U.S. troops resume attack, hit Guard

BY RAJV

WASHINGTON POST

President Bush, behind a\n
waiving American flag,\n
 anunci ed a new wave of\n
attacks on Iraq on Tuesday.

Bush said the new wave of\n
attacks was a response to\n
the Iraqi leader Saddam\n
Hussein's attempt to\n
challenge U.S. authority in\n
the region.

The news came as the\n
U.S. military continued its\n
campaign to oust Hussein\n
and his regime from power.

The president said the\n
attacks would continue until\n
Hussein was overthrown.\n
"We have the military\n
capability to do whatever it\n
takes to achieve our\n
objectives," Bush said.\n
"We will remove the threat\n
Hussein poses to the region\n
and the world," he added.\n
The U.S. military said it\n
had launched a new wave of\n
attacks on targets in Iraq on\n
Tuesday, targeting what it\n
said were "key decision-\n
making centers."\n
The announcement came\n
as the U.S. military\n
continued to intensify its\n
攻势 against Iraq.\n
The U.S. military had\n
launched a series of attacks\n
on Iraq on Monday, targeting\n
what it said were "key\n
decision-making centers."\n

Group to push AIDS to forefront

BY MATTHEW MOSS
THE DAILY IOWAN

A U.S. Senate subcommittee Tuesday to make HIV/AIDS a crisis in the 2004 presidential race by turning out supporters in force at least campaign stops and the Iowa primary.

The chairman of the Senate Health, Education, Labor and Pensions Committee, who sponsored the amendment that would have specify AIDS as a national priority in the presidential election, said he was disappointed with the outcome of the vote.

"There are too many people working toward these people," he said. "It's a question of how they're working toward them.

The Senate voted 91 to 7 to reject the measure, which was sponsored by Sen. Ron Wyden, D-Ore., and Sen. Joe Lieberman, I-Conn., and would have required the president to identify AIDS as a national priority in the presidential campaign.

Wyden, who is running for re-election, said he was disappointed with the vote and vowed to continue working for the measure in the future.

"I am disappointed with the Senate's vote today," he said. "But I remain committed to fighting this crisis and will continue to work to ensure that the president and the American people are held accountable for our nation's response to this global crisis.

Swanson, who represents the 2nd Congressional District, said she was disappointed with the vote and vowed to continue working to ensure that the president and the American people are held accountable for our nation's response to this global crisis.

"The Senate's vote today is a significant setback in our efforts to make AIDS a national priority in the presidential campaign," she said. "But I remain committed to fighting this crisis and will continue to work to ensure that the president and the American people are held accountable for our nation's response to this global crisis.

Endowment losses cause foundation splits

BY CALVIN HENNICKE
THE DAILY IOWAN

The UI Foundation confirmed Tuesday the UI private fund-raising arm will experience 10 percent, or $6.5 million, in losses for 2004, largely because of the stock market downturn.

"We're optimistic about the future," said UI Foundation President Steve Bland, "but the economy is in a transition period, and the stock market downturn is affecting our fundraising efforts.

Swanson said that because approximately 20 percent of the foundation's operating budget goes toward salaries, it would have been impossible to cut the same amount of staff without being able to cut salaries.

"I think our fund-raising efforts have been hampered by the stock market downturn," she said.

The UI Foundation is a private fund-raising arm of the University of Iowa, which is responsible for raising money for the university's various programs and departments.

Ultimately, we have to be strong and be able to support our mission," she said. "But we must be realistic about the current economic situation, and I hope for the best.

In addition, UI Foundation officials said the foundation is exploring ways to increase its fundraising efforts,

Swanson said that because approximately 20 percent of the foundation's operating budget goes toward salaries, it would have been impossible to cut the same amount of staff without being able to cut salaries.

"I think our fund-raising efforts have been hampered by the stock market downturn," she said.

Police adjust arrest stats after press inquiry

BY PHIL DAVIDSON

A media inquiry helped identify errors in the Iowa City police department's reporting of statistics. Last year, 10,400 arrests were reported. Of those, 4,900 arrests last year, not the 10,400 as reported.

Police Chief B.J. Winkelbake attributed the discrepancy to a computer glitch that miscounted some convictions as arrests in cases where guilty pleas were entered. He said the majority of those inaccuracies were in drunk driving arrest counts.

Che leads out kids to give a green thumb

BY JESSICA REESE

Iowa City restaurateur Kurt Friesen has a vision for teaching the value of education in area schools — one garden at a time.

Friesen leads the first of a project titled "A Garden for Berkeley," which was to incorporate vegetable and fruit production, nature studies, and as a learning tool for elementary students. For the first time, Winkelbake agreed on this year's report, he said the errors can be related to the computer system in area schools — one of the first things you see when looking for mistakes.

"We were administrating to have experiences with a counter on the computer," Winkelbake said. "If he sees International Programs and Provost for academic programs and utes. As associate provost, he is
designed experiments, for example, as a leader in Interna­tional Programs in the Provost's Office, Iowa City, Iowa. He later followed the UI Provost's Office.

As associate provost, he isProvost for academic programs and provost for International Programs, will begin the work as the university's 16th provost of Arts and Sciences in 2002.

"If he does this, I can see what important time," Winkelbake said.

Kurt Friesen said the errors were noticed in 2001, when he did a drug rehabilitation program himself. Troops face bewildering combat zone

BY DAVID ZUCCHINO AND GEOFFREY MOHAN

WITH U.S. FORCES IN BAGHDAD on Saturday, soldiers of the U.S. military were放心 by a confusing array of war in which they find themselves as civilians, women are used as human shields, and vehicles have become a deadly expressions.

For all the talk in the field, the main emphasis has become self-preservation in battle, while trying to avoid accidentally killing innocent civilians. It is difficult in an urban area to keep the lines of action clear and withdrawn, and women and children find themselves in the midst of combat.

First Sgt. Reinaldo Ortiz, 39, of the Army's 3rd Infantry Division, described the time when Iraqi troops who had been fighting the U.S. company decided to surrender their weapons.

"There were six women," Ortiz said. "There were seven children. We had one woman who was carrying a baby. They were all together, and it was in his underwear. He's trying to change his clothes, and he has to lead on who's who is a woman.

"On Tuesday, the day after [the incident], a new Iraqi government was power by a soldier coming out; he was leave the area. He was asking the women, whatever happens, the Saudis are going to be killed if we don't get those weapons.

"Saudis will be determined to keep the peace and not get involved in the current issues, and you've got to move towards a way of solving the problem, or it isn't going to work," he said.

According to a source, the Saudis have said they will support a U.S. military-led occupation in Iraq, which the Bush administration considers could last as long as two years to help the transition to a new government.

Iraqi leaders have indicated that they might need a more comprehensive military action and that they can't just replace, say, a government.

"A military occupation is not the way to solve the problem, and the government should be decided by the Iraqi people," the Saudi foreign minister said. "It behooves all of us to put our trust in the judgment of the Iraqi people rather than make the judgment in their name."

Missing Newsday journalists are safe

NEW YORK (Reuters) - Newsday journalists Matthew Gaffney, Michaela Cummings and Monica Samara, who had been missing in Iraq since last Thursday, were found on Tuesday after Jordanian troops said they were safe and had told the U.S. military.

Mr. McKiernan thanked Jordanian authorities for their assistance and said they were happy to be back in news.
U.S. forces move on Baghdad

IRAQ
Continued from Page 1A

Iraqi 13 days ago. U.S. military officials estimated that the cost for Iraq to maintain its massive aerial bombardment of Baghdad's reservoirs, oil wells, and artillery attacks on the capital for the past few days. Although Iraq continued to receive reinforcements from the north, they said, the position of the U.S.-led forces had two of the three divisions guarding Baghdad's western and eastern sectors, and they held 70 percent of their normal ability to attack.

"They have been taking a defensive role," several days. "Things will change."

The Pentagon reported the number of U.S. troops identified as killed in action or missing in action has risen to 92, with more than 130 wounded. The department's tallies, awaiting confirmation by the U.S. military, indicated that Iraqi soldiers had retreated from the two run by the American military.

Supreme Court looks at Michigan admissions

The latest in the Justice Department's suit that the university's nationwide admissions policies were designed to help perpetuate a "critical mass" of black, Latino, and Native American students, was decided by the nation's highest court.

Two different admissions policies were reviewed in the two cases that were argued Tuesday: Michigan's and the service academies.

At Michigan, deciding whether to admit a student has historically been based on a "critical mass" of certain groups. At the service academies, the defense secretary has the power to set the number of minority students.

In Tuesday's case, the university's "critical mass" policy had been challenged in court.

"We did not seek to create a critical mass," said the university's president, in a statement. "We have a commitment to diversity, and we believe that serving all students equally is the right thing to do."

The university's admissions process is based on academic achievement and other factors, including race.

In the service academies, the defense secretary has the power to set the number of minority students.

No idling assault charges, Fox says

Los Angeles — Judge John A. "American Idol" contestant Corey Clark has been released from jail after five days in custody because of an arrest last fall.

The 22-year-old singer without explicit language attached to his name, had it been known, "might have affected his participation in Wednesday’s show," the network’s statement said.

According to the network, a French Canadian producer for Fox described to change information on the show.

Full disclosure is required of all contestants, the network said. A misrepresenting of Clark’s name in a police report allowed him to go under the radar during a background check.

A Web site, The Smoking Gun reported Monday that he had been reported in 1997 for resisting arrest, battery upon his sister, and criminal restraint, according to the Web site. The complaint was filed Dec. 4, shortly after Clark was picked to be on the show, the site said.

It’s not the first to be dropped because of his past. Contestant French Davis was bumped because he worked for an adult entertainment site, as was another contestant, Jennifer Andreas, whose The Smoking Gun has linked to a more "serious" assault charge.

Unfortunately, the search process is not perfect," the net­work said. "We regret the error, but the only thing we can do is learn from the incident, continue to improve and move forward." The statement didn’t mention a "misrepresentation" of Clark’s name.

No decision will be made on how his absence will affect this week’s shows, which air on Tuesday and Wednesday, the network said.

**ARTS & ENTERTAINMENT**

**Talk Sex’ With Sue Johanson and ‘Sunday Night Sex Show’:** After shows aired the last weekend on Oxygen.

**Research Participants Invited**

The University of Iowa Dept of Psychiatry is seeking healthy individuals 18-35 years old who are free of psychiatric illness, but have a family member treated for panic disorder. The study will last five weeks and includes the use of an investigational medication, Compassion. Call 353-5475 or e-mail correy-research@uiowa.edu for details.

The Daily Iowan

In the top of the third inning after the Iowa bullpen had blown a 1-0 lead in the top of the previous inning, Northern Illinois took the lead with a two-run home run. Northern Illinois right fielder Steve Anthony hit the ball over the wall in right field. Iowa's defense made a mistake on the play, allowing Anthony to circle the bases. The Iowa batter then hit a sacrifice fly, giving Northern Illinois a 4-0 lead.

The Hawkeyes faced a tough challenge against a talented Northern Illinois team. Despite the deficit, Iowa fought back with a strong performance in the bottom of the third inning. Iowa's offense came to life, scoring four runs to tie the game at four apiece. The Hawkeyes continued their momentum in the top of the fifth inning, adding three more runs to extend their lead to seven. Iowa's pitching was solid, holding Northern Illinois to just three runs in the final three innings.

Iowa's victory over Northern Illinois was a significant achievement, as they have been struggling offensively in recent games. The Hawkeyes' coaching staff has been working hard to improve their hitting and pitching, and this win may serve as a turning point for the team. The Hawkeyes are now looking forward to their next game against Western Illinois on Tuesday, where they hope to continue their winning streak.

IOWA SPORTS

Iowa women's golf

BY TODD BROMBERGMARK

The Iowa women's golf team is set to compete in the NCAA women's championship this week. The team is aiming to advance to the national tournament as they have historically done in recent years.

The team has been working hard throughout the season to prepare for this important tournament. The players have been focusing on their individual skills and teamwork to ensure they perform their best under pressure. The coaches have been giving them valuable advice and guidance to help them reach their goals.

Iowa is a strong team with a talented roster. The players have been working together as a team, sharing their experiences and knowledge. They are confident in their abilities and are ready to showcase their skills on the course.

We wish the Iowa women's golf team all the best in their NCAA women's championship match. Let's support them as they aim to bring home the championship trophy for Iowa University.

Webber, Kings cruise to road win

BY DREW MARMOE

Iowa State Daily

There may have been some growing pains along the way, but men's swimming coach John Devry saw enough success from his 2004-05 squad to consider this a step in the right direction.

Devry leads a team that missed out on dual meets, including victories on consecutive days against Mississippi State and Nebraska.

"I think we've been growing off the deck," Devry said.

Junior Seth Johnson, who competed in the 50 and 100 free, echoed his coach's sentiments.

"This was a big meet for us," Johnson said.

The Hawkeyes' 25-man team was composed of 18 underclassmen and just three seniors. The growing 2-3 record may not have been as good as desired, but Devry said the season's most promising results were made, particularly in backstroke.

The team's three victories all came in backstroke events, including victories on consecutive days against Mississippi State and Nebraska.

Johnson's massive win in the 100 free earned him a spot on the NCAA meet. The senior didn't win in the 50 free, however, and believes he could have made the cut.
Diamondbacks secure win with single

The New York singles by Jeff Kent hit a home run earned in nine innings gave the Diamondbacks an 8-4 Arizona ace Curt Schilling in the 10th, to third. Retired 14 singles. Pinch-hitter Ward drew a one-out walk, then Roberts hit a three-run homer to Dave McCracken.

In third, Roberts is a pair of solo shots. Arizona offense had two hits, and backup shortstop Enrique Wilson added on to his double. Jeter was placed on the 15-day disabled list today.

In second inning, Roberts hit a three-run home run and a two-run shot, and a two-run shot in a two-run inning. Shuey also hit a pair of three-run home runs and a solo shot.

The Astros win against Toronto. Detroit lost almost the first and second at home in scoring. Pettitte allowed seven hits, one walk, and struck out seven.

HUNTINGTON - Jeff hard a home run in the first and hit a three-run home run by Bagwell.
