President Clinton was in Des Moines Thursday afternoon campaigning for Democratic gubernatorial candidate Bonnie Campbell. The president spoke to a crowd of more than 200 at the Des Moines airport before heading to a fund-raiser in Chicago for impeachment ads.

Dole lauds GOP in Iowa visit

Greg Smith

IOWA CITY - In an effort to bolster the Iowa Republican Party, President Clinton on Thursday congratulated the party for holding its 11th annual Bush-Bush Picnic at the Polk County Fairgrounds near Des Moines.

"It's important that we invest in the future of our party," Clinton said at the event, which was attended by several hundred people. "And I congratulate the Iowa Republican Party on 11 years of growth and success." Clinton said a carjacker dumped her on a lonely road and drove off.

UI students reach out to long-distance lovers

Morgan, communications junior, and her boyfriend, David Mason, communications junior, have been together for two years. "It's been great," said Morgan, who is a smoker. "I like being able to talk to him on the phone when I'm not around." Mason, who is also a smoker, said he finds it nice to have someone to talk to when he's feeling down.

Morgan and Mason are two of many UI students who are long-distance couples. They are not alone in their struggle to maintain a relationship while apart.

"It's hard to keep up the romance, but we try," said Morgan. "We send each other cards and letters every week." Mason agreed, saying that they also talk on the phone for hours at a time.

"It's tough," said Morgan. "But we want to make it work." Mason added, "I love her and I don't want to give up on this relationship just because we're apart."

Farmers crow exotic bird’s value

Katherine Phillips
The Daily Iowan

Six-foot-high, exotic birds with humanlike eyes could be the next alternative livestock in Iowa for farmers, ranchers and average
consumers.

“Emus are, unlike most exotic meats, not just a fad. They are becoming a serious business,” said Jim Eleanor, owner of the
Iowa Emu Association. The birds are becoming more popular in Europe and this country as more people are becoming
aware of the benefits of emu meats and products.

Emu meat is considered by many to be a superior alternative to beef and chicken. It is high in protein and low in fat content,
and it has been used for centuries in various cultures around the world as a dietary source.

Emu meat is leaner and more tender than beef, with a flavor similar to lamb. It is also high in omega-3 fatty acids, which are known to
improve heart health.

Emu products include meat, oil, leather, and even clothing items. Emu oil is used for its anti-inflammatory and healing properties, and
emu leather is highly sought after for its durability and natural properties.

The Iowa Emu Association is working to raise awareness about the benefits of emus and to promote the growth of emu farming in Iowa.

Emu farming can be profitable, with some farmers reporting a profit of up to $10,000 per year.

The association is also working to promote emu products to a wider audience, with the goal of making them more accessible to
average consumers.

Impoverished students tap into plasma center

Carrie Crombaugh

need some quick cash? the answer may be plasma. a number of iowa
universities offer students the opportunity to make money by donating
plasma.

students may sell plasma, part of blood, to plasma centers that pay
$30 to $50 per donation. plasma centers can use the plasma to make
concentrated protein and sell it for use in hospitals and other medical
facilities.

plasma donation is not as risky as blood donation, and students can
donate every 28 days. however, plasma donation is not a replacement for
blood donation, and students should not plan on using plasma donation
to cover all their financial needs.

there are health issues associated with plasma donation, such as
inflammation, fatigue, and dizziness. students should be aware of these
risks before donating.

iowa state university offers students the opportunity to donate plasma
through the iowa state Plasma Program. students can donate plasma
three times a week and earn $15 per donation.

Gop courts Democrats to gain House control

WASHINGTON — In a recent week when the nation's attention was dominated by President Clinton's stock market losses, House GOP Whip Newt Gingrich said he and his party would capture the chamber if it is up for election in 1995. The key counternumber for his party is now 211 weeks of the 'It's Fridays my first idea.'

But a survey of some of those who might accept the challenge is a tough out.

"I think people have been looking at the beginning of a new era. It's been a long time, and they want change and suggested it could be a different way to do it. I think people might consider it to be a time to switch." said member of the House by next Tuesday," said another Republican, Rep. C battalion.

The same switch now is a best dream. Also said others on the target had lists and list party switches.

neďer, who must be of age before a jury is seated, and they did so on the first day of the crucial penalty phase. The first step in that phase is jury selection. Both sides agreed on five men and five women, but the defense insisted on a sixth woman. Each side exercised 10 peremptory challenges.

After nearly every challenge, lawyers bided with the judge for particular discretion. The exact nature of the sometimes lengthy talks was unknown, but damages always appeared to be at stake in a situation where the defense objected to any peremptory challenge in some cases. On the morning of the trial, the defense noted the jury was completed.

The prosecution wasted no time informing the court it wanted 10 alternates and would need them in the second stage of the case. The next stage of the trial is the penalty phase.

"It's an extremely good jury for the defense," Mr. Parnell, a new law professor at the University of California at Los Angeles, said. "I just can't imagine what could go wrong. We always seemed to be a devil's advocate. So it's going to be another challenge."

The prosecution began the retarded edition by dismissing a large 35-year-old black woman with a ponytail and who spoke with a "Westside" accent.

Asked what he thought of Simpson as a football player, the men had written on his jury questionnaire.

"He was the man replaced and it was then once more time for a challenge. In a surprise move, the defense offered to take the 13th prospective juror in the box. "Now he has another report before the news media," William J. Daugherty, the attorney for Simpson, said as he left the hearing.

"The prosecution wasn't as satisfied with any other juror, but still do. They will due to a fear of the unknown, date only other

Iowa State's Walden resigns

Chuck Schoeller
Associated Press

AMES, Iowa — Iowa State hockey coach Jim Walden resigned Thursday night after leading the Cyclones for four years. "It's been a long, full year of travel, being away from the team, and I think it's time for me to move on," Walden said.

The winner of that game will more than likely be determined by how the Hawkeyes do in their remaining two games this season against No. 3 Wisconsin and No. 2 Minnesota, both of whom are ranked in the top five nationally.

"It's very difficult to win three games in three days against this level of competition," said Beth Begin, Iowa field hockey coach.

Senior Mary Kraybill will lead the Hawkeyes into the first ever Big Ten field hockey tournament beginning today when Iowa faces Michigan State.

"Let me assure everyone that no one wanted to win more than myself and my staff," Walden said.

Robinson is an Iowa native and has been a member of the team since 2018. "It meant a lot to me to come back and represent my home state," Robinson said.

After two hard months of winter, the Iowa women's swimming team is ready to rest or relax. "The biggest thing is to have everyone at the same level and to be able to compete against each other," said Malia Fisk, a co-captain of the team.

"We've been doing a lot of things right these last four weeks," said Begin. "We've been getting our rest and training for the playoffs." The Hawkeyes have several games leading into the NCAA tournament.

Hawks look for first sweep in two years

Mike Trigell
The Daily Iowan

The Iowa women's basketball team will take on
Indiana, at 7 p.m. Saturday in the Big Ten. The Hawks are
looking for their first conference sweep since
1987-88.

Iowa defeated Indiana at Carver-Hawkeye Arena
84-68 on February 5, 1991. But in the Big Ten, the Hawks
would lose to the Hoosiers.

The Hoosiers have won the series over Iowa
five times, but the last time they won was in 1983.

This year Indiana's team is loaded with
experience, with seven players having
started at least one game this season.

Indiana's leading scorer is junior Tracy
Lovett, who averages 19.7 points per
game. Lovett, a 5-10 guard, is a
consistent threat on the court.

The Hoosiers also have the ability to
score in transition, which is one of
Indiana's strengths.

Indiana's defense is solid, with four players
averaging at least 8 points per game.

The Hoosiers are a well-balanced team,
with seven players scoring in double
figures this season.

Indiana's defense is also strong, with four
players averaging at least 5 steals per
game.

The Hoosiers have a strong nucleus of
players, with four seniors and one
junior returning from last year's team.

Indiana is a team to watch, with a good
chance of winning the Big Ten.

The Hoosiers have a strong core of
players who are experienced and
have been around the program for
several years.

Buddy Ryan says playing in Philadelphia is just like playing anywhere else.

"I think they both think it's just like they're playing in Kansas City," he said Tuesday when he was introduced as head coach of the Eagles.

But Ryan said he is not at all sure he will go back to the Eagles after the season. He has 80 days to decide.

Ryan said he will talk to the Eagles' owners, Ed and Grace Higgins, about returning to Philadelphia, and then he will make his decision.

Based on his past experience, Ryan said he is not sure he will return. He said he will talk to the owners about the possibility of returning to Philadelphia.

For 31 straight seasons, from 1979-1989, the two major college football polls ranked the same top ten teams. Now, for the third time in five years, the polls could be headed for a split decision.

Penn State is No. 1 with The Associated Press and No. 2 with the Coaches' Poll. The Vaxxers, who have been ranked No. 1 in the Associated Press for six straight weeks, could lose that top spot.

Japanese dance will ward off evil from UI

Yamashima Kagura of Mt. Hayachine, an ancient traditional Japanese dance form, will perform tonight in Clapp Recital Hall of the Music Building. The climax of the performance is a Yagura, a tribute dedicated to the traditional Japanese dance form. The dancers, moving in a circle, ward off evil spirits while making ward-off gestures with their hands. The dance is said to have originated in ancient Japan as a way to ward off evil spirits from the homes and villages of the people. Since then, it has become a part of Japanese culture and is performed during festivals and special occasions. The dance is characterized by its graceful and intricate movements, which are said to have a spiritual quality that can ward off evil. The dancers wear traditional costumes and use various props, including fans, to enhance the effect of warding off evil. The Yagura is said to be the most powerful of the dances and is performed at the end of the performance, with the dancers moving in a circle and warding off evil in all directions.
