When a fire swept through this house at 1726 Fourth Ave. last Sunday, several families who were living in the house were forced to leave their homes. At least three members of the family were on the second floor when the fire broke out, and one of them was killed. The other two were seriously injured.

The family who lived in the house included a man, a woman, and their three children. The man and woman were both in their thirties, and the children were around five and seven years old. The family had lived in the house for over ten years and had no insurance.

According to witnesses, the fire started in the kitchen and quickly spread to the rest of the house. The family tried to escape through the front door, but the flames were too intense. The woman and one of the children managed to escape, but the man and the other child were trapped inside.

The fire department arrived on the scene within minutes, but the flames were too intense and too much smoke had already filled the house. Firefighters managed to rescue the woman and the child, but the man was found dead in the kitchen.

The cause of the fire is under investigation, and the family is now left without a home. They are being provided with temporary housing and assistance from local organizations.

**Foreign students teach kids diversity**

Dan Jernsens
Special to The Daily Iowan

This week at Ainsworth Elementary School in Ankeny, Iowa, the children there, kindergarten through fourth grade, are learning about students from other countries. The school is hosting an event called "International Night," where students from different countries will share their culture with the other students.

The event is part of a larger initiative to increase diversity and cultural understanding in the school. The principal, Mr. Reinhardt, said he wanted to create an environment where students from different backgrounds can learn from each other.

In addition to the cultural presentations, the school is also hosting a "School Spirit Day," where students will wear clothing from their home countries.

The event is open to the public, and there will be food from different cultures served throughout the day.

**Hollywood censorship ambush**

John Masters
Associated Press

LOS ANGELES — It's been a week when kids are trying to break into Hollywood. They're not acting or singing, but they're learning to write their own screenplays.

The Walt Disney Co. took the bold step of modeling "The Proposal" after its predecessor, "Spelling Bee: Elf" and the MTV version "Friend and Foe," about a public-service announcement that will tell the audience that it's time to put on their best face.

Disney's Dreamworld, a $50,000,000 follower of the companies' "Spelling Bee" franchise, and the MTV version "Friend and Foe," about a public-service announcement that will tell the audience that it's time to put on their best face.

Hospice races to provide fun as well as funds

U.N. NEAR BOTTOM OF BIG TEN

Jade Sanderfer
The Daily Iowan

Although Amnesty International has been a controversial group since its inception, last year's Hospice Road Races provided $1,000 to the organization.

"If you want to give what is going on, I understand government," she said.

They also hope to sponsor a political politician and to work on a specific campaign. Last year's Hospice Road Races were funded by a particular politician who was eventually elected.

Most efforts of Amnesty International get beyond the United States. "People who want to get involved in the movement have so far been nonexistent," said Baker.

Baker also noted that such organizations as St. 9 and Peace United have strong connections with other human rights organizations but in reality is working on something else as well.

Time ebbs for meningitis shots

Terry Collins

The Daily Iowan

Time is running out for new students and transfer students in the UI who have yet to receive their meningococcal shots.

According to UI Student Health Service nursing supervisor William Afifi, the university has sent out letters to those students who have not received the shots.

While a special clinic has been set up in Student Health Service to administer the shots, UI students who have missed their doses may think they will be able to receive their shots.

"They should come in as soon as possible," Afifi said. "If they don't come in, the students have no more than a week to get the shot."

Learning languages focuses symposium

Terry Collins

The Daily Iowan

Educators and administrators across the country will meet at the UI this weekend to discuss the importance of languages for students who are less common in the district.

A national symposium focusing on critical languages education, sponsored by the UI and the Ford Foundation, will feature UI President Ben Brawley as one of the symposium speakers.

Iowa Critical Languages Program coordinator Donna Grandstaff and the Ford Foundation have urged the UI in conducting a two-year program to train and place teachers.

NCLC discourses, alerts public of anti-Semitism at I.C. meeting

Prashit KantiMehr

The Daily Iowan

Religious leaders from all over the nation came to the UI for the annual meeting of the National Conference of Christians and Jews.

"We're here because Iowa, in many respects, has been a model in the creation of the state of Israel," said Rev. John Pawlikowski.

"For 2000 years we've had a history of anti-Semitism," said Rev. Rose Theruv, executive director of NCLC. "We're in the UI and Theruv understands this, and we want to do something about the students here.

The organization was created in 1942 in response to a group of training theologians sponsored a gathering in Washington, D.C. In celebration of the 20th anniversary of its rebellion, the conference was held.

"Our efforts as an organization are to train people in the importance ofrand medical ethics more fully than Christians are aware of the importance of including all religions in Israel, said Rev. William Ramon. a funding member of NCLC.

"NCLC leaders and many of the key supporters have attended the annual conference for over 20 years, said Theruv.

"We're in the UI and Theruv understands this, and we want to do something about the students here.

Arkansas leaders from all over the nation came to the UI for the annual meeting of the National Conference of Christians and Jews.

Weeping Gaza residents carry the body of Palestinian leader Amal Saftawi from his car following his murder on a street in Gaza City, on the Gaza Strip. Thursday, Saftawi, a leading PLO moderate and longtime friend of Yasser Arafat, was shot dead in front of his 12-year-old son.

3rd PLO leader assassinated; many fear Palestinian civil war

Nail Hanuk
Associated Press

Gaza City — A third close associate of Yasser Arafat has been assassinated, casting a pall over the negotiations that the Palestinian Authority and Israel are supposed to be pursuing.

The murder of Saftawi, the third moderate Palestinian slain this last month, has raised fears that the Israel-Palestine peace accord might be in trouble.

We are on the brink of a serious deterioration of the situation," Nabil Sharif, a senior Palestinian official who heads the PLO delegation in Washington, said.

The killing, claimed by a previously unknown radical splinter group, casts a shadow over the negotiations that have been described as the most important since Arafat's arrest two years ago.

"It is a major setback," said Sharif.

Israel's deputy foreign minister, Shimon Peres, said the killing would make it even easier to support the peace agreement and was gaining influence.

Palestinian leaders called for urgent meetings among Palestinian factions to head off further violence.

"We are all sorry about the murder on a street in Gaza City, on the Gaza Strip," the official who heads the Palestinian peace talks delegation, told the Associated Press.

"We are on the brink of a serious deterioration of the situation," Sharif said.

CHILD-care and Self-Help Scholarship Applications Available
Childcare scholarship applications will be available at the UISA office and Childcare centers. Self-help scholarship applications will be available at the UISA office and the OCPSA office. Both applications are due into Financial Aid no later than October 29, 1993. Should anyone have questions they can contact John Robert Gardiner, UISA President, at 335-8395 or 354-8120.

The University of Iowa Carver Scholars Program
$3,600 Scholarships Available Now
If you have... literally pulled yourself up by your bootstraps and lived the American dream, you may be eligible for a $3,600 Carver Scholarship. The Roy J. Carver Trust has made a number of two-year, $3,600 scholarships available to students who have persevered through unusual circumstances that normally might have held a student back from receiving a degree.

To be eligible you must...
- Have personal through unusual circumstances
- Have completed at least 60 hours with a 2.8 or above cumulative GPA
- Be a junior or senior
- Have graduated from an accredited high school
- Be a U.S. citizen

A Financial need is considered; applicants must have filed a Free Application for Federal Student Aid (FARSA) in order to be eligible. The application requires submission by December 15, 1993.

Applications and information can be picked up at the Student Scholarship Office, Classroom Building, Room 200, University of Iowa - Iowa City, 320-335-5468.

Additions to ‘Life’s Little Instruction Book’

If you’re a fan of self-help books, you know that there are books that are so large, you’ve probably never gotten around to reading the whole thing. But you did pick up a little-known gem called “Life’s Little Instruction Book.”

“In the beginning,” it boldly proclaims, “God created heaven and earth.”

“Like all great works,” the author explains, “this book is not designed to be read in one sitting. It’s meant to be savored, to be picked up and read when you have a few minutes to spare, and then put down again. It’s meant to be a constant companion, a source of comfort and guidance for the reader.”

If you’ve read the book, you know that it’s chock full of wisdom and advice, from the sublime to the ridiculous. Some of the topics covered include: the meaning of life, the afterlife, the nature of love, the importance of friendship, and the proper way to use a thimble.

Some of the most memorable sections include: the “Ten Commandments,” which are presented in a modern, accessible format; the “Art of Persuasion,” which offers tips on how to convince even the most stubborn of people; and the “Great Days of the Year,” which includes a calendar of special days and events.

One of the most popular sections is the “Happiness Index,” which ranks people on a scale of 1 to 10 based on their level of happiness. Some of the high scorers include: lottery winners, astronauts, and people who have just had a baby.

The book also contains a section on the “Mysteries of the Universe,” which includes topics like the nature of reality, the purpose of existence, and the possibility of other intelligent life forms.

Overall, “Life’s Little Instruction Book” is a fascinating and thought-provoking read, filled with wisdom from the ages. Whether you pick it up for its humor, its profundity, or simply because it’s a great read, you won’t be disappointed.

"The hockey team has been practicing hard and is looking forward to the start of the season. We are excited to see how we perform against our opponents." -闪烁
The Iowa women's swimming and diving team will host two events in the Iowa Student Union at the beginning of this month. The Hawkeyes are hoping to continue to build on their success in recent years.

"We're optimistic," Coach Peter Kennedy said. "I think we're going to have a very good young team. We've got a lot of good kids that have a lot of sport," he said.

In the Big Ten Conference last year, the Hawkeyes finished fourth in the Conference Championships behind Penn State, Ohio State, and Michigan. The team also finished second in the Big Ten Championships last season, behind Penn State.

"It's been a terrible fall for me, so it's been a little bit of a struggle," Kennedy said. "We've been practicing everyday, and we're really looking to improve."

Moore to read from timely new Haiti allegory

Ted Pandolfini  
The Daily Iowan

Washington, D.C. - Pulitzer Prize-winning author and Haiti native Patricia C. Moore is scheduled to read excerpts from her latest novel, "A Fearful Inheritance to Plot," on Thursday 4 p.m. at Prairie Lights Books, 135 E University Blvd.

"No Other Life," a short, quickly paced novel centering around the theme of death, comes with the acknowledgment of politics andgovernment as a direct reflection of reality. Haiti's political landscape - the musical metaphor - the music of Haiti's existence is a model of Generation X existence. While thousands of other independent novelists are struggling to find the voice of their people, Moor's "No Other Life," written while Haiti's current political climate was at the peak of chaos, has become the center of political debate in Haiti. The people have taken to the streets remembering the strength of the religious and political alliances, he continues to make more and more enemies.

"The novel continues to preach its Christlike ideals, calling upon the author to return from his own "Christian shell, seeking to help people in terms of their desire to help his people rise above the ground level of their existence. Moor's novel, a concise 203 pages, was named one of the "New York Times" book of the year. The book is a true reflection of how Moor's voice grew as a writer, to speak directly to the author's sense of the political climate - the two themes Addressing the political climate and the religious. There are a number of questions of incalculable importance, which outlines the narrative's desire to show down the world to the enemy as one of the author's and his parents' cut of Hollywood's political elite.

There are a number of questions of incalculable importance, which outlines the narrative's desire to show down the world to the enemy as one of the author's and his parents' cut of Hollywood's political elite.

"The Unbelievable Truth," which is a metaphor of Haiti's political climate, is written in a time of political turmoil, and its political climate of Haiti is a metaphor of the political climate of the United States. The film is a true reflection of how Moor's voice grew as a writer, to speak directly to the author's sense of the political climate - the two themes Addressing the political climate and the religious. There are a number of questions of incalculable importance, which outlines the narrative's desire to show down the world to the enemy as one of the author's and his parents' cut of Hollywood's political elite.
