TWA Crash

"Right now we're just trying to accept what's happened. We haven't talked about possible causes yet," Rev. Gary Finn, on the possibility of a terrorist act killing 16 students who were aboard TWA Flight 800.

"Horrible and heartbreaking" by The Daily Iowan, Friday, July 19, 1996

Ladies and gentlemen: The rules

I remember telling my best friend about a guy I was dating. "This guy is so weird. Coming from a radical feminist," I began. "And I thought you'd break up with him."

"What?" I asked. "Why?"

"Because he was driving me crazy." I said. "I think he's really nerdy."

"Oh," said my friend. "I see."

I moved in with him that day. And I've never been happier.

Behaving like a gentleman is not about being nice, it's about being gallant. Gentlemen are those who treat women with respect and consideration.

Gentlemen are gentlemen because they believe in the importance of women. They know that women are equal to men and that they should be treated with equal respect.

Gentlemen do not make assumptions about women. They treat each woman as an individual with her own unique personality and characteristics.

Gentlemen understand that women have their own desires and needs. They do not expect women to conform to traditional roles or expectations.

Gentlemen are not afraid to ask for consent. They do not force themselves on others and they respect the boundaries of others.

Gentlemen are not afraid to admit when they are wrong. They do not try to minimize their mistakes or justify their actions.

Gentlemen are not afraid to listen. They do not interrupt others or talk over them.

Gentlemen are not afraid to apologize. They do not try to avoid taking responsibility for their actions.

Gentlemen are not afraid to show respect. They do not use derogatory language or make offensive jokes.

Gentlemen are not afraid to do without. They do not insist on having things their way.

Gentlemen are not afraid to help. They do not expect others to take care of their needs.

Gentlemen are not afraid to give. They do not hoard things for themselves.

Gentlemen are not afraid to take risks. They do not be afraid to try new things.

Gentlemen are not afraid to be vulnerable. They do not try to hide their emotions.

Gentlemen are not afraid to be strong. They do not try to dominate others.

Gentlemen are not afraid to be vulnerable. They do not try to dominate others.

Deadly crash big setback to rebundling TWA
1991 - TWA said it would scrap plans to split its airline and sell its hotels at the airports, hours before the stock had gained 40 cents in the second-quarter earnings Wednesday, the day after the stock had climbed to its highest level in 179 years.

The project was hoped for when news Wednesday that one of TWA's planes, 757, had been scheduled after it crashed off New York's Kennedy airport for Paris.

The airline moved on the step that could mark the beginning of an end of the era of TWA.

The project was delayed because of the airline's bad performance and the new move, seen as a step toward the end of TWA.

Clinton: Jobs not given in exchange for support

President Clinton described by the Associated Press as "the two rural Arkansas bankers, who became the most colorful characters in the Whitewater story."

"What is not permissible is to promise any official act or to attempt to get any official act in return for a contribution, and that didn't happen in this case," Clinton said Monday. "Associated Press"

Promoters expect the rally to bring in revenues of & 150,000, half of which will go to pay off Whitewater debts. As it happens, the rally will be a double-tender offering by the president: Clinton is seeking his party's nomination, and the IRS is searching for Whitewater's losses.

"There's no question this is a agent signings began July 17. But there was one last-minute wrangle that had to be worked out before the ink dried on the new deal in the days since free agency opened last month.

"We've had a couple of players sign," said Lakers general manager Jerry West. "But I'm not sure if we're going to be able to sign all the players we want." The Lakers have now signed four free agents so far this season.

One of those players is forward Kevin Love, who averaged 11.3 points and 8.2 rebounds per game last season for Cleveland. Love had a breakout campaign in 2020-21, becoming one of the league's premier power forwards.

"It's been a great experience," Love said of his time in Cleveland. "I've really enjoyed being a part of this team and I think we have a lot of potential."

Another player the Lakers signed was guard Kent Bazemore, who averaged 13.9 points and 3.2 assists per game in 2020-21 for the Atlanta Hawks. Bazemore is known for his shooting ability and defensive skills.

"I'm excited to be joining the Lakers," Bazemore said. "They have a great tradition and I think we have a chance to make some noise this season." The Lakers have now signed eight players so far this season, including guards Avery Bradley and Markieff Morris.

"We're excited to have these guys on our team," Lakers coach Frank Vogel said. "They bring a lot of different skills and we think they can really help us this season." The Lakers have high hopes for the 2021-22 season and are looking to make a deep playoff run.
