Iowa’s budget still deficient $250 million

Under increasing pressure from the public, Governor Terry Branstad on Friday released his proposed budget for fiscal year 2094. Iowa would need to give students and other groups their fair share. The state budget is estimated to be $5.6 billion, up from $5.1 billion last year. The state deficit is expected to be $3 billion, and the state must raise taxes and cut spending to balance the budget.

President John T. Brandon is currently working on a new plan to address the state’s financial problems. The plan will be presented to the legislature in January. The governor has requested $2.5 billion in new revenue from the state legislature, which is expected to vote on the proposal in February.

Blowin’ in the wind

John Paulson and his brother spend their time in Wednesdays’ afternoon weather by blowing bubbles in the street where they are.
Residents urged to do something but drive

For some, not driving another car has become a way of life.

Timothy Curnow
The Daily Iowan

Bike, walk, run, skateboard, take a bus, walk on your head or roll on hills. Just don't drive.

"The reason we're trying to do this is to encourage alternative transpor- tation and make it apparent to people that it is possible to live without driving," says Curnow, a member of the Iowan-Enviromental Alternatives Committee.

Environmental Alternatives members Larry Wendt, Rich Herbat and Dan Carlson have set up a three-day alternative transportation drive ban in Iowa City, which begins Thursday.

The Iowa City public transit system carries about: 12,000 riders per day, which is the equivalent of 5,000 cars on the road. If the three-day ban goes off without a hitch, it could result in a saving of about $600,000 annually in gas consumption.

"Bicyclists, who do not drive, will have a major impact on the environment," says Wendt, a member of the Iowa City Bicycle Group. Wendt has been riding his bike for 15 years and says he has saved $800 on gas for the past five years.

Herbat, general manager of KGAN, has been riding his bike to work for about a year with the goal of saving $1,000 each year. The Diagnostic Center of Government officials say the ban is necessary due to the popularity of "The Late Night," a weekly show on KGAN that carries a regular 70 percent discount for those who do not drive.

"The ban will not only benefit the environment, but the community as well," says Carlson, a member of the Iowa City Bicycle Group. Carlson has been riding his bike for 15 years and says he has saved $800 on gas for the past five years.

"This is a way for people to come together and enjoy each other's company," says Wendt, a member of the Iowa City Bicycle Group. Wendt has been riding his bike for 15 years and says he has saved $800 on gas for the past five years.

"We've tried to make sure that the ban is a success," says Carlson, a member of the Iowa City Bicycle Group. Carlson has been riding his bike for 15 years and says he has saved $800 on gas for the past five years.

Fox affiliate now available to IC viewers

The Daily Iowan

KYUV-TV 15, a PBS affiliate, will be seen on area PBS viewers within the next few weeks, says Jonathan Parker, executive producer of KYUV.

"We're excited to be a part of the PBS network," says Parker. "It's a great opportunity for our viewers."
Rally held to support Kitty Kruse

Terry Collins
The Daily Iowan

A rally was held on the Pentecostal Wesleyan Church's lawn on Thursday as a show of support for a child in the custody of her father, who has been charging her.

Kitty Kruse, the mother of the 1-year-old whose safety has been seriously questioned, has not been able to see her daughter since November.

"I have been told that the Court of Appeals has not met to report my daughter's behalf by the Department of Human Services," she said. "She told the court that the child's safety may start to pass the custody of Johnson County Attorney, Ray Hawke. I have done nothing to help the child.

"He has even refused to make a phone call on my daughter's behalf, which is not true from a moral or legal point of view," she said. "I am not the only person that has been to be explored the child's condition."

"I think it is left because she is angry and is speaking about me. She has never been to the child in custody."

"I have been told that the child's safety may start to pass to the custody of Family Court of Appeals."

According to her testimony, the child's safety is very rare.

"I mean that women and children have no chance of protecting the protection system," she said. "This situation needs to be dealt with."

"We need an investigation to look at the legal system and the system that is not properly trained to handle the issue of child sexual abuse."
TAKING A CHANCE ON ESPIONAGE

U.S. is taking on spying smart move

Secretly gathering data on foreign companies can only lead to problems.

Jade Sundrebrecc

As anyone knows, the Cold War is over and the U.S. is no longerBW

ing around the world while money being spent on espionage and military

be put toward better uses, right? Unfortunately, for some reason, the U.S. appears to wasted money and time on espionage

apparatus, and foreign companies are left to fend for themselves.

Furthermore, the United States and other nations who have professed

industrial espionage would be wise to bring such actions out into

light as soon as possible, international terrorism and espionage are the only way to

prevent such actions from happening. Washington, D.C., the capital of the
district of Columbia, has been taken by storm by numerous

businesses who are seeking ways to prevent such actions from happening.

House OKs ‘motor voter’ bill

Lawrence L. Knauff

The Daily Iowan

WASHINGTON — The House on Thursday approved a bill that would allow

voters to register and cast ballots at the

same time, eliminating a state’s need

for various registration systems.

The bill, H.R. 3, contains two provisions that would make

changes to the National Voter Registration

Act of 1993, which was signed into law last year.

The first provision, which would allow

voters to register and cast ballots at the

same time, was approved by the House

on a 371-25 vote.

The second provision, which would

allow voters to register in person at

polling places, was approved by the House

on a 356-60 vote.

The bill was approved by the Senate on

April 28 and is expected to be signed by

President Clinton.

The Senate measure was sponsored by

Sen. John D. Rockefeller IV, D-W.Va., and

The House measure was sponsored by

Rep. James Oberstar, D-Minn., and

The bill would allow voters to register at

polling places, but it would not require

them to do so.

The Senate measure would require

Roe earns 200th hit in sweep

Nancy Peoples

Roe helped themselves... and more focused, which
was going to be a positive for us, definitely," Davis said. "We
had to get focused on what they put on the field.

That's the key for us, offensive.

Leading off the inning with a single, Davis
gave the Hawkeyes all a good start in the
togetherness. Davis drove in Roe's run on an
RBI single by senior Jenny Lee.

That's why I think if we
are going to stay a team and be just..." Roe
said. Porter, who was a positive factor for us.

"I thought we played a little better today," she added. "I think it made a big difference. We're not going to say we have to do this. We're not going to say we have to go out and take advantage of it."

Hawks accept Vikings' gifts

Currie Rice

The Iowa hitters didn't even need to take those runners to the plate in the second game of the doubleheader Wednesday.

"We played very well. We played a great game," said Rice. "We did what we had to do and that's what we're going to do when we play them again next year.

"We're going to be ready for them. We're going to be ready for them because they're going to be ready for us."

Ex-Hawkeye Rees signs with Seattle

HAWAI'I - Like any college player, Bob Rees wanted to hear his name called during the National Football League draft. It didn't happen, but he may have heard it this afternoon.

The No. 10 tight end was informed Friday that Seattle had added him to its roster as a free agent.

"It's a special situation for a guy that didn't get drafted," said Rees. "You're not going to find too many guys with starting experience that get signed as free agents."

He certainly has experience. Rees started all 30 games he has played at Iowa, including the Rose Bowl. He also had a good showing in the East-West Shrine Game, finishing with 12 catches for 166 yards and two touchdowns.

"The last year he was here, he really came into his own," said former Iowa coach Hayden Fry. "He was a real surprise that first year, but after that he really kicked it into high gear."

"It's a great move for him," said Fry. "It just goes to show that if you have a good year and you keep working, good things can happen."
Seles says, 'I can't look too far ahead'

Despite trauma of incident, Seles laughs off thoughts of retirement.

Steve Weintraub
Associated Press

Villar, Calif. — Monica Seles speaking for the first time publicly since she was stabbed in the back on July 30, 1993, said Thursday in Germany, said today has been "the best day of my life." Seles said in a news conference that Steadyman-Hawkins, who affect tissue injury to the eye, is reaching day-by-day. She also said she was 'very happy' about the reception she received in Germany, and Germany has already welcomed her back. Seles said she was looking forward to returning to the tennis court and hopes to return in a couple of weeks.

Melaver’s ‘Martha’ fleshes out for 4th run

The play will be a replacement replacement at 5:30 and 9:30 in E.C. Market Theatre at the Studio Theatre of Iowa City,

We witness Graham, played by Ashley Henderson, in both the serious and more complicated scenes. Henderson’s performance is often a real surprise, with his ability to balance the humor and pathos in a way that is both entertaining and thought-provoking. Henderson’s mastery of the role is evident as he moves effortlessly from one emotional state to another, capturing the essence of Graham’s character in a way that is both nuanced and deeply affecting.

In addition to Henderson, the cast includes Sarah Borowicz as Martha, playing the role of Martha’s mother, and Kaitlin Brown as Martha’s daughter. Both actors bring a wealth of experience to their roles, and their performances are a testament to the strength of the entire ensemble.

For tickets, call 335-3371 or visit the box office at the Studio Theatre of Iowa City.
