LITTLE ROCK, Ark. - Bill Clinton lived his whole life for this, driven from campaign to campaign to the presidency. Now he stands before the country, no longer a slave to the next election but beholden to history. "We have work to do," he declared.

Standing behind the presidential seal, a proud incumbent celebrating a final political triumph, Clinton delivered a sentimental address that wove images of his past with promises for the future.

Tomorrow," he said, "we greet the dawn and begin our work

Before fireworks lit up the night sky, Clinton said voters had good reason to produce election results that gave both Republicans and Democrats reason to celebrate.

They are sending us a message: Work together. Meet the challenges. Put aside the politics of division," he said. "It is time to put country ahead of party.

Tracing outlines of a secondterm agenda, Clinton promised to balance the budget, get more children to read, swing open college doors, reform welfare humanely, lower crime rates and reform the campaign finance system.

Probation officer: 'Suge' Knight should remain incarcerated

LOS ANGELES (AP) — Marion "Suge" Knight, head of rap label Death Row Records, should stay

in jail without bail because he's a threat to the community and may flee, a probation officer

Knight, who was grazed in the shooting in which rapper

Tupac Shakur was fatally wounded, was jailed last month for allegedly violating probation. In a report filed Monday, a

Knight

probation officer said a security videotape from the MGM Grand Hotel in Las Vegas appears to show Knight and several others beating up a man on Sept. 7, hours before Shakur was shot.

Knight's attorney, David Kenner, disputed the allegation.

A bail hearing is scheduled for Thursday, and a hearing on the probation violation is set for Nov.

In 1995, Knight pleaded no contest to assault and was sentenced to five years' probation for a 1992 attack on two aspiring rappers in a Hollywood recording studio.

He is accused of violating probation by smoking marijuana, failing to take drug tests and leaving the country without notifying probation officials.

#### IRS claims Nicks took thousands in deductions for appearance

LOS ANGELES (AP) — Stevie Nicks' flowing outfits and long, blond tresses have gotten the Fleetwood Mac singer in trouble with the tax man.

The IRS wants \$85,887 in additional taxes from Nicks, say-

ing she improperly took about \$270,000 in deductions for makeup, hair styling, clothing, a home office and management

The case stems from an audit of her 1991 return.

Nicks' attorney, George Short, said in court papers the expenditures were necessary because "much of this clothing is discarded immediately after use because it simply cannot be reused, given the energy levels of (Nicks') performances and the heat generated on stage from lights and physical exertion."

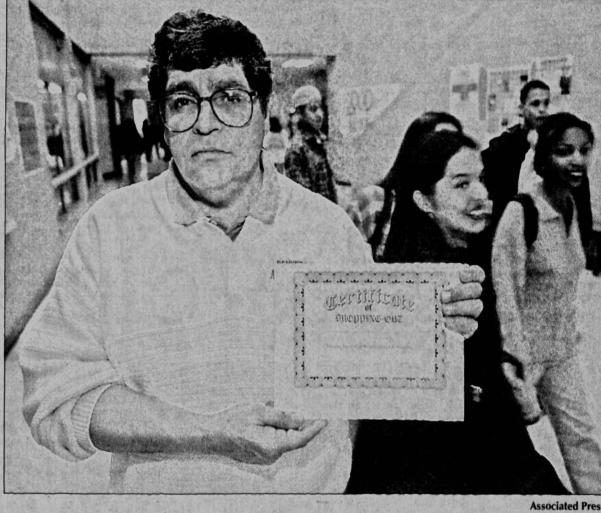

#### **Famed British painter** stops designing opera sets

LONDON (AP) — Opera has become too small for David Hockney's canvas.

The British painter, who has worked principally with the Royal Opera, said he has sworn off designing opera sets because the companies lack vision.

"The trouble is that opera people are so unvisual, they've no sense themselves of color or plasticity or space," Hockney said in the November issue of BBC Music Magazine. "They don't see that the set with some real lighting can carry the music straight to the audience."

And the opera scene isn't much better in the United States, he said, referring to productions of Wagner's Ring Cycle at New York's Metropolitan Opera House.

DENVER - Joe Sandoval grabs a computer print-out and dashes to his car. "Come on," he says excitedly, "we have a hot lead."

Gunning the engine of his polished, lime-green 1977 Chevelle, he speeds through the back streets of Denver, pressing his search.

He is not looking for a criminal or

a missing person, at least in the conventional sense of the word. Sandoval is the principal of Denver's North High School; a student, Isabel Godoy, is in danger of dropping out. Sandoval won't give up without a fight.

It started when Denver Public Schools notified Sandoval his school had the worst dropout rate of the city's 10 public high schools - 561 dropouts in a student body of about

He drew up a game plan to cut the dropout rate by two-thirds, to 200 this year. Among other things, it includes intensive counseling of the 200 students considered most likely to quit school.

The centerpiece is a certificate of failure - an "anti-diploma."

Students who decide to drop out must appear in Sandoval's office with a parent or guardian. When it came Ray Gonzales' turn, he stared in disbelief at the paper Sandoval was asking him and his mother to

SANTA MONICA, Calif. - O.J.

Simpson denied published allegations Tuesday from an 18-year-old court intern that he had made sexual advances toward her. Amber McGrath, a high-school

In his victory speech, Harkin acknowledged the campaign had been brutal. "There's an old saying that rough

In North Carolina, Harvey Gantt spoke for the vanquished candidates everywhere as he conceded

With Clinton winning a second term in the White House, Election Day interviews with the voters showed the nation narrowly split over whether Congress should be in Republican or Democratic hands. About 55 percent of the voters said Congress would not be too conservative if controlled by the GOP, though.

City High student killed after being struck by train

Iowa City resident Sandra Suchomel, 17, was killed instantly after being hit by a train near Highway 30 in Clarence, Iowa, at approximately 6:15 p.m. Monday.

Suchomel, a student at City High School, 1900 Morningside Drive, stepped out of her car after a car accident in which she and another driver, Sandra Brunscheen, sideswiped each other. Suchomel had been traveling east on Highway 30. Both vehicles ended up in a ditch adjacent to the railroad tracks

Suchomel's car door was positioned so that when she stepped out of her car she was near the train tracks. She got out of the car, walked onto the railroad tracks and was instantly struck by a west-

bound Union Pacific Train. Both of the victims were taken

to St. Luke's Hospital in Cedar Rapids. No charges were filed on either of the drivers, and the lowa-State Patrol and the Cedar County Sheriff's Office is investigating the incident. Brunscheen sustained minor injuries in the car crash.

Suchomel's family was unavailable for comment.

We live in a democracy. People still can't vote in many countries. In Australia, voting is required by law. Here we get about a 50 percent turnout. We are only halfway to true democracy. Australia is way ahead of us, folks.

The pope is not a Communist.

I was only kidding, really. Last week when I defended evolution against the mob of creationists, I wrote those who take the side of science are often called Communists. It was a joke, of sorts. An exaggeration. I didn't really think anyone would be dumb enough to believe evolution had anything to do with communism. Evolution is a science dealing with the origins of species, and communism is an economic philosophy. I thought that was obvious.

But, on the same day my column was published, conservative syndicated columnist Cal Thomas accused the pope of embracing communism for accepting evolution. I nearly fell out of my chair when I read it. Apparently, some people are that dumb.

Bob Dole is not as extreme as he appeared. He has a good voting record. I've been quite hard on him these past few months and I wish it didn't have to be that way. Everything I criticized him for

I hammered him on supply-side economics. For 30 years he knew better. He called it "voodoo economics" more than a few times, and he was right every time.

I pummeled him in print for his stands against affirmative action, gay rights and multiculturalism. He's not really against those things. He never has been. To be a sena-

prisoner, as will be its next nominee for president. Dole is free now. As a senator, his stands on race relations and civil rights have been exemplary. This year he may have talked the talk of the right, but that has everything to do with the civil war inside the Republican Party and nothing to do with Dole's actual opinions or beliefs. Dole was forced to reverse any and all progressive opinions, and so was Jack Kemp. Both are better than they appeared, and both deserve a little post-election vindication.

Newt Gingrich is mean and obscene. But he is consistent. He's consistently mean and

consistently obscene.

Two years ago when he became Speaker of the House, I recoiled in horror, as did much of the nation. I thought to myself that after two years of him in the public spotlight, the popularity of the Republican Party would plummet.

Many Republican members of Congress ran ads this season boasting of how often they disagreed with Gingrich. He has been reduced to irrelevancy, a pariah even in his own party. His revolution fell

on its own sword. Gingrich is now called the most unpopular public figure of the 20th century. I would argue that Hitler, Stalin and Mao are much more unpopular, but three examples out of thousands are not very many.

The world will not end in four years. There are some clones of David Koresh and Jim Jones out there who will tell you the world will end on the eve of the millennium. Most of them will be disappointed when the world doesn't end on schedule unless, like the followers of Koresh and Jones, they fulfill their own prophecy and destroy themselves.

Then again, this election was boring and voter turnout was low. A little talk about the end of the world may make the next round pretty damn inter-

# Ho-hum, nothing has changed

s the smoke clears in the wake of the elections, we the electorate look at the results and realize nothing has changed. Of course, a few races have ousted an incumbent or have swung the opposite from what the polls said would happen, but essentially, everything is the same.

President Clinton is back for four more years. He sounded like a Republican during the election and will now swing back to his more liberal, Democratic views, just like last time. Perhaps he will revive health-care reform. Anyway, the Democrats control the White House. Ho-hum.

The Senate and the House are still in the grip of the Republican Revolution. Sen. Tom Harkin, D-Iowa, was battling for his seat when this went to press, but it appears he will be safe and will return to Washington for another year. Same old, same old. In the seamy underbelly of politics, nothing has changed.

The two major political parties raised hard money and soft money for the campaigns. According to Time magazine, Democrats raised \$146 million in "hard money," which must be reported to the Federal Election Commission, while the Republicans raised \$278 million in cold, hard funds. # The sacrifices of student journalism

ere's a little secret: The Daily Iowan is run by students. Now, this means many things, but

today it means this is the first presidential election each staff member has covered. So, as you can imagine, the past few days have been crazy. As I write this, the tension in the newsroom is thicker than Guinness beer. The adrenaline is more exciting than a date with B.J. Armstrong. People are screaming. People are laughing maniacally. People are standing in corners repeating rosaries.

# Professors, students: Clinton appeals to certain voters

**Melanie Mesaros** The Daily Iowan

Both national and Johnson County voting trends were predictable, UI political science Professor Arthur Miller said, with President Clinton as the preferred candidate for women, ethnic minorities and students.

Miller, the director of the Iowa Social Science Institute, said few voters came out both nationally and statewide.

"There was actually average to low turnout," he said. "It was partly because people were disenchanted with both candidates and there was a lack of interest in the cam-

Miller said women tend to vote more for Clinton because of his stands on the family leave programs, the Brady Bill, putting more police on the streets and the package that would allow pregnant

women longer hospital stays. "Clinton appealed more to the young. Education and the environment are where he distinguished himself from Dole," Miller said. "Plus, Clinton clearly represents a younger generation.'

Congress is still controlled by the Republicans. Cary Covington, a UI associate professor of political science, said because of Republican numbers, Clinton is going to propose small changes that may include pushing for a choice in which public schools children can attend and school uniforms.

"In the big picture, the Republicans are still in Congress," he said. "Clinton is going to be proposing a bunch of small initiatives.'

UI senior Ty Turner said she voted because she wanted to balance the political party majority in the government structure

"I voted because I thought we needed to have balance, because we don't need to have a Republican Congress and Republican president," Turner said. "I think voting

However, Miller said data proves when voters go to the polls, they don't think in terms of the overall party power structure.

"When people vote, it is not because of any strategic thing about who is going to control Congress, but because they like the candidate," Miller said.

Clinton also appealed to older people, Miller said, because of Medicare issues and their democratic, baby-boom affiliation. He also said Clinton captured the uncommitted voters of Iowa.

"President Clinton swayed my vote because of his interest in college students and decreasing (monetary) interest on student loans," Turner said. "His whole rhetoric of interest and student loans swayed my vote.'

DES MOINES - Refusing to announce his loss before all precincts had reported, Republican candidate for U.S. Senate Jim Ross Lightfoot showed Tuesday night the same relentless fight that carried him through this election year against incumbent Tom Harkin.

"We're going to wait until this is over before we make any concessions," Lightfoot

Lightfoot fell behind early and never recovered. He mustered 46 percent of the vote, compared to Harkin's 52 per-

Despite the loss, Lightfoot hasn't lost his sense of humor.

As the Republican crowd cheered "We want Ross," he responded, "Well, apparently 50-some percent didn't. But we appreciate you're here. I just heard that someone threatened to kill us and burn the building down, but I'm glad you're here."

Lightfoot continued by thanking his wife and his family, while choking back tears when introducing his children to the crowd.

"The president and the first lady were here, so I think that pulled it out," he said. "One thing I was concerned about, one of the reasons I got

into this, was the fact that we were building constituencies in this country with your money by giving away things and buying things.

The crowd of about 300 cheered and expressed regrets of Lightfoot's loss.

UI College Republicans President Hans Gullickson said he was disappointed that Lightfoot lost, but felt it was good fight.

Everybody worked as hard as possible. Everybody did e best they could," he said. "Maybe we should have focused on informing voters more rather than just identifying Republicans on campus, but we put an awful lot of work in this."

Gullickson said he realizes people in Iowa City are predominately liberal and sometimes don't get to hear the conservative side of a given

issue often enough. Gullickson was accompanied by about 10 other UI College Republicans who were disappointed about the outcome of the Senatorial race and happy that Republicans maintained control over both chambers of Congress.

DES MOINES - A blizzard of confetti swept through dancing crowds at Embassy Suites Tuesday night, as supporters of Tom Harkin celebrated the start of his third consecutive term representing Iowa in the

U.S. Senate. The throng of about 500 erupted into victory chants of "Tom! Tom! Tom!" and "Three more years!" at about 9 p.m., when Des Moines TV stations projected Harkin as the winner.

They were the jaded, the peeved, the just plain angry - and those were the candidates. On this day, it seemed, few Americans entered voting booths with unfettered optimism, and few candidates expected an idealistic citizenry.

Still, in election snapshots across the land, they turned out, candidates and voters alike - speaking of moral standards, of character, of age, of economics, of religion. It may no longer be a time for idealism, but Election Day still provides the grease that guides America along its sometimes impressive, often unsteady path.

Ronnie Kessenich, voting at House Speaker Newt Gingrich's polling place in Cobb County, Ga., said she likes him, but offered a caveat, "Sometimes," she said, "he opens his mouth before he thinks."

She was lucky not to implicate herself on that account: The Georgia Republican arrived to vote moments later. As usual, Gingrich seemed confident and petulant, sending a final taunt in the direction of his Democratic opponent, Michael Coles.

"I'm going to vote for myself," Gingrich declared. "I thought about Michael Coles, but if he can't even figure out who he's voting for for president, I just can't split my ticket like that.

Gingrich's campaign has denounced Coles, a cookie magnate, for refusing to say whether he supported President Clinton in the strongly Republican district.

They grumbled about campaign mudslinging, Bob Dole's negativity and Bill Clinton's character. But they voted nonetheless, taking pride in the democratic ritual.

"This is my license to complain," said Kenny Sorensen, 64, voting at the Saylor Township fire station in Des Moines. "If you don't vote, you don't have anything to say if you don't like what's going on."

#### Owners reject labor deal, squash interleague play

NEW YORK (AP) — Baseball's labor deal faced near-certain rejection by owners Wednesday, probably wiping out interleague play next season and denying free agency for Alex Fernandez and Moises Alou.

"The people who do count heads do tell me the deal will almost certainly be rejected, and by a significant number," Atlanta Braves president Stan Kasten said.

Union officials, speaking on the condition they not be identified, speculated whether acting commissioner Bud Selig — who hasn't taken a position - would attempt to renegotiate the deal with Fehr following the vote.

The contract calls for owners to break with tradition and start interleague play. And it would credit players with major league service for the 75 regular-season days wiped out by the 1994-95 strike, allowing Fernandez, Alou and nine other players to become free agents.

# Fry familiar with player gambling problem

**Wayne Drehs** The Daily Iowan

In the wake of the recent gambling allega-

tions on four Boston College football players, Iowa head football coach Hayden Fry said at his Tuesday press conference that his coaching staff thoroughly educates his players on

"We bring in the FBI, a federal judge and the local police authorities to talk about drugs, gambling, bookies and pro agents, how they operate," Fry said. "We lecture them, then test them to make sure they are listening to what we've said. Anything you can think of illegal, we have to educate our athletes.

"It's senseless to get a guy prepared to play on your team who then becomes ineligible because of gambling, or whatever."

The BC athletes are currently under investigation for gambling not only on professional or college sports, but their own games, as well. The Boston Globe reported that the players felt they were treated unfairly after committing an offense that nearly 30 other players did as well.

> This issue is simply one of many burdening college coaches and perhaps helps explain the high turnover in college football coaching. Last week a pair of Fry's Big Ten Conference counterparts announced they would not return next season.

Indiana coach Bill Mallory was fired and Purdue coach Jim Colletto resigned.

"(Indiana) is averaging 33 - 34,000 folks over there and they have to make all that money for non-revenue sports, Title IX, gender equity and all that good stuff," Fry said. "Coaches fill that. That's all part of it."

"But on the other hand, we know this when we get into it, and we are all crazy. All coaches are crazy. You've got to be."

Mallory took the Hoosiers to six bowl games in 12 seasons, despite having one of the lesser-talented teams in the Big Ten. Many followers of college football forget that coaches, like regular people have to start over after losing their jobs.

"I feel extremely bad," Fry said. "Not for just the coaches, but the assistants. They have families, children, most of them own a home. That's all whipped out. They've got to go find more jobs.'

Fry added it is difficult for him to watch good coaches that are classy people lose their jobs.

"You could take a really good coach and put him in a good situation and you are not going to win," Fry said. "Everything has to be just right to keep your head above water."

"That's why there are only four coaches in Division I, 65 years of age or more. You've got a lot of folks that are used car salesman

# Why Holyfield can and will beat Tyson

The most awaited fight of the modern era will take place at the MGM Grand Garden when Mike Tyson and Evander Holyfield clash for the WBA Heavyweight Championship Saturday night. It's about time.

and Holyfield were originally set to clash in 1991 after Holyfield won the undisputheavyweight title from James "Buster" Douglas. However, injuries, Don King and Tyson's legal problems pre-

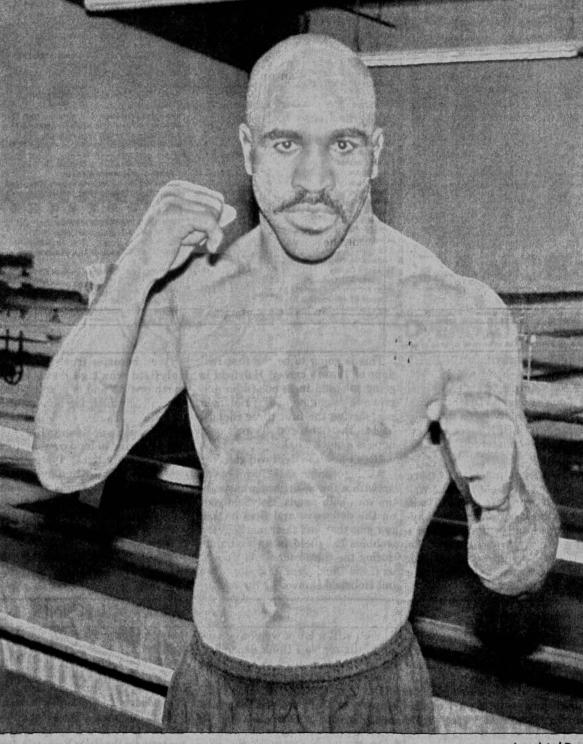

vented the

bout from ever becoming a reality. Some feel that it may just be too late now. Those people may be in for a surprise.

After losing the title to Michael Moorer, Holyfield was diagnosed with a heart problem and forced to retire. But after visiting a faith healer, Holyfield claimed to be healed and was able to return to the ring after passing a battery of tests.

In the meantime, Tyson was released from jail following his rape conviction and it began to look like this bout may happen after all. Holyfield faced Riddick Bowe once more and looked to some as though he had lost the stamina that he once had due to his bad heart.

That may not be as much of a problem as some think. Holyfield says that there is nothing wrong with him and he is fully prepared to go 12 rounds with "Iron" Mike. Can Tyson say the same thing?

has avoided most top-quality opponents. Look at Tyson's top opponents: Michael Spinks, Razor Ruddock, an over-the-hill Larry Holmes, Frank Bruno and James "Bonecrusher" Smith. Tyson recently gave up the WBC belt he won from Bruno because he wouldn't face the WBC's top contender, Lennox Lewis.

During his career, Tyson (45-1) always taken on all comers. He's know how to react. Holyfield said had three wars with Bowe and and George Foreman.

Holyfield's three losses come at the hands of two of boxing's top contenders, Bowe and Moorer, while Tyson's loss comes at the hands of a 42-1 underdog.

Every week a Daily Iowan reporter sits down with a sports figure for a Q&A session. This week James Kramer spoke with UI wrestling assistant coach and head recruiter Jim Zalesky.

DI: What has it been like for you to work under a coaching legend like Dan Gable?

JZ: If you want to be a coach, it's an ideal situation. I think he's proved to be the best college coach so far in NCAA history, in any sport. It's been an ideal situation for me to learn, as far as my occupation of being a coach.

DI: What has been your reaction to Coach Gable's statements that he's considering retirement after this year?

JZ: He's been talking about it more and more, so it's definitely something he's been thinking about. Lately it's been the most I've heard him talk about it in the last year. Whatever happens, happens. Right now, we're concentrating on this year. Whatever he decides, everybody will be right behind him one way or the other.

DI: If the Iowa head coaching job becomes available sometime in the future, would you be interested?

JZ: Yes, I would. I grew up in Iowa, I wrestled here at Iowa and I enjoy the Iowa City and university communities. It's a job I wouldn't mind having.

DI: What have been the most memorable moments of your coaching career?

#### IOWA WOMEN'S TENNIS

# Hawkeyes enjoy instant success

Chris James

The Daily Iowan

When Iowa women's tennis coach Jenny Mainz put together her team for the 1996-97 season, she envisioned a unit that could finish in the top half of the Big Ten Conference.

Now she realizes she may have created a monster composed of depth and talent that is ready to devour the conference as a whole.

"I'm very proud of how we've performed so far," Mainz said. "Everything is not perfect but we've come so far this fall season that I can't wait for the conference to start. We've taken to the Big Ten teams we've faced in these invitationals and if we continue to progress, we will be in the thick of the race."

The success is visible due to fact that Iowa has already faced some of the best competition both in the Big Ten and the nation. The Hawkeyes duked it out with national powerhouses Florida and Georgia back in late September at the Furman Classic, where freshman Natalya Dawaf made an impressive debut, winning the No. 3 singles title against Georgia's Nadine Van de Walle.

Iowa continued to roll the next weekend winning nine Big Ten matches at the Notre Dame Invitational. Junior Carolina Delgado, from Tarragona, Spain, led the way with a second place finish in the No. 6 singles flight. Hawkeye senior Kristen McCracken called the tournament the "most grueling of her career."

Senior Lisa Harris said facing such competition has given the Hawkeyes a tougher skin.

"Beating up on easy competition isn't going to help us in the long run," Harris said. "We want the tough teams. We want the challenge. That's how you improve."

Two weeks ago Iowa won five-ofeight matches at the Hoosier Classic, Sophomore Erin Wolverton ripped up the competition for a third-place finish in the No. 2 singles flight.

McCracken said playing well against Big Ten teams this early already has given Iowa an advan-

going to see down the road. When we meet up again, they'll know just how tough we are and that will give us an edge," McCracken said. The Hawkeyes will conclude their

fall season this week by splitting up the team for the Rolex Regionals. Iowa will send players to Bloomington, Ind., and Madison, Wisc., the sites for the November 7-10 tournament. Mainz said she hopes her team

continues to progress like it has heading into the biggest and last competition of the fall season.

"This is big for us," Mainz said. We're going to be facing some of the best players from the best teams in the Midwest. It will be a big measuring stick for us before the spring."

# Sick Wacker tired of Gophers losing

**Associated Press** 

MINNEAPOLIS - Running a 102-degree temperature and losing his voice Tuesday, Jim Wacker said he hoped his team also was sick - sick of losing, that is.

Mired in a five-game losing streak, including a three-game stretch in which it has been outscored by a combined 116-19, Minnesota has three games left to save its head coach.

Wacker isn't thinking about that, but he knows his team still has a chance at a six-win season, a mark the Golden Gophers (3-5, 0-5 Big Ten) have surpassed only seven times since World War II.

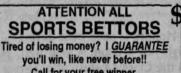

"Right now these kids have a chance to do something special, Wacker said. "For recruiting and for next year and for the program, this group of young men have got to stand up and decide, 'Hey, we've had enough of this. It's time to turn the program around."

The first chance comes Saturday at Wisconsin, where the Gophers won on their last visit in 1994. Then come Illinois and No. 23 Iowa, both at the Metrodome.

Three straight wins seem unlikely for a team that has lost 12 straight in the Big Ten and collapsed at this point last season facing a similar challenge.

"I think we're more mentally tough this year," said Adam Bailey, one of 20 semifinalists for the Lou Groza Award as college football's top kicker. "We just don't want to let that happen again. We know it happened last year, and it's really easy to fall back into it, where we just sit back. We've just got to turn it around."

That won't be easy coming off the worst loss of the season, a 45-0 thumping at No. 2 Ohio State, only the third time the Gophers have been shut out in a conference game since a 24-0 loss at Wisconsin in the final game of 1982.

# Top Iowa teams kick off title runs

Chuck Schoffner Associated Press

It was one of the most startling scores of the high school football season: No. 1 Britt West Hancock 76, No. 3 Lake Mills 28.

Was there truly that much difference between two of the top three teams in Class 1A? The Lake Mills Bulldogs don't

think so, and they'll have a chance to prove it when the two district rivals meet in a firstround playoff game tonight at Britt.

"I think we "Not too many people get can play with them," said a second chance in life. We Lake Mills certainly have a second Bill Byrnes, whose chance at proving to team is now people that we're able to ranked 10th. compete with the best." "They've got a great rushing Carlos Honore, running offense, but if back for defending 4A we can slow them down a champions Iowa City West little bit, we on tonight's chance to can move the

ball on them." The Lake Mills-West Hancock tus-

sle is among 40 games being played tonight as playoff teams begin the scramble for coveted berths in the state finals at the UNI-Dome on Nov. 22 and 23.

avenge an earlier loss to

rival Iowa City City High

Highlight games include Class 4A rematches between topranked Iowa City High and Iowa City West, No. 5 West Des Moines Dowling and No. 7 West Des Moines Valley and sixth-ranked Sioux City Heelan and No. 10 Sioux City East.

Class A features an intriguing matchup between No. 1 Madrid and No. 3 West Bend-Mallard, while Class 3A leader Charles City takes on Webster City, the team it beat Friday night to finish the regular season unbeaten.

Tonight's winners advance to quarterfinal games next Monday. The first West Hancock-Lake

Mills game turned into a rout after West Hancock scored two touchdowns in the final 2:25 of the first half - an 80-yard kickoff return and a 21-yard touchdown pass. Lake Mills had trailed just 24-22 prior to that.

"Instead of being down by two at halftime, all of a sudden we're down by 16," Byrnes said. "That took the wind out of our sails. We didn't respond very well in the second half and they came out looking for more."

Lake Mills bounced back from that Oct. 18 loss to beat Manson-Northwest Webster 32-0, then whipped Pocahontas 40-0 on Friday night to finish the regular

season 8-1. "We have to look at it mentally that we can play with them,' Byrnes said. "If we don't, we'll be in trouble. Up in this area, Britt football carries some pretty strong connotations. We try to talk to them, show them things on tape, show them that they're football

players just like you, that they make mistakes just like you." Lake Mills' challenge is that West Hancock doesn't make many mistakes.

The West Hancock program has won a state championship and finished third three times

## Arts & Entertainment

Tori Amos will perform at the Adler Theatre in Davenport tonight at 7:30, with special guest Josh Clayton Felt.

# Amos takes fans into 'realm of imagination'

**Katharine Horowitz** The Daily Iowan

Tori Amos has a vision of a world where there is a freedom to create and to be creative. In her world, there is no distinctive order to things, but a realm of imagination in which everyone is allowed to take part.

"Imagine a world where people can become whole," Amos said in a telephone interview. "A kind of world where human civilizations are tribal, where there is no sense of hierarchy and where you have a gift unique to you and the freedom to create and be creative with it. There's no jealousy based on these unique gifts. I have mine and you have yours.

At the age of 2, Amos began her gift of piano playing. And while age, she said, her piano playing has always been there.

"I don't remember a time when I didn't play the piano," she said. "I always remember playing. I never

Eventually, Amos combined the piano and singing to go on to produce three albums. She is currently on tour to promote her latest release, Boys for Pele.

With songs about life, love and personal growth, Amos said much of her material is based on individual experiences. "Me and a Gun," from her first album, Little Earthquakes, describes the night the singer was raped and the thoughts she had during the rape.

"(My inspiration) is whatever I learn about at the time," Amos said. "I'm always looking for the beast - those things that are hidden within ourselves. Those parts of yourself that escape consciousness but are still there.

said what she discovers in her writing and singing shocks her.

"I can sometimes surprise myself on my opinions," Amos said. "We are often taught what to think, not how to think. And you need to instruct yourself to be ton Felt.

open to different ways of feeling. How do I form my own opinions? You have to train yourself how to

Despite her continuing self-realization and exploration, Amos said she sometimes finds it difficult to come up with an idea for a song, and even harder to get it out on

"A lot of the time, to get an idea, have to have an experience which helps me understand what I need to write," she said. "Or I'll get a fragment of an idea, and it'll take a lot of patience to get it out correctly. Because that's what writing and expressing yourself is all about. You have to be willing to let the story or the thought develop over time to make it good.'

As much time as it may take her her singing has developed with to write songs she is satisfied with, Amos said her major concern is getting through to her fans.

"Oh, there's always something that gets screwed up," she said. "That's what's hard about the conremember not playing. It was cept of perfection. There are nights I play perfectly, but the atmosphere doesn't feel right. There's no magic. And there are nights when it's full of little errors, but I still feel really good about what I presented to the audience."

> It is those slip-ups, she said, that get her closer to her fans.

"It's about 'What was my inten-on?' " she said. "Can I release myself and still get to people? I have to surrender. And if I made a faux pas on stage, then that's my freedom because I let go of my perfection and I got to people.

What Amos hopes to convey to people and herself through her music is a clear message of self.

ness but are still there."

"(My message is) that I'm enough," she said. "And that said what she discovers in her you're enough. That there is nothing more you need that makes you more than that."

# Hancher Auditorium hosts sacred music of Renaissance

**Greg Kirschling** The Daily Iowan

Everybody knows of famed Renaissance artists Leonardo Da Vinci and Michelangelo, but few know of John Sheppard or Thomas Tallis, composers of Renaissance sacred music who had a large influence on 16th century music. The Tallis Scholars hope to

expose Iowa City to their artistry tonight. The worldfamous choral group will perform Renaissance sacred music at Hancher Auditorium at 8 p.m. Along with Sheppard and Tallis, the group will perform works by John Taverner, William Mundy and Osbert Parsley.

"There is no question that this is a choir of considerable esteem," said William Hatcher, director of choral activities at the UI. "They have a very, very high reputation among choral communities in many coun-

Named after Renaissance composer Tallis, the Tallis Scholars have made more than 30 recordings, including a 1987 recording of music by Josquin des Pres that became the first early music recording ever to win the Record of the Year award from Gramophone maga-

Through numerous other awards and extensive international tours, the Tallis Scholars accumulated a worldwide audience. In February 1994, for example, they were invited to Rome by the Vatican to perform

in the Sistine Chapel.

Founded in 1973 by Oxford-trained Peter Phillips, the 10member group has carried on the English choral tradition. It is their clear, distinctive sound that has helped the Tallis Scholars go on for so long as performers of the highest order, Hatcher said.

'It's definitely a different tradition than the American tradi-tion," he said. "The American choruses tend to prefer bigger, more resonant sounds, but (the Tallis Scholars) have more of a pure sound."

Tickets for tonight's performance are available at the Hancher Box Office. Zone III tickets are available to students for \$10.
