Faculty Senate nixes fewer football scholarships, visits

BY ALEX LANG

The UI Faculty Senate on Tuesday rejected a proposal that could have reduced the money of football scholarships from $85,722 and the number of compensable spots from 61 to 52.

The proposal was unable to gain a second after the initial motion to discuss the plan, ending consideration before discussion could begin. The Faculty Council had formally endorsed the plan on Sept. 9.

The 13 percent reduction in scholarships would have saved $106,000, according to the proposal. If it had passed in the Senate, the measure would have been forwarded to the NCAA for consideration.

However, the Senate did pass a motion that endorsed a framework completed by a national group seeking comprehensive reform in collegiate athletics.

Several Big Ten and Pac-10 schools, among them Indiana and Oregon, have ordered the framework, written by the Coalition on Intercollegiate Athletics.

UI makes move on health plan

BY SARAH FRANKLIN

The Daily Iowan

A new health-insurance policy intended at the UI on Sept. 26 will reduce the money they contribute to their health-insurance accounts.

Several Big Ten and Pac-10 schools, among them Indiana and Oregon, have ordered the framework, written by the Coalition on Intercollegiate Athletics.

The health spending account is an optional program available to UI employees that allows them to put a certain portion of each paycheck into an account used to cover health-care expenses.

Warkentin resumed active duty evaluation procedure, " said Warkentin. "His parents didn't even know their son was sick, so they are shocked."

In the 1899 Daily Iowan article, "A graphic shows the total liberal-arts population numbers for male and female students. The numbers were corrected, and students had to show 9,000 women and 7,250 men as enrolled as undergraduate liberal arts majors."
Vilsack vows to lower drug cost

BY MIKE GLOVER

There are some significant steps that need to be taken. One thing we can do is to control the price of prescription drugs.

— Gov. Tom Vilsack

Iowa City — Former Iowa City police Capt. Tom Vilsack said on Tuesday that he'll hold the line on price increases for prescription drugs as governor.

"As a former police officer, I know that if this goes on, we'll have more non-lethal force to deal with," Vilsack said in an interview. "But if it's not put on the ballot, it's not something that will happen."

Vilsack said he will not support legislation that would allow pharmacist to fill prescriptions for drugs that are not covered by insurance. He added that he believes there are already programs in place to control drug costs.

The governor said he wants to see more state funding for health care and more competition in the marketplace to reduce drug prices.

"We have to get the market to work properly," Vilsack said. "If we don't, the only way we can control drug costs is through legislation."

Vilsack said he will not support a single-payer system, but he does support a state-run health care plan for low-income workers and the uninsured.

"We need to have a plan in place that will work for everyone," Vilsack said. "We can't just say we're going to take care of people and then not do anything to make it happen."

The governor said he will work with legislators and the health care industry to find ways to reduce drug costs and improve access to care.

"It's time to stop talking and start doing," Vilsack said. "We need to get the job done and do it now."
Farm-worker bill proposed

BY NICK ANDERSON

WASHINGTON — Senior Republican and Democratic law­makers on Tuesday reached a tentative agreement on immi­gration-reform bill that would allow an estimated 12 million illegal immigrants to gain legal status.

The agreement, reached after days of negotiations, would provide a path to citizenship for some of the estimated 10 million illegal immigrants who have been in the United States for more than two years and meet certain other requirements.

The bill would also provide a pathway to citizenship for children of illegal immigrants who entered the country as children.

Sen. Orrin Hatch, R-Utah, and Sen. Bob Graham, D-Fla., said they hope to introduce the bill soon and that it will pass with broad bipartisan support.

The agreement reached Tuesday would be a major victory for the Democrats, who have been pushing for a comprehensive immigration reform bill for years.

However, the agreement also faces significant opposition from Republicans, who have long opposed granting legal status to illegal immigrants.

The bill would provide a pathway to citizenship for children of illegal immigrants who entered the country as children.

The bill would also include provisions to strengthen border security and enforcement, and to punish employers who hire illegal immigrants.

The bill would also include provisions to strengthen border security and enforcement, and to punish employers who hire illegal immigrants.

California Gov. Gray Davis (left) watches Democratic presidential candidate Sen. Joe Lieberman of Connecticut make a point during a press conference at the Orange County Professional Firefighters Organization in Santa Ana, Calif., on Tuesday.

No legal obstacles remain to holding the recall in two weeks, and the campaign has entered critical and exceptionally tense days — for Democratic Gov. Gray Davis and all of the top candidates vying to succeed him if voter oust him. Polls suggest that support for the recall is declining but that Davis is still likely to be removed from office. California Republicans, who for months have viewed the recall as their best chance in years to wrest their fortune in the nation's most populous state, are now wracked with anxiety that the two prominent GOP candidates still in the race — Sen. Dick Durbin and state Sen. Tim McCoy — are splitting the party's vote and in danger of handing the election to Lt. Gov. Gray Davis, the only prominent Democrat bidding to replace Davis.
The university has approximately 7,000 employees participating in the health-account program, Saunders expects that number to increase during the next enrollment period, which is slated for later this fall.

"I think it will grow because employees will have the ability to solve a little," he said. "Bill, people who don't use medicinal care a lot, particularly young people, may not enroll."

One UI employee not enrolled in the program said she would consider enrolling only if the terms were in more agreement with her needs and made her feel better about taking part.

It's hard to assess if the plan has been worth the money so far, as costs thus far have been low because of a lack of medications and the fact that the enrollment period has just started.

"We have to have a lot more to say about it in a year or two," she said. "I think we should make sure that people feel good about it, though.

He added that people should not expect a large change with the enrollment.

"Any change is going to be slow, that's just the way things are," he said.

Cool U.N. reception for Bush

BUSH

Continued from Page 1A

no alternative to the United Nations.

Bush, who did not sit in the chamber for Amara's address, played down the conversations' issue of Iraq and emphasized the good works of the United Nations. He decided nearly half his speech to unrelated issues - weapons proliferation and anti-terrorism - and made only a gentle request for assistance in Iraq. "Now the nation of Iraq needs and deserves our aid, and all nations of goodwill should step forward and provide that support," he said.

Bush spoke as if the divisions over Iraq were largely in the past. He spoke of the millions in Iraq as "against all humanity" and suggested moving beyond the disagreement over the war. "There was, and there remains, unity among us on the fundamental principles and objectives of the United Nations," he said. "We are defined to the defense of our collective security, and to the advantage of human rights. These permanent commitments call us to great work in this world, work we must do together."

He warned that the United States, "by itself," cannot handle the situation in Iraq, but he suggested those were in defense of U.N. wishes, not its violations. "Unions that are conditions of nations actions to the UN, and the credibility of the United Nations, is free, and today we are joined by representatives of a liberated country.

Bush played down the difficulties in Iraq, saying "the people are making strides and challenges." He said the war's made the Middle East safer and the world more secure. He also hailed the actions of U.N. humanitarian services in Iraq and spoke of progress training police, rebuilding schools, hospitals, power plants, and other infrastructure.

He said a new U.N. Security Council mandate would expand the U.S. in Iraq, but he suggested that "we would be in developing a constitution, training civil service and bringing democracy to Iraq - not in leading the occupation from beyond the front lines.

Bush was scheduled to have two days of individual meetings with leaders from France, Germany, Lebanon, India, and others.

**LETTERS**

**The Importance of being earnest**

When I sought my Daily Iowan on Tuesday morning, I found that out of the 86 pages, only one had a number of pertinent questions. “What? How?” and “When?” are questions that never crossed my mind. I was the subject of the article “How Does the Editor Become so Hot?”

Because Dr. Jeffrey Patch didn’t make his intentions clear when mentioning me, I would like to take this opportunity to clear up any misunderstanding with the president of the Daily Iowan. I want to state that the Daily Iowan is in fact a part of the University of Iowa, and thus any mention of the Daily Iowan is in fact a part of the University of Iowa.

Let’s make this clear — I am not an employee of the Daily Iowan. The Daily Iowan is in fact a part of the University of Iowa, and thus any mention of the Daily Iowan is in fact a part of the University of Iowa.

The statement I made about the Daily Iowan is false, and I would like to apologize for any confusion it may have caused. The Daily Iowan is in fact a part of the University of Iowa, and thus any mention of the Daily Iowan is in fact a part of the University of Iowa.

CERVICAL DYSPLASIA STUDY
Healthy, non-pregnant females age 18 to 40 years are invited to participate in a study. In this study we will be evaluating the safety of an investigational gel in women with mild dysplasia. This study would require that participants come to the clinic a minimum of 8-10 times including some hospital stays. Participants must be currently using either Depo-Provera or an oral contraceptive pill.

All study-related exams and hospital expenses will be provided.

For more information on how you can participate, contact Kathy Flannery at 356-4602 between the hours of 9:00 and 4:00 or e-mail at flandle@medicine.uiowa.edu or visit our web site at: http://www.gyn.orthopaedics.uiowa.edu/

U.S. attack enragés Iraqi并向

BY HAMZA HENDAWI

The Associated Press

Iraqi civilians fled their homes and took shelter in a mosque on Tuesday as U.S.-backed Iraqi forces continued their attack on the Saddam Hussein-era Iraqi National Congress headquarters complex, a U.S. defense official said.

U.S. soldiers had leveled buildings and set fires in the area, a spokesman said. The soldiers fired rockets into the complex and dropped leaflets urging Iraqi residents to leave.

The attack was sparked by the killing of an Iraqi policeman on Monday, who was shot by a U.S. soldier after trying to enter a building.

Iraqi civilians have been living in fear of violence since the start of the war, and many have fled their homes to avoid the conflict.

The U.S. military said it had targeted the complex, which was used by a opposition group, and that it believed it was still in the hands of the insurgents.

The U.S. military has been facing criticism for its use of force in Iraq, with many civilians reportedly killed or injured in bombings and bombings.

The attacks on Tuesday come amid growing concerns about the impact of the war on innocent civilians.

The U.S. military said it was taking steps to protect civilians, and that it was working to ensure that its operations were conducted in a humane and respectful manner.

Detroit Tigers reliever Chris Sale's return after giving up a single to Minnesota Twins A.J. Pierzynski in Minneapolis, Friday. The Twins beat the Tigers 6-2. The Tigers continue to struggle.

Mercifully, it’s almost over for the toothless Detroit Tigers.

BY LARRY LAGE

Ann Arbor —

Detroit — The embarrassment on the field is just about over for the Detroit Tigers, a season of futility coming to a merciful end. That, of course, they’ll have to deal with the jokes for years to come.

The most overpriced franchise in the modern record of $100 losses, it can find solace in one other phase of history: The team that went on to pace, the 1962 New York Mets, won the World Series just seven years after starting the standard for bad baseball.

"You’ve been a big World Series fan when you were yourself?"

Ochoa: No, no, I didn’t have any jitter.

Do: You’re my favorite route to run?

Ochoa: It started back in junior high or high school. There was a wrestler — Barry Ramon. And my name’s Ochoa, so they called me Ochoa.

Razer: Edgar, once he, he slipped it over when we first got here.

From then on, I was Razer.

DD: Be were you a big WWII fan when you were yourself?

Ochoa: No, I wasn’t a big fan. When I was a kid, I guess I liked Ultimate Warrior and Hulk Hogan.

DD: What’s in your CD player right now?

Ochoa: I got some rap, like Fifty Cent or Youngbloods.

Do: Do you have a preseason meal you like to eat with?

Ochoa: I eat the same meal every Friday night — steak, some spaghetti, science, and 171.

DD: Who were your sports heroes as a kid?

Ochoa: I got some favorite heroes.

DD: Favorite movie?

Ochoa: It’s either Major League or The Proposal.

DD: You’ve just caught a post during a live practice. Who do you least want to see coming at you?

Ochoa: I’d have to say Beautiful.

DD: Who would you like to see coming at you?

Ochoa: That’s a tough question, you know.

DD: You’re good friends with Mr. Brown. What do you tell him before you left last Saturday’s game?

Ochoa: He just said, ‘This is your shoe — ball out.’ And he was excited.

DD: Well, down and excited. Down because he wouldn’t be able to play, but he was excited that it was his big opportunity for us to step up and play.

DD: Favorite song?

Ochoa: ‘It Ain’t No Fun.’

DD: If you got rich, what’s the first thing you’d buy?

Ochoa: I’d probably get something for my parents. Either a new house or a new car for my parents.

1 10 in Monday and needed to win five of its remaining six games to avoid the historic mark.

Alan Trammel, a former star shortstop with the Tigers in his heyday, once told Sports Illustrated he would miss the games Tuesday and Wednesday to attend the funeral of his mother, who died on Sept. 20.

"In light of my situation, it will be difficult to come back, but I will," Trammel said. "I’m going to continue to stand here and be accountable."
Arens tries not to sweat the small stuff

Arens tries to not to worry about the small things. He thinks if anything is important, he should focus on the people who care about him. He believes that if he can give his all, the rest will take care of itself.

Law suit argues NFL rules regulations

toing to the court both the very serious nature of drafting eligibility rule and legal issues. This season, Arens said, "I think if anything is important, it's learning how to get through things, not necessarily deterring them."
Broncos burst out of the starting gates

BY JOHN MARSHALL
wssoo

DENVER — The Denver Broncos burst out of the starting gates Thursday night, bombing the San Diego Chargers 38-13 on Thursday Night Football. AFC West rivals, the Broncos took a big step forward in their quest to capture the Lombardi Trophy.

The blast started early, with the Broncos scoring a touchdown on their first possession of the game. Quarterback John Elway guided the offense down the field on a 15-play, 80-yard drive, capped by a 7-yard touchdown pass to tight end Shannon Sharpe.

Denver's defense then came up big, holding the Chargers to just one touchdown on their opening drive. The Broncos recorded a sack on quarterback Tim Tebow, and cornerback Champ Bailey intercepted Tebow's pass to end the Chargers' threat.

In the second quarter, the Broncos increased their lead to 17-6 on a 1-yard touchdown run by running back Ronnie Hillman. Elway threw his second touchdown pass of the game, a 19-yarder to wide receiver Demaryius Thomas, giving Denver a 24-6 halftime lead.

On the first play of the second half, Denver's defense forced a Chargers fumble, which was recovered by defensive end DeMarcus Ware at the Denver 1-yard line. A few plays later, fullback Mike Toliver scored from 1 yard out, giving the Broncos a 31-6 lead.

The Chargers scored their second touchdown of the game in the fourth quarter, but Elway responded with a 77-yard touchdown pass to wide receiver Wes Welker, his fourth of the game.

Denver's defense held firm the rest of the way, keeping the Chargers out of the end zone for the remainder of the game. Elway finished with 319 passing yards and four touchdowns, while Hillman added 51 yards and a touchdown on the ground.

The victory solidified Denver's status as one of the top teams in the AFC West, and kept them in the thick of the playoff race. With the win, the Broncos improved to 4-1 on the season, and moved into a tie with the Los Angeles Chargers for the top spot in the division.

Next week, Denver (4-1) will host the Oakland Raiders (2-2) at Mile High Stadium. The game is scheduled for 6:30 p.m. MDT. Trevor Siemian is expected to start at quarterback for the Broncos.
