Natural Law Civil War in Haiti

Brad Hays
The Daily Iowan

Toussaint Louverture, the posthumous hero of the French Revolution, is credited by some as the father of the Haitian revolution that toppled France from the New World.

The story of Toussaint Louverture was made famous by the 1969 movie "Black Rebel," starring Tony Curtis.

"His name has become synonymous with the Haitian revolution," said Robert E. Hooton, a professor of history at the University of Iowa.

"He was a man of great courage and determination," Hooton said.

Haitians, who call Louverture "Toussaint L'Ouverture," believe he was a hero of the revolution against French colonialism.

He was the first African to lead an army to victory in the Americas.

"His legacy lives on in Haiti," Hooton said.

"He is a symbol of the fight against oppression and for freedom," he added.

Louverture, who was born in the French colony of St. Domingue in 1743, was a slave who became a soldier and later a military leader.

He led an insurrection against French colonial rule in the late 18th century, and his army eventually captured the key cities of Port-au-Prince and Cap-Haïtien.

In 1800, he declared himself the first emperor of Haiti.

But his reign was short-lived.

He was captured by the French and taken to France, where he died in 1803.

His legacy has been celebrated in Haiti and around the world, and his image can be seen on the country's currency.

"He is a symbol of hope and resistance," Hooton said.

"He is a reminder of the power of the people to change their destiny."

**Campus CAMPS CALL STILL GOING STRONG**

**Popular UI coffee shop legacy of disabled man**

Anne Johnston

The Daily Iowan

Although its original proprietor, Bill Sackter, has been married for more than nine years, Bill’s Coffee Shop on the University of Iowa campus hasn’t lost its mystique. The owner is a familiar face to many students and faculty, and the shop remains a popular gathering place for conversation and study.

In a display case underneath the coffee press, one can see a small collection of Sackter’s belongings, including his canceled birth certificate and a brick from a church that he helped build. The brick was given to him as a gift when he was 15 years old. A police officer at the University of Iowa, Sackter is a legal guardian and has been involved in various legal cases involving the disabled.

The coffee shop which Sackter ran established him as a popular campus hangout, and Doyle said that he was director of the School of Social Work at the time.

The coffee shop has traditionally been a favorite spot for students to hang out, Doyle said. It was known for its unique decor and the slow pace of service.

One of these employees is Leslie Anderson, a truck driver, who said that the slow pace of the job is exactly what she needed. "I don’t have any jobs, you know. I don’t have a job anymore," she said.

Another former Babcock Towers student is Doyle’s former student manager, and one of many social workers who Sackter has interviewed over the years.

"A lot of people have heard of Bill’s Coffee Shop and I think it’s a nice place to go in and see what he’s all about," Sackter said.

**LAW Suits END IN WEDDING**

Ky. man demands marriage taking girlfriend to court

Associated Press

MONTGOMERY, Ala. — A man who was ordered to court after the backout of their wedding date said on Friday he is going to marry the woman after all.

"I think the world of her and she does the same thing," he said. "We never went through with the wedding because I had a change of heart." Sackter said he was surprised by the twist of fate and decided to move in with his long-time friend.

"I was a dumbass and I just let her make her plans," he said. "So I’m not surprised by this."

Johnson County will be one of many counties involved in a $25 million, 3-year, patented drug program in an effort to combat the wave of illegal drugs entering the area. The program, which is funded by the federal government, is designed to help law enforcement officials and other community agencies in the effort to curb the flow of illegal drugs.

The program is also designed to help educate the public about the dangers of illegal drugs and the consequences of drug use.

"We hope that this program will help to reduce the demand for illegal drugs and thereby help to protect the community," said John Johnson, chairman of the Johnson County Board.

The program is being funded by the federal government and is being administered by the Iowa Department of Public Safety.

Branstad requests $3.6 million in assistance for flood damage

Mike Glover
Associated Press

DES MOINES — Gov. Terry Branstad requested Monday federal funding to help pay for more than $3 million in damage to Iowa farmland from recent floodwaters.

Branstad's request was made Monday after tours of southern Iowa counties to see firsthand the flood damage. The governor toured counties including Grundy, Davis, Mahaska, Marshall, Monona, Muscatine, Pocahontas and Scott.

"The concern is that the water will continue to rise and the people need to get out," Branstad said.

Iowa, which lies in the path of the flood, has been processing claims from farmers whose crops were damaged.

Deficit spending

Branstad previously requested $3.6 million in assistance for the 2008 floods, which resulted in damage to about 830,000 acres of Iowa land.

Man breaks into, stays night at State Fair director's house

Associated Press

DES MOINES — A burglar spent the night at the home of the executive director of the Iowa State Fair and awakened before diving off with the five-wheel-drive vehicle of his host, police said.

Police said they prevented Dennis Ray Brown Jr., 35, of Des Moines, on Sunday afternoon, when they found him driving around in circles on the outside of human size.

Brown, 35, of Des Moines, was out of town for the weekend and unaware of the intruder at the home on the Iowa State Fairgrounds, according to investigations.

Police and they prevented Dennis Ray Brown Jr., 35, of Des Moines, on Sunday afternoon, when they found him driving around in circles on the outside of human size.
Weeg to add 80 new dial-up modems

Thomas Worrall
The Daily Iowan

The addition of 80 new modems to Wang Computing Center will mean that more people will be able to log in and use the university computers without interfering to a great extent with the computing center's current load. "It's a very big step up," said Horace H. Purvis, a UW-IA computing center official.

"Ten years ago, the number of people who wanted to get on the computer was limited, but like many others is finding it difficult to get through to the machine.

"Being a year or two more and more people with personal computers trying to get into the Wang, so that a lot of people are waiting to get a chance to use the machine. While Hebrew is the national language of Israel, millions of Israelis provide for the language of modern technology. Lacking...
Fla. politician suspected in shooting of rival’s wife

Police said a gun mounted on the rear of a truck in a drive-in restaurant was taken by the wife of a U.S. Senate candidate, prompting an investigation.

MOLLY FORD, FIA. — A state legisla
tive candidate in Indianapolis charged with murder of his opponent, his wife, and a truck driver.

The truck driver was shot dead and the wife injured. The man was wounded and transported to a hospital but later died.

Woodford, 35, a 24-year-old Democrat running for the Senate, was charged with murder.

The couple were involved in a political feuding that began when Woodford accused his opponent of lying about his military service.

Woodford's wife, 32, was taken to the hospital and later released.

Woodford was scheduled to be arraigned Monday.

National forests, parks may be opened for strip mining

By Joseph Herbert

WASHINGTON — The Interior Department said Monday it would open national forests and parks to strip mining unless the governors of those states object.

But Interior Department spokeswoman Linda Ziemba said that governors’ objections have been rare.

"I think there’s an indication that the governors are not going to object," she said.

Interior Secretary ManuelITO said he was confident the department would prevail.

"I think we will be able to do it," he said.

The department’s announcement Monday came in a request for comments on a proposed rule that would open the nation’s public lands to strip mining unless the governors of the states where the lands are located object.

The department’s proposal is expected to be challenged by environmental groups, who say it would lead to the destruction of valuable public lands.

"We have already been working to protect the public lands," said John L. Alley, a spokesman for the Sierra Club.

"We’re going to do everything we can to protect these lands," he said.

The proposal, which was announced Monday, would allow companies to extract coal from public lands without having to obtain a permit from the federal government.

The proposal would also require companies to pay for the costs of cleaning up the sites they have mined.

The proposal would affect about 40 million acres of public lands, which include national forests, national parks, and national recreation areas.

The Interior Department said it would consider comments on the proposal until Oct. 31.

The agency said it would then make a decision on whether to adopt the proposal.

The proposal has been met with opposition from environmental groups, who say it would lead to the destruction of valuable public lands.

"We’re going to do everything we can to protect these lands," said John L. Alley, a spokesman for the Sierra Club.

"We’re not going to accept this," he said.

Hawks beat 14th-place Minnesota

The Hawks defeated the Minnesota Golden Gophers, 86-67, Saturday night at the Omni Coliseum in Atlanta.

The win was the Hawks’ 14th in a row, breaking the school record for consecutive wins.

The Golden Gophers had hoped to end their losing streak, but were unable to do so.

The Hawks led throughout the game, with a 42-28 lead at halftime. The lead increased to 55-32 after the third quarter.

Minnesota was led by guard Taj Gibson, who scored 22 points. Center Jarrid Cole added 17 points and 10 rebounds.

The Hawks were led by guard John Stockton, who scored 23 points and added 10 assists.

The win extended the Hawks’ unbeaten streak to 24 games, tying the school record for longest unbeaten streak.

The next game for the Hawks is a home game against the Miami Heat on Monday, Feb. 3.

The Golden Gophers’ next game is a home game against the Ohio State Buckeyes on Saturday, Feb. 7.

Chiefs stomp winless Raiders, 27-7

The Kansas City Chiefs defeated the Oakland Raiders, 27-7, Sunday in Oakland.

The Chiefs controlled the game from the start, outscoring the Raiders 16-0 in the first half.

Chiefs quarterback Doug Flutie completed 23 of 30 passes for 246 yards and three touchdowns.

Raiders quarterback Jeff Hostetler completed 17 of 31 passes for 153 yards and one touchdown.

The Chiefs improved to 12-4 on the season and 8-1 in the AFC West, while the Raiders dropped to 0-16 on the season and 0-1 in the AFC West.

The next game for the Chiefs is a home game against the Denver Broncos on Sunday, Dec. 7.

The next game for the Raiders is a home game against the San Diego Chargers on Sunday, Dec. 7.
NFL: L.A. off to worst start in 28 years

Continued from Page 1B

seasons, the Raiders have had two dry spells: from 1985 to 1987 and 1992. After Sunday's loss to the Browns, who have won just 10 games in the past three seasons, their record dropped to 1-3, matching their worst start in 28 years.

The Raiders entered the game with a 0-3 record and were looking to avoid a fourth straight loss. However, they were no match for the Browns, who scored 14 points in the first quarter alone. Despite several big plays from quarterback Rich Gannon and running back Napoleon Harris, the Raiders could not overcome the early deficit.

On the other hand, the Browns' defense was dominant, holding the Raiders to just 140 total yards of offense. Browns' quarterback Bernie Kosar threw for 187 yards and two touchdowns, while running back Earnest Byner added 97 yards on 22 carries.

The Raiders' next chance to turn their season around will be against the Cleveland Browns at home on Sunday. However, with a record of 1-3, the Raiders face an uphill battle to get back on track.

MICHIGAN: Grbac figures to start

Continued from Page 1B

The team which started the season was the team which ended the season, according to coach Lloyd Carr.

"We just had to run better in this one, and that's what we've been doing," said Carr. "But I think we can run better. It's going to be up to the coaching staff to see what we do."

**MOVIE REVIEW**

**‘Captain Ron’ is rather mediocre, inoffensive film**

Tasha Robinson

The Daily Iowan

It’s probably bad that film reviewers don’t release their production schedules for every movie they digest. If they did, they might be less constraint-bound, perhaps learn what they’re doing. The problem with releasing production schedules for every movie they digest is that they might be less constraint-bound, perhaps learn what they’re doing. In other words, they might actually watch the movies before they write reviews. This is an old problem, but one that remains stubbornly resistant to solution.

For those of you that have never heard of it, there’s a film production industry for a film not being released in theaters. If you’re in the business of producing film, you’re probably aware of this fact. The problem with releasing production schedules for every movie they digest is that they might actually watch the movies before they write reviews. This is an old problem, but one that remains stubbornly resistant to solution.

It’s not that I don’t enjoy watching films. I do, very much. In fact, I find it to be one of the most enjoyable activities I engage in. But it’s not that I don’t enjoy watching films. I do, very much. In fact, I find it to be one of the most enjoyable activities I engage in. The problem with releasing production schedules for every movie they digest is that they might actually watch the movies before they write reviews. This is an old problem, but one that remains stubbornly resistant to solution.

But I digress. The point is that I find it to be one of the most enjoyable activities I engage in. But it’s not that I don’t enjoy watching films. I do, very much. In fact, I find it to be one of the most enjoyable activities I engage in. The problem with releasing production schedules for every movie they digest is that they might actually watch the movies before they write reviews. This is an old problem, but one that remains stubbornly resistant to solution.

I think that it’s important to remember that film reviews are not just about the films themselves. They’re also about the people who watch them. The problem with releasing production schedules for every movie they digest is that they might actually watch the movies before they write reviews. This is an old problem, but one that remains stubbornly resistant to solution.

**RECOMMENDATION**

I would recommend avoiding ‘Captain Ron’ at all costs. It’s a bland, inoffensive film that offers nothing of interest to audiences. It’s not bad, exactly, but it’s also not good. It’s just... there. It’s not bad, exactly, but it’s also not good. It’s just... there. It’s not bad, exactly, but it’s also not good. It’s just... there. It’s not bad, exactly, but it’s also not good. **READINGS**

‘The Last Magician’ most unusual, odd

Sonia West

The Daily Iowan

In a world where we’re constantly being shown the same old stories of magic and mystery, ‘The Last Magician’ is a breath of fresh air. Written by Lauren Glassberg, the novel follows the story of a young boy named Jack who becomes a part of a secret society of magicians. The story is as well written as it is compelling, with plenty of twists and turns to keep the reader engaged from beginning to end.

The plot is simple but engaging, as Jack must learn the secrets of magic and how to use them to protect himself and his friends. The characters are well drawn and the pacing is perfect, making for a truly captivating read. ‘The Last Magician’ is a must-read for anyone who loves a good mystery or a well-crafted story.
