left in the game.

Two field goals by the Bills had made it 21-21, and Buffalo had a chance to take the lead with a field goal.

"It was a hell of a game," said Giants head coach Bill Parcells. "But we never gave up."
**Super Bowl XXV**

By MICHAL WATKINS

The No. 3-ranked Bills were a 10-point underdog, but had they stayed there against the No. 1 49ers, they might have been in the Super Bowl.

The 49ers kicked off the opening drive, using up 7:32 as they went from their own 23 to 19-17 after Henry Mosley's 1-yard touchdown.

But Hawkeye point guard Kevin Reed had no intention of letting his team go down without a fight. He hit two of three free-throw shots to make it 20-19. But he only scored two.

The Bills took over on 3rd-and-10 at the 16, but couldn't get much going. Bob McMillin, the No. 1 177-pounder, was stopped at the 12 on 3rd.

A 35-yard field goal by Neil Denahan, Buckinghams' 3rd-seeded squad, lifted the Bills to a 19-17 lead, before a Reiland basket.

Brady said the Georgia defense put up a good fight. He said, "But I really didn't miss him until I got him down and I wanted to hit the bowl - it was the цифр."
Hawkeyes find depth in dominating Classic performance

By Michael Watkins
The Daily Iowan

With two dual meets remaining at the end of the season, the Hawkeyes' swimming and diving team geared towards Champaign, Ill., Friday in hopes of dominating enough swims to fill the Big Ten title. "We have the depth to win," said coach Glenn Patton.

The Hawkeyes dominated Illi. 150-86-9 at the recently opened Park Centre. "We discovered that we are strong and that we wouldn't have to do everything," said assistant coach Rich Johnson.

"It will certainly be a difficult dual," said assistant coach Rich Johnson. "But it's a decision that all these athletes have to make. We told them that we aren't as deep as our team has, which will be able to adapt to many other situations." Patton added.

One of these athletes who has quietly earned himself a spot on this team is Indiana native Kevin Blaire. Kevin Blaire is one of three freestylers Artur.

"He (Johnson) is a tremendously versatile performer," said head coach Glenn Patton. "He is the best of us, and he is one of many people we compete against, all the more so because he seems to have a great equalizer."

Johnson, his first year of eligibility for the Hawkeyes, swam to first place finishes on the 200 individual medley, 500 backstroke and 3-meter diving individually and was also a member of the Wyoming 200 medley relay, 200 medley relay, 400 freestyle relay and 800 freestyle relay. Also proving himself worthy of a trip to the Big Ten Championships was freshman walk-on Greg Williams. Williams, who turned in a lifetime-best 1:03.93 in the 100 breaststroke, edged last year's Illini state champion in this particular event.

The Hawkeyes' swimming depth was also shown in the dual meets. "Keith really showed us that he is eager to go to Big Ten," Patton said. "He's really jumping to the forefront towards a place on the team." Patton added.

TEAMING up in the Big Ten Championships, we're going to have to continue on perfecting our speed and strength in order to compete and win.

"It will certainly be a difficult dual," said assistant coach Rich Johnson. "But it's a decision that all these athletes have to make. We told them that we aren't as deep as our team has, which will be able to adapt to many other situations." Patton added.

The Iowa women's tennis team didn't quite do as well as they would have liked last weekend, losing to defending Big Ten Champion Illinois. But they did manage to put the continued injury woes of Victoria Bouquello, the only time points have been scored by the Hawkeye, aside for the second year in a row.

"We were able to improve in singles, and we got it," said Iowa coach Dave Kalisak. "He had another good day, and he's had a very good year, and he's really pulling us through."

"Our fight and spirit are sometimes the only thing that keeps us going," said Bilal Siddiqi.

The 50 breaststroke with a time of 2:26.64 and the 400 medley relay with a time of 3:35.05.

"For this weekend, it was great to see the girls get a victory over the Fighting Illini," said Siddiqi. "The Hawkeyes were a little tentative at the beginning of the meet, but once we got off the fast start, we stayed close and we fought back through the loss.

"They went at a little instance of the Iowa women's diving team. We were second in the 100 breaststroke with a time of 1:54.31 in the 200, our second meet this year."}

Hammer up for 7 music awards

The Associated Press

LOUIS ANGELES — It could be "Hammer Time" at the American Music Awards.

M.C. Hammer, the energetic rap act, is among the seven acts named as contenders for best male rap-rock album, and he's taking on 10 artists across the pop, rock, rhythm and blues, and rap categories. Also also will be given out in heavy metal, dance and country music.

The 15th annual awards, which ABC-TV will be broadcast at 8 p.m. PST. The three-hour show, with comedian Kevin Nealon as host, will be broadcast on ABC-TV later in the evening.

The only other meal may be served, as it was at the recent Golden Globe film and television awards.

Although no mention of the war is intended, M.C. Hammer said, "I think we will get away from the stage now make reference. We just want to do the ballad." Hammer is up against Michael Jackson and Phil Collins for best male pop-rock album. His "Dancing in the Street" Hot 100 record is also a contender in that category against Collins'.

But Satirical and Fox, the early favorite, is "Rhythm Nation 1814."

In the end, B.B. King, who is nominated for best male soul artist, album and single, "I Can't Take No More," which includes the title "Hammer Time.

Congratulations!

To all our new initiates and more importantly to our new friends.

Love Always,
Your Alpha Phi Sisters
