COGS

The grad student union says the university has not provided accurate payroll data.

For the first time since the union's history, COGS, UI will take the university to arbitration because the university is not paying accurate payroll data, union officials said.

Joe Shroyer, the COGS vice president, said, "The UI has not provided the union with detailed information about changes every month in employees' rates of pay for those employees whose departments and appointments have changed. This means that the COGS office cannot inform employees that they are part of the union and entitled to specific rights; she said."

"Many people do not comprehend the contracts and are not familiar with the language and appointments," Shroyer said. "Additionally, we must ensure that employees receive the correct amount, which varies according to department."

It is hard to verify payments when there is a large percentage of people whose departments are not indicated or are inaccurately indicated," she said.

The COGS says it has communicated with UI officials about the missing payroll information and presented it as a concern.

"Every time we meet about these incomplete data sheets, we are given the impression that employees who are working 60 hours a week typing in forms in the new human resources computer (Maplewood)," We gave them the benefit of the doubt, but after five months, we are questioning whether this is intentional," said Jolene Stratecky, the COGS campus chairwoman.

By filing for arbitration, COGS is willing to go to court to resolve a conflict from the Public Employee Relations Board, asking for seven months worth of data on mandates. Within 10 days, the UI and the union will mutually decide who will arbitrate.

"One of the main reasons for arbitration, I propose, is like a court case. Both sides prepare data to show they have been wronged, possibly find witnesses, and then have a hearing," Stratecky said.

The arbitration process can take from several weeks to a couple of months. The university paid approximately $2,000, she said.

Kris Ward, the assistant director of UI human resources, would not comment on the university's role in providing the information.

"It's in a process where both parties are representing themselves," she said.

Small fire hits Bowen chemistry lab

The Iowa City Fire Department responded to a fire alarm at the Bowen Science Research Building on Saturday afternoon, January 28. Bowen is a four-story residential building used as a science laboratory by a number of students, including UI chemistry majors.

According to the Iowa City Fire Department, a small fire was located in a biochemistry laboratory on the second floor of Bowen. Firefighters were reluctant to enter the building, but they were advised there was no risk of ignition. Firefighters were able to get the fire under control and left the scene around 1:30 p.m., said Margaret Rocca, a UI residence assistant.

"It's a scary experience," said UI Fire Chief John Hanson. "We're lucky there was no one hurt." The estimated damage to the lab was $500 to $1,000.

The Bowen building is located on the east side of campus, north of the University of Iowa Hospital and Clinics and just south of Gilbert Road. Bowen is one of the residence halls that have been equipped with automatic sprinkler systems as part of the University's efforts to prevent fires in student housing.

"We're trying to make Bowen a safer place," said Hanson. "This is the second alarm in Bowen this year. We're glad we caught this one before it could cause any serious damage."
Yielding to the lure of sign theft

By Chen Xiong

Remnants of Iowa City, street signs adorn the walks of bedness and doors. Elsewhere, signs scratch and beat communities in vain, entangled in the scheme of street signs.

It was a dark and stormy night, on a backroad far, far away, when UI freshman Brian Fry made his sign. It was "up of the moment," he said. "It just went. Hey, there it is." Fry said people have taken signs because they think it is cool to own one.

In order to prevent vandalism, Fry and his friends have made a sign that will be placed on the University of Iowa campus. "It's a problem," he said. "There must be something we can do about it." Fry said sign theft occurs when people "just get their hands on it and then their hands on it again and again." He said people have stopped putting up signs because of the amount of vandalism.

The University of Vermont Student Association and Student-Taiwanese Corporal Salutations in the EUR Two Second Friday.

Though some in the Vermont Community honored their ancestors on Feb. 21, most keep a July 1st beginning of the new year. Lunar New Year or Têt, Têt is the name of the new year, which has become a. The celebration is also important to the Chinese, who also observe it. It is typically observed in the Chinese New Year.

Most UI Vietnamese students will recognize the new year, and this is what the students are called this. There are no specific amounts of money that parents give children. It depends on their families' economic circumstances, said Nguyen.

There will be no shortage of money for the celebration. Fry will have a traditional meal and entertainment. "We will be Chinese and Vietnamese food, which has been donated by Chinese and Vietnamese restaurants. In the past, we have had Chinese and Vietnamese food. We will be eating really good food, and we'll love it," said Nguyen. Nguyen will be attending for the Vietnamese Student Association.

Additionally, Vietnamese pop music will be played with video games and group singing. Games, plans, and a Vietnamese fashion show and karaoke will all be on for hard entertainment. "Dances will wear traditional clothes and bring their own decorations," said Nguyen.

When the official festivities, the Vietnamese Student Association will sponsor a dance party for the 600 participants and guests to attend. The activities are open to everyone.

Stop Kiss more than smooth interrupted

In an exciting event for the Riverside Theatre, the regional premiere of Stop Kiss will tick all off sighted it.

The show, which will run through Feb. 20, was written by Buzz Fried, as it is directed by Lisa Roth.

"The New York Times calling stop kiss sweet and sensitive," said Andy Hovland, the Riverside Theatre artistic director. "I think that's the best way to describe this comic-drama about finding love when and where you least expect it."

The action of the play centers on two single women who are trying to make their way to New York. They make several discoveries along the way, including an unexpected attraction for each other which leads them on a journey of self-discovery and its consequences.

Hovland says it is an aspect that will draw the audience into the action of the play.

"The playwright takes the audience along on a journey that includes humor, desire, danger, empowerment, and outrage," she said. Playwright Stein, a graduate of the University of Iowa drama department, received the 1999 New Dramatists award.

By Robert Vendettoli

Juster Cory Consolvo needed only two minutes to make one of his first three shots, Thursday night.

After being held to just five points through the game's first 11 minutes, Consolvo scored six straight against a Big Ten that didn't know what to do.

"I was surprised, but I was able to do that," Consolvo said.

"I didn't think I was that good," Consolvo added. "But it was a good shot, and I had to make it."

LSU violated rights of female athletes
By Alan Cryderman
Associated Press

NEW ORLEANS — A federal appeals court ruled Thursday that LSU's athletic department intentionally violated a federal law requiring equal opportunities for male and female college athletes.

The decision comes in the first U.S. Circuit Court of Appeals move toward women's suits in a discrimination lawsuit now in court. The case is likely to precede the 5th Circuit Court's cases.

The ruling reversed a 1996 lower court decision that determined allowing Tiger women athletes to participate in the National Women's Basketball Championship was a violation of Title IX, the federal law requiring equal athletic opportunities at schools accepting federal funding.

"LSU perpetuated the hoax in the guise of "women's competition,"" the court wrote. "This is not the case. LSU has engaged in a male-dominated, male-dominated discrimination system in many ways, not just by its admission policy." The panel also reversed the lower court's decision that the school's female athletes had not been denied access to Title IX protections.

In addition, the ruling reversed the lower court's decision that the school's female athletes had not been denied access to Title IX protections.

Next Up: The school's female athletes could be allowed to seek further remedies.

Iowa to face relentless defense

The Hawkeyes will have to match Wisconsin's defensive tenacity in the teams' first meeting Saturday.

By Mike Kelly
The Daily Iowan

Last time a Steve Alford-coached basketball team played against the Wisconsin Badgers, Iowa State at 1999 "was a college ball disaster.

Alford's 12th-ranked Southeast Missouri State team defeated No. 3 Wisconsin, 65-62 in the first round of the NCAA tournament in 1999, kicking off an improbable Sweet Sixteen run. Even though it is a new season and Alford has a new team, Wisonsin is not likely to forget the man who engineered the defensive masterpieces against them in the past.

Alford and his Badgers definitely get their first crack at revenge Saturday when Iowa comes to town for a 1:30 tip-off at the Kohl Center.

Alford said it was defensive tenacity that was last year's game against Wisconsin something he said his team didn't show in its 65-58 loss to Illinois Wednesday. "We just did not guard anyone in the first half," Alford said. "Then for 30 minutes we guarded but then we kind of freaked out." Illinois went on an 18-2 run in the last six minutes of Wednesday's game, dropping Iowa to 2-6 in the Big Ten and 7-9 overall. The Illini shot 52 percent from the floor into the game topping 1-0 record, but only has 53 points against Iowa's 20 points per game. Problems for Iowa have stemmed from five other points.

Wisconsin is the ever-threatening height advantage that the lost two Hawkeyes opponents have. The Badger's leading scorer is 6-foot-6 senior Mark Verhasselt. Iowa leads Big Ten in steals this season and say Iowa is 2-11 in conference.

"We are trying to contain our toughness after every loss," Iowa coach Mike Kelly said. "We were a very tough player when he placed. We needed to use those opportunities to toughen us." The Daily Iowan - Iowa City, Iowa - March 20, 2000 - Page 30

The Hawkeyes are looking to continue their run of success at Penn State. The women come into Saturday's meet win streak and will face the Penn State Lions in the last home meet this year. The meet, in which those also counted to conference's bottom teams, was Iowa forward Dae Hendersen said the Hawkeyes should use their smaller, quicker lineup to their advantage. "It all just comes down to toughness," Henderson said. "We need to look at our height as an advantage."

Throughout the season, Alford has questioned his team's defensive toughness. He made attendance at Iowa wrestling meets mandatory and challenged them publicly, in an effort to make his squad mentally and physically tougher.

The Hawkeyes will need to be especially mentally tough against the halftime-controlled, slow-down offense and relentless defense of the Badgers. Guard Mike Kelley to pressure Iowa all game. Kelley leads the Badgers in steals this season and says Iowa is 2-11 in conference.

Iowa carries No. 36 ranking into opener

The Hawkeyes, coming off last year's Big Ten regular-season title and NCAA tournament, will host No. 25 DePaul in their season opener Saturday. The meet will be an all-around competitor for the Hawkeyes, as she has suffered from in the past. Michael Lorenzen said.

"This match will be good for us," he said. "We're excited to see how we'll perform this season." The Blue Demons defeated Illinois 7-0 last weekend and improved their record to 2-1. They were led by Barbastine and Gotham who won on the No. 1 and No. 2 spots. And in town to face Paul Wardlaw, despite what happened last year. The Blue Demons are always a competitive match," Wardlaw said.

"This is a much better team," he said. "We have a lot of depth and we're looking forward to see what they can do this season." The Hawkeyes return seniors Katie and Nickolas Darrow from last year's NCAA qualifying team. Darrow is currently free doubles above away from Iowa's all-time double-doubles. Last year, Wagner had a singles record of 20 wins.

Iowa's all-time long record against DePaul is 6-6. The Hawkeyes return to spring action against the Blue Demons in the Minnesota Gophers in Minneapolis. Last year, Iowa participated in the Big Ten Indoor Track and Field Championships and won the team title. The Hawkeyes will also have the opportunity to compete in the NCAA tournament this year.

"We're definitely confident," said senior Molly Thomas. "We're looking forward to see how we'll perform this season." The Hawkeyes are currently ranked 36th in the country, according to the Big Ten Conference. The Hawkeyes are currently ranked 36th in the country and are looking to continue their strong doubles play. They finished last season ranked 18th in doubles and posted a record of 13-4.

"We're looking to continue our winning streak," said junior Jeremy Schnitker. "Our team is really determined to come out strong and give our athletes a challenge. I think that we are really working hard and are working well. We are looking forward to see how we'll perform this season." The Hawkeyes will face off against nationally ranked teams.

"It's definitely different," said junior Jenna Wiegler. "The team is not the same as the team we had last year, but we are still in the experimental stages with our doubles play and our singles play." The team hopes to improve in doubles and singles.

With a new attitude and a new team name, the Iowa women's gymnastics program hopes to get the Iowa City community something to talk about after their first team name change since the Iowa Hawkeyes women's gymnastics team opened in 1979. The meet is scheduled to begin at 6 p.m. Saturday, Feb. 10 at the North Gym of the Field House.

The team, now called the Iowa State women's gymnastics team, began their season on Friday, Jan. 26. They defeated Illinois 124-22 in their season opener. The team had held second place for the team held second place for the Hawkeyes entering the meet. The team has recruited five new gymnasts for the season.

"This meet will be our first tough test of the season," senior Molly Thomas said. "We are determined to come out strong and give our athletes a challenge. I think that we are really working hard and are working well. We are looking forward to see how we'll perform this season."

The theme for Saturday's meet is "Wrestler's Sports Night. We're looking to start off the season with a victory," said junior Jeremy Schnitker. Pudgy teen now a Super Bowl star

ATLANTA - Take it from Joe Cool.

Tennessee Titans coach Jeff Fisher told a reporter a question during the team's media session Thursday morning in Atlanta. Fisher and the Titans face the Super Bowl XXXIV.

"I like to go fishing with, the guy you get a glass of milk with, fancy restaurant a at," he said.

"And I don't even think he's the most special one."

Fisher took a break in the session to talk to his wife, who was trying to break up the session.

"As soon as the meeting breaks up, we hit the jumping on the phone," assistant Steve Weatherford said.

"We're going to do some breakfast, bring in some bacon and eggs for the Titans, you can't go wrong with bacon and eggs," said Tennesse Titans special teams coach, Steve Weatherford.

"But we're also going to have some fun, bring in some chocolate chip cookies and some milk, just a little bit of a change of pace, and some extra work."
Pace a rare mix of size, grace

St. Louis Rams tackle Orlando Pace, seen here with coach Dick Vermeil, has done nothing but impress since being drafted in 1997.

Pace's dominance has spilled over into his second season, and he has continued to make a name for himself in both the offensive and defensive lines. His combination of size, grace, and athleticism has earned him the nickname of "the most gifted defensive tackle." Pace's versatility and technique have allowed him to excel in both the interior and exterior of the offensive line, making him a valuable asset to the Rams' offensive strategy.

For the next few weeks, Pace has been working on his technique and preparation for the upcoming season. His focus is on improving his footwork and agility, which he believes are crucial for success at the professional level. Pace is also working on his mental game, learning to stay calm under pressure and make quick decisions on the field.

In the first round, Pace three
Tyson portrayed as a man of the people

The public relations spin is on in preparation for Mike Tyson's fight Saturday against Julius Francis.

MANCHES TER, N.Y. — Mike Tyson was introduced Thursday as the man of the British people.

"He's the street," the woman next door said to themedia.

The crowd at the leafy Laurelton Gardens said it in a newspaper conference for the media outside the arena located next to the McDonald's.

"I've watched Mr. Tyson throughout his career, and everybody knows he's a great warrior," said Francis, who was 34 years old.

"Mike Tyson was introduced to the media Friday, but he was the man of the British people." Francis, who was a Scottsdale resident, had eight birdies and no bogeys.

"He didn't hit well in the first time since 1993, but he still finished 14th on the money list." Finkel referred back to a 1998 post.

"What advice would you give a younger man of the people?" Francis asked.

"Crocodile, the man of the people," Francis said.
