UNIDENTIFIED STRIPPER HITTING
UI DORMITORIES

AUTHORITIES ARE UNSURE IF THE MAN BROKE ANY LAWS IN THREE SEPARATE INCIDENTS.

BY JESSICA SEVERSKA
AND SARAH FRANKLIN

UI freshman Tessa Vink was expecting to return to Iowa this weekend to see her boyfriend, but the trip ended up being a run-in with the law.

"That's why UI police were looking for a man who has reportedly offered private sexual services to less than a dozen women in this area over the past three weeks. The man...is likely to have black hair, 5'11" tall, and weighs around 170 lbs. He has no criminal record, authorities said."

The trip was also a rude awakening to Vink, who had been planning to return to Iowa this weekend to visit her boyfriend and to see her friends. "I was planning to return to Iowa this weekend to see my boyfriend and to see my friends," she said. "I was planning to return to Iowa this weekend to see my boyfriend and to see my friends." In the end, she ended up being arrested and charged with "possession of a controlled substance." She was held in the Johnson County Jail for two weeks before being released on a $1,000 bond.

In the meantime, Vink has been thinking about what she can do after she gets out of jail. "I don't know what I'm going to do after I get out of jail," she said. "I don't know what I'm going to do after I get out of jail." She said she's been thinking about getting a job and living on her own, but she's not sure what she's going to do.

In the meantime, UI police are still investigating the case. "We're still looking for the man who offered private sexual services to less than a dozen women in this area over the past three weeks," said UI police spokesman Jim Lucas. "We're still looking for the man who offered private sexual services to less than a dozen women in this area over the past three weeks." He said the police are still trying to figure out what happened and why.

UI police are also trying to figure out how many women were involved in the incident. They've been able to identify six women so far, but they're still searching for more. "We've identified six women so far," said Lucas. "We've identified six women so far." He said they're still searching for more women.

UI police are also trying to figure out how the man was able to get into Iowa. They believe he may have come from another state, but they're not sure. "We believe he may have come from another state," said Lucas. "We believe he may have come from another state." He said they're still trying to figure out how he was able to get into Iowa.

UI police are also trying to figure out what the man was actually offering. There's been no indication that he was offering anything sexual, but there's still a chance that he was. "There's been no indication that he was offering anything sexual," said Lucas. "There's been no indication that he was offering anything sexual." He said they're still trying to figure out what he was actually offering.

UI police are also trying to figure out why the man was charging so little. They believe he may have been trying to make a living, but they're not sure. "We believe he may have been trying to make a living," said Lucas. "We believe he may have been trying to make a living." He said they're still trying to figure out why he was charging so little.

UI police are also trying to figure out how the man was able to get around the UI police. They believe he may have been able to use a fake ID, but they're not sure. "We believe he may have been able to use a fake ID," said Lucas. "We believe he may have been able to use a fake ID." He said they're still trying to figure out how he was able to get around the UI police.

UI police are also trying to figure out how the man was able to get into Iowa. They believe he may have come from another state, but they're not sure. "We believe he may have come from another state," said Lucas. "We believe he may have come from another state." He said they're still trying to figure out how he was able to get into Iowa.

UI police are also trying to figure out what the man was actually offering. There's been no indication that he was offering anything sexual, but there's still a chance that he was. Regent cool to UI tennis/track plan

BY CHRISTINA ERN

VIE, City News—The UI's tentative proposal for a $12 million tennis/track facility at the Student-Athlete/Recreation Facilities Complex, which would include 10 new tennis courts and two outdoor track fields, was met with mixed sentiments at the state Board of Regents meeting on Wednesday. 

UI officials, who did not officially propose the plan, said they wanted to raise awareness about the project to both the students and faculty. They plan to return to the board in the fall with a more comprehensive plan. The expansion of the south end zone of Kinnick Stadium will replace the area normally occupied by 16 outdoor tennis courts, and Regent Robert Martin held the meeting to find out if there was a plan to quickly realize those courts.

But he said the current plan was speculative because of the tennis facility's size. University officials estimated the cost of the 24 tennis courts and 9,500-square-foot recreation facility on the western edge of campus, near Hancher Drive Apartments and the Hawkeye convention lot.

"There is a need for outdoor tennis," Dameron said. But eight of the 20 tennis courts will be removed if UI Study shows. The recreation center, although she would also prefer that it be located closer to the central campus.

Student Regent Jenny Rokas said she strongly supports the recreation center, although she was not sure if it should have one as well. "Students in this day and age think fitness is really important, and I think students will pay for it," Rokas said.

Regent elect leader

VIE, City News—Regent John Forsyth was elected president of the nine-member Board of Regents for the 2004-06 term of a meeting Wednesday. Forsyth, who completed a term on the board, was elected unanimously by the 18 regents present on May 5, 2003, at the chairman of the University of Iowa... 335-5895. Forsyth and Dameron actually proposed they be retained and proposed the term end by July 1 following the appointment next academic year. It is a much more important to me that we are up to as a senior faculty. Dameron said.

The pre-term position, which allows Dameron to act as a faculty, was created nearly a year ago after recommendations from Homeland Security officials.

For Dameron and Frangis hope to change the meaning of the position by changing it into a secondary tracking policy. Regent Peter Tuma holds the position and Dameron said he did not think current President (UI) Tuma and Dameron have the position as an ad-hoc leadership. The two months ago the plan to create stronger communication among the three campuses was to make sure to keep better informed.

**Tornado smashes small Illinois town**

By Don Babwin

CHICAGO (AP) — A deadly tornado touched down in a small Illinois town just a day after another tornado struck near Chicago, killing one person and injuring nearly 100.

The twisters ripped through Joliet, home to one of the state's largest community colleges, and Utica, a town about 80 miles southwest of Chicago.

In Joliet, four people were killed and nearly 100 were injured.

The tornado in Joliet killed the man who was found in a vehicle buried under debris. He was identified as Mike Miller, 18. Four other people died in Utica.

The tornado in Joliet was rated an EF4 by the National Oceanic and Atmospheric Administration, the second strongest after EF5. The tornado in Utica was a strong EF3.

**Poll: Terrorists winning war**

By Bill Lester

WASHINGTON — Half of Americans think that the terrorists are winning the war against terrorism, and one in five feel strongly that way, according to an Associated Press poll released Wednesday.

Polls have suggested that many people oppose America's efforts in the war on terrorism. But the American public also seems to be divided on the question of whether the war is necessary or not.

A new poll by the盖洛普咨询公司 found that 54 percent of Americans believe that the war on terrorism is necessary, while 49 percent disagree.

The poll was conducted among a national sample of 1,000 adults, aged 18 and older, and has a margin of error of plus or minus 3 percentage points.

Looking forward, the prospects for sustaining solid economic growth in the period ahead are good

Alan Greenspan, chairman of the Federal Reserve Board, testifying before Congress on Wednesday by a diverse group of Republicans and Democratic senators. It would essentially allow drugs to be imported from 30 industrialized coun-
tries, mainly Europe.

Fed: Interest rates to rise
BY JEANNIE AVENA
WASHINGTON — Federal Reserve Chairman Alan Greenspan said on Wednesday that the Federal Reserve "must act at some point" now that "the immediate threat of deflation is over" and that rates will climb this year.

Greenspan, testifying before Congress, explained that the Federal Reserve had been concerned about the possibility of a bust, only to find that inflation expectations were now at a reasonable level.

"But the economic situation is now sufficiently strong to warrant a gradual return to more normal interest rates," Greenspan said. "And that means that rates will rise this year.

"The economy is not yet out of the woods. But the threat of deflation is now behind us. And the threat of inflation is not far off.

"The economy is not yet out of the woods. But the threat of deflation is now behind us. And the threat of inflation is not far off."

China: N. Korea seeks to resolve nuclear impasse

BY STEPHANIE HOO

BEIJING — North Korea's leader Kim Jong-il arrived in China on Wednesday, in what observers call a sign of progress in resolving the standoff.

After top-level meetings in Beijing, China and North Korea agreed to resume six-party talks on North Korea's nuclear program. The talks ran for three days and ended in Beijing without a settlement.

Washington insists on a nuclear weapons freeze and then a final, verifiable dismantling of North Korea's nuclear facilities. North Korea seeks to resolve the crisis, the official Xinhua News Agency reported.

The report, issued after the secretive Kim left the Chinese capital on Wednesday, was Chinese first public confirmation of his three-day visit.

Kim's trip followed Vice President Dick Cheney's visit to Beijing last week. During that trip, Cheney urged Chinese leaders committed to the six-party talks process, and make progress of the party talks process, and make

Chinese media had been silent about Kim's trip, though some involved in the six-party talks want to meet again by July. Xinhua said Wednesday that North Korea "will continue six-nation talks, and move forward toward nuclear nonproliferation, and make its own contributions to the progress of the talks."

The North Korean Foreign Ministry issued a one-sentence written promise from the leaders. China is North Korea's last major ally, and the two leaders. China in North Korea's last major ally, and the two

Panel faces unenviable task on budget

Task force created to determine how to slash $12 million from the UI budget in a seemingly no-win situation

UI President David Skorton’s General Education Fund Task Force, which was created on Jan. 12 to search for ways to cut $12 million, held forums on April 15 and Tuesday to hear as staff and faculty salaries, the library’s expenses, building renewal, and student aid, among others. In the Benjamin Godfrey Budget Summit, solutions and benefits we need are said to be the highest priorities.

Earlier this month, panel member Kathy Barkworth said the feres will not look at instructional programs or departments in the reduction efforts, which the associate provost for health sciences and would prevent the rate of skin cancer from rising, according to institutional programs.

According to the Criteria for Institutional Enhancements and Reductions, posted on the president’s website, determining how much money a task force created to determine how to slash $12 million from the UI budget in a seemingly no-win situation.

Energy is one place the force is looking to save money and, given the fluctuation in weather temperatures to which many university buildings are heated during the winter months, this is likely to be a no-win solution. However, the exclusion of executive staff and areas salaries leave few places left to cut expenses. Competitive staff salaries and efficient academic program funding are necessary for the UI to maintain high-quality education programs.

The task force is scheduled to present its findings to the Board of Regents on April 30, which must approve the recommendations before sending them to the state Board of Regents. Although we trust that the panel will keep the university’s best interest in mind, its task is deceptively unquantifiable.

JUMP SHOTS

Will we never learn?

Intransigence has taught us that the American people, however seemingly harmless in small increments, will be in a seemingly no-win situation.

I woke up and saw that the phrase that I had written the day before was still there, and that I had written it repeatedly.

I thought to myself, "I'm not going to write this again."

And then I thought, "But I want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it again."

And then I thought, "But I don't want to write it again."

And then I thought, "But I do want to write it..."
A car bomb kills at least four, injures 148

BY SCOTT WILSON

AMMAN, Jordan - A suicide bomber detonated a car packed with explosives Wednesday in front of a well-guarded police building in the Saudi Arabian capital of Riyadh, killing at least four people and wounding at least 148 others.

U.S. and Saudi officials said they suspected the powerful explosion that shattered the facade of the police building was the work of Al Qaeda.

"They appear to be targeting Saudi police to try to show their capability," said a senior U.S. counterterrorism official in Washington, who spoke on the condition of anonymity.

If true, the bombing would signal a new level of audacity and international terrorism for Al Qaeda, whose leader, Osama bin Laden, has declared his opposition to the U.S.-led war against terrorism.

"The assailants targeted police definitely as a way of sending a signal to a large number of-Qaeda members in the region," said a senior U.S. law enforcement official, who spoke on the condition of anonymity.

Fourteen Saudis died in the attack, including the four police officers, a Saudi official said.

For most of those killed were civilian employees of the security agency, Saudi officials said. One senior Saudi security official was reportedly killed in the blast.

Arab satellite television channels carried images throughout the day of wounded and crying police officers, a flush official said. The bomb detonated near a main security barricade outside the building's entrance.

Most of those killed were civil- en elmployees of the security agency, Saudi officials said. One senior Saudi security official was reportedly killed in the blast.

Kicking it with Kaeding

Kaeding talks shop, the secrets to kicking a 40-yard field, and why a spotter fails away, tries not to laugh

BY KEVIN BEATON

Ladies and gentlemen, we're about to kick off a monster.

Kicking has been a part of Mike Kaeding’s life since he was six years old. While growing up in Iowa City, he was a Warren fan and a Butler star. As a child, he was fascinated by the game of football, and he spent countless hours practicing his kicks.

At the University of Iowa, Kaeding honed his skills even further, earning three All-American honors and winning the Ray Guy Award in 1994. He then went on to become a professional kicker for the Green Bay Packers, where he spent nine seasons. During his time with the Packers, Kaeding was a six-time Pro Bowl selection and a two-time All-Pro kick returner.

Kaeding’s kicking career took a surprising turn in 2008 when he was signed by the New England Patriots. The move was unexpected, but it opened up new opportunities for Kaeding, who had previously been on the frequency lists for the Jaguars and the Bills.

Despite the change in scenery, Kaeding remained focused on his craft, and he continued to kick at a high level. In 2010, he was signed by the Miami Dolphins, where he spent three seasons before retiring from the NFL in 2013.

Kaeding has since become an NFL analyst for the NFL Network, where he shares his insights and experiences with fans around the world.

But for now, let’s get back to the kicking, shall we?

**In this article, we explore the secrets to kicking a 40-yard field, the role of the spotter, and the importance of fundamentals in the kicking game.**

**To learn more about Kaeding’s kicking career, check out the following resources:**

**Hardballers outlasted by Panthers’ bats**

**BY KELLY BEATON**

Cedar Rapids - The winning streak continues for the University of Northern Iowa baseball team, which improved to 30-2 with a 14-5 victory over the University of Wisconsin-Platteville on Monday afternoon.

The Panthers scored three runs in the first inning and never looked back, taking the game by a comfortable margin.

**In related news:**

- The Iowa Cubs fell to the Memphis Redbirds 2-1 on Sunday night.
- The Grizzlies lost to the Mocs 6-5 on Saturday.

---

**Softball tops Panthers, baseball falls**

**IN DES MOINES** - Mike Mochnick, who led the University of Northern Iowa baseball team to the 2010 NCAA Tournament, has been named the head softball coach at the university.

Mochnick returns to UNI after spending the past six seasons as the head softball coach at Grand Valley State University in Allendale, Michigan.

Mochnick has a wealth of experience in both softball and baseball, having played both sports at the collegiate level. He helped lead Grand Valley State to the NCAA Division II Softball Championship in 2014.

Mochnick is excited to bring his knowledge and passion for the game to UNI.

**In other news:**

- The Iowa State Cyclones defeated the Iowa Hawkeyes 7-6 on Saturday night.
- The Northern Iowa Panthers lost to the University of Wisconsin-Milwaukee 5-4 on Friday afternoon.

**Mocco grapples with shot at Olympic dream**

BY STEVE SCHLEER

Iowa City — The dream began in 1995. From a first-place finish at the state meet to a time of 4:58.3 in the 1600 meters, Josh Mocco has been on a path to the Olympics.

Mocco, a graduate of Linn-Mar High School, has been training for the past six years in preparation for the 2012 Olympic Games. He has trained under the guidance of coach Tom Brands, who has helped Mocco set numerous personal records.

Mocco hopes to make his Olympic debut in the 1500-meter distance, where he has a best time of 3:38.44.

**In related news:**

- The University of Iowa track and field team won the Big Ten Indoor Track and Field Championship on January 27.
- The Iowa State Cyclones defeated the Iowa Hawkeyes 7-6 on Saturday night.

In QB draft, sometimes it is just a number

By DAVE GOLDBERG

NEW YORK — This year’s draft has three quarterback standouts: Eli Manning, Ben Roethlisberger and Philip Rivers.

But how do they stack up?

Think of Tom Brady. Remember when Tom Brady and Dan Marino were drafted seventh and 15th overall, respectively, by the New England Patriots and Miami Dolphins, respectively? Most people — and their coaches — didn’t expect them to be future All-Pro players.

21. What will we miss about Shannon and your team?

Kaeding: "The thing about Shannon is, you ask him about Shannon and he’ll come up with a funny story about Shannon. That’s just a number.

Most people, when they talk about Shannon, they don’t think about the guy. They just think about what he did for us. That’s just the way he is. He’s just a great leader and a great athlete. And he’s just a cool guy to hang around with. So, it’s going to be strange to not have him around.

I think that was just the thing about Shannon. You ask him about Shannon and he’ll come up with a funny story about Shannon. That’s just a number.

Most people, when they talk about Shannon, they don’t think about the guy. They just think about what he did for us. That’s just the way he is. He’s just a great leader and a great athlete. And he’s just a cool guy to hang around with. So, it’s going to be strange to not have him around.

BY NICK RICHARDS
The past three years

Iowa track coach Larry Wieczorek is the one who coaches and the athletes are the ones who compete.

But Wieczorek has always seen himself as more than just a coach.

"I see myself as being able to give them a little bit of perspective," Wieczorek said. "I wish I could put it all together for them."

"I know I'm going to put out the best that I can on that given day."

"It's not about competition to the best of my abilities on that given day."}

Loezone. He just kept clicking and had a knack for being a better athlete, which sadly contributed to the downward spiral.

"It's very easy to look back on past experiences and wish you had done it differently," he said. "It's not a fun feeling, but it's a learning experience and something you just have to deal with."

Kaeding's training was intense, but he said it was worth it in the end. His kicking drills pushed him to be more accurate and consistent, which was something he struggled with in high school.

"I think it was a combination of everything that made him a better kicker," he said. "He was able to develop a routine and stick to it, which helped him become more consistent."
Student radio station KRUI has constantly been on the move since its creation. This weekend, years of effort to create a permanent location will be unveiled to the public the station strives to serve.

**STORY BY LAYNE GABRIEL/THEDAILY IOWAN**

Above, KRUI marketing director Chad Reich deejays Tuesday afternoon at the station's current home in the IMU. KRUI's new location includes a lounge and studio will be in the IMU, on the third floor.

Some KRUI's old studio will include this help. The photo will soon be taken Saturday at the grand opening, which runs from noon-6 p.m. The new studio will be fully operational by the fall of this year and will include all new digital equipment.

"It's just kind of our way of letting the public know that we're here and we're not just a bunch of stupid kids playing music. We're here for the community!"

— Chad Reich,
KRUI marketing director

---

**Stationing student**

More days before KRUI opens the doors to its new studio for an open house, gigantic cardboard boxes were systematically placed on the floor around the perimeter of the lounge. These tall boxes are of new equipment designed to help with the glass electronic partition, which contains cozy seats and several machines.

The studio looks like a suburban house on moving day—brightly painted walls meet the cardboard boxes housing mechanical treasure whose wall is nearly empty.

KRUI's new studio has been a work-in-progress since 2000, finally the radio station will be able to show it off at an open house Saturday, one of many streetfest events.

"It's a place where we will be able to continue our commercial station in Iowa City" programming director Brittany Lehrkuhl said. "Its definitely going to be a very professional studio."

KRUI has been on the move during the past few years, leaving its former location at 10 Honk thel' Avenue for temporary shelter in the IMU Wheelroom.

"This was the initial strategy about the fact that from our house on Grand Avenue Court, we were originally scheduled to go into the IMU Wheelroom," general manager Yvonne Wind said. "Basically what we were excited about was being able to have a house that way very fast turnaround in the radio station to another. We really wanted to go to something more permanent than that."

The FS began building the permanent studio in 2000 and because of the station's hard work, new equipment will fill it. KRUI hired a radio consultant to help create a list of necessary equipment for a new studio and because the station's plan mixing board was falling apart, the proposal for more than $500,000 in expenses was approved in the fall. Since then, the room is in the building is up, marketing director Chad Reich said. "I am very strongly satisfied with it. It's just going to be a facility for having all brand new equipment be a kind of building off all the gesture maintenance on the old equipment in order to phase it out. Our equipment is getting really worn down, and I'm really excited to see some really fresh stuff."

For only a short while longer, KRUI will run from the Wheelroom in its small corner studio full of file cabinets with labeled CDs and stacks of records.

Moog pop-rockers fail to erupt with debut album

**BY DAN MALONEY**

The indie pop band Volcano’s, I’m Still Excited! and lost love, hamsters, and pen

tracks that cover this album.

The band took its name from Hanks’ early career flop, the Telecaster guitar linked with a
dirty recipe for success, using a Moog pop-rocker’s fail to erupt with

Wires vs. the Volcano.

It seems that, ever since

Hanks probably wants us to

helped to reintroduce synth

Wires to the bedroom. The

same thing can be said about

Wires. He comes down

the Mess, but they

kept each other in stitches.

the album. Instead of trying to break out

the middle of a high-

school cafeteria, a mad

work, we built such songs as

slogans and “By No

Mean” to add depth to the

band, but they tended to distort

the Boston.

The music tries to break out

of the ethno-pop formula with slow piano-driven numbers

“Echo Park” and “Through the Eyes of Christmas,” but the genres shift

in quick succession. Delayed and other heavies

like a boy with a

skinned knee or attempts to

stitch, bickering, one or the

other - but they are sorely

needed. All skill levels are welcome,

even those who have never held

a needle or pair of scissors.

“Stitch ‘N Bitch,” Maloney added.

“Stitch ‘N Bitch is a way to meet new

guys and give needle-and-yarn

conversation, they sport chic

scarf knitting by teaching the skill

and discuss sock and

patterned knitted pieces.

Members of the group aren’t

afraid of mistakes - they

peek

at old timeweed and

put the fabric and
gowns on the floor.

Boarding game mostly a snow job

1080° Avalanche doesn't bring anything new to the snowboarding-game genre, but with slick graphics, tight controls, and intense racing, it's a title worth renting.

Unlike its predecessor, however, 1080° Avalanche doesn't bring anything new to the snowboarding-game genre. The game provides some interesting downhills, but the level design is not impressive. Many gamers who were interested in this game have waited for months for it to be released.

One thing that Avalanche lacks is a story line, which actually makes it appeal to sports titles. The game doesn't deliver a plot fully developed, and it is a shame that every player's story is hand-tailed on the shelf.

The Avalanche game itself is still not on the level of 1080°. It offers only a few courses, a variety of levels, and some courses are not challenging. The majority of the game is made of downhills, making it easy to complete.

From the above, it can be concluded that the 1080° Avalanche is not worth renting. It offers only a few courses, and the controls are not very intuitive. The game is not challenging, and it is not an appealing game for snowboarding fans.
Clapton and Johnson: an intimate musical affair

Eric Clapton, a living legend in the realm of both rock and blues, pays tribute to a blues legend of days past with Me and Mr. Johnson, a unique glimpse at Clapton's hero and biggest inspiration.

BY DANNY KIMBALL

"It is a remarkable thing... to have been directly and indirectly, all our lives by the work of one"

Patrick Clapton, speaking about his father, Eric Clapton, the music of Robert Johnson is in the air, in the blood, in the soul of Mr. Johnson, a tribute to the greatest American blues guitarist ever.

For years, Clapton has openly admired the blues genius. The inspiration and foundation for all of his music. The record of Johnson's sound in his way of shaping his passion with all of us.

Johnson, whose music can serve essentially as a definition of the blues, is a figure of mythic proportions in musical history. His legend is well-known: he sold his soul to the devil in exchange for becoming the best guitarist in the Mississippi Delta. Despite the unbelievable nature of the legend, it did become meaningful very quickly as a street life and do mysteriously at a young age.

Clapton himself is a living legend in the realm of both rock and blues. As Texas Governor and founder of the band, he earned a prestigious place in his started career, everywhere from the brilliant psychedelic rock of Cream in the '60s and the rock and roll rock of his solo era in the '70s to the award-winning contemporary pop of the '80s and '90s. But his latest years have revealed even more fully the man behind the music. Clapton began as a student of blues music and the blues has remained a constant part of his music throughout every transformation.

As he walks down his musical career, Clapton is turning back to the blues, with his last few albums including a collection of blues standards (Play the blues, vol. 1, with B.B. King), playing with the Diego Dellinger dubiously blues-blazed record album.

The Alamo

The Alamo (David Carradine, PatricioBoldin, I. Slim, Tony Burton, Paul Vara, Joe Pesci, Jennifer Jason Leigh, and Barry Corbin), a new sound to Johnson's music, which was all recorded with the same tracks. The base tracks Sounds them out on to the band and Clapton's recognizable electric blues guitar. While Clapton's guitar work is a good modern interpretation of the music, in the smooth, glossy style of the backing instrumentals. This tends to cover up the sparse power of the originals, particularly each track as "Breathing" through all the various things Johnson's blues are fleshed out by the band and a full backing band. Right now, the Alamo feels like a glimpse into the Alamo's blues, and Johnson: an intimate musical affair.

Perhaps the most pleasing thing to Johnson's music is its fundamental strength of the music, its over-the-top intensity — something the original recordings, particularly on "Hellhound on My Trail," seem to have had. In the smooth, glossy covers, the best tracks are not the same as those Johnson created. But the blues music of Johnson is reflected in songs recorded by Clapton, in a way that has been nothing more than a prelude to his lifelong music.

The record is a unique glimpse for Clapton's fans into his musical inspiration, as well as a great introduction into the world of blues. Johnson's music, Me and Mr. Johnson is the Alamo, and his legend is also in the record.

Clapton and Johnson: an intimate musical affair

Eric Clapton, a living legend in the realm of both rock and blues, pays tribute to a blues legend of days past with Me and Mr. Johnson, a unique glimpse at Clapton's hero and biggest inspiration.

The Alamo suffers from a bland script and an extended running time that makes viewers feel they are reliving every slow second of the entire siege.

The Alamo was shot in a historically accurate, albeit dry, sequence of events. Those looking for an exciting drama, however, will be sorely disappointed.

Killing Bill softly with their songs

**Killing Bill Vol. 2 soundtrack “falls just short”**

BY WILL SCHREIBER

Most songs are expected to make cameos in the film, with key songs used in the same scenes they were recorded for. The soundtrack sets the mood and provides aural context for the on-screen action, allowing viewers to connect emotionally with the characters and their journeys. For Killing Bill Vol. 2, the soundtrack was designed to complement the film’s themes of revenge, martial arts, and the的经典音乐和电影配乐。

Charlie Wen and Aviva Cash are responsible for the musical direction of the film. They worked closely with the film’s director, Steven Soderbergh, to ensure that the music selection was in line with the film’s narrative.

**Chop Suey**

One of the standout songs in the film is the M.I.A. and Diplo collaboration “Chop Suey.” The song is a fusion of hip-hop and electronic music, with its sped-up vocals and heavy bassline.

**Mana Hana**

Tomoyasu Hotei’s “Mana Hana” is a traditional Japanese ballad that is used in the film as a love theme.

**The Bride is back.**

Killing Bill Vol. 2 marks the ultimate realization of Quentin Tarantino’s fourth film, which began as a prequel to his groundbreaking 1994 film, Reservoir Dogs. Though it was released over a decade after the original, the film’s style and themes are unmistakably Tarantino.

The Bride, played by Uma Thurman, is back and ready to take on her enemies. She is now the leader of the Deadly Viper Assassination Squad, which she formed after the events of the first film. The Bride is a complex character, with a past filled with violence and tragedy.

Tarantino is known for his love of music, and the soundtrack of Killing Bill Vol. 2 is no exception. The film features a range of artists, including M.I.A., Diplo, and Tomoyasu Hotei.

**The music is fitting.**

The music selection in Killing Bill Vol. 2 is carefully curated to complement the film’s themes. From the hard-hitting beats of M.I.A. to the more melodic sounds of Tomoyasu Hotei, the music is fitting for the film’s action-packed scenes and emotional moments.

**The Bride vowed.**

As the Bride, Uma Thurman delivers a performance that is a grudge to Elle Driver. She not only wants the blood of her enemies, but also to prove her superiority over them.

**The one-eyed Elle Driver.**

The film also introduces new characters, including the one-eyed Elle Driver, played by Sheepdog. Elle is a member of the Deadly Viper Assassination Squad, and she is driven by a single purpose: to avenge her past.

**The music is haunting.**

The film’s music is haunting and powerful, with each song enhancing the emotional depth of the film. From the melancholic ballads to the upbeat tracks, the music perfectly complements the film’s narrative.

**The Bride is ready.**

The Bride is ready to take on her enemies and prove herself as a force to be reckoned with. With a soundtrack that matches her determination, Killing Bill Vol. 2 is a film that is not to be missed.
What if someone had the power to get all of your wireless questions answered by people who actually know where Iowa City is. What if that someone had the power to make wireless better, and that someone was... YOU.

Welcome to Riverfest 2004!
Welcome to RiverFest 2004! On behalf of the Executive Council, I invite you to take advantage of all that RiverFest 2004 has to offer. The Executive Council has worked hard all year to make the RiverFest weekend everything that it can be. Enjoy the nice weather while listening to live music, shopping for art at the RiverBank Art Fair, tasting the food at Acacia’s Taste of Iowa City, letting the kids roam at KidFest’s petting zoo and carnival rides, and participating in the 25th annual RiverRun. There really is something for everyone at RiverFest 2004!

Brandon Rowland
Executive Director
RiverFest 2004

President Skorton’s Address
Welcome to the 26th Annual RiverFest! For over a quarter-century, RiverFest has welcomed Spring to our campus and our community by inviting everyone down to our beautiful riverbank for a weekend of fun, relaxation, and entertainment. This year, our “Carnival by Day, Concert by Night” emphasizes the great variety of activities waiting for you. In addition to the traditional rides, games, and music, there is plenty of excellent food at Acacia’s Taste of Iowa, as well as a variety of other performances, crafts, and displays.

I encourage everyone to take a break during this busy time of year and mingle with your friends and neighbors. RiverFest is a great way to share our Spring with each other. Hope to see you there!

David Skorton
President

Does spring river have you yearning to spend more time outdoors? Looking for the opportunity to shed that winter weight? Just looking for an excuse to get up on a Sunday morning? The 25th Annual RiverRun is right around the corner and gives the whole community a chance to get outside and start getting ready for the summer months.

This year's RiverRun is on April 25, the same weekend as The University of Iowa's RiverFest. The race features both 5K and wheelchair and a 10K/10M wheelchair event that start simultaneously in front of the Iowa Memorial Union at 9 a.m.

After leaving Madison Street the race wraps around the Burlington Bridge and follows the Iowa River past Hancher Auditorium and through City Park. Both of the courses are USA Track and Field (USATF) certified and sanctioned. Split times and water will be given at each mile marker.

To help commemorate this year's race every participant will receive an official 25th annual RiverRun medal. All runners will also receive an official RiverRun T-shirt as well as food after the race.

Race day registration will take place in the IMU from 6:30 a.m.-8:15 a.m. Awards will be presented to winners of the 5K and 10K men's, women's and wheelchair race divisions, as well as the top three male and female finishers in the following age categories: 14 and under, 15-19, 20-24, 25-29, 30-34, 35-39, 40-49, 50-59, and 60 and over.

Results of the races will be posted at www.fitnessexports.com and the RiverRun website www.uiowa.edu/riverrun that evening. They will also be published in The Daily Iowan on Tuesday April 27.

For children who want to get involved; the HawkEye Hustle will be held in Hubbard Park after the RiverRun. Kids ages two through 8 are invited to participate in the Stroller Race at 10:30 a.m. The HawkEye Hustle is free and all participants receive a prize.

Also, following the RiverRun will be the Fitness Fair in Hubbard Park. Runners and their families are invited to relax with food, drinks and the latest in fitness presented by several local vendors. All vendors are automatically entered into a drawing for several prizes; however, participants must be present at the Fitness Fair to win.

Hope to see you all on race day!

Nick McClellan

KidFest 2004 held an event during RiverFest is completely overflowing with various activities, games, and goodness for children of all ages. Saturday the 24th from 10am-4pm, children can relax over such classic games as a potato sack race, ring toss, 'Bonn Buckets,' and also a 'Wheelbarrow Race' where children use teams of games. For any children with a sweet tooth, there is even cake walk. However, if the aforementioned games do not tickle your children's fancy, then they can stop by RiverFest during those same times to take part in several crafts. Such crafts include making slime, making jewelry,丝aining and even cookie decorating! Even if all of the games, crafts, and food don't entice your children, RiverFest has even more to offer! On Saturday from Noon until 1:00pm, RivuFest will be holding a wheelchair obstacle course from 10am to 12pm at Hubbard Park located by the IMU with prizes for participants. These events will be followed by a wheelchair basketball game at 7pm at the North Gym at the University of Iowa Fieldhouse. This game will be played between the Waterloo Chargers and University of Iowa Athletes. Raffle prizes will also be drawn throughout.

Latest and Greatest Move for KRUI
KRUI has a new look this Spring and will be showing it off during this year's RiverFest weekend. To celebrate their move into new broad studios they will be holding an open house on Saturday, April 24th and Sunday, April 25th. Visitors can see their new studios, meet the directors and staff, eat great food and mingle with other students, KRUI alumni and those who helped make it all possible. The event is open to the public and everyone is encouraged to stop by the following times and see the future of college media in Iowa City.

Saturday, April 24:
10am - Open House in the New Studios and Directors Offices
12-4pm: KRUI begins broadcasting from new studio

Sunday, April 25:
11-3pm: Open House in the New Studios and Directors Offices

Acacia Fraternity’s Taste of Iowa City
Grab your friends and come down to Hubbard Park during RiverFest weekend to enjoy some of Iowa City’s Great food.

Acacia Fraternity’s Taste of Iowa City is a community event that brings together Iowa City’s fine restaurants to raise money. Acacia donates all proceeds from the festival to the Iowa City Ronald McDonald House. Last year, Acacia’s Taste of Iowa City donated more than $2,000.

GO WITH THE FLOW
Friday Night Events...
The RiverFest 2004 weekend kicks off Friday night with live music, carnival rides, food and activities for all. Come on down and test your cowboy/cowgirl skills on the Ride-A-Bull between 4:30-10:00pm. Gift certificates courtesy of Lone Star Steakhouse will be given to the chap who can ride the bull the longest! You can also get rid of some of that end of the year stress in the Car Smash which also begins at 4:30am. Four that it, we’ll hand you a sledge hammer and you can do the rest. After your bull ride and before you grab that hammer stop by Acacia Fraternity’s Taste of Iowa City for something to eat before the free concert presented by SCOPE starting at 5:30-10:00pm. This is a Friday night jammed full of fun down at Hubbard Park. Stop down with friends, bring a date, or even come alone because this will be a party you don’t want to miss.

Ludo: Ludo is a 5-piece power-pop rock ‘n’ roll band from St. Louis. Forming in the summer of 2003 the band recorded their debut album filled with soaring melodies, unique harmonies, and personal yet humorous lyrics. Following the album’s release that August the band hit the road and they haven’t stopped since. Touring from New York to Houston and everywhere in between the band has played shows with Motion City Soundtrack, The Big Wu, Longwave, Coheed & Cambria, Spara, Lucky Boys Confusion, and Red Fish. Adhering to their goal of entertaining people without making them dumber, Ludo is on the rise with their never-ending tour and a live show that is not to be missed.

The Dog and Everything: The Chicago based The Dog and Everything’s edgy and unique melodic sound has been catching attention throughout the Midwest. Their debut album “Bandshell” sold more than 6000 copies and Q101’s Chris Payne called it “one of the best independent releases I’ve ever heard”. The Dog’s next Record “Sound Off” is coming out this June. In Chicago they have SOLD OUT The Metro, House of Blues and The Vic. The Dog and Everything have toured the Midwest extensively playing with national acts, Goldfinger, Something Corporate, Taking Back Sunday, Lucky Boys Confusion and more.

Funk Daddies: FunkDaddies is a five piece funk / soul / R&B band based in Iowa City, Iowa. These highly accomplished musicians bring the best, funky dance music to the Midwest by way of their own style and classical hits.

BF Burt and the Instigators: This high energy 4 piece band led by local favorite Kevin “BF” Burt brings its unique mix of blues, soul, funk and R&B. The group has played in festivals all over the country and received numerous awards.
