UI President Mary Sue Coleman has named the first UI task force to specifically address issues of hostility toward gay, lesbian, bisexual and transgendered faculty and staff.

Petersen said Walker confessed after the card's owner, also an acquaintance of Walker, reported eight counts of forgery, one for each time he made a withdrawal. Petersen said illegal use of an Detersen said illegal use of an the crime. Petersen said Walker

Coleman said upon her arrival to the UI last January, she saw reports that caused her to be concerned about the treatment of lesbian, gay,

Coleman bisexual and

transgendered people at the UI. "I was persuaded there are some issues we need to address," she said.

A 1993 survey by the Status of Women and the Lesbian, Gay, Bisexual Staff and Faculty Association found 40 percent of homosexual faculty and staff had been verbally attacked and 24 percent had expressed some degree of homophobic attitudes. Three thousand randomly selected UI staff and faculty members were sampled in the survey

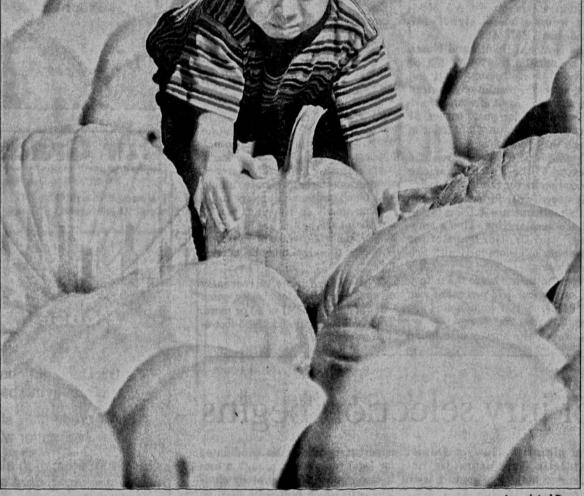

Mickey Eliason, UI associate professor of nursing, said she initiated the survey because there was a need to collect more systematic data after gay faculty members reported incidents suggesting a hostile environment exists at the

She said the survey also found broad incidents of hostility and isolated incidents of dramatic violence aimed at gays. The survey was sent to offices all over campus, and it offered suggestions to improve the climate at the UI.

"Systematic remedies from the top down were suggested, like the need for more education and a review of policies and procedures on campus," Eliason said. In 1991, former Provost Peter

Nathan formed the Blue Ribbon Panel to make recommendations to Laura Heinauer the administration to enhance diversity at the UI, but nothing was ever done by the administration in those areas, Mona Shaw, a member of the Lesbian, Gay, Bisexual Staff and Faculty Association, said.

# Dole hopes to rescind mistakes

## The Daily Iowan

When Bob Dole and Bill Clinton square off tonight in the second and final presidential debate, the material won't be as cordial as their first meeting on Oct. 6. Dole's going for the jugular.

As the Republican nominee for president, Dole has sworn to make President Clinton's character an issue in the final head-to-head meeting between the two candidates before the Nov. 5 election.

Cary Covington, a UI associate professor of political science, said character and ethical issues will be some of the main targets in the face-off.

"Dole realized that it was a mistake to avoid these issues in the first two rounds, and he won't let that happen again tonight," Covington said. "He must be cautious, though, because it would look obvious if he tried to twist an issue to the character topic."

Four network stations, including UI senior Marc Beltrame, presi-ABC, CBS, NBC and PBS and dent of UI Student Government, cable stations CNN, C-SPAN, Fox said the town-hall setting is well-News Channel and MSNBC, will suited to Clinton's energetic style, provide live coverage and follow-up analysis of the town-hall formatted

debate live from San Diego. The Fox network will carry the sixth game in the National League championship

domly select questions from an audience of 120 uncommitted registered voters. The Commission on Presidential Debates approved the format, allowing Lehrer considerable room to ask for a question on a particular topic and grind the candidates further to press a compelling answer.

and Dole could be at a disadvantage

"Clinton was very successful in this type of debate in the last election, and I expect he will do well tonight," Beltrame said. "Dole, on the other hand, is in a do-or-die situation.

The Gallup Pole, an independent, nonpartisan group, prescreened the members over the past week to find an audience of undecided voters and has kept them out of the media limelight. The same arrangement was used in the presidential debates four years ago, when President Bush as left stumbling and Clinton sidestepped the issues.

Covington said the different format makes the debate much less predictable.

"The candidates are preparing to See DEBATE, Page 9A

Daily Iowan every Thursday with a list of alcohol-free activities.

During the past few days, UISG members mailed and hand distributed a letter regarding the use of alcohol, cards that give numbers of local cab companies and campus information and driver's license booklets to local bars.

The booklet "The issue of underage includes sample licenses from the 50 U.S. states and many international countries and is compiled senate executive officer Anheuser Busch, Inc.

Miller started the project to encourage responsible student behavior and to improve the relationship between the UISG and the local bars.

"Hopefully, people will be able to use these cards to get home safely and not be at a risk to have fun," she said.

"They can use campus information to call a friend to come pick them up."

Tom Pape, manager and head waiter at the Sports Column, 12 S. Dubuque St., said the project is a good idea, but alcohol consumption often occurs before students even enter the bars.

"So many students will have an

the bar," Grimm said. "They come to party with their friends and to dance.

UI senior Rob Reinhart said he goes to the bars to socialize with friends and to meet new people.

"People are at the bars," Reinhart said. "I don't think that these actions by the student government

are going to make a difference.'

Miller

drinking needs to be said one of the reinforced continuously." Allison Miller, UISG undergraduate activities

primary goals of the "Alternatives" project is to reach out to those students who aren't old enough to drink

and offer them other social opportunities

The UISG is organizing previously unreleased free movies throughout the semester.

Executive officers are planning ethnic festivals and are encouraging student groups to organize alcohol-free activities.

However, Pape said, many students prefer the bar scene.

"Students have older friends that want to come to the bars, and they want to go as well," he said. "When they are in here, it is hard to watch every hand for the red mark that minors get when they enter the

# Local rapes bring early lockup at halls

#### **Mike Waller** The Daily Iowan

Five reported sexual assaults have prompted four UI residence halls to lock most outside doors earlier than normal for residents' safety. The residence halls include Burge, Currier, Stanley and Daum.

Since the first assault occurred on Sept. 6, floor governments in the residence halls have been working to emphasize personal safety issues. Currier and Stanley decided to lock their doors earlier in the wake of the five assaults that have occurred on the east side of the Iowa River. Burge and Daum also adopted the policy, and west side residence halls may follow suit if necessary.

"We are locking some of our auxiliary doors at 7 p.m. as an extra safety precaution," Kimberly Blair, Currier Residence Hall hall coordinator, said. "But our main doors are left open until midnight, our usual closing time."

Currier Resident Assistant and UI senior Amy Asseff said locking the auxiliary doors makes it easier to monitor people coming in and out of the build-

"It's something we did as a staff to try to curb traffic through the building," Asseff said. "We couldn't lock the main doors because of the computer lab and other facilities, but this should help

**UI** sophomore Jessica Ferrie said side doors in Stanley have been closing at approximately 7 p.m., and although locked doors can be a hassle, extra safety awareness has been good.

Sinead O'Connor's appearance causes Catholic group to retreat from fund-raiser

DUBLIN, Ireland (AP) If Sinead O'Connor's in, the Roman Catholics are out.

Trocaire, a Catholic relief group, with-

drew from a O'Connor fund-raising concert in Dublin next month because it will feature the Irish singer known for her bitter criticism of the church.

"We were not aware she was going to be asked to take part in the concert, but ... when we found out, we had to pull out," a spokesperson who requested anonymity said Tuesday.

Trocaire objected when O'Connor ripped up a picture of Pope John Paul II on "Saturday Night Live" four years ago. She has also criticized Catholic teachings on child-rearing, abortion and the Jews.

"This is nothing personal against Sinead O'Connor," the spokesperson said.

#### **Actress Winona Ryder** teased for boyish look while growing up

NASHVILLE, Tenn. (AP) - The age of innocence was short-lived for Winona Ryder, who learned about bullies and prejudice when she was a little woman.

The actress said she came afoul of school yard toughs when she was 12 because she looked a little too boyish.

"I was beat up pretty badly on the third day of school because three guys thought I was a gay boy. I got six stitches in my head, was slammed into a locker, got a fractured rib," Ryder told The Tennessean newspaper in an interview published Tuesday.

"I insisted I was a girl. I had

# **African-American students** mark anniversary of 'March'

#### Will Valet The Daily Iowan

**UI** African-American students plan to stage a sit-in today at the Afro-American Cultural Center in honor of the one-year anniversary of the Million Man March.

Last year, 400,000 African-American men marched in Washington, D.C., to show their desire to take responsibility for their lives and their dedication in the fight united," she said. "We want everyagainst drugs, violence and unemployment.

Organizers, such as Nation of Islam leader Louis Farrakhan, asked African-Americans who could not attend the Million Man March to stay home from work and school and avoid spending money as a demonstration of black economic power.

**UI** junior Erie Robertson said she hopes the sit-in and subsequent on-campus march will not be seen as just an anniversary.

"This will be more of a day of reconciliation that the Rev. Louis Farrakhan intended to be turned into a holiday," she said. "This will be a day to reconcile differences with our African-American brothers and sisters."

Robertson is a member of Sigma Gamma Rho sorority, which is cosponsoring the sit-in and march with the UI's Black Student Union. The sit-in will take place today from 5-6:30 p.m. from 9 a.m. to 9 p.m.

### to participate.

We want this to signify that the African-American community is one to be there so our becoming united will be felt on campus."

UI junior Nicolle Johnson, copresident of the Black Student Union, said the message the community wants to convey is an internal one

"This is our day to reflect on and solve the problems in our community, and also to celebrate the triumphs," she said.

The schedule of the day will include three meals, Robertson said, to encourage more people to attend. A continental breakfast will be served from 9:30-10:30 a.m. The march will begin at 11 a.m., starting and ending at the cultural center. From 1-3 p.m., lunch will be served. Starting at 3 p.m., there will be a slide presentation of photos from the Million Man March, as well as a discussion on African-American history. A soup and sandwich dinner will be served

John Scott, a graduate student Robertson said the organizers in the UI anthropology departare asking all African-American UI ment, will give a presentation at students not to go to classes or the cultural center on ancient community to come together. I work, and instead to meet at the African civilizations at 6:30 p.m. hope more people will come this cultural center, 303 Melrose Ave., Johnson said the presentation will year."

normal-sized people for first time

be important in giving students a historical context of their own struggles

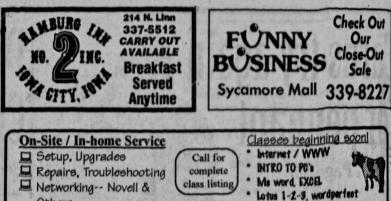

"It will show them that we've come from a solid foundation," she said, "and that we still hold African principals and spirituality, even after the slave trade and everything that's happened to us in this country.

Modei Akyea, UI senior and manager of the cultural center, said he has great expectations for what today's events signify.

"I hope people will rededicate at least part of their lives to go on a constant quest for social justice and the betterment of their communities," he said. "This is not just in the African-American community, but any community that feels a sense of activism, because it is so needed in this day and age."

Tara Hollimon, UI junior and member of Delta Sigma Theta sorority, attended ceremonies last year during the Million Man March, along with approximately 75 other students. She said she plans on attending this year's events periodically.

"I'm going in support of the day," she said. "It's a day for the black

Lawyer's Assistant Progr

really short hair and stuff, and so they beat me up," said Ryder, who is promoting her upcoming movie "The Crucible."

Ryder, who won Academy Award nominations for starring roles in "The Age of Innocence" and "Little Women," ran into a girlfriend of one of the boys a couple of years ago and asked her if she recalled the attack.

"She remembered and ... then I said that was me," Ryder said. "I got a thrill out of that."

#### **President of Argentina** denies attraction to Madonna

**BUENOS AIRES, Argentina** (AP) — Argentina's president said it's immaterial what the Material Girl said - he never ogled Madonna.

Madonna's personal diary, excerpted in the November issue of Vanity Fair magazine, said Menem got a peek at her bra strap and then couldn't keep his eyes off her when they met in February as she visited during the filming of "Evita."

Not quite, the 66-year-old Menem said.

"I didn't feel fascinated or attracted by her. ... She isn't that special," he said Tuesday.

Menem has had doubts about Madonna before. He said she was "totally unsuitable" to portray legendary first lady Eva Peron, but had a change of heart after meeting her and allowed "Evita" director Alan Parker to film some scenes on the famed Government House balcony.

pages) or typewritten and triple-

in the United States, according to the latest government statistics, released Tuesday.

BRECKENRIDGE, Colo. - Flab

For the first time, overweight peo-

ple outnumber normal-sized people

The reasons are not entirely clear. Katherine Flegal of the National Center for Health Statistics in Hyattsville, Md., who outlined the data, said many small reductions in physical activity might be to blame. She noted the development of the TV remote control, which keeps people planted on the couch all evening, and fear of crime, which gives them another reason to stay inside.

"It's just eating too much," con-tended Dr. Albert J. Stunkard of the University of Pennsylvania. "Physical activity hasn't increased enough to make up for it."

Whatever the reason, the latest government figures show just how fat the country has become.

Federal guidelines suggest people should keep their body mass indexes under 25. Anything more than that

SEQUEL OF THE CENTURY

body weight in kilograms divided by height in meters squared. A 5-foot-4inch woman who weights 145 pounds has a BMI of 25.

Body mass index, or BMI, is

quickly becoming the standard way

of measuring obesity, because it is

an easy way to compare the fatness

of people of different heights. BMI is

The National Health and Nutrition Examination Survey, conducted on 30,000 people between 1991 and 1994, shows 59 percent of American men and 49 percent of women have BMIs over 25. Ten years earlier, 51 percent of men and 41 percent of women were this heavy.

Flegal presented the figures at a meeting of the North American Association for the Study of Obesity.

"It's been clear for several years that Americans are getting fatter, and it's accelerating. That's troubling," said Dr. Tim Byers of the University of Colorado Health Sciences Center.

People in their 50s are the fattest. The survey found 73 percent of men and 64 percent of women this age have BMIs over 25. However, the survey also found inch woman.

inch women with a BMI of 40 weighs 230 pounds.

overweight increasing among pre-

Extreme obesity is also becoming

more common. The survey found 2

percent of men and 4 percent of

women have BMIs over 40 - double

teen children, too.

While a BMI of 25 is probably not particularly bad, experts say significant health problems begin to emerge when people's BMIs hit 27. That's 155 pounds for the 5-foot-4inch woman.

Flegal noted, however, some weight-related health ills do not appear to be rising with Americans' increasing weights. The survey shows cholesterol levels are falling, and blood pressure appears to be holding steady or dropping slightly. On the other hand, the statistics suggest diabetes, which is also closely related to weight, may be increas-

While there is no universally accepted definition of obesity, some experts call it a BMI of 30 or more. This is 175 pounds for the 5-foot-4-

# Final round of jury selection begins

#### **Michael Fleeman Associated Press**

SANTA MONICA, Calif. -Prospective jurors in the O.J. Simpson wrongful death trial

began a final round of questioning Tuesday to narrow a pool of 102 people to a 12-member panel with eight alternates. Simpson sat in court, his

first appearance in weeks, and

watched the Simpson first jury prospects respond to questions

from plaintiff's lawyer Daniel opportunity to dismiss candidates Petrocelli. The jurors did not appear to make eye contact with Simpson.

The first 12 candidates were chosen by computer at random and seated in the jury box for what was expected to be lengthy and intense questioning on such issues as race, domestic violence and police abuse.

The initial panel was racially mixed: four blacks, six whites and two of other ethnic backgrounds.

Of those, three indicated earlier they felt Simpson was probably guilty of the murders of his ex-wife Nicole Brown Simpson and her friend Ronald Goldman. The others had said they weren't sure or expressed no opinion at all. In this round, attorneys have the

for legal reasons or through a limited number of peremptory challenges in which no reason need be given

None of those questioned was excused in the early stages of the process

The wrongful death suit seeks to hold Simpson civilly liable for the killings. He was acquitted of murder charges in a criminal trial.

While the prospects sat in the box being questioned one by one, approximately 40 others waited in the audience area of the court. Some read books and magazines. One, as she left for a break, could be heard saying, "We're going to be here all day.'

Jennifer Glass, a UI professor in the sociology department who teaches Work and Occupation, said the differences in income between men and women in general are related to many factors.

Men and women are situated in different types of fields due to social engineering, Glass said. Men tend to dominate fields where the salaries are larger, such as medicine and other scientific fields, whereas women tend to dominate fields that pay less, such as the humanities or social sciences.

"If women continue to integrate the fields that are dominated by Merits and gender equity were men, the gender gap will decrease

## Welfare reform threatens services for needy

**Charlotte Eby** The Daily Iowan

Metro

Organizations that serve the needy are apprehensive about federal welfare-reform laws that threaten their food distribution and housing efforts.

Ellen McCabe, director of the Crisis Center, 321 E. First St., said her organization is expecting a 100 percent increase in its services in the next five years in response to the new policies. The center provides food to 2,000 needy families in Johnson County each year. McCabe said nearly 10 percent of the people served at the center are immigrants.

"We're very concerned with the future and how we'll keep pace," McCabe said.

On Oct. 1, the state of Iowa began denying food stamps to legal immigrants in accordance with the federal Welfare Reform Act.

Individuals without children who are considered able to work will be limited to three months of food stamps within a three-year period.

Carlos Jayne, a lobbyist for the United Methodist Church and coordinator of Iowa Human Needs Advocates, said he is concerned the results will be devastating, and he is nervous the state will be too slow to come to the aid of the poor who are affected by the new laws.

"I'd compare it to a bad intersection where they don't put a stoplight in until people die," Jayne

Timothy Hagle, UI associate professor of political science, said conservative Iowans are concerned about the bureaucracy in welfare agencies and have pushed for the reform laws.

Conservatives think the reform bill is something but not that much," he said. "Conservatives hope it will cut down on the federal bureaucracy.

"The system should be set up to help people who need it. But it's set up so people can't get off. It's a trap for a lot of people."

He said the public perspective is that more people abuse the system instead of it being a source of help. He has mixed feelings about the new laws, which cut food aid for non-working recipients after three months.

With a decrease in food donations from individuals, corporations and the state, some food pantries in Eastern Iowa have been scrambling to keep up with demand, said Barb Elsasser, director of the Hawkeye Area Community Action Program Food Reservoir in Cedar Rapids.

Karen Ford, the director of the Food Bank of Iowa, a central distribution center for food pantries in 42 Iowa counties, said she is frustrated.

The Food Bank has distributed more food this year than in any other year, she said, yet food and monetary donations have steadily declined. Ford said at points this year, the

food bank has had only 50 percent of the inventory it had at the same time last year.

Sen. Maggie Tinsman, R-Bettendorf, said she is looking to churches and charity groups to come to the aid of those who can't provide for themselves, but has been disappointed at their involvement of late.

"Churches haven't come to the floor as much as I'd like to see them do," Tinsman said.

But Jayne said churches are already strapped, and can't take the additional responsibility.

"The funds just aren't out there," Jayne said.

Dawn Francis, director of Family Support Services for Oakridge Homes in Des Moines, a community of low-income housing, said about 20 percent of Oakridge residents are immigrants and nearly all of them rely on food stamps.

Francis said many of the immigrants, especially elderly immigrants, are unable to pass the English proficiency requirements to gain citizenship necessary for government services such as food stamps

She said the food stamps are not always sufficient for Oakridge residents.

When food stamps run out, families depend on food pantries to help them through until next month's food stamps are issued.

"Many don't last them to the end of the month. Cutting them is just ludicrous," Francis said.

UISG

## Kubby urges student input in review board

#### **Eric Neubauer** The Daily Iowan

Iowa City City Councilor Karen Kubby visited the UI Student Government meeting Tuesday evening to propose that the UISG work with the city council on housing matters, the animal control ordinance and to help the community deal with the Eric Shaw shooting.

Part of her plan is the implementation of a Police Citizen's Review

tional aftermath of the shooting. This would give the community a chance to speak with an appointed citizen who deals with the specific actions of a police officer and then deals with the police officers one on one to help them understand the pressures of their duty.

In other matters, Britta Penca from the Rape Victim Advocacy Program (RVAP) attended the meeting to encourage rape victims

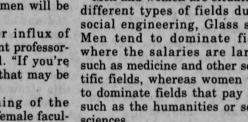

Board to help deal with the emo- and those affected by rape to seek counseling with a support group on Oct. 21. She said there has not been an increase in the number of sexual assaults in the past few years, but the five reported rapes have brought an increased awareness to the severity of sexual assaults.

> Penca urged UI students to volunteer and attend the free programs RVAP offers.

# Viewpoints: The Politics of Cam

## The youth vote Throw your brick at the political wall

merican politics. We ought to be used to the

flavor by now. Watered- problem of racism. down, artificial and full of unhealthy ingredients. Politicians have crammed the bland, gray stuff down our throats our whole lives

Politicians rarely take pride in what they serve. They almost never take the time to serve it correctly.

When it comes to young people, they think they can sit us down in a highchair and spoon-feed us "moral messages" like "Just Say No" or "Adam and Eve, not Adam and Steve."

Empty. Spiritless. Gutless.

Irrelevant.

That's how many young people feel about the 1996 presidential election. Bob Dole, Jack Kemp, Bill Clinton and Al Gore have all failed to address voters below the age of 30 making less than \$25,000 per year. Or less than \$5 per hour.

Both the Democratic and Republican conventions were designed to attract working mothers. Both were designed to be "family-friendly." Neither seriously addressed the imminent bankruptcy of Social Security as it struggles to survive baby boomers' retire-

ment, racism, drugs and paying for college.

Or the stagnation of American politics.

I am terrified of retirement. Private investments seem the only safe route. But my taxes are paying for Social Security now. Clinton's plan gives Social Security 10 more years. In that time, a council will decide how to keep it alive. Not enough.

coming off welfare in the inner cities, but neither offered solutions for the

Not one mention was made of how to improve public-education institutions as they stand. Kemp talks about vouchers for private schools. Gore promises tax credits. But what about directives to improve curricula and give more revenues to schools?

Drugs are treated like a moral disease. Messages like "Just Say No" mean very little when the system rejects you. In the first presidential debate, Dole called himself "living proof" that anyone can achieve the American Dream. Inner-city kids might believe him if he were black. "Just don't do it" comes too easy to a white guy from Kansas who never faced police brutality, gang violence or homelessness

Clinton talked about 60 new death penalties. Not a solution to the problem of drug abuse. Not even proven to reduce crime. And surely to be used against blacks more than whites.

Clinton promises tax credits to parents paying college tuition. My parents couldn't afford it even with a tax cred-

it. They don't make enough to be taxed the amount he promises back. I don't even make the amount of the credit.

Dole proposes cutting the Department of Education, cutting AmeriCorps and cutting Direct Lending.

Neither party understands the terror of \$20,000 in undergraduate loan debt. If more tax revenue were channeled into education instead of defense, our students would benefit enormously.

mean change.

about stagnation.

And the less people walking around with Ph.D.s, the more stagnant we will

Clinton says he wants to build a bridge to the 21st century, strong enough for everyone to cross. Dole says the same thing. Empty talk.

While both promise heaven at the opposite end of their bridge, neither talks about the people who will occupy that "heaven." Young people, after all, are the inheritors of America and politicians' legacies.

The reality is more of the same. Elections won't change that. Challengers to incumbents are often no better.

In a survey conducted by Global Strategy Group Inc., for YouthVote '96, 25 percent of voters under the age of 30 identified themselves as Republicans and 23 percent identified themselves as Democrats.

Here's the real news: 67 percent said they were likely to vote independent. Ralph Nader and Ross Perot represent something new, something different.

Dole and Clinton could be equally hurt.

Last week's issue of The Nation, a progressive publication, made a very convincing case to vote for Ralph Nader, even if he has no hope of winning.

Nine out of 10 young people plan to vote this November. According to the Census Bureau, voters 18-24 accounted for 9.2 percent of the vote in the last presidential race.

YouthVote '96 predicts young people may be a major factor this November.

This adds up to trouble for Democrats and Republicans. Young people have little faith in the two-party system. At least in this two-party system. And they are going to vote.

You thought they were just lazy Generation X dopeheads without any The Cold War is over. interest in America's future. Big mis-Let's start acting like it take. It could have been the political opportunity of a lifetime. For the election and the future of But that would America.

# Campaign spending reform Will it hurt the candidates you love?

a recent PBS forum, House Minority Leader Dick Gephardt hounded House Speaker Newt Gingrich to agree to spending limits for congressional campaigns.

Gephardt and the rest of the Democratic Party is growing desperate due to the fact that it is now the minority party in Congress.

Because the minority party has less influence in Congress, it has a harder time raising campaign money than the majority party. Thus, Gephardt would like to impose spending limits to prevent the Republicans from taking advantage of their position as the majority party. The Republican candidates will not be able to spend more on their campaigns because all candidates will now have to adhere to a spending limit.

I'm sure Gephardt and the rest of the Democrats think this would make the system more "fair" and might also limit the influence money has in politics. But in their desperation, the Democrats are making a huge mistake by proposing campaign spending limits. It is a mistake that will worsen our democracy and hurt all involved, including the Democrats.

First, campaign spending limits bias the political system in favor of incumbents and against challengers. Studies have shown when voters go to the polls they are more likely to vote for a name they recognize. For a candidate to get name recognition, he must buy advertising, which costs money.

Incumbents, however, usually begin an election season with 70-80 percent name recognition due to advertising in previous campaigns. Most challengers have very little name recognition and need to spend more money on advertising to make up the difference.

limit, then the challenger is put at a disadvantage. Since the Democrats are currently the minority party, they will have more challengers in future elections. Perhaps Gephardt should consider this before he prates about the need for spending limits again.

Spending limits also are likely to increase the amount of negative advertising. Studies have shown voters are more likely to recall the details of negative political ads. Hence, candidates make more headway against their opponents with negative ads. If they are limited in what they can spend, they will focus more of their campaign funds on negative advertising.

Certainly, criticizing political opponents is a necessary part of democratic politics, but too much of it tends to alienate the public and thereby decreases voter turnout. Do we want low voter turnout in a democracy? If the answer is no, then we

should discourage reforms that cause it, such as campaign spending limits.

(Low voter turnout also tends to favor the incumbent over the challenger. This is something else Gephardt should consider before he shoots his mouth off again.)

Finally, such limits are antithetical to a free society. The premise underlying this reform is one of so-called "fairness," that political ideas and the candidates who represent those ideas must be funded equally. But political ideas are like prod-

ucts in a market

If both candidates are forced to place. They must compete for our adhere to, say, a \$250,000 spending interest and money. Some ideas are simply better than others - more people agree with them and are willing to spend money to support politicians who promote them. Liberal ideas are currently taking a beating in our society and, left to the marketplace, they do not receive the same support conservative ideas do.

This translates into less political support for the Democrats, who tend to promote liberal ideas, and more for the Republicans, who tend to support conservative ones. Spending limits impinge on the freedom to support our political ideas. A \$250,000 limit for a candidate means his supporters are also limited to contributing \$250,000 to promote their political beliefs.

If Gephardt and the rest of the Democrats are upset at their present difficulty in raising money, then they should blame themselves and not the present political system. The Democrats are trading in liberal ideas

that are losing public appeal. If they want to regain majority status, they need to come up with new ideas that compete better with conservative ones.

The answer is not to make the system more "fair" by limiting the amount that can be spent in campaigns. This will only result in cheapening democracy and limiting

freedom.

Pages.

**David Hogberg** 

"Then who do the poor vote for to represent them?"

They vote for the best candidate for their issues.'

"A poor man cannot trust a now-rich man to know his life. I wouldn't vote."

He was frustrated and disappointed in my answers, hoping, I think, things were fairer. I was unnerved, too. Cuba's voter turnout averages 97 percent of all eligible voters in national elections. Still, I rationalized, in the United States, we have a multiple-party system. Sure, we have just two major parties to Cuba's one. Yes, both

## How Dole and the Iowa caucuses are alike

hen the bitter bile of defeat gives way in December to eggnog and fruitcake, Dole will have between the construction of the COP transport pled Dole's hopes of an easy nomination plenty of time to evaluate the 1996 campaign.

As the cold Kansas wind whips snow against the window panes and a warm, snapping fire in the fireplace joins the twinkling lights of the Christmas tree to illuminate the room and fill the gloom with a feeling of Christmas, Dole, alone with his memories and animosities, will sit in his favorite old battered bathrobe, a cup of eggnog balanced on his knee. He'll think back on his failures - his 1976 vice presidential campaign on President Gerald Ford's ticket and his failed bids for the Republican presidential nomination in 1980 and 1988 — and he'll look for answers.

Refusing to accept responsibility for his '96 failure, he can rightly cast an accusatory grimace at Iowa as one of the first horrific potholes in the long, bumpy road of campaign '96

Iowa Republicans helped Dole start his final campaign for the Republican nomination not with a bang, but a whimper.

Since winning the Iowa caucuses in 1988, Dole has been nicknamed the "President of Iowa," so he entered the '96 season with high expectations expectations that were ground into silage last summer when he tied with Texas Sen. Phil Gramm at the official

Iowa Caucus Kick-Off '96. thetical to

than a mod-

status quo. I don't. Why aren't we deciding who is viable?

Why are we restricted to voting in only one primary? Why does a candidate have to be richer than God with a fast allegiance to some corporate power to have a fighting chance? Why don't we demand campaign finance reform? Why aren't we

allowed to demand it? The two-party system is antithetical to democracy, not a model of it. Blaming nonvoting on the nonvoter is a cheap shot and should shame an academy capable of more baroque analysis. Culpability for voter apathy belongs to the power structure that is getting what it wants bland, hybrid candidates who rally the party faithfuls but give undecided voters no reason to leave home on election day.

Emma Goldman was wrong. Voting is not the opiate of the masses. It's too vicarious for that. So few anymore feel even an Election Day ephemeral high of freedom

Mona Shaw is public relations coordinator

for the UI School of Music and co-chairperson of the Iowa Coalition for Human Rights.

## The history of debates as the American public remembers it

election since 1976, there has been at least one formal debate. What we remember about them has little to do with the substantive issues of the campaign. We remember clever turns of phrase, and more often than not, mistakes. Every

debate since 1976 has featured a moment that, trivial though it might have seemed at the time, ended up defining the campaign in ways we recognize as more-or-less accurate all of these years later.

In a 1976 face-off with challenger Jimmy Carter, Gerald Ford observed that, in his view, Eastern Europe wasn't under Soviet domination which seemed to indicate he thought the Cold War was an entirely theoretical discussion. Furious spin-doctoring followed, but looking back, the incident confirms our impressions of Ford: a bumbler with a tenuous grasp of the obvious.

In 1980, the single Carter vs. Ronald Reagan debate concluded with Reagan's devastating question: "Are you better off now than you were four years ago?" But Carter was doomed before that, when he mentioned his 13-year-old daughter Amy thought the most important issue facing the country was nuclear proliferation. The crowd in the hall snick-

ered; after the debate the media guffawed. Carter, the policy wonk who talked about world affairs at the dinner table, was defeated by Reagan, who cared about real people's concerns.

the

a

1984, In Reagan appeared or

n 1960, and in every presidential about age, Reagan declared with a smile he would not try to exploit his opponent's youth and inexperience. The Great Communicator's legend grew; 12 years later it requires some effort to remember who ran against him - Walter Mondale.

The defining moment of 1988 came when CNN's Bernard Shaw asked Michael Dukakis if he would favor the death penalty if his wife was murdered. When Dukakis responded "no" in his measured, passionless style (instead of showing outrage at the question, which his fellow panelists had begged Shaw not to ask), the image was fixed: Dukakis was a bureaucrat, not an inspiring leader. It was the final straw in a campaign whose goal was to persuade the voters to reject Dukakis, as opposed to embracing George Bush.

In 1992, one debate was a town meeting with real voters asking questions instead of the joint press-conference format used in all previous debates. Bush was unable to articulate how (or even if) he had been personally affected by the recession, reinforcing the growing perception that he was out-of-touch with the average American. When TV cameras caught him looking at his wristwatch, as if he were wondering when he'd be able to get out of there, his candidacy was in trouble.

What will be the memorable image of 1996? I was struck during the first debate by the physical contrast between Bill Clinton and Bob Dole. There were shades of 1960: Clinton was Kennedy-smooth, while Dole swallowed, blinked and fumbled for words. His attempts at humor were forced; his jabs at Clinton often mispaigns, his representing trust and Clinton's representing fear, was his best rhetorical stroke.

The best exchange of the night came when Dole criticized Clinton for discussing possible pardons for his Whitewater partners. "The proper response to questions about pardons should be 'no comment,' " Dole said. When moderator Jim Lehrer turned to Clinton for the final word, Clinton paused, smiled and said, "no comment."

That the night's most memorable exchange was about an issue having nothing to do with the future of the nation says something about the debates, and perhaps something about the relative positions of the Democrats and Republicans heading into this election. The candidates dueled with stacks of contradictory statistics. There were repeated "yousaid-this, no-I-didn't-but-you-saidthat" exchanges. I doubt whether it was possible for a voter to get much of a sense of where the parties stand in relation to one another — apart from knowing whatever one person stands for, the other will oppose.

The superficial nature of the debates on the policy level is why we never remember the policy part. Instead, we remember Reagan shaking his head and saying, "there you go again" to

Carter. We remember Nixon's five o'clock shadow in 1960. And I think about how Dole looks like an assistant principal I remember from high school.

> the defining moment of 1996 yet, which is a good reason to watch tonight's final debate. It may contain the only thing we'll remember about the '96 debates 20

## Playing 'spin the candidate' The media decide who to kiss

Dole debate made me realize that perhaps Bill Bennett, for all his money-

grubbing moralism, is right. Per-Western civilization has gone to hell. After all, one of two presidential candidates couldn't complete a sentence, lied badly (rather than bending the truth to his will, which his worthy opponent did quite ably) and had the disposition of a man wearing foil undershorts. Yes, I'm speaking of Bob Dole, the man who proved to me America's core values have indeed evaporated.

Let's look at the issue of character. "Webster's New World Dictionary defines character as "moral strength; self-discipline, fortitude, etc." Picture this scene: Having just been attacked by your opponent, who, in accordance with a previously agreed to form, was given the last word on a question, you are asked an entirely new question by the moderator. If you wish to display your self-discipline to a nation of interested voters you would (choose one): a) reach out and flick the dandruff off your opponent's shoulder, b) stop and say, "Well, first I just want to respond to my opponent's closing remarks," never answering the question at hand, or c) answer the question directly.

There is only one correct answer; it is "c." Dole couldn't move beyond "b" for anything.

Something worse happened, though, in the aftermath. On every television channel, every commentator - not the hired harlots of the campaigns, mind you, but the "news" people said Dole had done a fine job, had displayed a sense of humor "heretofore not visible to most Americans," had "gone after" the president but had of our time is the

ed like a Grumpy Old Man. Period. If trol the media (executives and nationyou don't think so, listen again. Listen al talents) have income levels that to the diction, to the clipped sentence structure, to the lack of sense. He sounded bitter, mean and ill-informed. He was personal. He was bitchy. If Bob Dole had been a woman, I shudder to think what Tom Brokaw and Dan Rather would have said about his outbursts of pique.

The only thing Dole proved in the first debate is he would make a terrible president. His election would only make the editors of The New Republic happy — it would signal a return to their delightful, harrowing verbatim transcripts of the off-the-cuff comments of presidents Reagan and Bush.

Despite Dole's absolute fizzle, our illustrious media - that supposedly liberal pool of elitists - abandoned their responsibility to call it as it played. After the pundits' performance, candidates should stop

paying spin doctors - Cokie Roberts and George Will take care of it for them.

As a result of the media's amazing desire to make this a horse race, history will say Bob Dole had a great" first debate. He didn't finish many sentences, used an odd patois of political jargon and lapses in his synapses and was meaner than a junkyard dog. He truly just showed up, yet he won.

That is pretty shameful, but it makes a certain sense. After all, the greatest secret

**Kim Painter** 

he first Clinton been civil about it. Not so. Dole sound- media is conservative. Those who conmatch and exceed politicians,' yet they are supposed to keep an eye on them.

Reporters bring down presidents in one year and in years following become beltway insiders, with insiders' connections to those whose activities they report to the nation. Political friendships involving media stars are rarely fully disclosed within articles or television news reports. Recently, much has been made of reporters (specifically Sam Donaldson, George Will and Cokie Roberts) earning huge speaking honoraria. Congress has limits on such activities for themselves, reluctantly enacted. The reluctant media have yet to follow suit.

I have my sleaze problems with Bill and Hillary Clinton. But the beltway is cozy for conservatives these days too cozy. The media is not as liberal as

many people want to believe. The across-the-board inability of the press to remove the mote from its own eye in the face of Dole's performance — worthy of a C- at best on any rigorous scale of Aristotelian debate technique showed the most glaring absence of charac-

ter of all. Unhappily, this was not the problem of either candidate, but of those who report from the campaign trenches.

# Dole attacks Clinton's ethics

#### Tom Raum Associated Press

SAN DIEGO - Bob Dole delivered a blistering attack on President Clinton's character Tuesday, accusing him of presiding over one of the most unethical administrations in the nation's history.

"No administration has been more self-righteous," Dole said in a luncheon speech that was designed to be a preview of a tougher debate stance at today's final presidential debate.

"But few administrations have been more self-serving. No administration has shown more arrogance. But few have displayed more ethical failures," he said.

Dole cited "an integrity gap" in the Clinton administration "between the low standards they have adopted and the high honor their swagger and their public scandals." Dole acknowledged polls showing him to be trailing Clinton, with just three weeks to go to the election

margins since last March.

ambivalent about taking such a route, even to the point where he has been asking audiences over the past few days whether they "We think the American people thought he should be tougher on are entitled to the facts," Dole told Clinton in today's debate.

But the former Senate majority leader appeared Tuesday to be pulling no punches.

"We have seen more than 30 Clinton officials investigated, fired, or forced to resign due to ethical improprieties," said the GOP challenger. "We have seen four independent counsels at work, three investigating members of the Cabinet, and one looking at the president himself."

In his remarks, Dole rattled off a catalogue of alleged ethical lapses by the administration, beginning effort to win California, even that they hold. A gap between with the 1993 firing of White though final strategy decisions House Travel Office vet the current dispute over links to Asian businessmen and their con- Glendale on Thursday, both traditributions to Democrats. He also cited Clinton's Whitewater dealings and the gathering of hundreds of sensitive FBI files by White House staffers. Earlier, in a written statement released by his campaign, Dole urged American voters to turn out of office "a president who has betrayed your trust." He said, "We cannot say that we want integrity in public life and then reward its nik. absence."

> reporters. "No more slipping and sliding, Mr. President, just answer the questions."

> Some GOP leaders have suggested the administration traded favors for huge campaign contributions and said a special counsel should be appointed to investigate. Clinton, in New Mexico prepar-

> ing for the debate, shrugged off such Republican attacks. "It's election time," Clinton said.

Dole campaign officials have suggested the GOP candidate is likely to embark on a high-risk

## Congressional races still going strong Republicans say public support has firmed up for many of their can-

## David Espo Associated Press

WASHINGTON - A scant three weeks before Election Day, dozens of congressional races remain intensely competitive, according to a 50state AP survey, enough to nourish Democratic hopes of regaining control of the House and possibly the Senate as well.

The struggle is being played out from Washington state, where a small group of first-term Republican House members is under siege from Democrats and their allies in organized labor, to Maine and New Hampshire, where Democrats are making strong bids to take Senate seats away from the GOP.

The battle has a strong Southern flavor, as well. Republicans hope to pick up House and Senate seats now held by veteran Democrats who are retiring, thus offsetting any losses elsewhere.

"It may boil down to we don't know until Election Day" which party wins the House, said pollster Andrew Kohut, director of the Pew **Research** Center.

A switch of 18 seats on Nov. 5 would return control of the House to the Democrats and end the Republican revolution Speaker Newt Gingrich launched less than two years ago. Democrats must gain three seats to take control of the Senate, assuming President Clinton is reelected and Vice President Al Gore

is available to break a tie.

Democrats are hoping for coattails from Clinton. Conversely, Republicans are running independent of presidential candidate Bob Dole and of Gingrich, architect of the GOP's controversial plan for Medicare and the party's leader during last winter's government shutdowns.

Both parties ritually predict their own victory, although Republicans have recently sounded less certain than earlier this year.

"I can't tell you for sure we will win control of Congress because the unions are throwing so much money" into the anti-GOP effort, Gingrich said recently.

The labor federation has vowed to spend \$35 million to topple the Republicans, and attacks the GOP relentlessly on education, Medicare and taxes. Steve Rosenthal, political director for the labor federation, said in an interview that across the country, "the campaign is being fought on our terrain ... economic issues.

Republicans say about three dozen of their incumbents, mostly freshmen, are in races where the margin measured in public opinion polls is less than 10 percentage points.

A half dozen or so House seats where Republicans are retiring also appear to be competitive, including. one Rep. Jim Lightfoot gave up to run for the Senate in Iowa.

WASHINGTON - Give Americans the chance and they would ask Bill Clinton about his ethics. They'd ask Bob Dole about how the country can afford his proposed tax cut. They'd ask where the jobs are

going to come from for people taken off welfare.

And how about a tax break for parents whose adult kids come home to roost?

And will the candidates ever stop bickering and start working togeth-

er for the common good? Riley Rahodes, leaning over an old pickup truck at his Oklahoma City service station, said he knew exactly what he would ask: "What has gone wrong with America?"

Across America on Tuesday, people were asked by AP reporters what questions they would pose if they had seats at tonight's town hall-style presidential debate in San Diego. The actual questions will come from 120 Californians, picked by the Gallup Organization.

Welfare, tax relief and the president's ethics were recurring themes in the street corner interviews.

Sandi Otoshi, a tourist visiting Boston, would ask about foreign policy: "How far does the United States have to go to protect other nations? I know we're the world leader, but how responsible are we?"

Out-of-work truck driver Reggie Harrell, on the way to pick up an unemployment check in Springfield, Mo., said he would ask Clinton, "Why are taxes the highest they've been in the whole history of the world?" He said he would vote for Ross Perot.

"Why do so many people think you're a sleaze ball and accuse your administration of being unethical?" Davis Morin, a Concord, N.H., psy"Why? Why would they want to be president?" Cathy Lyons, Minneapolis resident

chologist, said he would ask Clinton. He was one of a number of people expressing discomfort with Clinton's personal standards.

From Rando Karvo, a trash collector in Bismarck, N.D., said he would ask, "Why can't Clinton tell the truth? He's always backtracking." From Alexander Hershel, a med-

ical student in Philadelphia (and a Democrat), would ask, "Does your personal life reflect your professional life?

"I'd like to know if we're ever going to know the full story behind Whitewater," said Todd Corey, 32, a loan officer from Higganum, Conn., who still said he plans to vote for Clinton.

Larry Baxter, 50, unloading milk from a truck in Providence, R.I., sounded weary of the Clinton character issue. His question: "When are they going to stop bickering about who's sleeping with who, and who's more dishonest?

"The only thing I'm interested in is their vision for America, not what they have to say about each other," echoed Kathryn Swensen Tollefsrud, a volunteer for Planned Parenthood in Omaha, Neb.

The questions also revealed skepticism about Dole's tax proposal. Ronald Donatsch of Cedar Rapids, visiting Sacramento, Calif., put it this way: "I'd like to know from Dole how he's going to cut taxes with the deficit going up. How Dole thinks he's going to balance the budget by cutting taxes."

Charlie Dodson, 70, of Greensboro, N.C., while helping his daughter get ready for a horse show in Raleigh, said he would ask Dole, "If you can give a 15 percent tax cut

now when you're running for president, why didn't you introduce a bill to do that when you were in the

Senate? Finally, David Hayden, 49, of Whitefield, Maine, said he would ask Dole and Clinton about the candidate who wasn't there: "Why didn't they allow Ross Perot to debate with them?"

And Cathy Lyons, while taking a cigarette break outside the convenience store where she works, said her question was fundamental: "Why? Why would they want to be president?"

behind the wheel. These restrictions are aimed at what experts say is the chief problem for young drivers: not alcohol or a greater tendency to take risks, but inexperience.

"We had to do something - we're losing our kids," said a teary Lynda Barnes, 36, surrounded in her Mason, Mich., home by pictures of Colette and her two other daughters. "I've got another one coming up, and I don't want to lose any more."

The law, passed last month and effective in April, allows Michigan teens to start learning to drive earlier — at 14 3/4 instead of 15. But it has a three-step process that sets

to 5 a.m., however, they cannot dri- safer drivers. ve at all unless they are with a parent or are going to work.

leges as they gain experience An unrestricted license goes only to 17-year-olds who have spent six months at Level 2. Teens will have to stay conviction- and accidentfree to progress at each stage.

Barnes' parents know the new restrictions might not have saved their daughter; the girl who ran the stop sign was already breaking the law by driving without an adult. But they believe the extra training and parental involvement will make novice drivers safer and wiser.

Studies have shown 5-16 percent reductions in youth crashes in places that have some graduated licensing provisions.

"It's really to train people to dri-

Level 2 and drive alone at most because experts have few if any times of the day. Between midnight ideas left about how to make teens

> Encouraging teens to use seat belts and not drink and drive has reduced teen-age crash fatalities from their peak in 1986. But motor vehicle accidents still are the top killer of teens. Though teens made up 5.1 percent of the nation's licensed drivers in 1994, they accounted for 13.9 percent of traffic deaths.

Maryland was first to enact some features of graduated licensing in 1979. But only in the last year or

limiting the number of passengers in a teen's car. No state has such a restriction - New Zealand is the only country that does. Michigan's bill had one, but lawmakers removed it for fear of overly burdening parents.

Thirteen-year-old Brenden Gunnell of Haslett, Mich., is horrified at the hoops he will have to jump through to get a license under Michigan's new law.

"I hate it," he said. "I'm going to want to go on dates, and now (my dad) will have to drive me."

"A combination of class, exuberance and cool." -Down Beat She electrifies the air where she sings.

# King Hussein, Arafat negotiate

#### Samar Assad Associated Press

JERICHO, West Bank - Jordan's King Hussein made his first visit to the West Bank on Tuesday since losing the territory to Israel in the 1967 Middle East War, and pledged support for Yasser Arafat. My brother Arafat and I are a team," the Jordanian monarch said.

With the historic visit — the first by an Arab leader to the autonomous enclave — Hussein also signaled his public acceptance of Palestinian rule in the West Bank and put more pressure on Israel to accelerate the pace of the peace process.

"I am happy to be on Palestinian land," the monarch declared, standing shoulder-to-shoulder with Arafat at a news conference in the West Bank town of Jericho. Both leaders wore checkered Arab headdresses

In a veiled warning to Israel, Hussein said he and Arafat would cooperate closely to ensure the Jewish state's new hard-line government keeps promises made in peace agreements with the Palestinians.

"I will do all I can to help complete the peace process," the Jordanian king said. "God willing, we will see realization of the goal ... the establishment of an independent Palestinian state.'

Hussein and Arafat have had a troubled relationship. By letting the Palestinian leader play host Tuesday, Hussein was also tacitly acknowledging his own role as a visitor to the West Bank, over which he once ruled.

Israelis have been shocked in recent days at the harsh criticism of their government by Hussein, who has become one of Israel's closest friends since the two countries made peace in 1994.

**Associated Press** 

King Hussein of Jordan (right) shakes hands with an unidentified Palestinian police officer alongside Palestinian leader Yasser Arafat after they arrive together from Jordan Tuesday.

the Palestinians, Israeli troops were to have pulled out of 80 percent of Hebron, remaining only near Jewish settler enclaves.

A key sticking point Tuesday was Israel's demand that its troops be permitted to pursue suspects into Palestinian-controlled areas.

Israel also wants to retain control over building and planning in areas where Jewish settlers live.

Israeli officials have said agreement was near.

But Arafat said Tuesday the Hebron talks were deadlocked. He proposed that U.S. troops help patrol the city in order to allay sraeli Prime Minister Benjamin Netanyahu's concern for the safety of the 450 Jewish settlers who live there amid 94,000 Arabs.

Netanyahu's office dismissed the idea, and U.S. Defense Secretary William Perry said on Israel's

Israel's previous government and day to meet with Hussein. The monarch decided to fly Arafat back to the West Bank on Tuesday himself — a surprise gesture widely welcomed by Palestinians as a show of support.

Hundreds of Palestinians greeted Hussein as he landed his helicopter and inspected a Palestinian honor guard, walking down a red carpet to the sounds of the Jordanian national anthem and chants of support from the crowd.

In 1988, a year after the outbreak of the Palestinian uprising, the monarch renounced claims to the West Bank in a speech on Jordanian television, saying it was up to the Palestinians to determine their own fate.

By coming to the West Bank now, "the king shows Jordan's full support for the Palestinians on our own ground," said Assad Abdel Ruhaman, a member of the PLO executive committee.

## Yeltsin's surgery might not take place treatment.

#### Lynn Berry Associated Press

RUSSIA

MOSCOW - President Boris Yeltsin is unlikely to undergo heart surgery soon

because he is anemic and doctors have been unable to raise his hemoglobin count, a radio station said Tuesday. The Kremlin denied the report. The presi-

dent's surgeon Yeltsin and the chief

Kremlin doctor both said Yeltsin's treatment is on schedule and the bypass operation should go ahead in the next few weeks.

"Preparations for the operation are going according to plan," presidential spokesperson Sergei Yas-trzhembsky said. "No one has said anything about changing the schedule.

Yeltsin, 65, is staying at a government rest home outside Moscow while preparing for surgery. He initially said the operation would take place in September, but doctors decided to wait.

They said Yeltsin's heart needed time to heal after a mild heart attack during the summer and the president also had to recover from other problems, including internal bleeding that left him anemic.

The Echo Moscow radio station, citing unidentified sources and doctors at the clinic where the surgery would be performed, said the president's hemoglobin count has remained low despite dosages of various drugs and vitamins. Recent tests showed a reading of

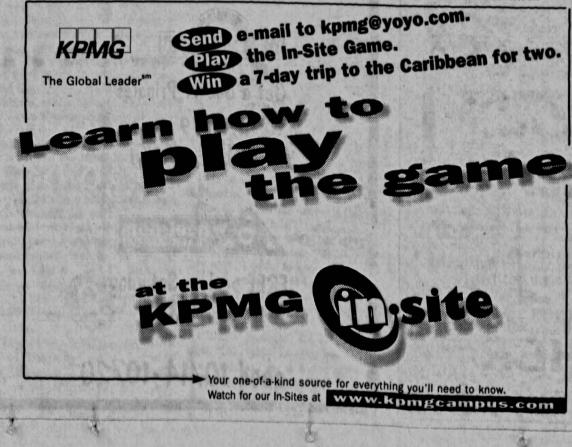

42, against the normal range of 78 to 96, the radio said.

Hemoglobin, the primary constituent of red blood cells, carries oxygen from the lungs to the body tissues, and carbon dioxide from the tissues to the lungs. Yastrzhembsky denied the presi-

dent's blood was not responding to

tioning satisfactorily, which affects the condition of his blood, the radio said. The independent and outspoken Echo Moscow radio made a name for itself during the failed Soviet coup of August 1991 with bold coverage of Yeltsin's resistance to

hard-liners. Yeltsin's history of heart trouble and his long stays in the hospital have raised concerns about his ability to govern. The Kremlin says Yeltsin remains in control.

Fields"

REVERE, Mass. - One at a time, they dropped through the trap door of the hangman's scaffold and fell still.

Gestapo boss Ernst Kaltenbrunner. Hans Frank, governor-general of occupied Poland, Slave-labor czar Fritz Sauckel. Austrian Nazi Arthur Seyss-Inquart. In all, 10 of the men who led the

Third Reich were hanged in Nuremberg on Oct. 16, 1946, for crimes against humanity.

"It was a pleasure doing it," said 78-year-old Joseph Malta, the U.S. Army military police officer who held the noose 50 years ago today. "I'd do it all over again."

Malta hanged 60 Nazi government and military leaders but became known as Hangman 10 for executing 10 top Nazis on that one night in the gymnasium of Nuremberg's Landsberg Prison.

"These were the ones that gave the orders," he said. "They weren't sorry for anything."

Malta was a 28-year-old military police officer when the Army asked for volunteers to hang the men condemned by the International Military Tribunal. He stepped forward, he said, because he had learned during his short time in occupied Germany about the Nazis and their newly exposed crimes.

decide to do it," said Malta, who tor to cut down the corpse. had sanded floors in civilian life. "It had to be done."

Allies' prize catch.

"He was still the boss then," Malthings by the book. He said, When Streicher. the time comes to get me, I'll be None of dead.'

Goering kept his promise, cheating Malta's noose by taking poison two hours before he was to have been executed.

As for the others, they were escorted one by one before dawn to two portable scaffolds Malta had designed so the trap doors wouldn't swing back and strike the condemned in the head. Stacked nearby were 11 empty wooden coffins, one for Goering and one each for the 10 other condemned men.

A dozen somber journalists and generals from the major Allied powers - the United States, the Soviet Union, Britain and France - looked on as black cloth hoods were placed over the prisoners' heads. A German priest recited a short prayer. When he reached "Amen," the trap door was opened

"Being there and talking to the Woods, and Malta went beneath people there, it was easy for me to the scaffold with a U.S. Army doc-

Beside Kaltenbrunner, Frank, Sauckel and Seyss-Inquart, Malta Malta soon found himself in Nuremberg, Germany, and face to Joachim von Ribbentrop; chief miliface with Hermann Goering, the tary adviser, Field Marshal General Wilhelm Keitel; interior minis-ter, Wilhelm Frick; General Alfred ta said. "He told us we wasted too Jodl; and anti-Jewish propaganmuch time. I told him we had to do dists Alfred Rosenberg and Julius

> None of the men expressed remorse, Malta said. Streicher spit in his face, then shouted, "Heil Hitler!" Ribbentrop exclaimed, "God save Germany!" The last to die, Seyss-Inquart exclaimed, "I believe in Germany!"

The hangings took just one hour and 15 minutes.

"Many people felt that once those hangings were done, justice was done," said Bruce Staves, a professor of history and director of the Center for Oral History at the University of Connecticut, where many of the Nuremberg documents are archived. "The grievances had come to an end and let's get on with a new world."

Malta left the Army in 1947 and returned to his civilian job. He keeps a tiny replica of the Landsberg Prison scaffold in the apartment he shares with his wife in by U.S. Army Master Sgt. John this community near Boston.

# Weekend Homecoming riots to cost city more than \$20,000

#### **Associated Press**

CEDAR FALLS - Waterloo's police chief said officers should have had their batons with them when a University of Northern lowa Homecoming celebration urned chaotic.

When crowds get out of hand and officers' shouts don't break things up, police then resort to pepper spray, followed by batons and finally handguns.

Chief Bernal Koehrsen said his officers were told to leave their batons behind when they respondd to Saturday night's disturbance. "My concern there was to super-

vise my people and to watch out for sticks with students." Hoffey would

area, which includes a group of ages to four police cars, \$3,000 to taverns. The crowd charged police, threw debris, tipped over cars and blocked streets in the area.

So far, 25 people have been arrested. Most were charged with failure to disperse, a simple misdemeanor. At least two also face the more serious charge of interference with an officer.

The no-baton order came from Paul Hoffey, Cedar Falls public safety director.

He said pepper spray, which was sprayed on up to 1,000 people, "usually is effective."

not comment further on the use of

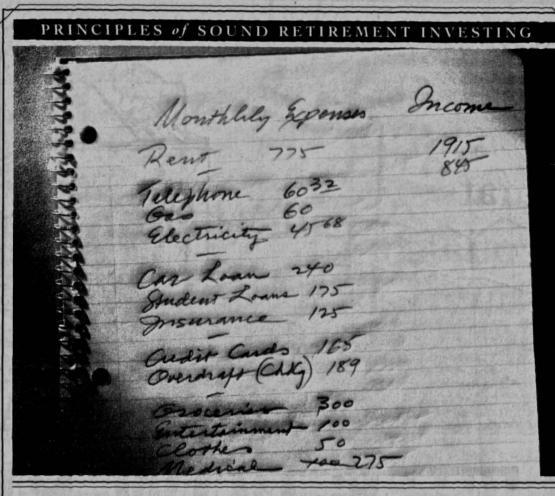

reinstall signs that were torn down and \$400 to run a street sweeper and pay the driver overtime.

At a Cedar Falls City Council meeting Monday night, one resident accused Mayor Ed Stachovic of spoiling Homecoming by cutting off alcohol sales just after midnight.

When you force a lot of angry drunks out into the streets, what did you think would happen?" asked Kirk Henderson.

"Do you think the same drunks "I don't feel we need to use night- at midnight are going to be any less drunk at 2 in the morning? Stachovic responded "Don't answer that, it's a rhetorical question.'

## **IRONICALLY, THE TIME TO START** SAVING FOR RETIREMENT IS WHEN IT LOOKS LIKE YOU CAN LEAST AFFORD IT.

an't afford to save for retirement? The truth is, you can't afford not to. Not when you realize that your retirement can last 20 to 30 years or more. You'll want to live at least as comfortably then as you do now. And that takes planning.

By starting to save now, you can take advantage of tax deferral and give your money time to compound and grow. Consider this: Set aside just \$100 each month beginning at age 30 and you can accumulate over \$172,109\* by the time you reach age 65. But wait ten years and you'll have to budget \$219 each month to reach the same goal.

Even if you're not counting the years to retirement, you can count on TIAA-CREF to help you build the future you deserve ~ with flexible retirement and tax-deferred annuity plans, a diverse portfolio of investment choices, and a record of personal service that spans 75 years.

Over 1.8 million people in education and research put TIAA-CREF at the top of their list for retirement planning. Why not join them?

Call today and learn how simple it is to build a secure tomorrow when you have time and TIAA-CREF working on your side.

Start planning your future. Call our Enrollment Hotline at 1 800 842-2888.

answer off-the-wall questions that might come up," Covington said. "They remember what happened in '92 when the candidates were asked how the national debt personally affected both of their lives. Bush didn't understand the question and he ended up doing poorly."

Following the debate, CNN will 18-44 age range, and the remainair a special edition of "Larry King Live" with independent presidential candidates Ross Perot and Ralph Nader. C-SPAN will have a wrap-up, including audience interviews

Lydia Saad, managing editor of the Gallup Poll, said about twothirds of the audience will be in the cally diverse.

## **RESIDENCE HALLS**

#### Continued from Page 1A

"We've talked about extra personal safety and awareness in floor meetings," she said. "I think it's made us all a little more scared, which is good. It's made us more careful about doing things by ourselves at night."

Jeff Roepsch, hall coordinator of Rienow and Quadrangle residence halls, said beyond football Saturdays, the west residence halls are not locking doors early.

"We're trying to evaluate the needs of students," Roepsch said. We want to see what some of the other buildings are doing and work from there."

Roepsch said Rienow and Quad-

rangle doors are locked on football escorts and other measures." Saturdays to limit the access of tailgating Hawkeye fans, but said the practice has been in use for a long time.

"We want to keep students safe without restricting their access," Roepsch said. "We don't want it to feel like a prison. We want to keep it homey."

Blair said the aim of the residence halls is to increase student awareness of personal safety, especially after the assaults.

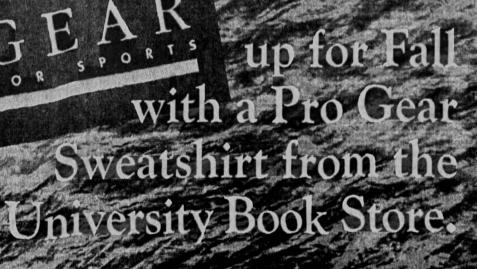

"I don't know that we're doing more than we have in the past, she said. "But we're doing our best to make residents more aware about what people can do as far as on," she said.

UI freshman and Burge resident Alyssa Dalton said she doesn't feel unsafe living in the residence halls.

"What can (hall coordinators) do?" she said. "They really can't do much to make us feel safe besides warning us to lock our doors."

UI sophomore and Currier resident Laura Hafeman said the added safety precautions are useful for increasing awareness, but she doesn't think residents are told enough about the incidents.

"I would like to be better informed about what is really going

## **COLLEGE BASKETBALL Keady denies alleged NCAA** violations

WEST LAFAYETTE, Ind. (AP) -Purdue basketball coach Gene Keady denies claims that one of his former players received \$5,000 to return to the team and other players were given cars.

"I don't know what their motives are. I don't know why they'd want to hurt me," Keady told the Lafayette Journal and Courier in Tuesday's editions.

Keady's comments followed a claim by former women's player Summer Erb that former men's player Luther Clay was given \$5,000 in cash to come back to the team last season.

Keady says he has no grudge with former women's coach Lin Dunn, who was fired last spring, or anyone involved with her program.

The women's basketball program under Dunn was cited by the NCAA for a series of secondary recruiting infractions.

Dunn later said the women's program was held to higher standards than the men's.

"Women's athletics should ve every opportunity we do. Why are these people trying to hurt someone who has supported them?" Keady said.

### **Chris Snider** The Daily Iowan

Everything is back to normal for the Iowa football team - as normal as things can be considering the Hawkeyes are about to embark on a five game streak that includes games against Penn State, Ohio State, Illinois, Northwestern and Wisconsin.

After Iowa coach Hayden Fry blasted the media, pollsters and Indiana fans last week, the focus has now turned back to football. Iowa (4-1, 2-0) travels to College Park, Penn., to battle No. 10 Penn State (6-1, 2-1) this Saturday. Kickoff is scheduled for 11:35 a.m. Iowa time.

The trip to Happy Valley, as Penn State's campus is called, is known around the college football circuit as anything but a happy

"As compared to the other trips, it's certainly much longer — land-ing in Harrisburg, (Penn.), approximately 90 miles away in the mountains," Iowa coach Hayden

Fry said. The Hawkeyes will fly to Harrisburg on Friday and then take a bus to College Park, doing the reverse after the game. Currently, there is no runway closer to campus that can handle an airplane the size Iowa is taking, although there have been plans to make one for a number of years.

"I think that's the way they like it," Iowa secondary coach Chuck Long said. "If I were them, I would make teams do that. You look for any edge you can get in this game and that's certainly an edge." Long is one of a select few college football players who has gone to and won at Penn State. In 1983, Long and the Hawkeyes defeated the defending national champion Nittany Lions, 42-34, in Happy Valley. "(The bus ride back) seems a lot shorter when you win," Long said. Fry said the bus ride to College Park takes around two and onehalf hours. With traffic, the bus ride back after the game can last over four hours.

college transfer) Vernon Simmons, who could get more playing time. The job of replacing the departed (True freshman) Ryan Luehrs-

Erb also said she was asked by an NCAA investigator about men's players receiving cars.

"Everyone sees them around campus with their cars," Erb said.

No Purdue basketball player, according to Keady, has ever been given an automobile.

## LOCAL

#### Men's Crew competes

The lowa crew team competed last weekend at Rockford, Ill. lowa's novice eight finished second to Grand Valley State University of Michigan, losing the gold by .72 seconds.

The lowa men's novice four won the gold medal, beating second place Minnesota by over thirty seconds. On that boat were Mark Barbuto, Kyle Uittenbogaard, Greg Tibboel, Mike Tebbe and Sean Gallagher.

## **COLLEGE FOOTBALL**

#### Paterno decides his team is good after all

STATE COLLEGE, Pa. (AP) -After Penn State's sluggish 31-14 victory over Purdue on Saturday, coach Joe Paterno said his team was going to struggle if it didn't get better because "we're not very good."

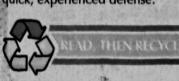

But after reviewing the game films, Paterno said Tuesday his opinions of his 10th-ranked Nittany Lions (6-1, 2-1 Big Ten) had improved.

"I think we're pretty good right now," he said. "I'm not as emotional about it now as I was on Saturday after the game. Overall, think we played pretty well."

Good enough to deserve to be in the top 10?

"I don't know. But if you're going to go by accomplishments, hen we've probably got as much right to be in the top 10 as anyone," he said. "We've beaten some pretty good football teams."

Paterno said they will need a strong effort this weekend at home gainst lowa (4-1, 2-0) and its quick, experienced defense.

Neither wrestler wants to consider a move away from 134.

"I'm not stuck at 134," said Ironside, who finished third in the nation last year at that weight. "But that's the weight I want to wrestle at, and that's the weight I plan to wrestle at.

"I haven't really thought about (moving), and I'm not going to think about it unless it would happen."

Gable said he is leaning towards using a best-of-three format for the two wrestlers, but added that it is subject to change. The first match between the two 134-pounders would take place on the night of Friday, Nov. 15, while the second would occur the next

run cross country after having played field hockey for four Hawkeye Ann Paré competes in a field hockey game last season. Paré used up her eligibility with the field hockey team, but has one more year to run cross country for lowa. AP: I just decided that I wasn't

different sport, it's just a clause not very many people take advantage of. Other athletes have used it before here at the UI. For example some football players have wrestled for one year and also Kristi and coaching major so I thought Gleason and Heather Bryant played field hockey for four years and used their final year to play softball. If you have the capabilities to compete in another sport, this clause allows you to do that. Also the women's athletic department here at Iowa is very support- between field hockey and ive of athletes who choose to do that extra year in a different sport. this.

DI: When you came to the UI, did you come with the inten- had run track in college and not tion of being a multiple sport have a fifth year of eligibility in a athlete? See Q&A, Page 2B

AP: I was recruited to play field hockey and run track at a lot of different universities. When I came to campus as a field hockey player, I told the track coach that once I had achieved my goals as a field hockey player, I'd come out for his team as well. So it's always been in the back of my mind. It wasn't a new thought that popped in my head

track?

AP: I always knew that I wanted to play field hockey at college. If I

WHEELIN' AND DEALIN' IN NEW YORK Keeping prospects was key to Yankees' success

than any other team in baseball, the New York Yankees have gone from being the best to the worst and now back to the top again.

After a 15-year drought from the

World Series, the New York Yankees have quit making hideous trades, such as getting rid of prospects Fred McGriff, Jose Rijo, Jay Buhner and Willie McGee and getting next-to-nothing Andy

in return. Trading top prospects in the Hamilton early 80s start-

ed the downfall of the New York organization and in the end, resulted in the Yankees compiling the worst record in baseball in 1990.

Instead of the quick-fix attitude, the Yankees have made a commitment to keeping their young prospects. Those players who would have been traded several years ago are now the nucleus of the team.

Keeping Bernie Williams, Mariano Rivera, Andy Pettitte and Derek Jeter in pinstripes has been the key to the the turn around,

By making more transactions along with additions and subtractions of a few veterans here and there

> Rarely ever does a team going through a complete overhaul end up in the playoffs. The Yankees did just that with owner George Steinbrenner writing the paychecks. But a \$50 million payroll doesn't assure a trip to the playoffs - just ask the Boston Red Sox.

The most surprising thing is the fact that over half of the current Yankee roster wasn't with the team at the end of last season, but New York managed to gel into one of the top teams early in the season. That says a lot considering where this year's team was last

Manager Joe Torre was unemployed after being fired by the Cardinals mid-way through the 1995 season. Torre thought his days as a big league manager were over until new General Manager Bob Watson called him in November.

Dwight Gooden was at his home in Florida wondering if he would ever play again, and if so, who would he play for.

While Gooden was a long way from the World Series, many of the current Yankees ended up just short of it, but in different uniforms.

## Q&A Continued from Page 1B

played field hockey, it would have been more from a financial standpoint because I would have gotten a scholarship. Hockey is my first love and I'll always love it. But there is another part of me that is really growing in the understanding of track and field and cross country.

DI: Was it a tough transition to switch your style of training from field hockey to cross country?

AP: Yes. The transition has been very, very hard. Without the support of my teammates and Coach Roberts I don't think I would have been able to make the transition as well. They have been completely

and totally supportive. There's so many things about the game that I don't understand because I've never run cross country before. The hardest transition has been quantity and quality. For example, if I'm going to practice a spin move in field hockey, I'm going to practice it 600 times until I get it right. But in cross country and track, I can't go out there and run 600 400-meters. Running is not something you can have. do over and over again until you get it right because each time you run you are going to get more tired. That's been hard for me because I'm used to putting in 110 percent effort every second. But when you're running, some days are 80 percent days and some days are 100 percent.

for the cross country season? AP: My goals for the cross country season have basically been first and foremost to carry over all my training that I'm doing now to indoor and outdoor track so I can produce on the track. Since I don't have a four-year developmental stand that a normal track athlete would have, I need to take advantage of every single day that I

My second goal specifically for better. the cross country season is to be a point scorer for the team. I don't year of eligibility and could have any personal goals like wanti-ng to be an all-Big Ten or all-American, I just want to help the team. DI: Since you are from the East Coast, did last weekend's trip to the Maine Invitational DI: What goals have you set have any special significance?

AP: Yes. It was really, really special. The race was still 7 1/2 hours from my home but to be able to go back and be in New England, to be around people with that accent, and to see the landscaping itself with all the trees and colors, kind of made me miss home. But it was a really nice environment to be around again. And the team, we ran our best race of the season there so that made the trip even

DI: If you had an additional compete in one more sport after you completed your year running track, what would you like to do?

AP: I would definitely vault for Diane DeMarco on the women's gymnastic team.

### HAMILTON

Mariano Duncan was playing in the NLCS for the Reds, while Tino Martinez and Jeff Nelson were in the ALCS for the same Mariners that eliminated the Yankees last year. Catcher Joe Girardi was also in the playoffs with the Rockies last season.

Kenny Rogers was a Texas Ranger and Tim Raines was with the White Sox, while Jimmy Key was in rehabilitation after seasonending shoulder surgery. Derek Jeter was sitting on the New York bench after spending most of the 1995 season at Triple-A Columbus,

where he was a teammate most of the season with Mariano Rivera. Even after the season started,

Watson still wasn't through wheeling and dealing.

With the Yankees near the bottom in the league in home runs, Steinbrenner demanded the signing of Darryl Strawberry, who had spent his season with the St. Paul Saints of the Northern League. Strawberry thought his chances of making it back to the big leagues were limited and the World Series seemed a world away.

As far as Strawberrry seemed from the World Series, Cecil Fielder was about the same distance playing in Detroit for the worst team in baseball. That all changed for Fielder, going from worst to first just before the trade deadline.

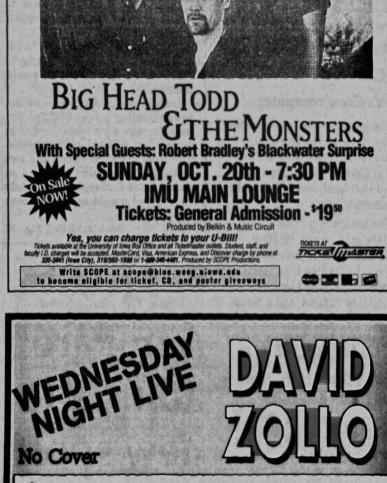

Not all of New York's trades have shown immediate dividends. David Weathers, acquired from the Marlins, was hit hard and sent to the minors. Graeme Lloyd came over from the Brewers and was ineffective during his first few outings as a Yankee while suffering from tendinitis in his pitching elbow. Both have came back to give New York's bullpen a huge boost during the playoffs.

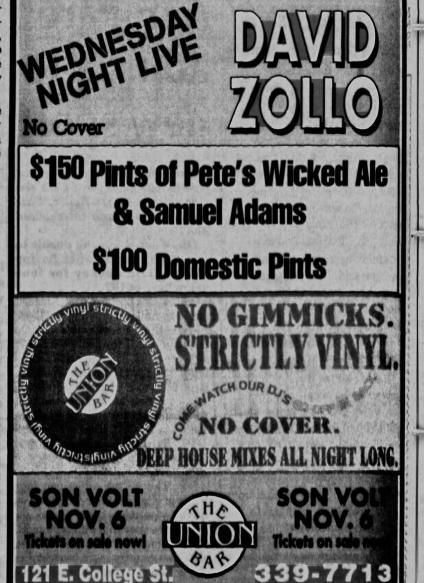

Charlie Hayes was a late season

acquisition from the Pirates to give Wade Boggs and his ailing back a rest. Luis Sojo came over from the Mariners to give the Yankees some infield depth.

With all of the trades and sign-ings, it would be easy for the Yankees to have a chemistry problem, especially with players having to deal with the Bronx Zoo. But the Bronx Bombers have stayed nearly free of controversy this season.

Despite all of the changes, one thing has remained the same. New York spent most of the season in first place and hasn't had to trade away a top prospect to get there.

NATIONAL LEAGUE CHAMPIONSHIP SERIES

ST. LOUIS (AP) - Three days' rest doesn't seem to agree with St. Louis Cardinals pitchers.

And that means Tony La Russa likely will use his most rested starter Wednesday night in Game 6 of the NL championship series rookie Alan Benes, the younger brother of 18-game winner Andy Benes

Alan Benes, a 13-game winner, is the No. 4 starter. He made his last start Sept. 25 and his 1 1-3-inning relief stint in Game 4 on Sunday is his lone playoff appearance.

The alternative for the Cardinals in their second shot at eliminating the Braves is another tired arm. Donovan Osborne, who threw 108 pitches and went seven innings in Game 3 on Saturday, was La Russa's choice for Game 6 that day.

Of course, that was before Andy Benes had only so-so results on three days' rest, allowing three runs in five innings and going from seven strikeouts to none in Game 4, and Todd Stottlemyre bombed in Game 5.

Stottlemyre lasted only 12 batters, nine of whom got hits, and was charged with seven runs in one-plus innings of Sunday night's 14-0 Braves' bombing.

And, if Osborne goes in Game 6, which La Russa referred to as a 'reasonable alternative," that most likely would lead to Andy Benes going on three days' rest yet again. "Andy's already had to do it once, and he got almost 100 pitches," La season, that's why there's a decision to make."

The Cardinals had an hour-long optional workout at Busch Stadium Tuesday before departing for Atlanta, and La Russa said he'd probably decide on the plane after consulting pitching coach Dave Duncan.

"Somebody says it's a gut call, right?" La Russa said. "Your gut is, you put all your knowledge that you have, put your heart into it and churn it all together, and something comes out. It's not a hunch, it's an educated decision.'

La Russa said it wasn't rare for him not to name a starter the day before the game in the postseason. "Let me ask you a question, do you know how Game 6 is going to go?" he asked. "You don't know what's going to happen, so you have to be a little flexible.

Neither pitcher seemed to mind the uncertainty.

"It doesn't matter to me," said Benes, who was 1-1 with a 6.75 ERA in two starts against the Braves during the season. "I'll be ready either way."

After Game 5, Osborne said he was looking forward to the start. But with La Russa waffling he was being a team player and seemed to be aiming at Game 7.

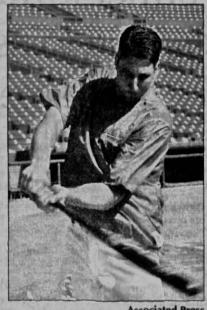

"I'd be a little stronger and it would give me an extra day of rest," Osborne said. "Hopefully, we can get that one tomorrow and not have to worry about Game 7."

Besides, Osborne doesn't know

"You'd have to look it up, I have no idea," he said.

Cardinals pitchers worked on three days' rest only three times during the regular season, twice by Andy Benes and once by Alan Benes. League-wide, only one of every 40 starts was by a pitcher on three days' rest, according to the Elias Sports Bureau.

Baltimore Orioles did it a majorleague high 23 times and the Braves had 16 occasions to lead the National League.

## Tharp showcases 3 works of dance

#### Alan Murdock The Daily Iowan

Adding a modern twist to traditional ballet, renowned choreographer Twyla Tharp will bring her innovative style to Iowa City tonight.

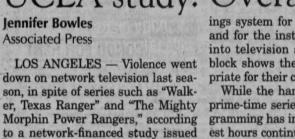

"Tharp!," a presentation of three new works — "Sweet Fields," "66" and "Heroes" — will be presented tonight at 8 at Hancher Auditorium.

"I want people to feel what is coming from the stage viscerally — the energy of the dancers," Tharp said in a telephone interview. "If you want to prepare yourself for the show, go out and dance all night. Everyone is qualified to watch; there are no prerequisites in this course and there will not be a test afterward."

Since founding her first company in 1965, Tharp has had a large influence on modern dance. Mixing classical technique with an original attitude, Tharp often uses American traditional, popular and contemporary music and day-to-day motions to create her dances.

"Her dance uses everyday movements — pedestrian movements but the way she puts the movements together is eerily complex," said Helen Chadima, UI dance historian and chairperson of the UI Department of Dance.

reflective of daily life, her dances are formance. "Sweet Fields" uses a cap-

Tuesday. The report by the University of California, Los Angeles, is the latest in a three-year study seeking ways to curb violence in TV programming and was expected to become an issue in the presidential campaign.

**Publicity photo** 

Renowned choreographer Twyla Tharp and her 14-member troupe will perform contemporary dance tonight at Hancher Auditorium at 8.

fery Bullock, a member of the Hubbard Street Dance company.

"(Tharp's) movement is about complete body isolations, yet being very loose, very free," Bullock said. "Her choreography can be very deceptive. All of those loose movements are carefully choreographed and defined."

Tharp's unique form of expression has been influenced by the styles that emerged mid-century, Chadima said. "Twyla is a product of the '60s,"

she said. "During this time, dance was reduced to the essence of movement by many choreographers. Ballet was a no, and even specialized technique was a no. The rule was, natural movement can be dance." The three new works reflect Dance.

Although Tharp's works are often Tharp's conviction to a diverse per-

free flowing, said UI alumnus Jef- pella Shaker hymns to recreate traditional Shaker dance.

Taking works from previously choreographed material, "66" is an anthology of duets, including "Catherine Wheel," "Bum's Rush" and "The Men's Piece.

Based on the David Bowie album Heroes, Tharp's "Heroes" approaches the idea of the hero not as a mythological superhuman, but as a person who will take a stand his or her ground no matter what comes his or her way, Tharp said.

For the past 20 years, Tharp has created works for her dancers, as well as for renowned companies such as the American Ballet Theatre, The Joffrey Ballet, New York City Ballet and the Hubbard Street

Tickets for the performance are available at the Hancher Box Office.

lence depicted.

#### CLA study: Overall violence drops ings system for television programs aware of the consequences of the vio-

and for the installation of "V-chips" into television sets so parents can block shows they consider inappropriate for their children.

While the handling of violence on prime-time series and children's programming has improved, TV's bloodiest hours continue to come in movies transplanted from theaters, according to the UCLA Television Violence Report on the 1995-96 season.

Jeff Cole, director of the UCLA center for Communication Policy and the study's author, said the study did not simply tally violent acts but tried

Of 114 TV series last season, the study found only five frequently used violence in questionable ways graphically or heroically. That's down from nine cited last year.

By contrast, of 113 theatrical films studied, 33 or about 29 percent raised concerns about violence. That's down from 42 percent the year before.

The series that raised the most frequent violence concerns were "Walker, Texas Ranger" and "Nash Bridges," both CBS, and Fox's "New
