Dozens protest Zimmerman verdict

Gathering around the cries of “No justice, no peace,” approximately three dozen people came together on the Pedestrian Mall on Sunday in support of Trayvon Martin and in opposition to the verdict in the George Zimmerman trial and the stand-your-ground law that was used in his defense.

When asked why she chose to attend the rally, Iowa City resident and speaker Jennifer Portman-Scott replied simply, “Inequity.”

Portman-Scott went on to compare the trial of George Zimmerman to that of a black Florida woman who was sentenced to 20 years in prison for firing a warning shot that caused no injuries.

“The only reason that one gun was used in his defense, and the other was not, wasStand your ground law, only one had ground to stand on,” she said.

Trayvon Martin, a 17-year-old African-American who was unarmed while walking home from a convenience store, was shot and killed on Feb. 26, 2012, by Zimmerman in Sanford, Fla. On July 13, a Florida jury found Zimmerman not guilty in the teenager’s death.

determination to shape the future of downtown.

Noting that the program has already shown returns in downtown, Ries said he does not foresee making major changes.

“My main goal is that we maintain the Downtown program that contin-
ue to move forward,” she said. “My belief is that if we can keep the
way we’ve been going, we’ll have more success.”

Ries assumed the position of director on July 1.

Additional funding applications for low-to moderate-income residents in Iowa City will be available.

The city is now accepting applications for a total of $250,000 in Community Development Block Grant and Housing Incentive Partnership Program funds to aid income-restricted residents in housing, service, and job training.

The applications — which must be submitted no later than noon Friday — include $140,000 in block grant and $110,000 in HOME funds.

The deadline is set according to the needs and priorities outlined in the city’s 2011-2015 Consolidated Plan.

Applicants are encouraged to contact Community Development staff officials Tracy Hightshoe or Steve Long in discussing their desired project before submitting an application.

The City Council will approve the budget and select the projects at an Oct. 1 meeting after a 30-day public-comment period.

Projects are not able to start until after this date.

Eligibility covers rental, owner-occupied, tenant-based rental assistance, and homeowners housing projects as well as public facility or economic-development activities such as new construction, acquisition, etc.

Second VP candidate to visit

The process for selecting a new University of Iowa chief strategic communications officer is moving closer to completion.

The second of the three finalists to visit campus Wednesday; he or she will be named on Tuesday.

Jeff Isisiag, an interim position was accepted in December after the University of the Pacific's executive director of communications and marketing at Minnesota State University-Mankato, stressed the importance of the UI's self-branding efforts, noting that the institution could learn from Apple's mentality.

A third and final candidate is set to visit campus Thursday, he or she will be named on Tuesday.

Although the salary of the new vice president is not public, Isisiag, a Ph.D. in English and psychology from Wayne State University; from 2000 and served in that role until 2003.

He was appointed as the University of the Pacific's executive director of public relations and marketing from 2003 to 2006, where he was the executive director of communications and marketing at the University of the Pacific in Stockton, Calif.

He started his position at the UI in February 2010 and oversaw the朴实 University's self-branding.

How to measure loss

By Jack Tilt

An article in Sunday's Register claimed that "the recession slammed Iowa's wealthiest residents the hardest of any income group." In a way, that's true. The Register's data suggest that Iowans making more than $500,000 a year lost about 34 percent of their wealth, while Iowans making less than $50,000 lost far more.

But the Register's data is true only in the sense that its definition of "Iowans" is limited to those who earn a little education have suffered more job losses than the poor or ill-educate-

Iowans were hit hardest by the recession. The Register's data reflects the reality that the group hit hardest by the recession was the wealthy. But actually, much of the loss of wealth by Iowa's wealthiest Iowans returned with the stock market bounce in the fourth quarter of 2010. In contrast, lost about 8 percent.

Horoscopes

ARIES (March 21-April 19): Make well improvements instead of trying to change others for what you like. Don’t make abrupt changes. Plan your strategy, and ease into what you’ll bring you the best results over the longest duration.

TAURUS (April 20-May 20): Speak up, especially when dealing with business or personal partners. If you don’t voice your opinions, you won’t get what you want. Travel plans can be made, but caution must be taken when dealing with foreigners or institutions.

GEMINI (May 21-June 20): Your interests will take you on an unusual direction. You will instinctively know what changes to make in order to enhance your appearance or make your surroundings more comfortable or conducive to what you want to pursue. Love is in the stars.

CANCER (June 21-July 22): Refrain from overreacting. Problems will be easiest to resolve if you are patient, objective, or emotionally detached, and come at them from a different angle. A change of surroundings can help.

LEO (July 23-Aug. 22): You will attract people willing to contribute to whatever your cause might be, but they are not likely to follow through. Find a way to make needed improvements or changes on your own. Love is in the stars, and self-improvement projects will bring happiness.

VIRGO (Aug. 23-Sept. 22): Take a creative or unusual approach to the way you handle people or partner. Share your concerns, and you will receive some suggestions that can make your life easier. Helping others will be well-received and ensure you get the support you need.

LIBRA (Sept. 23-Oct. 22): Listen carefully to what’s being said. An emotional change is likely to cause problems for your work or at home. Consider your needs first. Refuse to let pushy people take over.

SCORPIO (Oct. 23-Nov. 21): You will make self-improvements instead of making sweeping changes. You are looking for a way you live. Explore new ideas, people and places. Keep emotions out of your personal life by making unique alterations to the way you learn from the experiences you encounter. You can stabilize the future with a little patience.

SAGITTARIUS (Nov. 22-Dec. 21): Changes in your life will add to your comfort. Love is on the rise, and relationships will be necessary.

CAPRICORN (Dec. 22-Jan. 19): Stick close to home. People from different backgrounds will cause trouble within your important relationships. Keep your thoughts concise and out in the open to avoid rumors or blame for something you didn’t do.

AQUARIUS (Jan. 20-Feb. 18): Count your money, look over your important papers, and don’t promote too much. Keep the simple and avoid impossible change. Love is in the stars, but it can also turn out to be a costly venture. Proceed with caution.

PISCES (Feb. 19-March 20): Take on whatever comes your way. Embrace the future with gusto. Make personal, financial, and career moves that reflect your standard of living. An unusual approach to the way you live will pay off and带来新的变化。

**Newcomer leads in win**

By DOMINQUE WHITE

Sunday afternoon’s opening match at the North Liberty Community Center was supposed to feature current Hawkeye star Devin Jr., but instead featured future Hawkeye star Peter Jok in the first round of the Prime Time League playoffs.

Unfortunately, Jok rode the bench because of a minor knuckle issue, making way for Newcomer Josiah Coleman to buy a shot. 

“It felt good to be out there,” Coleman said. “It was good to find my rhythm. I came out with a high defensive intensity and let it contribute to my offense.”

He opened with back-to-back wins during the Prime Time regular season, but he wanted no time establishing himself as a legitimate perimeter threat in his return to action. He contributed 27 points in a 90-85 win over the weekend.

Coleman was the only player producing consistent offense for coach Kevin S urbaner — Marble and Josh Oglesby struggled to find their rhythm for much of the afternoon. Coleman outscored the collective efforts of Marble and Oglesby 11-9 in the first half of play. He was just getting started.

Coleman added 16 points to his scoring output in the second half, including a momentum-changing 3 with fewer than three minutes left in regulation that put his team ahead 82-79.

“He was big,” Mar ble said. “I asked him when we were together, ‘Have you been all season?’ ”
