Baconian Club.

At the meeting of the Baconian Club last Friday evening Prof. L. G. Weld presented a paper on the subject, "The Stars as Time Keepers." After the discussion of the paper, Prof. Patrick gave a voluntary report upon "Arithmetical Prodigies." Next Friday evening, November 6th, the club will listen to a paper by Prof. E. W. Rockwood, upon "The Formation of Fat in the Animal Body."

Hallowe'en Parties.

The three ladies' "frats" in S. U. I. each gave a party Saturday evening.

At the home of Miss Annie Gillis the Delta Gammas entertained in a charming manner. The young ladies were determined to maintain their reputation of old for hospitality, and their efforts were indeed crowned with success.

The Pi Beta Phi's spent the evening at the home of one of their members, Miss Ham. About fifteen of their young gentlemen friends were present by invitation and passed away the evening in so enjoyable a manner that the wee small hours of Sunday morning came only too quick and soon.

A novel and pleasing entertainment was that given by the Kappa Kappa Gamma fraternity at the home of Miss Stella Price. The whereabouts of the party was supposed to have been a mystery, but eight o'clock found none missing, and after a short phantomism the usual Hallowe'en amusements helped to make merry the rapidly passing hours.

Elocution.

The elocutionary department of the University is prospering. Although this branch is optional with the Freshmen, a class of twenty-four are pursuing the study of voice culture and gesture with interest. Sophomores meet once a week. Beside the two recitations a term, with three rehearsals each, required last year, each member of the class gives one reading, and the whole division receives drill in reading at sight.

Two classes of Laws, Senior and Junior, meet each four times a week for half hour lessons. At present they are reading extracts from Julius Caesar.

The formation of a class for the reading of Shakespeare is contemplated. A Delsarte Club, of eleven members, meets every Wednesday evening from 7 to 9 at the home of Mrs. Partridge, who reports more private pupils among the students than ever before and good work done in all the classes.

FOOT BALL.

Minnesota 42, Iowa 4.

A large and what would have been an enthusiastic crowd had the result been different, turned out to witness the foot ball game yesterday afternoon. The teams played as follows:

U. OF M.	S. U. I.
Harris, A. J., re	Elliott, le
Sikes, rt	Woolston, lt
Harding, rg	Holmann, lg
Madigan, cr	Stiles, cr
Larson, lg	Bailey, rg
Harris, J. A., lt	Sanford, rt
Bisbee, le	Pierce, re
Ohnstead, qb	Kallenberg, qb
Leary, rhb	Wright, rhb
Folwell, lhb	German, lhb
Belden, fb	Dutcher, fb

The rush lines were of about the same weight but the boys from Minnesota soon showed their superior training in their excellent team work, and to stop their "whirling V" before it had gained several yards was the next thing to impossible with our boys. On the right end of our line the boys played very well, for Bailey and Sanford blocked their men and pushed them back well several times to allow the half back to make a rush between the guard and tackle. On the other end, however, it was different, for Holmann and Woolston found hard opponents in Harding and Sikes, and German was soon stopped in the rushes which he attempted through the line. Madigan, U. of M's center rush, was compelled to admit that he was many times outplayed by our Stiles, while Elliott played all around his man at the end. Pierce played well at the end until he was injured, but Harlan who took his place not having had enough experience did not block his man very well. Kallenberg played his usual good game as field captain and quarter back, making some very neat tackles. Wright and German played the halves as well as the circumstances would allow. Dutcher played very well as full back; we think he out-kicked Belden in field kicks, but missed his only chance to kick goal. Leary played a fine game as captain and half back; although not a brilliant runner he is a sure one. Belden played well as full back, kicking seven goals and missing none. As has been said the U. of M's main playing is in their V-rushes but they guard well, and did some fine tackling. Kallenberg, Stiles and Bailey did the best tackling for S. U. I.

The game was called at 2:45, with Holbrook of S. U. I. as referee and Rossman of U. of M. as umpire. S. U.

I. had the ball and the west goal. They started with a V and Wright made a good rush and gain through the center. After this U. of M. began to gain steadily and in a few minutes Leary made a touch down and Belden kicked goal. S. U. I. tried the V again but U. of M. gained inch by inch, and after a few scrimmages near the west end Leary made another touch down, after which goal was kicked. In a few minutes more, during which the Minnesota boys did some fine guarding and tackling and Stiles, Kallenberg and Dutcher also did some neat work in this line, the U. of M's had made two more touch downs and kicked two more goals, and the score stood 24-0. S. U. I. brought the ball out and tried the V and a kick; after two runs by Dutcher the ball was near U. of M's 25 yard line; then while most of their team were after German who was supposed to have had the ball, Sanford made the only touch down for S. U. I.; no goal was kicked. Time was soon up with the score 24-4.

In ten minutes the teams again lined up, U. of M. with the ball, and pushing east they soon pushed it over the goal line, making a touch down, after which goal was kicked. S. U. I. started with V and Wright made a fair gain, but the ball was given to U. of M. after three downs and they had no trouble in soon pushing it through for another touch down and goal. The remainder of the game was quite interesting; sev-high kicks were made, and Sanford and Wright made good runs for S. U. I. It looked once or twice as though S. U. I. might get another touch down but all hopes were in vain; near the end Belden kicked the ball and Dutcher made a bad break by catching and attempting to kick it, when it was so near his own goal line. Sikes got the ball and made another touch down, after which goal was kicked and time was up, making the score, 42-4.

NOTES.

Holbrook makes an excellent referee. His decisions are very fair, and surely neither side could have objected to them yesterday.

Newspaper men were supposed to be privileged characters, but the representative of a daily paper was ordered off the field by the umpire. He identified himself, however, by the use of his note book and was allowed to remain.

"Appearances are sometimes deceitful," so the U. of M's thought when they saw "Sandy" behind the goal with the ball, while they had been chasing German.

VIDETTE-REPORTER,
Iowa City, Iowa

Entered at the Post Office at Iowa City as second class matter, Sept. 17, 1891.

It has been suggested that the bell in the Central building be rung five or ten minutes before eight each morning as a warning to students who have recitations at the first hour. This was done last year, but for some unknown reason has not been continued this year. It would be a great convenience to students in helping them to get to recitations promptly and would avoid the interruption of the recitation by those coming in late.

We are not "kicking" because we lost the game. We expected to lose it. But we want to harp on the same old word, *train*. The reading public of the Northwest is already aware of the scores of the two games down in Iowa, U. M. 12, Grinnell 12; U. M. 42, S. U. I. 4. It is natural to feel that this does not do us justice in the minds of people outside of Iowa. But there is only one way to redeem ourselves and that is for the team to *work and train*. Grinnell has games this fall with Wisconsin and Nebraska. Why can't we play both those teams? Let's try it and let the foot-ball team work and we will show before long our true position among the Universities of the Northwest.

Know All Men by these Presents.

The initiation fee of the Hesperian Society has been since the adoption of the new constitution in 1888, exactly and uniformly, three dollars, no cents!
By order of President.

A book entitled "The Study of Cases" will soon be issued from the press of Little, Brown & Co., Boston. It is by Prof. Wambaugh and is based largely on work done in the Law School during the past two years. It is particularly designed to be of use to the young student in the study of that most important branch of law. Those acquainted with the author's peculiarly incisive and logical methods anxiously await its appearance.

(From First Page.)

Madigan was once seen going down the field with both German and the ball under his arm, but the young half back was vigorously yelling "down," and he was compelled to bring them back several yards.

We noticed a large number of the Faculty present. We hope this will be a reminder to them that the boys need more time for training.

Everyone who can should go to Grinnell next Saturday. You may think the boys will not be "in it," but go along and encourage them, anyhow.

Sikes' good humor was one of the features of the game.

The Banquet.

The S. U. I. foot-ball team banqueted the Minnesota team last night at the St. James. It was a splendid affair and accomplished its object in every respect.

It was decided sometime since to give the Minnesota boys a proper conception of the State University and, as it was feared that the game would be lost, it was thought proper to make them know that old S. U. I. was as good as any State University, even if she couldn't play foot-ball. The banquet was the result. All members of both foot-ball teams were present and about thirty-five young ladies of S. U. I. entertained them delightfully. At about 9:40 the banquet hall was opened and for over an hour the seventy representatives of the two great Universities ate, drank and were merry.

"Our Guests" was responded to in a most humorous toast by L. L. Elliott, '93. The reverend foot-ball player of U. M., G. C. Sikes was called "down" as he rose to deliver a taking toast on "University of Minnesota." "Foot-ball from the Ladies' Standpoint" received a witty response from Miss Kate Barber, '91. Grant B. Rossman, '91, of U. M. toasted "Foot-ball" and although he developed the thoughts of the next toast, he did it in a neat and satisfactory manner. Professor Sampson was handicapped to some extent by Mr. Rossman, yet he succeeded in interesting the banqueters with pleasing remarks on a dry subject.

Dancing followed the toasting and until a late hour the men of both teams who have been training for weeks, forgot their privations and enjoyed themselves at the dance.

It is the unanimous opinion of the Minnesota boys that the most hospitable entertainment they ever received, was given them yesterday by S. U. I.
