Faculty backs killing classes in the week of Thanksgiving

BY JEFFREY PATCH

The university moved a step closer to declaring the first week of Thanksgiving a holiday and said it might offer students a second day off from classes.

"Anything that helps us get to the university's goal of 21 holidays a year is good," said Councilor Steve Kanner, adding that college days have often been "rather ho-hum affairs." 

DESLMANT •

The distinguished speaker currently appears at the university in March, Clinton visited the university in 1996, when he spoke before a crowd of 15,000 at Carver-Hawkeye Arena about the need for low-income student loans, raising the minimum wage, and salary equity for women.

"We're in the process of negotiating with the district on a location to help a young woman visit from the former president's alma mater," said Councilor Steve Kanner.

In a speech at the University of Texas, he addressed U.S. foreign policy and termed "North Korea the greatest danger facing the country." One week earlier, he opened a Rolling Thunder rally in support of global warming.

**Man killed 4 in job-agency shooting**

HUNTSVILLE, Ala. — A gunman killed four people at a temporary employment agency Tuesday during an argument over a CD player, killing four fellow employees and himself, officials said.

Emmanuel Bart Patterson later surrendered after a shoot-out at his apartment, where police tracked him down using the address he put on a job application for E.B. Plummer & Sons, according to the building's electrical wiring, the apartment was electrifying. Police said the man shot at officers.

The shooting with a .40-caliber pistol was reported at Labor Ready Inc., where as many as 15 people were working for work. Witnesses said they heard for about an hour.

"A fight broke out among two or three men over a CD player," said a police spokesman.

Postwar occupation force in Iraq could be in 100,000s, general says

BY KEN GUGGENHEIM
Associated Press

WASHINGTON - The Army's top general said Tuesday a military occupying force for a post-Iraq war could total several hundred thousand soldiers.

Log is "a piece of geography that's fairly significant," Gen. Eric Shinseki said at a meeting of the Senate Armed Services Committee. And he said any postwar occupying force would have to be big enough to maintain safety in a country with "ethnic tensions that could lead to other problems."

In response to questioning by Sen. Carl Levin of Michigan, the Senate Democrat on the committee, Shinseki noted the average size of specific numbers of the size of an occupation force but would rely on the recommendations of commanders on the ground.

"How about a range?" said Levin.

"I would say that's what's been included in this point, something in the order of several hundred thousand soldiers," the general said.

Forces have been deployed in the Afghanistan region, the Philippines, and Vietnam. "In 2003, the Pentagon officials have said that U.S. forces need in the region number approximately 200,000, several half of them Army," Levin said. "Regarding to numbers raised by the committee chairman, Gen. John Warner, R-Va., Shinseki and Gen. John P. Jumper, the Air Force chief of staff, said some of their forces, particularly special-operations troops, were being stretched thin by the demands made on them. In February, the House Armed Services Committee heard that Special Forces have been deployed in the Afghan-Iraqi region, the Philippines, and Colombia.

Paul Begala, who helped Demo- crat Al Gore, refuse for matches with Bush. It happened in every campaign -- the underlying argument for an attention-grabbing debate, and Levin said this time the pal - plain that Hussein's threatening to go nuclear, Shinseki would run circles around him. Shinseki, who made strong words and was making his defense, would know Bush's surprise the doubters. If Bush started against Saddam, including the risk of the Iraqi president has one is a piece of geography looking like a fish out of the water.

"The problem Saddam has in that whenever he's had to debate anybody in his life, he just kills them," Begala said.

American political history offers a number of her and the president's office, the general said. "In this case,might want to help in the

NEWS
Of course, using condoms is the only way to protect yourself against HIV/AIDS or other sexually transmitted diseases, but make sure you’re also as protected as possible against pregnancy. That’s why more women than ever are choosing Depo-Provera—it’s 99.7% effective when administered on time every 3 months.

Remember, Depo-Provera doesn’t protect you from HIV/AIDS or other sexually transmitted diseases.

Some women using Depo-Provera experience side effects. The most common are irregular periods or spotting. Many women stop having periods altogether after a few months and some may experience a slight weight gain.

You shouldn’t use Depo-Provera if you could be pregnant, if you have had any unexplained periods, or if you have a history of breast cancer, blood clots, stroke, or liver disease.

When using Depo-Provera, there may be a possible decrease in bone density.

Depo-Provera. One of the best and most convenient ways to protect yourself from pregnancy. Ask your health care professional if prescription Depo-Provera is right for you.

See what Depo-Provera is all about. Call toll free 1-866-519-DEPO or visit Depo-Provera.com.

Thanksgiving classes may be done

BERKELEY, Calif. — The University of California, Berkeley, will hold classes on Thanksgiving Day for the first time in its 137-year history.

The decision was announced by the university's chancellor, Robert J. Birgeneau, who said the university had been receiving increasing pressure from students and faculty to offer classes on the day.

"We recognize that there are those who feel strongly about the tradition of a Thanksgiving Day off," Birgeneau said. "But we also believe it is important to provide students with as many options as possible to complete their education.

"We are committed to ensuring that our students have the opportunity to learn and grow, and we believe this decision will help us achieve that goal.

"We will continue to evaluate the impact of this decision and make adjustments as necessary."
Iowa Court asks for new hearing on racists of death penalty case

BY CHARLES LANE

WASHINGTON — The Supreme Court ruled Tuesday that a man who spent 11 months in Texas should get another chance at being put to death. The court overturned an appeals court’s decision because of alleged racial bias in the trial, but the case was the 10th the high court has considered in which it might have granted the Texas man’s appeal.

The court, in a 5-4 decision, overturned a Texas court’s decision in the case of Emmett L. Till, a black man who was lynched in Mississippi in 1955. The court said that the trial judge’s handling of the case was unconstitutional because he failed to adequately address the man’s concerns about race.

The court also ruled that the state’s definition of “capital offense” was unconstitutional. The judge had found that the man’s offense was a capital offense because it was “a hate crime.” The court said that the judge had misused the term.

In another decision, the court ruled that the state’s definition of “capital offense” was unconstitutional. The judge had found that the man’s offense was a capital offense because it was “a hate crime.” The court said that the judge had misused the term.

Students must see past curriculum to make an impact

Last year, her dorm room was used to produce "the world's cheapest ecstasy." Organized Crime from the University of Iowa, a group that makes and sells synthetic drugs, is a Harvard student organization with a price tag of just a few dollars per pill. In 2017, there were 10 active drug laboratories on campus, according to the school's Office of the Vice President for Student Life. The group uses a combination of synthetic drugs, such as designer pharmaceuticals, to create a high that lasts for up to six hours. The group's members say they see their work as a form of protest against the war on drugs.

AJ LEONHARDT

In My Opinion

Are you surprised that the UI has decided not to pursue further disciplinary action against Pierre Pierce?

The UI president searched for a new campus with an impressive track record of diversity and inclusion. The search committee was led by Mary Sue Coleman, former president of the University of Michigan, who is known for her focus on diversity and inclusion. The university's board of regents unanimously approved the search committee's recommendation to hire Coleman as the next president.

Students must see past curriculum to make an impact.

Youth piano prodigy, Jordan Briskin, who is a solid representation of the jazzy, three-minute introduction of "Comfortable," may be heard during the band's encore. The profound lyricism also displays some flawless blues guitar, especially at the beginning of "Longchop Man on the Radio." The three-minute side draws the crowd in from the beginning, creating a momentarily personal atmosphere. The acoustic guitar is a dream, including "Mass," along with his recent single cover of Ringo's "Message in a Bottle" and an acoustic version of the beautiful "Love Song for No One." The second disc is much stronger, beginning with a version of "Why Georgia." The jazzy, three-minute introduction, mimicry with a make-up solo, and the extended jam, turns into a broad expansion of the original. The album's second disc is Mayer's sexy voice and the opening jam makes this song not only sound distinctly like Dave Matthews. The album continues to escalate as Mayer performs the previously understated "Bigger," which becomes a ten-minute epic with a massive blues guitar solo on the middle. The main set closer is a very easy version of "I'll Take You There" featuring both "Girls Just Want to Have Fun" and "Let Her Be for the Day." The encore is the solo's strongest, with an acoustic guitar version of "Comfortable," similarly tackling the high point of the show. The beautiful sound in the center of the live show, and this version is not disappointin...

NEW YORK - Consumer confidence readings fell in February to their lowest level in nearly 10 years, dragged down by the prospect of war with Iraq. The Conference Board's Consumer-Confidence Index fell about 18 points to 78.8 in its revised reading on Friday from 77.0 in January, the Commerce Board reported Tuesday. Analysts were predicting a reading of 81.2.

"In all fronts, it's jitters about the upcoming war with Iraq," said Josh Feinman, the chief economist for Deutsche Bank Asset Management in New York. "The Dow Jones industrial average fell as much as 100 points in a late-day rally on buoyant hiring. The Dow was 51.2 points to close at 7,909.50, while the NASDAQ composite index gained 6 points to 1,328.96. Economists closely track consumer confidence because of its impact on consumer spending accounts for two-thirds of U.S. economic growth in the second quarter.

For background on this story, see stories on page 27.

"This is a tough very, very tough - it's jitters about the upcoming war with Iraq," said Josh Feinman, the chief economist for Deutsche Bank Asset Management in New York. "The Dow Jones industrial average fell as much as 100 points in a late-day rally on buoyant hiring. Elbowing in a win

Hawkeyes overcome early deficit with inspirational second half

BY RYUSTY MILLER
ASSOCIATED PRESS

COALMIN, Ohio — Iowa forward Brian Ashley couldn’t have been happier that his team had just completed a 22-0 run over Ohio State in the first half of the game.

“T’was the best Christmas present I’ve ever seen,” said Ashley, who scored a career-high 20 points.

The Hawkeyes (15-4, 5-2 Big Ten) took a 99-83 win over Ohio State (17-9, 3-4) on Saturday night.

The game was a turnaround from the Hawkeyes’ previous game against Michigan, where they lost by 20 points.

“I think we’re playing better as a team,” said guard Jordan Bohannon, who scored 19 points.

Hawkeyes' forward Tyler Cook made his first career start in place of injured forward Tyler Cook Jr., who missed the game due to injury.

“I’m just happy to be back on the court,” said Cook, who scored 14 points.

O’Brien, Schupp find focus

Seniors find roles after three tough years

BY ROSEANNA SMITH
THE DAILY IOWAN

Nothing could break the spirit of seniors Alex O’Brien and Jordan Schupp.

Both women have spent the majority of their Iowa basketball careers on the bench, cheering for their teammates and wishing for their own chance to see the court.

In their last year with the Hawkeyes, each has found a different way to succeed.

Schupp returned from an injury to help the Hawkeyes get back to the NCAA tournament, while O’Brien became the team’s leading scorer.

“I’ve always been a leader on the court, but I’ve also been a leader off the court,” said O’Brien, who scored 19 points.

Hawkeyes welcome questions

O’Brien, Schupp find focus

Seniors find roles after three tough years

BY ROSEANNA SMITH
THE DAILY IOWAN

Nothing could break the spirit of seniors Alex O’Brien and Jordan Schupp.

Both women have spent the majority of their Iowa basketball careers on the bench, cheering for their teammates and wishing for their own chance to see the court.

In their last year with the Hawkeyes, each has found a different way to succeed.

Schupp returned from an injury to help the Hawkeyes get back to the NCAA tournament, while O’Brien became the team’s leading scorer.

“I’ve always been a leader on the court, but I’ve also been a leader off the court,” said O’Brien, who scored 19 points.

Hawkeyes welcome questions

Hawkeyes overcome early deficit with inspirational second half

BY RYUSTY MILLER
ASSOCIATED PRESS

COALMIN, Ohio — Iowa forward Brian Ashley couldn’t have been happier that his team had just completed a 22-0 run over Ohio State in the first half of the game.

“T’was the best Christmas present I’ve ever seen,” said Ashley, who scored a career-high 20 points.

The Hawkeyes (15-4, 5-2 Big Ten) took a 99-83 win over Ohio State (17-9, 3-4) on Saturday night.

The game was a turnaround from the Hawkeyes’ previous game against Michigan, where they lost by 20 points.

“I think we’re playing better as a team,” said guard Jordan Bohannon, who scored 19 points.

Hawkeyes' forward Tyler Cook made his first career start in place of injured forward Tyler Cook Jr., who missed the game due to injury.

“I’m just happy to be back on the court,” said Cook, who scored 14 points.

Seniors find roles after three tough years
New York Rangers' Brian Leetch shoots New Jersey's Brian Gionta during the first period Tuesday.

"This wasn't a great game, but we salvaged a point in a 3-3 tie with the Devils. Martin Brodeur made great saves for the points. The Rangers scored twice for the Devils, but we've got to stay focused and keep playing good hockey if we want to make the playoffs.

I'm looking forward to the next game. We need to build on this tie and keep working hard. It's a long season and we need to keep improving.

The team is moving in the right direction. We need to keep building on that. The next game is important, and we need to make sure we're ready for it. We need to stay focused and keep working hard.
When Amber needs to be vocal, she is. I think she's a great leader because she's always there and always willing to help. - Rebecca McGarr

Yankees manager Joe Torre watches practice with coach Don Zimmer.

New York — Until recently, Joe Torre thought he was too active to be considered for Cooperstown. Today, though, the New York Yankees manager might be able to add yet another title to his resume—Hall of Fame. "It was brought up to me the other day, and I said, 'You know, I'd never think about it,'" Torre said this week. "Because I figured I was still working. I'm still pitching a game. All those other people who I guess once were, they hadn't worked. They hadn't worked."

Instead, Torre is a top candidate for the Baseball Hall of Fame this year. "I don't know, maybe it will be held in Tampa, Fla.—around a couple of scoreboards with the Yankees' spring training stamp," he said.

The 68-year-old Torre was a nine-time All-Star and an MVP as a player, a three-time World Series champion as a manager or the New York Yankees and a nine-time manager of the year. But after winning the World Series with the Yankees in 1996, he missed the playoffs in his new role in 2001, and the team hasn't done its best, either, in the years since.

"It certainly would be an honor because it's the people that are doing the evaluating, not me," Torre said. "It would be a great honor if the voters on Committee's new way of doing business."

For years, many baseball fans had noticed that players in their prime (or even older) were not getting to vote yet, 25 Hall of Famers were pressed into service, and the voters' lists were kept secret. "But he's still waiting for the better of the time.""
ROSE BACK FOR OPENER? SCHMIDT SAYS IT'S LIKELY

ASSOCIATED PRESS
CLEVELAND, Ohio - Mike Schmidt believes Pete Rose could benefit from returning to baseball.

Schmidt acknowledged Tuesday that Rose might not be the right man to handle this issue, but he doesn't want to become the commissioner on this issue, either.

"I don't want to become the commissioner on this issue, but I'm not going to block Rose from being reinstated," Schmidt said. "That's my job. That's not my job."

BASEBALL Commissioner Bud Selig said Rose should be reinstated by the first game in the World Series.

Schmidt, a Hall of Famer and a cornerstone of the Reds in the 1970s, also praised Rose for insisting he bet on baseball if he is ever to return to the game.

"I think it's a pretty comprehensive statement," Schmidt said. "We have a lot of hopes that he'll stick with it and that the Reds will give him a job if he's ever going to return to baseball.

"He won't have the free time to travel and the time to make a living off baseball, so I think he's doing it."

Hoffman to have surgery

Figaro, a San Diego Padres catcher who had surgery to repair a torn rotator cuff in his left shoulder, will miss at least the first half of the season.

"During the past few months, the Padres have been monitoring the progress of Hoffman's shoulder," said Padres team orthopedist Dr. William Grodinsky.

"I'm hopeful he'll be able to return," Grodinsky said. "But we're not going to make any guarantees."

Schmidt thinks Rose will stay out of the game for a long time.

"It's not going to be a quick thing," Schmidt said. "He's going to have to go out of the country, get help, and the Reds have to get public relations people to deal with this.

"But I don't think it's going to be easy for him."

Besides returning to baseball, Schmidt said, Rose should also return to his family.

"He'll have to work on his family, his kids, and his things," Schmidt said.

"I think he's got the support of the organization, a lot of our players, and a lot of people telling you they care for him, that means something.

"He'll have the free time to travel and the time to make a living off baseball, so I think he's doing it."
