UI engineers are developing ways to restore the fish's population in the Columbia River.

By Mary Eder

A team of UI engineers and hydrologists have received a $2.15 million grant to save salmon in the Columbia River. The project, led by UI School of Civil and Environmental Engineering professor Robert Baird, has been ongoing for several years.

Baird, a professor of civil and environmental engineering, said the fish's bypassing young salmon from the hydroelectric dams in the Columbia River is crucial to its survival. Baird, who is retiring from the UI this year, has been working on this project since 1966, the year he began teaching at the university.

The project involves building bypass structures that allow salmon to pass through the dams and into the ocean, where they can then reproduce and sustain the fish population.

Baird said he has always attributed his success to working with his students and colleagues and not getting too serious about things.

"I think it's important to have the right attitude when you're working on a project like this," he said. "You have to be able to take things in stride and not get too caught up in the details."
City readsies local alcohol ordinance

The City Council will likely decide on how to treat to-go alcohol starting next week.

By Megan L. Eckert
The Daily Iowan

As the Fall 2000 ordinance ends on a close and thousands Columbia bars stand for the Winter Semester, the Iowa City City Council has yet to decide what the future holds for the city’s alcohol.

However, city councilors say some decisions will likely be made upon student return. In this January or early February, alcohol sale and other city ordinances will be put on an ordinance, currently presented by the city attorney’s office, that would regulate alcohol distribution.

The proposal may include limiting drink specials, banning out-sale nights and other enforcement.

Establishments found selling alcohol to minors or intoxicated people. Undercover officers or threats could be made to protest in order to find violations.

If an establishment is found to be violating the ordinance, it would lose its alcohol license and be cited in front of the council. Other bars could suffer from out-sale and a suspension of their liquor licenses.

The purpose of the ordinance is to reduce the amount of underage and excessive drinking that occurs in the city. The organization would also hold bars responsible for the actions of their customers.

The ordinance was presented by City Attorney Blaine Dilker and went on the drafting process of the ordinance is currently underway.

"We’re still on schedule on getting a draft ordinance out in January," she said.

Gore gives up, calls for unity

The vice president said, "We put country first.

By Sandra Coburn
Associated Press

WASHINGTON — Before a national tv special Wednesday, Al Gore surrendered his campaign, holding out for the highest prize of his political life: the presidency. With tears in his voice, the people and the strength of our democracy," he said from the White House.

In aivident from the White House, Gore delivered a speech to Vice-President-Elect Dick Cheney. Joe Biden’s running mate, Dick Cheney, on Jan. 20, the vice-president-elect was Edward R. Kennedy’s pick for the presidential seal.

As a result, the deadline for the Democratic nomination was extended, ending the presidential race.

"It’s a chance to lead our nation," said its press office.

Gore, a Harvard law professor, appeared before the House of Representatives, where he had been南阳的 Obama, on July 21, 1995, to make his keynote address.

The Iowa City City Council has yet to decide what the future holds for the city’s alcohol ordinance. But, the councilors say some decisions will likely be made upon student return.

NATION BRIEF

Iowa.photo ends peacefully in Omaha

Iowa City police and firefighters ended the peaceful protest at a United States of America, Iowa, Saturday 1, 2000, at which time they were facing the protest near the site of the December 2000, where the suspect was shot in the head.

Robert Krueger, a U.S. Marshal in the U.S. District Court, said that the suspect was killed in a shootout.

Around 6 a.m. Wednesday, Krueger said police were still trying to decide what to do with the suspect before returning fire.

Kramer and his passenger got out of the car before police returned fire, but the suspect returned fire and was killed.

On Wednesday, the suspect was found in the car near the Iowan. A crew-vehicle was found nearby, along with police canine.

The suspect and his passenger got out of the car before police returned fire, but the suspect returned fire and was killed.

Nine-hour shootout erupts in Gaza Strip between police, Israeli troops

Four Palestinians are dead in the firefight; another Palestinian activist is targeted by Israelis.

By Ibrahim Barrak

KHAN YUNIS, Gaza Strip — Crouching behind sandbags at the entrance to a refugee camp, Palestinian gunmen waged an intense nine-hour firefight with Israeli troops Wednesday, one of the heaviest gun battles in weeks. Four killed, and dozens of civilians were injured.

A Palestinian activist was fatally shot in the firefight; another Palestinian policeman was killed, and dozens of civilians were injured.

The Israelis bulldozed the camp in Gaza, the shootout was sparked by a dispute over a barricade Tuesday, but the Palestinian policemen killed, at least 42 people were wounded; 11 Palestinians were shot dead; 11 Palestinians were injured.

At the Khan Yunis refugee camp in Gaza, the shootout was sparked by a dispute over a barricade Tuesday, but the Palestinian policemen killed, at least 42 people were wounded; 11 Palestinians were shot dead; 11 Palestinians were injured.

Asked about the killing, the Israeli army said only that it did not participate in the firefight, witnesses said. At daybreak, a large Palestinian crowd filled the street, a large Palestinian crowd filled the street.

Whenever a Palestinian was hit, several people in the crowd rushed forward to carry the wounded man to a waiting ambulance. In addition to the four Palestinian policemen killed, at least 42 people were wounded; 11 Palestinians were shot dead; 11 Palestinians were injured.

Palestinian gunfire in the Gaza Strip, targeting Israeli soldiers and settlers, has been a daily occurrence, but the heaviest gun battle in weeks.

FTC to rule today on media merger

A Federal judge-affirms Michigan's admissions policy
LETTER TO THE EDITOR

Police departments need changes

After reading the guest column "Cauterize to rule or police brutality," by Assistant Professor of Communication George W. Burch in the Nov. 14, Iowan, I became very interested in the sense we see in the news today. Police cross lines all the time. There are cops brutalizing people in the streets. They can arrest you for fighting with someone, or walking with someone you don't like. They can even pull you over just because they don't like you.

I think that maybe it is necessary to have more change in the police force. The police need to be more respectful of the citizens. They need to stop spraying tear gas on people and using their weapons in this manner. They need to be more humane and courteous in their interactions with people.

I believe that this is a necessary change in the police force. It is time for the police to change their ways and start treating people with respect.

Doderer stepping aside

DODERER
Continued from Page 1A
The mayor was Doderer's second job after Ronald Reagan. The Democratic woman in her early 20s clasped her hands and said, "I got the giggles when my leader told me they were giving me to do that." Doderer, 74, didn't have the giggles for years -- just until recently.

She got her start when she ran for a special session that then-Gov. Harold Hughes called in 1964 regarding reapportionment. The city held a special election to fill someone to represent it at the session.

Doderer, who was the chairwoman of a local study group on reapportionment, had already been going to Des Moines for years. She got the giggles when her opponents asked her to run for her special term, she said. "I stayed."

"It was so unrealistic," she said. "I'd never seen or had a role as representative."

After the special session, Doderer was backed on the legislative process. She retained her seat in 1964, and her gutsy attitude got her big assignments as a legislator who would stand up for the rights of women.

"I thought I would only serve one term, and we'd do it. That was so unrealistic," she said.

When Doderer got to the House for her special term, she was assigned seven of her eight choices for committee assignments. She insisted on reapportionment. The city held a special election to fill someone to represent it at the session.

"Well, I'll tell you, Mrs. Kern, it wasn't long before you had something to say, I'd say it, and you would be against me," Doderer said. "I thought I was going to be defeat because everyone thought she was a one-term representative."

At first, she had been taught that freshmen legislators should be "nobody's heart". Doderer asked the longest-serving legislator at the time, John Duffy, if it were true.

"He looked at me like I'd lost my brains. I'd never done that," Doderer said. "I'd never done the same thing if it were true."

As years went by, she told him, she was so realistic and sometimes even unrealistic on each issue as an equalized grandparent, she decided. She had to be realistic, she said, because women to keep their maiden names as well as divorced rights for women in divorce relationships.

One of Doderer's biggest accomplishments was her work to get innocent girls out of a juvenile girls' institution in Mitchellville, Iowa. She said many girls were being abused and were treated like prisoners.

"I'd been a man," she said. "I was going to do it." Doderer said.

"She told me that she had made up her mind if she ever had to go back to Mitchellville, she said, "I was going to do it." It was that bad." Doderer said.

Hogan likes his role of coming off the bench

Nice seeing ya again, coach

Iowa women’s basketball players take on Drake this weekend.

By Melissa Mandeville
The Daily Iowan

Eric Richards and his Drake teammates hold no bitterness toward former coach Lisa Rinker. In fact, they have welcomed her return to the court, for Rinker and her new squad represent a crucial part in the Rams’ rebuilding efforts.

When Rinker resigned as Drake’s women’s basketball coach last season, Iowa’s win over Iowa State at the end of the season, scoring just eight points in the final two games. He chalked up his play in the first three games in a nervousness, and Iowa coach Steve Alford has Hogan playing in the starting lineup and in free with being utilized as a spark plug off the bench.

"There is no reason in the world. There is no pressure in the world. I am in right role," Hogan said Wednesday. "I feel like I am playing a crucial part in Iowa’s win over Iowa State. We’re shipping in 10 points and two rebounds in the Hawkeye win. After the game, Iowa coach Larry Eustachy said Iowa is at its best with a small lineup, which consists of Hogan, the big three and freshman Glen Warren.

However, Hogan said Wednesday he is content at being the starting bench player, and he is free with being utilized as a sparkplug off the bench. "I am playing in the first three games in a nervousness, and Iowa coach Steve Alford has Hogan playing in the starting lineup and free with being utilized as a sparkplug off the bench. Morningside to leave NCC in 2002

Morningside College in Sioux City, Iowa, announced Feb. 14 that the school will leave the North Central Conference after the 2001-02 season.

The school has no immediate plans to move to the NCAA Division II. The other four NCC schools are Division II members. Morningside will continue to sponsor teams in all NCC sports except football.

"For purposes of safety, Morningside College will not have a football team for the 2001-02 season," said the school's athletic director, Beth Schlesman.

The remaining NCC member schools will decide whether to find a new conference or to form the charter members of the NCC when it is created in 2002.

McKown returns as Bears starting QB

LACEY, Wash. — Chicago

The younger McEnroe will be the captain of the U.S. Davis Cup team.

By Bob Greene

NEW YORK — Patrick McEnroe began to earn attention where no other sibling had: He was introduced Monday as the U.S. Davis Cup team captain, replacing a brother who quit after 11 months on the job and did little to elevate the team.

Unlike John McEnroe, who decided to lead his team around the world with brothers and Andre Agassi, Patrick wants "to create a spirit among all the players and bring in some of the new in the incoming years."

Most interesting questions about Samuel, Agassi and even his brother playing on the team, Patrick kept returning to his theme of team effort and new faces.

"We have stamina... that's going to bring along some of the young players of the future of the U.S. tennis," he said. "I'm not saying I'm leaving any of the eight players. It's a time to introduce them, to put them on the scene fully, bring in some of the new in the incoming years."

McEnroe said that not being the player his brother was going to be to the advantage, thus to do as captain.

"A very big part of the job is understanding every player, understanding the players, understanding what the strength and weaknesses are," he said.

I think I have that because as a player, I didn't have all the talent in the world, but I did as well as I did with figuring out how to get the most out of my ability, figuring out how to win matches that probably I had no business winning."

I will try to bring to tennis to those years of Davis Cup."

John McEnroe, who became captain in 1999, quit after seven years. He said he was frustrated when he couldn't persuade stars such as Sampras and Agassi to commit themselves to the team.

It is the first time three brothers have captained the American team in the longest-running annual international team competition. Patrick and John were only the second set of brothers to play Davis Cup for the United States. Robert and George Washington played in 1902 and neither served as captain. Patrick's first team will play in Laredo, Switzerland, in February. He said he had not talked to any player about Davis Cup, wanting to wait until after Wednesday's announcement.

Patrick, a member of the University of Virginia, always has been brother John, who last week would be available to play doubles and even.

I originally picked myself when I was captain," said he in London, where he was playing a tennis tournament. "I'm not holding my breath, but it is the way. I don't see anyone out there who plays a better game of doubles than I do."

Saints are in first place with two games left

**SPRINTS**

Last year, the Saints

were the worst in the NFL.

By Mary Fenton

NEW ORLEANS - Can this
team really turn around?

The Saints, the team that once appeared capable of

winning the Super Bowl, are now down to second in

the NFC South. Saints fans are left to wonder if this
team will ever win again.

The Saints have struggled in the last two seasons,

losing more than 10 games in each of the last two

seasons.

The team has struggled with key injuries and a lack

of leadership on the field and in the locker room.

Despite these challenges, the Saints have managed to

remain competitive in many games.

In the last game against the Houston Texans, the Saints

showed signs of improvement. They limited the Texans to

just 10 points and forced three turnovers.

"We just didn't play as well as we could," said Saints

quarterback Drew Brees. "But we learned from that

experience and are working to improve our play."
Rice likely leaving San Francisco

SAN FRANCISCO (AP) — Bill Walsh and Jerry Rice agree that the game is over for Rice with the 49ers, even though San Francisco has not made Rice's future known for months. Walsh said Rice probably will not be on the roster for the 17th against Chicago.

"I don't think he's in our era of football any longer now," said Walsh, "and Jerry probably doesn't have the tools or the passion and the press from front office young guys of receivers.

After taking in weeks of repugnants to possibly redeploy receiver contracts, Walsh said he will give Rice's agent, Jim Stengel, permission to speak to other teams, if he so desires. Walsh said he also has no plans to visit the team's training facility to try to talk Rice into staying.

"I still feel that the exclamation marks are still being exhaled on the game, and I still feel that he'll do fine," Walsh said. "I think he's still a player, but he's not an every-week player, and he's still down in his seat pockets. When it happens, it will be down in his seat pockets, but he'll show up when he has to show up."

Rice, who made $42 million between 2003 and 2004, may be released after June 1, because he is a free agent and the press and the front office have shown no regard for him.

"We're going to see what happens after June 1," Walsh said. "We'll see what happens after June 1."
With many ways to celebrate, the holidays mean different things to different people.

By Lenora Brandt
The Daily Iowan

Happy Holidays, Joyce Stu, Patrice Wibbernes, Fella Nikolad.
No matter how you say it or how you celebrate it, the holidays mean something a little different to everyone.

Winter Break may mean nothing but a month of rest and relaxation to some students, while to others it's a time to put up a Christmas tree, decorate it with cherished ornaments, and exchange presents. For some UI students, the month-long vacation also brings with it the celebration of light or the birth of a holiday.

A festival of lights to guide his way home

UI junior Naveek Dhar, Dharta, already celebrated his holiday.

His family celebrates Diwah — the Hindu celebration of light — at the beginning of November. It is the holiday seen as the good time of year to break the ice on the night of Diwah — the night of lights.

Citizens of Dharta's city light candles and lamps to light their way back to the city, and now it is custom to light lamps on the holiday. Thanks said.

In preparation for Diwah, he said, "he reads a ton of books," said, and in India, celebrations begin the day before the actual day of Diwah with a lighting of firework.

"I've heard people say that Diwah is every holiday rolled into one," he said. "Because my New Year's Eve is only two days after wards, it's some people celebrate for the entire week.

"Our family calls it, and to us a good night.

Before the red-suited man with a beard full of jolly makes a stop at UI anywhere Kathy Flakker house, the main thing on everyone's minds is decorating the Christmas tree. They tend until the final holiday in Advent, the four weeks before Christmas, to allow their magic.

"A long time ago, my dad made a tape of Christmas songs from different records," she said. "We listen to it every year when we decorate. It's kind of always done in some places, and there are some big passes in between songs. It's kind of funny.

"We have to wait until Santa comes in the morning," Flakker said. "Then we open up the rest of it." It was basically a Christmas tree, but instead of Christmas decorations, we had blue and white lights, and blue and white balls.

Open Hada

If you are looking to celebrate a 'harvest' of art this holiday season, make your way to the Winter Salon, a collection of heirloom pieces, ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some gold and handmade ornaments in different media ranging from the birth of a holiday to some g..."
The Beatles soar to No. 1 with 1

The Beatles, a group whose music has defined much of the 20th century, reached No. 1 on the Billboard Hot 100 with their album "1." This achievement solidified their status as one of the most influential bands in music history.

Vertical Limit

Dance Marathon 2001

With the world’s highest peak, you can experience the physically demanding climbing and breathtaking views. The primary mission of Peter Garrett (Jim Carrey), otherwise known as Peak-EV, is to accomplish the ascent before his girlfriend (Glenn Close) or his father, Jack (Robert DeNiro). The countless days of preparation and anticipation of the blast. Later, Campbell ambushes the climbers, they take refuge, and try to escape. Our only warning is a split-second widening of the eyes, and the climber’s downed rescue helicopter hovers above a snow-capped summit.

Filmed in the shade as quickly as possible. But while two of the climbers are responsible for a deadly avalanche. The part of Wick is a sternly and compassionately ailed by Glenn, whose features are perfect for the role. The overwhelming experience of the comic and his ways,rowing hair to the spectacular, making it a classic for Wick. But Vertical Limit does not restrict itself by making unnecessary scenes. The film scene of which becomes a low-detection and technical presentation the story as a virtual afterthought. The film sometimes keeps the viewer engaged. Vertical Limit trouble poetry by bringing Wick’s lover to the audience, rather than the Broder characters. The film is a science fiction of man vs. the elements of the release. Don’t expect to learn much about the mountain climbing from Vertical Limit, but it can be a good movie overall.
Holidays from Hanukkah to Yule

HOLIDAYS
Continued from Page 1C

One small candle and an eight-day miracle
Hanukkah — The Festival of Lights, the Feast of Dedication, the celebration of the rededication of the Temple in Jerusalem by Judas Maccabeus and his brothers in 164 B.C. to celebra
tate the liberation of the new altar in the Temple after they defeated the Greeks.

The legend of Hanukkah was reenacted in a miraculous one-day supply of oil that burned for eight nights, which was needed to light the menorah. The oil was supposed to burn for only one night.

The eight days of Hanukkah are followed by the eight-day celebration of Christmas, December 25, a time for giving and sharing. The celebration of getting eight presents, the celebration of lighting eight candles, the celebration of getting eight presents at one time.

Yule, the holiday that became Christmas
While people are celebrating their holiday season with presents and food, US assistant Professor Hanukkah chooses to celebrate Yule, a pagan holiday with holding
