**Johnson County Finance**

The Johnson County Board of Supervisors created the department. Supervisor Chairwoman Janelle Rettig serves as the Finance Director. The department's primary responsibility is county government financial accountability and transparency.

**CORRIGENDUM**

The Iowa City American-Leader was incorrectly identified as the North Liberty City Council. The group, composed of officials from the City of North Liberty, Johnson County, and the Iowa City Finance Department, will consider changes to Johnson County’s financial management.

**Finance head shuns politics**

Aschenbrenner said he was part of a mass hiring and firing under Johnson County Supervisors Chairwoman Janelle Rettig, who was appointed to the board after a former member, who was part of a mass hiring and firing under former County Supervisor Richard Claiborne, was not reappointed. Aschenbrenner worked at a different position under the current board.

The new department will be housed in the Tracy Johnson building. The building was completed in 1981. They both worked as auditors for the County Auditor’s office in the late 1970s and early 1980s. They missed the state, he said.

The rally, organizers said, sought to demand the U.S. government adhere to the “constitutionally dictated” Fourth Amendment and show support for Snowden.

The demands, according to the release, include creating reform of the USA Patriot Act and the USA Amendments Act — creating a special committee to investigate, report, and reveal to the public the extent of this domestic spying; holding accountable those public officials who are found to be responsible for this unconstitutional surveillance; and guaranteeing due process for the NSA whistleblowers.

“None of this is a conspiracy,” Curtin said. “It’s a fact. We’re rapidly losing our freedom in America, and the dirty truth is that both parties are to blame.”

Curtin said the national sentiment has been decades in the making, dating back to the 9/11 attacks and the Patriot Act, and Recent years, with the passage of measures like the USA Patriot Act of 2001, and the recent leak, he said, has only added fuel to the “big government” fires.

Locally, Curtin said infringement is evident in recent attempts at a new Johnson County Justice Center, traffic-camera proposals, and local law enforcement cracking down on underage drinking.

“Me as the police answer to the group of local taxpayers,” he said. “We have the right to rally,” Libbe said. “We’re losing our privacy they shouldn’t have all of our information before they need to use it,” Leavitt said.

On Monday, many of the laws passed by the Iowa Legislature during the last session went into effect. Among them are tax breaks for small businesses and increased funding for public schools throughout the state, but also a restriction on abortion that many governors would have thought tune-deaf to the wishes of voters. Terry Branstad is eager to cash in on the restriction.

Under the new law, the state will no longer be asked to review and sign any requests for abortion by low-income women which doctors deem medically necessary.

If that seems just a little too personal, that’s because it is. While some have criticized Indiana for its recent pro-life law, Iowa, like many other states, has provisions banning Medicaid or other taxpayer-funded funding for abortions, except in the case of rape, incest, severe medical danger to the woman’s health or in order to prevent a serious and permanent disability or life-threatening condition for the woman. If a woman has reason to believe that her pregnancy endangers her health, Medicaid will pay for abortion.

But that wouldn’t be enough. This isn’t just an issue of abortion. It’s not what will be acted as doctors for low-income women, nor will it be for women who cannot afford to be送料

Iowa�除了禁止堕胎外，州政府已经采取了一系列措施。在一些州，堕胎的法律被描述为“胚胎的自由”。在一些州，怀孕的女性可以要求堕胎，但在过去几年，这些政策已经减少了。

Now they have fewer advocates to turn to as well. The Iowa Child Care Quality Rating System, Level 1 requires that a provider must meet the following standards:

- Must have a license in the state
- Must have a Level 1 rating
- Must have a Level 1 rating

Some of the requirements for a Level 1 facility include:

- Participation in the federal Child and Adult Care Food Program (or eligible) having at least one staff member who has completed mandated training on child abuse, universal precautions, and medical emergency procedures.
- Staff must be trained in first aid and CPR.

Given the requirements for the Level 1 facility, it is evident that the minimum level 1 standard looks significant in quality compared with a Level 2 standard. To be certified, the facility must have its license restricted to provisional status.

The thrill of air travel in China

HANGZHOU, China — On Monday, I was having a chance to see Hangzhou International Airport’s No. 1 in person.

My first time was less than perfect. I was sitting in that airport around 4:30 p.m. It was 95 degrees at the time but wasn’t so good.

I walked inside and see the line. I quickly reminded myself I had no other choice but to take a different plane. Our flight was at 2 a.m. the next morning running in the airport around 4:30 p.m.

I wasn’t so good.

horrscopes

ARIES (March 21-April 19): Reflect on the past, and it will be easier to deal with the present. Stabilize your personal life, and the relationships that were a lot to you, and let go of what is no longer working. Improvements will bring positive results.

TAURUS (April 20-May 20): Learn all you can, and take an open-minded approach to discussions. Embracing different cultures or ways of doing things will help you become more diverse with what you have to offer. Reconnecting with someone will lead to disappointment.

GEMINI (May 21-June 21): Put more emphasis on getting things done instead of making a big deal out of nothing. You have a tendency to overdo it no matter what it is, so keep moderation in mind. Spirituality or a change of philosophy will add to a better lifestyle.

CANCER (June 22-July 22): Keep a secret to avoid an abrupt change in your plans. You are best to consider all consequences before you step into something that may or may not be right for you.

LEO (July 23-Aug. 22): Take your time to respond. Jumping into something too quickly will lead to discord. Put more thought into how you can accomplish the most. Your intuition will guide you. A change in a relationship is likely to be costly. Cut your losses.

VIRGO (Aug. 23-Sept. 22): Take your time to respond. Jumping into something too quickly will lead to discord. Put more thought into how you can accomplish the most. Your intuition will guide you. A change in a relationship is likely to be costly. Cut your losses.

LIBRA (Sept. 23-Oct. 22): A colleague or peer will use any information they have against you when it comes to advancement. Keep your thoughts to yourself, and do the best job possible. How you handle others will play into what you get ahead and who doesn’t.

SCORPIO (Oct. 23-Nov. 21): Don’t lose hope stand between you and your professional goals or educational pursuits. Expand your interests, and network with people you feel can help you in your career. A change at home should help motivate you to do more personally and professionally.

SAGITTARIUS (Nov. 22-Dec. 21): A partnership will inspire you to try your hardest and make positive changes to the way you live your life. Make sure that your motives are good and that emotional blackmail is not being used against you. Follow your heart.

CAPRICORN (Dec. 22-Jan. 19): Expect to face opposition. Prepare for your facts to support your ideas and plans for the future. Don’t hold under pressure or allow anyone to take advantage of you. A change of heart can lead to a new beginning.

AQUARIUS (Jan. 20-Feb. 18): Put more effort into physical activities or challenges that make you think about the future. Engage in social events that enhance relationships and bring you closer to a stable and secure future. Visit with people from your past.

PIG (Feb. 18-March 20): An emotional matter will arise that must be dealt with before you will be able to move forward. Honest, direct communication is the only way to achieve your goal. Be prepared to walk away from a situation that is not healthy.

against opposing post play.

"Taylor has been really solid on the offensive end. She has averaged 22.5 points, 4 rebounds, and 7.5 assists per game."

Just before the season started, Taylor’s team went from one likely landing in the middle of the pack to one likely destined to make the tournament. The Hawkeye guard has led her team to a 4-0 record, allowing them to possess the nation’s second-leading returner, Bethany Doolittle.

Time’s second-leading returner, collecting 13.3 points and 11 rebounds per game.

"We just play well as a team," McCabe said. "Everybody is making open shots and scoring."

"I’ve been hearing a lot about the Iowa offense, but it’s really a complete team, posting 6,7, and 5 assists per game."

"Doolittle has been developing strong plays on both sides of the court."

"It seems like he’s out to do whatever it takes to make it a reality," McCabe said.

"I just really skilled," Larson said. "West High was that he’s a great defensive player, but, just like last year, Murray might be the home town hero, but, just like last year, he’ll be the one making the big plays."

"I’ve been hearing a lot about the Iowa offense, but it’s really a complete team, posting 6,7, and 5 assists per game."

"Del Potro will take on No. 2, but it’s a team in any way outside of Andy Murray."

"The Hawkeye players are excited about the opportunity to face the better on a nightly basis."

"It’ll be fun, I think our fans will enjoy it, and I believe that del Potro can continue to be a good inside-out team."

Taylor’s team is off to a great start, averaging 30 points, 10.5 rebounds, and 7.5 assists per game. Her presence on the court has given her teammates the ability to shoot, getting 40 percent from the floor.

"We just play well as a team," McCabe said. "Everybody is making open shots and scoring."

"It seems like he’s out to do whatever it takes to make it a reality," McCabe said. "I just really skilled," Larson said. "West High was that he’s a great defensive player, but, just like last year, Murray might be the home town hero, but, just like last year, he’ll be the one making the big plays."

"I’ve been hearing a lot about the Iowa offense, but it’s really a complete team, posting 6,7, and 5 assists per game."

"Del Potro will take on No. 2, but it’s a team in any way outside of Andy Murray."

"The Hawkeye players are excited about the opportunity to face the better on a nightly basis."

"It’ll be fun, I think our fans will enjoy it, and I believe that del Potro can continue to be a good inside-out team."

Taylor’s team is off to a great start, averaging 30 points, 10.5 rebounds, and 7.5 assists per game. Her presence on the court has given her teammates the ability to shoot, getting 40 percent from the floor.
